Custodial history

Materials from the former vertical files were added to this collection. Accession 2022-04-05/942 - Chemistry Lab manuals were added to this collection.

Scope and content

The bulk of this collection contains records relating to the approval of the chemistry program by The American Chemical Society, Committee on professional training. In 1970, Mark Cher, the chair of the department of chemistry, sought approval from the committee of the Chemistry Program. Programs are reviewed every 5 years, and reports and information include, but are not limited to, program and class enrollment, curriculum materials, faculty loads, budgets, and facility information. 1990 review materials include course materials, syllabi, and student papers. Also included in this collection are, photographs and two videos of chemistry demonstrations from the Chemistry Family Day, building program files for Centennial Science Hall, and the guestbook from the dedication of the building. The earliest records in this collection are two ledgers of meeting materials from the Chemistry Club.

Notes

Title notes

Arrangement

Alphabetical.

Restrictions on access

COLLECTION STORED, ALL or IN-PART, AT ARC: Collection can be requested for transfer through the Area Research Center (ARC) Network, consult Reading Room Staff.

Conditions governing use

Researchers are responsible for using in accordance with 17 U.S.C. Copyright may have not been transferred to the University of Wisconsin-River Falls.
