RIVER FALLS, WISCONSIN, THURSDAY, FEBRUARY 27, 1936

NUMBER 26

## All Girls' Prom Is Scheduled For February 29

Elizabeth Griffith and Emma Lou Tubbs Are Co-Chairmen For "Puff-Pant-Prom"

Miss Irma Hathorn and Mrs. Justin Williams will lead the grand march of the Puff-Pant Prom which will be held in the South Hall gymnasium Saturday evening, February 29 at 8 o'clock. All girls are invited, and no men are wanted.

The idea of the Puff-Pant Prom is to have an all-girl formal. Girls are requested to come in couples, one dressed as a boy and the other as a girl. Formal dance programs are to be made out. For this reason it is desirable that all girls posing as young men sign the paper placed for that purpose on the girl's bulletin.

Co-chairmen arranging the Prom are Elizabeth Griffith and Emma Lou Tubbs.

Committees appointed are as follows:

Decoration: Harriet Linehan, chairman, Edna Moline, Mae Heckel, Edna Wahl, Florence Wiberg

Dance programs: Lucille Striebel, chairman, Adeline Larson, and Gwen Fox

Orchestra: Ruth Phillips, chairman, Velma Segerstrom, and Harriet Campbell

Poster: Juliette Harding, chairman and Dora Mae Hocking.

Punch: Dorteia Panzenhagen, chairman, Maxine Peabody, and Olive Joos.

Music for the dance will be furnished by girls of the student body.

## Faculty Members Attend Convention

Four members of the faculty are attending the convention of the department of superintendents of the National Education Association and conventions of affiliated societies being held at St. Louis, Missouri.

President J. H. Ames, Professor James I. Malott, and Senator W. H. Hunt left last Friday and Saturday to attend the N. E. A. convention, which is being held from February 22 to 27. Miss Irma Hathorn last week attended a convention of deans of women held previous to the N. E. A. convention.

The principal N. E. A. sessions are evening meetings in the St. Louis municipal auditorium. Sessions of the affiliated societies, of which there are some fifteen or twenty, convene at hotels and other meetings places in St. Louis.

Mr. Malott also plans to attend the meetings of the National Society for the Study of Education and the National Society of College Teachers of Education.

Among the speakers at the convention are Professors Peik and Ulmstead, members of the faculty of the University of Minnesota, and Dr. Carter Alexander, former assistant state superintendent of Wisconsin, now at Columbia University.

The important business of the convention will be completed today, and the delegates plan to return tonight. Miss Hathorn returned to school on Monday.

Reports show that this year's convention had the highest registration in the history of the association.

Marion Williamson, editor of The Student Voice, is confined to her room with the mumps. Because of the absence of Miss Williamson, associate editor Bernice Jacobsen has charge of the editorial staff for this issue.

## HEADS COMMITTEE

LeRoy Brown

## Students In Physics Department Present Assembly Program

### Experiments in Field of Light and Heat Are Included in Group's Demonstrations

A group of the advanced students in physics were in charge of this week's regular assembly period this morning.

The student group, headed by LeRoy Brown, and including Franklin Otis, Robert Johnson, James Anderson, and Perry Luchsinger presented achievements of the past year or two in the field of science, especially in physics.

Demonstrations included some of the experiments done in the local college laboratory, particularly in the fields of heat and light.

There was a display of apparatus, diagrams, and charts which included a display by the makers of a nationally advertised insulating material.

While this was not a complete course in college physics, some of the more interesting things in this field were shown to the student body and faculty.

## Junior Class Are Sponsors Of All-School Dance Friday

An all-school dance sponsored by the junior class will be given Friday night, February 28, in the South Hall gymnasium. The music for the event will be furnished by Al's Collegians.

The following committee was appointed by Roland Hunsader, president of the class, to make arrangements for the dance: Robert W. Cabe, chairman, LaVerle DeMarce, Emma Lou Tubbs, and Walter Guinn.

The chaperones for this dance will be Professor and Mrs. Glen P. Junkman, Dr. and Mrs. A. C. Voegelé, and Professor and Mrs. Russell Johnston.

## NO VOICE NEXT WEEK

There will be no issue of The Student Voice next week because of examinations.

The staff will meet Wednesday, March 4 at 4 o'clock.

## TERM EXAM SCHEDULE

Second Term—1935-1936

Wednesday, March 4

8:00 classes ----- 8:00 to 10:00  
8:55 classes ----- 10:00 to 12:00  
9:50 classes ----- 1:30 to 3:30

Thursday, March 5

10:45 classes ----- 8:00 to 10:00  
1:25 classes ----- 10:00 to 12:00  
2:20 classes ----- 1:30 to 3:30

Friday, March 6

12:30 classes ----- 8:00 to 10:00  
3:15 classes ----- 10:00 to 12:00

## Exceptions

Tech. of Tchg., 8:00 section; Music 10a, 10:45 section; Music 10a, 1:25 section; B. B. Coaching, 2:20 section write during last recitation period.

## History Club Speaker

Dr. J. Henry Owens

"Fascism" will be the subject of an address which Dr. J. Henry Owens will give at 7 o'clock Tuesday, March 10, before the History Club in the Social Room. This is the second of a series of three talks on related subjects which are scheduled for the club's meetings.

## Students May Begin Registration March 5

Registration for the third term may be made beginning Thursday, March 5, according to an announcement released by the Registrar.

Student programs will be made by the department heads between Tuesday, March 3, and Monday, March 9. Fees may be paid March 5, 6, or 9. A penalty of \$1 will be imposed for registration after March 9.

All men students must leave a copy of their program with the Dean of Men, women students with the Dean of Women. Text books may be drawn as soon as programs are made, fees paid, and the book record cleared.

Classes for the third term will begin at 8 o'clock on Tuesday, March 10.

## CHAIRMAN FOR PARTY

Vaughn Smith

## River Falls Debaters Will Enter Tourney Held at St. Thomas

### Dr. Wyman and Five Member Of Debate Squad Will Leave For Tournament Monday

The River Falls representatives in the St. Thomas debate tournament will be the two leading teams in the intra-squad tournament, according to Coach W. D. Wyman.

The Vassau-Sirianni-Ordal combination and Dykstra-Zorn lead the six competing teams in the local tourney with three and two victories respectively. These five debaters and Coach Wyman will leave here on Monday for the St. Thomas tourney, which will be held in St. Paul on March 2, 3, and 4.

Other results of the local squad tournament show one win and one loss for Hawkins-Hickox, while one victory and two defeats have been recorded by Gleiter-Larson. The cellar position is held jointly by Beard-Williams and Bacon-Baker-Thompson with two losses respectively.

The semi-finals, which pitted Ordal's team against Larson-Gleiter and Marion Hawkins' team against Zorn-Dykstra, is half finished. In the former debate, Ordal-Sirianni won the decision. The other debate has not been held. It has been announced that remaining rounds of the tourney have been indefinitely postponed.

A debate between representatives of Monmouth College, Monmouth, Ill. and a local team will be held this afternoon at 4 o'clock in the Men's Union.

It is expected that this will be the last home debate of the season. It will be a non-decision debate, and as usual it will be open to the public.

## MELETEAN SUBSCRIPTIONS DUE

The subscriptions for the 1936 Meletean will be collected on Second Floor, South Hall, at the time of registration, Monday, March 9.

The subscription fee of seventy-five cents will secure for you your copy of the 1936 Meletean.

## Prof. Jake Will Give Bean Soup Party Saturday

### Men's Party Is Annual Event; Vaughn Smith Is Chairman Of Program Committee

The annual men's stag party, commonly called "Jake's Bean Soup Party", will be held in the North Hall gymnasium Saturday evening, February 29, beginning at 8 o'clock.

Special entertainment has been secured by the committee of which Vaughn Smith is the chairman. The program consists of a floor show and a faculty-student volleyball contest.

The feature of the floor show will be a novel radio skit presented under the direction of Hilbert "Red" Jones.

The faculty volleyball team, with Professor J. M. May acting as captain, is determined to establish its supremacy in volleyball by defeating a selected group of men students.

Other stunts and games have been arranged by the committee to furnish entertainment for everyone throughout the entire evening. The climax of the party will be reached when Professor Jacobson's famous bean soup will be served with crackers.

Any man student on the campus that likes bean soup and enjoys a good time is invited to attend. Each man is requested to bring a bowl and spoon and come dressed in old clothes and tennis shoes.

## Rehabilitation Work Is Topic of Ag Talk

Robert Hanson, rehabilitation agent of Pierce county, and Pierce county agent, Harold Seyforth, will speak before the Agrifallian society on "Rehabilitation Work Done in Pierce County" tonight at 7 o'clock in the Men's Union.

Rehabilitation is concerned primarily with the reestablishment of relief farms on a sound financial basis. Methods of establishing this condition and the progress already made will be discussed.

This program should be of special interest to men in the Agricultural Department, since several graduates of the department are employed in this service at the present time.

The committee in charge of the program includes Woodrow Haugen, Mike Reagan, Thomas Ronningea, Robert Schломann and Orris Severson.

## Jacobson Will Give Party For Physics Group Tonight

Professor J. P. Jacobson has sent out invitations to a party for assistants and students in the physics department which is to be held at his home Thursday evening, February 27, beginning at 7:30.

## Rural Sociologist Will Be Speaker Here Friday Night

Dr. J. H. Kolb, rural sociologist from the University of Wisconsin, will appear at the college auditorium, Friday, February 28 at 8 p. m. He will speak on "Recent Social Trends Effecting Rural Life." He will stress the relationship that should exist between the small town and its supporting rural population.

Dr. Kolb is a member of the U. S. Rural Economic Planning Board, and is considered to be one of the leading national authorities on rural planning and rehabilitation.

There is no admission charge.

## Coming Attractions Feature Faculty Stars

If the college possessed a press agent to build up advance interest in the new courses offered in the spring term by using movie agent's ballyho, we could offer you these coming attractions.

James I. Malott and Senator Hunt score another triumph in education with their latest offerings—"Philosophy of Education" and "Advanced Administration." Studendous! Startling! Professor Malott promises to be in his finest form for giving examinations. Senator Hunt is also starring in "Financing Education", which gives you you money's worth, three hours of sleep a week instead of two.

Artistic Alberta Greene presents two most colorful courses. For those who thrill to college romance, "Interior Decorating" will prove of untold value in case "she should per-

suade him to persuade her to give up the noble profession of teaching." Spectacular! Colorful! Fascinating!

"Prof. Jake" returns again in his spectacular hit "Photography". See the miracles of science as the great Swede, who has a passion for English tweeds, gives an exciting performance in this gigantic production. The low-down on the process that is the backbone for this huge industry.

See Mary Louise Branstad in "Advanced Swimming". Soul-thrilling action as co-eds and instructor struggle in the treacherous depths of the North Hall seas!

Walker D. Wyman wins plaudits of college world! His latest triumph is "Foreign Relations", which has nothing to do with the relationships of the usual triangle tangle. Master

diplomats like Robert Knowles should especially enjoy this. You can't miss it. Some will see it a second time, and W. D. has generously promised in his superbly suave manner that pink tea will be served to those who will come again.

Everyone's agog over wise-cracking William's current offering. The glamorous Southerner is at his best in "Seminar". Books will be stirred, and brains will be worked as never before. A soul-stabbing, wrinkle-producing production which will stir even the most courageous hearts Bank nights with Simpson starring are added features.

R. F. S. T. C. forecasts the biggest and best term in college history with these and other famous stars, who will win your heart, playing roles for which they are beloved.

## The Inquiring Reporter

### What Is Your Opinion of the Supreme Court Decision Regarding T. V. A.?

I do not see how the court could have decided otherwise. The flood control aspect project is one service which can be rendered only by the Federal government. The task is too big for any other organization to perform. The power aspect is incidental to this flood control. Why should Congress be prevented from selling this property (power) which is a by-product?—Paul Graham.

The T.V.A. in its own make-up is much like so many other of the New Deal products, but in order to leave a souvenir of the old Democratic regime, the Supreme Court has given its stamp of approval. At any rate, it does not destroy the prosperity of the Tennessee Valley because there was no prosperity there.—M. E. Johansen.

There seems to be a much broader side to the decision than just the Tennessee Valley Authority vote, but as far as the T.V.A. itself is concerned, it is perhaps the only verdict that is at all beneficial to the people of that valley.—Newell Younggren.

The recent T.V.A. decision is a step in the right direction. It indicates that our present Supreme Court considers the Constitution broad enough to permit Federal regulation of utilities through "yardstick" projects. A few more liberal decisions such as this will re-establish the court's lost prestige.—Omar Bacon.

## Discussion Meetings End for Y. Groups

That the series of meetings sponsored during February by the Christian associations was a success in spite of smaller attendance than usual was the general opinion of the sponsors of the meetings as well as of those who attended them.

Professor J. P. Jacobson, adviser for the Y.M.C.A. made the following statement:

"The members of the committee which planned this series are to be congratulated. The expressions of enthusiasm and deep appreciation given by the students who did share in it should afford some degree of satisfaction to the people who had a part in promoting this series."

Le Roy Brown, Y.M.C.A. president said, "In my estimation the purpose of the February meetings in stimulating interest and discussion upon a variety of subjects was accomplished. There was an indication that a considerable group of students are interested in some of the more serious aspects of life as well as the mere social. The actual attendance, compared to the number indicating that they wanted to attend, was a little disappointing."

The comment by Miss Hathorn, Y.W.C.A. adviser, took the form of a suggestion as to a possible procedure next year. She said, "Another year it may be advisable to sponsor the interest groups and the discussion groups at separate times in the year. This would make it possible to use only Monday evenings and thus avoid conflict with other activities."

## Where Was Missing Basketball Player?

Slowly but surely the clock was ticking the fleeting minutes away. It was just an hour before the first whistle of the big game with La-Crosse that was pretty sure to be a deciding factor in the title race.

Over the scene of locker-room bustle there hung a strange tenseness. On listening in one heard such remarks:

"Where in !!! can he be? They say he hasn't been home at all. Nobody's seen him since early in the afternoon. Maybe he's been kidnapped? Boy, if they pulled that it'll go hard with 'em."

In his office the coach paced madly up and down. Periodically he would shout something at the trainers who would go and do his bidding only to return with drawn faces. Other men appeared, from scouring the town but with negative reports.

Out in the hall rings of whispering men were forming as the terrible news flew from lip to lip.

The visiting team showed surprise and regret. They were very anxious that they should in no way be

thought to have been involved in the strange disappearance of the famous River Falls star.

Seven-thirty had come and still no missing forward had appeared. This would mean a complete shift in the line-up, not to speak of the affect it would most probably have on the morale of the team.

Suddenly above the general hubbub in the hallway, someone heard insistent thumping and muffled cries of "Hey, open the door! Let me out! Thump-thump! Hey, let me out!"

Some unfortunate soul had somehow been locked in the Men's Union. A janitor was found and when the door was opened there stood the rather disheveled and excited missing forward.

It seems he had lain down on the davenport, in the middle of the afternoon to partake of a little shut-eye in preparation for the big game. When he came to some hours later he found to his embarrassment that the janitor had gone to supper locking all the doors behind him.

## Why Not Act Like College Students?

Next week River Falls will again be the scene of the annual district basketball tournament. Throughout the tournament each student of this college must assume responsibility as an unofficial host. Proper action in this capacity will do much to assure the success of this tourney.

The majority of students will not find it difficult to act properly in this position, for the only requirement is that one act as college students should act. For a few, however, this will prove difficult indeed.

A small minority of students disregard entirely proper collegiate conduct. These non-conformists are motivated by either ignorance or by a misconceived idea as to the cleverness of their actions. The first group are to be pitied; the latter are to be ridiculed.

Obviously, if we wished to be considered as college students, we must act as college students. This does not consist of attempting to exhibit knowledge which we do not possess; nor is this accomplished by masking it in an experienced, cosmopolitan air. These factors are mere sham. They are adopted by some in a desperate attempt to impress others.

The genuine college student adopts none of these sophisticated mannerisms. He finds that is unnecessary. His naturalness is his biggest asset. Education has stamped its proper mark upon his actions. He knows and does what is expected of him. In short, he knows how to be a college student.

## Students Should Assume Leadership

The personnel of the government is decided at the polls. The trend of development of the government is determined largely in the schools. Not only will the young people who are in high school and college today determine in a large part what the government of tomorrow will be but the instruction that they receive in the high school and college today will determine largely that what these same young people will demand of their government tomorrow.

This assurance is a real safeguard of our democracy. People whose ideals for democracy are buttressed by an impartial study of civic problems in the schools can be depended upon to guard with zeal the welfare of democracy.

I hope for a very practical outcome of such study and discussion of our form of government. It should result in so clear an understanding of the virtues of the democratic way of life that young people will develop into fearless and tireless advocates of democracy. Indeed, it is hoped that they will become its military defenders against those misguided foes of democracy who use the presence of unsolved problems in America as an excuse for tearing democracy down rather than as a challenge to find solutions for our difficulties.

There are peacetime battles which should be as challenging to this generation of youth as battles with rifles. Let the school and college make clear to youth what the basic civic issues are. Youth will find solutions in terms of historic ideals for which America has stood and will defend those ideals with the same fervor as our forefathers.

Harold L. Ickes, Secretary of Interior.

## Necessity for Larger Vocabulary Is Stressed

"The informal absorption of words from mere living and from wide reading in one's own language is the most indispensable single agency in the building of a vocabulary."

The average college student has a vocabulary of between 3,000 and 4,000 words, according to the results of a vocabulary research among college freshmen which was made by Professor O. M. Hanna.

The question is then asked: How can a student with a vocabulary of less than 4,000 words understand or appreciate the works of Shakespeare, who used 24,000 words, or Milton, who in "Paradise Lost" alone used 16,000 words?

The problem of vocabulary building should be reckoned with from the beginning of the child's education. Children should be instructed in the use of a dictionary or synonym book so it will become habitual for them to use one or both of these aids.

The table which accompanies this article shows conclusively that a person whose vocabulary is below par is usually in the C, D, and F section of the class.

The table was compiled from research into the results of "Inglis Test of English Vocabulary" which is given annually at River Falls Teachers College.

## Y.M.C.A. Gives Play, "The Unknown Soldier Speaks"

The play "The Unknown Soldier Speaks", directed by Professor J. P. Jacobson under the auspices of the Y.M.C.A. has been receiving recognition in communities in this part of the state. The play is a unit of a Peace program sponsored by the River Falls Y.M.C.A. which includes a talk by Louis Zahradka and music by Gerhard Tostrud and Howard Elliott.

Thus far the group has appeared before audiences including student groups, clubs, teachers' gatherings and church organizations in the following places: River Falls, Frederic, Clear Lake, Prescott, Ellsworth, Glenwood City, and at Stout Institute.

The cast of the play includes Robert Johnson in the role of the minister and John Batty acting the part of the Unknown Soldier.

## THE PUN PARADE

By Joe Punner

It would seem from the recent W.A.A. party and the coming Y. W. affair that we have some budding Amazons within our midst. Be that as it may, it just goes to show that the men aren't as important as they have been led to believe.

There is one curve which Mr. Malott has forgotten to mention in his educational psychology classes—the one which is the loveliest line between two points. Maybe he's too worried about his coal bill.

The basis for cheating in exams: Three helping one another can do as much as six singly.

TIME (tests) wait for no man.

Valdo, our student artist, should join up with the modern dance group. He would probably rate an A plus on the look of disgust which could be gotten from him by mentioning his "wooden woman". A very lovely piece of wood carving, bye the bye.

## STUDENT OPINION

Those Tuesday evenings I spent with the photography group under Mr. Jacobson's instruction have been most interesting, and the time well spent.

I'd like to thank those people responsible in YMCA and YWCA for the program that gave me the privilege to learn how to develop and print my own films.—Elsie Schorta.

## River Falls Cagers Win Conference Basketball Championship

### Title Clinched by Falcons in 50-29 Win Last Night

Beating Eau Claire Team Gives Falcons Eighth Basketball Title Since 1916

The River Falls State Teachers College basketball team won undisputed claims to the championship of the Northern division of the Wisconsin college conference here last night by defeating Eau Claire in a runaway ball game 50 to 29.

The Falcons won the first basketball crown since 1930 when Carl Klandrud's great team went through the season undefeated. The title is the eighth basketball championship won by River Falls since 1916.

River Falls started the game with a spurt and ran up a 21 to 1 lead and stopped the Zornado offense without a field goal for the first twelve minutes of play. The entire Falcon team counted in the scoring with Herkal bearing a good share of the scoring burden. Held and Fierm scored the lone field goals for Eau Claire during the first half as River Falls took a 29 to 7 lead at the half.

Eau Claire came back the second half and outscored the Falcons 22 to 21 as every Eau Claire man broke into the scoring. Nystrom scored five field goals in the last half to keep the Falcon lead.

Herkal boosted his season's scoring total to 134 points to lead the scorers of the state by a wide margin by scoring 15 points. Nystrom, second in state scoring, made seven field goals to make his total 85 for the season.

Held counted nine points to lead the Eau Claire scoring, while Kulas, playing his last game for River Falls, made eight points.

RIVER FALLS (50)	FG	FT	PF
Herkal, f	5	5	1
Blank, f	1	2	0
Kulas, f	4	0	2

### Lead in Intra-Mural Still Held by Lampson's Team

Lampson's team held its lead in intra-mural competition last week by defeating O'Brien's team by the score of 29-20 and appears to be headed for undefeated championship. He has to meet Gossen's team, who won two games last week when his team beat Younggren's and O'Brien's teams.

The scores of last week's games are as follows:

Dykstra 28, Stenbach 36
Younggren 16, Johnson 21
Bergner 17, Stenbach 20
Bergner 15, Seidel 18
O'Brien 20, Lampson 29
Younggren 27, Gossen 29
Gustafson 25, Simmelink 44
Luchsinger 24, Seidel 40
Luchsinger 32, Stenbach 36
Gustafson 16, Johnson 32
Gossen 23, O'Brien 16

### Kibitzer's Korner By LOUIE

FIGHTING off first half disadvantages seems to be a habit of the Falcons. Against La Crosse the lead wasn't so large as against Superior and made easy going.

AFTER all the rumors floating about the folks would almost believe Coach Cowles had sold himself down the river to Iowa State Teachers. Cowles says the boys in the halls know more about it than he does and that he will be here next year.

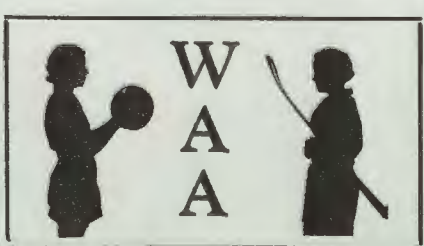

LAST year Eau Claire took a day off from school when the Zornadoes took the Falls into camp 47 to 46 after the Falcons had a 22 point lead at one time in the game. This year the boys kept the lead.

COACH Cowles finally got in a good lick at La Crosse. Since he has been here the Falcons have been under-dogs in the year's athletics. This year the Falcons took them in football and basketball by comfortable margins.

ONE bad thing about spring being around the corner is that the snow has to melt and snowballs pack pretty good. But don't pity yourself; have sympathy for those fellows on crutches who have to run the gauntlet from building to building. Viggo Rasmussen makes it in good time when the pressure is on though.

NYSTROM continues to run a nice second to Herkal in scoring. Walt has dropped in 119 points while Mouse has 71 to his credit. Jim May continues to poke in his average, but what the kid has is a record of holding some of the big shots in the conference to a mighty low average. Playing against such high powered scorers as Watts, Worman, Held, Moore, and Matthews the slender Falcon has a record to be proud of.

STOUT has yet to win a conference ball game. The Blue Devils really would have cause to celebrate if they should knock off one of the remaining games. The last conference win the Blue Devils have hung up was in the '32-'33 campaign.

The women's alumni basketball team beat the college basketball team Wednesday, February 19, at 7 o'clock in the South Hall gymnasium.

In the first half of the game both teams demonstrated fine team work, careful playing and excellent defense. The half ended 10-11 with a point lead for the alumni. The second half was rather ragged. The final score was 22-21.

The alumni team was composed of Miss Fiedler, Winifred Kahut, Stella Tobiassen, Eleanor O'Connell, Grace Schwalen, Norma Schwalen, Alice Bartosh, and Miss Branstad.

The college team was composed of Virginia Roehl, Mildred Pedersen, Audrey Barrett, Iris Mills, Marion Boles, Helen Pedersen, and Lucile Creswell.

The second round of the women's basketball tournament is being played. The standing are:

Jorgensen	3	0	1.000
Pedersen	2	2	.500
Jones	0	3	.000

### Falconite Sketches

Louis A. Kulas

Twenty-two years old. Boasts of being born at the center of the world, Athens, Wisconsin. Starred on high school teams coached by Urwin Corey. During the last two years of high school basketball career won positions on two first all-tournament teams. On graduation received the Athens' American Legion Medal reward. At River Falls "Kuke" has won three letters in basketball and will be out there to win his fourth in baseball this spring. Other activities aside from athletics brought him the chairmanship of Homecoming last fall and the presidency of the '36 Senior class. Has held down desk editor post on the Voice and at present as sports editor contributes the largest share to the sport page. He donned the Red & White hardcourt togs for the last time last night for River Falls. Spends his vacation working in a saw-mill and playing baseball for the Athens Archons in the Wisconsin River Valley League.

### Intra-Mural Schedule

Thursday, February 27  
4:15—Gustafson vs O'Brien  
5:00—Bergner vs Luchsinger  
6:45—Dykstra vs Johnson  
7:30—Faculty vs Simmelink  
8:15—Lampson vs Younggren

Friday, February 28  
3:30—Dykstra vs Younggren  
4:15—Gustafson vs Stenbach  
5:00—Gossen vs eBrgner

There will be no games during the week of examinations unless further notice is given.

Fifteen couples have entered the doubles badminton tournament which will begin March 2. The tournament has been opened to all people in college. Girls, boys, professors, and doctors have entered the tournament.

If your feet hurt you . . . Come in!

If your arches need attention . . . let us look at them.

### Campus Chatter

The other day the health hints said, "Keep hands away from face." Brown wants to know how he is supposed to feed himself if he can't bring his hands near his face. The answer is obvious, you are supposed to use chopsticks.

Coach Cowles handed us a hot one the other day. Says the coach, "When anyone makes Time magazine they are either a success or a failure."

A young lad doing historical research here in school discovered that it was Paul Revere who made George Washington's false teeth. And we didn't know that he even had false teeth.

It has been found that growing a beard will overcome an inferiority complex. Now maybe we can understand some of these little trick mustaches around here. Although you can hardly call them beards, the boys are doing their best.

### Annual High School Tourney Will Be Held Here Next Week

Prescott, Baldwin, Elmwood, and Glenwood City have been selected to take part in the Class C high school basketball tournament March 5, 6, and 7 in the college gymnasium. The four other teams will be decided this week-end when elimination games take place.

The elimination games will be between Roberts and Centuria and Luck and Frederic at New Richmond Friday evening. The Hammond-Boyceville and Woodville-Dunn County Aggies games will be played on the River Falls high school floor Saturday evening.

The eight teams will be lined up alphabetically, and 1 will play 8, 2 will play 7, etc. The first round games depend entirely on the outcome of the play-off games as to pairings.

Baldwin and Elmwood both have shown considerable strength in their season's play, and the pre-dope points them out as being the teams to beat. Prescott undoubtedly will have the biggest team present, boasting of an entire group of six footers. Little is known of Glenwood City.

Tournament tickets for college students will sell for \$1.25.

### Falls Wins 45-33 From La Crosse In Game Friday

Horvath and Nystrom Are High Scorers in Second Conference Victory Over La Crosse

River Falls Teachers clinched at least a tie for the Northern Wisconsin Teachers College basketball title last Friday night by defeating the La Crosse cagers 45-33 on the local floor.

This marked the second triumph for the Falls over La Crosse, and it was their sixth conference win out of seven attempts. In their previous meeting the Falcons won out 38-25.

The visitors presented a practically new outfit Friday evening, with only one man, Horvath, on the team which faced the Falls earlier in the season. Showing a much improved and impressive brand of ball, the Maroon cagers made a very close and fast game out of it.

Rushing the Falcons at every turn, La Crosse managed to stop the Falls' offense so as to run up a 23 to 19 margin at half time. Horvath, La-Crosse guard, was especially effective in sinking goals from all angles, and he proved to be the mainstay of the visitors' attack.

In the second half the Falcons retaliated by quickly overcoming the La Crosse margin and jumped into the lead which they never relinquished. Herkal, Kulas and Nystrom proved to be the bright lights in the second half's offensive.

Horvath and Nystrom tied for individual scoring honors with fourteen each. Herkal had thirteen including seven gift shots, and Kulas got nine.

### Subject for History Club Is Communism

"The Philosophy and Influence of Communism" was the subject of Dr. Walker D. Wyman's address before about fifty people at the History Club meeting, Tuesday, February 25.

The speaker pointed out that the basis of modern communism is the teaching of Karl Marx, whose theories he then discussed. Mr. Wyman stated, "Karl Marx will probably go down in history as a man who influenced the course of history more than any other person during the nineteenth century." He did this by giving to the workers of the world not only an ideal but a program.

Mr. Wyman then discussed modern adaptations of Marx, showing how the Soviets of Russia have changed the philosophy of communism in that they believe in establishing control by force. They have established a state capitalism rather than a communistic state.

The socialist party in America, according to the speaker, differs in these respects: they would seek control of government only by peaceful means, and they would not extend state ownership very far.

The LaFolletes are often called socialists, although they believe in using taxation as a means of redistributing wealth, and they believe that the government can regulate capitalism so that it will serve the people of the state.

Roosevelt has been called a socialist and a communist, although he is preserving capitalism. He does believe in extending the powers of government over the economic life of the nation. He believes in government ownership only as a disciplinary measure.

Mr. Wyman concluded his address by saying that both LaFollete and Roosevelt believe in extending government powers; so they really are close together. They are a long way from Moscow.

### Kentucky Harmony Singers Present Assembly Program

The Kentucky Harmony Singers, a quartet of colored women, entertained the college assembly Thursday, February 20.

They offered a group of selections including negro spirituals, folk songs, Indian songs, and classics.

Their program included "My Old Kentucky Home", "Your Love of the Lord", "Walk in Jerusalem Just Like John", "Golden Slippers", "Carry Me Back to Old Virginia", "Let's Go Down to Jordan", "Bells of St. Mary" and "Scotland's Burning."

A trio composed of Della Wagner, Rheta Woods, and Blanche Liles sang "Absent".

Miss Wagner, mello soprano, sang two solos, "Tell Me Tonight", and "I'll Take You Home Again Kathleen."

Miss Woods, coloratura soprano soloist, sang "June In My Heart."

Two bass solos were sung by Louise Malone Braxton, "Asleep on the Deep", and "He Played on His Big Bass Viol".

### Thirty Members of Honor Society Attend Bunco Party

Thirty members of the Honor Society attended the party which that organization held in the Social Room, Thursday, February 20.

The evening was spent in playing progressive Bunco. Mae Nelson was given the prize for having the highest score. For refreshment, hot chocolate and wafers were served.

This party was held as a substitute for the sleigh-ride party which had to be postponed because of unsuitable weather. The committee which had arranged the party was composed of the following: Helen Kotts, chairman, Mary Junkman, Velma Segerstrom, Vernice Clapp, and Bernice Jacobsen.

### Annual G.O.P. Formal Sixty Couples Attend

The annual G.O.P. formal was held in the South Hall gymnasium Saturday evening, February 22. Approximately 60 couples attended.

The gymnasium was patriotically decorated in commemoration of George Washington's birthday. Red and white balloons were hung around the orchestra stand. Arnie Kuss and his Midway Club orchestra furnished the music.

Former G.O.P. members attending the formal were Joyce Heidbrink, Doris Shella, Esther Reinke, Catherine Phillips, Bernice Smith, Minnie Embretson, Lois Peterson, Gretchen Grimm, Mabel Schuler, Marian Wakefield, and Lucille Garley.

Members of the faculty who attended the formal were President and Mrs. J. H. Ames, Regent and Mrs. J. H. Grimm, Mr. and Mrs. Marvin D. Geere, Dr. and Mrs. Justin Williams, Mr. and Mrs. C. B. Campbell, Dr. and Mrs. Walker D. Wyman, Dr. and Mrs. A. C. Voegelé, and Mr. and Mrs. Theodore Setterquist.

### Dr. Wyman Judges Debate Held at U. of Minnesota

Dr. Walker D. Wyman judged a debate between the University of Minnesota and the University of Wisconsin at the Minnesota Union, University of Minnesota, on Thursday evening, February 20, at 8 o'clock.

The question for debate was: Resolved, that the United States should cooperate with the League of Nations in applying sanctions. The affirmative was upheld by the University of Minnesota and the negative by the University of Wisconsin.

Dr. Wyman awarded the decision to the negative team from the University of Wisconsin.

We wish to thank members of the college faculty and of the student body for the floral offerings and expressions of sympathy given to us during our recent bereavement.  
Mr. and Mrs. H. E. Hanson

### Maurice Shepard Speaks At Meeting of Masquers Club

The regular meeting of the college Masquers was held Thursday evening, February 20, in the Social Room in South Hall.

Maurice Shepard gave a talk on stage lighting.

Two one-act plays, "The Minuet" and "Poor Old Jim" were given by the Masquers at the P.T.A. at the River Falls High School Tuesday evening, February 25. These plays were formerly presented before the college assembly.

### Rev. Johnson Speaks Before Joint Y.M.-Y.W. Session

Reverend Johnson spoke at a joint meeting of the Y.W.C.A. and the Y.M.C.A. in the Social Room, Monday evening. His subject was the recent Indianapolis Youth Convention, attended by three hundred delegates from the United States and Canada.

Members of the Student Volunteer movement meet in convention, once every four years, in various selected cities.

Much of Reverend Johnson's talk was concerned with the life and work of the Japanese Christian leader, Kagawa. He also mentioned the missionary work being done in the foreign fields.

The program also featured the Campbell family orchestra. Mrs. Campbell played the piano, Dona, the cello, Harriet and Betty, violins, and June, flute. Their selections were: "Aria", "One Fleeting Hour", and "Out of the Dusk to You."

### Masquers Present Four One-Act Plays

The Masquers presented four one-act student-coached plays to a large audience last Wednesday evening in the college auditorium. "The Brand" a tragedy by Guy Deboald, was directed by Joyce Leonard. It is the story of an ex-convict who resolved to go straight, only to be mowed down by a fellow gun-man. Edwin Baker, Joan Smith, Rebecca Williams, and Rolf Ordal took the parts.

Rachel Crother's "What They Think", directed by Eleanor Ohman and featuring Gwen Fox, Robert Johnson, Dora Mae Hocking, and Clifford Hermanson, presented the misunderstandings which arise between parents and their adolescent children.

"Knock Three Times", directed by Niles Grunke, with Ruth Phillips, Howard Junkman and Betty Larson, was a comedy by Donald Davis depicting the problems and jealousy which arise even in marriages of an hour when ex-sweethearts appear on the scene.

"Dr. Jekyll's Tre Statement of the Case", adapted and directed by John Batty from a story by Robert Louis Stevenson, was the high spot of the evening. It involved Dr. Jekyll's explanation and proof of his potion, as well as his subsequent destruction because of it. These parts were taken by Louis Zahradka, Newell Younggren, and Maurice Shepard.

Howard Askov hitch-hiked to the Twin Cities last Saturday to spend a few hours in the morning with Ruth Hughes at St. Luke's Hospital in St. Paul and at Northwestern in Minneapolis with Arthur Johnson. Both of these students still possess their jovial ways and are getting along well. Howard says they would both enjoy receiving mail (especially from some professors.)

### Sewage Plants Are Topic Discussed at Science Club

Design, operation, and construction of sewage disposal plants for small cities was discussed by Herman Hagestad at the Science Club meeting, Thursday, February 20, at 7:15 in the chemistry lecture room.

Types of plants for sewage treatment were classified in the following groups: dilution, broad irrigation, primary, secondary, and sterilization.

Mr. Hagestad explained and illustrated by means of slides the following five specific types of complete sewage systems: the Imhoff-trickling filter, separate sludge digestion trickling filter, separate sludge digestion activated sludge, pure activated sludge, and chemical precipitation.

As an introduction to his address, the speaker pointed out the history and importance of sewage disposal and the present added impetus in building disposal systems because of government aid. Following his talk Mr. Hagestad answered questions asked by the audience.

Mr. Hagestad is a graduate of both River Falls State Teachers College and the University of Wisconsin.
