Oshkosh Beaten---River Falls Leads Conference!

Stevens Point Falls To On-Rushing Red & White

Bitter Cold and Snowy Field
Slow Up Game

HIGHLIGHTS OF THE GAME

R. F. completed 5 out of 9 attempts at passing for 46 yards.

Stevens Point 2 out of 6 for 35 yards.

First Downs: River Falls, 9; Stevens Point, 6.

Gains from scrimmage: R. F. 163 yds.; Stevens Point 73 yds.

Average punts, R. F. 30 yds.; Stevens Point 31 yds.

Yards lost: R. F. 30 yds.; S. P. 51 yds.

Penalties: R. F. 45 yds.; S. P. 5.

R. F. intercepted 1 pass; S. P. intercepted none.

Coach Eggebrecht's warriors turned in another conference victory here Friday in a hard fought battle with Stevens Point Normal; thereby leaving Superior Normal as our only obstacle in our race for the state championship. The game, the last on the home gridiron this year, was played on a snow covered field with the temperature down below freezing, which made play difficult for the men on both sides. In spite of the adverse conditions, fumbles were comparatively rare and the closeness of the struggle kept the fans who hugged the sidelines, on an edge until the final whistle blew.

River Falls received another stunning blow in this struggle which will put another regular out for the season. "Pat" Ingli, right guard and our most reliable dropkicker, suffered a broken bone in his left ankle in scrimmage near the end of the first quarter and had to be rushed to the hospital. "Pat," besides playing a stellar game at right guard,

Debate Tryouts Scheduled For Tomorrow Afternoon

Sixteen Men and Women Will
Compete For Places

Tryouts for the five vacant places on the debate squad will be held in Mr. Mitchell's room tomorrow (Thursday, November 13) beginning promptly at three o'clock. Sixteen will compete for the five places. The tryouts will consist of a series of short debates on the Philippine question. Students and faculty are invited to any or all of these debates but are requested not to come in or leave while someone is speaking. Those trying out are asked to note carefully the time their debate is scheduled and to appear promptly President Ames, Mr. Hunt, Mr. Karges, Mr. Hayward, Mr. Hanna, Mr. Goble, Miss Haddow, and Mr. Junkman will act as judges.

First debate—3:00 p. m.

Affirmative

William Williams, Renold Jenson, John Burke.

PROFESSOR HUNT IS ELECTED STATE SENATOR

Wins By Over-whelming Majority

We are inclined to think that some interesting sessions are in prospect when the next legislature meets. Folks who have seen Prof. Hunt live up meetings around school feel quite sure that he will inject a little much-needed pep into that body when he goes down to Madison to represent the tenth district as State Senator.

Mr. Hunt has been carrying on a strenuous campaign since last Spring, and judging from the election returns, has made a decided hit almost everywhere he has spoken. His majority over Mr. Hanson, his independent opponent, was in the neighborhood of 7,000 votes.

Will Be Undisputed Champions If We Beat Superior Saturday

Conference Dope Receives
Numerous Upsets

"On through Superior" will be the slogan this week.

The big upset in the conference running last Saturday put River Falls in a most advantageous position. Should we defeat Superior, River Falls will have undisputed Championship of the state with a 1000% average, the only team in the conference to win all of its games.

The Oshkosh Normal team, doped as the strongest eleven in the state, and reputed as having things their own way in their conference schedule, fell before the rejuvenated Milwaukee Normal 6-0. In their first game, Milwaukee was smothered by the strong La Crosse Normal, which team was decisively beaten by Oshkosh. With their Captain and another star man back in the lineup Saturday, Milwaukee was expected to give Oshkosh a good game. To

PROSPECTS GOOD FOR BUS TO SUPERIOR SATURDAY

Interest In Game Is At High Pitch

Oliver Younggren and several 4L members are arranging to charter a bus to take River Falls rooters to Superior. If they can get the required number of seats sold, a ticket will cost only about six dollars—less than half of the railroad fare. The delegation will spend one, or possibly two, nights in Superior.

Every student who can possibly go should make this trip, and help cheer our team on to the Championship. This is a chance which doesn't come any too often, so grab it while you can.

Superior may have thought that they were up against some tough opposition when St. Thomas swamped them last Saturday, but they are going to have a worse scrap on their hands if they happen to get in the way while our fellows are putting over the touchdowns that will make Mike the captain of the first State Championship football team that River Falls has had for eight long years. Superior has stopped us just short of the Championship several times, but with the fellows in the mood that they are, they won't do it this time. It is too bad that every student in this school can't be on the sidelines Saturday, but this is impossible; we will do well to have a couple of score of rooters present. That being the case, lets do something else to take the place of our rooting at the game. In short, let's make enough noise around school the rest of this week so that the echos will still be ringing in Superior when our team goes out onto the field Saturday afternoon. Let's show that team that every student in River Falls Normal is back of them when they go out to win the Championship for River Falls, and for Captain Mike!

I AGREE

I agree with L. D. B. in all that she said about assembly in last week's Student Voice, and I wish to add amendments Nos. 2 and 3. All that she said is true, very true, and I am sure that every thinking student realizes it; for they come slowly to assembly, but it does not take them long to get out. Why is this? Just for the simple reasons that L. D. B. gave, and those which I shall give.

I believe that everyone would find assembly more interesting if something good were put on twice a week. I realize it is very difficult for the assembly committee to have good programs under the existing conditions. Why not have some co-operation and make assembly the shining light of the whole week? I am sure we would find the students more ready and willing to go to assembly if this were done.

Furthermore, I found the air in assembly very stale last Thursday. I am sure we could stand some ventilation, and it would also be better for the health of the students and faculty as a whole.

For amendment No. 2 then, I would say let's have better programs; and this can be done by getting the talented students to participate, the noted entertainers of the faculty to do their part, and last but not least, having some outside talent. For amendment No. 3, I would propose ventilation in assembly.

In the future, let's have some good, wide-awake, worthwhile assembly periods. What do you say? Come on with your suggestions.

—E. M. N.

We are very glad to print communications from students in this paper, but from now on we will require that the writers sign their names. We will not print the names if requested not to.

NOTICE!

All individual pictures for the Meletean **MUST** be taken this week. Those of you who have already had your pictures taken please call for your proofs, and then return them as soon as you make your choice.

The staff will start arranging the pictures next week. Will your picture be in the Meletean? Don't delay the staff!

Foolishness

This school would be a wonderful place to go if it weren't for the classes.

"You can never tell," said the murderer as he shot the only living witness of the crime.

Judge: "Ten days or ten dollars, a quick decision please!"

Guilty one: "I'll take my time."

"Why do you go with him? You know very well that he's a bad 'gg'"
"That's just it, and I'm afraid to drop him."

"What's six times eight?"

"Why, you dub, its 48."

"It takes me a long time, you see, but fools multiply rapidly."

Ikie: "Curves make women angelic."

Abie: "Yah, they also make angels of women speeders!"

"I just heard the best after-dinner speech I ever heard."

"You did! What did he say?"

"Waiter, I'll take the check."

Gerald Dodge: "I nearly sold my shoes today."

Reeve T. "How come?"

Gerald: "Well, I had 'em half soled."

Jacobson: "What's the matter? You look pale."

Helen S: "My conscience hurts me; I feel like a thief—I just hooked my sister's dress."

"Why, as a bricklayer you are earning more in a month than I am as a university professor."

"Well, you missed your chance when you were young."

The humor editor of this paper suggests to the so-called humor editors of other papers, that when a joke is really original, put a circle around it. The object of this, it without saying, is to direct humor editors to the said original jokes and thus save them from reading the rest of the humor which they have seen in back numbers of the College Humor and Whiz Bang. (This is original, but our printer hasn't yet acquired the "circle habit," the occasion for its use being so rare).

AGRIFALLIAN

The following program is in store for the Ag. members on Thursday evening:

- Music ----- Orchestra
- Songs ----- Roland Donovan
- Talk ----- Prof. Johnson
- Music ----- Orchestra
- Jokes ----- George Swenson

The meetings have been so interesting this semester that nearly every Ag. student has joined up with the organization. However, if there are any fellows who have not attended, come out Thursday evening at 7 o'clock.

MUSIC CLUB

This club is a new-comer in these columns, in fact it is just in process of organization now. The purpose of the club is to give interested students a chance to get together and study present-day music. A musical program will be offered at each meeting. The meetings will be held bi-weekly in the afternoon. All students interested in joining should see Mr. Geere at once.

Mr. Geere also tells us that a medal will be awarded at the end of the year to the student who is most active in musical work during this school year.

Y. M. C. A.

Mr. Davison gave a talk on law enforcement Tuesday evening, Nov. 4. The fellows were so much interested in the material that he outlined that he was asked to be present at our last night's meeting and

lead a discussion on this topic. As this material went to print before the time of our meeting it is impossible to give a report here of the meeting.

Our quartet gave a patriotic selection at our Nov. 4th meeting. We have found a splended first tenor for this quartet in the person of Martin Olson.

The final results of the financial campaign show 105 pledges totaling \$162.00. If there are still some fellows who would like to contribute to this fund, please give your money to Mr. Jacobson or to Mr. Batho.

Mr. Klanrud, coach at the local high school, has arranged a game between the River Falls High and La Crosse High to be played November 27 at La Crosse. Come on River Falls High, we're pulling for you.

In the October 31st issue of "The Peptomist," Superior, a list of the standings of the various Normal schools, with the exception of River Falls, was given. Was it the fault of the athletic editor, the typist, or the linotypist that River Falls' 1000% record was omitted?

Mr. and Mrs. Bauldof and family visited in River Falls at the home of Professor Hayward, from Thursday until Saturday. Mr. Bauldof is principal of the High School at Ely, on the iron range. The Bauldofs were entertained by various faculty members. Mr. Bauldof is a former head of our Math. dept.

"Shrimp" Brown, '24, spent the week-end in Washburn, visiting Harold Sansburn, an old grad who is teaching there. "Shrimp" is selling the engraving jobs for High School Annuals, and is employed by Buckbee Mears of St. Paul. "Shrimp" must be making money, for he recently bought a diamond. (If you don't believe it, ask Viola Bailey).

The Student Voice received an interesting letter from Clarence Casey, ex'25, some of the printable parts of which we are passing on to you: "I have heard all about Mike Smith's bad luck. It might slow up the team for a week, but from all reports they can't be stopped this year. I found a school where they don't teach English Comp., and am making the best of it. I am going to finish by Xmas. The principal reason that I called you up this evening was that I would really like to see what kind of a gas-bag you could get together and call a paper." Clarence is living in Chicago at present. Another letter is from Win Bird, our cheer leader of a year or two back. He reports that Phil. Mitchell, who dates from about the same period in our History, is going big down at Lawrence this year. He adds that both he and Phil. are watching the progress of our football team with the keenest interest, and are highly gratified at its success.

the surprise of many, she proved the real dark horse by tripping the pre-season "Champions." Eau Claire, supposed runners-up with Oshkosh, received a big surprise in their defeat at the hands of Whitewater, 6-3. Last week, Whitewater fell before the lowly Plattevillites, and consequently they were not expected to cause much concern in the race.

Constant injuries have raised havoc with Coach Eggebrecht's fighting machine in our important conference games. Our worthy mentor's entire repertoire of attack will be drawn upon to combat the deceptive plays of Superior next Saturday. Our old rivals at the head of the lakes were a jinx to us in athletics as well as other activities last year. With the dope against them, they repeatedly turned tables on us. This year our men will go into the game with the determination of throwing the old jinx into the Great Lakes, and coming through with a win. With the drive and fight our men have displayed this year, we have every reason to expect them to defeat Superior.

The game last Saturday had many pleasing aspects. Dawson in Captain Smith's place showed that he is going to be a hard man to stop. His punts and passes were also encouraging. Hardy and Laurenz proved capable line reserves, and our line will have its ever stonewall effect while either one is in it. Eggebrecht has other strong men in reserve who may also get a chance to display their wares against Superior.

Gabe: "How do you spell difficulty, with one "f" or two?"

Donna: "Why, with one "f" of course!"

Gabe: "Which "f" do you leave out?"

has been instrumental in winning games for River Falls with his accurate drop kicking. His loss in the last and ever so important game will be keenly felt. With "Pat" and our star man, Capt. "Mike" on the hospital list, Coach Eggebrecht has a big task on his hands in filling their places, and our team must fight still harder in their championship tilt with Superior next Saturday.

The Game By Plays

Stevens Point started out with a rush and actually swept our fellows off their feet before they found themselves. Apparently a hard fought game was in evidence in spite of the fact that this was doped to be our easiest conference tussle.

On the kickoff, Rudy nailed the man in his tracks. Neither side made much attempt at hitting the

line, but exchanged punts to get warmed up. Stevens Point was first to make first downs. They recovered a fumbled punt and then made a pass for 20 yards to our 20-yd. line. They made first downs and brought the ball to within one foot of our goal line. This threw a scare into the River Falls crowd, as the Point was at the threshold of a touchdown. But here our line formed a stone-wall, and reenforced by the secondary defense, kept our goal from being crossed. River Falls received the ball and punted out of danger, and at no time during the remainder of the game did Stevens Point threaten our goal. The Point made nearly twice as many yards from scrimmage and three first downs to our none the first quarter.

In the second quarter the Red & White hit their stride and kept the play in Point territory the remaind-

er of the game. In this period the Falls made 53 yards from scrimmage to one for Stevens Point, five first downs to none by them; and threw them for a loss of sixteen yards.

Hageman scooped up a poor kick off at the beginning of the second half, from where the ball was brought into Stevens Point territory for nearly the rest of the game. Falls opened up with passes and made good gains with Maier grabbing them from all angles. The ball changed hands several times by one side recovering fumbles on the other side. Each team committed the same number of fumbles and losses were about the same. Though the fumbles slowed up the game, they rather kept the spectators on edge following the ball.

Our touchdown came in the second quarter. The Falls advanced the ball to the 15-yard line. Maier grabbed a pass for 10 yards and Dawson plunged over with the only score of the game. Maier starred for River Falls with his heavy line plunging and his sensational work at grabbing passes. Dawson ran the team as quarter in a very capable manner. His punting was especially good.

OUR EXCHANGE TABLE

Student here who have friends attending other Normal Schools in this state will be interested in glancing through the copies of the papers from those schools which they will find on our exchange table. In addition to papers from all but two of the normals, we have exchanges from many other nearby schools, including several high schools. There is not space here to list these papers, or to discuss their merits; but we shall be glad to have you drop into our office at any time to look at them—it will be well worth your while.
