### Heavy Hitting Features Mac. Game Luther Phalen Coming Here For Home Tilt On Friday

Friday the Falls placed themselves on a 500 per cent basis by defeating Stout 4-2 in an interesting game. They were never in any real danger, after they gained our four points by the end of the third inning. Stout cornered one in the second, and one in the eighth.

"Chief" (Wagner) pitched an excellent game, fanning eight men, allowing five hits, and walking one man.

The Falls got nine hits, two walks and swung at the air four times. The team played good ball, and had only two errors chalked up against them.

The team showed a slight change in positions. King caught; Gibson played third; Fisher moved from right field to left field, right field appeared open until a batter left the gap.

Friday Luther comes here; let's back the team better than we did.

## DISTRICT CONTESTANTS ENJOY LINCOLNIAN-AURELIA BANQUET

Last Friday evening at six o'clock the contestants, coaches, and judges here for the High School Oratorical Contest, assembled in the Methodist church parlors to enjoy a banquet given in their honor by the Aurelia and Lincolnian societies. The dinner was of a sort to please everyone present. It was well planned and was equally well served so that the guests enjoyed it immensely.

Marshall Norseng, who officiated as toastmaster, evoked speeches from several of the guests of honor among whom were Professor H. A. Fox of Eau Claire, who represented the judges in his talk, and Carleton Ames, who spoke in behalf of the forensic coaches present. These speeches were followed in order by representative talks given by delegates from the different school represented here, all of whom did their share toward making the banquet a gratifying success.

### INTER CLASS TRACK MEET

Wednesday May, 26, the inter-class track meet will be held. The events will be the same as in the high school track meet. There will be an inter-soc. There will be an inter-society relay as in former years. Classes prepare your men.

## POLLY WITH A PAST AT CUMBERLAND

The staging of "Polly With a Past" at Cumberland was an all around success.

The cast, with Evelyn Barret, Miss Smith, and "Vic" Sivertson, left here last Wednesday morning at eight-thirty and got home any time between three and four a. m. Thursday.

The play was put on under the auspices of the American Legion, which, of course, has a great influence there. The theatre which seats about three hundred sixty, was more than packed. More than that, the bunch was shown the best of hospitality. Everyone was more than accommodating.

From all reports the play was very well liked; the cast did a little more than clear expenses, and everyone came home happy.

## 19 Delegates Attend Appleton Conference

At the first state Y. M. C. A. and Y. W. C. A. conference held at Lawrence college, May 13, 14, 15, and 16, River falls Normal, with a delegation of nineteen, had the largest delegation of all the visiting colleges and came the greatest distance. The trip of two hundred and seventy miles was begun at four o'clock Thursday morning and was completed in about ten acurs driving time.

The conference, which started Thursday evening, was presided by Miss Helen Duncan, conference chairman, and Theodore Jensen, vice-chairman.

Dr. Bruce Curry of the bligical seminary of New York, delivered the key-note address of the conference and had charge of the Bible study sessions.

Some of the other important people and speakers in this type of work were Mr. A. J. Elliott, called Dad Elliott, Miss Gerlach, Mr. P. H. McKee, State Student Secretary, Professor Hibbert, and others.

Winfred Bird, of River Falls, now of Lawrence College presided as toastmaster at the international banquet given Saturday evening.

The recreational side of the conference was not neglected. On Saturday, the conference delegates enjoyed a down-river hike and a very appetizing outdoor breakfast.

Both the men and women of our

## A TENNIS TEAM TO MEET LUTHER MEN HERE FRIDAY

River Falls will undoubtedly clash for the first time in an inter-school tennis match Friday. Luther intends to send a team down to meet some of the River Falls tennis stars.

The men from which our team shall be picked are the following: Paul, Smith, C. Dawson, Wandrey, Rademacher, and McKinnon.

## CONCERT AT ROBERTS WELL RECEIVED

Under the auspices of Normal school promotion, the men's glee club, the girl's trio, Ruth Bailey, and Mr. Geere, gave a concert at Roberts last Wednesday evening. A fair audience attended, and Mrs. Ford entertained the bunch afterward at a big feed.

On Thursday evening the trio, Ruth Bailey, and Mr. Geere motored to Downing where another concert was given. Another feed was furnished.

Evidently the entertainments were appreciated, and, no doubt, the musicians had a wonderful time.

It is understood that other trips will be made to interest high school students in the normal and at the same time give worth while entertainments.

## Spooner Wins First River Falls Second

Saturday the high school track meet was held on Ramer Field. Spooner won first place with 50½ points; River Falls second with 28 points; Menomonie third with 18½ points. Roberts and New Richmond got 13 and 12 points respectively. The remaining points went to Elmwood and Hudson. The meet was carried off very smoothly, and proved worthwhile from every point of view.

The records are as follows:

Track events:

## CONDITION EXAMINATION

Students who have a Condition or Incomplete from the second term are advised to make definite arrangements for the removal of such Condition or Incomplete with the instructor offering that particular work. All Conditions and Incompletes not removed at that time will automatically become Failures and will be so recorded. See your instructor and arrange for an examination on Saturday, May 22; the latest date that such examination may be taken or incomplete removed.

Registrar.

## CLOSE COMPETITION IN DISTRICT CONTEST

### Amery First In Oratory, Cumberland Second, Winners Coached By River Falls Grads

#### Afternoon program

The high school extemporaneous speaking and reading contest was held in the afternoon Friday. Six school entered in each contest so the competition was "keen" throughout.

The afternoon was given over to speaking and reading. In extemporaneous speaking LeRoy Luberg of the River Falls High school won first place, and Bob Scott of Fredrick won second place.

The extemporaneous reading brought a victory to Spring Valley and a second place honor to Fredrick.

These contests are delightful to high school students because of the fact that they keep up the enthusiasm in the English and public speaking classes besides bringing victory to the school. The competing high schools in the forenoon were River Falls, Spooner, New Richmond, Hammond, Amery, Fredrick, and Spring Valley.

#### Evening Program

There were two contests Friday evening; oratorical, and declamatory. In each there were six contestants. In order, as they came

## PREPARATIONS FOR PROM ARE NEARING COMPLETION

The extensive preparations that are being made for the Annual Junior Prom on Friday night of this week are beginning to draw near a close. After several weeks of intensive work on the part of the Prom committee and certain other members of the class, the gym is beginning to emerge from the siege of work, dressed elaborately in harmonizing colors that suggest the freshness of spring, yet that retain a certain dignity quite fitting to the formality of the occasion. However, there is still much to be done in securing furniture, fixing up cozy corners, and putting on the finishing touches, here and there.

The sale of tickets is already well under way. All normal school students and faculty members, and all members of the alumni are cordially invited to attend the Prom. All tickets for outsiders, those who belong neither to the

## MELETEANS READY SOON

This year's Meleteans are now on the press and ought to be ready for distribution by the first of next week. We have no idea of what the details of the books are, but you can be assured that they will be more than you expect.

The Meletean is put out by the class of 1926, work being done upon it by both two year and three year graduates. Last year the same class under the same advisor, Miss Latta, published the book. Hence, this year's Meletean will show the greater experience.

It is about time for the students to gather up the receipt that showed part payment, and plan to have the rest of the money ready. It's nice to be able to have your own Meletean the very first day.

## HONOR ROLL GIRLS ENTERTAIN

Last evening under the pine trees on the campus east of South Hall, the girls who were on the honor roll for the second term were the guests of women faculty members at a Japanese tea party. Japanese lanterns, pieces of semi-oriental furniture, and other touches of decorative art here and there blended well with the natural background to suggest just the right setting for a twilight luncheon. Then, tasty bits of this and that served to add just the right touch to a most enjoyable treat.

With such treats awaiting them towards the end of the school year, it is not to be wondered at if more girls than boys do make the honor roll.

## SENIOR CLASS PLAY SELECTED

The Senior class play has been chosen, the cast selected, and intensive work has been begun. "Daddy Long-Legs" will be presented, a play of many humorous situations. The play will be given the Monday of commencement week, June 7.

## FLOWER TRAGEDY

"Let's go for a field trip and get some flowers."

"Do you have a car?"  
"No, let's walk. It's more pleasant any way."

"It's no use. There are but very few flowers left near the town, and especially near the Normal."

"Let's try it anyway."  
"All right. But if we do find any, there will be so few that we ought to leave them for seed. We can not get many for pressing if we observe our pledge for preserving the wild flowers."

"Why do you imagine that the flowers have been killed out and pushed back from our beautiful little city and Normal campus?"

"It does seem strange. Most of us love flowers. Everyone is delighted to stroll out and are pleased to find the violets, the anemones, hepaticas, columbines, and all the rest that decorate the road-side and beaten paths."

"Yes, but I was out for a ride Sunday, and last evening two of us strolled down the Kinnickinnic path and didn't see but three new kinds of flowers."

"That is the sad part of it. Every year the range of our wild flowers is pushed back from the main highways and back from our normal and city, so that in order to find sufficient flowers to press and classify we have to drive out in the normal bus."

"I do not see why this condition has come about in our semi-rural community."

"See here. How many students are there in the Nature Study class?"

"About fifty."  
"How many in the Botany class?"

"Thirty-six."  
"How many flowers do they average for their classification?"

"They press about fifty and spoil an equal number in classification."

"Let's see. Fifty plus thirty-six, times one hundred flowers for each, would make eight thousand six hundred flowers that are picked at the nearest range available about the normal."

"Yes, but why blame them for all this destruction, other people pick flowers too?"

"That's true. Add to this number the flowers picked by the other students, the faculty, the school children, and the townspeople, and you have many thousands more of flowers that are picked by the road-side, by the beaten paths, and in the nearest range about our school."

"How can this condition be improved?"

"If everyone would observe the nine rules of our Biology wild flower pledge, the wild flowers would gradually come back closer and closer to our city limits."

"What is that pledge?"

"Here it is, read it for yourself."  
I shall help preserve the wild flowers by observing the following rules to the best of my ability.

1. Pick wild flowers as carefully as I pick those of my own garden.

2. Never destroy the leaves or pull up the roots except to transplant and preserve them.

3. Never patronize wild flower vendors.

4. Leave some flowers at every place to form seeds.

5. Learn which flowers are rare and never pick any of them. Example—Orchids, ladies' slippers, ringed gentians, etc.

6. Pick only a small bouquet, preserve them well, and never let picked flowers wilt before getting home.

7. Learn to enjoy flowers as they grow, without picking them.

8. Never pick flowers by the road-side, beaten paths, where others follow to find the same joy of nature that just thrilled me.

9. Begin now to start a movement to teach every child in the public schools of my community to love and preserve the wild flowers.

"Are the Biology students observing these rules?"

"Yes, most of them are, and I wish everyone in River Falls would help by taking the pledge."

"If they did we would again have plenty of wild flowers to meet and greet us everywhere."

## CLOSE COMPETITION IN DISTRICT CONTEST

(Continued from page one)

The orations were given by people from Roberts, Amery, Prescott, Colfax, Cumberland, and Webster. First place went to Amery, who gave THE TWENTIETH AMENDMENT. The second place went to a girl from Cumberland, who had the oration THE ROLE OF AMERICAN WOMEN IN HISTORY. All the contestants, except the one who won second place, were boys. We may feel quite proud that both of the coaches whose people won first and second places, are River Falls graduates.

Between this contest and the declamatory the normal girl's trio gave two selections.

The declamatory contest was composed of six girls, who also had won in elimination contests previous to this. In order they were from New Richmond, Colfax, St. Croix Falls, Webster, Hayward, and Spring Valley. New Richmond won first place with CLANGING HOURS; Hayward won second with THE SIGN OF THE CROSS.

All of the contestants gave evidence of ability in the work which they did. The fact that they had won in at least two elimination contests also proved their ability. Though twelve numbers make a long program, the numbers of this contest were very successful and well given.

Judges of the contest were Miss Miriam Killough, La Crosse; Mr. H. A. Fox, Eau Claire; Mr. Norman Knutzen, Stevens Point.

delegation claim that they had a real taste of dormitory life. Everyone reports a wonderful time.

The closing session was held on Sunday forenoon in order that the delegates might have time to begin on their return trips.

The River Falls delegation arrived home around midnight, and were all back in classes on Monday morning, a trifle tired, but very much pleased with the experience.

## THE KINNICKINNIC PLAYERS HERE TODAY AND GONE TOMORROW

The Kinnickinnic Players, presenting the three act comedy, "Polly With a Past," regret to announce that they are unable to book any more engagements. This play, presented twice at the local Normal auditorium, has for some time been a bone of contention in several of the surrounding towns who wish to book it.

Due to the fact that many of the cast have been chosen for the Senior class play, the players have been forced to cancel all but one engagement for the spring season. The play was presented at Cumberland, Wis., under the auspices of the American Legion last week.

This company has been legally organized under the name of "The Kinnickinnic Players." It is headed by J. W. Davison as president, and Bernard Morton as general manager, Victor Sivertson and the First National Bank of Colfax are the financial backers. The extensive tour which had been planned thruout the states of Wisconsin, Minnesota, North Dakota and South Dakota, will undoubtedly be postponed for perhaps three or four months, due to local interference. It is the aim of this company to bring an excellent production to the citizens of those states and to present it so well that it will reflect honor on the River Falls Normal school.

## BASEBALL RETURNING TO ITS OWN

Baseball as a sport in the Universities, Colleges, Normals, High Schools, and Communities is increasing according to a report published by the National Amateur Athletic Federation, whose Honorary President is President Coolidge.

"Baseball suffered a decline in 1922, 1923, and 1924, as judged by the numbers playing the game, but some improvement was shown in 1925. This promises to be a big year in amateur baseball." Such is the conclusion reached by the Federation after an extensive survey made last year. The growth so far in 1926 is four and seven-tenths percent in favor of this sport over that of 1925.

The value of community athletics is being realized all over the country. A movement toward the formation of a Wisconsin Amateur Athletic Association which shall promote community athletics and foster district, county and state athletic leagues was started by a committee which met with sport leaders in Madison on March 27. Baseball is to be stressed, for it is a summer sport which is a national pastime.

Twilight leagues are becoming a nationwide organizations and are helping solve many of the community problems in the rural towns. It is also true that the smaller towns are discarding professional baseball teams and are organizing amateur teams which are developing men rather than using cast off professionals.

Start training for the inter-class track meet Wednesday, May 25. Societies should get their relay teams ready.

## HIGH SCHOOL NOTES

The high school glee clubs have started strenuous work on the operetta "Pickles," which will be given the 26th of this month.

The operetta is a new one, just published, and promises to keep the audience interested. The plots are cleverly interwoven with the music, which makes the work more pleasing in atmosphere as well as character. The action taking place at Vienna at the present time. A synopsis of the story is as follows:

Jonas Pennington, an American millionaire pickle manufacturer, with his daughter, arrives in Vienna amidst preparations for the carnival. To his consternation he finds his advertising expert ahead of him and the town full of "Peter Piper Pickles" advertisements. An old acquaintance, an English woman and wealthy, also arrives in search of her daughter, who disappeared at carnival time when a baby. The Chief of Police plots to get a substitute for the lost daughter and then plans to feather his pockets with green backs by marrying the fortunately rich young daughter.

A band of gypsies, led by their chieftain Jigo, visits the carnival and with him comes his supposed daughter, Ilena. Events lead the two factions together at the gypsy camp, and much excitement for the audience ensues. The villain is finely captured; the plot of Kiniski is exposed; Ilena finds happiness, and the poor artist Arthur Crefont, wins recognition of his art and also June Pennington; Jonas does not fail to win some reward for his success as an advertiser. He also receives something more worthwhile, but this is only a synopsis so let it remain.

The personnel of the cast is as follows:

- Hans Mair—Gordon Grimm
- Louisa—Esther Bailey
- Carl Kiniski—Watson McIntyre

- Rumski—Archie Mueller
- J. Jones—Stanley Price
- Jigo—Irwin Taylor
- Ilena—Wilma Retrum
- Arthur Crefont—Lloyd Swenson
- June Pennington—Dorothy Green
- Jonas Pennington—LeRoy Luberger
- Lady Vivian De Lancy—Alice Larson
- First Waiter—Toby Ramslund
- Second Waiter—Ted Cheney.

## HIGH SCHOOL SENIOR CLASS PLAY

Extensive work is being done on the Senior Class play which will be given the 2nd of June.

"The Irresistible Marmaduke" is a brilliant comedy of situation. It deals with a case of mistaken identity and the amazing circumstances involved which bring it to a surprise ending.

An elaborate system of lighting will be used which will attempt to create and preserve the illusion of the many features of the production, who's chief aim is to give the public unusual satisfaction.

### The Cast

- Marmaduke—Charles Gallup
- Mortimer Gregory—Herman Hagestad
- Doctor O'Keefe—Dale Jensen
- Christopher Deacon—William Hunt
- Walter—Harry Luer
- Lady Susan—Eleanor Borner
- Lady Althea—Esther Bailey
- Patricia O'Brien "Pat"—Vivian Chinnock
- Dawson—Mildred Thompson
- Beatrice Wizley—Hazel Peck.

## PROM COMMITTEE HARD AT WORK; HELPERS NEEDED

Decorations for the prom are well under way. Committees in charge are working hard to make this annual event a success.

An unusually pretty plan has been adopted for decoration, a plan that means a lot of work. Now that "Educational Day," for which the gym had to be used, is past, there is nothing to hinder some real work. A few loyal second years have been turning out regularly to do their bit, but the majority have not as yet appeared. Second year's, you're giving this prom! Are you going to let members of the other class do more than you do?

As for the music, the most important part of the prom, the committee in charge has engaged an eight piece orchestra from the city which will make the prom all the more successful.

which would not harm the batting average of either team. The college team came out ahead of the 10-14 score, but as far as hits were concerned, were not ahead. They cornered 12, while we gathered in 15. Each team made two home runs.

The Mac. squad had an advantage in that they were familiar with the hard outfield which made fielding very difficult and errors more than numerous. Paulson pitched for six innings; Matt Nelson ending the game.

River Falls lead twice; once when the score was 3-2; and 9-8, in the seventh inning. The last three scores gave the Macalaster men the only real lead of the game. Macalaster plays here on Monday, May 31.

The twilight league has a tendency to play tie games, and then forget to play them off. The games, however, are exciting, as one never knows which way the wind will blow at the end. For example, Friday night the Y had the Links 4-7 and two men out with no men on bases in the last inning. A few hearty clouts and unaccountable errors tied the game be-

fore the third man retired. This week's games are:
