

THE STUDENT VOICE

VOL. 8.

RIVER FALLS, WISCONSIN, WEDNESDAY, MAY 14, 1924.

Number 33.

HISTORICAL PAGEANT TO FEATURE SEMI - CENTENNIAL CELEBRATION

Former Presidents To Help Celebrate

Crabtree and Emery Coming

Wilson May Be Here

Two, and it is hoped three, of the former Presidents of the school will return to join in the Semi-Centennial festivities. Former President J. W. Crabtree, who presided over the destinies of the institution during the years 1911 to 1917, will act as toastmaster at the big Reunion Banquet and play a prominent part in other Commencement activities. Mr. Crabtree is now Secretary of the National Educational Association and has his office at Washington, D. C.

Former President J. Q. Emery, whose administration covered the years 1889 to 1894 will also return to join in the celebration and help to make it a success. Mr. Emery will undoubtedly be heard from at the Banquet and on several other occasions.

(Continued on page 4)

Cowling or Blair For Commencement

210 Will Receive Diplomas

The Commencement Speaker has not been definitely decided upon when this issue goes to press. It is very probable, however, that either President Donald Cowling, of Carleton College, Northfield, Minn., or Francis P. Blair, Superintendent of Schools for the State of Illinois, will deliver the address. Both of these men stand high in the educational world and both are known as brilliant orators.

About two hundred and ten students will receive diplomas at these exercises. Sixty of this group will graduate from the one year Rural

Burning to be Pictured in Pageant

Many Events Planned For Week Of Celebration

While the pageant is planned as the special feature of the Semi-Centennial, the anniversary of the founding of the school, will be celebrated at a number of other events. A calendar for the week complete to date follows:

Sunday, June 1st.
8 p. m.—Baccalaureate Address—President John F. Sims of the Stevens Point Normal School. Normal Auditorium.

Monday, June 2nd.
8 p. m.—Historical Pageant. South Campus.

Tuesday, June 3rd.
10 a. m.—Baseball; Eau Claire vs. River Falls. Old Athletic Field.
1 p. m.—Reunion Banquet. North Hall Gymnasium.

8 p. m.—Reunion Reception and Ball. North Hall Gymnasium.

Wednesday, June 4th.
10 a. m.—Commencement Exercises.

Cast Of 584 To Portray School History

The fiftieth anniversary of the founding of the Normal School will be fittingly celebrated by students, faculty, alumni, and friends of the school during Commencement Week, June 1-4. The feature of this Semi-centennial celebration will be a monster historical pageant to be presented the evening of June 2nd. This production will depict the history of the St. Croix Valley, the city of River Falls, but more particularly of the Normal School from 1874, the date of the founding of the school, to the present. The significant events and stirring scenes of these fifty years will be depicted realistically and symbolically through dramatic action, interpretative heraldry, appropriate music, and symbolic dances and tableaux.

Four Episodes

The production is to consist of five episodes, each depicting a period in

(Continued on page 2)

Baccalaureate By Sims

Former Faculty Member to Give This Address

President John F. Sims of the Stevens Point Normal School has been chosen to deliver the Baccalaureate Address. President Sims will be remembered by many of the alumni as an instructor in history at this institution during the years 1896 to 1906. He is the dean of the state normal school presidents and is one of the state's best known educators. He is an exceptionally able speaker and is sure to bring a stirring message. Baccalaureate exercises will occur in the Normal Auditorium, Sunday evening, June 1st.

Reunion Banquet Tuesday Noon

Former President Crabtree Toastmaster

At Least 500 Expected to Attend

A monster Reunion Banquet is being planned for Tuesday noon. Attendance will not be limited to the alumni, but all friends of the school have been invited to help celebrate its fiftieth birthday and it is expected that at least five hundred will gather in the North Hall Gymnasium for the birthday feast. Former President J. W. Crabtree will preside as toastmaster and many of the old grads and former faculty members will appear on the program. In order to provide sufficient accommodations tables will be set on both the balcony and floor of the gymnasium. Undoubtedly it will be the biggest birthday party Alma Mater has ever had and a rousing time is sure to be had. Plates will be one dollar. Reservations can be made by writing to President Ames.

CAST OF 584 TO PORTRAY SCHOOL HISTORY

(Continued from Page 1)

the history of the school, a prelude, three interludes, and a postlude. The episodes are as follows:

Episode I—In the Days of the Red Man.

Episode II—First Movement—In Pioneer Days. Second Movement—Civil War Days.

Episode III—The Founding of the School.

Episode IV—Latter Days.

Episode V—Recovery and Progress

The prelude, interludes, and postlude will include four of the most beautiful and elaborate of the symbolic dances—The Dance of Night, The Dance of the Seasons, The Dance of the Flames, and the Dance of Victory.

Five Hundred Eighty-Four in Cast

A cast of 584 persons has been selected for this production and the task of making and designing costumes for all these is well under way. Under the direction of Miss Alberta Greene of the Normal School Art Department a number of Normal School girls and women of the city who have volunteered their services, are making rapid progress in the preparation of the five hundred costumes that will be required. Miss Greene reports that over 3000 yards of cloth will be needed to complete the costumes and that in addition to the cloth, 300 rolls of crepe paper will be used. A few of the costumes that

PRESIDENT CRABTREE

J. W. Crabtree, President of the school during the years 1911-1917, will be back to renew acquaintances and help celebrate. He will act as toastmaster at the Reunion Banquet. He is now Secretary of the N. E. A.

have been completed were displayed in assembly last week and Miss Greene told of some of the problems connected with the choice of color and the designing of costumes for symbolic characters.

Audience of 5,000 expected

Those in charge of the production estimate that at least 5000 people will view the spectacle. It has been widely advertised throughout S. Croix, Dunn, and Pierce counties and it is thought that the people who will wish to see the pageant from these counties together with the large number of alumni that are planning to take in the Semi-Centennial Celebration will probably exceed that number. Arrangements have been made with Army authorities at Ft. Snelling for the rental of a section of bleachers that will seat three thousand people. These bleachers will be moved to River Falls in army trucks and set up by the soldiers in the very near future. Plans for additional seating capacity are being made. Boxes and reserved seats will be on sale in the very near future.

Mr. Hayward Director

The production will be staged under the direction of Mr. H. E. Hayward of the Normal School faculty. Other members of the producing staff are as follows:

Director of 1st Episode—E. Prucha.
Director of 2nd Episode—Miss Irma Armstrong.
Director of 3rd Episode—Miss Mary B. MacMillan.
Director of 4th Episode—Mr. J. P. Jacobson.
Director of 5th Episode—Miss Elizabeth Fleming.
Director of Dances—Miss Katherine Roherty.
Director of Music—Mr. M. D. Geere.
Director of Dramatics—Miss Nelle Schlosser.
Scenic and Property Manager—C. G.

Reception and Ball Tuesday Evening

North Hall Gymnasium will be the scene of the Semi-Centennial Reception and Ball Tuesday evening, June 3rd. Plans are being made to deck the gym in appropriate style and a Twin City orchestra will be engaged. Those Reunioners who like to "trip the light fantastic" will have opportunity to trip to their hearts content, and with the folks with whom they used to trip. The Alumni Ball has always been one of the outstanding features of Commencement week at River Falls but the Semi-Centennial Ball promises to eclipse all others.

Stratton.

A telephone system will be installed by Mayor Vannatta so that Mr. Hayward may keep in touch with the various directors during the production of the pageant.

Orchestra and Chorus

The pageant orchestra of twenty-five pieces will play almost continuously over two hours. They will play during the whole production with the exception of the heraldry. The orchestra is under the able direction of Miss Ethel M. Lemmer of the Music Department. A chorus of sixty voices under the direction of Mr. M. D. Geere, Director of the Department of Music, will also furnish pageant music.

Four Main Stages

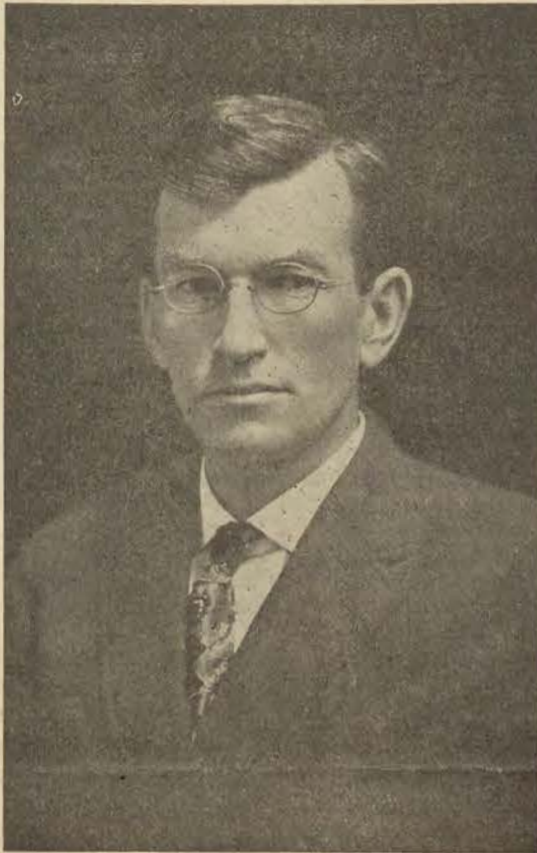

The pageant will be staged on four main stages, two of which are practically completed at this writing. The old log school and the country store have made their appearance on the campus in the course of the last couple weeks. It is planned to begin work on the others in the very near future. The construction work is under the direction of Mr. William Segerstrom of the Manual Arts Department and Mr. C. G. Stratton, Scenic and Property Manager.

No Man's Land to be Pictured

One of the features of the World War Episode will be a sham battle and a scene from No Man's Land which will be staged with the assistance of the local National Guard and American Legion. Fireworks and "blanks" enough for a real battle spectacle have been purchased.

Pageant To Portray Significant Forces and Events says Author

Mr. W. B. Davison, Head of the Department of Social Science, is the author of the Historical Pageant which is to be the feature of Commencement Week and the Semi-Centennial celebration. He describes the theme of the pageant and states his aims in writing it as follows:

"Things never just happen. There are always powerful causes, conflicting forces, and either favorable or unfavorable conditions. Whenever a wilderness is tamed, a community established, homes made, schools founded, work done, hearts filled or drained dry, dreams realized or turned to ashes—in short, whenever people dwell in groups there is always motive, there are always visions and the passionate throbbing of human hearts. And whenever a people have achieved and won over obstacles there have been indomitable courage and consistent, intelligent action.

The writer of a pageant knows that it should portray significant forces and significant things. The significant thing about River Falls Normal School is not that it is fifty years old. The important thing is that it was founded at all, that it grew out of the very lives of eager people, who have fostered it and prospered it because they need it. The struggle

that gave rise to this community in the St. Croix Valley and to the development of this school in its midst is typical of the struggle for more abundant life everywhere.

It was with these thoughts in mind that the Pageant was written. In a very real sense the Pageant wrote itself. By that I mean that its theme sang itself into visible and audible form. In writing it I have aimed to select such significant episodes, select and create such characters, and block out such scenes as will suggest and develop the ideas set forth in the above paragraphs. In the composition of the lines spoken by the Herald I have tried to explain the action, and at the same time express with as fine grace as my meagre talent permits the lofty ideals which ever rise in human hearts who have power to care. Such ideals can not be adequately expressed in stiff prose; hence I have aimed to write nearly all of the lines in a smoothly-running cadence—not poetry, but prose with a song in it.

Lastly, I have aimed to keep faith with historical fact. Such variations from historical truth as appear are almost without exception due to the limitations which this form of dramatization forces upon the producers."

CITY TO TAKE ON GALA ATTIRE

The city will be decked in gala attire the entire Commencement week. A committee of business men, faculty members, and students will have charge of "dolling up" the city. The interior of all the business places will be decorated in honor of the occasion and the committee promises that the streets shall display the red and white as they never have before. The City Fathers and business men have entered most enthusiastically in the plans for the birthday celebration. Come expecting to see the city all "dolloed up" and at her best.

Mr. Randall of the Stewart Mercantile Co., is chairman of the business men's committee on decorations, Mr. Glenn P. Junkman of the faculty and the general committee, and M. Smith, '25, is heading up the student committee.

STEADY GROWTH DURING FIFTY YEARS

Statistics on enrollment, number in the faculty, and number of graduates during the fifty years since the founding of the school reveal the steady growth of the institution.

	Enrollment	Faculty	Graduates
1875—	130	9	0
1885—	145	11	3*
1895—	285	16	6*
1900—	302	18	18*
1905—	305	20	39*
1910—	332	22	59*
1915—	563§	30	175‡
1920—	550	38	156‡
1924—	625	40	210‡

The Student Voice

PUBLISHED WEEKLY

by the
Students of the River Falls
State Normal School.

Vol. 8 May 14, 1924. No. 33.

SEE YOU AT THE REUNION

The sole purpose of this number of the Student Voice is to bring to the attention of the old grads all the good things that are being planned for the Semi-Centennial Homecoming and Reunion. You cannot afford to miss them; we cannot afford to have you miss them, for what is a reunion and homecoming without old grads? Faculty and students have worked hard and long planning the celebration, even the townspeople

TO THE ALUMNI

This issue of the Student Voice will give you complete information regarding our plans to celebrate the fiftieth birthday of our school. I know that all graduates will desire to join us in making this celebration a complete success in every detail. Students, faculty, and citizens of River Falls are planning to receive you. You will desire to use this opportunity to meet former members of the faculty who were in the school when you attended here; all will desire to see the historical pageant which will depict the history and development of the institution from its founding in 1874 to the present time. The reunion banquet will afford a splendid opportunity for a get-together of old graduates, new graduates, former presidents of the school, faculty members and friends of the institution.

I wish to urge that all make a special effort to be present for the events of this great celebration.

J. H. AMES

have caught the spirit and entered enthusiastically into the planning; the success of the venture now rests with you. A large turnout of alumni will put it over with a bang and make it a howling success. Can we count on you? We know the answer for River Falls alumni have never failed to respond on similar occasions and surely will not on this our biggest and most ambitious undertaking. So we'll see you at the Reunion.

SEVEN PRESIDENTS SINCE 1874

But seven presidents have presided over the destinies of the Normal School since it was founded in 1874. All of these save the first President, W. D. Parker, are still living and many of them will attend this year's celebration. President Parker died in 1921. A list of the presidents and their years of service follows:

W. D. Parker, 1875-1889, 1895-1899
J. Q. Emery, 1889-1894
John Hull, 1894-1895
W. J. Brier, 1899-1909
H. L. Wilson, 1909-1911
J. W. Crabtree, 1911-1917
J. W. Ames, 1917—

COWLING OR BLAIR COMMENCEMENT SPEAKER

(Continued from page 1)

Course while the remaining one hundred fifty odd will complete the two and three year courses. The Commencement Exercises will occur Wednesday morning at ten o'clock in the Normal auditorium.

GOOD COMMENCEMENT MUSIC

Commencement music will be under the able direction of Mr. Marvin D. Geere, director of the Music Department, and Miss Ethel M. Lemmer. Mr. Geere is a singer of rare ability and will render a number of solo numbers. He has had marked success as a teacher of music and as a director of music. For nine years he was head of the Voice Department of Baker University, Kansas, and more recently Dean of the School of Music at the Billings (Montana) Polytechnic Institute. He has studied under the best teachers in this country and Europe, including the following: Professor Harry Waithe, Pennsylvania Conservatory of Music; Chas. Santley of London; Chas. W. Clark of Paris; Jean de Rszke of Paris; and the noted American composer, Campbell Tipton.

Miss Lemmer is a graduate of the School of Music of the University of Wisconsin. Her study included work with Professors Dykema and Cecil Burleigh. Miss Lemmer is an artist on the violin. Under her capable directorship an excellent orchestra of twenty-five pieces has been developed. This orchestra will furnish the pageant music and appear at a number of the other Commencement events.

WILL WALK IF NECESSARY

Mrs. Archie Anderson (Marion Taylor), '18, writes that she and Archie are coming if they have to walk. 'Atta stuff. We know there are many others that feel the same way.

BASEBALL TUESDAY MORNING

The Red and White baseball team will cross bats with the Eau Claire Normal nine Tuesday morning at 10 o'clock on the Old Athletic Field. As usual River Falls has a formidable aggregation of ball tossers. An unusually rainy season has caused the cancellation of the many scheduled games but in the games played between showers, the team has demonstrated its strength. Two over-time games have been played. Last Saturday the nine came to bat in the ninth inning with the score 8 to 6 in favor of Luher Phalen and after two were out, staged a good old fashioned ninth inning rally for three runs and the game. Eau Claire is reported to have a strong team and the game is sure to be one that will appeal to every true baseball fan. No doubt many of the diamond stars of other years will be on hand to tell you how it was done in "the good old days" and to cheer for a team that has the same fighting spirit that has characterized River Falls teams in the past.

FORMER PRESIDENTS WILL HELP CELEBRATE

(Continued from Page 1)

Mr. Emery is at present head of the State Food and Dairy Commission, and makes his home in Edgerton, Wis.

Former President H. L. Wilson has not yet decided whether it will be possible for him to attend. Mr. Wilson was president during the years 1909 to 1911. At present he is engaged in educational work in California.

Former President W. J. Brier, who is now in educational work in the state of Washington finds it impossible to attend. Mr. Brier's years as President were 1899 to 1909.

A complete list of the Presidents from 1874 to the present and the years during which they served will be found elsewhere in this issue.

PROM

The River Falls faculty, alumni, and students enjoyed one of the most successful events of the year last Friday night. About 125 couples attended the annual promenade given by the Junior class in honor of the Seniors. Now we miss this around the corridors and in the library. "What color is yours, hows is it made, did you get it from the city are you going to wear a tux? Oh, this rain will spoil my marcelle!" Well, in this case, anticipation was no better than realization; it served only to put everyone in the proper spirit for enjoying this one really formal dance.

The gym was appropriately decorated for the occasion in gray and rose. The whole gymnasium presented an atmosphere of warmth and welcome with its soft gray background and pretty lattice work over which was diffused the warmth of rose lights. At the entrance, 1924 greeted our eyes, while at the other end of the hall the number 1874 caused us to look back and remember that this prom was helping celebrate our semi-centennial.

Inviting cozy corners filled up the nooks and corners and served trying places for those who felt inclined to sit out. The gay butterfly costumes only enhanced the beauty of this scene, they blended so well with the color scheme of the decorations. When one considers the infinite amount of patience and work to produce such a commendable result, we surely will pay some respect to the decorating committee; especially since the decorations form such a salient part of the whole affair.

Pryor's seven piece orchestra from St. Paul furnished most excellent music for the program. Oh, by the way, Ellen Hanson wants it known that her brother-in-law's brother played in that musical organization.

The Program consisted of: The reception at 8:30; grand march from 9:00 until 9:30. The rest of the time until 12:30 was devoted to dancing. The sixth and twelfth dances were specials. The lights were turned off, and only spot lights from the balcony illuminated the hall. Prom goers have not yet stopped talking about the wonderful specials.

To neglect mentioning the refreshments would not be doing justice. Fruit punch and wafers served in one corner of the gym served as a common place for people to chat and refresh themselves.

Many are the compliments which have been paid to the charming programs which were given to all who attended. They are not only pretty, but will serve as souvenirs which will recall one of the most pleasant events of school life.

REMEMBER?

Remember the time you took her down river, Mr. Old Grad? There will be plenty of time between Banquet and Ball, Pageant and Baseball game for a good old time down river party.

And then again, remember those Kinnickinnic trout? Be sure to plan to land a couple of those beauties while you're at the Reunion. They're as game as ever. Are you?

PAGEANT STATISTICS

Cast of 584.
3000 yards of cloth in costumes.
300 rolls of crepe paper for costumes.

City Electrician Buck estimates that more electricity will be needed for lights and lighting effects than is used by the whole city of River Falls.

Four main stages.

Orchestra of twenty-five will play throughout the pageant except during heraldry. (Almost continuously for over two hours.)

Chorus of sixty voices.

Bleachers will seat 3000 people.

50 symbolic dances.

ACCOMODATIONS FOR

ALL GUESTS

River Falls is expecting the largest gathering in her history. A committee of townspeople and faculty members have been appointed to see that there are ample accomodations for all. A survey of the town is being made. Generous responses are being made by all approached and the committee is convinced that no one need worry about the matter of accomodations—there will be plenty of room for everybody.

W. A. CLARK BACK ALSO

W. A. Clark, '97, now instructor in psychology at the Stevens Point Normal, writes that he plans to be here for the celebration.

Hello! Everybody

We want you all to
come to River Falls
for the big time
June 2, 3, & 4.

And while you are
here, come in and
say, "Hello."

AGRICULTURE FIELD DAY

Friday, May 16

Graduates of the Agricultural course will be interested in the plans for the Field Day activities arranged by the Agricultural Department. This is an annual event and provides training in a type of work not possible in the class room. A great deal more than teaching classes is required of the agricultural teacher. Conducting community fairs, organizing demonstration teams, and club work are forms of activities expected of the agricultural man. The events of the Field Day are planned to give practice in that work.

The plans for the day include:
Demonstrations—

High schools are giving a great deal attention to this work. Groups of two or more students select some practical farm problem and demonstrate the methods of solving it. There are twelve demonstrations this year, making it necessary to give some Thursday evening. The following demonstrations will be given: Pruning and Spraying Fruit Trees; Dressing and Curing Pork; How to Secure a Stand of Corn; Management of the Dairy Herd; Breeds of Poultry; Garden Management; Alfalfa; How to Market Farm Products; How to Fit an Animal for Showing; Rafter Cutting; Operating the Plows; Operation of the Grain Binder. A number of these will be given on the Old Athletic Field.

Calf Fitting Contest—

Some weeks ago a number of students selected a calf from the Normal Dairy Herd and have been devoting a great deal of time to fit it for the show ring. This provides valuable training for teachers who will work with Boys' and Girls' Calf Clubs. The animals will be judged Friday afternoon from the standpoint of fitting and handling in the show ring.

Dairy Cattle Show—

The entire herd of dairy cattle owned by the Normal School, amounting to forty head, will be fitted and shown. The students have been di-

No books will be held over for later distribution on credit.

Carroll J. Brown,
Business Manager.

vided into two groups, one showing the Holsteins, the other the Guernseys. A great deal of rivalry has been worked up. This should be one of the features of the day and will undoubtedly interest farmers as well as students. This event is scheduled for three o'clock.

Judging Contests—

Contests in judging corn, potatoes, grains and dairy cattle will be conducted.

Educational Exhibits—

In connection with community fairs it is possible to call attention to certain farm problems by well planned educational exhibits. In order to encourage this work, prizes have been offered for the best educational exhibits that will be seen:

- How to Make the Home Flock Pay
- How to Market Successfully
- How to Combat Plant Diseases
- And many others.

FORMER LIBRARIAN COMING

Miss Lovila Mosher, former librarian, who has been spending the winter in California, writes that she does not plan to miss the Reunion.

ERLANDSON BACK TOO

Ray Erlandson, '14, former instructor in public speaking, writes that he will be on deck. Ray is now assistant Secretary of the N. E. A., his chief being his former President, J. W. Crabtree.

BASKETBALL STAR COMING

Milt Kreuger, '19, former basketball star and member of the state championship team of that year, who is now teaching at Wells, Minn., will be here for the doin's.

EXCHANGES

Milwaukee—

One of the men was practicing for track at ten o'clock one night down his street. The neighborhood cop approached and asked him his reason. Being unable to convince the police that it was for track, he was taken to the police station.

Eau Claire—

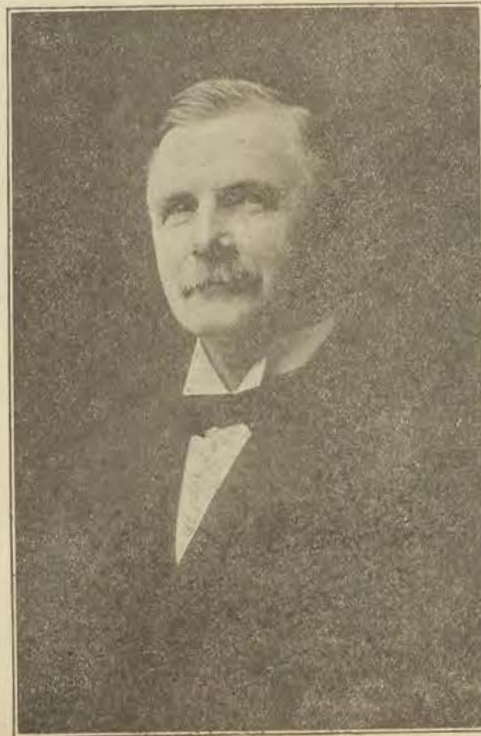

Professor Ames died suddenly recently following an attack of diabetes immediately after his return from Madison where he attend the Normal teacher's convention. He was principal and superintendent for fifteen years of the River Falls Public school.

One of the clubs put on a clever parody of Shakespeare's seven ages of man. The various ages were Cabbage, Sauce-age, Man-age, Mare-age, Garbage, Pill-age, Post-age.

La Crosse—

Second place in the meet of the Northwestern Gymnastic Society held at the U. of M. was earned by La Crosse Normal. Last year they took eighth place.

L. H. Clark Expected Back

Members of the alumni who were in school during the years 1892 to 1920 will be glad to learn that Mr.

L. H. Clark, former instructor in mathematics, is expected back for the Semi-Centennial.

The Sign of The Golden Star

Annette Lanckton visited relatives in Hudson last week.

Wilma Urness went to the city Sunday with the Tubbs family.

Leroy Kappler, Carol Mathews, Virgil Volla, and Bessie Newell went to the cities Sunday to a show.

Marian Woods had as her guest at the Prom and during the week-end, Adolph Timmermann, who is attending the Minneapolis School of Fine Arts.

It was neglected in the last issue to mention the election of the captain of the baseball team. This event took place just previous to the Macalester game. Roy Keyes, receiving practically every ballot cast, deservedly won the honor of piloting the team this season. This is Keyes' third season as moundsman for the Red and White nine. He has been a consistent and dependable player at all times and never fails to be credited with a favorable number of strikeouts in every game.

Evidently our track team will not be able to compete with any other track team this season. Coach Eggebrecht has tried his best to arrange for a track meet, but has received nothing but disappointment for his efforts. It was impossible to schedule with any of the near-by normal schools. Stout and Eau Claire failed to put a team in training for this form of athletics. Attention was then turned to the Minnesota colleges. A meeting was arranged with Shattuck Military Academy of Faribault, but this institution cancelled the date on late notice. Finally Macalester was scheduled for May 14. They were forced to cancel this date for the reason that they must participate in a postponed meet of last week and two other previously arranged contests before the state meet of Minnesota, which will take place next week.
