

Students Will Receive Awards, Scholarships on Honors Day

Thursday, May 28, has been set by the Student Senate as the day when students of the college who have attained outstanding achievement in campus activities will be given recognition at an all school assembly.

Those students who have achieved the honor of doing work far surpassing what was required of them and those who have, through their work succeeded in strengthening the prestige and worthiness of the college, its student body and all concerned, will receive such awards as Alpha Psi Omega, Athletics, FFA, Music, Publications, Who's Who, etc.

In addition to these Recognition Awards, scholarships will be given to deserving students. Other awards will be the Senior Gold "R", P.E.O., Sophomore Silver "R", honorable mentions and others.

The commencement committee has the job of organizing the Honors Day fete. The college deans, officers and advisors of the Junior and Senior Class will be in charge of setting up the Honors Day program. The program has been outlined and will last throughout the day. The awards will be presented at 2 o'clock p.m. and following this the freshman class has planned an all-school picnic to be held on the South

 June 1-5 Final Exams.

Assembly Kills Integration Measure

The Wisconsin state assembly refused Wednesday to change its vote killing the proposed one-board bill for the state colleges and the University of Wisconsin. Governor Kohler's integration bill was defeated 56 to 41, almost by the same vote as killed it a week previously, 56 to 42. Three hours of arguments and a week-end of pressure from both sides failed to change the outcome.

The Student Voice

MONDAY, MAY 18, 1953

WISCONSIN STATE COLLEGE
 RIVER FALLS, WISCONSIN

VOLUME XL, NO. 16

River Falls to Graduate 142 Students; J. O. Christianson Principal Speaker

Commencement exercises for 142 students will be held on the lawn of North Hall on Sunday, May 31. Principal speaker will be J. O. Christianson, Superintendent of the School of Agriculture at the University of Minnesota.

The program, which will include selections by the college choir, will begin about 2:00, preceded by the academic procession at 1:45. Diplomas will be presented by regent Dr. Chalmer Davee. Thirteen students will receive degrees in liberal arts, 102 in education; there are also 12 three year elementary graduates, and 15 two-year rural graduates.

Immediately following the graduation ceremonies there will be a senior-alumni reception on Old South Campus, for graduates, their parents and guests. The reception will be sponsored by the Junior class, who will invite under-class girls to act as hostesses at the reception, and to serve coffee and punch.

Rehearsal for Commencement will be held at 3:00, Monday, May 25, in the auditorium.

The Faculty-Student-Alumni Banquet will be held on Saturday, May 30, at 6:30 p.m. in the South Hall gymnasium. Honored classes will be those of 1928, 1933, 1938, 1943, and 1948, but other alumni will be welcome. The Junior class will be in charge of the banquet, and members of the River Falls chapter of the RFSC Alumni Association will assist in preparations.

J. O. Christianson

FOUNDATION LENDS MONEY FOR PURCHASE OF ADDITIONAL LAND

Because of the River Falls State College Foundation, the college has 80 additional acres of farm land. The land has just been purchased by the Wisconsin State College Building Corporation on a loan of \$8500 from the Foundation.

The college farm will repay the loan in twelve installments. The Foundation will also receive 3 1/2 percent interest.

The need for additional land has held a high priority in the plans for the future development of the agriculture department at River Falls. The State Planning Commission recommended the acquisition of 80 acres of the Pederson farm adjoining the college farm on the east.

John May, head of the agriculture department said, "This will give the college a more efficient farm unit and, with the addition of sheep and beef cattle, allow us to carry on an even better training program for agriculture teachers."

President E. H. Kleinpell commented, "The Foundation has proved its worth. It has contributed to the growth and expansion of the college. Had it not been for the funds in the treasury of this alumni association we could not have taken advantage of the opportunity to purchase part of the Pederson farm."

Seven Instructors To Leave RFSC

Seven RFSC instructors have resigned their positions on the faculty, the administration announced last week. Hardest hit is the campus school which will lose four instructors.

Dr. Ted Clymer, fifth grade instructor, has resigned to accept a position as assistant professor of education at the University of Minnesota. Dr. Clymer, who received his B. S. degree at River Falls, received his doctor's degree at the university in December.

Mrs. Phyllis Gutzler, kindergarten instructor, who was married to Dr. Philip Gutzler, local physician, during Christmas vacation, has resigned her position "in favor of housekeeping."

Robert Kline, sixth grade instructor in the campus school, has resigned and will accept a position in visual education in California.

Mrs. Adeline Patton, third grade instructor, and Miss Cara Wharton, music instructor, are retiring

(Continued on page 4)

BINKOWSKI, GOTZ TO EDIT '54 MELETEAN

Dorothy Binkowski and Marguerite Gotz, will be the co-editors of the Meletean for the school year of 1953-54. The appointment was announced by the Student Senate last week.

Marguerite, a freshman from River Falls, is majoring in English. She is on the Student Voice staff and belongs to the Newman Club.

Dorothy, a freshman from Elmwood, is majoring in English and speech. She appeared in three plays this year: "Macbeth," "Arms and the Man," and "Medea." She is on the Voice staff and belongs to Masquers, Newman Club, Young Democrats and the German Club.

Margery Deans William Verkuilen Julianne Ryan

Senate Adds Two New Members, Elects Margery Deans President

Margery Deans was elected president of the 1953-54 Student Senate at its regular meeting last week. Margery is the first girl to be elected Senate president in many years. She is a junior from Hammond, majoring in English and social science.

Other officers for next year elected by the Senate were: Bob Guldner, vice-president; Rita Ruenmele, secretary; and Jenny Sue Garnett, treasurer.

Julianne Ryan, junior, and Bill Verkuilen, sophomore, became the newest members of the 1953-54 Student Senate recently.

Julianne was chosen by the Senate to replace Gayle Moen,

elected in the all-school Senate election in April. Moen's election as president of next year's sophomore class automatically gave him a seat on the Senate, so the group chose Julianne, who came in fifth in the all-school vote, as a new member. She is majoring in elementary education and comes from Hudson.

Bill Verkuilen qualified for the Senate when he was elected president of next year's junior class last week. Bill is majoring in agricultural education and comes from Hatley. Other officers elected by next year's juniors were Ambrose Suess, vice-president; Eldon Skogen, secretary; and Stan Lehman, treasurer.

Jim Cerello Named Student Voice Editor

Jim Cerello, junior, has been appointed editor of the Student Voice for the 1953-54 school year. The appointment was made by the Student Senate at its regular meeting last week.

Jim has served on the Student Voice staff for three years. He is business manager this year and has written many feature articles for the editorial page.

Jim is majoring in speech at RFSC. His home town is St. Croix Beach, Minnesota, where he is proprietor of "The Trading Post," a grocery store. He is

James Cerello member of Pi Kappa Delta, debate fraternity, and directed "Medea," a Greek tragedy, earlier this month.

Patricia McCollow, a junior from River Falls, will be business manager of the Student Voice next year. Pat is majoring in elementary education and is active in Sigma Chi Sigma, the Newman Club, and A.C.E.I.

Bloodmobile Here May 25

The Red Cross Bloodmobile will be on campus on May 25 for collection of urgently needed donations of students and faculty. Those under 21, are requested to bring parental permission blanks and turn them in to either the deans office or just before donations are given.

Jensen to Present Russian Play, 'The Boor,' Wednesday, May 19

Anton Chekhov's play, "The Boor," will be presented Wednesday evening at 8 p.m. in the Social Room of South Hall.

"The Boor," under the direction of Robert Jensen, stars Herbert Voss, Betty Kostka, and Jules Shern.

"The Boor," first produced in 1888, is a delightful comedy revolving around a boorish creditor who bullies a woman vowed to perpetual widowhood and finally finds himself proposing to her after she has given him a taste of her spirit by consenting to fight a duel with him.

A different type of staging will be used in presenting the Russian play. Mr. Jensen is using central staging because he feels that it brings the audience into closer contact with the actors, and he adds that this type of staging is growing tremendously popular throughout the country.

Refreshments will be served immediately following the play.

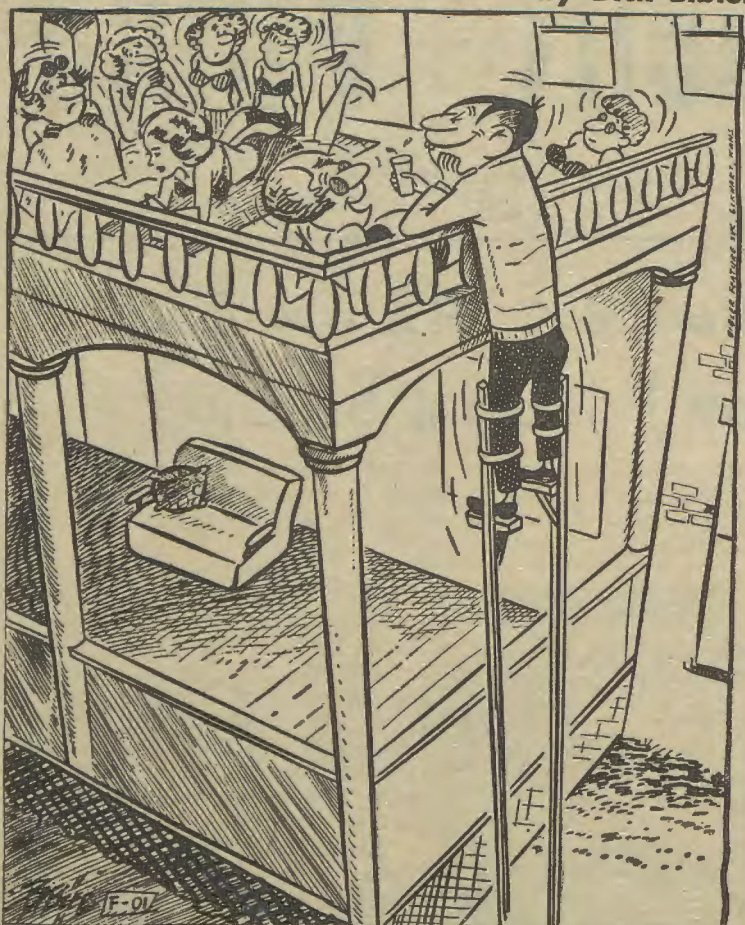

Betty Kostka and Herb Voss have the leading roles in "The Boor."

Final Examinations Begin June 1

Schedule of Classes	Examination Hour
Monday, June 1	
First lecture meeting Mon. or Wed. at 8:00...	8:00-10:00 a.m.

LITTLE MAN ON CAMPUS

by Dick Bibler

"Lemonade! What a cool thought for a hot afternoon, Worthal!"

HERE SINCE 1925

Miss Wharton, Mrs. Patton

To Retire At End of School Year

by Gladys Sigvaldson

A slim quick figure flitted across the campus at dusk, with head erect, with step decided as though a goal in view. Said a student to another, as they stood idly by the corner mailbox, "There goes Miss Wharton, late as usual after finishing a lesson."

The other student (female) also peered through the deepening dim gathering 'round. "You're wrong. That's Mrs. Patton, late from one of her supervisory meetings. I know, I've been there." They never did decide the identity of the swiftly-moving figure, for it quickly disappeared around a corner.

But future students will never need to argue about it, for, when the fall term begins, these slim quick forms will have time to saunter across the campus, time to be identified at leisure. And they both want to do just that thing when they retire this year: keep in contact with RFSC and never depart from knowing the youth of the school whose ideals they have both fostered.

Mrs. Adeline Patton will then be the former third grade supervisor who will have time for rest and relaxation, time to make plans for the future and time to enjoy her pleasant little home with its pretty surroundings.

Mrs. Patton is a native of River Falls and attended the campus school as a student. She attended Columbia University and the University of Wisconsin, where she received the Bachelor of Philosophy degree. She has taught at

Wausau, Madison, River Falls High School, Duluth Branch of the University of Minnesota, and Washington University. She began teaching in the campus school in 1925. She was made an honorary member of Kappa Delta Pi this year.

Miss Cara Wharton will be the former music instructor who will do some teaching at home, cultivate her favorite flower, the rose, as a hobby, continue playing the organ at church on Sundays, have time to visit with relatives and friends.

Although she did not begin full time teaching here until 1926, Miss Wharton gave lessons on a part time basis at RFSC a year earlier. During her career here she has taught piano, organ, and voice, directed the girls glee club for a number of years, and the mixed chorus for two years. Her musical training was gained at the MacPhail School of Music, Minneapolis; the New England Conservatory of Music in Boston; and the Glenn-Dillard-Gunn School of Music in Chicago.

"What are you going to do, Miss Wharton?" "What are your plans, Mrs. Patton?" Many times they are questioned so in friendly in-

Opportunities Excellent

There's a Job in Your Future

The job market for college graduates is booming. The graduating senior this year will find himself in the pleasant position of being able to pick his job from among many offers. What is the reason for this unprecedented boom?

The economy of the United States is now operating at record-breaking levels. High consumer purchases, new construction, capital investment in new plants and equipment, and deaths and retirements at the top of the occupational ladder, which create large numbers of openings at the bottom—all these forces are operating at the highest levels in our history, and are likely to continue so for a number of months to come. A further incentive is provided by the demand for military goods and equipment for national defense. The low birth rate of the 30's has also helped to reduce competition for the multitude of jobs.

What's the outlook in your field?

Want to be an engineer? Opportunities are excellent, both for graduates and experienced men and women. An average of about 30,000 new engineers per year will be needed, and the shortage is in all fields.

Demand for personnel in the natural sciences has increased sharply during the past 2 years. The demand in the area is expected to exceed the supply for several years, as the defense program continues.

Employment opportunities for chemists are greatest in manufacturing industries like chemicals, petroleum, rubber, food, and paper. They are also in demand in consulting laboratories, non-profit research institutes, hospitals, and mining companies.

Physicists, particularly those those with advanced training, have been in particular demand in the defense program. Opportunities are especially good for young physicists in nuclear physics,

electronics, quantum theory, atomic and molecular physics.

Experienced geologists and geophysicists are needed in the petroleum and mining industries. Meteorologists who are prepared for research work are finding good employment opportunities. Oceanographers capable of carrying on research work are also in great demand.

TEACHING. The demand for elementary school teachers is greater for 1953-54 than for last year. Over a million additional children will enter the elementary schools and add to the already swollen enrollments. The supply of new teachers to meet this great demand is slightly lower than it was last year. A good 35,000 college students will meet the requirements for grade-school teaching in June, and many times that number are needed for new positions and replacement of experienced teachers leaving the profession.

At the high school level, the supply of newly-trained teachers has dropped significantly each year since 1950. This year vacancies exist in subject fields as: home economics, girls health and physical education; agriculture, industrial arts, and certain physical sciences. The demand for

high school teachers is expected to rise slowly over the next several years, and will reach extremely high levels near the end of the decade.

Salaries for teachers are continuing on the up-grade. Average salaries for all classroom teachers for 1952-53 were about \$3,400, with 13% averaging \$4,500 or more. Lowest salaries are found in some Southern states, and states with a high percentage of rural schools. Highest average salaries are in New York, California, and Delaware.

Shortages of physicians and dentists existed even before the present mobilization program was begun. Demand exists also for physical therapists, occupational therapists, pharmacists, dieticians, public health nutritionist, medical laboratory technicians, veterinarians, and psychiatric workers.

There is a critical demand for nurses. Average salaries per month in 1949 for nurses were from \$205 to \$256. Average annual salaries in 1952 ranged from \$2,730 to \$3,588.

Lawyers who have specialized in tax, patent, administrative, admiralty, or international law are particularly in demand.

An expanding field, and one which offers a variety of specialization, is that of social work. Median annual salaries in 1950 ranged from \$2,960 for case or group work, to \$3,710 for teaching and research.

This is a brief picture of beginning opportunities in the business world, for the trained worker. One of the reasons college graduates are preferred in so many fields is their potential to keep advancing.

(Note: The above information was released recently in an open letter from the Secretary of Labor, Martin P. Durkin.)

From our Files

One Year Ago

Dr. E. B. Fred, president of the University of Wisconsin, was to be the speaker at RFSC commencement exercises on June 1.

Two Years Ago

213 students were to receive degrees at the third annual commencement. The Masquers presented "Hedda Gabler." Jack Hanson was elected president of the Student Senate.

Three Years Ago

Jim Dan Hill, president of Superior State College, was to speak at the annual commencement exercises. The first "Rec" Day was held, consisting solely of intramural sports.

Four Years Ago

Miss Irma Hathorn, Dean of Women for 29 years, announced her plans to retire. The Masquers presented "Angel Street."

Eleven Years Ago

The defense bond and stamp drive sponsored by the Student Senate reached the total of \$1,737.60.

terest. Now the sixty-four dollar question is answered. In big capitals, to the joy of all, comes this reply from each: "I AM STAYING IN RIVER FALLS. THIS IS MY HOME."

The Critics' Column

Greek Night

by Dr. F. P. Chisholm

"Greek Night" presented to a fair-sized audience two student-directed plays.

The "MEDEA" of Euripides tells the story of the revenge which a barbarian princess, discarded by Jason to pave the way for an advantageous marriage, takes upon the man she still loves but also hates. The text was intelligently cut, so that the action moved swiftly.

Marie Holmes, as Medea, played a difficult role, and suggested convincingly the desperate half-mad hatred which Medea feels for Jason. If her performance was too unrelievedly "stagey", it must be considered that she was portraying the most stagey and immoderate of all classic heroines.

As Jason, Gayle Moen brought out to the audience the complacency and self-righteousness of that hero's attitude toward Medea.

It cannot be said that the cast brought out some of the finer ironies of the play, but they did leave the audience with the divided feelings toward the characters which Euripides undoubtedly intended. Altogether, it was a good performance of a difficult play.

"HELENA'S HUSBAND" lightly satirized the solemnity of the Greek myths, suggesting that Menelaus was only too glad to have the beautiful Helena kidnapped, and went reluctantly to war to get her back. The performance was swift and gay.

Betty Wiskerchen, as Helena, showed a talent for gay comedy which her roles in previous plays have not given her an opportunity to display. The whole atmosphere of "things are not what they are represented to be" was sustained throughout by an able cast and by the excellent timing.

The program was indeed an interesting and successful experiment by the Bohemians.

'Arms and the Man'

by Jim Cerello

The Masquers presentation of Shaw's "Arms and the Man" last

Wednesday evening, directed by Dr. Blanche Davis, was as excellent as any play given this year.

The audience's reaction indicated that they most enjoyed the performance turned in by Marlene Martalock who played Madame Petkoff. Her action and timing was superb. Orlan Larson did a convincing and amusing job as the harassed husband.

Marilyn Murphy's gay vitality added much to the mood of the play as did John Bos's poignant remarks. The animal magnetism of Herb Voss and Dorothy Binkowski somewhat weakened the romantic significance of the leading characters but both did a fine, effortless job of acting.

High School Band Concert

by Myron Gayle Moen

Last Thursday morning at an all school assembly followers of fine band music were given an ear lifting hour and fifteen minutes of seemingly professional music. The director, Howard Elliott, a River Falls graduate, led the band in perfect precision.

River Falls students seemed to like one number in particular, "Night Beat". This number painted a musical picture of a person walking through various districts of New York, such as the Latin quarter, Chinatown, the Waterfront, Harlem and Times Square.

From the college applause, the Chippewa Falls High School band could tell that their appearance at River Falls was truly a success.

Mother Hubbard Heralds Festive

Functions Preceding Commencement

by Mother Hubbard

Graduation week this year promises to be the most jolly ever, kiddies, with oodles and oodles of entertainment in the planning for your enjoyment.

Beginning the week's activities next Monday evening will be the annual "Get Acquainted Night", at which advisors will meet with advisees for the first time to discuss points of major endeavor. Teas will follow the evening of lawn-sitting at each advisor's home.

Prominent people in various fields will be on campus all week to discuss with graduating seniors their place in the cold cruel world. A special series of lectures, "When You Leave Your Ivory Tower", has been arranged for this week, and are compulsory for all graduates.

Honors Day this year will see several new awards given. Gold "R"s will be given all seniors who have eaten four years at the cafeteria. A new scholarship will be presented to the most cultured sophomore girl by the Wednesday Club. Seniors who have never had a library fine will receive gilt-edged bookmarks.

The cafeteria announces that the gift of the class of '53 has arrived—absorbent place mats, with etchings of campus sights on them. The place mats will be put into service immediately.

Graduation day itself will begin with registration at 7 a.m. and continue with the administration of tests throughout the forenoon. Although no attempt is being made to have commencement festivities rival those of the coronation later that week, a gay time is planned for all.

Faculty members will be radiant in their new robes, specially bought for the occasion. The robes are of silk fraille, with gathered sleeves, pleated bodice, and detachable hoods. Bitter controversy has arisen over whose hood is the prettiest, and rumor has it that the Ed. D.'s are jealous of the Ph. D.'s. Heads of departments will be allowed to wear the coveted gold tassel on their caps. In protest, those who are not heads will wear none at all.

The commencement ceremony will take place in the cornfield behind Hathorn Hall. The occasion will be similar to a garden party, with graduates wearing caps and leotards receiving their degrees at the head tea table. Informal chatting and tours of the campus will complete the day. The spectacle is open to the public.

INTRAMURAL GOLF TOURNAMENT TOMORROW

The intramural golf tournament for both men and women will be held tomorrow, Tuesday, afternoon. If you intend to enter the tourney sign up immediately on the bulletin board in South Hall.

There will be prizes given to the winners of different events. Included in the events will be low score, longest drive on one hole, least putts, etc.

The softball league has been divided into two sections. This has been done to speed up the season so that it will be completed before school ends. Winners of each league will play-off for the all-over championship.

Contrary to previous statements there will be no tennis tourney. This event had to be cancelled due to uncontrollable circumstances.

The cleaning up of the old trailer court west of South Hall was just one of the many cleanup jobs done by River Falls students on their annual "Rec Day" May 12. A softball game in the afternoon and an evening dance climaxed "Rec Day" activities.

KAAA to Feature Rita Dostal in Car Mishap

To be broadcast over radio station KAAA in Red Wing Wednesday is a recording of the Toonful Tutors orchestra made when they played for the Rec Day dance Friday evening. This is one in a series of broadcasts from the college each Wednesday from 1:30 to 2 o'clock.

Rita Dostal in Car Mishap

Rita Dostal, freshman from Rice Lake, is in a hospital in Red Wing with serious injuries suffered in an automobile accident on May 6. Rita was a passenger in a car driven by John Magee of Prescott returning from a dance at Ellsworth when the car was forced off the road about two miles out of Ellsworth.

Although she has regained consciousness, her injuries are serious and she will be confined to the hospital for some time.

Official Notice

All men students who plan to return next fall should sign rental agreements with their housemothers before leaving this spring. In case the students is called to service and is unable to return next fall the agreement may be cancelled anytime before September 1 by writing directly to the house-mother.

FALCONS CLOSE SEASON AT LA CROSSE MAY 26

Wednesday and Saturday, May 20 and 23, the Falcon baseball team will play home contests. On Wednesday Stout provides the opposition in a single game, while on Saturday the Winona Peds come to town for a double header.

RF Dumps Stout, Bows to Eau Claire

River Falls won its first baseball game of the 1953 season when it defeated Stout Institute 11-5. After losing to Eau Claire and Mankato the Falcons opened up and won the Stout game going away.

Inning number one saw RFSC get three runs to Stout's none. From this point River Falls scored almost every inning. Stout collected one in the second and a pair of runs in the fourth and sixth innings.

RF collected a total of 14 hits. Rudesill, Eckhardt, Hoffman, and Route each collected a pair. The winning pitcher, Essen, went eight full innings and was relieved by Vandehay in the ninth.

RFSC added to its lost column Tuesday, May 12 by bowing to Eau Claire State College 4-1.

Anderson, pitching for Eau Claire, went the full nine innings and hit a triple to drive in the tie-breaking run. Vandehay went the route for the Falcons. For seven innings, River Falls played an all-around good game. Each team scored a single run in the seventh. In the last of the eighth Eau Claire contributed three runs on a hit, two walks, and a pair of errors.

On May 26, the Falcons travel to LaCrosse for another double header to finish the season.

So far Coach Solley's team has only managed a 1-4 record in league play. However, this has been due mainly to Falcon fielding lapses. For example in both Eau Claire games RF outthit them but lost 9-4 and 4-1.

Against Eau Claire last time Vandehay gave up only four hits but lost by 4-1. Essen and Route have also shown spurts of good mound form.

Rudesill, Route and Hoffman have all been showing good form at the plate. While in the field only Burgoyne and Linehan have proven themselves.

On Saturday, May 16, both the golf and track team went to Mankato for an Interstate League meet.

 2. Request Registrar to send Form 109 (statement of class standing) to local draft board.
 3. Find out Selective Service test score from local draft board.
 4. If S. S. test is 70 or above and/or class standing is such that you are deferable and you received a 1A classification, make an appeal for reclassification within 10 days.
 5. If you have any questions or need help contact the Dean of Men.
- Reclassification of students will be done about July 1.

Toastmasters Elect New Officers

At the final meeting of the year, a banquet at Glen Park Lodge, the Toastmasters elected officers for next year. Heading the group will be William Jensen. Other members elected to office include William Lindenburger, vice-president; Richard Granum, secretary; Donald Carew, treasurer; and Thomas Benson, sergeant-at-arms.

The winner of the finals of speaking contest was also William Jensen. Other speakers in the competition were Richard Granum, Robert Granum, and Donald Schoedel.

Instructors Resign

(Continued from page one) this year. Both will continue to live in River Falls.

Virgil Kroeger, social science instructor is also leaving River Falls. Bernard McCarthy, whose position Mr. Kroeger has filled this year, is returning to RFSC after a year's leave of absence to study at the University of Minnesota.

Also leaving will be Stratton Martin, who has taught French at River Falls in the place of Leslie McKeen. Mr. McKeen is returning to River Falls in the fall after two years leave of absence to study at Columbia University, New York City.

YM-YW to Hold

Joint Election Tomorrow

The YM-YW election will be held Tuesday, May 19, from 9 a.m. until 3 p.m. on the first floor of South Hall. The candidates are as follows: President, Tom Benson, Shirley Stehr; Vice president, Mark Haugsby, Norma Dierks, Jenny Sue Garnett; Secretary, Jim Rupert, Roger Hammer, Darlene Ruhnke; Treasurer, Berkley Larson, Nola Madson.

RYAN TO HEAD C.W.A.

Julianne Ryan, junior, was elected president of the College Women's Association for next year recently. Margery Deans, junior, was elected vice president; Kathy Miller, sophomore, was elected secretary; and Mary Doolittle, sophomore, was elected treasurer.

Stones Add Pebble

Dr. and Mrs. L. Gordon Stone announce the birth of a daughter, Cynthia Gail, at the Hudson Memorial Hospital on May 6. Dr. Stone is the chairman of the professional division at RFSC.

The Stones have three other daughters, Marilyn, Susan, and Rebecca, and one son, Rodney.

Fraternity Elects Nelson

Eta Lambda chapter of Kappa Delta Pi elected a new slate of officers at its monthly meeting on May 13.

New officers are: president, Allen Nelson; vice-president, Anton Sendelbach; secretary, Julie Ryan; treasurer, Ethel Newberg; and historian-recorder, Margie Deans.

New members will be initiated early in the fall term of the coming school year.

King John Oedsma and Queen Ida Larson led the grand march at the RFSC Spring Prom May 9. Behind them are Don Schoedel, and his date, and Mr. and Mrs. Louis Kollmeyer.

YEARS AHEAD OF THEM ALL!

1. THE QUALITY CONTRAST between Chesterfield and other leading cigarettes is a revealing story. Recent chemical analyses give an index of good quality for the country's six leading cigarette brands.

The index of good quality table—a ratio of high sugar to low nicotine—shows Chesterfield quality highest

... 15% higher than its nearest competitor and Chesterfield quality 31% higher than the average of the five other leading brands.

2. First to Give You Premium Quality in Regular and King-size . . . much milder with an extraordinarily good taste—and for your pocketbook, Chesterfield is today's best cigarette buy.

3. A Report Never Before Made About a Cigarette. For well over a year a medical specialist has been giving a group of Chesterfield smokers regular examinations every two months. He reports... *no adverse effects to nose, throat and sinuses from smoking Chesterfield.*
