

Senate Elects Richardson to Presidency

New officers for the Student Senate for the coming year were elected by the Senate at the regular meeting last Monday.

Those elected to assume the responsibilities of the various Senate offices are Bob Richardson, president; Larry Feltes, vice president; Dennis Haller, treasurer; Linda Kirk, secretary; Wayne Hendrickson, SAC president. Unanimous ballots were cast by the Senate for the offices of secretary and SAC president.

Other appointments were also agreed on by the Senate at the last meeting.

Co-chairmen for next year's Homecoming were interviewed and the following were selected: Ed Churchill, Lee Zaborowski and Leslie Dahms.

Wayne Hendrickson, Bob Richardson, Jill Kampf and Fran O'Connell were elected to serve on the personnel committee.

New members selected to serve on the concerts and lectures committee for next year are Muriel Hanson, Tom Brucks and Wayne Hendrickson.

The appointment of Darlene Erickson and Mike Vaughan as co-editors of the 1962-63 Prologue, quarterly literary magazine on campus was approved by the Student Senate at their May 7 meeting. Miss Erickson, a sophomore from Rice Lake, is a speech major. Mr. Vaughan, a St. Paul freshman in the pre-journalism curriculum, has been co-editor of the Prologue this year with Fred Trautmann.

Graduating Class To Hear Wyman

When Dr. Walker D. Wyman gives the commencement address on June 3—one of his last official duties at River Falls—he will speak to the largest graduating class in the history of the College.

A tentative list from the Registrar's Office indicates that 282 candidates for degrees will be awarded diplomas at the commencement exercises, 32 more than last June.

Dr. Wyman has been named president of Wisconsin State College at Whitewater, succeeding Robert G. Williams, who will retire July 1.

Included in the graduating class will be 86 seniors in secondary education, 30 in elementary education, 70 in liberal arts, 36 in agricultural education and 10 in non-teaching agriculture.

Events of the commencement weekend will include: A luncheon at noon Saturday, June 2, in Hagestad Student Center for members of the Class of 1922; a

luncheon at 1 p.m. Saturday; also in the Student Center, for the Class of 1912; the annual Senior-Alumni-Faculty Banquet at 6 p.m. Saturday in the Student Center, with Dr. Richard Delorit serving as toastmaster; and the graduation exercises at 2 p.m. Sunday in Karges Physical Education Center.

Speaker at the Saturday night banquet will be E. P. Rock, superintendent of schools at Hudson and president of the River Falls State College Foundation since its inception in 1946.

The fourth annual Distinguished Alumnus Award will be presented by the College at the commencement exercises Sunday. The recipient will be introduced at the Senior - Alumni-Faculty Banquet Saturday night.

Previous winners of the award have been the late Dr. Dean Smith of La Crosse in 1959, Miss Helen Parkhurst of New York in 1960 and Raymond Powell Ensign of Monterey, Mass., in 1961.

Dark Day Forces Ceremony Indoors; Falcon Is Dedicated Just The Same

A two-year project came to an end last Thursday as students, faculty, alumni and friends gathered to dedicate the bronze falcon which was recently completed and mounted on the north wall of Karges Center.

Although threatening weather conditions forced the ceremonies to be held indoors, the clouds did not darken the praise rendered those who had had a part in this project of the Foundation Committee.

Dr. E. H. Klempell, President of the College, congratulated the Foundation Committee for its success, and to all those who had participated in making the falcon a reality he said that it was "a job well done."

John Rood, sculptor of the bronze symbol, expressed some of his thoughts concerning the bird. He explained once more that the position of the falcon is not meant to represent a downward trend in the achievements of the College, but rather represents the falcon at work, as it swoops down for its prey.

During the construction of the falcon, Mr. Rood said, he was quite nervous as to the outcome, as the whole thing had to be made piece by piece. He was never quite sure just how it would look on the wall, he said, but that now that it is completed and mounted, he is well pleased with the results.

Mr. Rood indicated that the mounting of the bird was quite an experience. He stated that although the climbing over the scaffolding "kind of did me in," he had recovered. He also said that the comments he had overheard while in the process of mounting the falcon were quite interesting. One in particular was the comment made by one student to another; "Another airplane crash!"

In his final remarks Mr. Rood said that one of the greatest pleasures he had had while working on the project was meeting so many people. He concluded by stating that he hopes that the bronze symbol "will bring victory in all good things to the College."

President of the River Falls State College Foundation, E. P. Rock, extended his congratula-

tions to Mr. Rood and stated that he was "happy to see the culmination of this project."

R. A. Karges, professor emeritus for whom the building on which the falcon is mounted is named, stated that the emblem is a "very suitable end for the devotion and forethought of the constituency."

Maynard E. Hoffman, mayor of the city of River Falls, stated that he felt a project like this one is good civil training for students, faculty and alumni alike. He said that he hopes the dedication of this bird will put more enthusiasm and spirit into the school. He expressed his congratulations on this project and said that he hopes that "someone dreams up some more ideas that have the merit of this one."

Wayne Hendrickson, representing the student body of River Falls State College, congratulated the Foundation Committee for the fine job they have done. He also stated that he feels the falcon acts not only as a continual symbol of the College, but also as a symbol of the student body at any given year.

Bob Richardson, chairman of the Student Foundation Committee, stated that he sees the falcon "not only as a symbol of our College, but also a symbol of what makes our College what it is and what it longs to be." He also said that the co-operation of all those involved in the project was essential and concluded with these words to all who had participated: "Thank you and keep it up."

Left, Mr. Rood speaks; above, the finished product; below, Mrs. John Rood and Foundation Committee members, Bob Richardson, James Murphy, Dr. Walter Engler.

Ticket Sale Now on for 'Menagerie'

by Doris Pechacek

"The Glass Menagerie," written by Tennessee Williams and under the direction of Ronald Perrier will be presented Thursday and Friday, May 17 and 18, in the Little Theatre at 8:15 p.m. Tickets are now on sale in the Student Center Bookstore.

"The Glass Menagerie" will bring to you a story of three people brought back in a memory by Tom Wingfield. Tom, played by Jerry Halvorson, is a poet with a job in a warehouse. He tries desperately to escape from the trap of a mother, played by Mildred Gustafson, who clings frantically to another time and place.

He also tries to escape from a sister, acted by Kathleen Kilbride, whose separation from life, due mostly to a childhood illness which has left her crippled, increases until she becomes like a piece of her own glass collection. It Tom is to get free from this trap he must act without pity.

The fourth member of the cast is a gentleman caller, played by Steve Hay. He could be Laura's way out but perhaps she is too much like her glass collection; "too fragile to move from the shelf."

Members of the Minneapolis Dance Repertory Group as seen during a program of modern dance presented by the group last Wednesday in an all-school convocation in North Hall Auditorium. The presentation featured Robert Moulton and Miss Gertrude Lippincott.

Piano Students Ready to Give Recital Tonight

The Music Department of River Falls State College will present a piano recital in North Hall Auditorium tonight, May 14, at 8 p.m.

Five students will share the program. They are: Millie Gustafson, senior from Ellsworth; Maxene Hexum, senior from Cameron; Cheryl Ramsey, freshman from Hudson; Helen Rudell, sophomore from Frederic; and Verona Schmidt, sophomore from Almena.

- The program is as follows:
- Variation on "Ah, Vous Dirais-je" ----- Mozart
 - "Nachstück" from Suite 1922 ----- Hindemith
Maxene Hexum
 - "La Villageoise" ----- Jean Philippe Rameau
 - "The Moon Rises" from 12 Short Piano Pieces -- Ernest Krenek
 - "Cris Danse la Rou" from Scenes d'Enfants ----- Federico Mompou
Millie Gustafson
 - Waltz in D-flat Major op. 64 No. 1 ----- Chopin
Melodie op. 10 No. 4 ----- Rachmaninoff
Prelude No. 3 ----- Gershwin
Cheryl Ramsey
 - Rhapsody in E-flat Major op. 119, No. 4 ----- Brahms
Danse ----- Debussy
Helen Rudell
 - Two pieces from Le Tombeau de Couperin ----- Ravel
Menuet
Rigaudon
Verona Schmidt

The Editor Speaks

It has been brought to my attention recently that the attendance at the various concerts on campus has been very poor. Of course, I suppose it would be pretty difficult to turn down a party at the Hollow to spend an hour or an hour and a half listening to a little music which is somewhat different from that heard 24 hours a day on KDWB.

Another point which has been brought up is that many of those who do attend haven't the faintest idea of how to dress for a concert or how to behave when they get there. Tuxedos and formal are not required, of course, but certainly bobby sox and FFA jackets are a little bit out of place. Entering or leaving the room during a number is uncalled-for behavior, as is whispering and talking almost out loud. Comments on the numbers are quite satisfactory, but should be held until between numbers, as conversation is disturbing not only to those performing, but also to others trying to enjoy the concert.

If you don't want River Falls to be considered a "cow college" why not try to prove that it isn't, for a change?

Announcements

PEM Club
Election of officers for the PEM club will be held at a meeting May 23 at 4:10 p.m. in Room 127 of Karges Center.

Pizza
A pizza supper, sponsored by the College Vets' Club, is being planned for Thursday, May 17, starting at 4:30 p.m. at the Legion Hall. Cost is \$1.25.

Math Club
The MATH Club will hold its annual spring picnic on Thursday, May 17, at 6 p.m. in Glen Park.

Tickets to the picnic are 25 cents to cover part of the cost. They may be obtained from Joan Lenselink, Marlyce Stunkel, Warren Torgerson, and Neal Prochnow.

This is the last meeting of the year and elections of next year's officers will take place.

LETTERS TO THE EDITOR

Dear Editor:
I was only mildly surprised to see that the Student Senate at River Falls has gone on record as officially supporting the establishment of social fraternities and sororities. But I was pleasantly pleased to note that you already have ascertained that the friendliness that River Falls is noted for is due to the lack of fraternities and sororities.

Let me add a firm "Second" to that. After attending River Falls for five years, during which time I made many trips to other campuses, I can vouch for our friendliness rating. That is due to the lack of frats and sororities is unquestionable.

At River Falls a person remains an individual and is judged as such. In a fraternity or sorority, his identity is lost. Wholesale statements are made and theories developed concerning the entire social organization that often do not pertain to some individuals at all.

There is ample opportunity to "Develop leadership qualities" in the many other fine organizations that River Falls offers.

"Communication between ad-

Students Attend ACEI Conference At Indianapolis

The 3rd annual Study Conference of the Association for Childhood Education International met on April 22-27, in Indianapolis, Ind.

Those representing the River Falls unit were Beverly Nielson of St. Paul, who is this year's president and Jim Schmidt of La Crosse, who will be next year's treasurer.

The opening address, "The Challenge to Learn in a Free World," was delivered by Ethel J. Alpern, professor of anthropology at New York University. Aspects of the address were then discussed simultaneously in assemblies.

The general sessions featured such prominent speakers as Oliver J. Caldwell, United States assistant commissioner for international education, and N. V. Scarfe, dean of faculty, College of Education, University of British Columbia.

Next Movie Tells About Mating Game

A successful farmer who has never filed an income tax return is visited by a tax collector in "The Mating Game," feature film to be shown Sunday, May 20 in the Little Theatre.

The film, to begin at 7:30 p.m. is filmed in Cinemascope and unrolls an hour and forty minutes of laughs.

Paul Douglas, who portrays the farmer, enlists the services of his daughter, played by Debbie Reynolds, to calm the tax collector, as played by Tony Randall. "Mating Game" was the first in a series of three hit productions in which Randall and Miss Reynolds co-starred.

ministration and student" need NOT be facilitated since the student-faculty relationship at River Falls already ranks as one of the best I've ever witnessed.

And to the best of my knowledge, River Falls has never had to take a back seat to anyone when it comes to "increasing school spirit."

Why run the risk of ruining one's reputation ("The friendliest school in the state") at the expense of establishing another which already exists ("The swingiest school in the land")?

Sincerely yours,
Ed "Swami" Schlumpf
Class of '60

Dear Editor:

It seems to me that the Student Senate could better concern itself with improving the present social conditions that exist upon this campus, rather than trying to create a situation that would divide this campus into several self-centered groups that would eventually form if a system of sororities and fraternities were begun at this college, as proposed by the Student Senate. The resolution passed by the Student Senate recommending and supporting the establishment of fraternities and sororities on the campus of WSC-RF was apparently made by a group of glory-seeking, self-centered individuals who wish to create an even larger group of snobs and self-centered cliques upon our campus.

The campus of WSC-RF has long had an honorable tradition of good, all-around student relations. We are not a collection of several snob groups that are present upon other college campuses where sororities and fraternities exist. This new attempt to form sororities and fraternities upon the River Falls campus is an attempt to turn the friendly rivalry that exists between dorms and classes in intramural sports and other events, into the bitter rivalry that exists between college fraternities, and to glorify certain individuals or groups.

We, as students of this college, cannot let an idea created in the minds of a few glory-seeking individuals destroy the personal warmth and friendship that exists between students of this college.

This letter was written with the intent to make clear the dangers of dividing a group of people into what would eventually become a system of social and class levels according to fraternity or sorority membership, and create discon-

tenance and student need

LETTER
The Student Foundation Committee would like to express its gratitude to all students, organizations, faculty members and alumni for making this a successful year. We have achieved an all-time record as a fund raising organization on this campus.

This year is unique in that we reached our goal, the bronze Falcon. In addition, contributions were received from alumni and friends.

The following is a report of the net income of the Student Foundation Committee to date:

Balance of College	\$115.96
Donation by the Junior Class	176.00
Donation by the Sophomore Class	50.00
Donation by the Freshman Class	279.00
Foundation Week	535.36
Faculty Play	89.77
Dr. Frye's Concert	85.44
Ace Foods	35.00
A.W.S.	33.00
Pinochle Club Bed Push	25.00
College 4-H Card Party	18.51
Total net income to-date	\$1,633.04

Respectfully submitted,

GILBERT DURAND AND FAMILY

Tapping The Sports Line

River Falls is boasting one of the finest hitting teams it has had in recent years, with six of the starting eight men hitting over the coveted .300 mark. Leading the Falcon batsmen to date is catcher Bob Nilsen with a mark of .370. Following closely are second baseman Jim Norrish, with .348, shortstop Charlie Moore, with .333, third baseman Vern Wanish, with .329, and center fielder Glen Stuve with .319. Nilsen, a junior from Birchwood, has been a pleasant surprise to coach Dane Page and his crew this year. At the outset of the year the catching department was one of the main concerns of the staff and it needed to be filled adequately to round out hopes of a winning season. Bob has done a fine job and his steady job at the plate has helped the young pitchers on the staff.

Jim Norrish, sophomore from Rock Falls, (they tell me that it is somewhere between Durand and Eau Claire) got off to a slow start this year but has found the range in the last four games to push his average up to pre-season expectations. Jim broke in the starting lineup last year as a freshman and did an outstanding job for the Falcons, both on the field and at the plate. A surprise, thus far, this season has been the prolonged slump of veteran Bill Halverson. The senior from Glenwood City has been one of the leading hitters in the Class A semi-professional while playing for Ellsworth for the past two years. Bill, while hitting a low .229, has hit for the distance three times (homers) to lead the team and has driven across eight runs which is a second to Vern Wanish, who is leading the team with 14 runs batted in.

Slugging Vern Wanish, senior from Catawba, (how's that for a name?), has been a surprise to nobody. Vern led the Falcon hitters on last year's team and placed in the top fifteen of the conference average of .285 last year. He is presently hitting at a strong .329 clip, with two home runs and 14 runs batted in.

FREEMAN'S "For A Better Looking You"

All the factors listed in the pitching department as the strong point of this year's version of the Falcons, with last year's top two hurlers returning in John Boertz (6-1) and Ed Gregorich (5-2). Gland, trouble sidelined, Boertz with only four games this season. Up to the trouble John had won two of the three games in which he appeared and seemed to be started on the way to another fine season.

After two shaky appearances, freshman Rolland Riek, seems to have come around, and by all indications he should take up the slack left by the absence of Boertz. The freshman from Bay City pitched a brilliant two hitter against Stout last week and came back with a strong performance against Bethel to earn his second straight decision of the season.

At the outset of the season River Falls was considered at least by me as a strong contender for the conference championship this season. Their opening double loss to La Crosse left them in a bad position. They cannot afford many more defeats if they have any hopes of the title. Last Saturday they took the measure of last year's champs, from Stout twice to even their record at 2-2 in conference play. From the writer's point of view, there are many ifs in the chances of River Falls and the remaining games. If Bill Halverson can start hitting like everybody knows he can; if Boertz's gland trouble clears up; and if Riek and his crew can coax more outstanding performances out of Rolland Riek, River Falls could possibly go all the way this season. This may be wishful thinking but personally I think the Falcons have the material and with some breaks could bring the conference title home.

Netmen Down Bethel For Record Win

Byron James saw his netmen break their last year's record of one victory for the season when the racketeers scored their second victory of the season at Bethel last Tuesday. This gives the squad an overall record of 2-3 for the season with three matches remaining to be played.

Hardballers Edge Bethel, Take Two From Stout

River Falls downed Bethel Thursday in the rubber game of their seasons three game series by the score of 6-5. Earlier the two teams split a doubleheader at Bethel in the first game of the season, Bethel winning the first 3-2, and the Falcons coming back in the second to win 2-0.

Sophomores Jim Norrish, and Charlie Moore, led the Falcons to the win today when they extended their winning streak to three straight wins with three hits each. Norrish garnered three singles to raise his season batting average to .348 and Moore

Cindermen Lose Bi-State Meet

River Falls lost a close decision to Mankato in a bi-state meet at Mankato Saturday by the score of 66½ to 64½. With one event left on the schedule for the day the score stood 61 to 60 in favor of the Indians. Mankato then swept first place honors in the javelin to nail down the victory.

The meet had been a close, hard fought battle all day, with Mankato jumping off to a 9 to 0 lead after the first event and River Falls fighting back to lead by as much as 10 points at 36 to 26 after Leon Headley and Larry Feltes swept first and second place honors in the 220.

Leon Headley, sophomore from the Cannon zone, again led the falcon cindermen as he won both the 100 yard dash and the 220. Meyer was the only double winner for Mankato, winning the shot put and the discus.

Finishing strong in last week's tri-angular meet at Ramer Field were Falcon runners Duane Jensen (far left) and Jerry Jensen (second from left) in the 440. Duane Jensen garnered three points with a second place finish as the Falcons downed Bethel and Stout.

Golfers Lose To Eau Claire

The River Falls golfers were again defeated by the Eau Claire club last Tuesday 20½ - 3½. Eau Claire artist Tom Grip took the day's honors with a 72. The low game for River Falls was by the Stolzman, who rounded out the course in 80 strokes.

Falls Sanitary Dairy

drove in four of the six runs with two doubles and a single. Bethel jumped off to an early lead, scoring one run in the first and added two in the second and led 3-0 until the fifth inning when River Falls scored two runs on five hits. Bethel came right back to two runs in their half of the fifth to maintain their three run margin. In the top half of the sixth inning Charlie Moore slammed a heater for a double, good for three runs to tie the game at five all with three innings to play. In the top half of the eighth inning freshman Lloyd Klapperich walked with one out and was forced by another freshman, Tom Moser, Moser immediately stole second and once again Charlie Moore came up with the big base hit to drive in what proved to be the deciding run.

Freshman pitcher Rolland Riek went the distance to earn his second straight decision of the season and with the win evened his seasons record at two wins and two losses. The Falcons over all record now stands at seven wins against five losses and sport a 2-2 conference mark.

Stout River Falls bounced back after the double defeat handed them by Winona on May first to down the Bluedevils of Stout twice here at Ramer Field Saturday May the fifth by the scores of 3-2 and 7-1.

In Saturday's first game the Falcons jumped off to a quick 3-0 lead in the first inning on a single by Jim Norrish sandwiched between two errors and then a bases clearing double by catcher Bob

Finishing strong in last week's tri-angular meet at Ramer Field were Falcon runners Duane Jensen (far left) and Jerry Jensen (second from left) in the 440. Duane Jensen garnered three points with a second place finish as the Falcons downed Bethel and Stout.

TOTALS	12	83	81	56	53	62	5

The Falcons added a single run in the second and clinched with a four run outburst in the fifth. Stout scored single runs in the second and sixth for their total. Ed Gregorich went the distance for his fourth victory of the season against only one loss. Stout's Chase took the loss.

Jim Norrish, Charlie Moore, Jim Ticknor and Charlie Moore led the Falcon hitters for the twin bill with three hits each. Kopp was the only Bluedevil to manage more than one hit for the afternoon with a single in the first inning and his homer in the eighth.

The double win raised River Falls' season record to the .500 mark at six wins and two losses.

Look Ahead

The River Falls baseball and track teams both face tough schedules this coming week. The baseball team has a game at Mankato for the final and by far the most important meet of the season for coach Fran Polefoot and his crew. Bright spots for the Falcons are in Leon Headley, the champ in the 100 yard dash and hurdler Carly Olson.

The baseball team travels to Eau Claire Tuesday to try to improve on their 2-2 conference mark. Last year the Falcons split a double header with the Bluegolds, and went on to finish in a tie for second place. Saturday, May 19, the tracksters travel to Mankato for a twin bill with the always tough Indians.

4 Ag Majors Receive Grants

Four majors in agriculture graduating from River Falls in June have been awarded assistantships or scholarships for advanced degrees at various universities.

Merlyn Jones, Boyceville, has received a research assistantship to study in the field of agronomy at the University of Wisconsin.

Mr. Jones will graduate from River Falls in the Liberal Arts curriculum.

Glen Ertel, Hammond, has received the John Brandt Scholarship from the University of Minnesota and will study dairy husbandry. Mr. Ertel is a major in agriculture education with a minor in chemistry.

Dave Cook, also an agriculture

education major with a minor in chemistry, has been given a research assistantship at Iowa State University. Mr. Cook, Colby, will study dairy nutrition at Iowa.

Durwood Amundson, Taylor, a third graduate majoring in agriculture and minoring in chemistry, will do work in the field of dairy nutrition under a research assistantship at the University of Wisconsin.

Rood and Blegen Display Sculpture, Photographs

by Pat Henneman

Two exhibits are currently on display in the Student Center, one a sculpture display by John Rood, the other a photography display by Donald R. Blegen, a River Falls graduate.

In conjunction with the dedication of the bronze falcon sculpture by Mr. Rood, a collection of some of his other works is being displayed in Room 1 of the Student Center.

Twelve images are presented in the metal medium, particularly in bronze and steel.

After talking to a few students who examined the works this reporter found a concurrence of opinion in regard to it. Most students just don't care for it. The

feeling they have is one of distaste, though not abhorrence, so maybe there is still a chance for this type of sculpture to invade the next generation.

"A camera does not lie . . . The photograph says this is the way it was. There are no dishonest cameras, only dishonest photographers."

The exhibit of photographic work by Don Blegen presently on display upstairs in the Student Center serves to intensify the above statement.

Remarkable pictures of human beings and their foibles, and biological beings and their work pictured alongside each other illustrate the hidden world of the miniature which Mr. Blegen has captured so well.

The pictures are for sale and purchase can be made through the art department.

Dr. Stone's Office Announces Placement of 15 Seniors

The placement of 15 more graduating seniors was announced last week by the office of Dr. L. G. Stone, dean of the School of Education.

Five of the seniors have signed contracts to teach in elementary education, three have signed for

secondary education, two for junior high and five for positions other than in the field of education.

Those planning to teach in elementary education are Vernon Wanish, Catawba, who will teach grades seven and eight and serve as principal at Beaver Dam; Jerome Perron, White Bear Lake, Minn., who will teach grade six in the St. Paul school system; Marvin Bloedow, Pewaukee, who will be in charge of grades seven and eight at Mondovi; Irene Lunde, Conrath, who will teach grade four at Savage, Minn.; and Arthur Peterson, St. Paul, who will teach grade six in the St. Paul school system.

Those who have signed contracts for positions in secondary education are Norman Hanson, Green Bay, who will teach economics and social problems in Brussels; R. Dean Johnston, Cameron, who will be in charge of general science at River Falls; and Carolyn Sheldon, Stockholm, who will teach mathematics at Cannon Falls, Minn.

June graduates who will be teaching in junior high schools next fall are Nancy Schmid, Chilton, who will teach mathematics at Waupun; and Benjamin Hawkinson, Minneapolis, who will teach junior high mathematics and English in River Falls.

Three people have signed contracts for employment at the Dow Chemical Co. in Midland, Mich. These are Carol Lowe, Chetek; Ronald Gehler, Chetek; and Robert Olson, Spring Valley.

Dale Ducklow, Ellsworth, and Robert Goodland, New Richmond, have been placed with the Food and Drug Administration in Detroit, Mich.

Three Graduates Obtain Grants In English, Speech

The students graduating this June from River Falls in English and speech have received grants for continuing their education next year.

Miss Jo Belfiori, English major from River Falls, has received an assistantship in the department of English at Purdue University for the 1962-63 school term.

According to Miss Belfiori, her duties are as yet uncertain, but will involve either teaching or working on departmental publications.

Fred Trautmann, speech major from Tomahawk, has been awarded a fellowship in the department of speech at Purdue University. Mr. Trautmann's fellowship is in the field of public address and/or rhetoric and is also for the 1962-63 term.

Miss Ann Holzhueter, Menomonie, in the field of English and speech correction, has accepted a teaching assistantship in the speech department at South Dakota State University, Vermillion, S. D.

Miss Holzhueter will be teaching one section of fundamental speech and working in either forensics or in the speech clinic.

The grant will allow her to receive a master's degree in one year and a summer session in either the field of speech correction or discussion.

Teaching Assignments Posted for Next Year

Fall and winter secondary student teaching assignments have been announced by the director of secondary student teaching, Dr. Allan Siemers. The listings of schools and students may be found on the bulletin board opposite Room 111, North Hall.

Fall and winter secondary stu-

dent teachers (not including ag students) are requested to read the bulletin boards in North Hall and write the necessary letters to their principals concerning fall workshops. Any questions about school assignments or workshops may be directed to Dr. Siemers.

A suggested form letter concerning these workshops is also posted on the bulletin board along with the names of superintendents and high school principals. Experience has shown that student teachers who participate in these activities often find their student teaching to be much more meaningful. Student teachers meet their prospective supervising teachers, often obtain textbooks, and in many cases work out a tentative teaching schedule months before the actual student teaching occurs. The pre-school workshop serves as an effective "breaking in device" for both student teacher and school.

Decisions involving student teachers and their high school classes were made by the schools on the basis of information prepared by prospective candidates. In addition, the School of Education held a secondary student teaching screening meeting in March and further information obtained during the meeting was forwarded to the schools.

'Road With No Return' Coming Soon

The German film entitled "Weg Ohne Umkehr," which means "Road With No Return" in English, will be shown in North Hall Auditorium at 7:30 p.m. Thursday, May 17.

This movie, sponsored by the history department of the College, is primarily for history students, but any student or faculty member is welcome.

"Weg Ohne Umkehr" was made in Germany and has English dubbed in, as did the movie "Canaris," shown previously on campus. The story concerns a Russian officer, stationed in Berlin, who comes to Berlin later as a civilian and determines to escape to the west.

Dr. Peterson Will Speak On 'Ideals'

"Ideals; Young and Middle-aged" will be the subject Dr. Edward Peterson will speak on Wednesday, May 16, in a 1:25 p.m. convocation in North Hall Auditorium. This is the third of the Last Lecture Series.

Dr. Peterson said the talk will deal mainly with young ideals and aged realities. He plans to examine four of his ideals: Christianity, America, Education and Democracy, and explain how they have altered since his graduation from high school.
