NUMBER 8

TORCH LIGHT PARADE STARTS DEDICATION

At 7:15 on Thursday evening the students began assembling on the campus near North Hall fully equipped with torches, and many with various pieces of night attire. The occasion was the beginning of the celebration which ended Friday afternoon—the dedication of our new athletic field—Ramer Field.

The procession started from North Hall at 7:30 and marched through the down-town business section with torches aflame. The streets of the otherwise quiet little town, resounded with the many vigorous yells for old River Falls after a triumphal parade through the town. The procession started for Ramer Field, where the formal dedication was to take place. A group of industrious boys had, by diligent work and search, collected quite a pile of boxes and other inflammable material which were placed on the north end of the field. The torches which had been carried throughout the parade were now used to advantage in starting the conflagration that began the program.

To start things off several yells were given under the direction of De Garmo and Anderson, after which Mr. Shannon called upon President Ames as the first speaker on the program. He told of the dedication of several other fields. He also told why it was practically appropriate that this new field be called Ramer Field. It was due to Mr. Ramer's efforts alone that the funds were appropriated for the purchase of this land.

Dr. Dawson as second on the program placed strong emphasis upon clean sports, and told of the unflagging loyalty of the people of this town to the school and its athletic teams. Coach Hayward spoke of the team's chances, and said that although he would not prophesy a victory, he thought we had an edge on La Crosse and would win.

These speeches were followed by a few more "jazzy" yells. Then came the most striking and formal part of the program. One of the things that showed that no small amount of work and pains had been gone to, was the fact that the committee was able to secure one of the remaining few bottles of champagne left in the country for the dedication ceremony. Miss Evelyn Roloff broke the bottle of precious fluid which gave Ramer Field its name officially.

GRID TEAM HUMBLER LA CROSSE 7 TO 0

Hayward's Show Big Form

Our Red and White Title Seekers presented a new and more definite view of State Normal championship last Friday by taking a 7 to 0 fall out of the mighty La Crosse team. The game, which was the dedicatory battle for Ramer Field, was of the kind long to be remembered by those present. It was a game featured by thrills, scrappy, but clean play, and more thrills. Probably never before have the local fans witnessed such great rivals play such identical football in the line of clean tactics and good sportsmanship. That was the brand that was seen last Friday when "Tubby" Keeler and Coach Hayward's warriors clashed. Though the play was snappy and hard fought throughout, there was only one penalty called; that being on the Falls for illegal interference. It was the kind of a game we read about, and when the smoke cleared away, the White had won a well-earned victory over as well a coached team and probably as good a bunch as we shall meet.

The Featuring Quarter

La Crosse kicked off to River Falls on the twenty-yard line. The Falls got off to a big start by making a mad rush toward their opponents' goal. Things looked big when Hayward's carriers made three successive first downs. After this rapid advance to the La Crosse fifteen yard line, the southerners made a separate stand and held. Instead of punting out, the Keeler men tried to carry out but failed, so they forfeited. A touchdown seemed certain on the next advance, but again the La Crosse line stiffened and held the ball on their threshold. From their ten yard line La Crosse punted out to their thirty-five yard line. On their next two attempts to carry, the Falls failed to advance. Then came the featuring play that scored six of our seven points and set the dope as it now stands. For the third time this year, Gurnoe stepped into the limelight by pulling in the winning points; grabbing off a thirty yard pass from Chinnock and going over.

During the remainder of the quarter the trailers struggled hard for a comeback, but of no avail. However, Speed Reget added considerable thrill toward the end of the quarter when he

HALLOW'S EVE PARTY

The Hallowe'en party Friday evening proved itself a fitting close to the day of our victory over the La Crosse. A large number of students attended the program, the first part of which consisted of stunts by the Aurelia and Lincolnian societies. The following program was given:

Hallowe'en story, Laparda Gaetzman
Poe's "Telltale Heart," Evelyn Roloff
Ghost Chant, Helen Wasson
Florence Elliott

The Lincolnian put on a snappy little stunt in which the members spelled Hallowe'en through the use of the names of individuals about school.

The screen picture featuring Mary Pickford in "The Hoodlum," was thoroughly enjoyed by all.

The students left with the feeling that the social committee is doing all it can to make the entertainments really worth while in furnishing amusements that will be anxiously looked forward to.

TO ENTERTAIN THE "POINT" SQUAD

The social committee has made plans for the entertainment of the Stevens Point squad on Friday. Invitations are to be sent out inviting them to a dinner after the big game. Both teams will be present at the dinner which is to be followed by dancing, beginning at the usual hour. The dance is to be an all-school affair and will be one means of celebrating the victory which must come our way.

LECTURES BY J. S. WILSON WERE WELL ATTENDED

The four lectures given by Hon. J. S. Wilson were very pleasing and interesting to all. Students and town people filled the auditorium at every lecture.

The first lecture given Tuesday at assembly hour dealt with present world conditions. Mr. Wilson impressed upon his audience the significance of the conditions which now exist. The second lecture, given Tuesday evening, concerned one of the world principles or the law of nature which states that he who struggles only for self will perish. The two following lectures were based upon this principle. He showed how it was applied to human beings from the earliest times up to the present. He concluded his series of lectures by urging everyone to apply Christian principles in his work.

PEP ASSEMBLY FRIDAY

The assembly hour on Friday was devoted to the stirring up of some pep for the La Crosse game. A program consisting of a stunt by the G. O. P. and some yells helped to stimulate the "pep" which aided the team in beating La Crosse. Short talks were also given by Miss Armstrong and Leon Vennes.

At the close of the program school was dismissed, so that the entire student body could march to the depot to meet the La Crosse aggregation. Everyone was disappointed when it was learned that the team did not arrive on this train. Consequently we were not able to give a display of our pep. This was done to good advantage however, at the game.

TEACHERS TO ATTEND STATE CONVENTIONS

President Ames, Mr. Davee, Mr. Hunt, Mr. Mitchell, Miss McMillan and Miss Fleming expect to attend the Wisconsin Teachers' association meeting at Milwaukee.

Miss Hathorn, Miss Tilton, Miss Schlosser, Mr. Powers, Mr. Spriggs, Mr. Mollot, Miss Bridges and Miss Fobes are going to attend the Minnesota Teachers' association at Minneapolis.

MORE REAL FOOTBALL

The La Crosse game, which is still fresh in our memory, and which has been played and replayed in almost every student group, is swiftly passing from current discussion into history. The great football interest of the school is now focused on the Stevens Point game that will be played next Friday on Ramer Field. The new slogan is "Get the Point." This game, which will decide the championship of the North, so will be the hardest game of our conference schedule. The "Point" is always represented by a strong team and her standard in athletics is placed among the highest of the state. Last year after we had defeated all of the other northern teams the "Point" eleven gave us our greatest run for northern honors by playing us to a scoreless tie. They are a team that has never taken the count until the very end. Their record this year shows that they are maintaining all old standards. In the first game of the season, they held the strong Eau Claire team from scoring by forcing them to win on a drop-kick. Last Saturday they handed the strong Superior team a 19-6 drubbing. Such a team will surely give us a good run, so be out to help bring the championship game to Ramer Field. The winners of Friday's game will meet the champions of the south for state honors.

BASKETBALL CANDI- DATES TO REPORT

Coach Chandler has announced the first meeting of the basketball candidates to be held November 8.

At the faculty meeting Monday evening important changes were considered in the work of the Normal school; among them a reorganization of the course of study, the establishment of a Junior High school, and a course for the instruction of Junior High School teachers.

(An aspirant for editorship handed the following writeup to one of the reporters):

MISS MOSHER REFEREES A BOUT IN THE LIBRARY

Monday afternoon there was a short and snappy fight in the library. After the first knockout Miss Mosher comes to look into the matter. She takes pity on the weaker and after a few questions she sends one out of the library. The one sent out vowed he would get even with the other.

All students, who witnessed this little incident, will join with me in saying it was laughable as well as exciting. We hope this will be an example for the rest of the boys in school.

N. A. C.

Instead of the regular meeting of the N. C. A. Thursday evening, a Hallowe'en party was given at the Jim Reardon home by the ladies of the Catholic church. This party began immediately after the dedication of Ramer Field.

Hallowe'en games were played and later on in the evening delightful refreshments were served. Everyone enjoyed himself thoroughly.

Ex-Captain Nelson of the Superior football team is very interested in our success in football. We certainly appreciate Mr. Nelson's interest, which was shown by a long distance call to Mr. Melvin, from whom he obtained all particulars. Notice! Long distance has changed her office to Magee's restaurant.

Wanted, by one of our faculty members—A young man to run a pool hall, out of town.

THE STUDENT VOICE

John Klingman, Class of 1907, took in the football game on Friday. Mr. Klingman was student manager of the football team in 1905, 1906, 1907, and of the baseball team in 1906 and 1907.

As a special feature for the game Friday the athletic committee, at tremendous expense has secured the Normal second team, scrubs and ineligible, to appear in full dress suits at the game. Between halves these teams will practice signals, showing the formations to be used in their game against Vassar College of Boston, Mass., Christmas Eve.

"WITH THE AG. MEN"

Begin with an umbrella when you begin to lay up something for a rainy day.

* * * *

Last Thursday morning about thirty members of the Ag. department, including some of the professors "autoed" to Lake Elmo. They looked at a very fine dairy herd there, and received a few good points on what to look for in dairy type before going on to the stock sale at Minneapolis. A number of the students decided to go out to the J. M. Hackney dairy farm before the sale, where they saw some very fine animals and also saw a very splendid farmstead. By all reports the entire group had a good time and say it was worth the price, and time to them.

* * * *

The entire group will agree with me on this statement, I believe, when you consider the prices paid for some of the cattle sold. You are taking things as they come and selling them at a profit begets success.

* * * *

Getting Anxious

"Maude wants a finger in everything."

"Yes, but in an engagement ring for preference."

* * * *

Mr. May was over anxious to own one of the cows for sale on the stock sale, so he found it necessary to return to Minneapolis Friday morning in order to do so. The cow's name is Highland Pietestje Clothilde, and she is at the Normal barn now. If any of you students would like to get acquainted with Miss Highland Pietestje Clothilde, call at Mr. Johnson's room, and he will be glad to take you over to the barn, and introduce you. Girls are as welcome as boys, I assure you.

* * * *

No, I Can't

"I can read my wife like a book," bragged one of the Profs.

"I'll bet you can't shut her up like on," growled another Prof.

* * * *

Corn husking time has come and help is needed—girls or boys—good wages are guaranteed if you are in no hurry for your money. And there are a number of red ears in this variety of corn.

* * * *

We are glad, that we can say that, all the fall plowing on the Normal farm is completed and we must give due thanks to the Ag. men in the tractor class.

GRID TEAM HUMBLER

LA CROSSE 7 TO 0

(Continued from first page)

skirted our left end for twenty yards. The quarter ended 7-0 for River Falls.

During the first few minutes of play in the second quarter, the southerners worked the ball in front of the goal posts where Reget attempted a drop-kick which went wild. From then on the ball see-sawed with no serious threat by either side to score. This quarter was devoid of spectacular runs, such as featured the previous period. The most outstanding play was done on the defensive by Ed. Murphy and Clair Morgan. These defensive stars broke through repeatedly and smeared La Crosse plays; throwing the runners for a loss. The quarter ended on the La Crosse thirty-five yard line.

The Second Half

La Crosse received on their twenty-yard line. After failing to gain, they punted out. On the first attempt to carry, the Falls fumbled and lost the ball. After two good gains Reget attempted another drop-kick which went wild. Both teams played wonderful football on the defensive as well as in advancing the ball. Similar to the first quarter this period was marked by several good gains by both teams. Gurnoe's fifteen yard run and a seventeen yard pass from Chinnoek to Quinn featured advance for the Falls. Runs by Reget and Schroeder looked big for La Crosse. Both teams had a good start toward a touchdown, but the opposing defense held when the threat became too serious. The quarter ended with the ball in mid-field in La Crosse's possession.

The final quarter contained nothing sensational, except the only completed pass by La Crosse which netted fifteen yards and Reget's neat dash for ten yards around end. The Keeler men were unable to penetrate the line so most of their plays were around end. The Red and White backfield gained consistently through the opposing line but were held each time when they got close. Captain

Bliss had his team well started for another counter when the final whistle halted the advance on the enemy's thirty yard line.

Captain Bliss and his mates put up a very classy brand of football Friday. After taking a beating from La Crosse last year, the bunch was in for a win and that they got. The entire team ran in the old smooth manner which marks the mid-season form of a Hayward team. Our famous line played its regular bang'en brand which has featured the season. On numerous occasions our linemen went through and got the runner before he could get started. They all figured big but without doubt Eddie Murphy played one of the greatest defensive games seen on the local gridiron. The big boy was in every play and did some very sensational tackling. La Crosse has always been strong on end runs but they met more than their match in our peerless ends. Morgan certainly had a big day. He smeared everything his way and has won a sure berth by his big going on Friday. The backfield gave great evidence of developing into a great scoring machine which will prove to be uncheckable when they are forced to open up.
