Geographer Will Lecture At Assembly

Theme for the Period to be "Lights and Shadows in Caribbean America"

Doctor Nels A. Bengston, a noted geographer and geologist, will give a lecture at the assembly October 12 on "Lights and Shadows in Caribbean America." This talk will principally be about life in Central American countries.

The doctor is a man who can handle this topic very well, because he understands the people of these countries. He spent much time in Honduras as geologist representative of the United States. He also spent much time in Ecuador and Venezuela.

Doctor Bengston was sent to Norway by the United States government twice. In 1918 he was sent by the War Trade board as a commodity expert. In the following year he again made this trip to Norway, but this time as a representative of the United States Trade Commission.

As teacher he began his teaching in a small high school in Nebraska. He next took up work in geography at Peru, Nebraska. From that position he went to the department of geography at the University of Nebraska. At present he is at the head of this department. During the summer sessions he taught geography at Cornell and Columbia universities, and at the Universities of West Virginia and Wisconsin. He is not only a teacher and lecturer but an author of many good books and pamphlets as well.

Dean Stratton claims that Doctor Bengston is one of the foremost geographers of the country.

Let's make the '33 Homecoming a colossal success!

Christian Organizations Encourage Dancing

The dancing school, sponsored by the Y.W.C.A. and the Y.M.C.A. met for the second time in the girls' gym in South Hall Tuesday afternoon.

The boys proved to be apt pupils although considerable credit must be given to competent instruction.

There will be another meeting on Tuesday, October 16 at which the girls who care to, may learn to dance.

To the Frosh: Don't forget--we're depending on you to do your part in putting Homecoming over.

Tips on Cheering

Pitch your voice low--it makes more volume and sounds better.

Know the yells and songs.

Watch the cheer leaders and follow them perfectly.

Don't be afraid to show your pep and enthusiasm.

Back the team whether winning or losing--anyone can yell when they make a touchdown.

Above all--yell and sing whether you can or not.

Williams Plans Discussion Class

Proposes to Study Minute Details of Prominent Historical Figures

Dr. Williams is making plans to organize a class for the purpose of discussing men, issues, and problems in history of which the general public knows little.

The first meetings will be discussions on men of whom we know very little. As for example, how many any more about Benedict Arnold except that he was a traitor? Isn't it possible to find out what kind of hat he wore; how long a nose he had; how many wives he had; and other questions of interest? These questions perplex students of history and afford ideal opportunities for interesting discussions of many men of history.

The students who are majoring or minoring in history will find these discussions worth their time in as much as they will become acquainted with the events which are not commonly known to the world and which are important in that they help to understand the characters and trend of other situations. Then, again, there may be students in the science and agriculture departments who have chosen history as an avocation to whom this would prove to be an hour of discussion worth while.

The first meeting will be held on Thursday evening, October 19, in the Social Room, South Hall, from 7 until 8 o'clock. Dr. Williams will pick a leader of the discussion group.

Do your part in the '33 Homecoming!

Mr. Hughe Thompson had the misfortune of breaking his nose last Wednesday while swimming in the pool. He was swimming under water when he was struck by one of his classmates, who, not seeing Mr. Thompson, dove into the pool.

Edward Casey '23 Passes Away Leaving Laurels

Active in Organizations and Athletics; Popular Among Students and Faculty

Mr. Edward Casey, New Richmond, died Sunday evening at St. Joseph's Hospital, St. Paul, from complications caused by a tumor on his knee.

Mr. Casey graduated from this college in 1923, following a most eventful and active three years, during which he was president of the Normal Catholic Association, the Lincolnian, and the senior class. He was also on the debate team for two years and played football for three years.

For two years following his graduation he studied law in the Doar office in New Richmond while he taught in Hammond. Without attending any other school he passed his state bar examination with the second highest grade of the entire state.

During the years that he taught at Hammond and New Richmond his debate and oratory teams ranked among the highest, and at one time won the state championship.

The following statements by members of the administration and faculty will show in what high regard Mr. Casey was considered in this school.

"In the untimely death of Edward Casey this college has lost one of its most loyal alumni. While in school he was a brilliant orator, debater and athlete. He will be long remembered for his exceptional ability and for his sterling, rugged character."
—C. G. Stratton.

"He was a faithful student interested in all types of activity, and was a gentleman in every respect."
—Glen Junkman.

"He was not only a brilliant student here, but also very active in outside activities. The school is very much grieved at his passing."
—J. H. Ames

"In the death of Ed the school has lost one of the most prominent alumni, and the faculty, a friend."
—E. J. Prucha

"I have always been a great admirer of Mr. Casey, and especially so in the past few months since his illness. Nothing daunted him; nothing could dampen his spirit right up to the very last in spite of his incapacity. His large number of friends, I am sure, feel the same as I do about him."
—R. A. Karges.

Ulrich Company Gives Program of Magic

On Friday, October 13, at 9:50, the Ulrich Company present a program of magic and music. This company consists of Catherine and Theodore Ulrich. They present an unusual performance which is both educational and entertaining. The materialization of flowers, tables, faces, and life size ghosts are but a few of the many mysteries produced.

The public are welcome to attend these programs. Because of the large student enrollment, the capacity of the auditorium for outside guests is limited. Admission charge for those not having student budget tickets is twenty-five cents for the program.

Homecoming is only 9 days away. Let's get busy!

Short - Snappy - Peppy

What we need to feature the Homecoming program this year is a short snappy mass meeting.

According to rumor it again will be a long, drawn-out, tedious, irksome, boring, and dampening series of dry diffuse speeches.

Why not eliminate some of the prolix orations; instead, let a few old grads arouse the spirit, give the cheer leaders and band a chance.

That's what puts pep into the gang.

Judging Teams Practice Here

Selections Made For Contest Held at Madison October 26-27; Mondovi Gets First

Representatives from thirteen high schools numbering about 100 boys were guests of the college last Saturday in a practice stock judging contest.

The contest was held to assist teachers in those high schools in selecting their stock judging teams to be sent to Madison to the state contest on October 26 and 27, and not as an elimination contest between teams as announced in last week's Student Voice.

Following the contest the boys enjoyed a swim in the college pool, and afterwards were given free tickets to the football game by the Athletic Council.

Mondovi won first place in the contest, with Baldwin, Nelson, and River Falls winning next in the order named.

High schools represented were: River Falls, New Richmond, Baldwin, Amery, Osceola, Frederic, Roberts, Arkansaw, Elmwood, Nelson, Cochran, Mondovi, and Milltown.

Classes Elect Officers In Meetings Thursday

Class meetings Thursday morning instead of assembly resulted in the election of officers:

Seniors

President-Sylvester Nolde, Algoma
Vice-President-Laurin MacChesney, Turtle Lake
Secretary-Elaine Peroutky, Merrill

Juniors

President-Harold Isaacson, Spring Valley
Vice-President- William Swanson, Shell Lake
Secretary-Treasurer- Fae Hanson, Spring Valley

Continued on page 4

Mass Meeting Opens Program of Homecoming

John Burke Selected Main Speaker for Opening; All Organizations in Stunts

The big pep mass meeting, held in North Hall auditorium Friday night, October 20, will officially begin the program of Homecoming events for this year, according to Mr. Allen R. Hocking, general Homecoming chairman.

The main speaker of the evening will be John Burke, an old grad. There will be short talks by other graduates and football captains. Above all, the student body is looking forward to the prediction of the score of the big game by the prophet of the school, President Ames. This year the chairman has asked for three stunts to be given by the Y.M.C.A., G.O.P., and the Masquers. These stunts are expected to be outstanding in their entertainment.

Saturday morning will witness the annual Homecoming parade. Each organization and class in college is urged to enter a float in the parade. Individual and group floats are also cherished, in fact, any kind and every kind is wanted, the comic as well as the more serious type. Prizes will be given for the floats as follows: for the best comic float, individual or group, \$3; for the serious type of float, group, \$5.

All students are urged to aid their landlords and landladies in decorating their homes for the occasion. Turn the town upside down and make the people realize that this is Homecoming at River Falls! In other words, show the old grads that the good, old River Falls spirit still prevails here.

What's more, the football used in the game will be presented to the rooming house having the most outstanding decorations.

Then, the game. Saturday afternoon, October 21, is the time for the big game of the season, the turning point in the championship of the year; the Falcons are out to defeat LaCrosse, and what a job!

The big dance will be held in North Hall gymnasium on Saturday night. This occasion puts the finishing touches on Homecoming.

This Homecoming is your making, and as Al Hocking, the chairman says: "I urge everyone in order to keep in step with the times and the occasion to cooperate to the n'th degree with committee chairmen, and class presidents to make this a bigger and better Homecoming."

Game Crowd Loaded With Irregularities

Perhaps all the crowd at the game last Saturday was not aware of all the distinguished spectators present. Of course Professor Robertson and his charming bride were there rooting for our team.

Did anyone notice Leslie Libakken looking chic and fresh in a white, woolen cap of the style worn by girls in 1917 tilted rakishly over one eye.

And perhaps you noticed the three coeds of River Falls college who dashed over to the Stout bleachers and fondly embraced one of Stout's husky he-men. Was his face red?

But of all the spectators the four legged animals commonly known as cows were possibly the most interested. From their strategic position

on the Mound, they observed Zaner crash the line.

At intervals they emitted sounds which resembled what we call in present day slang, "cat calls". Of course they were saving their reserve lung power for lusty yells for our boys.

At the end of the first half the cows sauntered casually off the mound, a few possibly wending their way toward that famous Kinnickinnic and others indulging in a rare treat of hay.

They were back for the last half, however, and what a last half it was! The cows probably joined with the rest of us in celebrating our "heap-big" victory.

No Bagpipes for This Scotch Entertainer

"Yes I am Scotch", said Mr. Wilson, manager of the cast that presented "The Bonnie Brier Bush", "and so is our cast with the exception of one who was born in Virginia, and he was born of Scottish parents."

Pausing for a second and then smiling, he said, "You know there are a great many stories told in this country about the Scotchman being "Scotch". The originator of that was Sir Harry Lauder, the Scotch comedian. However, the people from Scotland are very thrifty. They just get that way living on an island covered with rocks. The Scottish people have no outstanding characteristics except

high cheek bones and I do not believe it is possible for anyone to distinguish a Scotchman by just merely looking at him".

Mr. Wilson came to this country thirty years ago, started life as an accountant, won a scholarship in public speaking which prompted him to take up dramatics as an avocation, but it later became his vocation.

Although being from Scotland, he does not have any love for bagpipes, he claimed.

After returning to Massachusetts from this present tour, they will tour Canada from coast to coast.

The River Falls Student Voice

aims to promote school spirit, to further professional interests, and to maintain River Falls Teachers College traditions.

Alma Mater Attitude Test

FOR YEARS the band leader and the cheer leaders have been pleading with the student body to learn the words to the "Victory" song. Needless to say, they have never been successful. This year ushers in a new pep song "Here Comes the Team", but how long will it take us to master it?

A simple plan has been devised to accomplish this feat in record time. We hope the students do not consider it coercion or force—we offer this plan only as a means to overcome our natural inertia and laxity.

Here's the dope:

The two songs mentioned above are printed in this issue of The Student Voice. Next week most of the instructors in this school are giving an "Alma Mater Attitude Test", which will consist of writing the two songs from memory in class. The grade is to be averaged in with the weekly mark. Have you ever had a bigger break in all your life—to know exactly what the questions will be several days before the test?

Professors Voegelé, Mallott, Karges and Jacobson have stated emphatically that they will give the test some time next week, and that the grades will be used. Many more teachers will undoubtedly do the same, so the odds are with you. Why not learn the songs, and be sure of an "A" on that test? W.L.

While the wicked flee when no man pursueth, they make much better time if someone is after them. Dr. Parkhurst

Illiteracy No Excuse

THE PEOPLE OF BROOKLYN last week made the startling discovery that their county Commissioner of Records, with a salary of \$7,500 a year, was illiterate—unable to read or write English or any other language.

Some of the facts disclosed by this unusual individual were: that it did not make any difference whether or not a Commissioner of Records could read and write, that he did not have time to go to school, and that he joined the party, of which he is now political boss, at the age of 21.

To find a situation like this in a day when nearly everyone has had a common school education, millions are in high school, and records show a million American men and women in college, is pathetic indeed.

The case of Brooklyn is an exceptional state of affairs. But it is true that too many of our offices of trust requiring honesty and intelligence are held by men of questionable qualifications. As long as we allow political bosses to fill our offices and control our public expenditures we must expect to pay our annual tribute to graft. The Brooklyn case should be a challenge to overcome the shackles that have bound us to political lethargy in the past. We must learn to fill our offices with men and women who are qualified by experience and education. A.P.N.

All human government in the last analysis is experimental. Prof. Raymond Moley

Our Homecoming Spirit

HOMECOMING! The biggest event of the year is just nine days off, and as yet none of that old traditional River Falls spirit has made its appearance. Are we becoming stagnant, or are we content to rest on the oars and placidly review with much self-content the record of our past achievements?

When I say that no spirit has been manifested, I refer in particular to the pep-fest held before the Stout game. Perhaps one-third of the student body was present at this pep meeting. Spirit is not a thing that comes out of the blue sky. It should be present all of the time. It should start at the beginning of the year and work up to a grand climax at Homecoming and then continue on through the whole year.

We can easily make 1933 the banner year of all years. We have a football team that we can be proud of. We have a large and vigorous student body and we have direction. All we need now is co-operation to make this 1933 Homecoming a grand success. Let each and every upper-classman do his or her bit. The freshmen are willing, but this is a new experience to them. A little direction will help immensely. They'll tie into the thing with fresh vigor.

Another thing that needs a remedy is our singing. It appears that about half of us do not know our songs. This makes the singing at the pep-fest very ragged. It will be a point upon which the old grads can score us for lack of loyalty. Let's all make an honest effort to learn the words of the "Pledge Song", "Onward Falls", "Here's to River Falls", "Victory", and "Here Comes the Team". These songs will be found in the Student Directory. Five hundred voices singing these songs with spirit and enthusiasm will add lots to our Homecoming celebration. E.M.

Scene From "The Bonnie Brier Bush"

The Inquiring Reporter

What does Homecoming mean to You?

Spring fever has absolutely nothing on that general feeling omnipresent about the end of the first six-weeks. No—not because of those six-weeks tests which happen along about then, but in spite of them. As a freshman that week-end was something new and exciting to look forward to, but the following years, it was "the" week end in thirty-six. As a senior, I feel that this last year holds only two thrills comparable to each other—the one graduation, and the other, of course, Homecoming. To be able to welcome them back for the last time, and to know that the next year you, yourself will be included in the returning many—is indeed a thrill!

—Norma Berg

To me Homecoming is a day to be looked forward to by every student. It is a day set aside for all of the graduates to come back and get together once more for a good time. The student body should prepare as good a reception as possible so that the old grads will feel at home and thoroughly enjoy themselves.

—Preston Lampson

To most of us Homecoming means the renewal of the pleasant and lasting friendships that we have developed during our attendance at River Falls.

L. Libakken

In the fall of every year I commence to count the days until a certain celebrated week-end arrives. This most important week-end brings with it the annual Homecoming occasion.

means fun and excitement, which must be paid for, by trying to get rested up the following week. It is a time when, I think, students should forget that they are in school just to work, they should show some school spirit by backing the team. It means about the only time of the year that one has a chance to meet the old Grads that are out teaching, because a good share of them come back to school for this particular performance. Summing up, it means "A good time in the old town to-nite."

Mike White

Student Opinion

Homecoming will soon be here and the old grads will be back to see our team in action. How about showing plenty of school spirit and pep to back the team to victory over La-Crosse.

There just didn't seem to be that old Falls' fighting spirit in evidence at the game last Saturday. The cheering (what there was) was abominable. The band was O.K. Didn't you notice how they toned down so the students' voices should be heard in our own dear "Pledge Song?" Well, very few voices were heard and those must have been weak.

It hurts to both hear and speak the truth, but the small section of Stout rooters at last Saturday's game had more pep and more volume in their cheering than the entire Falls section. Come on; let's get going. Surely the students of today have as much pep and school spirit as in years past. Let's show the old grads that the good old Falls pep is still back of our team--winning or losing--let's back that team of ours!

WHEN you read the announcement of Middishade Clothes in this week's Saturday Evening Post, you're just the story. There's a great deal more that's of interest . . . and only the clothing itself can do justice to the subject! See it, and see!

Falcons Whip Blue Devils 13-6 In Opening Conference Game

Brickner Scores in First and Third Quarters; Stout Ties at End of Half

Before a crowd of approximately 700 people, River Falls won its first conference game against Stout 13-6 on Ramer Field Saturday. This was the first conference game for both teams.

Led by the hard driving Brickner, who scored both Falcon touchdowns, River Falls scored late in the second quarter and again in the third. Voskuil kicked the extra point with a spectacular place kick after the second touchdown.

Stout scored its touchdown a few minutes before the first half ended by a long pass, Beckman to Stori, who was finally run out of bounds on the 4-yard line. Another pass, a short one, Beckman to Nelson scored. An attempted pass for the extra point was incomplete.

Dawson at quarter called a good game besides passing, kicking and running with the ball, which is a tough assignment for anyone.

Aastrud, Lampson and Kolberg looked good in the line for River Falls.

For Stout, Stori, Bogard, Nelson and Beckman played a fine brand of football.

First Quarter

Simpson won the toss and chose to kick with the wind which was blowing quite severely from the north. He kicked off to Stout's 8-yard line where Beckman returned it to about the 12-yard line. A line plunge netted a yard. Stori kicked out of bounds to give River Falls the ball on the center line.

On the first play Zaner fumbled and lost about 5 yards. Dawson got off a fair punt to Beckman who was stopped on the 25 yard line. Decker made 9 yards through center and a first down to Stout's 39-yard line on the next play. Another plunge gained 2 yards and a pass is incomplete. Stori punted out of bounds again to River Falls 18-yard line. Dawson returns by punting to Stout's 45 yard line where the ball is downed by Voskuil. Decker makes 6 yards over right guard. An incomplete pass, a line plunge, and Stori again kicks out of bounds on River Falls 8-yard line.

On a fake punt formation Brickner takes the ball through the center of the line for 35 yards. Nice blocking by Lampson enabled Brickner to get going. Zaner made 8 yards around right end and Mack made it a first down. Brickner picked up 2 yards but Zaner lost one on the next play. An attempted pass was intercepted by Beckman. Decker made 2 yards through right tackle. A quick kick by Stout gave River Falls the ball on their 45-yard line. Zaner made 2 yards through tackle. Dawson kicked out of bounds on the 28-yard line.

On the first play an attempted plunge into the line was stopped cold by Aastrud who was playing a fine defensive game. Simpson broke thru to stop Beckman on the next play before he got started. On the fourth down Stori kicked to Dawson on the 25-yard line as the quarter ended.

Second Quarter

Zaner, on a spinner, gained 5 yards through the short side of the line. Zaner again took the ball, this time off tackle, for a first down. Mack on a reverse made 17 yards and another first down. Zaner on a wide, sweeping end run picked up 5 yards. Brickner picked up 3 yards through center and Zaner made it a first down on Stout's 30 yard line. Mack picked up 5 yards around left end. Brickner plunged through center for 6 yards and another first down to Stout's 19 yard line. On this play Mack took out two secondary men at one time. Zan-

er on a sweep around end made 8 more yards and Brickner made it first down to Stout's 5 yard line. On the next play Brickner crashed the center of the line for the Falls first touchdown. Both sides were offside on the try for point but Simpson's second try was wide of its mark.

Simpson kicked to Nelson on the 10 yard line and was finally stopped on the 27 yard line. A pass to Stori was incomplete. Panzenhagen hurt his ankle on the play and time was called. On the first play, Lampson and Simpson spilled Beckman for a 14 yard loss. Stori punted to River Falls.

Mack lost a yard around left end. Zaner gained 4 yard through right guard. Mack on a reverse made no gain. Dawson got off a poor punt of about 15 yards to Beckman. Kolberg brought him to earth with one of the hardest tackles seen all day and was injured on the play, being replaced by Maack. Brader for Stout gained 6 yards and Brogard gained 8 yards to make it first down. Nelson broke away around right end for 12 yards but lost 2 yards on an attempt past left end. Stori grabbed a pass for a short gain. Bogard made 2 yards.

Kuss substitutes for Lampson as Stout loses the ball on downs. Zaner made 7 yards around end. Dawson on an attempted pass was thrown for 12 yards by Nyland, Stout end. Mack made 3 around left end. Dawson's kick was low, traveling only about 17 yards. Nelson made 15 yards. An attempted pass to Nyland was incomplete as was another which drew a five yard penalty. On the next play, Beckman drops back and threw a long pass to Stori who was run out of bounds on the 5 yard line. Another pass, Beckman to Nelson, scored. A pass for the extra point was incomplete.

Stout kicked to Dawson on the 15 yard line. On the first play Brickner gained 15 yards as the half ended.

Third Quarter

Simpson kicks to Nelson who returned the ball 12 yards before being stopped. A couple of plays by Beckman and Bogard, gain little. Stori punted 55 yards into the end zone and River Falls receives the ball on the 20-yard line. Stout is offside and suffers a 5 yard penalty. Zaner and Brickner makes first down. Mack loses a yard on a try around left end. Two tries at the line give Brickner 7 yards. Dawson kicks 35 yards. Woodworth makes 8. Bogard makes it a first down. Stout fumbles and loses a yard. Stori kicks. On a reverse Mack loses a yard. Brickner makes 25 yards through the line in two attempts. Dawson, Brickner and Zaner gain 20 yards and another first down. Zaner gains 5 yards around end. Mack around left end gains 10 yards-another first down. Brickner makes about 10 yards and a first down. Dawson carries it 12 yards to the 6 yard line. Stout is offside and the ball goes to the 1 yard line. Brickner plunged over. Voskuil kicked the extra point from placement.

Simpson kicks to Stout's 12 yard line. On the first play Dawson intercepts a pass. Zaner hits the line for no gain. Brickner on two tries gains 5 yards. Dawson kicked to Bogard who was nailed by MacChesney in his tracks. Attempted pass was intercepted by Brickner on the 30 yard line. A lateral pass, Dawson to Zaner, netted about 8 yards as the quarter ended.

Fourth Quarter

Stout's ball on downs. River Falls offside gives Stout 5 yard penalty. Bogard into line for no gain. Incomplete pass Beckman to Nelson gave them a first down. A lateral pass lost them a first down. A lateral pass lost punt gains 2 yards. Stori kicked to Dawson but play called back as River Falls is offside. Bogard is badly in-

Grid Goz

By Ole

Down at Eau Claire they are planning a real funeral for River Falls Saturday when they have their homecoming. We all believe that the Falcons will have something to say about that.

Heard Nanny passed his third physics test. I wonder if the prof got tired having him around.

The Blue Devils were a bunch of devils fighting for victory last Saturday. I believe it was the best team Stout has had for the last seven years. They gave all they had and at times made things look bad.

Our prominent little quarterback sure is hitting the books hard. When asked Friday night after practice if he was going to the mass meeting he replied, "Nope, I got to study".

This Beckman could throw the "old left flip", as Bub Mack calls it. His passes were almost perfect. The River Falls defense had a busy afternoon in knocking down his passes. Stori on the receiving end made it a serious threat.

Bogard, Stout halfback, played good ball during the first half. At the beginning of the second half he suffered a torn ligament.

Did you know that River Falls made fourteen first downs to Stout's six? Two of Stout's first downs were by passes. Stout tried 17 passes, completed five for a total of 67 yards, and two were intercepted. River Falls tried three for no gain and one intercepted. River Falls gained 308 yards from scrimmage to 99 for Stout.

River Falls has taken Eau Claire for the last six or seven years. Let's hope our record will continue. They say Eau Claire has a bigger and a heavier team than Stout.

jured on play. Stori punts out of bounds on River Falls 30 yard line. Brickner gains 6 yards in two tries into center of line. Dawson kicks to Stout's 36 yard line. Nelson gains 2 yards. Two incomplete passes draw a 5 yard penalty. Stori punts to River Falls 40 yard line. Zaner gets 9 yards around end. Dawson makes 10 and a first down. Brickner goes over right guard 11 yards to another first down. Dawson breaks away for a 25 yard gain to bring the ball within Stout's 10 yard line. Zaner loses 4; Brickner and Dawson gain 4 yards on a lateral Brickner to Zaner. A fumble gives Stout the ball. Stout attempts two passes and loses 5 yards by penalty. Stori gets off a poor kick out of bounds. Zaner, Brickner, and Dawson gain 8 yards. Dawson punts to Beckman. Pass is intercepted by MacChesney on Stout's 18 yard line. Brickner gains a yard and Zaner 4 around right end as the game ends.

River Falls to Meet Zornmen At Eau Claire

Past Records Show Falcon Advantages. Eau Claire Strong Competitor

One of the accepted facts around the conference is the weakness of Eau Claire. A review of the scores of past games between River Falls and Eau Claire would seem to indicate this fact.

- 1926--Eau Claire 0, River Falls 20
- 1927--Eau Claire 0, River Falls 23
- 1928--Eau Claire 0, River Falls 14
- 1929--Eau Claire 0, River Falls 18
- 1930--Eau Claire 6, River Falls 31
- 1931--Eau Claire 0, River Falls 13
- 1932--Eau Claire 6, River Falls 13

The score does not always indicate the strength of a team. Eau Claire is out this year to blot out the inference of the above figures. This game should be taken seriously. It is the second step in a climb to the championship and it should not prove to be a stumbling block; yet it will be a tough game. Last year the Falcons managed to beat Eau Claire by a one touchdown margin. They did this only because they played "heads up football" all of the game.

Last Saturday Eau Claire served notice on the rest of the conference that she was no longer a weak sister by trouncing St. Paul Luther by the score of 38-0. It was the largest score rolled up by Eau Claire in several years. The Falcons also showed their strength in beating off a determined Stout team by the score of 13-6. The Falcons showed courage in this game and they deserve our continued support. We can feel sure that they'll do all they can to hurdle this second step in the championship scramble.

W. A. A. Notes

Thursday night the W.A.A. met and received the new members into the organization. Marie Klugow, the president, gave the rules in regards to becoming a member of the W.A.A. To remain a member, twenty-five points a semester are required.

Mercedes Peabody, chairman of the committee for changing the point system, listed the changes in the system. Health habits are not to be recognized as means of earning any points; this doesn't mean that they should be disregarded. Swimming was left at two points an hour; only organized hikes shall be counted. There must be at least four in the group, a chairman is to be appointed from the group to hand in the points.

The regular athletic games; tennis, hockey, soccer, basketball, volleyball, and baseball will still receive the regular number of points.

As stated by Doris Nelson, the recording secretary, the points are to be handed in three times a year, preferably the eleventh week of each semester. There are no sweaters to be given this year. The persons getting five hundred points will receive letters.

The business meeting adjourned, and the girls hiked to the park and enjoyed a weiner roast. The old members were entertained with a program from the new members. This was in the form of an initiation.

Y.W.C.A. Activities

The question, "Who is a true friend?" was considered in the Y.W. meeting Monday night. A very interesting program was based on the subject of true friendship.

Helen Kotts told us of the true friendship of the Master and read an essay on Friendship by Vira J. Slack.

The Y.W. trio composed of Lois Gates, Betty Cutsforth, and Zona Gale Martin accompanied at the piano by Edna Wahl sang two numbers: "What A Friend We Have In Jesus", and "Immortal Love".

The last number on the program was an exemplification of the six virtues of a true friend by Mary Alice Sherman, Gwendolyn Fox, Fern Enloe, Fern Steig, Velma Segerstrom, and Dora Mae Hocking. They pointed out that a true friend is a person who is faithful, recreative, inspiring, encouraging, noble, and dependable. The old adage, "A friend in need is a friend in deed", still holds.

Then the girls joined hands and sang, "Bless be the tie that binds" as a pledge to work toward being a true friend to every girl on the campus.

Give the Old Grads a big welcome on Homecoming.

Hunt Answers Y. M. Quiz

Mr. Hunt was the speaker for the Y. M. Monday evening. He was given six questions by the Y.M. to talk on.

1. Are the politicians on a lower plane than the average business man?
2. Are politicians subject to more temptations now than they formerly were?
3. Can an honest man stay in politics very long?
4. What is our hope for Democracy?
5. Does the common man get a square deal in politics?
6. What do we mean by "rugged individualism?"

Mr. Hunt stated that politics are no worse now than they were forty years ago and our young people are no worse now than then.

Ag Department Places 45 % of Its Graduates

In going over the placement of the last years graduates of the department of agriculture we find them in a variety of positions. Of the eighteen graduates we find eight of them with positions.

Following are the names of these graduates together with the kinds of positions they are holding as well as the towns in which they are located.

- Oral Claflin, science and coaching, Alma
- Parker Hagg, principal, Centuria
- Willard Stone, teacher and supervisor of project work, State Industrial School, Mass.
- Leland Standiford, principal of 7 and 8 grades and director of music, Woodville
- Raymond Wall, agricultural instructor, Hawkins
- Everett Jacobson, science, Rice Lake
- Milton Zeddies, Federal farm loan office, St. Paul, Minn.
- Walter Klanderma, manager of St. Croix Cooperative Egg and Poultry Association, Baldwin

Victory

Victory, Victory, River Falls! With our faces ever toward the foe; Victory, Victory, River Falls! Pressing forward, shouting as we go; Victory, Victory, River Falls! Every man is found where duty calls; For 'tis written on our shield, "Unto foemen never yield".

We will win the game today for dear old River Falls!

Here Comes the Team!

Here comes the team boys, Up one and all; They're going to win for old River Falls.

Ring out the chorus, We'll sing our songs once again.

And give a cheer for each of the men. Rah! Rah! Rah!

We'll stand behind them. They'll do the rest,—

While we all cry, "Win, boys, or die!" For you are fighting for the fame of River Falls.

Agrifallian Society Elects Officers at First Meeting

The Agrifallian society held its initial meeting in the Men's Union last Thursday evening. Gerhardt Christenson, who had charge of the entertainment for the evening, acted as chairman for the election of officers.

Olaf Pederson, senior from Cumberland, was elected president. Other officers elected were Alvin Jepsen, Milltown, vice-president; Lee Klein, Amery, treasurer; and Eddie Lyons, Glenwood City, secretary.

Following the election of officers plans for Homecoming and freshman initiation were discussed. The committee appointed for the Homecoming float were Alfred Mathiesen, Alfred Nelson, Philip Newman and Harold Grosskruetz. Friend Terpstra, Royal Anderson and Henry Sather were appointed to take care of the torches for the parade. Thorvald Thoreson, Wallace Voskuil, Carl Lawrenz and Clifford Noren were appointed to take charge of the freshman initiation.

Irving Haug, with the accordion,

and Eddie Lyons, with the banjo, entertained the group with a few musical selections.

Mr. May, head of the agriculture department, gave a brief resume of the agricultural situation.
