Y Organizations Will Sponsor Discussion and Project Groups

"The Process of Becoming" Is General Theme of Weekly Series of Meetings

The general theme of the discussion and project groups sponsored this year by the Y.M.C.A. and the Y.W.C.A. is "The Process of Becoming."

This topic has to do with the efforts of students to become adjusted to life. The weekly meetings of the Christian organizations during the month of February have been planned to offer help along various lines, attempting to supplement the classroom and other campus agencies.

Interest in this series will not be limited to the membership of the two cooperating organizations. Any student on the campus is invited to participate in any project in which he or she may be interested.

Projects are offered in the following areas:

I. "Attaining a Reasonable Religious Faith". Co-chairmen, Gordon Amphlett and Joan Smith. This group will meet at the home of Dr. J.O. Thrush, 301 N. 4th St. Dr. Thrush will speak on the following topics:

1. "A Reasonable Faith in God", on Monday, Feb. 3.
2. "A Reasonable Faith in the Scripture", on Monday, Feb. 10.
3. "A Reasonable Christian Life", on Monday, Feb. 17.

II. Implications of Moral Living. Co-chairmen LeRoy Brown and Joyce Leonard.

1. "In Our Campus Relationships", Dr. R. A. Karges, Monday, Feb. 3.
2. "In Community Relationships", Senator W. H. Hunt, Monday, Feb. 10.
3. "Our Relationship with Society", Dr. W. D. Wyman, Monday, Feb. 17.

III. Reading for Fun. Co-chairmen Emma Lou Tubbs and Vaughn Smith.

1. "Reading New Books", Miss Rhea Gibson, Monday, Feb. 3.
2. "Movies and Literature", Miss Vera Moss, Monday, Feb. 10.
3. "Our Poetry Corner", Miss L. Lucile Haddow, Monday, Feb. 17.

Dr. Kettlekamp Explains Influence of Hormones

"Hormones" was the subject of an address made by Dr. Benjamin Kettlekamp before a meeting of the Science Club Thursday, January 23.

The speaker explained that hormones are the excitatory secretions of the endocrine glands. In his lecture Dr. Kettlekamp pointed out that the hormones have a great influence upon the entire physical and mental make-up of the individual.

"Hormones", stated the speaker, "have as much to do with the individual as does heredity."

We Should Have Known It Before

While most of us poor mortals were encasing our numbed bodies in red flannels and fairly whimpering from the cold, one nonchalant junior remarked, "Well, if you want to feel some heat, you should go where I'm going." We politely declined the invitation, saying that we didn't want to go where he was going, at least, not until we had frozen to death. He ignored the facetious remark and, with a martyred air of condescension, explained he was planning to visit a place in the immediate locality.

Yes, to our surprise, he really asserted that there was a spot in this cold frozen area which was still bless-

Clef Club Will Meet Tonight

The Clef Club, which was postponed last week, will hold its regular meeting Wednesday evening, January 29, at 7:00 in the third floor music room in South Hall.

A new musical memory game with a prize for the winner will be introduced by Mr. Geere. The program will also include a number of musical selections.

Professor Johnston Attends Conference

Faculty Member Is Present At Discussion Meetings Held In Minneapolis Friday

Mr. Russell Johnston, director of the training school here, attended the Minnesota conference on the Education of Teachers in the Minnesota Union in Minneapolis last Friday, January 24.

This conference has been an annual affair for the past six years. It was arranged for this year by Mr. W. E. Reike, professor of education at the University of Minnesota.

The conference consisted of a series of panel discussions. The group was divided into four committees, and they discussed the following topics:

1. "A Review and Summary of Recent Curriculum Innovations in Institutions of Higher Learning."
2. "The Technique, Possibilities and Limitations of Valid Evaluation of Educational Outcomes."
3. "What should be the Nature of the Content of Five-Year Curricula for Teachers, Administrators and Supervisors?"
4. "What Steps Can Be Taken for More Accurate Evaluation of Teaching Merit?"

Professor and Mrs. Malott Entertain Rural Students

Professor and Mrs. James I. Malott entertained Miss Jorstad and five of the senior rural students at a dinner held at their home on Saturday night. For the remainder of the evening, the guests gathered around the fireplace and chatted.

The Malotts are entertaining the remaining senior rural students at a dinner to be held Saturday night, February 1.

Miss Louise Hilder Receives Leave for Study at Columbia

Miss Louise Hilder of the Training School has received leave of absence for the spring term in order to continue her graduate work at Columbia University. Miss Hilder, whose substitute has not yet been appointed, will be back at her work during the summer school term.

Vaughn Smith Chosen Vaudeville Chairman

Vaughn Smith

Vaughn Smith of Glen Flora has been chosen by the Athletic Council of the college as the chairman of the annual vaudeville. Mr. Smith, a senior, is enrolled in the history department.

The committee which will assist him in the plans for the vaudeville includes Robert Stewart, Dora Mae Hocking, and Marion Hawkins.

The tentative date set for the vaudeville is February 28. The usual dance will be held in the North Hall gym after the stunts.

Falls Debaters Participate In Illinois Meet

Two Teams Debate With Four Wisconsin Colleges Enroute To Tournament

Ranking third in a field of nineteen competing colleges, two Falcon debate teams returned Sunday evening from participation in the fourth annual Illinois State Normal University debate tournament which was held on last Friday and Saturday at Normal, Illinois.

The local negative team composed of Roman Zorn and Daniel Dykstra tied for first honors by winning six out of seven debates among the 39 individual team records. The affirmative team of Rolf Ordal and Loell Larson had a record of two wins and four defeats, thus giving the local delegation a total of eight victories and five losses.

Due to the fact that several colleges entered more than two teams and since not all of the individual teams had the same number of debates, it is impossible to accurately rank the colleges represented in this tri-state tourney. Manchester's nineteen wins and seven losses and Stevens Point Teacher's ten victories and three defeats were the two leading records.

While enroute to the Illinois Normal University tourney, the four debaters and Coach Wyman invaded four Wisconsin colleges. A series of dual debates were held at Oshkosh Teachers College, Stevens Point Teachers College, Ripon College, and Carroll College.

In the course of this debating tour the debaters were snow-bound for twenty-four hours at Waukesha, Wis., a total of twenty-one debates were held, and approximately 2,250 miles were traveled. The debaters and Dr. Wyman left River Falls on the morning of January 20, and returned on the evening of January 26.

Dr. R. A. Karges Will Speak at Next Science Meet

"Electric Signs and Rare Gases" will be the subject of an address which Dr. Rudolph A. Karges will give before a meeting of the Science Club on Tuesday, February 4.

Floor Show by Local Talent Will Be Feature of All-School Dance

Art Class Will Hold Exhibit

The art history class will present an exhibit in the art room on Thursday, January 30. The exhibit will consist of prints of famous paintings and many copies of modern art.

Since this type of exhibit will give students an opportunity to become acquainted with modern art, all students are invited to view the exhibit at any time during the next week.

Annual Band Concert Given Tuesday Night

Solo by John Nelson Feature of Program; Chorale Played In Memory of Floyd Lind

The Concert Band, under the direction of Professor B. J. Rozehnal, presented its fourth annual concert last night in the college auditorium.

"The Vanished Army", a poetic march by Kenneth J. Alford, was the first number on the program. This march was written during the World War and dedicated to the first "Hundred Thousand."

In memory of Floyd Lind, a member of the college band for three years who died January 14, 1936, the band played "Triumphs Today the Son of God", a chorale by J. S. Bach.

"Universal Judgement", a symphonic poem by Camille de Nardis and Ketelby's "In a Monastery Garden" were outstanding numbers.

A tenor solo by John Nelson was featured as a part of an arrangement of the Stephen Foster Melodies by Luis Guzman.

The personnel of the band is as follows:

Piccolo: Alfred Backhaus

Continued on last page

No Program Will Be Given During Assembly Tomorrow

There will be no program presented during the regular assembly hour this week.

There will be a meeting of the senior class in room 17 of South Hall during this hour. Several important matters such as invitations, rings and pins, class day exercises, and formal dance will be discussed.

The junior class will meet in the chemistry lecture room of North Hall for the election of officers. The nominating committee appointed by Harry Guinn includes the following: Mary Junkman, Ruth Gullick, Donald Simmelink, and Everett Compton.

"Ear Marks" of Professorship Appear

And have you seen them? Now we ask you, who would have "thunk" it?

We are certain of one thing, and that is that our noble stars have most serious intentions of becoming confirmed and accomplished professors some time in the far distant future. Friends, in regard to winter etiquette, they have already acquired the first "ear marks" of their noted superiors.

Somehow here-to-fore we thought that our gentle instructors were fondly clinging to an old tradition of their youth. But now we see it has been revived in all its glory, especially in the vicinity of La Crosse.

With regards to Youth, if we are to judge by evidence, our august seniors must have had very somber oxford gray ones. Youth today accord-

Sophomore Class To Sponsor Party Which Will Be Held Friday Night, Jan. 31

The sophomore class will sponsor an all-school dance on Friday evening, January 31, in South Hall gymnasium at 8 o'clock.

In keeping with the number of national holidays which come around this date, the decorations for the party will be red, white, and blue.

During the evening a floor show featuring local talent will be presented. This floor show will include among other things tap dancing, comedy acts, and special musical numbers.

It is rumored that a well known college comedian will be present to preside as Master of Ceremonies. He will entertain the party-goers with his usual gayety.

Music for the dancing will be furnished by Arnie Kuss and his Midway Club Orchestra. The social room will be open to those interested in playing cards. Refreshments will also be served.

Admission to this dance is 35c per couple and 25c per person.

The general chairman in charge of the party is Stuart Larson. He has for his assistants Frank Sirianni, Dale Johnson, Kathlyn Churchill, Joyce Alton, Lorraine Isaacson, and Eddie Cass.

Kathlyn Churchill is in charge of the refreshments, and Dale Johnson is taking care of the advertising.

Chaperones will be Miss L. Lucile Haddow, Dr. and Mrs. B. Kettlekamp, Dr. and Mrs. J. H. Owens, and Professor and Mrs. B. J. Rozehnal.

University Women Will Hold Meeting Wednesday

"Trends in Education" will be discussed at the regular monthly meeting of the American Association of University Women on Wednesday evening, January 29. Miss Alberta Greene is the hostess.

This subject will be presented in three divisions: Miss Lucile Fobes, of the college faculty, will tell of trends in the elementary school. High school trends in education will be discussed by Miss Loretta Therien of the local high school. Mrs. Margaret Chapman Eide, of the college faculty, will present the college educational trends.

History Club Meeting Is Postponed To February 4

The History Club meeting, originally scheduled to be held last night, has been postponed until Feb. 4. Miss Alberta Greene will be in charge of the meeting.

ing to official reports, and according to the sight that greets our eyes around here, is definitely flaming. It is also, my friends, sky-blue pink, green, yellow, and many a riotous plaid.

Still another difference between these two generations is the way they wear their winter dignity. Those of the old school run the watch spring horizontally around the head, while the younger generation contends that it should surmount any barrier to reach the other side.

If you haven't guessed it yet we'll tell you. We have reference to those intoxicatingly, ridiculously mad "ear muffs" the boys brought back with them from La Crosse.

What we can't figure out, is why no one thought to replenish the stock here?

Let's Cooperate

Men's intra-mural basketball teams have recently been chosen, and a schedule of games is being arranged. Last year this activity suffered because of a lack of interest among the men students of the campus. Many admitted a willingness to compete, but failed to put in an appearance at the scheduled time. Obviously, this does not work successfully.

Intra-mural basketball was established for the purpose of giving all men students an opportunity to engage in this activity. The college athletic directors have devoted a considerable portion of their time and effort to the organization of this movement. It is the only form of athletics in which all can compete. We should be willing to make this one activity a success.

Those who have signified their willingness to play intra-mural basketball are urged to cooperate. It is necessary that they put in an appearance at the scheduled time. It is up to the men students to make this activity a regular part of our athletic program.

Many students have expressed themselves in favor of establishing another form of athletics in this college such as boxing or ice-hockey. This movement may be entitled to whole-hearted support. It will, however, be impossible to establish another form of athletics if we are not interested in those we have at the present time. The success of intra-mural basketball may lead to the establishment of other such athletic events.

The best claim that a college education can possibly make on your respect, the best thing it can aspire to accomplish for you, is this: that it should help you to know a good man when you see one.

—William James

Poor Me . . .

Have you ever heard, "Boy, I sure 'fopped' in that exam!" from a classmate, one who "pops" some such phrase every time you are waiting for an examination return? Has it happened to you too, that you sympathized with him only to find a beautiful mark on his paper after it was returned?

There are some people who take a special delight in enlisting sympathy. You find them everywhere, in the classroom, on the athletic field, in the club room. Haven't you heard someone bemoaning the fact that he is certainly going to be "cut" from the squad, even though he was first substitute on the first team last year? At the billiard table you will play with a fellow who promises you beforehand that he is going to lose, that he won't be able to make the simplest shots. After the game is finished you find that the poor boy who was going to lose by ten points has beaten you by fifteen.

I don't believe there is anyone who does not underrate his ability occasionally. But when you have a "wolfcrier" about you for long, you begin to appreciate the braggart, the person who knows only his own superb skill.

If you will watch a class after an examination, you will invariably notice that it is those who are quiet and say the least who get the low marks. There are very few people who would go about and force their ignorance on the ears of their friends. There is nothing quite so irritating as a young man begging sympathy.—Northwestern "Black and Red".

It was a saying of his that education was an ornament in prosperity and a refuge in adversity.

—Diogenes

The Inquiring Reporter

When would you rather have a week of Spring vacation: between terms or at Easter-time?

A spring vacation at Easter-time rather than between terms would be preferable to students who live some distance from school. Those students who plan to go home only once between Christmas and the end of the school year would rather make the visit at Easter than between terms.—Mae Victoria Nelson

I would rather have a week of spring vacation at Easter than at the end of the term because Easter comes about five weeks later than the end of the second term, which would make it a much more desirable time for a vacation because of warmer weather. I also believe that most students like to go home for Easter and this would give those traveling a considerable distance a much better opportunity.—Gerhard Tostrud.

I would prefer a week of spring vacation between terms because it would be better to have it at the end of a unit of work rather than in the middle.—Carol Hovde.

If we are to have a spring vacation, the best time is at Easter. Most high schools and grade schools have a vacation at Easter, and this plan for vacations would allow students to be home together. Most people would rather spend a week at home in the latter part of April than in early March.—Leonard Hermanson.

Father Falque Talks On Catholicism Before Y. M.

"The supreme scandal of history is that a religion founded upon peace love and unity has become an example of division and strife," said Father Ferdinand C. Falque in addressing the Y.M.C.A. last Monday evening on the subject "The Sacramental Nature of Catholicism."

All denominational misunderstanding is theological, he stated. Catholicism is a sacramental religion; protestantism is a moral religion.

The true catholic attitude, he pointed out, does not disregard morality but includes also the necessity of the sacraments for salvation. These sacraments, the speaker explained, are baptism, confirmation, penance, the Eucharist, extreme unction, matrimony, and the priesthood.

By discussing some of the fallacies in the historical and popular conception of Catholicism, Father Falque brought out the fundamental principles of the Catholic faith.

Father Falque, who was formerly at St. Thomas College, is at present chaplain at Anker Hospital in Minneapolis.

Three Arts

The soft glow from the one lamp was so absorbed by the darkened room as to make faces and forms scarcely discernable. A delicious warmth penetrated the pores of my flesh, and I felt my blood rising. I directed my gaze over the heads before me and with increasing exhilaration sensed my own words painting a dramatic melody of life and death on a distant canvas. No, not a canvas . . . but a plain wall.

I was audience to a strangely fascinating picture. Blues, purples, pretty greens, crimson, and bronze . . . labyrinthian recesses behind which lurked soft shadows inspiring curiosity rather than fear! And against this extravaganza . . . people like you and me dressed in gay yet subdued colours! Gorgeous clothes . . . falling in lovely folds that failed to veil the rare charm of form and movement. Everything life-like . . . everything pulsating . . . everything swaying rhythmically on almost inaudible waves of melody.

Two were outstanding. She was statue-like, but the white marble of

her flesh absorbed the blue, the purple, the pretty greens, the crimson and the bronze and reflected a wealth of vitality. She radiated beauty. She inspired. He was a galling figure . . . royal and reticent. His eyes were shadowed reflectors of the smouldering fires they concealed. His subdued attire lent majesty to his person, and behind that majesty, a sadness profound and eternal. His silence was awful . . . rather terrific. He included all. He absorbed her so that she became a mere form which was destined to also become a part of him.

And then the steady drone of my own voice destroyed the solemnity for a moment, and the return to consciousness produced a nausea . . . terrible! Transported again, I trembled. The characters were gone, save the man who from the first moment held me in a merciless fascination. He beckoned to me repeatedly as all but his eyes became lost in the picture. And then . . . the mood was shattered by a flood of light and a return to reality.

Falls Quint Wins From Maroons At La Crosse Friday

Falcons Take Lead In First Ten Minutes of Play; Jim May Is Defensive Star

The River Falls basketball team maintained the only perfect rating in the Northern division of the conference by turning back La Crosse Friday night 38 to 25. The Maroons, on their home floor, made several threats to the Falcon margin during the ragged ball game but failed to bother the Falcon defense during the latter part of the game.

The Falcons stepped out from the start and took an early lead of 16 to 6 before the game was ten minutes old. At this time the game became ragged and erratic shooting and passing by both teams prevented a large score. River Falls led 16 to 10 at the half.

River Falls stepped out from the Maroons during the second half and held a comfortable margin during the rest of the game.

Herkal and Blank scored 14 and 13 points while Nystrom picked up nine to share offensive honors for River Falls. Jim May was the defensive star of the game by holding Watts, the La Crosse negro sensation, to but two baskets and three free throws.

Watts and Horvath were the best floormen on Johnson's team.

The second matches of the badminton tournament are being played. The tournament will end next week.

A doubles tournament in badminton will begin the end of next week. Every girl wishing to enter the tournament is urged to get a partner. A notice of the tournament will be posted on the bulletin board.

The captains of the basketball teams have chosen their players for the season. The teams are as follows: La Vernia Jorgenson, captain, Ethel Schallenger, Joyce Beardsley, Lucille Striebel, Grace Erickson, Mary Katherine Prucha, Marion Boles, Gertrude Peterson and Jeannette Griffith.

Helen Pederson, captain, Audrey J. Barrett, Virginia Roehl, Lucille Creswell, Adeline Larson, Charlotte Griffin, Iris Mills, Elizabeth Herum and Marjorie Cowan.

Lucille Jones, captain, Lillie Ahlgren, Lucille Kay, May Heckel, Rhoda Hawn, Mildred Pederson, Edna Legler, Florence Greeley and Frances Kelley.

Miss Mary Louise Branstad and some members of the W.A.A. plan to attend the national ski tournament which will be held at Red Wing, Minnesota, next Sunday, February 2.

Kibitzer's Korner By LOUIE

FALCON victories over Superior, Stout, and La Crosse piled up a total of 155 points in three games against their opponents' 81. Every team but River Falls has a poorer defensive score than offensive. The Yellowjackets have played but two games and will swarm out on La-Crosse at Superior Friday night in a game that promises to be a good battle.

AT Eau Claire Zorn's boys are planning on spilling the Falcons out of the running. Zorn has the best team he has had in years with Held, Schmiedlin, Korrisson, Behn, and "Parky" back from last year's team. Fiem, a tall boy from Neillsville, and Moore of Durand will both add plenty of scoring power to the Zorn team when River Falls goes after their fourth successive win.

LAST Friday night's game at La-Crosse brought roses to Jim May for putting the dampers on Johnny Watts and disappointment to Maroon fans who figured to see Watts pour in a few buckets. May was not only outstanding on Falcon defense but he passed a couple of buckets into the forwards with long passes from the backcourt. Nystrom also helped out the offense with nine points. The "Mouse" hit from the floor right along with Herkal and Blank.

CRAWFORD's Blue Devil outfit at Stout must have stepped out after the Falcon drubbing. In the two games played since that time the Stout team has been beaten only in the last minute of high scoring ball games with La Crosse and Eau Claire. Stout has scored 110 points in three games for the second best offensive average. However the defense must be weak to allow 160 points to be scored against them.

OUR old pals Mel and Al Erickson were down to see the Falcons take La Crosse. The "gold dust twins" are planning a big summer in baseball again. Last year Mel won 23 of 26 ball games for Prairie du Chien in a Southern Wisconsin league, while Al was one of the mainstays of the Black River Falls team, one of the fastest semi-pro teams in the state.

NOW that ear muffs have gone radical Prof. Whitenack wishes his weren't so conservative. Howie Vassau wants to know which station is most popular with those funny colored earphones. Somebody should tell him the weather bureau is when they're broadcasting above zero weather for a change.

SUPPOSING somebody answered some of these puzzling questions people are asking? Whose gold basketball is LaVerle DeMarce wearing? Why has Hinke spent so much time in the corridors lately? Who referees the blood and thunder battle between a popular basketeer and another young swain about town? When are those painters going to finish up and move out

Answers next week, maybe.

Falconite Sketches

Walter Herkal

Walter Herkal, junior . . weighs 150 pounds, 5 feet 10 inches tall, will be 21 February 8. Graduate of Minneapolis South High. All-City forward for two years on the cage team. Played football, but was too light to fit in the South powerhouse. Elected captain at River Falls after his first season on the squad. Claim to fame lies in his basketball ability. Has been all-conference forward for two years and is making a good bid for the third successive year. Led all scorers of the state last year with 99 points in eight games. This year has half that many in three games. Bats them in at a 16 point average. He is the best known basketball man in the league, yet none of them can stop him. He is also the most superstitious player. Has signs and omens and good-luck habits and beliefs. Thinks number 4 is his lucky number. Has worn that number since his high school days. Cowles has to order that number on all Herkal's shirts. All of his good luck signs work because of his ability to go out and get what he goes after. Has won 6 letters in football, basketball, and baseball. Will probably be the first Falcon to win more than nine letters. Doesn't like track, chewing gum, term topics or remarks about his dimples. Goes for trim lines in girls and automobiles. Likes good music, big gyms, and tobogganing (when he has time). Can play tennis, but thinks golf is the warm weather game.

Remaining Games on Schedule

- January 30—Eau Claire at Eau Claire
- February 4—Stout at Menomonie
- February 6—Macalaster at River Falls
- February 10—Hamline at River Falls
- February 14—Superior at Superior
- February 21—LaCrosse at River Falls
- February 26—Eau Claire at River Falls

Around the Conference

River Falls, traveling at a 52 point average in three conference games, kept the lead in the Northern division by dumping La Crosse while Eau Claire eeked out a 40 to 36 last-minute win over Stout's rejuvenated cage team. The Falcons, while scoring 155 points in three games, have allowed the opponents 81 points for a 27 point defensive average.

River Falls, while sporting the best defensive and offensive average, is the only team that has scored more points than the opposition.

While Superior was idle over the week-end, Eau Claire took a thriller from Stout 40 to 36. The Zornados were forced to cut down the Blue Devil lead piled up by Braaten and Worman before putting the game on ice. Eau Claire put a well balanced five on the floor with Held, Korrisson, Fiem and Behm overpowering the best Braaten and Worman could do for the Blue Devils.

Stout held a 27 to 20 lead at the half but the Zornado defense tightened in the final period and held the Blue Devils to but nine points.

Falls Cagers Will Meet Eau Claire Team Thursday

Falcons And Tornados Will Play Fourth Conference Game at Eau Claire

River Falls will meet Eau Claire on the Tornado court Thursday, January 30, in the fourth conference game for each team. Eau Claire has lost only one game, their opening conference encounter with Superior. Zorn's team has defeated both La-Crosse and Stout by last minute rallies.

Eau Claire will be strengthened by Moore, a Tornado sensation in early non-conference games. This Durand freshman will become eligible this week and will undoubtedly take over a regular forward position on Zorn's team.

Besides the high-scoring Moore, Held, Korrisson, Behn and Fiem, all standbys from past Eau Claire cage teams, will try to dump the Falcons from the undefeated rank.

On the following Tuesday the Blue Devils of Stout will play host to the Falcons at Menomonie. Stout, since the 65 to 20 drubbing by the Falcons at River Falls, has improved considerably. LaCrosse was forced to the limit in getting a narrow 55-54 decision over the Blue Devils, while Eau-Claire put on a typical Tornado final minute splurge to conquer the Blue Devils.

Macalaster, one of the leading contenders for the Minnesota conference title, will play a return game at River Falls Thursday, February 6. Mac defeated the River Falls team in the opening game of the season 20 to 17. The Falcons now have a different line-up which has clicked consistently and should force the strong Mac team to the limit.

On February 10 the Falcons will meet Hamline, titleholders in the Minnesota conference for the past four years. Hamline, with but two regulars from the great championship Piper quint of last year, is again rated as the best bet to retain the title this year.

Y Organizations Will Sponsor Discussion and Project Groups

Continued from first page

Students are invited to bring favorite poems to be read at this meeting.

IV. Social Graces. Co-chairmen Helen Kotts and Stanley Morgan. Miss Hathorn will discuss and will lead a series of forums on problems of etiquette, social customs, etc. on three successive Mondays, Feb. 3, 10, and 17. The interests and needs of the group will largely determine the specific problems to be considered.

V. Leisure Time Activities.

1. "Photography" with Mr. J. P. Jacobson and Franklin Otis. Three or more sessions on fundamentals of photography for those who can not take the complete course. This group will meet in the physics laboratory on Tuesday evenings, beginning Feb. 4.
2. "Knitting" with Mrs. Martin Norseng, 507 East Elm Street. Three sessions, meeting on Tuesday evenings at 7:00, beginning February 4. Chairman, Gwendolyn Fox.
3. "Handicraft" with Miss Alberta Greene and student assistants. This group will meet in the Art room, South Hall at 3:10 on Tuesday, Feb. 4, for its first meeting. The projects to be promoted, the times of meeting, etc. will be discussed at that time.
4. "Chess" with Dr. A. C. Vogele. Hours to be arranged.
5. "Bridge" with Dr. J. H. Owens. This group will meet in the Girls' Social Room at 7:00 on Tuesday evenings beginning Feb. 4. This project will continue as long as the interest continues.

The month's activities will be concluded with a joint meeting featuring an out-of-town speaker to be held in the Men's Union, Monday evening, February 24.

Basses: John Bradley, John Nelson, Herold Compton, and LeRoy Hawkins

Timpany: Donald Foss

Percussion: Norman Robinson and George Mullen.

Campus Chatter

Now to us come reports of the great debate trip. The outstanding events of the trip were the activities of Daffy Dan Dykstra, the dynamic Davenport man. So styled by one of his fellow debaters.

Ordal and his romantic affairs were the subject of more than one song and poem. The general idea seems to be that we should have a women's team next year.

Louis Zahradka has got rid of a load of grief when he chucked that boarding club. Louis got grey and now the boys say Tommy is getting bald.

Now for some campus tragedies. Williams gave his "Time" test. After writing for a period one lad wanted to know if he had been through a marathon or a six day bike race.

WINTER SHOE CLEARANCE

Fall and Winter styles are reduced for clearance. You can save considerable if you buy now.

Whitewater President Has New Student Rating System

President Yoder of the Whitewater State Teachers College has recently announced a new system of grading that may be introduced in that college next fall.

With a change in the credit-rating system all failures in the freshman and sophomore years will be eliminated. By the new method a grade of "A" will merit 5 credit points; "B", 4; "C", 3; "D", 2; and "E", 1.

At the end of the first two years outstanding students will be selected according to scholarship and personality rating. Those students who are not selected will be taken into conference and advised whether or not they should continue.

Rural Practice Teachers Begin Training School Work

The seven students who have been practicing at the Martell and the Hammond Central schools have returned and are now taking four hours practice in the Training School. They are practicing in the following grades:

Anna Marie Johnson, sixth; Norma Foley, fifth; Edna O'Brien, fifth; Irene Mentink, fourth; Margaret Wang, third; Wilma Hageseth, second; and Jessie Pittman, first.

Dorothy Fern, June Wert, Marie Seiner and Elwyn Larson are now practicing at the Martell school.

The regular Rural Life Club meeting will be held Thursday evening, January 30 at 7 o'clock. The new officers will be elected at this meeting, and a program will be presented.
