RIVER FALLS, WISCONSIN, NOVEMBER 11, 1921.

Number 9

RED AND WHITE DROP ANOTHER

For the first time in the history of football with Eau Claire, River Falls takes the short end of the score.

River Falls kicked to Eau Claire and for the first few minutes of play, the ball exchanged hands a couple of times in midfield. The Falls carried the ball to the opponents' 20-yard line, Eau Claire recovering on a fumble and punting out of danger. After an exchange of punts Eau Claire succeeded in completing several forward passes and a couple end runs for a touchdown. The Falls received, returning the ball ten yards and were forced to punt. Just before the close of the first period Eau Claire completed another pass, and with three or four line plunges put the pig skin over for the second touchdown. Score 14 to 0.

Second Quarter

Early in the second quarter Eau Claire tried a drop-kick which went about a foot below the bar. Each team failed to make first downs for a couple of times and were forged to punt. Finally Eau Claire got down to our 20 yard line. Here they tried two passes which were incomplete but a third was completed over the goal for Eau Claire's third touchdown. The rest of the period the ball was kept in midfield. Score 21 to 0.

Clanton Completes Pass for Touchdown

The second half Capt. Murphy took the full-back position in place of Whitenack. Clapp went to the tackle position, Casey taking the guard, and Raab at quarter.

The Falls received and made good gains. A pass, complete to Raab, netted 25 yards, bringing the ball to the opponents' 25-yard line. River Falls fumbled, Eau Claire recovering and punting out of danger. A couple of line plunges brought the ball to midfield. Clanton completed a pass for a 25-yard gain. Two line plunges netted five yards and a second pass was completed by Clanton over the roal. The rest of the period the pig-

SUPERIOR HERE TODAY

The strong Superior team will be here to meet River Falls this afternoon. This promises to be the best game of the year. Superior won from Stevens Point and Eau Claire this season and were defeated by Stout by only a small score. The Falls team is smarting under three defeats and is determined to stage a comeback. Be out with all your pep.

THE HOSPITAL BENEFIT

Through the thoughtfulness of Mrs. McEwen of St. Paul a concert of unusual talent, was presented in the auditorium Wednesday night. Madam Jane Cameron, contralto, an artist of the very front rank, roused the admiration of her audience with the exquisite tone of her voice. Miss Helen Schutte Kueffner of St. Paul gave several well-chosen, beautifully-rendered selections on the violin. Madam Katherine Hoffman, for years an accompanist to Schumann-Heink, and known to music-lovers everywhere, showed her truly great talent as a pianist. Those who heard this trio feel they enjoyed an exceptionally fine program, for it is not often that we have the opportunity to hear grand opera talent in River Falls. All proceeds will be given to the hospital.

RIVER FALLS-SUPERIOR DANCE

A mixer dance will be given Friday night in honor of the Superior team. Third Year Students, Juniors, Seniors, Graduate Seniors, and faculty members are invited. Everyone is urged to be present at eight o'clock in the gym in North Hall. Let's show Superior our pep.

If anyone notices a student standing to recite, or eating his meals off the mantle shelf he will know that that particular student was one of the truck's passengers to Eau Claire last Saturday.

Address, Supt. I

Jessie Bolin and Margery Fay spent the week-end at Maiden Rock.

AGRICULTURAL NOTES

The large barn located on the north campus will be moved to a site west of the dairy barn. This addition is necessary to house the increasing herd. It will be used as quarters for calves and young cattle.

The Crop and Poultry Show has been postponed until Dec. 1 and 2. This change was deemed necessary due to the difficulty of securing suitable speakers and judges. Prof. T. L. Bewick, State Boys' and Girls' club leader for Wisconsin, has been secured to judge the crops and give an address. Prof. Bewick is an alumnus of the River Falls Normal. Prof. D. H. Reid, poultry expert, will judge poultry and give a talk on poultry.

A number of committees have been appointed to arrange educational exhibits. These have always been a part of the show, and this year will find a number of new features.

John Imrie of Roberts, State Farmer's Institute Conductor, gave a splendid address at the last Agrifallian meeting. Mr. Imrie is a very able speaker and his talk was enjoyed very much.

SPECIAL ASSEMBLY TODAY

Today being November 11 and Armistice Day, a special meeting has been called at ten o'clock this morning. A program appropriate for the occasion will be given and which will consist mainly of patriotic numbers.

After the assembly classes will be discontinued for the day, but other activities will be carried on.

The assembly program will be as follows:

"BORROWING"

This title was originally composed to cover but one subject, but during the process of evolution it has involved another subject which most people classify under an entirely different name. The elasticity of the title "Borrowing" is becoming too great and some of the acts committed under the title of the subject should and will have to be curbed. As referred to above the title was originally meant to cover the willing act of lending some object or help upon request, which includes, of course, the promise to return the object or its equivalent upon the earliest convenient moment. Now, unfortunately, due to the imagination or untutored conscience of some people, the title has been ex panded to cover that disgusting act of "just picking things up" and forgetting to replace them.

The latter explained act, even though classified under the above title, has caused the downfall of a great many individual persons and al-50 the uprooting of the reputation of some schools, due, perhaps, to the habitual performance of this act by a very few of the students. Something of this borrowing habit is being noticed in the men's locker rooms in North Hall. Articles, left for the moment, are mysteriously disappearing and never seem to reappear.

Still another phase of the borrowing habit is that it does not cultivate ones dependence upon himself. He becomes used to depending upon someone else, and will, when he goes out into his life work, be greatly handi-

So learn self-dependence here where it comes easy.

Then, let us insure the reputation Published Weekly by the Students of our school, and our own dependence, by not allowing the borrowing habit to interfere with our individual development.

skin was kept mostly in Eau Claire's territory.

Fourth Quarter

Eau Claire had the ball in midfield. They made first down twice and attempted to drop-kick which went wide giving the Falls the ball on the 20yard fine. Eau Claire intercepted a pass and attempted another dropkick. The Falls carried the ball down the field but were forced to punt. The opponents brought the pigskin back to our 15-yard line.

Raab Makes 85 Yard Run

While on our 15-yard line the opponents fumbled, Raab recovering and running the length of the field, 85 yards, for River Falls' second touchdown. Capt. Murphy missed the goalkick, which is the first he has missed this season.

Eau Claire received, bringing the ball to our 45-yard line. A couple of line plunges netted eight yards and they attempted another drop-kick. The Falls was carrying the ball right down the field when the game ended with the ball in our possession on Eau Claire's 30-yard line.

ASSEMBLY TALKS

At the Tuesday assembly, President
Ames brought forth a number of interesting and enlightening points on the subject of disarmament, and also why Armistice Day of this year is especially important. This subject is one in which everyone should be vitally interested as it deals indirectly with his welfare.

President Ames brought out that Friday, November 11, was doubly important this year, as a disarmament conference was to meet at Washington, D. C., on that day, and also because of the nation-wide Silent Tribute that is to be paid at 11 a. m. to an unknown soldier who is to be buried upon that date. This disarmament conference is to meet at Washington, D. C., for the discussion of the possibility of a world-wide disarmament, and whether the U. S. should grant France the alliance that she requests

G. A. A.

At the last meeting of the G. A. A. it was voted to award the girls cheer leader, elected by the student body, fifty points toward her sweater. G. A. A. girls are planning to decorate Main Street for the Superior game. The lamp posts will be covered with colors of both schools. It is hoped that every merchant in town will have Home-coming decorations in his windows.

Those who failed to get their colors at the pep meeting last Friday, may get them at the game this week for 25 cents. A special feature, a snake dance will be carried out by a number of G. A. A. girls. Everybody out! Show your pep!

CAMERA CLUB

The Camera Club met Monday night. Members enlarged, developed and printed pictures. Some excellent pictures of the Eau Claire and Oshkosh games were shown. Several members are working on collections to enter the Meletean contest.
