## River Falls Holds Eau Claire To Scoreless Tie

### Prospects For Monster Home- Coming Bright

Every day the Homecoming committees are receiving responses from members of the alumni, stating that they will be here on November 18, with loads of enthusiasm. The word "Homecoming" seems to have given every alumni a thrill, and to have stirred the enthusiasm in their hearts to such an extent that the "Stay at home" or the "Too much work" argument will not cause the Homecoming committee any great trouble.

The enthusiasm which prevails among the student body at such an early date speaks for itself, and insures a grand reception to the alumni and its friends.

"Something doing every minute" is the slogan of the committees; arrangements have been made to put on all the traditional stunts, and to add a few more. The two monstrous street parades in which everybody has a part, the game of the year between Oshkosh and The Falls, and last, but not least, the Homecoming Ball. All these events will take place in addition to a good many more that will make everyone present forget where they are.

#### NORTHWESTERN WISCONSIN TEACHERS' ASSOCIATION

The thirty-second annual meeting of the Northwestern Wisconsin Teachers' Association will be held Thursday and Friday, October 19 and 20, at Eau Claire, Wisconsin. This convention is open to all Wisconsin teachers holding membership in the association. Any State Normal, County Training School or Business College students of this territory may obtain special membership tickets.

Members of the local faculty will take an active part in the convention this year. Prof. Hunt is a member of the Booster Committee, Miss Lucile M. Fobes, of the local training

#### STOUT

Saturday, October 21, our team will meet Stout at Menomonie. From all reports they have a strong, fighting team and judging from the type of game they played here last year, it will be a battle royal. We are anxious to even up for the defeat of last year.

This is also to be Stout's Homecoming game. Preparations have been under way for sometime to make it a success. A dance is to be given after the game to which all the River Falls players and rooters are to be invited.

If you can find a way to go, be on hand to back the team and make it a victory in spite of all of Menomonie's efforts.

Let us see who will have the "Victory Bonfire."

#### LIPKE ELECTED CAPTAIN

During the first part of the season the football team has been without a captain. Bill Johnson failed to return at the start of the season which left the team without a leader. Wednesday evening at the chalk talk, the team voted for captain. Lipke was chosen on the first ballot.

"Tarzan" Lipke has been with us throughout one season as tackle and always played a consistent game. Few men have ever been able to get through where he takes his stand. Besides he has played one year at Ripon.

We feel that the team is well led with "Tarzan" at the head.

department, is chairman of the Primary section. At the Round Tables and sectional meetings to be held on Friday, the following will take a leading part: Professors May, Stratton, Hunt, and Principal Mason of the local high school, Miss Fobes, and Miss Howell of the training school.

At 5 p. m. on Friday there will be a reunion for all River Falls Normal School graduates in room 205 at the Eau Claire Normal School. It is expected that all graduates in attendance at the convention be present at this reunion.

#### Red and White Play First Conference Game to a Tie

In the first conference game of the season Eau Claire and River Falls battled to a scoreless tie. Eau Claire was quite confident of a victory and the team was accompanied by a band of twenty-five pieces and about two hundred rooters who traveled in cars. The east side of the field was reserved for them and they made a good effort to fill the space.

River Falls was represented by a crowd three times as large as that of the Dunwoody game. Helped out by the band, the rooters gave evidence of their overflowing "pep." As the ball changed hands the rooters of either side gave vent to their enthusiasm and tried to out do each other. The overflowing stand and the filled spaces outside showed that the townspeople as well as the students were backing the team.

Perhaps Eau Claire was disappointed in not winning, but the crowd had the pleasure of seeing a real battle. The absence of several men from the lineup of the Falls team gave them the idea of an easy victory.

The game had to be devoted to straight football as the brisk south wind made passing almost impossible, only one pass being completed. The team having the wind at its back had the advantage during that period, but even with this, neither were able to score.

#### First Quarter.

Eau Claire won the toss and chose to defend the south goal. River Falls kicked against the wind and made but a short distance going to the forty yard line. Eau Claire was penalized five yards for being off side on first play. They made five yards on a delayed buck and then attempted a pass which Gurnoe intercepted. Eau Claire, attempting to kick, was blocked, but recovered ball. They then attempted another kick, the ball going to Smith who made five yards. River Falls and Eau Claire both fail to make downs and Eau Claire kicks over goal line, the ball being returned to twenty yard line. The Red and White fail to make downs, and Gur-

## Editorial

### CAN YOU STAND THE "GAFF?"

It is not an unusual thing at this time of the year for the student to become discouraged, downhearted, and out of sorts. He has lost much of his ardor, much as did all nature when the first frost came to dampen her charms. It may be any one of a number of things that sets the ambitions of the student to naught. Perhaps the football team has not come up to his expectations, or perhaps some subject is taking too much of his time, or perhaps he has not had the chance to become acquainted with as many other students as he had hoped to do.

At all hazards, something is wrong somewhere, and the student has become despondent, willing to let things slide. Now is the time to catch yourself, and save yourself from the slide. Later it will be harder, or perhaps impossible. Get behind the athletics with all the spirit and pep you've got, and they will take care of themselves. Attack the subject that is causing special difficulty with a vigor that you would apply if you were a member of the football team, upon which depended the state championship. You will learn to like your work, and will perhaps be saved the humiliation of a repetition.

This was not meant to be handed

**EAT at the Normal**  
**CAFETERIA**  
MEALS AT COST

out as a lot of soft soap to the student body, but is given as a little kindly advice, (you know that it's easy to give advice) to perhaps the newer students, some of whom are trying to find daylight.

### AG. NEWS

A large number of the men in the Agricultural Department attended the National Dairy Show at St. Paul last Thursday, as well as the entire corps of the Ag. faculty.

All reports indicate that the show was a marked success. The poultry exhibit of three thousand birds was exceptional from the standpoint of breed, type and quality. The quality of the "Dairy Breed's Exposition" surpassed that of any other year. There were over one thousand animals exhibited of the five dairy breeds.

The demonstrations given by the high schools were of superior merit. One of the men made a remark to the effect that Prof. Hayes of the U. of W., had real competition in several of the "Poultry Culling" demonstrations.

The University Stock Judging contest was won by North Dakota. Ohio and Massachusetts won second and third respectively.

Another big meeting of the Agri-fallian is due for Thursday of this week. The program announced is: Cornet Duet, Sorenson and Madison Talk, Christopherson

Debate-Resolved; that high grade cattle are better for the average farmer than are purebreds of the same breed.

**RIVER FALLS HOLDS EAU CLAIRE TO SCORELESS TIE**

(Continued from page 1.)

noe kicks to Carrol, who is stopped by Lipke on Eau Claire's forty-five yard line. They were thrown back for a loss in the first play but succeeded in making first down. In next attempt they were held and forced to kick, the ball going to River Falls' twenty yard line. The Falls gains six yards but are forced to kick. Eau Claire returns ball ten yards and later succeed in making first down. They resort to passes and fail to complete two. On the third try, Gurnoe catches pass and makes three yards. The Falls makes but three yards in as many downs, and quarter ends with ball on our twenty-five yard line.

**Second Quarter.**

River Falls has the advantage of the wind and Gurnoe kicks to Eau Claire's thirty yard line. Six yards were made in two downs, and Eau Claire was penalized fifeten yards for holding. They kick to River Falls, but ball only goes to their forty yard line. On the first play, the Falls fumbled, Lipke recovering and first down is mdae. For a second time the Red and White makes first down, and ball is carried to the opponent's ten yard line, where a pass gives the ball to the Gold and Maroon. Carrol punts out of danger, the ball going to River Falls on the thirty five yard line. Failing to make downs, Gurnoe punts over goal line. Eau Claire fails to gain, and half ends with ball on thirty yard line.

**Third Quarter**

Chinnoek is substituted for Casey, and MacAndrews for Reincke. Gurnoe boots over goal line. From the twenty yard line Eau Claire makes but little ground, and Carrol kicks to our forty yard line where, due to a fumble, no return is made. River Falls fails to make downs and Gurnoe punts over goal line. The ball is Eau-Claire's on their twenty yard line. They succeed in making two first downs carrying ball to River Falls forty yard line. Casey is sent in for

Chinnoek. Eau Claire gains ball and manages to carry it down to the two yard line only to lose it. Gurnoe punts to the thirty-five yard line, the ball being returned ten yards by Schipper. Eau Claire is held for a loss, and ball goes to River Falls on their ten yard line. On the second play, the ball was fumbled, Olson recovering on the five yard line. The team made mighty efforts to hold and on fourth down the ball is still two yards from the goal. Eau Claire fumbles, and MacAndrews recovers the ball when over the line, making it a touch back, saving the day.

The ball goes back to the twenty yard line, and Gurnoe kicks to forty yard line when quarter ends. Eau Claire had out played the Red and White during this quarter with the wind against them but failed to score due to fumbles.

**Fourth Quarter**

At the beginning of the last quarter, the home team tightens, and hold Eau Claire from making the required downs, forcing Carrol to kick. The ball is fumbled and the Red and White fails to make a return, also failing to make downs. Gurnoe punts to Carrol on forty-five yard line. Here the crowd of rooters get the impression that Eau Claire is going straight through to a touchdown after making two first downs. They are blocked on the ten yard line, and Gurnoe punts out of danger. Carrol tries several passes to Horan and Chickester, but to no avail, the ball going to our team on the twenty yard line. D. Smith does a wonderful amount of stalling, and on fourth down kicks the ball to opponent's forty-five yard line. They fail to make downs, and Carrol punts over goal line. River Falls fails to make distance and Gurnoe kicks to Eau Claire's forty yard line where Hohman tackles Olson in

his tracks. Game ends with score 0-0.

### GIRLS' GLEE CLUB

The first business meeting of the Girls' Glee Club was held Wednesday, October 11. The following officers were elected:

President,	Eugenia Loisel
Vice-President,	Catherine Chapman
Secretary,	Elva Clubb
Treasurer,	Bernice Schwedes
Librarian,	Esther Lipke
Asst. Librarian,	Naomi Gibson

### MEN'S GLEE CLUB

A special meeting for all who have enrolled in the Men's Glee Club is called for Thursday afternoon at 4 o'clock in the music room, South Hall.

## School Notes

Gladys Blake was out of school last week on account of the illness of her sister.

Jo McQuillan was here for the game Saturday. She is attending the Eau Claire Normal this year.

The Misses Hathorne, Robinson, Tilton, and Wind are keeping house together in the Spencer residence for the winter.

Found in a quiz paper in the Junior High: "Molecules are a little sort of insect that can not be seen by even a high magnified telescope."

Evelyn Davidson, R.F.N. alumni, who is teaching at Red Wing this year visited her parents this week-end and attended the dance Friday night.

At Assembly time Thursday, a picture was taken of the student body in front of North Hall. Much merriment was caused in getting the feminine members of the faculty into the picture.

Twelve G. A. A. girls left at one

Time killed is dead, and money wasted is lost. The time for warmer clothing is here so don't kill time neglecting your health and comfort, and spend your money wisely by getting value received at

o'clock Saturday for a hike to Camp St. Croix, where they had a picnic supper. If the weather is fine, a hike to the Monument is planned for the next free Saturday.

Five hundred persons were served at the annual Harvest Home Festival supper at the Congregational church Friday evening. After a short program, the young folks had a jolly time playing games while the older ones visited.

### EAU CLAIRE DANCE

After the Eau Claire game last Friday, the students of this Normal entertained the visiting team and rooters with a dance in the North Hall gymnasium. There was a good crowd and more of the men brought girls than at previous dances. Mr. and Mrs. Davison and Mr. and Mrs. Baldauf were chaperons.
