WISCONSIN STATE UNIVERSITY-RIVER FALLS

VOLUME 54 NUMBER 2

MONDAY, Sept. 15, 1969

Seymour Melman

## Pentagon critic will speak

One of the most formidable critics of the Pentagon and Administration, Seymour Melman, will speak at RF on Sept. 17. Professor Melman will address his audience at 8 p.m. in the North Hall Auditorium.

Melman has been carrying on a debate about the cold war, his concern with disarmament resulting in the work "Inspection for Disarmament." He has recently completed a major study of the Department of Defense entitled "Pentagon Capitalism." A frequent guest on television, Mr. Melman is also the author of the books "The Peace Race" and "Our Depleted Society."

## Play cast chosen

Leading roles in the coming theatrical production "Tevya And His Daughters," have been announced by Prof. Blanche Davis, chairman of the drama department.

Open to all students, the final tryouts were held on Thursday, Sept. 11. Chosen as the leading character, Tevya, Larry Baker will depict a laboring Russian Jew who is anxious to marry his daughters into wealthy families. His wife, Golde, to be portrayed by Roberta Edwards, evidences the same desire. Caught within the conflict of whether to marry for love or do what father says, Tevya's oldest daughters encounter the problems of breaking away from traditional marriages planned by their parents.

In the role of Tzeitl, the oldest daughter, Marla Cole must decide between marrying an old, but rich butcher, Lazar Wolf (James Smart), or the poor tailor she loves, Mottel Kamzoil (William Milinczek). Her younger sister, Hodel (Barbara Pollock), falls in love with Fefel Perchik, a young student and future social reformer, and must also make the climactic decision of love or money. Bruce Harstad will assume the role of Perchik.

Additional characters include a third daughter known as Chava, (Laurie Feay); the Rich Woman, (Marjorie Olmschenk); the Rich Woman's Daughter, (Margaret Karbon); the Rich Merchant, (James Davis); and the Rabbi, (Ira Schprintzen). Tevya's four younger daughters who have minor roles will be selected from the campus grade school in the near future.

The play, written by Arnold Perl, is to be presented in the University Theatre of the Davee Library on October 28, 29, 30, 31 and November 1. Admission will be 50 cents for students and \$1.25 for non-students.

# RF add 48 faculty

Additional duties and change of titles for three staff members and the appointment of 48 new faculty members for the 1969-70 academic year have been announced by Wisconsin State University-River Falls.

Wilbur Sperling, who has served the past two years as Director of Development and Alumni Relations, has been named Assistant to the President in addition to his other duties.

Gary Rohde has been named Assistant to the Dean of the College of Agriculture and Ralph Fessler Assistant to the Dean of the College of Education. Dr. Rohde, associate professor of agricultural economics, has been a member of the staff

since 1966. Dr. Fessler, assistant professor of education, joined the faculty last year.

Of the 48 new faculty members, 21 are filling new positions while the remainder replace teachers who have resigned, retired or gone on leave. They will include 24 in the College of Arts and Sciences, 9 in the College of Education, 5 in the College of Agriculture, 6 in the Student Personnel Division, 2 on the library staff and 2 in the department of University Relations.

Additions to the College of Arts and Sciences will be made in 12 departments. They include:

### Biology

JOHN D. HUDSON, instructor. He earned the Bachelor of Chemistry degree from the Institute of Technology, University of Minnesota, and is a candidate for the Ph.D. degree in zoology from the University of Minnesota, where he has been a graduate assistant for the past four years.

### Chemistry

MARK CHER, associate professor and chairman of the department. He holds a B.S. degree from the California Institute of Technology and M.A. and Ph.D. degrees from Harvard University. Cher comes to River Falls from California, where he has been a member of the technical staff of the Science Center, Aerospace and Systems Group, North American Rockwell Corp. He has also taught at the University of California at Los Angeles and served as a senior research specialist for Atomics International, a division of North American Aviation. WILLIAM DAVIES, associate professor. Dr. Davies holds B.Sc. and M.Sc. degrees from the University of Cape Town and the Ph.D. from the University of Reading, England.

### Economics

JOE WON LEE, assistant professor. A graduate of Seoul University in Korea,

Continued on page 7

## Welcome to inflation

Students at WSU-RF were greeted with increased fees and costs at registration time. Tuition and room and board rates have increased to approximately \$144 or 13 per cent above last year.

The 13 per cent hike represents the increase paid by a resident male student on the 20 meal plan and in a double room. Women students and those who chose different board plans may pay slightly different rates. Women still pay one dollar AWS fees.

Non-resident students' fees have increased a whopping 49 per cent over last year. Tuition for non-residents increased \$155 for each quarter. The 49 per cent increase again is based on a male student on the 20 meal plan and in a double room.

Resident students at WSU-RF are paying 8 per cent more for their education than the average college student across the nation. According to the Sept. 8 issue of "U.S. News and World Report" average yearly increases at public universities across the nation have risen \$70 or 5 per cent.

Non-residents are paying 44 per cent more for their education than the average college student.

Dr. George R. Field, president of WSU-RF, said, "I don't think fee increase itself for residents is so much out of line as the increase for the total package."

Field called the hike in out-of-state tuition a "sudden and big jump." He said it was "unfortunate, especially for an institution like ours which provides a very good service to students who can commute and go to a small university."

The president said instead of costs taking a "big jump" he would have preferred to see "gradual increases in the costs over a period of two or three years. Personally I would not have gone that high. It was too much of a drastic step at one time." Field cautioned however, that the state legislature shouldn't be second guessed.

Field gave two choices the state can make in dealing with loans and scholarships. With the tight money, the state can either "help less students or give less money to all students."

## Like to write?

Like to write? Like to meet people? Like to know about things before other people know them. Like to be "in." Work for the VOICE.

## Campus sidewalk shapes up

The new cross campus sidewalk should eliminate the mudwalk from the main campus to Rodli Commons.

# Rfer wins national honor

William Boehm

National recognition is achieved by perhaps a handful of the nation's college students, but William T. Boehm, a senior at WSU-River Falls, has won national honors twice during his undergraduate years.

Boehm's latest achievement was winning first place in a national public speaking contest at the annual meetings of the American Agricultural Economics Association last month at the University of Kentucky. He competed with students chosen from undergraduates majoring in agricultural economics in colleges and universities all over the US and Canada. Prof. Gary Rhode, assistant professor of agricultural economics at River Falls, accompanied Boehm to the meetings.

Boehm's original speech entitled "Consider the Countryside and its Potential for America," emanated from a seminar

in his major field, agriculture business, at River Falls during the school year.

Two years ago Boehm found it necessary to drop out of school for part of the 1967-68 school year to fulfill his obligations as national vice president of the Future Farmers of America (FFA). He traveled extensively during the year, speaking before FFA groups in all parts of the US. The preceding year he served as president of the Wisconsin FFA.

For winning the public speaking contest, Boehm received a cash award and a certificate in recognition of superior performance. WSU-River Falls received a traveling plaque and a Certificate of Merit.

## Foreign film series to begin next week

The sixth WSU-RF Foreign Film Series will begin next week. As usual, a series of nine films, made outside the United States in recent years, will be shown at savings for series ticket holders.

With the changes in Wisconsin sales tax and rising prices, regular admission at the Falls Theater will be \$1.00 this year.

Tickets for the nine films in the series will be available for \$4.25, a savings of more than 50%.

The series this year will include: Sept. 16-17 "Man and a Woman" (French) Sept. 30-Oct. 1, "Shame" (Bergman-Swedish); Oct. 14-15; "Faces"; Oct. 28-29 "Battle of Algiers" (French); Nov. 11-12 "Stolen Kisses" (French); Dec. 2-3 "La Chinoise" (French); Dec. 16-17 "To Die in Madrid" (Spanish); Jan. 6-7 "Belle de Jour" (French); and Jan. 13-14 "Firemen's Ball" (Czechoslovakian).

Tickets and program notes can be obtained from Profs Buschen, E. N. Peterson, M. Barrett, D. Johnson, B. Davis, J. Paterek, L. Scott, B. Samorotto, N. Karolides, B. Beck, C. Lonie, B. Pionke, and S. Muller.

## Poet to read in Little Theatre

Poet X. J. Kennedy, currently associate professor of English at Tufts University, Medford, Mass., will visit WSU-RF Tuesday, Sept. 23. Kennedy will present a program of readings at 8 p.m. in the Little Theatre.

Kennedy has received the Lamont Award of the Academy of American Poets for his first collection, "Nude Descending a Staircase." He also has received the Bess Hokin Prize from "Poetry" magazine and a grant from the National Council on the Arts and Humanities, 1967-68. In addition, Kennedy served as poetry editor for the "Paris Review" from 1962 to 1964.

Kennedy's other credits include the textbook, "An Introduction to Poetry," and he is the co-editor of a forthcoming anthology, "Pegasus Descending: A Book of the Best Bad Verse."

Kennedy's verse has appeared in "The New Yorker," "Poetry," "Paris Review" and other well known magazines and anthologies. He has also traveled in America, reading and singing his verse.

3

## Fine arts building allocated \$5.6 million

A fine arts classroom building to be located east of the Chalmer-Davee Library was allocated \$5.66 million in the 1969-71 biennium, according to Dr. Richard Delorit, academic vice president.

Dr. Delorit said this combination classroom and fine arts building will take the place of the building planned in April, 1967 designated as a fine arts building and allocated \$1.4 million. This building was held up because of disputes over location and no funds.

The \$5.66 million building was awarded WSU-River Falls on the basis of projected deficiencies in classroom and laboratory space. River Falls needs were ranked on a priority basis with the other state universities and all state institutions.

The combination building will be an

## Y-dem speaker due Wednesday

Rev. Mike Smith of Stout State University will speak at a joint Young Democrat Ndc meeting, Wednesday, September 24 at 8 p.m. in the President's Room of the Student Center. Smith is state board member of the Wisconsin New Democratic Coalition and key architect of the "Friends of Don Peterson" movement.

The "Friends of Don Peterson" committee was organized to encourage Peterson to become a candidate for governor. The forty-four year-old Eau Claire businessman was chairman of the Wisconsin delegation to the 1968 Democratic National Convention in Chicago and is presently co-chairman of the New Democratic Coalition.

Smith was a delegate to the convention in Chicago and presently serves as 10th District vice chairman of the Democratic Party of Wisconsin.

Y-Dem membership and goals for the coming year will be discussed. Everyone is welcome to attend. Refreshments will be served following the meeting.

## Virginia Akins, top teacher

Dr. Virginia Akins, biology teacher at WSU-RF for the past 22 years, was one of nine instructors selected to receive the annual awards sponsored by the Johnson Foundation of Racine and the Eugene W. and Marjorie P. Murphy Foundation of La Crosse.

As a "distinguished teacher" Dr. Akins received a \$500 award. She was selected for the award by the students, alumni and faculty members at WSU-RF.

WSU-RF was also awarded the Johnson Foundation award.

improvement on the original 1967 building which had to leave out such areas as speech pathology, vocal music, ceramics, and metal sculpture. It will have a gross 134,000 sq. feet with 93,000 sq. feet assignable space.

Dr. Delorit said the University finished the program statement, an itemized list of needs for every room in January, 1969. From the program statement the architect makes several schematic drawings which are presently being reviewed along with the program statement itself. This process of review will continue this year, Delorit said, with space and budget priorities being established among the departments to be housed in the building. The architect's building design may be ready by early 1970, Dr. Delorit said. He projected that bids could be awarded by January, 1971 with occupancy in the fall of 1972.

Music, art, speech and drama departments are scheduled for occupancy in the new building which will include a drama hall, recital hall and laboratory areas. Classroom space may also be used by classes in the humanities, geography and other areas.

## Art department ask \$1,117 for gallery guards

In order to keep the Art Gallery open the art department needs \$1,117.86 to pay gallery guards, said Don Miller of the art department. Miller went before the Wednesday, Sept. 10 meeting of the Student Senate.

A majority of senators felt the gallery is an important part of this campus and should stay open. Senators felt that a tight Senate budget would make it difficult for Senate to pay for the guard.

Dick Feldman, senator, said he and other senators would try to help Miller find other possible ways to finance the money.

Other Senate Action

Rich Souigny, senator, mentioned Ace Foods, specifically their service in the Cage as one of the major problems facing Senate. The matter was referred to the University Activities Board (UAB) Food Committee for further study.

A Pan Hellenic council representative announced that the sororities have instituted quota limitations on sorority pledges. Souigny responded, "It smells of discrimination."

The Pan Hellenic council feels such a system would be to equalize the memberships of the sororities. It is also the policy of the national sororities to limit membership.

The matter was tabled to the Senate Constitution Committee.

## Police after tv thief

A suspect has been found, according to officer Howard E. Miller, RF police dept., in the case of two televisions stolen from RF men's dorms. The thefts occurred in the early morning hours Wednesday.

Police said Thursday night they had a suspect who was stopped by an officer around 3 a.m. Wednesday morning near the campus. In the car there was a large television Miller said. The officer could not make a positive identification of the television, so it is not known whether it was stolen.

Miller said right now they are trying to obtain a warrant for the suspect's arrest. Because the suspect is from out-of-state, extradition papers must also be obtained.

Miller also said the police are searching for a possible inside man--someone who knew the televisions were in the basements and when students were not watching them.

The televisions were the third and fourth to be taken this year. Around the middle of Spring Quarter a black and white portable was taken from the basement of May Hall. Last June a television was stolen from the television lounge at Crabtree.

The last two tvs were taken from the basements of May and Prucha Halls. Both were chained down. In one case the power lines into the television were cut and the television was slipped out from under the chain. The television at Prucha Hall was stolen by cutting both the chain and the power cord.

Wednesday night the residents of May Hall held a meeting to determine what to do about securing future televisions and obtaining a replacement set. They decided to send suggestions to the Resident Assistants and they will consider the suggestions and report back to the students.

According to Miller the chances of recovering the televisions are slim.

## Draft discussion group to meet

Draft information for all interested students, community members and faculty will be available on Thursday, Sept. 18 at 8 p.m. in the First Amendment Coffee House. Mrs. Paul Barkla, legal advisor for cases dealing with the draft at the Twin Cities Draft Information Center, Rev. Dan Jonas, and members of the newly formed River Falls Draft Information Center will be there. The River Falls draft service was recently initiated as a counseling center for people who have questions about the draft.

The purpose of the meeting will be to discuss the draft and offer alternatives to the draft which prospective recruits may not be aware of. Contacts from the Twin Cities Draft Information Center offer continuing services to those of the River Falls community.

There will be a question and answer period following the meeting.

#### Welfare: A Reason?

It took the Nixon administration almost eight months to formulate a new welfare system that is designed to replace a system that should have been re-vamped or replaced years ago.

Although the proposal could not be considered the most splendid gesture of generosity ever put forth by a chief executive, the Nixon proposal is hopefully a step in the right direction.

Many Congressional leaders for some time have called for a welfare system that would grant welfare recipients a subsistence that is equal to the current standard of living. Some have proposed programs that would provide for a start: a monetary foundation at least equal to the poverty level. To this end the Nixon proposal falls far short.

Although opposition to the new Nixon proposal is spotty, Congressional critics and the general public have been heaving rocks at the general welfare concept for some time. Questions most frequently asked are: Who goes on welfare? Why? For how long? In many cases the answers to these questions have been distorted.

Statistics indicate that a large percentage of those on welfare have a poor educational background. The result normally is limited employment opportunities. In some cases welfare recipients complained that some job opportunities offered lower wages than the amount of their welfare checks. In those particular cases employment seemed less than economically feasible.

A recent national survey conducted by CBS news and released during a televised documentary showed the following welfare statistics: 82 per cent of the recipients were mothers and children, one per cent were male, one half of the one per cent were able-bodied males, ten per cent were disabled persons and seven per cent elderly who could be off

welfare if social security payments were increased.

Although the number of the welfare roles is rising the US Census Bureau further indicated that people below the poverty level dropped from 39 million in 1959 to 30 million in 1966. At the present the poverty level is \$3,300. It was lower in 1959.

The statistics indicate that although a decrease occurred among those below the poverty level, the arm of the government welfare system is reaching more people.

Repeatedly in some quarters the charge of increasing moral decay has been leveled at welfare recipients. Statistics released by the Office of Aid to Dependent Children (ADC) showed that the per cent or level of illegitimate children on the ADC roles rose only slightly from 16 per cent in 1953 to 17 per cent in 1964.

In investigating the length or duration of time that an average family is maintained on the welfare roles, the average is two and one half years.

The question of welfare payments is determined by the amount the individual state governments are willing to pay welfare recipients in their states. The amount put up by the states is matched in whole or part by the federal government.

Thus the amount of welfare payments varies widely from state to state. It is hard to realize that not too long ago ADC payments ranged from \$9.35 in Mississippi to \$55.95 in New Jersey. Difficult to raise a family indeed.

One cannot help but suggest that the controversy over welfare will continue with or without the approval of the slender Nixon proposal.

Is it reasonable to ask that the federal and state governments care for the under-privileged citizens within their domains that somehow seem to be on the losing side of this highly competitive society? Does the US indeed have a social and moral responsibility to this segment of our society? Yes, the facts indicate this to be true.

## Pop the groove

Freshmen, now that you have experienced the rigors of dorm life, the loud record players in the middle of the night, the drunks who vomit outside your door, and of course living with roommate--

Now what are you going to do? Are you going to follow the crowd that falls into the "don't give a damn" class. Will you be like so many who are trapped in the groove of going to class, then back to the dorm, then out to drink, then back to leave for the weekend.

Or are you going to become interested in this College. Are you going to rise above the monotony of the classroom and get INVOLVED.

For example this year there is no yearbook. Our yearbook lies in the basement of North Hall collecting dust. No one seems to care. A small country high school has a yearbook, why doesn't a university like River Falls? The reason is simple: Too many people fall into the groove.

The time to start is right now when you are a freshman. Get into something and once in something stay with it. You'll feel better. You will leave this college knowing that you did something--something besides getting drunk and flunking English.

Our only hope for raising RF out of this pitiful state is you the student.

## P.D., Inc.

#### Riot Squad??

Each week P.D., Inc. will have, as an added feature, either its Poor Deal, Good Deal or New Deal of the Week. As this past week was the first of the quarter and not many gripes were received, P.D., Inc. for this issue will consist solely of a Poor Deal of the Week, along with a list of upcoming gripes which are now being researched.

P.D., Inc.'s Poor Deal of the Week is started off by a gripe-comment which we received concerning the STUDENT VOICE's front page story of last week.

Dear P.D., Inc.,

I want to congratulate Don Oakland for his objective reporting on the formation of the Ellsworth "riot squad." Journalists of his calibre in WW II Germany would have no doubt reported each of Hitler's new atrocities with equally detached "objectivity." As a matter of fact, now that I think of it, Oakland ought to consider himself a fine Christian for so smoothly turning the other cheek--and that's what he's done friends, because the cowardly existence of the Ellsworth riot squad is a slap in the face of every student who attends this university.

Who are those vigilantes ten miles down the road afraid of anyway? A few longhaired freaks on campus? The local blacks (who pulled off a non-existent invasion 5,000 strong last May)? No, brothers and sisters, they're afraid of YOU, every last one of you, because you're students, and students are niggers, white or black.

Oakland and the STUDENT VOICE, this is a challenge: When are you going to start defending the people you pretend to represent? I want to know. Objectivity of the sort you boast is a perfect example of the valueless, hypocritical, fake-liberal morality that has turned this country into an inhuman murder machine, which can "objectively" and "pragmatically" justify violence in Vietnam, and oppression of the black people here at home. You can-

not remain uncommitted and unpolitical. The ivory tower intellectual is dead. St. Geraud proclaims, "Pound's or Williams' theories on prosody don't meet the cries of dying children." You were born into a political age. Oakland, if you really support the violence of a system which creates in the first place the degrading conditions which cause people to riot, then say so. But don't play games with us. The time has passed when you could be so coyly "objective." As Eldridge Cleaver says, "If you are not part of the solution, you are part of the problem."

Thomas R. Smith

When the STUDENT VOICE originally decided to "investigate" the Ellsworth riot squad, Tom, certain points were decided on as being necessary to be explained. A couple of these points were whether or not this "riot squad" was receiving adequate training (not only in how to use a riot baton, but in certain situations, how to refrain from using one) and who was paying for this training.

Sorry to say, the article of last week not only failed to answer these questions, but involved itself with some rather ridiculous information. Like how to hold a riot baton (?) and what are good formations for mob control. P.D., Inc. plans on thoroughly researching this so called "riot squad," Tom, and will answer the above questions as well as any others which are pertinent to the situation.

Presently being researched are other gripes about the extravagant prices in the University book store and snack bar, as well as the Ace Food Service and its high priced vending machines.

If you have questions or gripes concerning any of the above topics, or for that matter concerning most anything, feel free to drop a note into the P.D., Inc. Action Box just outside the book store in the Student Center. And remember--your gripes and letters are what make action and changes possible. So Gettem' In!!

# What's Doing

All items must be turned in no later than 7 p.m. Thursday. What's Doing goes to the printer at 7:30 a.m. on Friday.

## KAPPA DELTA PI

There will be a meeting of Kappa Delta Pi on Sept. 23 at 7 p.m. in room 205 of the Student Center.

## NEWMAN MEETING

There will be a Newman Club meeting Tuesday, Sept. 16 at 7 p.m. in rooms 124-25 Karges Gym. After a short business meeting there will be a hayride. All interested students are encouraged to attend.

## EFFICIENT READING CLASS

A class in "Efficient Reading and Study Skills" will be offered beginning this week. It may be taken for credit or not. In neither case are there additional fees.

There are four sections available and you may sign up for the course by calling extension 233 or 297 and expressing your preference as to section. The classes are held in the Reading Center of the Ames Laboratory School. The sections are as follows:

- Section I 10-10:50 Mon. and Wed.
- Section II 2-2:50 Mon. and Wed.
- Section III 10-10:50 Tues. and Thurs.
- Section IV 2-2:50 Tues. and Thurs.

## State veterans may not get education checks

A number of Wisconsin veterans in college this fall will not receive the GI education check they expect from the Veterans Administration (VA) in November.

This is because many of the veterans who were enrolled in colleges last semester failed to send the VA their end-of-term Certification of Attendance cards, according to Donald H. Fisher, Pierce County Veterans' Service Officer, Ellsworth, Wis.

Veterans can straighten out their accounts with the VA by mailing their Certification of Attendance cards to the VA immediately. If he has lost this card, the veteran should get in touch with the VA Regional Office at Milwaukee, or his veterans county service officer to request another form, Fisher advised.

## Former Rfer on S.S. Hope

Suzanne F. Drost, a former WSU-RF graduate, is serving as a medical technologist aboard the hospital ship "S. S. Hope," which left Wilmington, Del., on Aug. 29.

Miss Drost, a former resident of New Auburn, received her medical training from Madison General Hospital. She was Clinical Laboratory Supervisor and Chief Technologist at Boston Hospital before joining "Project Hope."

The hospital ship is on a ten-month mission to Tunis, Tunisia. Its staff includes 150 doctors, nurses and other paramedical personnel who will work directly with their Tunisian counterparts in classrooms, laboratories and wards aboard the ship; and in hospitals, medical schools and clinics ashore.

## SYNCHO-PATERS TRYOUTS

The Syncho-Paters club will be holding two practice workshops on Sept. 16 and 23 from 5:30-7 p.m. in Karges Pool. These sessions are to help any interested women students learn the basics of water ballet. On September 30 there will be tryouts held from 6:30-7:30 p.m.

## EMPLOYMENT

Freshman and sophomores interested in part-time work should see Mr. Meriman in the textbook library.

## BOOK SALE

Used books at very reasonable prices can be purchased at the sale in the textbook library.

## MARINE CORPS

A Marine Corps recruiter will be in the Student Center Lounge Sept. 15-16. Program offered for freshmen through seniors.

## NATURAL RESOURCES CLUB

The Natural Resources Club will meet in Room 228, Ag-Science, on Wednesday, Sept. 17, at 7 p.m. Speaker is Dr. Robert C. Clark, Director of Wisconsin Area Planning and Development. His speciality is sociology. He has worked in Lebanon and Nigeria.

## PUBLICATIONS BOARD

The Publications Board will meet Sept. 18, in room 200 in the Student Center at 6:30 p.m.

## CAMPUS ORGANIZATIONS

All recognized Campus organizations should complete the "Campus Organization Information Form" and submit it, along with a copy of a current constitution, to the Dean of Men's Office by October 15, 1969. If a recognized Campus organization has not received the above form through the campus mail it should be obtained in 106 N. Hall.

## STUDENT VOICE

A Student VOICE staff meeting will be held Thursday, Sept. 18 at 6:30 p.m. in the VOICE office above the Student Center Ballroom. Applied students who plan to work for the VOICE should be there, as well as any interested students.

## MENC DANCE

The Music Educators National Conference (MENC) will sponsor a dance Tuesday, Sept. 16, at 8 p.m. in the Ballroom. Music by the Prest Rat.

## DELTA THETA SIGMA DANCE

Delta Theta Sigma will sponsor a dance Sept. 22 from 7:30-11:30 in the Ballroom. Meet the Fraternity's Sweetheart and hear the Strange Daze play. Admission 75 cents and \$1.00.

## GEOLOGY FILM

There will be a color film of the Big Horns, Grand Tetons and other neighboring areas studied by those students attending the first annual WSU-RF summer geology field camp. The film includes many panoramas of our rapidly diminishing natural resources and striking examples of geological structures and formations. A must for all geology students and interested persons. It will be shown Wednesday evening, Sept. 17 in room 250 of the Ag-Science building at 7 p.m. A donation of 50¢ is requested to cover costs.

# Free University to be

If you walked into the First Amendment Coffee House at 220 South Second Street last Wednesday night, you would have noticed over seventy-five students and four instructors. Many of them were standing, some were sitting on chairs, others were sitting on the floor. Most of them were drinking coffee and talking about getting a free university going for anyone interested.

Professor C. N. Stockton, associate Professor of History at WSU-RF headed the gathering on the free university concept. He said, "as a practical effort toward educational reform, voluntary classes will be conducted, without grades, credit, or tuition. Consequently, a class would attract and keep students only if it satisfies them." Stockton suggested that the courses the group may decide upon could be "subjects of current interest, less traditional subject matter, appropriate to more informal and democratic procedures."

Mrs. Jenny Pederson, member of the First Amendment Committee, informed the group that the First Amendment Committee has agreed to allow the Free University to use its facilities for the purpose of conducting classes.

A numerous range of courses were suggested from loving sensitivity to revolution. The following courses received the most response: loving sensitivity; minority cultures; what's wrong with American education; creative writing; alternatives to the draft; drugs and their misuse; and underground films.

Other courses, in which much interest was expressed, will perhaps be offered later: revolutions in the last 200 years; comparative religious ideas; guerilla theatre; E.S.P. and parapsychology; human ecology and survival; jazz; art and aesthetics; modern dance; and witchcraft.

It was finally decided that the seven courses which received the most response would be scheduled for this week. Also, it was decided to schedule them as preliminary classes, and anyone who at-

tends them can decide when they want to meet again.

Beginning this coming Tuesday at 7:30 p.m., all interested individuals may attend the class on loving sensitivity, and at 8:30 p.m., all interested people may get together for a discussion in understanding minority cultures. Following this, a course on what's wrong with American education will be held at 9:30 p.m.

For Wednesday at 7:30 p.m., drugs and their misuse will be discussed, and at 8:30 p.m., a creative writing workshop will be offered.

On Thursday at 8 p.m., a class on the alternatives to the draft will be scheduled, and at 9 p.m., a possible workshop for underground films will be planned.

## UNDERGROUND NEWSPAPER BEGINS

A group of students expressed interest in starting an underground newspaper. A list floated around the coffee house for those who wanted to work on the media. Also, a hat was passed around in which students dropped their spare change to finance the paper's first edition.

## Competition open for study abroad

Competition is now open for the Fulbright scholarships for study in Europe, Asia, or Latin America. The grants provide travel expenses, all fees, and living allowance for one year of graduate study in a foreign university.

General requirements for application are a bachelor's degree by the time the grant is awarded, a specific project to work on in the foreign country, and a grade point average of not less than 3.3.

Any senior who is interested in these awards should contact Dr. John Buschen, history department, in room 321, South Hall as soon as possible.

he holds the M.A. and Ph.D. degrees from City University of New York. HERBERT WARBURTON, assistant professor. Dr. Warburton holds the B.S. and M.S. degrees from the University of Georgia, where he has taught, and the Ph.D. degree from the University of Florida.

#### English

RICHARD BECKAM, assistant professor. He holds B.A. and M.A. degrees from the University of Mississippi. MRS. ESTHER FARIS, instructor. She holds B.S. and M.A. degrees from Colorado State University. WILLIAM T. HAGES-TAD, associate professor. A 1959 graduate of River Falls, he holds the M.A. and Ph.D. degrees from the University of Wisconsin and has taught at St. Louis University and the University of Northern Iowa. MISS BARBARA MATTSON, instructor. She holds B.A. and M.A. degrees from the University of Minnesota.

#### History

STEPHEN FEINSTEIN, assistant professor. Feinstein comes to River Falls from New York City, where he earned the M.S. degree and is a candidate for the Ph.D. degree at New York University. His undergraduate work was at Villanova University. MISS SHARON WYATT, assistant professor. She holds the B.A. and M.A. degrees from the University of New Mexico and is a candidate for the Ph.D. degree at the University of Florida.

#### Journalism

JOHN NICHOLS, instructor. Nichols did his undergraduate work at Purdue University and holds the master's degree from Boston University. He comes to River Falls from Cambridge, Mass., and has been on the staff of the Worcester (Mass.) Telegram Gazette and the Patriot Ledger in Quincy, Mass.

#### Mathematics

RALPH ANDREN, faculty assistant. Andren is a 1969 graduate of WSU-RF. ROBERT BILOT, instructor. He holds the B.S. degree from WSU-Eau Claire and the M.A. degree from Western Michigan University. MISSE, SHARON JONES, assistant professor. She is a graduate of Ottawa University, Ottawa, Kan., and holds the M.A. and Ph.D. degrees from the University of Minnesota. MISS JACULIN LEHMAN, instructor. Miss Lehman is a graduate of Ball State University and earned the M.A. degree at Indiana University.

#### Music

MISS ILA BROWN, instructor. She holds B.M.E. and M.M.E. degrees from Illinois Wesleyan University and has served as music specialist and University student supervisor in the Bloomington, Ill., public schools.

#### Physics

JOHN SHEPHERD, associate professor. Dr. Shepherd received his B.S. degree from Imperial College, London, and holds the Ph.D. degree from the University of London. He has taught at the Imperial College of Science, Case Institute of Technology and worked in government research for the Ministry of Technology in England.

#### Political Science

MICHAEL KRUKONES, instructor. Krukones holds the B.S. degree from Loyola University and the M.S. degree from the University of Minnesota, where he has served as a teaching assistant. DOYAL D. O'DELL, assistant professor. O'Dell received the A.M. degree

from the University of Colorado, where he has been a teaching assistant, and the D.B. degree from the University of Chicago.

#### Sociology

LESLIE GODDARD, instructor. Goddard did his undergraduate work at Oklahoma State University and received his M.S. degree at WSU-River Falls. MISS ANNETTE HARRISON, assistant professor. Miss Harrison is a candidate for the Ph.D. degree at the University of Minnesota. She received the B.S. degree at the University of Liverpool and the M.S. degree at the University of Alberta. CLIFFORD MOTTAZ, JR., instructor. Mr. Mottaz holds B.A. and M.A. degrees from the University of Minnesota and has been a staff member of the Family Service of St. Paul.

#### Speech

J. RAMSEY GIBSON, instructor. Gibson did his undergraduate work at WSU-Eau Claire and received his master's degree at the University of Illinois. He has taught at Bloomington High School in Illinois and at Auburn University in Alabama.

New members of the College of Education faculty will be in five departments, as follows:

#### Ames School

RICHARD SCHMIDT, instructor. Schmidt earned B.S. and M.S. Ed. degrees from Northern Illinois University and has taught at Kaneland Junior High School in Maple Park, Ill. ROBERT STUHL, instructor. He is a graduate of WSU-Platteville and holds the M.A. degree from the University of Illinois, Urbana.

#### Education

MRS. DE AN HANSON, instructor. Mrs. Hanson earned B.S. and M.S. degrees at WSU-River Falls and has taught in the New Richmond and St. Croix Falls public schools. RONALD JOHNSON, assistant professor. Dr. Johnson earned the B.S., M.A. and Ph.D. degrees from the University of Minnesota and has served as a reading consultant for the Minnetonka public schools. JAMES TROTZER, assistant professor. Dr. Trotzer, a graduate of WSU-Eau Claire, holds M.S. and Ph.D. degrees from the University of Colorado. He has taught in Racine public schools and at the University of Colorado.

#### Library Science

LOWELL BROWN, faculty assistant. Brown is a graduate of WSU-River Falls and has been associated with the Eau Claire Book and Stationery Co. and the Frontier Press Distributing Co.

#### Physical Education

Warren Kinzel, instructor. Mr. Kinzel, who will be the new track coach, holds the B.S. degree from Drake University and the M.A. from Colorado State University. He has taught in Iowa public schools since 1958.

#### Psychology

VIRGIL NYLANDER, instructor. He earned the B.S. and M.S. degrees at Colorado State University and has been engaged in governmental research. ERNEST WEILER, assistant professor. A candidate for the Ph.D. degree at the University of Louisville, he holds the B.A. degree from Ohio State University and the M.A. from Kent University.

The College of Agriculture will have new staff members in four departments. They are:

Agricultural Economics  
GERALD SCHWAB, instructor. Mr. Schwab holds the B.S. degree from Iowa State University and the M.S. from Michigan State University.

#### Agricultural Engineering

EARL GILSON, instructor. Mr. Gilson has taught at Colorado State University, where he earned the B.S. and M.Ed. degrees.

#### Animal Science

LEE BLAKELY, assistant professor. Dr. Blakely earned the A.A.S. degree at State University of New York-Morrisville, the B.S.A. from the University of Georgia and the M.S. and Ph.D. degrees from Michigan State University, where he taught for two years. RUDOLPH ERICKSON, instructor. Mr. Erickson, who also will supervise the college farms, holds B.S. and M.S. degrees from the University of Wisconsin, Madison.

#### Plant and Earth Science

STEPHEN McCOOL, assistant professor. Mr. McCool, a candidate for the Ph.D. degree at the University of Minnesota, is a graduate of the University of Idaho and earned the M.S. at the University of Minnesota.

New staff members in the Student Personnel Division are:

EDWARD BROWN, assistant professor. Dr. Brown, who will serve as Dean of Men, comes to River Falls from Northern Michigan University, where he has been on the staff since 1965. He has taught at WSU-Oshkosh, at New Brighton public schools and at the University of Minnesota. He is a graduate of St. Cloud State College and earned the M.A. at the University of Minnesota and the Ph.D. at the University of Utah. MAHLEN FRISKE, instructor. Mr. Friske is director of admissions. He is a graduate of WSU-Platteville and earned the M.Ed. degree at WSU-Superior. He has been engaged in guidance work at Hayward, Oconto Falls, Fond du Lac and Evansville public schools. DAVID REETZ, instructor. Mr. Reetz will serve as acting director of housing. He holds B.S. and M.S. degrees from the University of Wyoming. DANIEL FICEK, associate professor. Dr. Ficek, a new member of the counseling staff, is a graduate of Northern Illinois University and holds M.A. and Ed.D. degrees from the University of New Mexico. DAVID EATOCK, instructor. Eatock, who will be residence hall director at Johnson Hall, holds B.S. and M.S. degrees from Eastern Illinois University. MISS HELEN PETERSON, faculty assistant. Miss Peterson, residence hall director at Parker Hall, is a graduate of the University of North Dakota and has studied at Hamline University and North Park College, Chicago.

# Falcons scrappy, but lose

## INSTANT REPLAY

by Harley O'Brien

River Falls has a football team! River Falls will have a great football team and this will be apparent in games to come.

It was a heartbreaking defeat to Platteville Saturday night after taking a 23-12 lead with 14:49 left in the game.

Gary Thompson

But we have a football team--a team that had trouble gaining recognition as a darkhorse in the conference. What people fail to realize is that we have the entire (excluding graduate Harold Blank) backfield returning. The offensive potential of Trooien, DeLawyer, Rozak, Rosga, Cahalan, Gruenwald, O'Neill, and Carlson

could prove the greatest scoring threat since the Jim Baier era.

A very pleasant surprise on this year's squad is the vacant defensive positions have been filled by young aggressive men who are doing a fine job.

Gary Thompson (48), a small 5'7" 175 pound sophomore from Gilman, has lead the team in tackles in both games. You'll be seeing more of him in the future.

Duane Jensen (50), sophomore from Baldwin, collected five tackles and five assists in the linebacker position and Duane intercepted one pass. Other sophomores include Bob Scheffen (71) from Bayport, contributing four tackles and two assists and recovering one fumble; and Norn Ross (32), a St. Croix Central product, played the entire game at linebacker with five tackles and as many assists. Many juniors and three seniors round out the defensive unit.

But the three seniors, John Egan, Mark Guderyon and Brian Kreibich have done an excellent job.

You can say that statistics don't lie (Platteville creamed RF in that department) but you have to admit that the Pioneers and Charnish lucked out of that one.

You can blame the defeat on Charnish's scrappy quarterbacking, Platteville's good receivers or the Falcon secondary, but we lost a tough game and those things happen. I have witnessed a good Falcon team in action and they are going to surprise many people.

The Fearless Forecast is in working order again, so read them and weep.

River Falls	28	Superior	6
Oshkosh	34	Eau Claire	12
Platteville	27	La Crosse	19
Whitewater	28	Stout	8

The cross country team, coached by newcomer Warren Kinzel, open their season Friday on the River Falls course against Bethel, Stout, Eau Claire and the River Lake Extension. Maybe they will surprise a few people also.

A passing, scrambling Chris Charnish proved to be the downfall of the Falcons here Saturday night, as they dropped a tight 24-23 decision to the title contending Pioneers. Charnish, an All-WSU Conference choice last year as a sophomore, completed 14 of 27 passes for 191 yards, and scrambled his way to over 75 yards rushing.

A fake Falcon field goal attempt, with holder Brian Kreibich going in for the touchdown, gave RF a sizeable 23-12 lead early in the fourth quarter but Platteville, with the shifty 5'10" Charnish at the controls, moved the ball, mostly through the air to the River Falls 15 yard line.

the Platteville 13 yard line. A tough defense forced the Falcons to settle for a 20 yard field goal by junior John Cahalan, with 3:14 remaining in the first quarter.

A determined Falcon defense held on a fourth and one situation on their 36, and from there the Red and White moved into score on a three yard roll out by Trooien. Cahalan's extra point attempt was wide of the mark to make it a 9-0 14:21 remaining in the first half.

### Charnish Takes To Air

Unable to get a ground attack moving, Charnish took to the airways and picked apart the Falcon secondary. He netted 28 yards on two passes to Smigielski.

Continued on page 10

Falcon quarterback scoots for big yardage against Pioneers.

Two Charnish darts were dropped in the end zone before he hit flanker Bob Faherty for the TD with 7:37 left in the game, to bring the defending conference co-champs within five of the Big Red.

Platteville's tough defense forced the Falcons to give up the ball with 5:07 remaining in the game. Trailing 23-18, the talented Charnish moved his team 54 yards in one minute for the game winning touchdown. He threaded the needle for a game winning toss to All-Conference end Rich Smigielski, who was surrounded by red jerseys in the end zone. Smigielski pulled in eight Charnish passes for 111 yards in the game.

### Falcon Defense Tough Early

Defensive end Bob Scheffen recovered a Pioneer fumble on the RF 24 yard line to stop an early Platteville drive. From there fullback John O'Neill rambled 7 yards up the middle and quarterback Jerry Trooien scampered 55 yards to

## "Charnish hurt us."--Christensen

"Charnish really hurt us on drop back passes and was also very fast on his feet." That was the way Falcon boss Gwynn Christensen felt about Chris Charnish, Platteville's all-conference quarterback.

"He did a fine job leading his team," Christensen said after his team's heartbreaking 24-23 loss to the Milwaukee junior and his teammates Saturday night.

The former Badger halfback said the offense's inability to move the ball near the end of the game hurt the Falcons as much as anything.

"We seemed to be missing blocks and Troien was off target on his passes at the end." Christensen thought the turning point came midway through the final quarter when Charnish led his team in to score after a Falcon punt.

"The defense played a good game," Christensen went on to say. He singled out Brian Kreibich, Steve Sirianni and Terry Bodeen for doing capable jobs against passes. He also praised Duane Jensen for his fine interception that set up a River Falls touchdown.

"The offense was not playing as good as the defense," Christensen stated. "Without the services of Bill Nelson and Mike Gruenwald on offense the attack was not up to par."

Christensen said that Gruenwald and Nelson might be ready for Superior Saturday but listed tight end Tim DeLawyer as a doubtful starter Saturday. DeLawyer absorted a punishing tackle near the end of the game and was carried off the field. He might be kept in the hospital for observation of muscles in his back and internal injuries."

Looking ahead to the Superior encounter Christensen said that the Falcons will have to win to finish in the first division. He pointed out that River Falls has a good chance of defeating the Yellowjackets at Superior Saturday night.

## Charnish passes drop RF 24-23

Continued from page 8

Two more completions to tight end Tom Kohr moved the ball to the Falcon five. A wide open Rich Kay pulled in a Charnish aerial in the end zone for the visitors first score with 10:29 showing on the clock. The Pioneer quarterback was stopped in his attempt for the two point conversion.

Down 9-6, Platteville moved 59 yards for their second TD. Charnish picked up 59 yards on the first play on a scramble. On fourth down Smilielski caught a Charnish pass on the goal line to give the visitors their first lead, 12-9.

After receiving the second half kickoff the Big Red marched 66 yards in 9 plays to score. Trooien hit flanker Dave Rosga on a 40 yard pass play to the Pioneer's 20 yard line. The senior quarterback from St. Paul picked up six yards on an end run and O'Neill displaying good power, drove six yards on an off tackle play to the seven. Trooien rolled out to his left and threw a reverse pass to end Joe Rozak, who made a nice catch in the end zone. Cahalans kick was good to give the Falcons a 16-12 point edge.

### D. Jensen Intercepts Pass

Linebacker Duane Jensen picked off a Charnish throw on the enemy 48 and returned it to the 20. Moments later Kreibich scored on the fake field goal to give the Falcons a comfortable but short lived lead with 14:49 left in the game.

A jarring tackle by defensive end Larry Madsen, separated Charnish from the ball and Tom Jilek fell on it to give the Red Men the ball on their 30. However, a tough Pioneer front wall and an RF holding penalty turned the ball over to Platteville. From here Mr. Charnish directed them to their narrow 24-23 victory, which was a far cry from the 41-7 defeat they inflicted on the Falcons a year ago.

Sophomore linebacker Gary Thompson continued his outstanding play, leading the defense with 16 tackles and 9 assists. Also turning in solid performances were John Eagan and Brian Kreibich with 10-9 tackles respectively. Tight end Tim DeLawyer led the Falcons in receiving with four catches for 31 yards, but had to be carried off the field on a stretcher when he was injured during the Falcon's last offensive series.

Jerry Trooien showed Charnish that he could scramble too, as he netted 43 yards in 13 carries, and John O'Neill powered his way for 37 yards in 12 carries.
