## HOOPLA BOYS

GALA GALA GALA

It's a big whiz boys and the joke part of it is that it is a real thing set for Friday night, Feb. 18, so says George M. Cohen, alias Kid Classon, vaudeville promotor. I told you pessimistic birds that it would materialize if you would leave the realization to old father time and a troupe of able artists.

I'll tell you fellows it takes time, pains and perseverance to alter such a twelve o'clock attraction to fit an eight o'clock town. You people use no discretion about such a preposterous undertaking as this. How did you folks think this town could quarter such a troupe of lime-lite people when we only have the one Inn? That's all inn but it isn't going to accommodate such a troupe as this. Say, you remember the time and effort that was required for the staging of the Onion Bros. circus, our luminous side show, which featured among the attractions of last spring? With such recollections of that strong attraction, I say, horde your dimes men for our main attraction on that Gala day, Friday, February 18.

Date them now men as Melvin will be on the job early.

## ATTRACTIVE CARD FOR

FRIDAY NIGHT

Friday night will mark the gala night in basket ball for the present season. It's bound to be a big night, when the local five takes on Coach Keller's fast five from La Crosse. The La Crosse quint is hitting it up in top notch form. They have a reputation for always playing clean, hard basket ball, and we are sure that this game will not prove to be an exception.

The local fans have yet to see our team pitted against a classy conference opponent. Friday night will afford them this opportunity. Nothing could be more gratifying to Coach Chandler, and his men than to see the gym crowded as it never has been before.

Come out all ye pep artists! Let's give the gang a real exhibition of "At e old goin' in kid" school spirit, such as has never been shown before. Make it such an exhibition of pep, that in years to come, you and they will be able to look back and say, "That was a real night."

Let's all turn out and show some real signs of life.

## CHAMPS TAKE FIFTH

CONFERENCE TILT

In another, scrappy contest, with the margin of victory anything but top heavy, the Chandlerites administered the defeat potion to the strong Superior quint, economically and yet in sufficient quantities, to nose out a narrow victory and so keep their 1000 per cent reputation intact.

Although never headed, the local boys could not get away to any dominant lead. The up state quint employed a five man defense and rarely attempted to advance the sphere beyond the center of the court. They exhibited real ability at long distance shooting and with but one lone exception, scored all their points from scrimmage via this route.

In spite of the tight defense tactic of their opponents, the Chandler men were able to penetrate with sufficient frequency to maintain their position on the top of the heap. In strong contrast to the methods used by the opposition, their scoring was invariably the result of their characteristic short pass game which swept the ball through the enemies defense for close under shots. The limited floor space however made it difficult for the Falls quint to utilize their speed and team play in any marked degree and as a consequence the game although close and hard fought throughout did not contain any of those luminous spots that boarder on the unusual.

For the Falls, Carolan, Gurnoe and Wright acted in the role of point makers while Rice and Morrow spilled hostile rallies in their usual convincing manner.

The team was given a spirited send off by the members of the girl's Athletic Club. A splendid lunch had also been prepared by the young ladies for the departing athletes. Their effort was a bit of school patriotism well worthy of special mention and should serve to make the school spirit, which appears to be on the decline a bit more universal.

### Line up and summary

Carolan	R. F.	Wheratt
Gurnoe	L. F.	Nelson
Wright	C.	Holstrum
Morrow	R. G.	Johnson
Rice	L. G.	Fowler

## HIBBING VICTORY

MAKES IT EIGHT

With Superior out of the way Coach Chandler and his warriors turned Hibbingward, where they took on the Junior College quint of that city on the following night and ran their string of victories up to a total of eight for the season.

The initial period was a hotly contested affair, which in no way foretold what was to ensue in the final frame. The score stood ten to nine in our favor when the intermission came, and Hibbing fans were all set for a close and thrilling finish, but the unexpected was in store for them.

The crimson jerseyed athletes came back with surprising speed, and soon had the home fans looking at the melee from an entirely different angle. The final score took a 33 to 18 appearance and marked the seventh consecutive triumph for the Red and White.

## FAREWELL PARTY

IN MISS NEBEL'S HONOR

Mention of the farewell party given a week ago Friday for Miss Clara Nebel by the teachers in the training school, was omitted in the last week's Voice. Miss Nebel was presented with a beautiful carving set. Mr. Davee in presenting the gift in behalf of the teachers mentioned that he had begun to think rather seriously of establishing a matrimonial Bureau in that department as two of the teachers are leaving this year.

Fouls Personal—Carolan 2, Wright 2, Morrow 2, Fowler 1, Johnson 1, Nelson 2, Wheratt 2, Technical fouls. Carolan 1, Wheratt 2.

Referee—Hoff Umpire—Dapton

THE STUDENT VOICE

KATHERINE RIDGEWAY

Katherine Ridgeway is today acknowledged to be the best known reader in her particular line in United States. She seldom appears except on the largest courses in America, and on many of these courses she has appeared five to eight times each. In fact, she has been repeatedly and enthusiastically received in nearly every city in United States.

Katherine Ridgeway is a native of Atlanta Ga., but most of her childhood was spent in the far northwest. She attended the University of Washington. It was while there that she decided to become a reader. As soon as she finished her course at the University she went to Boston, and after two years' study at the Boston School of Oratory and with Miss Emma Greeley, founder of the Greeley School of Dramatic Art, she was engaged by the Redpath Bureau, as reader with the Temple Quartet. She was with this well known quartet for two years.

Miss Ridgeway gave an evening of varied readings instead of an entire program of a single story or play. She has an unerring judgement in deciding what people like. Miss Ridgeway's great art and also her great message will be remembered long by those who had the pleasure of hearing her.

Jos. Blomgren was out of school Monday because of sickness.

President Ames is at Madison attending the meeting of the board of regents. He will be there all week.

THE PRIZE IS YOURS

A prize of one dollar in cash will be given by the treasurer of the Camera Club to any student bringing in the best group of five negatives for use in the Meletean. Here is your chance to win a prize, and spring a surprise on your friends at the same time. These negatives are to be handed to the president of the club and will be judged by a committee appointed by the club.

Treas.—Claire Smith

Y. W. C. A.

A very good program was rendered last week when four girls, Evelyn Roloff, Gertrude Edeburg, Ruth Hinman and Ida Mityling, talked on an, "If for Girls." Evelyn's interpretation, together with the discussions, brought out the many beauties of the poem. Pauline Norseng played a piano solo. After the program this Thursday night, we will take in new members. If you are not a member of the Y. W. C. A. this is the right time to join as it will be your last chance this year. Next Saturday afternoon from 2:00 to 5:00 o'clock the Y. W. C. A. girls will give a "Kid party" for all the girls in school. Come dressed either as tiny boys or girls, and don't forget to bring your best Kiddies manners. There will be games and refreshments appropriate for the occasion. Don't forget—All Girls Invited.

Count them up, bring them all  
Old or young, big or small  
Plenty of space in our North Hall  
And various seats to fit them all.  
Bring your nickels and several dimes  
Plan the 18th for the best times.

Attention folks! Watch the next edition of the Voice for some of the details of the Meletean vaudeville. Bill Quinn, "Say, just what do you go to school for?" Classon, "Why, I'm always this way. I never let my studies interfere with my education. I'm just going to school to wear out my old clothes."

Y. M. C. A.

Mr. Hunt was the speaker of the evening last week. His topic was, "A Square Deal." His main point was that if a man expects a square deal he must do his uttermost to give his neighbors a square deal, a sort of give and take proposition. During the talk he derived the formula, Opportunity=Occasion +Preparedness.

After Mr. Hunt's talk a general discussion of the Near East Relief Fund was entered into. It was the opinion of the society, that the collect-

ing of the money be made an all student affair, rather than a society affair.

Mr. Davison will be the speaker at the meeting this week. You all know Mr. Davison's reputation as a speaker so it is hardly necessary to remind you that you will surely miss something worth while, if you do not attend.

Don't forget, you who have not already done so, to pay your share into the local budget. There will be basket ball practise after the meeting tomorrow night.

## THE STUDENT VOICE

### LINCOLNIAN

The debate on Athletics and Forensics at the last meeting was very interesting. Many good arguments were advanced on both sides. At the close of the debate a business meeting was held at which the following officers were elected for the next semester.

President: Melvin Thomson.

Vice Pres. J. L. Luther

Sec. & Treas. Raymond Sorenson

The installation of the new officers will take place at the next meeting. There will also be a big "feed" in the Domestic Science rooms after the meeting. Be on hand men at 6:45 Wednesday evening.

### FRESHMEN PARTY

The Freshmen held their party in the Gym of North Hall Friday evening. Miss Latta and Miss Hathorn were the chaperons. The greater part of the evening was spent in dancing, after which light refreshments were served. A very enjoyable time was reported by all. The Third Years and Sophomores who were the guests think that the Freshmen are good little entertainers.

### G. O. P.

G. O. P. girls are making posters for the La Crosse game Friday night. In order to get this work started, and give time to finish all posters a meeting was held Monday evening at 6:45 instead of the usual time on Wednesday. Each girl will be at the game and show how much pep she really has.

### ASSEMBLY THURSDAY

Mrs. Hollister, the new primary supervisor, gave a talk on the sign language of the western Indians. Mr. Whitenack also gave an interesting talk on some of the art centers of Germany. He described in particular the city of Nurrenburg. Edmond Reardon of the student body gave a discussion of the Japanese question.

### CAN YOUR PUPILS TALK?

Pupils' answers should not be guesses, though if questions are bad enough they cannot well be anything else. In an instruction exercise, answers should usually come after deliberations; properly framed questions are not immediately followed by a sea of waving hands. If the question asked is answered, the instructor should be content, though only a hardy spirit would venture deliberately to answer the question asked by many awkward questioners. The teacher who is resourceful in bringing the right response from an un-

promising beginning is a rare artist provided this is accomplished without "pumping." Such expressions as, "and many other things," "and so forth," I understand, but I can't explain it." "You know what I mean," and "I know but I can't tell" should be promptly laid under ban since they deceive their users and instructor as well. Teachers are guilty when they prompt unduly or say, "That's all right; I know what you mean" after every lame attempt of an unprepared pupil. It may also be noted that a very common practice of repeating pupils' answers contributes the monotony of a voice inevitably heard too often and dulls responsibility for clear utterance. Why worry if the teacher is going to repeat it all?—Normal College Index.

### N. C. A.

At the N. C. A. meeting last Thursday the following program was given. Piano Duet-Stella and Theresa Collins Talk -Julius Blaha.

Reading -Miss Rooney

After the program the election of officers took place. The finals as follows:

Pres. Helen Mc Nally

Vice Pres. Ed Casey

Sec. Stella Collins.

Treas. Julius Blaha.

Bill Quinn, Ogden Classon and Leo Shannon spent the week-end at Ellsworth.

To become directors of physical education work, 134 women are specializing in the new courses recently developed by the University of Wisconsin.

### LOCALS

Grace Mc Connel went to her home at Baldwin over the week end.

Leon Vennes, who was in school last semester, has sent an application to Washington to receive a position as a worker among the young men of Albania, a province near Greece, on the Mediterranean Sea.

### Papal Poison Antidote

The horn of an Indian rhinoceros, presented to Pope Gregory XIV in 1590 to protect him against poisoning by its putative medicinal properties, has been donated to the American Museum of Natural History, New York.

The horn, given to the pope by the prior and brothers of the monastery of St. Mary of Guadalupe in Spain, was credited with sweating in the presence of poison, by the way of warning, and if powdered and taken internally, with acting as an antidote.

The tip is missing. It was cut off in 1591 and administered to the pope in his last illness.

### JOKES

"I've just had my picture taken for the meletean but I don't like them at all, why I look like an ape," said John.

"Why you should have thought of that before you had it taken" said Ruth.

Mr. Hunt, "How can you tell the age of a turkey?"

Leo, "I can tell by his teeth."

Mr. Hunt, "By the teeth! A Turkey has no teeth."

Leo, "No, but I have."

Semesters exams in Economics. Tell the number of tons of coal shipped out of the United States in any one year.

"1492" "None."

Lloyd Rice at Wenzels' restaurant "Did you make any hash today?" Waiter, "We don't make hash around this joint. It accumulates."

Mother, "Good Heavens! what's the matter with your ear?"

Esther, "Nothing Silly! Just a leaky fountain pen in O. J's vest pocket."

—Michagan Gargoyle.

Mr. Hunt conducted an institute last week at New Richmond.
