NUMBER 5

GIROFLA-GIROFLA

The Davies Light Opera Company opened the Lyceum season last Friday evening with their presentation of "Girofla-Girofla" to a large and enthusiastic audience who were captivated by its simple though masterful charm.

Did you hear it—that tuneful, fascinating, lively and up-to-the-minute comic opera "Girofla-Girofla"? And were you not thrilled by its tuneful melodies, its colorful style and its interesting and pretty little story of love and intrigue?

Mr. Henry Davies who leads the company has appeared successfully with the leading organizations of America including Hammerstein's Grand Opera Company of New York, Henry W. Savage's Grand Opera Company and the Aborn Opera Company. He has sung in more than 100 different roles and in more than 3500 separate performances. He has a repertoire of more than 900 operas. The style and finish of his remarkable tenor voice indicate him to be an operatic singer of wonderful ability.

Mr. Davis has chosen a remarkable cast for "Girofla-Girofla". All are experienced artists. The solo voices were exceptionally good and the chorus work was far above the average. It was an ideal company for an ideal comic opera and the combination was a winner.

MISS HATHORN ENTERTAINS

Last Friday afternoon Miss Hathorn entertained the girls of the senior class at an afternoon tea. The purpose of this tea was to have Miss Hathorn become better acquainted with the girls and also to help the girls to become better acquainted with her.

At the door each girl was received and given a red and white pennant with her name on it. This was to help Miss Hathorn associate the names of the girls with their faces. After spending some time in getting acquainted, tea was served by some girls of the junior class.

All those who attended the tea feel that they have become much better acquainted with our dean and the better they know her the more they are sure they will like her.

Lorenzo Heinshon, '20, who is teaching at Roberts, visited friends in River Falls over Saturday and Sunday.

ST. THOMAS TEAM TAKES

6 TO 0 BEATING

Hard fought battle goes to Normal

Ramer field was well initiated when our Red and White gridders took Coach Echberg's Cadets of St. Paul into camp in a 6-0 manner. Favored by ideal weather, a large crowd attended the first game of the season which was also the initial game on our new Ramer Field. Nor was that crowd in any way disappointed with the game witnessed.

The visitors were well supported by a large delegation of peppy rooters who accompanied the team, and who stayed with their colors until the final whistle.

Those who witnessed the game Saturday will concede that they saw a real game of football and a game that was a veritable battle from whistle to whistle. Though slightly outweighed by the "Falls" huskies, the fighting Irishmen stayed in the game until the final whistle was given; putting up one of the gamest scraps ever seen on the local gridiron.

The one and only touchdown came at the close of the first half with ten seconds to play and the ball on the Saint's forty yard line, the unexpected came. Gurnoe did the big work by pulling in a perfect thirty yard pass, after which he squirmed ten yards for a touchdown and a win. The Normal threatened twice after this; once when a drop from the twenty yard line failed, and again when fortune favored the Saints by tripping Smith in an attempt to catch a perfect pass on the enemy's three yard line. Twice the Cadets approached to within thirteen yards of a touchdown; only to be held by the stellar defense of captain Bliss' outfit. The Saints also attempted a drop from the fifteen yard line but failed to put it across.

From Inside The Wire

The first quarter was a big one for the Cadets who made a winning appearance in this period. After being held by the Normal on the first few plays, they opened up in a rapid advance manner by running the ball within thirteen yards of the Normal goal. After three futile attempts thru a formidable defence, the quarter ended with the ball thirteen yards from a touchdown.

The second quarter started by the failure of the Saints to drop-kick over. Until the last four minutes the ball was sawed in midfield. Keifer started

MELETEAN STAFF TO

PUBLISH DIRECTORY

The Meletean staff has obtained permission from Pres. Ames to put out the 1920-1921 student directory. A directory is the students handy book and is of interest to everyone that is interested in the school or student body. It will as a circular of information concerning each student enrolled, so a popular reception is expected when it comes out.

Last year the student directory was put out as a private enterprise, and it was a very successful project. Under the supervision of a worthy school organization, the directory, this year ought to be equally, if not more successful than the one of last year.

The work of putting out a school book, such as the Meletean, is a project that involves much work, and an expense that cannot possibly be met by only the sale of the books.

In the past, the Meletean has received financial aid from various sources such as the staging of plays, advertising and from the sale of the book. Of these sources the advertising has proven the most complex. Every year the business men have been asked to advertise in the Meletean. They have always responded liberally, but not for business reasons. Their ads have been given merely as a contribution to a school enterprise.

This year the Meletean staff has accepted a scheme for advertising which will meet with greater approval among the advertisers. They are with the hearty approval of the office, putting out the student directory which will serve the student body and also give the business men a better advertising medium at a lower rate.

This plan will eliminate the advertising in the Meletean and give the advertisers an opportunity to advertise in a well circulated directory.

MASS MEETING

The mass meeting held in the gym last Friday night was a success. It did not, however, come up to the expectations of many for the reason that only about one-third of the student body was present. While everyone realizes that the season is just starting, many seem to think that they need not display any pep until the end of the season. This is the wrong conception of the situation, and what we want, is to make this year an exceptional one. We want to start the

THE STUDENT VOICE

ST. THOMAS GAME

Continued from first page the scoring advance near the close of the quarter when he intercepted a pass and returned the ball fifteen yards. Smith and Quinn carried on by timely gains through the line. With the time limited to ten seconds of play, the one desperate and successful chance was taken which chalk-

ed down our six points. The ball was on the forty yard line when Chinnoek completed a perfect thirty yard pass to Gurnoe who squirmed the remaining ten yards for a touchdown. Gurnoe failed to kick goal. Score 6-0. The half ended on the next kickoff.

The third quarter was all for the Normal who threatened seriously in this period. Fahland, who replaced Keifer, featured this period by his consistent gains on plunges. Quinn helped the cause greatly by recovering a fumble and going for fifteen yards. The valiant attempt to cross was made in the form of a pass to Smith. When about to accept a perfect pass on the three yard line, Bill tripped and missed the oval. The enemy punted out on the next play. The quarter ended with the ball on River Falls' thirteen yard line.

With the pigskin within thirteen yards of a touchdown, the Cadets entered the quarter with big hopes. At this critical period the "Falls" staged the featuring defensive which frustrated all hopes for a touchdown by the Cadets. For four downs the red and white line held their opponents to a standstill, thus sewing things up. After the "Falls" punted out the remainder of the play was in midfield. The Saints took several desperate chances on passes in the last five minutes, but all but one were futile. The final whistle sounded a 6-0 Red and White win with the ball resting on our twenty-five yard line.

In reviewing the game we can easily recall several feature plays that are easily remembered. However in these plays we find each individual on the team playing his best, which was plenty good for a win over a very strong team. There were no individual stars, but a team composed of all star material on which we, as a school, are placing the greatest hopes with well founded assurance.

Who Did It

Normal	St. Thomas
Johnson L. E.	Murry
Murphy L. T.	Fahey
Schroder L. G.	Traeger
Otterson C	Maddigan
Clapp R. G.	Lieb
Bliss (Capt.) R. T.	Barill
Chinnoek R. E.	Convoy
Smith Q. B.	Nevill
Gurnoe R. H.	McGowan
Quinn L. H.	Stahley
Kiefer F. B. (Capt.)	Mohs

River Falls scoring: Touchdown—Grunoe. Substitutes: River Falls—Fahland for Kiefer, Melvin for Smith. St. Thomas—Lieb Houle for Neville, Lapinski for Conroy, Neville for Houle, Houle for Mohs.

Refere, Jackson. Umpire, Mitchell. Head linesman, Russey.

RED AND WHITE

STEP INTO CONFERENCE

Our "Go Get 'em" grid team wades into the conference circle for the first time this year when they play the Superior Normal team at Superior next Saturday. Last Saturday the Superior team met defeat at Eau Claire, but that goes only a short ways in handing us a game Saturday. The northlanders forced Eau Claire to the limit on Saturday, and with one defeat already to their credit, they will rally strongly for a win against us.

The Hayward men are going big at present and with no ill luck they will carry on in such manner throughout the season.

"Ditch" your doubts, people, if such you have, and be at the train when the team leaves for Superior. Help start it right, the reward will be yours.

SECOND NUMBER OF LECTURE COURSE

The second number of the Lyceum Course will be given at the Normal Auditorium Thursday evening. Reno, the magician, is reputed to be one of the best on the American stage today and will beyond a doubt please all who care to attend.

Irene S.—"Say Dewey, the fellows are thinning out so fast that I shall soon have to dance with you."

THE STUDENT VOICE

Y W C A

Our last week's Y. W. C. A. meeting was indeed a "hummer." Between eighty and ninety girls were present. The program consisted of the following numbers:

- Devotionals
- Vocal Solo, Helen Pittman
- Talk on Honesty, Miss Hathorn

As Miss Hathorn said, she chose a homely subject, but she gave it many applications to our school life, to our everyday life, and to our relations with each other. We were quite surprised to find the number of little things in which we are quite dishonest. Every girl present went away feeling better for having been there.

There will be no meeting this week because of the lecture course.

Y. M. C. A.

At the meeting of the Y. M. C. A. held last Thursday evening, the following program was given:

- Song Service
- Prayer
- Piano Duet, Willard Segerstrom
- Raymond Sorenson
- Talk on "Character Building" Mr Bird

There will be no meeting of the Y. M. C. A. this week because of the numerous other functions which are to be held.

"WITH THE AG. MEN"

"Keyholes"

At the Ag. meeting:

Mr. Johnson:—What is a keyhole, and what is its purpose?

Student:—A keyhole is an empty space surrounded by metal.

What happens mechanically inside the lock when the key enters, you don't care much about—provided it does happen with perfect ease and regularity, and keeps out gentry who use everything but the key to get in?

A key and a keyhole are instruments of moral welfare. They help people to stay honest.

They have to be made with a conscience, too, to stand up to the worst instead of staying in with it.

You will find, if you are a member, that our meetings have a very close resemblance to the key, and the keyhole; but they do more than that, for at every meeting you are able to learn something about this line of work you did not know before.

Boys, have you heard about the new way to judge dairy cattle? If you haven't, ask Scott Williamson.

You may have noticed that potatoes have taken a jump and are unable to account for the sudden change in market prices. Well, the Cafeteria cook can explain the matter very easily, for she had to go down after the potato dish after a rat had taken it and a half bushel of potatoes, which were to be served for breakfast.

The last Agrifallian meeting was a grand success, and all present, reported, how well pelased they were.

Mr. Fishkin gave a talk on the Holstein-Friesian breed.

Mr. Vennes explained the method and principles of a long time test.

Mr. May's talk on the educational value and the purpose of the Agrifallian society was much enjoyed by all.

Watch the Ag. column in next week's issue, we have a surprise for you.

The Ag. boys in the tractor class are doing great work with the farm plowing; little plowing will be left for Mr. Courtice.

The dairy herd has been enlarged by the admittance of two grade calves to the herd.

We expect to have Mr. Seyforth, the County Agent of Ellsworth, with us at the next Ag. meeting, so be sure and be there, you'll hear something good.

They print calling cards at the Times office.

Miss Mosher is attending the State Library association which meets in Madison this week.

Mary Bunker, Jessie McCollough and Gertrude Edeberg spent the weekend at their homes in Menomonie.

Kendall Wentz, who is teaching at Balsam Lake, was here Saturday and Sunday. It is reported that Mr. Wentz is the coach of the girls' basket-ball team.

Mildred S.—"Say, if the football men can't go to the dance there won't be any boys present except bald heads and cripples."
