RF to get marching band; Bands to play at halftimes

Field announces plans for band

President George R. Field announced today that plans are under way at Wisconsin State University-River Falls to organize a marching band.

A marching band was first established at River Falls in 1926 and continued during the next 17 years until, during World War II, the drop in male enrollment made it impossible. The organization was revived briefly in 1948 but by this time outdated uniforms and lack of other equipment meant a major expenditure from a severely limited music department budget and further efforts to continue were abandoned.

President Field said that funds will be found for the marching band without in any way decreasing the support for the current music program and without diluting the present offerings nor curtailing plans for expansion.

Assisting in getting the marching unit started will be Dr. James M. King who joined the River Falls faculty this September after 38 years as director of bands and chairman of the band department at Hastings College conservatory of music at Hastings, Neb. He has served as chairman of a research committee of the College Band Directors National Association and as president of the Nebraska State Bandmasters Association which he helped to find in 1962.

President Field said he believes a marching band will add a great deal to student spirit at the University and that the addition of an exceptionally well qualified band man to the faculty makes this an ideal time to begin thinking of this type of organization.

Bulletin

Dr. William Abbott, chairman of the music department, confirmed his resignation from that chairmanship today.

When asked to explain his actions, Abbott refused to comment at this time. Abbott will release a statement next week concerning his resignation.

2 bands scheduled

Dr. William Sperling, university director of development and alumni affairs, spoke to the Student Senate Wednesday evening seeking appropriations for football "half-time" entertainment. Sperling requested finances for "at least two" performances

at games this season.

The two performances which have already been scheduled are the Ames Elks Club Drum and Bugle Corps and the Patrick Henry High School Marching Band. The Ames Elks Club Drum and Bugle Corps of the Twin City area, appearing September 21, consists of a 21 piece band which is noted throughout the Midwest for its precision maneuvers. The Patrick Henry Marching Band from Minneapolis shares a reputation similar to the Drum and Bugle Corps. They have become one of the finest marching high school bands in our area in recent years. The 100 piece band will march at Ramer Field either October 12 or October 19, depending upon the indefinite appearance of the WSU-LaCrosse Marching Band.

Arrangements are still uncertain concerning an appearance by the LaCrosse band October 19 when the Falcons host the LaCrosse Indians at the River Falls Homecoming. The LaCrosse Marching Band, according to Sperling, is "probably the outstanding state university marching band." If plans proceed as scheduled the Patrick Henry band will march October 12 with the LaCrosse band travelling here the 19th. Should the LaCrosse band be unable to perform at Homecoming, the Patrick Henry band will appear between halves.

Additional programming to add a touch of "alumni flavor" has been scheduled by the Athletic Department in cooperation with the River Falls Quarterback Club. The September 21 game between River Falls and Superior will feature an introduction of the 1938 championship River Falls College football and baseball teams. On October 19, the 1958 River Falls College football team will be honored as special guests.

Plans for a "Band Day" in a future home game are still under investigation by Mr. James King, associate professor of music at WSU-River Falls. Such a performance would include a half time staged by several area high school bands.

The reason for this increased interest in half-time performances was perhaps summarized best by Sperling when he said, "We no longer are a small college. We are a growing University. It therefore is the obligation of our athletic department to provide a good 20 minute half time." Sperling said that he feels we are well on our way.

Greyhound service begins

The Wisconsin Public Service Commission has granted temporary bus service to the River Falls area. The service will include three days: Sunday, Wednesday and Friday.

day and Friday.

Currently, the Walvern Hotel is serving as bus headquarters in the program. The tickets will be purchased from the bus driver for an undetermined amount of time.

The bus fares are as follows:

Fares	One Way	Round Trip
River Falls to:		
Hudson	.55	1.00
St. Paul	1.50	2.70
Minneapolis	1.85	3.35
Eau Claire	3.15	5.70

The bus schedule will be:

WEDNESDAY ONLY

Lv. Eau Claire	9:30 a.m.
Ar. River Falls	11:15 a.m.
Ar. St. Paul	12:05 p.m.
Ar. Minneapolis	12:40 p.m.

Lv. Minneapolis	4:45 p.m.
Lv. St. Paul	5:25 p.m.
Lv. Hudson	5:55 p.m.
Lv. River Falls	6:15 p.m.
Ar. Eau Claire	8:00 p.m.

FRIDAY ONLY

Lv. Eau Claire	3:45 p.m.
Ar. River Falls	5:15 p.m.
Ar. Hudson	5:35 p.m.
Ar. St. Paul	6:05 p.m.
Ar. Minneapolis	6:40 p.m.

SUNDAY ONLY

Lv. Minneapolis	7:15 p.m.
Lv. St. Paul	8:00 p.m.
Lv. Hudson	8:30 p.m.
Ar. River Falls	8:50 p.m.

Pianist to present concert

Alfonso Montecino

Alfonso Montecino, contemporary pianist, will present a recital at 8 p.m., Sept. 19, Thursday in North Hall Auditorium. This event is sponsored by the Music Department of Wisconsin State University-River Falls.

Montecino was born in Osorno, Chile, and studied piano with Claudio Arrau and Rafael de Silva. Twice a winner of the Doherty Foundation Fellowship, he made his debut at Carnegie Hall in 1950. The Chilean pianist has toured Europe extensively, and in 1954, received the Bach Medal for his outstanding interpretations of Bach in London. A renowned composer, Montecino studied composition with Martinu, Sessions, and Varese. A number of his works are among the most representative creations of Latin-American music.

The recital program will include Stravinsky's Serenade in A 1925, Copland's Variations 1930, four pieces from Villa-Lobos' La Prole do Bebe, Schoenberg's Five Pieces Op. 23, P.H. Allende's Two Chilean Tonadas, Ginestera's Sonata 1952, and Montecino's composition, Four Inventions 1965.

The 1968 Meletean will be given out to the student body starting Tuesday morning and will continue throughout the day. Students wanting an annual must pick up their copy in the publication's office room 209 of the Student Center between the a.m. and 2 p.m. and the hours of 7 p.m. and 9 p.m.

Those students who were not in school for part of last year must pay \$1 for each quarter they missed paying fees for.

New Rodli gameroom will open next month

A new gameroom will be opened in approximately one month in the Rodli Commons lounge. The new gameroom hours will be from 4:30 to 11 p.m., according to James Schmidt, the assistant director of the Student Center.

The gameroom did not open according to schedule because the carpeting had not been delivered in time, and because there is no way, at present, of locking the gameroom and not also blocking the hallway that leads to the restrooms, said Schmidt.

There will be a three foot glass panel with maple louvering from floor to ceiling and double doors at each entrance to the gameroom so it may be locked at closing time.

Don Page, the contractor, is busy at this time building private homes.

The new gameroom will be equipped with a color T.V., to be operated by remote control from behind the desk, a bank of six pinball machines and six vending machines, four billiard tables, and one table tennis table. Above the gameroom in the hallway will be a card playing area. It will be open at all times.

Schmidt explained that gameroom hours were only on weekdays because there are so few students on campus over the weekend.

Schmidt also said the gameroom has acquired a canoe, which can be rented at \$4 daily, and at \$10 rate for use from Friday evening until Monday morning. The

canoe can be reserved by seeing Schmidt or inquiring at the desk in the Student Center gameroom.

The gameroom recently acquired seven new bicycles, four of which are women's singles, and two are men's singles. The seventh bike is an "Adult Tri-Wheeler" with a large basket behind the seat for carrying bulky objects.

Also purchased were ten pair of "Hart" all metal skis, which brings the total number of skis in the gameroom to 1 pair. The gameroom now carries a complete assortment of all metal skis, said Schmidt.

Bicycle, ski and canoe rental will be handled through the Student Center gameroom only, because of the lack of space in the gameroom at Rodli Commons.

Field to be inaugurated October 24

Dr. George R. Field will be inaugurated as the eighth president of Wisconsin State University-River Falls on Thurs., Oct. 24.

Members of the Board of Regents for Wisconsin State Universities as well as various state and community leaders are expected to attend the inauguration at 2 p.m. in Karges Center.

Inauguration Day activities will begin at 10 a.m. with the registration of delegates and guests. A luncheon is scheduled for 11:30 a.m. with a reception in Hagestad Student Center Ballroom to follow the inauguration.

Luncheon reservation tickets will be available in the Student Center Book Store.

All faculty members will be expected to participate in the academic procession. Caps, hoods and gowns can be rented through the Student Center at \$8.45 for the master's regalia and \$9.70 for the doctor's.

The Inauguration Steering Committee is headed by Wayne Wolfe. Other members are: Donald Pollock, William Munns, Wilbur Sperling and James Dollahon.

Chairmen of the other committees are Vera Moss, Invitations and Registration; Philip Anderson, Program, Robert Brock, Luncheon; Marvin Thompson, Hospitality and Transportation; Virginia Akins, Academic Procession; William Romoser, Physical Arrangements and Decorations; William Ammerman, Reception; and Donald Brod, publicity.

Senate sponsoring Wagner Chorale

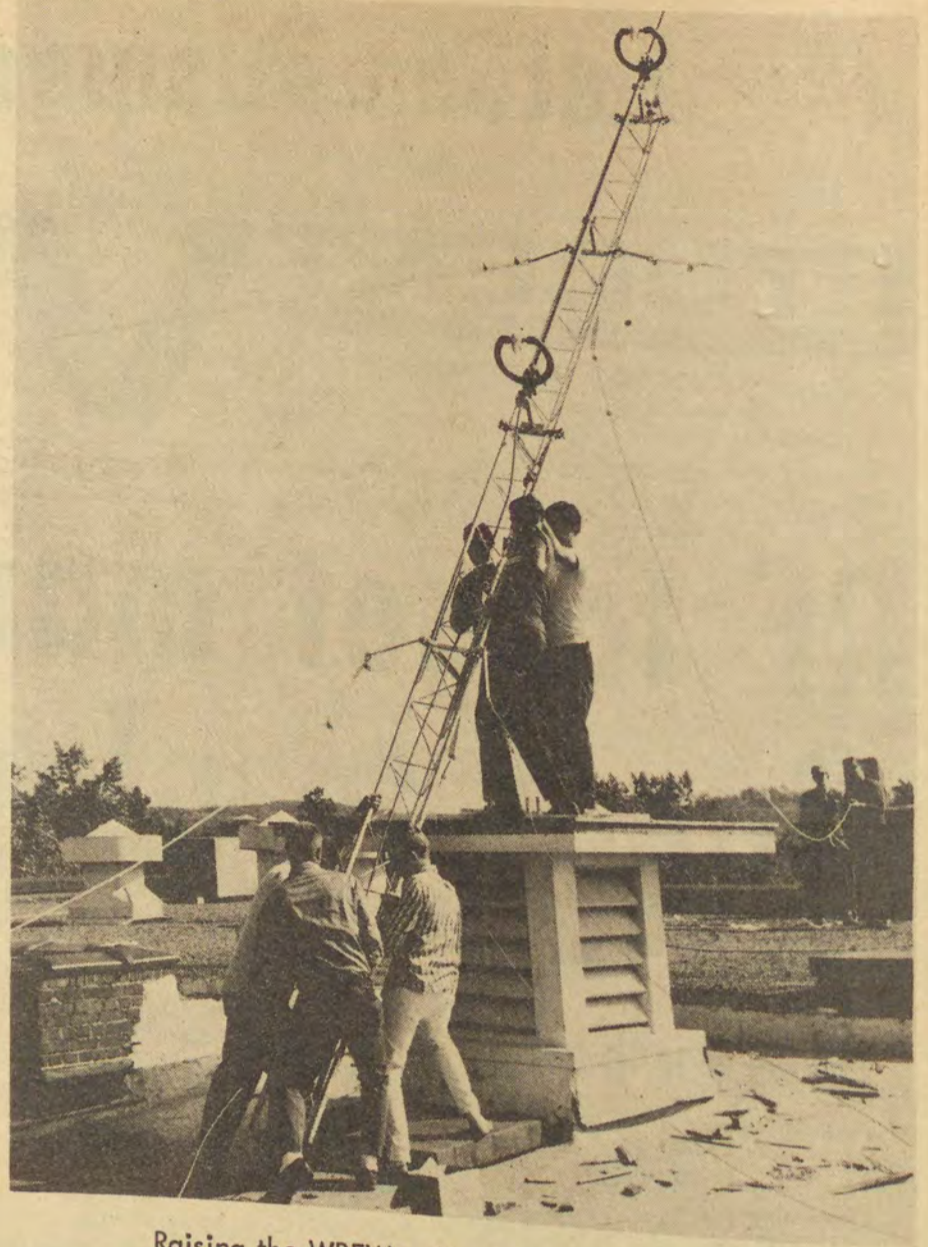

Student Senate will be sponsoring the Roger Wagner Chorale at 8 p.m. Wednesday, Oct. 9 in Karges Center.

The Chorale's recorded repertoire covers a wide range. The "golden period" of church music, a group of dramatic choruses from grand opera, a collection of familiar and beloved songs, and a choice selection of the best in Europe and American folk music suggest the scope.

Roger Wagner, born in France, received his doctorage in music in the United States. He leads the Chorale that has been acclaimed by music critics all over the world. The popularity of the Roger Wagner Chorale's albums has made them best-sellers throughout America. Their quality has won for them the prized "Grammy" award--the "Oscar" of the National Academy of Recording Arts and Sciences--in addition to many NARAS nominations.

The Chorale has toured South America, Central America, Mexico, the Middle East and Europe.

Ticket prices are \$3.50, \$3, or \$2.50 for floor seats. Bleacher seats are \$2. Students with University I.D. cards will receive a \$1 discount from any price.

Raising the WRFW radio tower over North Hall

Radio tower goes up

The transmitting tower for WRFW, the WSU-RF radio station was erected Saturday according to Lorin Robinson, faculty adviser for the station.

The Federal Communications Commission (FCC) has not yet granted permission for broadcasting to begin.

Robinson said now that the tower is up, some of the equipment can be tested

and more forms will be filled out and sent in for official approval.

Robinson is confident that the broadcasting will be started on schedule. The station is scheduled to go on the air Oct. 1. If written permission from the FCC has not been delivered by this time, permission can be obtained verbally over the telephone.

Roche and Zgodava recital was Sunday

Joseph Roche, violinist, and Richard Zgodava, pianist, presented a recital to the public at the University yesterday. The concert began at 8:00 p.m. in North Hall Auditorium.

Born in Madras, India, Roche has done extensive study both there and in the U.S. In 1959 he became the first Indian-born musician to hold a position in a major American orchestra when he joined the Minneapolis Symphony Orchestra.

Zgodava, well known accompanist, chamber musician and soloist, has studied at the Royal Academy of Music in London.

More efficient service predicted at Rodli

Rodli Commons has three of its four dining rooms open for use. The fourth dining room will open when needed equipment is installed, according to Donald E. George, director of the University Dining Service.

When Rodli was opened the first week of fall quarter, there was no need for the fourth room. The fourth room needs a dishwasher for the dishroom, and warming cabinets and refrigerators on the serving line.

There have been many problems at Rodli that have been taken care of since it opened. The first week of school the elevators that carry the food from the kitchen to the serving lines were not in working order. The food had to be car-

ried up the stairs to the lines. Service was slowed and a long line was the result. Since that time these elevators have been repaired and the line has been getting shorter with less of a waiting time.

George said many pieces of equipment have been requested for installation at Rodli. The list of equipment includes; six milk dispensers, new cafeteria trays, more glass racks, different types of cake pans, buffet warming pans, electric carving knife, carving boards with infra-red heating lamps, goblets for banquets, silverware, two additional grills and more coffee urns to match the silver service used at teas, banquets and receptions.

George said there were many problems that confront the staff at Rodli. The staff is nearly the same as it was last year, but there are approximately 1600 people on the meal plan this year and the staff must adjust to this large number of students to be served during one meal time.

At the same time, the staff as well as the students must familiarize themselves with Rodli. Once the staff has become at ease with their new surroundings they will be more efficient than they are now, and there will be better service, said George.

George has been at WSU-RF since Feb. 26, and is trying to improve the services of the meal plan. He wants to create a better feeling between the students and the food service than there has been in the past. He hopes to create, at Rodli, an atmosphere of "gracious dining." He also wants a service that will allow students to use their discretion as to how they want to dine. This cannot be accomplished if there is a lack of a harmonious relationship between the students and the food service.

In the near future, George wishes to open the southeast dining room and use it for a buffet lunch each week day. For dinner, the decor and atmosphere will change to a different theme each week day. For example on Mondays the dining room would feature a "Ranch Night Chuck Wagon," and so on during the week, Thursdays would feature a "Pizza Party."

During finals week, Rodli will be open from 9:30 to 10:30 p.m. for a late snack.

These are just a few of the ways that the University Dining Service hopes to please the students of River Falls, said George.

Senate discusses Meletean, LAC budget; Mohammed Ali

The Meletean, LAC budget and Mohammed Ali were three of the topics discussed during the Student Senate meeting, Wednesday night.

Craig Middleton, editor of the Meletean, reported that the 1968 yearbook should be in sometime this week.

In reporting on plans for next year's book, Middleton mentioned the possibility of assessing each student for the 1969 Meletean.

This, Middleton explained, would help the staff to arrive at a close estimation

of the number of books needed. This process would help eliminate wasting money on books that no one wanted.

A more detailed account of the budget needed for the 1969 Meletean will be presented at the next Senate meeting.

Last week Senate voted to purchase a new mimeograph machine to replace the present, worn out office machine. The new machine was purchased at a price of \$337.50. The Senate received a 10% discount on the machine through an Eau Claire firm.

In a resolution made by Sen. Jim Ochiltree, it was decided that the Legislative Action Committee (LAC) would make an investigation into the registration system.

The LAC resolution for the review of a small budget was also passed. John Peterson, LAC president, said that a token amount-- such as \$400 --would allow the organization to secure its own speakers without having to ask the Senate for approval.

The possibility of setting certain areas of the bleachers aside for groups was suggested by Bob Rasmussen. He felt that if students were able to sit together and cheer as a group, it might generate more school spirit.

John Chudy suggested asking Mohammed Ali, better known as Cassius Clay, to speak. Ali's services could be secured free.

Senate decided to ask the Greek organizations to serve as ushers at the activities scheduled during the inauguration of the new University president, Dr. George R. Field.

"Yes, we still exist!" states IDC president

"Yes we still exist!" is the status of the Inter-Dorm Council (IDC), according to Dolly Center, acting IDC president. The organization has been bogged down for a year working on a constitution. The IDC constitution was ratified by the Student Senate last spring.

The IDC is a coordinating body for the seven University residence halls. It is made up of representatives from each dorm, at the ratio of one representative for each 100 residence. The six officers are elected at large from the residence hall population.

The intra-dorm committees of IDC are constitution, publicity, program and budget. The inter-dorm committees are social, athletic, academic and food. Representatives will be elected from the residence halls.

Eight of the nine State Universities have some organization comparable to IDC. "They all feel this organization is very necessary--even La Crosse which doesn't have an IDC," said Miss Center. "They all try to promote campus activities."

Some events sponsored by IDC on other campuses include dances after football games, concession stands at football games, inter-dorm contests and a Big-Man-On-Campus campaign.

Fountain damaged for second time

Pranksters destroyed the Dr. Melvin Wall memorial fountain between South Hall and the Student Center this summer.

Neal Barron, Superintendent of Buildings and Grounds, reported that the main statue had been broken in half and the top half and one cherub stolen.

Two other cherubs were broken and the one remaining is being stored in the basement of South Hall.

"The IDC will return some of the functions of the campus to the students living in the residence halls," said Miss Center. "Some possible IDC sponsored activities could include football games, picnics, dances, dorm competitions and a revival of IDC Week."

An optimistic outlook of IDC as "a coordinating capacity" was expressed by Miss Rezvaniyeh Mohragi, 1967-68 adviser to the group. "A dorm spirit is lacking and IDC could motivate students to belongingness -- to revive spirit," said Miss Mohragi.

The next IDC meeting will be at 6 p.m. Wednesday in Room 206 Hagestad Student Center. "The students are the ones that are IDC," said Miss Center. "If the students are tired of sitting back and griping, then they should come--and help--and be of service."

Artists have busy summer

River Falls artists spent a busy summer exhibiting their work and winning prizes.

Three of them received the only prizes awarded in ceramics at the Wisconsin State Fair art show this August. Curtis Hoard of Hudson, a 1965 graduate of River Falls, received the top crafts prize of \$200 for a group of three ceramic pieces. Don Trudell, a 1964 graduate, won a \$150 prize for seven ceramic objects, and Kurt Wild, art department chairman, was awarded a \$40 prize for a porcelain vase.

Other River Falls artists whose work appeared at the State Fair were: Terry Schubert, instructor, a piece of jewelry; Mary Barrett, assistant professor, a print; Don Anderson, a 1968 graduate, eight ceramic works; and Richard Soligny, a student, two ceramic works and a print.

In addition to his prize at the State Fair, Kurt Wild received the purchase prize for a blue vase entered in the "Art Fair on the Green" held at Wisconsin State University-LaCrosse this sum-

mer. Another of his ceramic works has been accepted for the 25th Ceramic National Exhibit, which will run Nov. 24 through Jan. 19 at the Everson Museum of Art, Syracuse, N.Y. Wild also received a curriculum improvement grant from the University for the summer.

Another art department member, Doug Johnson, is working on a sculpture for Rodli Commons, which was commissioned as a gift from the Class of 1968. He received the \$50 first award in crafts at the Marshfield art fair during the summer.

Walter Nottingham, assistant professor, spent the summer at the Rochester Institute of Technology, where he was a visiting professor in art. During June and July he was represented in an international show of contemporary tapestries at Montreal. Currently, he has wall hangings exhibited at the Ringling Museum, Sarasota, Fla., and at an international wall hanging exhibition in the Cascade Gallery, Seattle, Wash.

Talent line-up announced

During the year, students at River Falls will have an opportunity to see professional entertainers free. The acts are sponsored by the Concert and Lecture Committee.

Alan Dugan, a rising young poet, will be here October 21. Dugan's published poems have received commendable reviews.

On November 6, students will be able to share a "Wilde Evening with Shaw," a dramatic presentation on Oscar Wilde and George B. Shaw which will be appearing at colleges across the country.

The Pro Musica of New York will be presented by a group of 18 musicians and singers on January 18. They deal largely with the Medieval, Renaissance and Baroque periods.

A classical and flamenco dance troupe are on the program for February 18. The Spanish Mariano Parra group consists of six members.

The Ramblers, an authentic folk singing group from the South, will appear March 5.

Japanese Tsutsumi, a well known cellist, will play at River Falls on April 21. He has studied with the world's greatest cellist.

The Student Senate provides the money for the Concert and Lecture Committee. Already \$5,500 has been used for contracting the entertainment.

Most of the acts are scheduled a year in advance. However, the committee hopes to contract approximately three more acts. Dr. Buschen of the history department urges all students to take advantage of this cultural opportunity.

No replacement of South Hall within 5 years

South Hall will "not be replaced in the next five years," said Neal Barron, superintendent of grounds.

Barron also said that South Hall had once been condemned several years ago and had remained in that status until all repairs were made.

A Page of Editorial Comment

Timing the carillon

The arrival of a new hour is heralded each day by the chiming of the carillon. The crystal tones float across the campus, tolling the hour to students, professors and visitors at River Falls.

The carillon, which is temporarily installed in the top floor of North Hall, was purchased last spring by the Alumni Association. It was dedicated to Dr. Eugene Kleinpell, the former president of River Falls University.

At noon and again at 6 p.m. the tolling of the hour is followed by a short carillon recital. The sounds are melodic to the people passing outside. The sounds are pandemoniumous, however, to the students and instructors holding class in North Hall at noon.

Classes on third floor of North Hall at noon usually come to a complete stand-still since the sound makes lectures and discussion next to impossible. Some instructors dismiss class for a short break which is refreshing but a waste of class time.

Freedom from outside abstractions is a common need for effective studying and classroom learning. A more obvious or shattering abstraction than the chiming of huge bells directly overheard would be difficult to find. Since North Hall is, after all, a classroom and office building, the primary concern should be to provide an educational atmosphere. Granted, the carillon is a pleasant experience for those outside North Hall but provisions must be made for those students and faculty members within this school building.

Is there any reason why the carillon cannot be played between 11:50 and noon rather than between noon and 12:10 p.m.? During this 10 minute period, students are moving between classes. At this time, students and instructors could appreciate the tones of the carillon without losing valuable class time.

The Voice suggests that the carillon concert should be played during the 10 minutes preceding noon and end with striking the hour.

Feedback

To the Editor:

The Music Educators National Conference (M.E.N.C.), would like to thank the students who helped support the scholarship dance that featured the Mystics. We were very pleased at the turnout of

students. The proceeds are being put into scholarships for music students, and through these scholarships we hope to draw more students to this University.

Thank you again for your support.
Officers and Members of (M.E.N.C.)

Coffee at Rodli

Last year a student paid \$114 to eat on the 15-meal plan. He was allowed the privilege of a cup of coffee to be enjoyed with friends. He did not have to worry about being turned away. The student also paid a \$14 Student Center fee to use the center at his leisure.

Rodli Commons, the newest, most modern building on campus, was opened with promises that it would be efficient, that food costs would be reduced and that all students would have access to it. Consolidation of food preparation was to have lowered food costs.

The new Commons brought promise of a common meeting ground for students who wished to relax in an atmosphere of congeniality.

With increased food prices, students expected the same privileges they enjoyed last year at May Hall and Hagestad Student Center--namely, talk over a cup of coffee anytime when the food service is catering to the student.

Despair and disgust; the doors are locked! The coffee urn is off-limits. Leisure and congeniality no longer exist. A student must eat and leave the dining area, with no chance of returning later to mingle with friends over another cup of coffee. The only thing that reminds a student that this is HIS center are the lines in which he stands.

We believe the same privileges experienced in Hagestad Student Center and May Hall should be accorded students at Rodli Commons.

We realize Rodli Commons is new and all the problems have not been ironed out but we feel that all students should not be rejected because of a few.

If the food distributor fears abuse of his catering service by students not on the meal plan, he should work out arrangements similar to those last year in May Hall, when the food was watched and accounted for by Ace employees.

The Phalanx

by Rich Marshall

Last week was one of progress at Wisconsin State University-River Falls. In this issue, the VOICE carries the reports of a number of great strides made in the advancement of our "emerging institution."

Page one reports that our new president, George R. Field, announced that plans are under way to organize a marching band. WSU-River Falls has been sadly lacking in school spirit and student attitude for a number of years. We feel that President Field's prompt and decisive action indicates the insight and concern necessary in a good administrator. Any institution needs a strong leader to grow and prosper.

Page one also reports that River Falls is once again connected with the outside world. The initiation of a bus service from River Falls to Hudson and the Twin Cities is something that University and community groups have been fighting for many years. Accessibility and convenience will do much in the future to increase the attractiveness of the RF campus to prospective students.

Page two carries the picture and story of the tower for the new FM radio station,

WRFW, at the University. When the station actually begins broadcasting, it will open a whole new field on the campus. The chance of working on a station will probably draw many students to the journalism department here.

Unfortunately, the VOICE reports one story that does not entirely agree with the progressive attitude of the past week. Page two also carries the story of a new game room in Rodli Commons that is scheduled to open some time next month. The gameroom will no doubt be a benefit to students, but the story calls for the gameroom to be open only on weekdays because "there are so few students on campus over the weekend." We feel that this is putting things backwards. We ask, "Why are there so few students on campus?" We feel that one of the answers is the limited amount of attractive activities sponsored by the University and community on weekends. A student is not going to remain on campus if he has nothing to do but sleep.

We ask that all scheduling take into consideration this problem. River Falls is a "suitcase college" but that problem is not insurmountable.

Will there always be a line?

Paving of parking lots cancelled for one year

Paving of the parking lots north of the Ames Lab School, south of Stratton Hall, and the new lot near Ramer Field has been cancelled until next summer. The Ramer lot will be used for athletic events. Another lot has been started west of North Hall.

Paving postponement is due to the lack of funds provided by the State Highway Department. The plotting for the Fine Arts Building will be done within the next year to a year and one half. The Fine Arts Building is to be built east of the library near the Ames Lab School.

The lot behind McMillan and Grimm Halls, which has been used for a parking lot, is not authorized for parking. Later this will be landscaped and used as part of the campus. No parking tickets will be issued until notice is given that landscaping will start.

Land for a new parking lot is now being cleared of houses and garages west of North Hall from Cascade to Spring St. back to the alley.

Neil Barron, superintendent of the grounds, has said that this lot will have a capacity of approximately 200 cars. He stated that the parking lot will probably be used for those students who have permits, but this is not definite. The lot will be paved this fall, but in the case of early bad weather, the lot would be paved next spring.

Barron explained why the University was not granted the necessary funds for the paving. The state grants funds on a need and a priority basis. In deciding the need of each university, the state takes into consideration the number of students, the availability of transportation and the availability and cost of land.

On a priority basis, the state takes into consideration the size and type of lot the school needs and wants. The state will build a lot in one of three categories: (1) built and covered with crushed rock, (2) built and paved or (3) built with curbs, gutters, and lights.

RF asks city to close streets

University officials recently requested the Planning Commission to close parts of Third Street between Cascade and Oak and Sixth St. from the Pedersen property south to where it ends next to the Clarence Olsen home to provide parking facilities for 117 cars.

Attending the meeting, in addition to commission members, were Mayor Wells, police chief Perry Larson, University President Dr. George Fields, Academic Vice President Dr. Richard Delorit, Regent Norm Christianson and utility manager Joe Maxwell.

Academic Vice President Delorit informed the council that the four houses on Third St. across from North Hall would be removed by October 1 to make way for the parking lot. Parking would be by permit only.

Delorit also told the commission that possibly eight or 10 years from now, the University might want property as far as Spruce St. but indicated that the state planners are moving in the other direction with one reason "property in this area (between Oak and Spruce) is the highest in the state."

Sixth St., which runs past the University heating plant, will be left open until next spring and then closed from the creek south. The state owns property on both sides of the street from that point on.

The commission will recommend to the city council to close Third St. between Cascade and Spring and Sixth St. south from the Peterson property. The Sixth St. will be put into effect April 1, 1969 according to the motion.

US policies; problems to be debate topics

The questions to be discussed and debated intercollegiately this year are concerned with the policies and problems of the United States. The debate question is "Resolved" That executive control of foreign policy should be significantly curtailed," and the discussion topic for national intercollegiate discussion events is "How can we deal with the problems of

Play tryouts set

A Theater Interest Party will take place tonight at 7 p.m. for all those interested in working and/or performing in the theatre productions for the coming year. At this meeting, an explanation of the entire years work will be given.

Tryouts for the first play of the season, "The Little Foxes," a costume drama, will be held Sept. 17-19, beginning at 7:30 p.m. The play, directed by Dr. Josephine Paterek, takes place around the turn of the century. Parts are open for eight whites and two Negroes.

Other tryouts are scheduled throughout the year for minor productions. Students are needed for backstage work.

Other plays scheduled for the year include "A Man For All Seasons", "In White America", and the musical, "The Emperor's New Clothes."

civil disorders in the U.S.?"

Forensics Union, the organization on campus encompassing those students who are interested in Public Address and participate in one or more activity during the year, has begun meeting again. The group is looking for new members and especially encourages those people who are interested in joining the Union and the activities connected with it.

Jerald Carstens, the director of the debate program and advisor to the Forensics Union, has stated that he feels it will be an interesting and fulfilling year. He also asks that anyone interested in oratory and extemporaneous speaking contact him for further information. Last

year's members and participants took part in tournaments at Twin City area schools, and journeyed to Madison, Milwaukee, South Dakota, Iowa, Whitewater, Menomonie (Stout) and Purdue University. They were also involved in the demonstration debate tour of surrounding high schools in the spring of the year.

SIGMA ALPHA ETA
Sigma Alpha Eta will hold its first business meeting Thursday at 7:30 p.m. in the Student Center, room 207-8.

With figurines stolen, broken or in storage, the once "beautiful" fountain is now an ugly eye sore.

New Student Center program head named

This fall a new and needed position on the university staff has been initiated with the addition of Lorraine Binito as the Program Director of the Student Center.

Lorraine Binito

RF-Community Chorus group

Robert Beidler, assistant professor of music, will conduct the University-Community Chorus group it was announced last week.

The first rehearsal met Sept. 10 and will meet each consecutive Tuesday from 7:30-9:30 p.m.

Two concerts will be presented during the year with the St. Croix Valley Symphony Orchestra. The first performance will be Handel's "Messiah" in December.

"The chorus is open to everyone without audition," Beidler commented, "and I hope everyone in the community and the University who likes to sing will take part."

In regard to this job, Miss Binito feels that she is principally at River Falls Wisconsin State University to find out what the students want and need in student activities and to re-inforce communication between students and faculty. She hopes that students and faculty take the initiative to bring forth new ideas or programs and her job will be to see that the programs are facilitated and the ideas and suggestions made realities. Programs involving faculty, students, and the community are another of her aspirations. "The Student Center", said Miss Binito, "is the laboratory for activities and a learning center for students and faculty where all can express their ideas."

One new project already in the planning stages is a coffeehouse where entertainment will be solicited and other activities conducive to the educational and social environment will take place. Students have already painted this house and plans now include decorating and furnishing it before the launching of this new experiment.

Miss Binito, a native of the Philadelphia and later the Pittsburg (Masontown) area, comes to River Falls with a list of achievements and distinguished awards. She graduated last May from California State College, served as president of the Student Body, participated on the activities board four years, and was a class president one year. Last year, Miss Binito was selected as the outstanding college girl from her state and earned the title "Miss Pennsylvania College Queen". A major in elementary education and math, she found her most satisfying and enriching experiences during college to be those involved with student activities.

The Geology Club will hold an organizational meeting at 7:30 p.m. Wednesday in room 108 Agriculture-Science Building. The order of business includes the election of officers and the upcoming field trip out West. Coffee and cookies will be served. Anyone interested in Geology or related fields is welcome.

Aviation ground school to be offered at RF

It has been announced by Dr. L. G. Stone, director of extension services, that a ground school for aviation will be offered at the University this year.

The course will be open to all pilots and prospective pilots, regardless of educational or flight experience. This will be a no credit course.

The first meeting is scheduled for 7 p.m. in room 334, Monday, Sept. 30, of the Agriculture-Science Building. Exact time will be arranged at the first meeting.

Fees for the course will be \$35.00 and enrollment will be limited to 25, at least for the fall quarter. The class will meet for a total of 40 hours.

Larry Hapke, assistant professor of mathematics here will be the instructor. He has a commercial license with instrument and multi-engine ratings as well as basic and advance ground school instructor's ratings.

This course is designed to prepare the student for the Federal Aviation Agency's written and oral examination for the certification as a private pilot. The course offers instruction in aircraft and engine

operation, principles and theory of flight, air navigation, radio aids and communications, meteorology, flight instruments, federal aviation regulations and other subjects pertaining to the safe and efficient operation of aircraft. The course may also serve as a refresher for the pilot who holds a private or commercial certificate.

Extra meetings will be offered if necessary to help students prepare for the written and oral examinations for a commercial certificate. Further information about the course may be obtained from Stone, director of extension services, 425-6705, or ext. 204.

Last Frosh drop date

The last day for a freshman to drop a class is Wednesday, Oct. 16.

All drop-add transactions must be accompanied by a separate card for each properly signed and filled out. These cards may be obtained in the Registrar's Office.

Chris predicts lively initiation

by Kathi Klaus

Chris Nolden, sophomore class president, and her committee heads have put their heads together to plan a lively initiation for the freshmen. How well the Class of '71 remembers last year, when they recited with trembling lips: "Mighty SOPHOMORE I adore thee, Mighty SOPHOMORE I implore thee, Don't be cruel as you can be To a lowly frosh like me.

You are mighty, I am lowly, Standing humbly bowed before thee. I will strive in all I do. To be perfect just like you."

This year's verses, constitution, and beanies will be given to freshmen at the Beanie Dance. The dance will be held Wednesday in the Student Center Ballroom.

Chris Nolden will speak to the freshman class on Tuesday at 1, 3, and 4 p.m., in the North Hall Auditorium. In her speeches Chris will be outlining the basic ground rules of initiation, explaining things, and reading the constitution.

Initiation is a tradition which should be fun for freshmen as well as sophomores. One of its purposes is to help freshmen get acquainted with upperclassmen. Initiation also serves to unite the freshmen class (safety in numbers!!!!)

River Falls

Pioneers trample Falcons

by Harley O'Brien

Chris Charnish and the Platteville Pioneers stunned River Falls 41-7 in a lopsided victory at Platteville Saturday.

Platteville's deadly passing attack and stout defense held the Falcons in check throughout the game.

Charnish completed 22 of 33 passes for three touchdowns; but the quarterback combination of Charnish and Geoff Poole completed 27 of 46 passes for 359 yards.

The Platteville defense was equally tough as River Falls was held to zero yards rushing for the game. They did

manage 119 yards in the air.

Coach Monte Charles' Pioneers marched for a score the first time they got possession of the ball. Platteville started from their own 20 after Cahalan's kick-off went into the endzone.

Charnish opened the game with a seven yard pass to his favorite target, Tom Kohr. Rick Hempel smashed up the middle for seven more, which put the ball on the Pioneer 34.

Charnish then found Rick Smigielski in the open for 11 yards and George Faherty open for 15. Hempel cracked the line for

two; Charnish scampered for six; and Bill Lischka lost three with a jarring tackle by Ludvigson. Charnish then picked up eight yards on a run to the 28 yard line and passed again to Faherty at the 13.

After an incomplete pass, Charnish ran to the five and on a third down and two, he hit Smigielski in the endzone for the score. Kohr kicked the extra point and Platteville was off and running with 10:52 left in the period.

The Falcons couldn't get a drive going the first two times they had the ball. Quarterback Jerry Trooien hit Harold Blank for 15 yards and a first down, but the drive was halted.

Kreibich punted and defensive stand-out, Jim Kiesow, intercepted the first Pioneer pass on the 30 and ran it to the Platteville six yard line.

John O'Niell smashed the line twice for three and Trooien was thrown for a seven yard loss trying to pass. With fourth and goal Trooien hit Dave Rosga for the Falcons' only score. John Cahalan added the extra point and the game was tied.

Platteville scored on the next series of plays. They moved steadily downfield on runs by Charnish and a pass to Kohr. Charnish ran the ball to the River Falls' 33 and Lischka powered his way for three more. With the ball on the 30 yard line, Charnish threw to Hempel for 13 yards. Kohr then caught an aerial for three and Faherty grabbed a pass for ten yards. With 13:13 remaining in the half, Bill Lischka broke through the Falcon line for the score. The extra point was off to the right.

After Harold Blank returned the kickoff 18 yards to the 22, the Falcons were stopped cold.

Platteville returned Kreibich's punt to the 54 yard line. Short runs by Lischka and a 16 yarder by Schleicher, placed the ball on the 35. Lischka picked up the first down and with a second and ten, Charnish hit Kohr in the endzone. Kohr added the extra point and Platteville took a 20-7 lead.

Blank handled the kickoff and returned 44 yards, but the run was nullified due to a clipping penalty. The infraction put RF with their backs to the wall on the 11.

Kreibich punted again when River Falls failed to drive upfield and the 53 yard kick landed on the Platteville 33.

With a consistent running attack, Platteville moved down to the 15 yard line of River Falls. Lischka covered 25 yards on the last run. Charnish threw to Smigielski for nine, but Charnish was thrown for a six yard loss. It was third and goal at the twelve, when Charnish threw his third touchdown pass of the half. Kohr was at the receiving end with 4:34 left.

Cahalan took the kickoff for 15 yards. Trooien and O'Niell ran for nine and a fourth and one situation. Trooien then sneaked for River Falls' second first down of the game. The drive was halted as the fourth down pass was incomplete.

Kreibich intercepted Charnish's first pass of the series, but time ran out in the half for the Falcons to move downfield.

River Falls received the second half kickoff and from the 20, Trooien hit DeLawyer for a quick first down. That drive ended as the St. Paul quarterback was dumped for a big loss.

Platteville came storming back. Lischka ran for seven and Smigielski caught a Charnish pass for another seven yards. The sophomore quarterback hit Kohr for 18 and a face mask penalty against River Falls put the ball on the Platteville eight. Schleicher made it 33-7 with a quick dash up the middle and Kohr added the extra point.

Cahalan took the kickoff and returned the ball 26 yards, however a clipping penalty put RF back to the 11. Trooien threw to Rosga for 16 yards and DeLawyer for 11 and River Falls had two first downs.

River Falls was forced to kick and after an 18 yard pass to Kohr, Platteville punted for the first time in the game. Freshman Terry Nodolf kicked a 52 yarder with 4:41 left in the third quarter. Minutes later, Nodolf punted again, a 74

yard boot that put the Falcons on their own 11.

After a Trooien to DeLawyer pass went to 16 yards, the Platteville defense came to the rescue and halted the drive. Kreibich then kicked a 61 yard punt to the Pioneer 14.

Charnish was on the move again. He hit Bob Faherty, George's brother, for 17 and 18 yard strikes, but Gary Ludvigson intercepted.

On the next play, Leo Marti picked off a Trooien to Blank pass and Platteville was in possession again. The Pioneers were on the move when Falcon stand-out Tom Carroll intercepted a Geoff Poole pass with 8:20 left in the game.

In the last eight minutes neither team could spark a drive and both teams exchanged punts. Kreibich sent one 64 yards deep in Pioneer territory.

After a Poole to Bob Faherty touchdown pass was nullified for clipping, River Falls obtained possession. With 16 seconds left in the game, Larry McWilliams intercepted a Mike Gruenwald pass and ran 16 yards for another TD.

Kohr and Bob Faherty led the Pioneers in passing yardage. Kohr caught nine for 112 yards and Faherty five for 119. Platteville finished the game with 485 total yards.

Tim DeLawyer led the Falcons in pass receptions with eight for 70 yards and Tom Carroll and Jim Kiesow were defensive standouts. Carroll had 11 tackles and five assists and Kiesow had 12 tackles and three assists.

Coach favors Whitewater in cross country

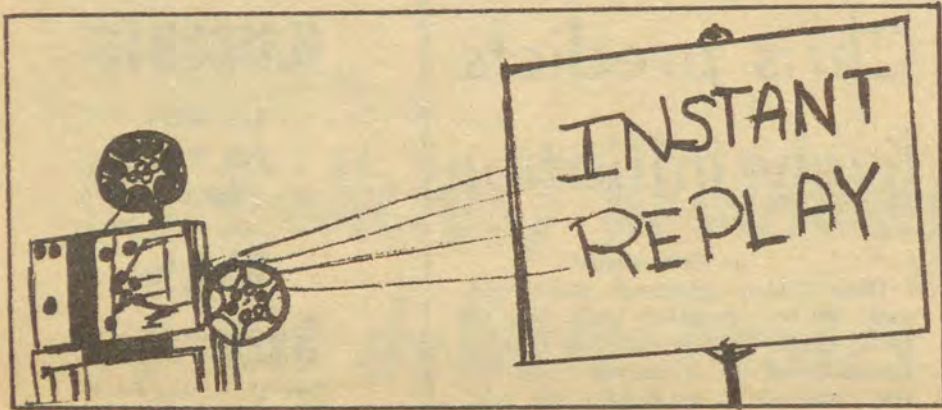

Head Coach Rial Smith, who is beginning his first years as head cross country coach at River Falls, expects Whitewater to win the conference championship. The Warhawks, led by NAIA All-American Tom Hoffman, and four other returning lettermen, appear to have an excellent chance at knocking off defending champion Oshkosh.

In the Falcon's camp, things appear to be looking up. Coach Smith feels that the new Grasstex running track will be an asset to the harriers. The slick running surface will help the runners in their pacing, and it should also prove handy in attracting future track prospects.

Coach Smith has had his candidates running ten miles a day, and expects to have them doing fifteen a day, before the first meet. Craig Middleton, a returning letterman and runner in last year's 25 mile long, Boston Marathon, will not be out, due to too many school activities.

The first meet of the season for the Falcons, will be against tough St. Olaf, on Sept. 21 at 11 o'clock, here

Voice SPORTS

by Harley O'Brien
Voice Sports Editor

River Falls sure took it on the chin Saturday. Chris Charnish and Company made the game appear as if the Packers were playing the River Falls High School.

Charnish is fantastic. Aided by a big front wall, he would either drop in the pocket or scramble, Fran Tarkenton style, until he found someone open. He completed 22 of 33 passes for three touchdowns.

His favorite target was 6'2" end, Tom Kohr, who hauled down nine passes for 112 yards. Bob Faherty, a freshman from Platteville, Wis., caught five for 119 yards, but it was Poole who provided the aeriels.

The Falcons, who are riddled with injuries, just couldn't get a drive going. When they did, Trooien would be dropped for a long loss. He had a net -37 yards' rushing, so he was missing pass protection from the offensive wall.

Harold Blank had a long kick-off return of 44 yards and John Cahalan scampered 26 with another.

The punting was unbelievable. Terry Nodolf of Platteville, had a 53 yard average with three kicks. He booted one 74 yards!

Brian Kreibich wasn't to be overshadowed though. He had punts of 61, 64,

and 53 yards for a 43 yard average. He kicked nine times--not bad!

Tim DeLawyer, led in receiving for River Falls. He caught eight for 70 yards, but was well covered throughout the game.

Jim Kiesow, Tom Carroll, Gary Ludvigson and Kreibich were standouts on defense. Each had an interception and Kiesow's set up the lone RF touchdown. He ran the ball to the six where Trooien and Rosga took it in.

Kiesow, Carroll and Ludvigson should be in the running for Player-of-the-Week for the Falcons last week.

Big Red had many out with injuries and this sure hurt our attack. Something was missing somewhere.

Superior is here next week. I hope the injured are well and we have a few people in the stands. By the way, where were our cheerleaders at the Platteville game?

Christensen played in first Senior tilt

Christensen as a University of Wisconsin halfback

Harley O'Brien - Sports Editor
 "Hang onto your seats sports fans. The Badgers are out of the huddle and up to the line. Coatta looks over the Iowa defense and now calls the signals. It's the handoff to Christensen. He breaks through the line. He is at the 10, the five, he's in for the score and the Badgers-----."

Ah, yeas, that was the great game Gwynn Christensen played in 1949. Before Christensen headed for the locker room he had chalked up 65 yards rushing in 13 attempts and two touchdowns. The scores came on runs of 10 and 14 yards to lead the Wisconsin Badgers to a 35-13 victory over Iowa.

Where is this star halfback now? Well, you may find him in 116 Karges or at Ramer Field guiding the Falcons through his seventh year as head football coach.

Christensen got his first taste of athletics as a student at Lake Mills High School, where he was a 12 letter winner. He lettered four times in football, four in golf, three times in baseball and once in boxing. The grid coach played on Rock Valley Conference championship football teams in 1940 and 1941 and was chosen for All-Conference mention two years.

After spending 27 months in the service during World War II, he enrolled at the University of Wisconsin. As a sophomore in 1947, he was awarded a Junior "W" for his play at right halfback on the junior varsity squad.

As a junior in 1948, Christensen earned a Major "W" award for his play as second team right halfback behind a Badger star of that era, Clarence Self. During that season he gained 136 yards in 21 carries for a 6.5 average and two touchdowns.

In 1949 he became the number one right halfback on a team that was quarterbacked by present Badger skipper, John Coatta. Christensen was the team's third leading rusher, gaining 346 yards on 86 attempts for a 4.0 average and two touchdowns, although he missed two games due to injury.

Top games as a senior were against previously mentioned Iowa, and Indiana where he gained 88 yards in 16 attempts to help defeat the Hoosiers 34-14. During

Did you know?

Jim Baier, former River Falls fullback, holds the conference record for most yards gained in a career? He rushed for 3,154 yards between 1963-66.

the season, Wisconsin was 5-3-1 overall and placed fourth in the Big Ten.

His college career didn't end with regular season play however, as Christensen was nominated to play in the first Senior Bowl ever held. The first meetings was in Jacksonville, Fla., where he started at the cornerback position and moved to halfback in the second half.

During his senior year, the Badger halfback played under Coach Ivan Williamson, now Athletic Director at Wisconsin. Also on the squad were gridiron greats: Doak Walker, Daryl Royal (head coach of the University of Texas), Eddie LaBarron (former quarterback for the Dallas Cowboys) and Clay Tonimici to name a few. Also at Wisconsin, Falcon baseball, and assistant football coach, Don Page, had many classes with Christensen. Both graduated in 1950.

Upon graduation, he coached at the Mondovi, Watertown, Janesville, and Muskego High Schools, compiling a 39-24-2 won-lost record. In his first two seasons of high school coaching, he compiled a 14-2-0 record and in his last two years at Muskego, his teams were 14-2. He fielded a championship team the latter year by winning eight and losing one.

Christensen, who is also Athletic Director and hockey coach, then became head football coach at Wayne State, Neb. for three years, winning 13, losing 13 and tying once. The following year he came to River Falls and in six seasons, compiled a 24-23-6 record. This does not include this season.

In the last two years, Christensen saw two great football players end their careers by way of graduation. In 1966, Little All-American Fullback, Jim Baier, impressed many coaches and spectators by his fine running and last year All-Conference tackle, Dick Sievert was drafted by the Cleveland Browns.

From Camp Randall Stadium to Ramer Field; from the playing turf and no. 15 to the sidelines. That's our coach, Gwynn Christensen.

Rodeo becoming major sport

by Tony D'Alessio

Rodeo is becoming a fast growing sport, full of excitement and thrills, at Wisconsin State University-River Falls. It has been in existence at River Falls for six years.

Like all sports Football, Basketball, Wrestling, Hockey, Swimming, Track, Golf and Tennis, the Rodeo needs just as much support from the student body and faculty as the others need to survive.

September 28 and 29, at 1:30 p.m. are "Falcon Frontier Days" at River Falls, and this would be a perfect time just to see what kind of spirit this school has, that is if they really want to support their rodeo.

This past year our rodeo teams at River Falls held up to par as far as competition goes. The girl's team consists of five veterans: Sandy Gilbert a senior from St. Paul, Minnesota, who competes in Goat Tying, Barrel Racing, and Breakaway Roping; Sally Cannon, a senior from New Berlin, Wisconsin who competes in Goat Typing, Barrell Racing and Breakaway Roping; Sharon Heidt, a senior from Cambria, Wisconsin who competes in Goat Tying and Barrel Racing and also is captain of the girl's team; Linda Wolterstorff, a junior from Knapp, Wisconsin, who competes in Goat Tying and Barrell Racing and Kristi Hanson, a sophomore from River Falls, Wisconsin who competes in Goat Tying and Barrel Racing.

The boy's team has five veterans whom are back this fall: Jerry Klauck, a senior from Elm Grove, Wisconsin, Bull Riding; Jeff Schroeder, a senior from Milwaukee, Wisconsin, Bareback Riding; Tom Tomlinson, a sophomore from Eau Claire, Wisconsin, Bull Rider; Tom Cannon, a sophomore from New Berlin, Wisconsin, who is also captain of the boy's team, Calf Roping, Ribbon Roping, Bareback riding and Bull Riding and Greg Garron, a sophomore from Chicago, Illinois, Bareback Rider.

There are also two new prospects on this year's boy's team. Pete Theilman, a freshman from New Holstein, Wisconsin is a Bull Rider and has qualified for the Rodeo Nationals the past three years and Erv Peterson, a freshman from Eau Claire, Wisconsin, also a Bull Rider and a member of the Great Lakes Rodeo Team.

River Falls competes in one of the toughest conferences for college rodeo in the nation today. This is "The Great Plains Region" conference. This region is made up of universities from Kansas, Missouri, Nebraska, Iowa, North Dakota, South Dakota, Minnesota and Wisconsin. There are 16 member schools from these eight states and over 200 individuals competing.

LAST YEAR'S RESULTS

Last year's Rodeo teams faired well in competition. They "kicked off" the season at Iowa State University Rodeo. The

girls' team made an outstanding showing for the first rodeo of the season, taking a first place in team standings with Sharon Heidt placing first and Sandy Gilbert third in Goat Tying. Tom Cannon placed third in Bareback Riding for the boys' team. A week later the Falcons held their own Rodeo at the River Falls Arena which is located just south of Cascade Avenue on Highway 35.

At their own home rodeo last year, competition was tough but Stan Meyers captured first place in Steer Wrestling and second place in Bareback Riding. Bob Burie pulled out third place in Bull Riding and Gary Olsen a fifth in the same event. The girls' team compiled enough points for a second place in team standings. Linda Wolterstorff took a first place in Barrell Racing, while Sharon Heidt took a first place in Goat Tying with Sally Cannon grabbing a fifth in the same event.

Five months later, the team traveled to North Dakota State University where Tom Cannon took a second place in Bull Riding and a third place in Calf Roping. He also tied for All Around Cowboy. The girls' team compiled a second, third and sixth in Goat Tying competition by Sally Cannon, Sharon Heidt and Linda Wolterstorff respectively. Linda Wolterstorff also placed sixth in Barrell Racing and was All Around Cowgirl. Again the girl's team had a good showing, placing first in the team standings.

A month later on April 21 and 22, the team traveled to Kansas State University where again the girls' team dominated first place with Sally Cannon taking a first and Sharon Heidt a second in Goat Tying. Sally also tied for All Around Cowgirl. Greg Garron managed a sixth place in Bareback Riding for the boys' team.

During the last three days of April the team traveled to the University of Kansas where the girls' team placed second, fourth, fifth and sixth in Goat Tying, good for a second place among the team standings.

A week later the team traveled to the University of Nebraska. Only one girl qualified, Sharon Heidt taking a fifth in Goat Tying and Tom Cannon took a fifth in Bareback Riding. One of the team members Jerry Klauck was hospitalized and kept under observation because of a concussion he received after being bucked off a bull.

The next week, two girls, Sharon Heidt and Sally Cannon captured fourth and sixth respectively in Goat Tying at South Dakota State University.

Then came the big rodeo of the year, the Regional Finals. This was held at Black Hills State College in Deadwood, South Dakota. The boys' team didn't place, but the girls' team took second, third and sixth in Goat Tying and a third place in Barrel Racing. The girls' team finished in second place in the team standings.

The climax of the season came in July when Sharon Heidt, captain of the girls' team, competed at Sacramento, California in the Intercollegiate rodeo. Sharon was among the top ten in the nation in Goat Tying.

This year's team can look forward to a brighter season with more experience on the team and much more depth. There are plenty of veterans returning and more new talent. This year again, like last year the team will be riding the same stock that the professional riders use. The arena is presently over going repairs and this year's rodeo team should be the best it has been.

Swim lessons for children over four years of age will begin Saturday, Sept. 21. The price for ten lessons will be \$8. Anyone interested should see Mr. Davis, room 118 Karges

Forum topics probed

The Legislative Action Committee (L.A.C.), a sub-committee of the Student Senate, is presently setting up Free Spirit Forums for the Fall term. Presently being discussed as possible topics for the forums are:

1. Jerry Cross and Al Taylor discussing "Summer in Retrospect".
2. Unidentified Flying Objects.
3. Mock Election with various speakers, candidates (Nelson, LaFollette, Knowles) and non-candidates.
4. European Communist refugees debating with members of the American Communist party.
5. A member of the Board of Regents to talk on student-university relationships, followed by a question-answer period.

6. Draft Forum which will discuss alternatives for students, immigration, burning of draft cards or turning them into the draft board, The Resistance, an organization helping those resisting the draft, would send a speaker.
7. Alcoholism
8. A debate between Gaylord Nelson and Jerry Leonard for the U.S. Senate seat. The Senate will probably be giving its sub-committees more research work. Currently LAC is investigating the registration procedure and will advise the Senate on some type of revision to eliminate lines and extensive time putput. John Peterson, head of LAC said, "The scope of problems we can attack is unlimited. Work of this kind is extremely important and will require more manpower, thus an increase in LAC size is in the future."

GLC outlines rush rules for Greek groups

At its first meeting of the year, the Greek Letter Council (GLC) approved the rules which will govern the fall rush and pledge period. For the first time in the history of Greek organizations on our campus, a fall rush and pledge i being conducted in addition to the traditional spring rush.

Fraternities began their fall rush period on Monday, Sept. 9, and sororities will begin rush on Monday, Sept. 23. A student wishing to rush must have been a student on our campus for at least one full quarter (summer school is not considered a full quarter), must have earned at least 12 credits, and must have a minimum of a 2.0 grade point average.

The meeting time for GLC has been changed from 5 p.m. to 6:30 p.m. on Mondays. Meetings are open to all who wish to attend.
