GIRL HOOP ARTISTS TO STAGE EXHIBITION

A fast and snappy team is being organized by the girls of our school in Basket Ball. A game has been scheduled with the St Paul Institute girls, and the two teams will meet on February 26th at 8:30 p.m. in the North Hall gymnasium. This is an important event, for it is the first time in the history of the school that the girls have been allowed to contest with outsiders.

The visitors are an experienced team, having defeated some of the strongest girls' teams in the Twin Cities for years past. Their coach is Reg Goette a former St. Thomas hoop artist.

Much enthusiasam and pep is being displayed by the girls in practice, and they intend to show the school a thoroughly sportsmanlike brand of basket ball.

Boys, count on this date to show the girls that you can support their athletics as well as they boost yours.

VAUDEVILLE

The zippy, peppy, catchy, Vaudeville was shot over the footlights with a bang Friday night. The shot was well aimed to bring success from the rise of the curtain to its fall on the final number.

Gilbert Anderson in his Swede monologue swept his audience into gales of laughter. The duet by Anderson and Howalt gained favor with each of its many verses.

In their act, Classon and Dodge, offered variety, in songs, jokes, and something new in dancing.

Pauline Severson skillfully demonstrated her terpschorean art in the Gypsy Beggar Dance.

The illustrated slides made by Prof. Stratton for the Capital Ship, were accompanied by the song, sung by a male quartette. These slides were shown at a Senior party earlier in the year and because of the enthusiasm with which they were received at that time requests were made to have them repeated to a larger audience.

Cohen and Company, Undertakers featured Shannon's attempt to hire a coon who was afraid of nothing. Classon of varied talents played the part of the coon. Parda Gaetzman was the very efficient secretary.

An act featuring Anderson and Andrus, world famous jiggers was all that one could desire in this line.

Helen McNally in the role of a Spanish grandee demonstrated how to woo a lady love, in the person of Emi-

Presentation of Class Memorial

A very important part of the assembly program last Thursday was the presentation of the 1920 class memorial by Miss Audrey Armstrong on behalf of the class, and its acceptance by President Ames in the name of the school.

Before leaving the school last June, the class of 1920 voted to have a share in the bronze memorial tablet in North Hall, and also appointed a committee to decide upon an appropriate gift to the school. The Committee, consisting of Adah Tubbs, Helen McDonald, and Phillip Pelouquin decided to buy two more pictures of the set, "The Evolution of the Book" by the American artist, John W. Alexander, the originals of which are mural decorations in the Congressional Library in Washington.

The first three of this set of six pictures were already owned by the school, having been presented by the Class of 1912. They have hung in the library, where the new pictures will also be placed. The pictures presented by the class of 1920 are "Picture Writing" and the "Manuscript Book." The five pictures were arranged in order on the platform, and Miss Pardee gave a very interesting account of the life of the artist.

All who heard it feel deeply grateful to Miss Pardee for giving the pictures a new meaning which will add much to their appreciation.

A large amount of work was accomplished at the Camera Club meeting Monday night. The members were all busily working to win the prize in the picture contest. The contest is to close on March 5th. If you have your group of pictures selected, hand them in. They shall be judged on the same basis.

lie Perkins, while Royce Dodge sang a lilting tuneful love melody.

The Ohio chorus was as attractive as its name suggests. A group of girls garbed as picturesque milkmaids danced, while accompanied by the orchestra. Royce Dodge sang the solo part.

The Meletean Vaudeville Company's proceeds for the evening reached the neighborhood of \$160. The Company is completing plans for a trip to Ellsworth where they will show one night. The show was directed by Ogden J. Classor.

PROF. ELTON R. SHAW LECTURES HERE

Prof. Elton R. Shaw, a representative of the Intercollegiate Civic Association, gave three lectures in the Normal Auditorium. Saturday evening his theme was "Eating, Earning, Loving and Learning." As the subject indicates, the discourse embraced a wide range of thought. Dr. Shaw displayed an intensive knowledge of the statistics which pertain to these various processes.

On Sunday evening his subject was, "Fools, Wise Men and the Rest of us." To any audience that filled every seat in the Normal Auditorium, he proceeded to show that the beginning of a great movement for reform or human betterment, some pioneer, who was then considered a fool for his action, fought for the principle against the opposition of public opinion. In Dr. Shaw's own words "the fools have become the wise men, and the wise men have become the fools."

At the assembly on Monday, Dr. Shaw's theme was, "Where do we go from here." This was a very good lecture for students especially. He called attention to the necessity of law enforcement and educating the heart as well as the head. He said, "Convictions formed by College men of today are the convictions that will rule the world of tomorrow."

Dr. Shaw represented the Intercollegiate Civic Association which is engaged in the study of Civic and Moral Problems, and bringing their program into Colleges and Universities. Dr. Shaw held a meeting with about thirty students for the purpose of organizing a club. The purpose of this club will be to promote the study of Social, Civic, and Moral Problems, and to get an education that will consist of more than knowledge, "Don't let your Studies Interfere with your Education:" or get the benefit of the Literary society while attending College.

About thirty students signed the membership cards and officers were elected as follows:

President—Mr Howalt.
Vice President—Miss Hull
Secretary—Miss Brenad.
Treasurer—Miss McNally.
Reporter—Mr. Blomgren.

The first meeting of the club will be held Tuesday evening March 8th. Further announcements will be made as regards the time and place of meet-

SUPERIOR HERE FRIDAY NIGHT

On Friday night Coach Loop's Superior warriors will be seen in action here for the first time this season. The first game between these two teams terminated in a 25 to 20 win for the locals.

The up-state boys possess considerable class and with first class coaching would prove a stumbling block to all championship aspirants. Their center is rated as being among the best in the state.

There can be no doubt that Friday night's game will be a sizzler from start to finish, so let's get our rooting togs on and give the boys a real exhibition of school pep.

GLEE CLUB ELECTION

The Girls' Glee Club elected the following officers:
President—Elizabeth Adams
Vice President—Florence Chapman
Secretary—Pauline Hull
Librarian—Gertrude Edeberg

The club is preparing the operetta, "The Japanese Girl," which will be given next month.

N. C. A.

The program of the N. C. A. last week was an impromptu affair. Everybody present was called upon to sing, dance, tell a story, or recite a poem. A business meeting followed this program.

STOUT LOSES SECOND CONTEST TO CHANDLER MEN

The undefeated Red and White tossers made it two straight from the Institute quint last Friday night, when they copped by a 38 to 16 score on the Institute floor.

The Stout team, with a revised line-up, consisting of three former all-star high school athletes, had entertained high hopes of pulling the unexpected, but a comparison of the score sheet after the game, with that of the first contest would show that the revision evidenced no improvement.

Coach Miller's charges tried hard throughout, but were no match for the Chandler machine. The score stood 20 to 6 against them when the intermission came.

The locals opened up the final round with increased momentum and counted five times from scrimmage in the first three minutes of play. Stout was going scoreless and Coach Chandler, with a game scheduled for the following evening, began injecting substitutes. With the game well in hand, the Chandler men eased up slightly and from this point on, the two teams battled on even terms. The score at the end of the last half stood 38 to 16. It was the sixth conference victory out of as many starts for the Chandler quint.

WE OWN A FEW GOOD ONES

Guina Homestead De Cole 3rd belonging to the Normal Farm herd, recently made 24.9 pounds of butter in 7 days. An increase of 8 pounds over her previous record.

The Normal Farm now has three cows on test. Our plan is to have them all on some day, and have one of the best herds in the state. We know this is possible if Mr. Johnson is just given the money to buy the cows he wants for the herd.

**BILL JOHNSON AWARDED
BASEBALL CAPTAINCY**

In a meeting held by the members of last year's baseball team last Tuesday, Bill Johnson was elected to the captaincy of the team, which is to represent the school in the coming spring campaign.

Bill is a good fellow and proved in his last year's work that he is a capable performer on the diamond. Everyone will agree that he rates the honor conferred upon him.

**GAMMON'S CREW SUCCUMBS
BEFORE LOCALS' ATTACK IN
2ND ATTEMPT—SCORE 27-15**

In a weird and loosely played game of basketball the Chandler five emerged the victors over the A. C. quint last Saturday night for the second time this season. The game was marred with frequent infractions of the rules by members of both teams, and fumbling held full sway, especially in the initial period.

The first 15 minutes of play saw the visitors enjoying a 6 to 5 lead. This method of procedure did not conform with the established precedents of the Chandler regime and was altogether so out of the ordinary that the old "Faithfuls" on the sidelines were beginning to feel gloom and premonitions gradually creeping in where confidence had dwelt so long undisturbed. The style of play employed by the Minnesota aggregation made it apparent from the outset that their efforts were to be concentrated in a defense that would prevent the local scoring machine from duplicating its stunt of the previous contest. So closely did the Minnesotans camp on the trail of the local tossers that during the first 15 minutes of play, those on the side-lines, would willingly have paid jewelers' prices for an occasional field counter. Shortly before the termination of the first half, the locals hit their stride and from then on the outcome was never in doubt.

For the visitors Aurelius and Anderson were the only two to count from the field, while for the home team the scoring honors were evenly distributed.

Line-Up and Summary

River Falls (27)—	A. C.'s (15)—
Carolan RF.	Nyberg
Gurnoe L F	Aurelius
Wright C.	Gregg
Morrow RG.	Anderson
Rice LG.	Meck

Substitutions—Kuchman for Aurelius; Swanson for Gregg; Aurelius for Meck; Olson for Wright; Melvin for Gurnoe; Hyatt for Carolan.

Field Goals—Rice, 3; Morrow, 2; Wright, 4; Gurnoe, 2; Carolan, 3; Aurelius, 3; Anderson, 1.

Free Throws—Carolan, 0 out of 3; Gurnoe, 0 out of 2; Nyberg, 4 out of 8. Fouls — Personal—Aurelius, 1; Gregg, 4; Morrow, 1; Wright, 1; Rice, 1. Referee—Hayward, River Falls Normal.

AURELIA

The program of the Aurelia last week was a Washington-Lincoln program. Lipharda Gaetzman gave sketches from Lincoln's life and Mildred Will talked on Washington's life. Irene Luberg played a piano solo and the program ended with a patriot song by the society.

THOUGHTLESS ACTS

On Wednesday evening of last week a basket ball team composed of students from this school journeyed to Hastings Minn. where they engaged the American Legion team of that place. The game terminated in a defeat for the locals and the Hastings management grabbed off a juicy slice of undeserved notoriety by sending in a report to the associated press claiming a triumph over the River Falls Normal quint. It seems that the local representatives unintentionally, but nevertheless with a very marked degree of carelessness, failed to properly reveal their identity and as a consequence the 1000 per cent record of the Chandler crew was dealt a staggering blow.

It can readily be seen how a slight oversight of this kind can do untold damage. It is the purpose of this article to prevent a repetition of any such lamentable acts.

WATCH IT GROW

The tractor course seems to have stimulated a great deal of interest in the community, not only among the Ag. men going to the Normal, but among the farm boys and the older men as well. Mr. Spriggs is planning this course worked out a foundation plan which can be added to each year, and it is his plan to have in the following years a better and more complete lecture and educational demonstration course for the farmers and those interested in this line to receive valuable information with out cost on their part.

We little realize how important the matter of farm products and their production is. This is a very serious matter and we must be able to deal

wisely with this matter in the near future or find ourselves as China is today only able to produce one fifth enough food to feed her own population.

The machinery of to day such as tractors and the like will if properly handled bring large productions by larger cultivated areas, but we find the use of tractors at the present time is on the decline. Why? Because the farmer is having a great deal of trouble running it. He does not understand how to run and handle the machine, consequently we may expect trouble.

Now Mr. Spriggs through the aid of the different companies who manufacture these different tractors, and farm implements will by means of lectures and educational talks on the different machines teach the farmers how to run one of the tractors, and give him advice and clear up points which he has found difficult to understand.

The past week the Samson and Fordson demonstrators and lecturers were here. At every meeting the room was packed with eager listeners, who wanted to know and learn more about these machines.

The crowd has not been from around River Falls wholly, but we find that prosperous farmers from Hudson, Ellsworth, Roberts, New Richmond, Spring Valley, and a number of other places have been present, for they knew that the practical stuff would be handed across at these meetings, and that is what the farmer and the men interested in Agriculture want.

There will be a number of meetings held in the weeks to come and any body interested in this line of work should not fail to be present. For further information write Mr Spriggs.
