RIVER FALLS, WISCONSIN, WEDNESDAY, MAY 26, 1926

No. 30

## LUTHER TRIMS FALLS SAT. IN 9-5 BATTLE

**Mechanics Arts High Handed 6-0  
Defeat In Practise Tilt  
Last Wednesday**

A prom tired nine went down in defeat to Luther Saturday by the one sided score of 5 to 9. The Luther men made five scores the first three innings; River Falls failed to complete the circuit until the fourth. By the end of the eighth the score was 5-6, but Luther finished strong with three runs.

Matt Nelson started the game, but the visitors soon solved his twisters and made seven hits so bunched that they counted. However, the Falls failed to solve the pitching of Knuz, who pitched mean ball when not bothered with men on bases. Quandt found one in the fourth, and his example was followed by King and Olson, giving us two runs. His slow ball proved easy to hit—but easy flies to catch. Thus our chance to score in the sixth was ruined, and only by double plays were the men able to redeem themselves.

In the sixth and seventh, double plays, Fogo to Quandt to Knerr, made fast work of the innings.

Wagner pitched good ball until  
(Continued on page four)

## NORMAL TENNIS PLAYERS WIN FROM LUTHER LAST SATURDAY

Winning four out of six matches scheduled, our tennis players made a remarkable showing against the Luther aggregation which played here Saturday afternoon. "Jerry" Paul, Fred Wandrey, "Bob" Smith, and "Chuck" Dawson, represented the Falls, and each one gave an exhibition of skill such as we hardly dream any of our fellows were capable of.

In the singles our lineup was as follows: In the first court "Chuck" Dawson played a fast, flashy, game, winning his match with the first two sets. His baffling cuts and perfect "Lawfords" made his victory an easy one.

In the next court Wandrey battled with a formidable adversary whom he defeated in the first set, but the second set went to his opponent. The third set was a "battle royal," each player using low steady drives, with little advantage on either side of the net. The set ended 12-10 in Wandrey's favor.

## Commencement Week Program

Sunday, June 6, 8:00 p. m.

Baccalaureate Address, Auditorium, Reverend Henry Chapman Swearingen, House of Hope Presbyterian Church, St. Paul, Minnesota.

Monday, June 7, 8:15 p. m.

Senior Class Play, "Daddy Long Legs."

Tuesday, June 8, 10:00 a. m.

Class Day Exercises, South Campus.

Wednesday, June 9

Commencement Address, Auditorium, James M. McConnell,

Commissioner of Education for Minnesota, 10:00 a. m.

Alumni Banquet, Congregational church, 10:00 a. m.

Alumni Ball, North Hall Gymnasium, 8:30 p. m.

## G. A. A. Members Enjoy Junior Prom Marks Zenith Outing At St. Croix Camp Of Year's Social Events

About twenty girls, including G. A. A. members, Miss Smith, and several Junior High girls, report a wonderful time at their week-end party held last week-end at the Y. M. C. A. Camp on Lake St. Croix. They report the swimming and the eats, which of course are the two big items, unexcelled. The party left town about five o'clock Friday night in the Normal bus. The weather then was not especially pleasing, but the girls would not let any thing so trifling as the weather hinder their plans. When they arrived at camp, they cooked a most appetizing meal in the fireplace. After supper some of the girls tried to keep the others from sleep by telling stories and yarns.

Some of the early birds got up and took a swim at 5 o'clock Saturday morning. The 8 o'clock bus Saturday morning brought several campers, who had attended the prom Friday night. Most of them managed to keep awake during the day, although Lila E. was once discovered asleep on the beach very busy eating sand. Saturday night many of the girls hiked to Hudson and saw "The Dark Angel." Marion S., Margaret P., Lila E. and Beatrice R., had an especially romantic voyage. Several young men on the other side

(Continued on page two)

## Program Monday Night For Athletics

Next Monday evening we have with us a very fine entertainment. A Douglas Fairbanks movie, "When the Clouds Roll By," has been secured by the Athletic association. This in itself is worth the price of admission.

Besides this a very good program has been arranged, consisting of vocal and instrumental solos, trio, and quartette selections. The stringed orchestra which made a hit a few weeks back will also be present. A short skit is also being arranged. The benefit is to help pay for the sweaters for the four basketball lettermen, who otherwise would not have received them. Let us show our appreciation of what these four men have done for the school. Bring the whole family, and enjoy our program.

Our annual prom held last Friday evening was the most successful social event of the year. This year began the custom of the putting on the prom by the second year class instead of the first year.

Between 8:30 and 9:00 about ninety couples assembled in the balcony of the gymnasium where they were received by Doris Tyvol (prom chairman), Walter Paulson (class president), Genevieve Stewart, Mr. Karges (class advisor), President and Mrs. Ames, Miss Hathorne, and Mr. and Mrs. Mitchell, and where everyone could get a glimpse of the decorations below. At 9:00 o'clock couples formed in line for the grand march, led by Clarence Wesslen and Genevieve Stewart.

The evening was spiced with spot light dances and special numbers, expected and unexpected. Agnes Hamara and Bernice Sutherland danced a Japanese skit, and a professional dancer and his partner, from St. Paul, gave us a sample of what they could do. This was very unexpected, and everyone only wished they had been hired to give us a long entertainment.

The decorations were among the prettiest ever displayed in our gym. A Japanese effect was brought out. The ceiling was a net work of branches decorated with paper blossoms in pastel shades. The walls were of solid grey, festooned with narrow,

(Continued on page four)

## Thirteen More Positions Filled

Positions accepted since the last list published:

- Irene Olson, Havre, Montana
- Myrtle Peters, Havre, Mont.
- Ellen Burke, Havre, Mont.
- John Jennings, Manawa, Wis.
- Louis Cervana, Smyrna, Fla.
- Theresa Machmeir, River Falls, Wis.
- Flossie Bower, Wilson, Wis.
- Glen Olson Wannetta, Neb.
- Frank Janisch, Alma Center, Wis.
- Verda Kendall, Helena, Mont.
- Thelma Best, Fennimore, Wis.
- Esther Johnson, Prescott, Wis.
- Alice Hagen, Menomonie, Wis.

## COMMENCEMENT WEEK HAS FULL PROGRAM

**Commencement Day Exercises On  
Wednesday, June 9, Alumni  
Ball In The Evening**

The week of June 6 to 9 is to be a memorable week for the students of this year, especially the graduates of 1926. Though all the details have not been given, Commencement week plans to be a very worthwhile one.

### Baccalaureate Sermon

Sunday evening, June 6, is the Baccalaureate Sermon. This is to be given by Reverend Henry Chapman Swearingen, of the House of Hope Presbyterian church, St. Paul, Minn. Many of us know him from his radio sermons. He is a very pleasing speaker; so we are assured of receiving something very valuable in his sermon.

### Class Day

Class Day, Tuesday morning at ten o'clock, will be an important event of the Commencement program. True to tradition, this will be held on the South Hall Campus. This is the only part of the program which is held on the campus, which makes it very attractive to all as the campus is especially fitted for outdoor exercises.

(Continued on page two)

## DADDY LONG LEGS PRESENTED BY SENIOR CLASS JUNE 7

The Senior class play, "Daddy Long Legs," will be given in the auditorium on Monday night, June 7, of graduation week. The cast which has been chosen and which is composed entirely of Seniors is working industriously on their parts. We all know the splendid plays that Miss Schlosser puts on and this one undoubtedly ranks as one of the best. It has many humorous situations and will be very entertaining. The Senior class play is always considered the great play of the year and "Daddy Long Legs" will add just the right touch to make graduation a complete success.

### Cast of Characters

- Daddy Long Legs—Elmer Beran
- Judy Abbott—Mildred Randall
- Sallie MacBride—Alice Hagen
- Gladiola Murphy—Marie Lund
- Mamie—Genevieve Stewart
- Julia Pendleton—Litha Greg
- Mrs. Pendleton—Margaret son
- Jimmy MacBride—Markham Morton
- Walters Abner Parsons—Ike Walton

(Continued on page three)

The Meleteans will be on sale at 11:30 Thursday a. m., in Miss Latta's room. Bring your two dollars and receipt. All bills against the Meletean must be in by June 1.

The final examinations will occur at the end of next week, June 3rd, 4th and 5th, Thursday, Friday, and Saturday A. M.

The school will not be in session on next Monday, May 31st, which day will be observed as Memorial Day.

Faculty Advisor, Mr. O. M. Hanna

Journal Print, River Falls, Wis.

This is the last issue of "The Student Voice" for the school year '25-'26. In many ways the paper has not been what we would like to have had it, but we feel that many of our efforts have met with success.

With this issue the regime of their year's editor, managing editor and business manager cease. About half of the reporters are among the graduates, so the personal of next year's staff will be almost entirely different.

Clarence Wesslen, who has been assistant editor this year, will take the helm as captain next year, with Sigrud Overby to handle the financial affairs. With such competent leadership, and with a small nucleus of reporters around which to build, we feel sure that "The Student Voice of 1926-27 will be a paper of which the school can be justly proud.

We who are leaving the staff wish to thank both students and faculty for the cooperation that we have received this year. Special thanks is accorded to Mr. Hanna for the aid and advice that he has given us throughout the year.

Lois Beers—Editor.

Now that this school year is drawing to a close, it perhaps would be well to stop for a moment in that mad rush that always precedes Commencement and think of what this year has meant to us. The continual rush of these last few months have hard-given us time to find out just where we are, and indeed will permit us to slow down June 9. However, but a faint reflection can't help bring home to us the fact that this year has been a "red letter year" in the history of the school.

To illustrate briefly: A State Championship in football, a fighting squad in basketball, a nine with real teamwork, a State Championship in debate, second place in State oratory, a state championship in extemporaneous speaking, an inter-state championship in extemporaneous speaking. These may be mentioned as being indicative of what has been accomplished here this

year. But space will not permit mention of the school activities that bring no championships.

## COMMENCEMENT WEEK HAS FULL PROGRAM

(Continued from page one)

This year the program is to be in the form of a gypsy rendezvous. One of the big events is the coronation of the queen; also an annual affair. Some of the physical training classes will give special performances which include dances and drills. There is also to be the time honored custom of the presentation of the yoke, the class prophecy, the class history, and the planting of the tree. This is to be a living memorial to the class of 1926, and will be planted with appropriate ceremony.

The committees will be busy arranging this to the last details. The various committees are:

### Prophecy, Third Year Seniors:

Alice Hagen, chairman  
Ellen Burke  
Bernard Ingle  
George Wilson

### Second Year Seniors:

Lila Embertson  
Lyla Van Alstine

### History, Third Year Seniors:

Aloysius Williams, chairman  
Litha Gregor

### Second Year Seniors:

Doris Frederickson  
Rose Shiefelbein

### Tree

Paul Gleiter, chairman  
Loren Krueger  
Theodore Jensen

### Costumes and Properties, Third Year Seniors:

Jacob Fogo  
Glenn Olson  
Philip Nary  
Gertrude Merrill  
Leona Miller

### Second Year Seniors:

Alvin Amundson, chairman  
Evelyn Moen  
Esther Johnson.

### Commencement Exercises

However, Wednesday is an important day for all. At ten o'clock in the morning the graduates and their friends gather for the regular Commencement Day Exercises. The address is to be given by Superintendent, James McConnell, Commissioner of Education for the state of Minnesota. This will be, no doubt, a very splendid address, as he is considered to be an excellent speaker. Fitting honors will be presented to the winners of forensics and athletics. Then, also, the graduates will march, in stately procession across the stage to receive their diplomas.

The Alumni Banquet is held at one o'clock. Here the graduates of several years ago meet with the graduates of 1926 as they join the association.

The last event of a full day and week is the Alumni Ball, which is held in the North Hall gymnasium at eight-thirty o'clock Wednesday evening.

Paddy says, "Why buy them bell bottom breeches if they don't ring when your wife goes through the pockets?"

She: "If I say 'month' you think of thirty days, then if I say 'thirty days' what do you think of?"

He: "Jail."

## LAST THURSDAY'S ASSEMBLY

Last Thursday the assembly was treated to three reels of motion pictures depicting the splendid scenery in Yellowstone National Park. Pictures of some few of the many beautiful scenes that are to be seen out there gave us some idea of what old Mother Nature can do if she chooses, and made us wish that we might make the trip.

These pictures are distributed by the Northern Pacific Railway Company for the purpose of advertising special rates for a trip to the west coast this summer. Lawrence Dawson is organizing the group who are planning to go from River Falls.

## SUMMER SESSION

Summer school begins with registration all day June 14, and closes July 23.

The work that will be given at summer school this year is wide enough to include all courses. There will be courses offered for rural teachers, grade teachers, principals and supervisors, high school teachers, agricultural teachers, and advanced work of teachers' college grade. Teachers who have been out in the field find summer school very advantageous, as do those wishing to complete a longer course or some special work to raise their standards and qualifications.

River Falls is an ideal spot for summer work, for the quiet and beauty of the natural surroundings are restful and aid in the work. It is also a place where recreations of all kinds can be found.

A special effort is made to entertain the summer school students and give them a wholesome social life. Mixers, dances, parties, concerts, recitals, and picnics follow in close succession to give the desired entertainment and to make the summer session seem like a vacation rather than all work.

## TENNIS TOURNAMENT

Tennis in the all-school tournament is moving a bit faster this week. Admonitions from Coach Cox have speeded up the playing so that the remaining personnel is as follows:

In the singles Gerald Paul and Prof. May will meet to decide the championship.

In doubles the first bracket is led by Scoville and May, who will play the winners of the match between Glass and Prucha vs. Gibson and Dawson. In the second bracket Norseng and Hershberger will meet Wesslen and Smith, and then the winners of the two "brackets" will meet for the finals.

## INTER-CLASS TRACK MEET

The annual inter-class track meet will be held at Ramer Field on Wednesday of this week. As an additional feature to the regular track meet there will be an inter-society relay race in place of the regular inter-class relay. The Aurelia is barred from entry to this event for technical reasons.

The regular events of the meet are these: Hundred yard dash,

220, 440, half-mile, and mile runs, pole vault, javelin, broad jump, high jump, shot put, and discus. Students are urged to attend the meet and "back" the contestants.

## PIANO ARTISTS ENTERTAIN

On Tuesday of this week the assembly was treated to a very pleasing entertainment given by a group of local piano artists: Miss Wharton, Constance Miller, Gertrude Merrill, Gladys Bleisner, and Ruth Bailey.

Miss Wharton and Connie played for the opening number a piano duet. This was followed by A SOUTHERN DAY, played by Gertrude Merrill. Then Connie played two, the titles of which were little less than tongue tanglers. Margaret Jackson then gave a musical reading with Miss Wharton at the piano. Gladys Bleisner played two pieces and Miss Wharton and Ruth Bailey concluded the program with another piano duet.

This program was a pleasant surprise and quite a treat. It is not often that we are privileged to hear and see such exhibitions of skill and art by a group of our own people.

## G. A. A. MEMBERS ENJOY OUTING AT ST CROIX "Y" CAMP

(Continued from page one)

of the lake attracted them to row across the lake. The young men offered their assistance in canoeing back, but the girls wishing for some excitement that evening, told them that they could come after supper. The manager, however, saw more of the boys that night than the girls did. Two pillows and two good and unused blankets went to waste, so you can imagine the luxuries that the girls had. Burkie and Lillian N., decided that they could best keep warm by sleeping in the same garment; so they did. The subjects chosen by the sleep talkers were of special interest to those awake. The most popular subjects were mothers and guys. Carrying the big war canoe up and down the 170 steps from the camp to the lake did not in many cases bring the desired results. Very few of the girls reduced their weight. Many peeling noses and bright red necks indicate that the sun helped to entertain the campers. Mr. Stratton's Geology students who went on the trip, spent all their spare moments in gathering stones. In fact Ellen Burke's suitcase was so heavy that several girls had to help her to lift it into the bus. Many heart flutters were caused by the visit paid by the manager of the camp Sunday. The girls had many other guests Saturday and Sunday, too.

The girls came home Sunday night, all very much regretting that they could not spend a few more days at the camp.

Old Gentleman: "What's the matter, little boy, are you lost?"

Little Boy: "Yes, I am, I might have known better'n to come out with Grandma, she's always losin' somethin'."

The world moves on. Some years ago ginger ale was a beverage instead of a disguise.

# This and that

Cheer up—exams next week.

Ida Johnson spent Sunday in Minneapolis.

Grace Martin spent Saturday and Sunday in the cities.

The Junior High School teachers are visiting the city schools today.

Bill Jacobson, '25, was in town Friday night and attended the prom.

Mr. Karges will give several commencement addresses this week and next.

Marcel Lynum went to the cities today to bring back a car full of Meleteans.

The gold footballs for the 1925 State Champs are here and will be given to the grid stars at commencement.

Conservation class was run on a co-operative basis Monday morning. The chairman was even building trees.

Erwin Davidson has accepted a position at Berqyn, Illinois, for next year. He had spent several years in Maiden Rock as principal.

Mr. Mitchell will visit Shell Lake and Elmwood high schools this week, and also give two commencement addresses in other towns.

Mr. Ames and Mr. May visited four high schools near Veroqua, giving interesting facts about River Falls to the high school seniors.

Lorene Brackin must believe in being prepared—for graduation—for she was practicing walking across the stage in the auditorium the other day.

Mr. Davison goes to Eau Galle Friday to give a commencement address, and he will also be there Monday for the purpose of delivering a memorial address.

Beatty left her rouge at home when she went on the G. A. A. camping trip. She returned with a beautiful red nose—wonder how she got it?

The basketball sweaters have been ordered but have not as yet arrived. They, too, will be awarded to the lettermen of this year's basketball squad at commencement time.

Professor Smith has been quite ill with the flu in the City Hospital for the greater share of this term. The long stay was necessitated by a set back from the first attack. He is, however, on the road to recovery.

Mr. Hunt's Supervision class has completed their work and are excused from class the last two weeks, for Mr. Hunt will not be able to be here. The class has been meeting twice a day, at seven-thirty in the morning, besides the regular period, for about a week in order to get out sooner.

"Pickles, or In Old Vienna," will be given tonight in the Normal Auditorium by the high school glee clubs. This is a three act musical comedy, full of fun and laughter, interspersed with music and song; so everyone who goes may look forward to a very enjoyable evening.

Bessie Klein spent the week-end at home in Ellsworth.

Karl Miller visited Gladys Spriegel over the week-end.

## AG. NEWS

Last Thursday the Ag. education Class visited the high school at Durand, Wis. We left here at 7:30 a. m., in Mr. May's and Sherman Biles' cars. Those that rode with Mr. May were boasting their comfort, when some Elmwood gentlemen farmer crossed and dropped a spike in our path. The chaperone found that his jack was not sufficiently long to jack the car up high enough, so by use of the strong arm method, the fellows raised the rear end of the car while Mr. May hastily changed tires. The fellows that rode with Biles, still look rather pale in the face, as Sherman almost delivered them into the "Valley of Silent Men."

We arrived in Durand about 9:30 a. m., and went up to the school shortly after. We located the Agriculture instructor, Mr. Campbell, and he immediately arranged for project visitation. We found the project work carried on wonderfully well in Mr. Campbell's school.

After visiting the projects, we came back observed the teaching of a class, looked over the equipment and asked many questions of Mr. Campbell. He certainly is a worthy instructor, and a well posted man, because it was very apparent that he knew agriculture from A to Z. The reason Mr. May took us to Durand, was that Durand has one of the best agricultural departments in the state. After our observations we were certainly willing to believe most anything of Mr. Campbell's department.

For future teachers of agriculture, such a trip is of great value. The neatness, order, and agricultural environment in Mr. Campbell's agricultural room was remarkable. His supply and quality of supplementary reading material is far above the average. Mr. Campbell is a man of wide experience and is well educated agriculturally so by asking questions and by suggestions given us voluntarily we were able to gather a host of information that will

certainly be an asset to us when we get out teaching. All the fellows were more than pleased for what they got out of the trip, both from an educational standpoint and also from the standpoint of pleasure.

The Animal Husbandry class also made a similar trip recently, under the supervision of Prof. Johnson. They journeyed to the cities and visited the Swift Co. packing plant. Some of the boys still have stolen weinies in their pockets. They also report a very successful trip.

No wonder Ag. teachers that go out of here are successful in their line. Just last week Mr. May made a trip through the southern part of the state, getting information on what the very best schools are doing agriculturally.

He then returned and supplied the Ag. Ed. class with the first-hand information, which sets them at the head of the list with information in regard to successful agricultural teaching.

The best news that we can put in our column this week is the fact that Mr. and Mrs. May have requested the attendance of the Ag. Ed. Class at their home for dinner Wednesday evening. There is no doubt that we shall all be there. Besides eating we plan on having a good time in general, as we have worked intimately with Mr. May the past three years.

NORMAL TENNIS PLAYERS  
WIN FROM LUTHER  
LAST SATURDAY

(Continued from page one)  
Bob Smith met an opponent similar in ability to Wandrey's man, but with steady consistent playing Bob took the first two sets, making the third victory for the Falls.

In the fourth court "Jerry" made tennis history for River Falls. Long after the others had finished he battled doggedly against his powerful opponent. He won the first set, lost the second, and after a long, hard fight, he lost the third set and the match to his opponent, but the enthusiastic crowd agreed to a man that his was the finest playing of all.

In the doubles the players were paired according to their altitude, "Chuck" and "Bob" played in a match and Wandrey and "Jerry" in the other. The doubles finished with honors even, one match being won by each team. The Falls' victory went to Smith and Dawson, our other two representatives being less fortunate by rendering their duet.

This is the first year our tennis players have met outside talent so we may feel justly proud of the showing our men made. Lets have more inter-college tennis next year.

She was only an electrician's daughter, but oh, what a shock she was to me.

A. Sims—"Is my mouth open wide enough, dentist?"

Dentist—"Oh! yes, ma'am. I will stand outside while drilling the tooth."

Mutt: "Gosh, you're dumb. Why don't you get an encyclopedia?"

Jeff: "The pedals hurt my feet."

Mike: "I asked her if I could see her home."

Bill: "What did she say?"

Mike: "She said she would send me a picture of it."

I hear they are running a retirement bureau as well as an employment bureau.

Willie: "Hello! Why are you standing in front of the office you got fired from last week?" Waiting to be taken back?"

Jimmie: "Not much! I just wanted to see if they were still in business."

Senior: "That chef has been cooking for twenty years."

Fresh: "He should be almost done by this time."

Rastus, "Why you all call yo' gal Valspar?"

Sambo, "Causa boilin' watah can't turn 'er white."

Men's Furnishings  
Shoes

Stewart Mercantile Co.

"The Store of Personal Service"

When You Step  
Up To Get The  
Old Sheepskin

You'll want to appear your best.

Let your suit be a Kuppenheimer, your hat a Mallory, your shoes Bostonians, and you'll be well dressed.

Appropriate Furnishings also.

We Assure Satisfaction or Money Back
