NUMBER 19

MINNEAPOLIS Y.M.C.A. TAKES THOROUGH TRUNCING

In a beautiful exhibition of basketball, the Red and White tossers romped home with an easy win over their Mill City opponents Saturday night.

The brilliant form displayed by the home boys was somewhat of a surprise to their many admirers. First because they had shown a consistent aversion towards exhibiting their top form on the home floor and secondly because the gruelling contest of the night before was conceded as being ample excuse for a night off. But the unexpected again happened which goes in turn to show the utter unreliability of old man "Dope," and also that the Chandler athletes must be high the point of perfect condition.

The first half was a sparkling exhibition of the short pass game and accurate shooting, being featured by the unparalleled feat of caging 5 goals from scrimmage in two minutes of play.

The Minneapolis team, which came here with a formidable record, having held the U. of Minn. to a 19 to 24 score, and also a decisive win over the A. C's, were entirely unacquainted with the short pass game, and couldn't improvise a defense to break up the passing game of the home team.

The first half ended with the score standing 24 to 1 in our favor. The final frame saw a slight let up in the dazzling pace, but with the situation well in hand throughout.

The final score to a 39 to 10 appearance and marked the sixth triumph for the Red and White.

Keevil Larson who is well and favorably known hereabouts, having served in capacity of second lieutenant in the local unit of the S. A. T. C. played right forward for the visitors. Line up and Summary.

EAU CLAIRE FAILS

Chandler's Team Cops by Single Point

A year of patient waiting, careful preparation and a final furious attempt to wrest one lone contest from their most hated rivals, availed Coach Phillip's and his Eau Claire huskies nothing. With the contest rapidly approaching a finish, and the game seemingly tucked away, with the hungry rooters becoming madly hilarious at the sight of approaching victory, the "elusive phantom" once more slipped the hand cuffs, and made a sensational get away. The phenomenal comeback of the Chandler proteges, which enabled them to avert impending disaster, was a feat that will linger long with the sorrowing fans of Eau Claire, and should erase for all time any doubt as to the fighting qualities of our team.

Having been carefully groomed and primed for the basket ball classic of the year, and possessive of an abnormal thirst for revenge, the Eau Claire aggregation tore into their rivals with the fury of a tornado. The morale of a less courageous team would have fared ill, but the spirit of the Champs remained undaunted.

The first session was a nip and tuck affair that showed neither team as having any noticeable edge. The period ended with the score standing 9 to 8 in our favor. The Phillips crew had reserved their surprise for the semi-windup. They came back like a pent up tiger from a cage. It was undoubtedly the fiercest onslaught that

STUDENT TAX

Treasurer of the Student Social Committee, Kiefer, and his assistants were prominently installed on second floor Monday in order to collect peaceably or by force the tax required from each student for social functions during the coming semester. The upper classmen tax is 50 cents and that of lower classmen is 30 cents. Fees are coming in thick and fast.

The money collected is to be used to further all social functions and includes plans for good times for those students who do not care to participate in school dances as well as those who do. The aim is to please all.

OMMITTED FROM LAST WEEK

The concert given by the children of the model school last week, was an especially good one.

The children all showed remarkable talent, and very good training. All the songs were well sung. The cantata, "Into The World," was very good.

The children were assisted by Master Warren White, boy violinist, from Minneapolis who greatly pleased the audience with his various selections. The younger people seemd to be especially interested in his work.

The students always look forward with great pleasure and anticipation to the programs put on by the training school department.

COACHING PAMPHLET IS AROUSING INTEREST

The coaching pamphlet which is being put out by Coach Chandler and Miller of Stout Institute, and which is now nearing completion, is already at this early date arousing great interest among prospective coaches. Coach Chandler has already been in receipt of numerous orders and letters from interested parties desirous of inside information on the subject. The pamphlet is to consist of twenty mimeographed sheets and should be a good seller.

NEW RICHMOND H. S. QUINT SHOWS CLASS

On Tuesday afternoon January 25, the New Richmond high school basket ball team played a practise game with the Normal five. The high school boys made an impressive showing against our team. We look for them to be one of the strongest contenders for first honors in the sectional tournament to be held here March 10, 11, 12. The work of Hawkins and Williams at right and left forward respectively and the guarding of Hefron was very comendable.

a Falls team has encountered, but the K. O. punch to bring home victory was lacking, and again with their objective almost reached, they were obliged to swallow the bitter pill of defeat.

With the score 16 to 11 against his team, and only six minutes left of the waning contest, Capt. Rice rallied his forces for a final counter attack. It was this last magnificent effort of the home pets that turned the tables, and snatched a brilliant victory out of an apparent defeat. The burst of speed began with Gurnoe caging a long one from the center of the floor. A foul was called on Eau Claire and Carolan in perfect accord with the need of the hour annexed the much needed one pointer, when play was resumed he immediately followed with a long clean double pointer, that tied the score. With three minutes to go Eau Claire took time out, when play was again resumed the locals opened up with a series of short snappy passes that carried the sphere through the Eau Claire defense. Rice shot for the basket, and missed but Gurnoe was in hot pursuit, and tapped in his mates misfire for the last and deciding field goal of the evening. Again Eau Claire took time out, substituting Swanson for Shultz. Forty five seconds remained and the Chandlerites reluctant to hazard their precarious lead began passing the ball. A foul was called on Carolan as the final gun sent the victors in to the cooling showers, while Coach Phillips and his defeated athletes remained for an instant to add their insufficient one point.

AURELIA

The Aurelia will meet as usual this week. Wednesday evening at 6:45 A good program has been arranged and everyone is requested to be present.

They met on the bridge at midnight,
 But they'll never meet again.
 For she was an east-bound cow,
 And he was a west-bound train.

DANCE

The dance given last Friday evening for the members of the Third Year Senior classes and students, was well attended by both students and faculty. The orchestra consisted of seven pieces—piano, violin, cornet, trombone, xylophone, drums and clarinet.

The chaperones for the evening were, Miss Mc Millan, Miss Lotta, Mr. and Mrs. Davidson and Mr. and Mrs. Whitenack.

The dance started at 8:00 o'clock and continued until about 10:30, when the news arrived that we had won the game at Eau Claire. Then an intermission was called and we gave a few yells for the team. The dancing then continued until 11:30.

Everyone present enjoyed himself thoroughly and wishes to thank President Ames for his kindness in letting us use the piano from the first floor. Mr Chandler for his kindness in letting us use the North Hall Gym, and the Janitors for moping up the Gym. on Saturday.

But Husbands—Horrors!

"Oh Parda, I'm so worried! You know you told me to put that piece of wedding cake under my pillow and I'd dream of my future husband."

"Yes, Ev—didn't it work?"

Y. M. C. A.

At the last Y. M. C. A. meeting Coach Chandler gave a very interesting talk on the benefits of physical education. He enumerated the many good qualities obtained from a thorough course in physical training, and showed how the three qualities indicated by the Y. M. C. A. triangle can be gained through this form of training. There was also special music by Mr. Jacobson and Olson, in the form of a vocal duet.

Mr. Goble, "Nobody ever heard of a sentence without a predicate."
"Dorgan Chinnock, "I have."
Mr. Goble, "What was it?"
Dorgan, "Thirty days."

Roy: "What will we do?"
Lloyd: "Oh, we'll toss a coin. If it's heads we go to the movies; if it's tails we will go to the dance, and if it stands on edge we will go home and study."

TWIN BILL FOR WEEK END

Thursday afternoon, Coach Chandler and his famous fighting quint will invade the northland to take on Coach Loop's Orange and Black aggregation. Superior is reported as having one of the strongest teams of its history. Although they were beaten by Eau Claire, they hope to come back strong and defeat River Falls. The Falls men are out to keep their slate clean, and keep up a 1000 % clip. With a little boost from you, members of the student body, we are sure that they can do it. Don't let them start on this trip with only two or three rooters at the train to cheer them on. Let's All Go.

Saturday night, the team will travel to Hibbing where they will meet the Hibbing Junior College five.

"WITH THE AG. MEN"

"We All Regret

The absence of our most worthy fellow companion, Mr. Vennes. We did not know that Mr. Vennes was doing his last bit of work for our interest last Wednesday when Mr. Vennes, Mr. Hutchinson, and De Garmo gave a very fine demonstration on corn. They brought out points of great interest to we Ag. men and in such a forceable way that it will be long remembered. The demonstration is one of the many good results of Mr. May's classes. Mr. May believes that demonstrations are one of the good ways of telling a group something new. Material evidence is shown, easy to grasp the point of view and get all the new and educational value of the work covered easily.

Another demonstration on potatoes will be given at the next Agrifalial meeting. All interested turn out and let the members of the team show you a few things you haven't thought of before.

World Record

The official tester was here the past week and started a test on one of the cows at the normal farm. He was only here two days but Mr. Gross, a student, who has had considerable work along this line will complete the seven day test. Mr. Johnson had high hopes of a world record at first but he has decided the cow will only make the best record of the farm herd. Estimating she will make around twenty five pounds.

A New Member From Roberts

Purchased a new Guernsey Bull from Loyd Rundell of Roberts. He is a very well bred animal, carries considerable breeding of the May Rose family. The grand father on Sire's side was a double cross on King of the May. The dam is of Golden Secret breed. The animal has blood of two of the most popular breeds in the Guernsey breed.

A Duroc Jersey Sow was purchased by the Normal Farm at the national show. A very good individual and true to type. A good point for students interested in well bred stock to come and see this animal.

LINCOLNIAN

The debate which was to have been given last Wednesday was postponed until next meeting. A practise in parliamentary procedures was held instead. The question for next weeks' debate is. "Resolved that Forensics are more beneficial than Athletics." The two teams have been preparing their debates for some time so the program should be very good.

Prof: "Do you know why you flunked?"

He who flunked, "I cant think."

Prof: "You guessed it."

LOCALS

Miss Vanderhoof spent the week end in the twin cities.

Al. Howalt spent the week-end at his home in Stillwater.

Lois Mitchell gave a party at her home on Monday night.

The Meletean play has been postponed until February 4th.

Blanh Ba Dour who attended school here in '17 is back for the second semester.

The Normal High quint plays a game with Hammond High February, 4, on the home floor.

Leon Vennes left Sunday for his home at Menominie. He finished his course this semester.

Ed Schroeder is having an operation on his nose at Eau Claire. He expects to be back next week.

Start the semester right by attending Y. W. C. A. Thursday evening. A good program has been planned.

The Freshmen and Sophomores hold their first social affair, Friday evening in the gym. Games followed by dancing will be the plan for the evening. Refreshments.

Langdon Chapman, a well known former student is back at school. He has been traveling for a Chicago publishing company, and we are glad to see him back at this time.

LAP

The lap is one of those rare human institutions which, though constantly being sat on still survives.

It always appears when you sit down. Nobody knows where it goes when you stand up. It was invented by mothers. Mothers have worn laps ever since. Eve evolved from fig leaves to frubelows. Fathers have the frame work for a lap but they lack the connecting links.

Lap is used for many things, among matrons for holding babies and bowls of cake butter, among lovers for holding each other, and among various classes of persons for a various number of things.

Some folks haven't room in their lap for anything but their stomach.
