NUMBER 8

TRIO PLEASURES ALL

The second number of the People's Lyceum course was given at the Normal auditorium Wednesday night. This number, which was a trio, was composed of a pianist, cellist and contralto, all of which have world wide renown. They gave a wonderful program, composed of pieces played by the cellist accompanied by the piano and the singing of both the most modern and oldest songs. The program was arranged in such a way that one did not have a chance to tire of one series of numbers before an entire change took place. This made the program very enjoyable. The repeated and insistent recalling of the players by the audience showed that the program was one that appealed

Considering the type of amusement and the amount of enjoyment that one gets out of these numbers of the Lyceum Course, and the amount of instruction which one obtains, the price asked is very small, and it will more than pay anyone to attend if only for the enjoyment he receives.

The third number will be given sometime during the first or second week of December.

BETTER ENGLISH

WEEK COMING

November 6 to 12 is "National Better English Week." This is the third year that a week has been set aside for the purpose of improving the speech of the nation. The object of the movement is to do away with all incorrect usages of the English language and all slang expressions and to interest people in improving their every-day talk. One of the mottos used in the movement is, "Invest in good English. It pays big dividends."

ASSEMBLY NOTICE

All students who desire to be excused from the Tuesday and Thursday assemblies are requested to see Mr. Hayward so that their absences will be accounted for.

HALLOWE'EN PARTIES

ENJOYED BY ALL

All of the Hallowe'en parties last Friday night were great successes. The programs put on by the various committees showed the talent of the students.

The Senior program in charge of Florence Parsons, was, vocal solos by Mr. Howalt; Pianoforte, Joyce Taylor; Fortune Telling, Miss Haddow; Reading, Joyce Taylor; Ghost Story, Mr. Whitenack; Talk, Mr. Prucha; Dancing.

Apples and peanuts were served.

The Junior Class program announced by Lila Fleming was as follows: Shoot-the-Shoots Thriller for Boys, and "Indian Pow-wow" and "Combined Band and Orchestra"; "Bobbing for Apples", "Fortune Telling", "Bluebeards Wives", "The Valley of Death", "The Origin of Hallowe'en,"—Landon Chapman; "Seein' Things at Night"—Elvira Thomson.

Dancing followed by grand march. Ice cream and wafers were served.

The Sophomore-Third Year Hallowe'en party which was held in the society room, was enjoyed by those present. Each one was blindfolded and introduced by shaking the hand of "The Ghost of Iceland." The story of the witches' cats and their untimely death was told and all were given the chance to witness their remains. Fortunes were told and popcorn and apples served. The remainder of the evening was spent in dancing.

BIG PEP MEET TONIGHT

The team plays Eau Claire tomorrow and it will need all the support you can give. There will be a big mass meeting in the auditorium tonight. A good program of talks and songs has been arranged for, and every student should consider it his duty to be on hand and help yell. The team can beat Eau Claire if every one will only help boost.

Mr. Davee motored to the city Thursday to attend a meeting.

CHAMPIONSHIP HONORS ESCAPE

Oshkosh strengthens her hold on State Championship by defeating the Falls 14-2.

Oshkosh kicked to the Falls, the ball being returned a few yards and enough yardage gained for first down. The Falls was forced to punt and Oshkosh was downed on her twenty-yard line. They failed to gain any ground and were forced to punt which proved disastrous. The Oshkosh center passed the ball over the punter's head, the ball rolling over the goal. Oshkosh recovered and while trying to return back over the goal were downed giving the Falls a safety and the count of two. This finished the scoring the first half of the game.

The field was muddy and slippery, slowing up the team considerable. Several times our backs would slip on cutting back thus losing ground on plays which have proven to be our best ground gainers in previous games. A feature of the game was the excellent punting of Captain Murphy. Throughout the game he out-punted the Oshkosh punter, thus keeping the ball in Oshkosh's territory. River Falls had the best of their opponents all through the first half.

Oshkosh Scores the Third Period

This period Oshkosh changed her style of play and opened up with the aerial route of advancing the ball. Due to the accurate passing of Fold they succeeded in getting away with a couple of passes for a touchdown. A few minutes after the first touchdown a second was put across, due to more excellent passing and as both goal kicks were made this brought the score up to 14.

The Falls got next to their passing game and only once more did Oshkosh seriously threaten our goal. At this point Melvin recovered a fumble behind the goal line and succeeded in bringing it back inside our goal, giving Capt. Murphy a chance to punt out of danger. This kick showed Capt. Murphy's superiority of punting as he had to punt from directly be-

IS A GOOD REPUTATION

WORTH HAVING

The residents of the fair city awoke from their slumbers last Tuesday morning to find that numerous pieces of property had either been carried off during the night or had been defaced or damaged to some extent. Later investigation showed that a certain amount of this damage had been done by groups of Normal school students. It seems a pity to dwell upon such a subject as this, especially when it concerns people who are supposed to have reached an age where they can judge for themselves what is right and what is wrong. No matter where one goes he will always find such an element. It seems that there are always some "black sheep" in the fold.

There is absolutely no basis for the justification of Hallowe'en pranks, if they can be called such. Some people have the Bolshevistic idea that when Hallowe'en comes around they have the perfect right to do whatever they please with other people's property, even if it amounts to actually destroying it or carrying it away. People who will lower themselves to commit such malicious acts must certainly have a debased estimate, not only of themselves, but, of the institution they are attending. The residents of this city have a tendency to judge this school by the actions of the students who are in attendance here. Every time a disreputable act is done by students of the River Falls Normal it means not only a lowering of the reputation of the students involved

hind the goal line and succeeded in getting away a good punt for about fifty yards. The fourth period was mostly defensive play on the part of the Falls in Oshkosh territory. Only once did the fast Oshkosh backs get away for a long run. The Falls completed several passes throughout the game.

It is to be hoped that the results of Monday night's escapades will implant into the minds of some people a higher regard for other people's property, as well as for the honor of themselves and the school.

CIVICS AND ECONOMICS
CLASSES HAVE OUTING

Mr. Malott and Mr. Mitchell took the classes in Rural Economics and Civics to visit the Minnesota State prison last Friday. They were shown through the entire institution and noted the following: Cells, dining room, kitchen, bakery, cold storage plant, library, chapel, tailor shop, green house, hospital, a factory for binder twine, the foundry and machine shop for the Minnesota binder, mower and rake, the print shop where each member of the party was given a copy of the newspaper. They completed their investigation at ten o'clock. Six of the group with Mr. Malott walked the three and a half miles to Hudson where they were joined by the others. After dinner they all hiked to Hudson park and had games and stunts. They then had a marshmallow and weiner roast and took the seven o'clock train home.

A very interesting program was given, namely, the "Four-Leaf Clover" program, which consisted of a song, "Four-leaf Clover," and talks on "Friendship," "Health," "Loyalty," and "Courtesy." Thus far, the meetings have been well attended. The society wishes that the attendance be kept to the standard which has been set by the previous meetings.
