

Queen Mary McDonald

Mary McDonald Is Queen Of Homecoming Activities

Smiling radiantly, Mary McDonald stepped forward tonight to receive her crown and red mantle, the symbols of her reign over Homecoming.

Queen Mary, a senior from St. Paul, is an elementary education major with a psychology minor. She will reign over tomorrow's

"Lacerate La Crosse" game and tomorrow evening's dance.

The Queen's attendants are Shirley Chartier, junior from Bayport, Minn., who was sponsored by Stratton Hall, Kathy Finn, Prucha Hall's entrant, a junior from Ellsworth, Ardy Hanson, Hayward junior, Young Re-

publican's favorite, Chris Laska, also a junior from Hayward, who was sponsored by the Pinochle Club, Jo Ann Olson, Grantsburg junior, the FFA choice, and Margie Ruesch, the R Club's hopeful, who is a senior from Medford.

Queen Judi Harmon Schultz, last year's winner, crowned Mary, who was sponsored by the Vet's Club. Mrs. Schultz was invited back to the campus to take part in the festivities and crown Mrs. McDonald.

The crowning of the Queen was the highlight of the pepfest tonight although the introduction of the players started the festivities. After the coronation, students and faculty gathered around the bonfire to sing.

The Queen was selected by an all-school vote yesterday and her identity was kept secret from her until this evening at the pepfest.

The College pep band under the direction of Dr. William Abbot played several pep selections and march numbers for the program.

RIVER FALLS STATE COLLEGE FRIDAY, OCTOBER 26, 1962

Parade, Games, Dance Will Climax Gala 1962 Homecoming Festivities

The 1962 River Falls Homecoming festivities will reach a climax tomorrow at 1:30 when the Falcons will attempt to "Lacerate

La Crosse."

Tomorrow's schedule of events will begin at 10:30 a.m., with the Homecoming parade. The parade

will form at 3rd and Pine, march to Main, then down to Locust. High school bands participating are Spooner, Baldwin, Elmwood, Somerset, Clear Lake, Cameron, Osceola, Prescott, Ellsworth, and River Falls.

Parade floats will be sponsored by: Pinochle Club, FFA, R Club, Stratton Hall, Prucha Hall, Hathorn Hall, Sitzmarkers, Vet's Club, Y-GOP, freshman class, sophomore class, junior class and the senior class, which built the Queen's float. The judges are Dr. William Abbott, Dr. Charles Graham and Don Koepnick.

The judging of lawn decorations took place too late today to be published. Entries in the lawn decorations were: Pinochle Club, FFA, Stratton Hall, Prucha Hall, Hathorn Hall, Art Club, Sitzmarkers, Sigma Chi Sigma and Vet's Club. The judges for the contest were Kurt Wild and Larry Feltes.

The window decoration contests, which were held earlier this week had these results: Chess Club, first; Prucha Hall, second; Pinochle Club, third. Other entries in the contest were Sitzmarkers and 4-H. Earl Burton, senior class president, Miss Lois Bowman, and William Ammerman were the judges of the window decorations.

At 1:30 p.m. the Falcons take to the field against a La Crosse team that has a 2-3 conference record.

Homecoming Queen Mary McDonald will be introduced to the spectators at halftime.

After the game, at 4 p.m. there will be a coffee hour for alumni and faculty, sponsored by the alumni committee.

The music of Russ Carlyle and his orchestra will provide the music for this year's Homecoming Dance, which will last from 9 to 1. Carlyle's band records for ABC-Paramount, Mercury and Regis Records, besides appearing in numerous nightclubs around the country.

Tom Holloway and Judy Christensen in a scene from "Under Milk Wood."

Play 'Under Milk Wood' To Be Presented Nov. 1-2

by Darlene Erickson

On November 1 and 2, Alpha Psi Omega and Masquers will present "Under Milkwood", by Dylan Thomas. This play will be a unique experience for theatre-goers at the College as it has been for audiences throughout the United States and England. It will be presented by an entire student cast on the stage of the Little Theatre with the curtain to go up at 8 p.m.

Dylan Thomas is, above all, a poet; though people have labeled him a dramatist or have praised his short stories as being the best of his work. For ten years, Thomas had worked intermittently on "Under Milkwood" and completed its first draft just one month preceding his death in November, 1953. The writing of this play was a slow and natural process, for Thomas loved the sea and found small towns a perfect place to

absorb, through imagination and insight, the spirit of people. Thomas, having spent some time in Wales before and during the war, found the place that he would preserve in the play, "Under Milkwood", in a small seaside town there.

The play has a language unique in most contemporary dramas. Along with its rather unusual conversational style, the language used in the narration does not essentially describe the town, but suggests its mood.

The play begins just before dawn in the early spring as the town sleeps. The narrators move through the houses and the audience learns of the secrets, some of them very humorous, of the townspeople. We see them dream and then awaken. They go about their daily tasks, but with the air of the poet's fancy rather than
(Continued on page seven)

Homecoming Editorial

In some, even most southern schools, Mary McDonald would not even be admitted. Here at River Falls she is our Homecoming Queen.

The election of Mary McDonald came as no surprise to us. After the campaign the Vet's Club put on, we cannot help but think that many other people on campus thought so too, notwithstanding the fact that she is a Negro.

We congratulate her for being elected Queen, and we congratulate the Vet's Club for the fine campaign that they put on.

Though it is no surprise, it is news, a fact that is supported by the fact that at least one of the television stations was covering the coronation here tonight. To assume that it is not news, or not treat it as such is to be somewhat idealistic.

There are those who will be somewhat taken aback by the election. They are people still living in the nineteenth century, however, and their cries brook no sympathy with us.

What we consider to be far the more prevalent attitude is the pseudo-liberal one which we suspect is harbored in more than a few students. They say, "Look who we elected as our Homecoming Queen! Aren't we good!"

Somehow, this high opinion of ourselves does not seem quite right either. It is not the mark of a man who truly believes in the equality of man to pat himself on the back everytime he has a chance to demonstrate his belief.

So, once again we congratulate Mary McDonald. We are glad and proud to have her as our Queen.

R. B. B. Jr.

Foundation Week Next

President E. H. Klempell will headline Nov. 5's Foundation Week kick-off convocation in Karges Center. Dr. Klempell will discuss development of the college at the 9:45 a.m. meeting that pushes the week's activities into high gear.

Other speakers set to appear on the program include Dr. Mel Wall, Dr. Catherine Lieneman, Neil Barron and Robert Richardson.

Dr. Wall, member of the faculty committee on campus beautification, will explain what the Foundation committees South Fork renovation will include, while the science department's representative, Dr. Lieneman, will tell of the

proposed arboretum.

Engineering aspects of the project are to be considered by Mr. Barron and Mr. Richardson, Student Senate president, will evaluate the project from a student's viewpoint.

Foundation committee chairman Larry Feltes will be master of ceremonies for the kick-off.

The "Booty for Beauty" fun unofficially gets underway on Thursday of next week when Foundation Week buttons go on sale. The buttons, which bear the "Booty" slogan and an outdoor score, will be available in the Student Center and from Committee members.

Editorials

Robert Fulton Lewis III

Last Wednesday, during the hubbub of having Earl Battey on campus, Robert Fulton Lewis III gave a lecture on what must be termed the most serious international affair that has involved the nation for quite some time, namely the Cuban problem.

We were gratified to see the number of students there, considering the circumstances. It is hardly possible that everyone there agreed with Mr. Lewis' point of view. However, the fact that they were there is proof enough that students on this campus are interested enough in what takes place in the nation, and will listen to opinions other than their own.

While we did not agree with the substance of Mr. Lewis' speech, we are glad that he came. Only by hearing conflicting ideologies can one form an honest opinion of his own. It is the heritage of River Falls that controversies are freely discussed without censorship.

'I'm All Right, Jack' Is Next Falcon Film

"I'm All Right, Jack" the first in the series of Falcon Films to be presented this year, will be shown at the Falls Theatre Wednesday, Oct. 31, at 7 and 9 p.m. Peter Sellers, Terry-Thomas and Ian Carmichael will star in the presentation.

The plot of the movie involves a young man, Stanley Windrush, fresh from the army, who finds a job as a laborer in his Uncle Bertram's factory. He rooms with union steward Fred Kite and is attracted to Fred's movie-truck daughter. The complications that develop get out of hand to make this one of the funniest English comedies in a long time.

Faculty Members Send Telegram To UN Excetive

Twenty-six faculty members decided at a meeting last Tuesday to send the following telegram to U Thant, Acting Secretary General of the United Nations. It is an appeal for the UN to act on the current Cuban crisis.

To: The Hon. U Thant
Acting Secretary General
The United Nations
New York, New York

In order to avoid the annihilation of ourselves and millions of our fellow human beings, we, the undersigned faculty members of the Wisconsin State College, River Falls, turn to the United Nations for a reasonable conciliation of the present, dangerous Cuban conflict. We view the United Nations as the most effective mechanism for achieving this end and most urgently plead for immediate and direct intervention to the full extent of the United Nation's power.

We particularly urge that the Acting Secretary General, U Thant, use his good offices to work toward a peaceful settlement of the international tension growing out of this grave crises.

English Professor Given Assignment

Dr. Francis Chisholm was assigned recently to appoint consultants from state colleges to groups of elementary and secondary teachers involved in a study preparing a suggested curriculum of English for public schools of Wisconsin.

This study is administered by a committee of the Wisconsin Council of Teachers of English. Chairman Dr. Robert Pooley of the U. of W. gave the assignment to Dr. Chisholm.

Marine Recruiter Here

The Marine Corps Officer Selection Team will be on campus on 8 and 9 November, 1962 to discuss the Marine Officers Programs with interested college men and women.

Student Teachers Assigned

Winter quarter secondary student teaching assignments have been made by the Coordinator of Secondary Education. Thirteen public high schools will act as cooperating schools for twenty-eight student teachers and the College Laboratory School will be the assignment for two students who will also do part of their student teaching in a public school.

Secondary student teachers will begin student teaching on December 20, 1962 and conclude on March 6, 1963.

Students and their assignments are:

Crane's Work Now Showing At Walker

James Crane, head of the College's art department, currently has three pieces of art work in the 1962 Biennial of Painting and Sculpture, held at the Walker Art Center October 21 through November 25.

This art show, containing 176 works by 139 artists, was chosen from approximately 1,700 entries submitted by artists in Minnesota, North Dakota, South Dakota, Nebraska, Iowa and Wisconsin. Of these areas, Wisconsin submitted the second largest number of entries.

Mr. Crane's three art pieces consist of college work entitled "Now and Now and Now," "Chrysalis," and "Valley of the Dry Bones" which has been purchased by the Ford Foundation as part of its program of purchasing works by American artists for museums. The Foundation awarded a fund of \$22,793 for the purchase of twenty-five entries in the Walker Art Center's current show. Of these twenty-five, eleven will be added to the Center's permanent collection.

Mr. Laymon

Mr. Laymon Is Appointed New Principal

Mr. Ronald Laymon has been appointed principal of the J. H. Ames Campus Laboratory School, Dr. L. G. Stone announced Tuesday. He will assume his new responsibilities immediately. Dr. Stone explained this action was taken so the Dr. Rowland Klink might devote more time to increasing responsibilities involving elementary student teaching and coordinating the elementary education program of the college.

Mr. Laymon received his Bachelor's degree at Ball State Teachers College, Muncie, Indiana, and his Master's at the University of Indiana. He has been instructor and 5th grade supervisor since 1958. He was also promoted this year to assistant professor of education.

Senate Looking For Volunteers For 'Carnival'

Prospective chairman for this year's Winter Carnival will be interviewed at the Monday, Nov. 5, meeting of the Student Senate.

It has been traditional for the chairman to be women students, but the Senate feels that all interested male students should also come and apply.

The Winter Carnival committee will consist of three students who will plan the events of the week preceding Saturday, Jan. 26, which is the date set for the Winter Carnival Dance.

Professor Cited For His Service In Forestry Field

Dr. L. R. Hilterbrand, agriculture professor at River Falls, was recently awarded a citation for outstanding service in the field of forestry. The award was presented by the Missouri State Forest Industries Committee, a state branch of the American Forest Products Industries Inc.

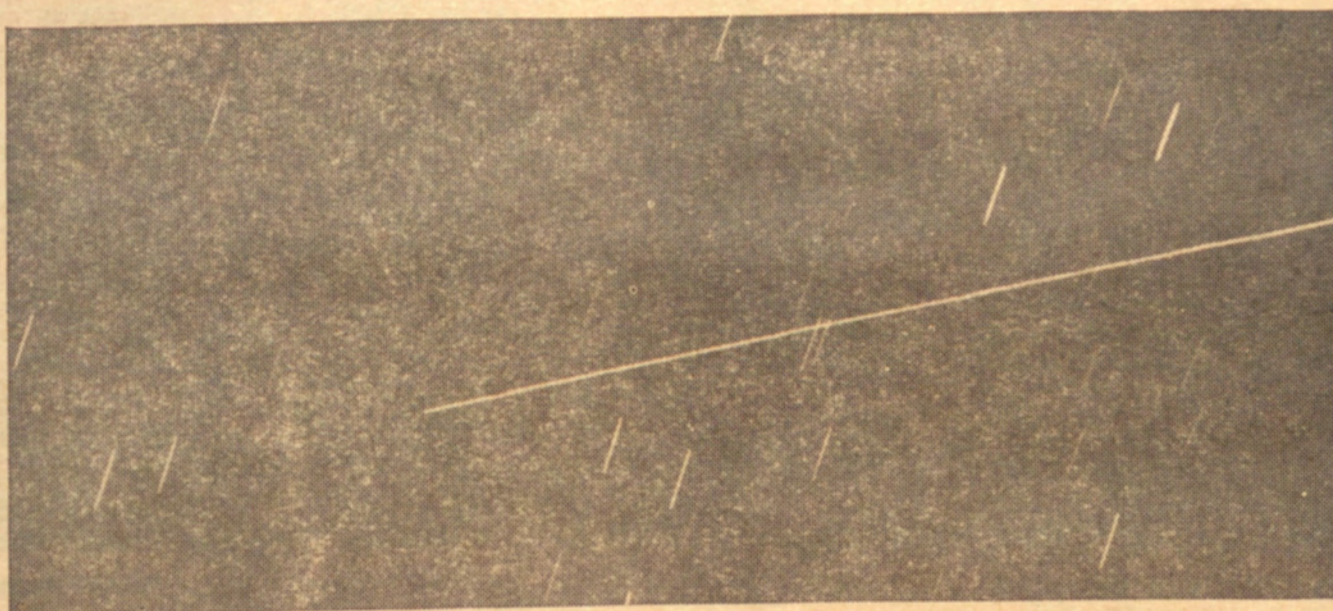

Dr. Hilterbrand received the award because of the work he has done in forestry in Missouri, in the words of the citation; "For his definite contribution through his teaching in the Ozark area . . ."

Dr. Hilterbrand says that where he taught perhaps only one-third of the high school students go to college. Because of this, and because the area in which he taught was nearly two-thirds forest land, he felt that a forestry training program for the high school students was appropriate.

At the Ellington, Mo., high school Dr. Hilterbrand, working in co-operation with District Forester Fred B. Whitt, started a short-course in forestry for high school students. Forester Whitt and Dr. Hilterbrand started an 80-acre test forest in the years 1956 to 1959. The short-course class also had access to Deer Run State Forest where numerous lab sessions were held.

Since this initial program was put into effect many programs like it have been initiated in Missouri.

PROJECTS OF THE BELL SYSTEM

range from the reaches of space

Unretouched time exposure shows Echo I communications satellite (long line) crossing the heavens right to left. Shorter lines are stars "in motion."

to the depths of the sea

Actual undersea photo of telephone cable off coast of Florida.

Our job is providing communications of all kinds, wherever needed—whether in the northern snows to flash word of possible enemy missile attack, or in your home or college, or in serving the nation's business.

When we can't fill a need off the shelf, then we start fresh and create the answer to the problem. We've done that hundreds of times.

We began transatlantic radiotelephone service in 1927. Then we developed the

world's first undersea telephone cables to speed calls between continents.

We handled the world's first telephone conversation via satellite. And we have started development of an important world-wide communications system employing satellites.

When industry and government needed a way of gathering huge amounts of coded information from distant points, we were ready with our vast telephone network and Data-Phone, which can

transmit mountains of data at extremely high speeds.

And so it goes—Long Distance service, Direct Distance Dialing, the Transistor, the Solar Battery—a succession of firsts which goes back to the invention of the telephone itself.

Universal communications—the finest, most dependable anywhere—are what we deliver. Inside: for home, office, or plant. Outside: on land, under the sea, through the air,

STANDING WITH TWINS CATCHER, Earl Battey, is "Voice" Sports Editor Dave Henderson. Battey visited the RF campus last week on an invitation from the Vet's club to campaign for their Homecoming queen candidate.

Tapping The Sports Line

by Dave Henderson

This past Wednesday, the Vets Club invited one of baseball's outstanding players, Earl Battey, catcher (considered by many the finest in the game) of the Minnesota Twins to our campus to campaign for their Homecoming candidate, Mary McDonald. Mr. Battey was gracious enough to grant the "Voice" an exclusive interview, in which he was asked his views on many aspects of baseball, and the coming season.

Battey feels that the American League is becoming stronger, or more evenly balanced with the expansion of the league, and the improvement of teams like the Detroit Tigers, Baltimore Orioles and Chicago White Sox, and the surprising Twins. When asked about the Los Angeles Angels, and if he thought their performance this past season (third place in the league after only two years of existence) would be repeated, he said that the Angeles were a strong team, not one that was

"lucky", and that he expected them along with the Tigers, Yankees, and the Twins to be the teams to beat next season.

When asked about the Twins and their chances, he said he feels the club needs another right-handed front line starter and one more strong right-armed reliever, to repeat or improve their record this season.

I personally would like to thank Mr. Battey for his time and his opinions, and wish him and the Twins the best of luck next year. (It would be nice if they could be the ones to play the Braves in the '63 World Series??)

To change the subject for a minute how about those Badgers? Wisconsin is a five-point underdog to the Buckeyes of Ohio State Saturday. In this corner I see the Badgers upsetting Woody Hayes and his ground crunching crew by a touchdown.

Winter Sports Begin Practice

BASKETBALL

Head coach Don Page announced that basketball practice will be starting next Thursday, Nov. 1, in Karges Center. Everyone interested in playing is invited to try out. Those interested must bring their own equipment — shoes, socks, etc. The first try-outs begin at 4 p.m. and those who can may come down earlier and loosen up.

SWIMMING

The swimming team starts practice on Thursday, Nov. 1 at 3:15 p.m.

Anyone interested is invited to come any time between 3:15 and 5 Thursday at the Karges Pool.

Falcons to Face Indians In '62 Homecoming Game

The La Crosse Indians will provide the opposition for the on again, off again River Falls Falcons tomorrow afternoon at Ramer Field in what will be the feature attraction of this year's Homecoming. The gridiron struggle scheduled to start at 1:30 p.m. will be the last conference game for the Falcons this season.

The Indians were pre-season favorites to be among the title contenders in the conference this season, but are presently tied for sixth place with Platteville with a 2-3 record.

After winning their first two conference games the Indians have taken their lumps in their last three encounters.

In mutual opponents LaCrosse has beaten Stout 14-13 and UW-M 42-13, lost to Superior 40-7 and Eau Claire 21-7. The Falcons have identical records against these teams. They defeated Stout 6-0 and UW-M 19-6, while losing to Superior 7-0 and Eau Claire 21-12.

Indian Coach Bill Vickroy, in his eleventh year as head mentor at La Crosse, has eleven returning lettermen from last year's squad which finished as a runner-up to Stevens Point with 5-1 record in WSCC competition. La Crosse teams under the guidance of Vickroy have won 59, lost 33 and tied three since he took over the helm from Clark Van Gulden

in 1952. In 1954 Vickroy's team tied Missouri Valley 13-13 in the Cigar Bowl at Tampa, Fla.

The majority of the La Crosse team this year are freshmen and sophomores. Some of the men he was counting on for this season did not return to school this year.

In last year's game between River Falls and La Crosse, scabbard Andy Fenderson scored three times as the Indians plucked the Falcon's feathers to the tune of 33-7. In 23 tries the 147 lb. half-back carried the ball 116 yards for a 4.7 average. Two years ago La Crosse shut out River Falls 26-0.

The River Falls and La Crosse series now stands at 22 wins for the Indians, 17 for the Falcons, with four games ending in ties.

Since 1922 the Falcons have lost only 12 times in 38 games with three ending in ties. However, River Falls has lost three straight Homecoming encounters. The last time they won was in 1958 when Fran Polsfoot's squad stopped Platteville 28-26 to take the conference championship.

Homecoming Scores

- 1922 RF 0, Oshkosh 3
- 1923 RF 13, Platteville 0
- 1924 RF 3, Eau Claire 0
- 1925 RF 3, Stout 0
- 1926 RF 20, Eau Claire 0
- 1927 RF 19, Stout 0
- 1928 RF 20, Milwaukee 0

Kegler's Korner

by Duane Anderson

The "Regular" league will start Wednesday, Oct. 31, at 4:15 p.m. This league will be on a handicap basis and consist of two games each week. Dick Longsdorf will act as secretary of this league.

The "All-star" league will begin Monday, Nov. 5, at 4:15 and will be on a crutch basis. Three games will be rolled each week. There are still two openings in this league for any interested bowlers. I will act as secretary of this league.

Vic Londo, Mike Lukowicz, Dave Balke, and John Painter will represent River Falls at the Inter-Sectional Jamboree to be held in Minneapolis on Nov. 3. Each

NOTE OF THANKS

I would like to express my sincere appreciation for the many thoughtful acts, the generosity, and the kind expressions of friendship extended by all during my recent stay in the hospital. Thank you so very much.
Don Duszynski

team in this Tri-State Inter-Collegiate Bowling Conference will bowl 12 games throughout the day against four opponents. River Falls will face Willmar at 10 a.m.; Wahpeton School of Science at 1; North Dakota State University at 3; and University of Minnesota at 5 p.m. Lowell Roehl will be the substitute for the top four representatives from River Falls.

DON ASPENES, R. PH.
RIVER FALLS

Harriers Win; Down St. Olaf

The River Falls cross country team won its third meet of the season at St. Olaf last Tuesday, Oct. 16, when it edged a strong St. Olaf team by a single point 28-29.

St. Olaf won both first and second places of the meet as Obf Durand took top honors with a time of 17:05, followed closely by teammate John Mathieson at 17:07.

Oscar Skoog garnered third place for the Falcons with a time of 17:22 and Bruce Moin came in fourth in 17:26.

Bob Kouser won fifth spot for St. Olaf with a time of 17:31, but from there on it was all River Falls as the "Big Red" team captured sixth, seventh, eighth and ninth places and the margin of victory.

Falcon Don Madison finished sixth with a time of 17:42 followed by Jerry Strum 17:54; Charles Woiwvde 17:54; and Mike Collis 18:36. Jerry Jenson was the only Falcon who failed to place as he finished with a time of 20:46.

One of you will win,
but you're all queens to us.

Hanson's Cafe

EARL and SHIRLEY

Getting the treatment is freshman Mike Henderson, as he learns that crime does not pay. Kangaroo Kourt was held last night to initiate freshmen into the spirit of River Falls.

Frosh Shown Status At Kangaroo Kourt

Lowly freshmen are now aware of their 'lower than a snake in the grass' campus social status. The sophomores of 1965 illustrated this situation last night at the annual Kangaroo Kourt proceedings in North Hall Auditorium.

Before a more-than-capacity audience, the sophomores put this year's freshmen through the normal rigors of initiation and then added a little color of their own creation.

"The Ordeal of the Buckets" found our "frosh" splashed with a bucket of water followed by a bucket of flour and capped off with the final bucket being placed over his head and an aid escorting him from the "courtroom" while banging on this final bucket.

The latest dance craze was demonstrated by a girl that attends most of the campus dances but never participates in any of the "sex-stimulating" dances that are now the current craze. For this offense, she was sentenced to do the "Ice Walk" on stage. This dance is performed by striding nimbly over a bed of ice cubes. To all appearances, as viewed from the audience, this dance is quite painful to perform and should have taught the offender the error of her ways.

Another couple was accused to be the only enamoured persons on campus that had not publicly displayed their feelings. The tribunal judged that to avert this situation, this couple must demonstrate their feelings to the court. A liberal smearing of whipped cream was added to enhance their desire for each other. All judicial attempts to accomplish the desired results failed, however.

A freshman accused of being unable to count was sentenced to counting a jar of beans as a final attempt to prove the falsehood of the accusation. The inability to count charge was pressed when this defendant removed 17 articles of feminine niceties during a "visit" on Hathorn Hall this fall when the maximum allowable number to remove was set at 16.

The parade of defendants lasted an hour and a half with only one gaining acquittal.

This year's court was marked by an unusually orderly audience and a surprising amount of organization that prevented the proceedings from becoming the debacle that it has been known to be in recent years.

Dr. Perrin Acts As Consultant On Asia Problems

Dr. Mark Perrin acted as a consultant for the Asian Studies Conference, October 14-16, at Wingspread, Racine, Wisconsin. The Asia Foundation, Asia Society, and the Johnson Foundation were sponsors of the conference. Theme of the conference was "Asia and Modern Education."

Talks and discussion groups explored the following topics:

(1) teaching non-western cultures in today's schools.

(2) teaching materials about Asia.

(3) the time and place of instruction in non-western cultures in today's school curriculum, and

(4) instructional approaches in teaching non-western cultures.

'Under Milk Wood' to Have All-student Cast

(Continued from page 1)
the pseudo-realism seen in Wilder's "Our Town", though critics have tried to draw parallels. The plot consists of the intermingling of the characters which at times is very humorous and at other times deeply tragic. We learn their thoughts, and we hear them sing and see their children dance. The dead remembered by the living

share equally in the play as we see drowned sailors asking the blind Captain Cat how it is above their watery grave. The Reverend Eli Jenkins comes out and recites his poetry on Coronation street which is his daily sermon. The women do their share of gossiping and then we meet their subjects. Dylan Thomas works his poetic magic throughout the day

until the town once again returns to sleep and dreams.

The cast of characters follows:
Thomas Brucks — First Voice
Larry Baker — Second Voice,
Reverend Eli Jenkins

Vincent DiSalvo — Captain Cat
Anne Kingsbury — Miss Myfanwy Price, Polly Garter, Blodwen Owen, Gwennie, Mattis mother.

Thomas Holloway — Mr. Pugh, Lord Cut-Glass, Organ Morgan, Preacher, boy, 5th drowned sailor
MaVis Grover — Mrs. Beynon, Mrs. Organ Morgan, Neighbor woman, Little Boy Waldo, Child

Judy Christensen — Mrs. Pugh, Mrs. Dai Bread One, Neighbor woman, Mrs. Utah Watkins, Child.

Iona Hoover — Mrs. Dai Bread Two, Mrs. Willy Nilly, Neighbor woman, Gossamer Beynon, Child

Judy Aaker — Rosie Probert, Mrs. Ogmore-Pritchard, The Guide, Bessie Bighead

Dan Love — Mr. Willy Nilly (postman), Mr. Cherry Owen, Mr. Ogmore, Ochy Milkman, Evans the Death, 1st drowned sailor, Boy

Robert Gregorich — Mog Edwards, Mr. Pritchard, Nogood Boyo, 2nd drowned sailor, Boy, Old Man

Sally Sharp — Lily Smalls, Rose Mae Cottage, Neighbor woman, Child

Franklin Blodgett — Sinbad Sailors, Mr. Utah Watkins, Jack Black, 3rd drowned sailor

Ida Schilling — Mary Ann Sailors, Mrs. Cherry Owen

David Balke — Waldo, Butcher Beynon, Dai Bread, 4th drowned sailor.

Debate Clinic to Be Next Week

The annual high school debate clinic of Wisconsin State College at River Falls will be held next Saturday, November 2.

The clinic is similar to those held in previous years at River Falls. There will be three rounds of non-decision debate for high school teams. Constructive speeches are ten minutes in length and rebuttals five minutes in length. Ample time has been scheduled so that critics may

spend time with the debaters in an attempt to aid them in their oral communications. Participating schools are limited to three four-man units.

The topic for discussion is the official Wisconsin state high school question.

RESOLVED: That the United States should adopt a policy of reciprocal free trade with non-Communist nations.

The debates are scheduled for 10:00, 12:00, and 2:15.

Do You Know What The Lutheran Church Believes?
