

## Pep Fest, Parade, Bonfire, Game, Dance, and Teas Highlight RFSTC Week-end Activities

### RFSTC Service Men Missed At Homecoming

The school is really feeling its' loss of men to the US armed forces this Homecoming. One can't help thinking of all the fellows who helped to celebrate last year. The fellows can be confident that they aren't the forgotten element of the RFSTC activities.

The Voice Staff received a welcome letter this week from Aviation Cadet John Laedwig who is taking a course at Coe College in Cedar Rapids, Iowa. John writes, "Wish me luck and I'll return with a Jap for each of you."

Last weekend 2nd Lt. Gordon Jackman was in River Falls for a visit with his family. Gordie has just graduated from Officers' Training School at Fort Sill, Oklahoma and his plans for the future are indefinite.

Staff Sgt. James Healy was married to Miss Kila Neshiem of Garretson, South Dakota, on October 4, 1942. Jim is located at Sioux Falls, South Dakota, with the Army Technical School.

Bob Busby is now a basic flying cadet at the Army Air Forces Basic Flying School at Bainbridge, South Carolina. He will soon be transferred to another field for advanced training, his last before he will receive his wings and commission.

Glen Gerhardt has received a promotion from Sergeant to Staff Sergeant and because of "Special trust and confidence in his fidelity and abilities", Staff Sgt. Gerhardt is located at the Army Air Forces Technical School at Madison.

### BILL BOARD OF Coming Events

- FRIDAY October 23:—  
7:30 p. m. Mass meeting. North Hall auditorium.
- SATURDAY, October 24:—  
10:00 a. m. Parade  
12:30 p. m. Sigma Chi Sigma luncheon. Methodist Church.  
2:00 p. m. Kick-off.  
4:30 p. m. Alumni-Faculty Tea. Social Room.  
4:30 p. m. Wesley League Open House  
5:00 p. m. L. S. A. Alumni Dinner.  
6:30 p. m. Football Dinner. Gladstone Hotel.  
8:30 p. m. Homecoming Dance.

I welcome the Alumni to the Annual Homecoming of RFSTC. During Homecoming, I wish the best of luck to those alumni who are in the armed forces and cannot be here for the occasion. May Victory stand by America!  
General Chairman,  
Peter Skroch

### Karges Welcomes Former RFSTC Students

Because of the illness of President Ames the *Student Voice* staff has asked me for a word of formal welcome to the Homecoming alumni. Your presence here is more deeply appreciated than ever before. Pressure of increased school work, the responsibilities of leadership in defense activities and the difficulties of travel have made it more difficult for you to attend homecoming. The student body, the faculty and the team appreciate your kindly interest in our progress and welfare. We hope your stay with us will be enjoyable and it will yield full compensation for increased effort necessary to attend this wartime homecoming.

### Blond Marjorie Kenall Invites Student Illness

A pretty blonde nurse to take your pulse is being offered by RFSTC this year. Or maybe you've seen Marjorie Kenall with her flashy red coat. Her home is in Ellsworth, Wis. where she also received her secondary education.

St. John's Hospital in Red Wing, Minnesota started Miss Kenall's training as a nurse. After two years at this place, she transferred to the University of Minnesota, where, after one year, she became a registered nurse. A year ago she was employed for a short time at the Miller Hospital in St. Paul.

She is quite a sports fan, taking special delight in horseback riding, even though she was thrown off one of the creatures this summer. Feature writing is another hobby of hers which she pursued in high school, and it's not so certain that she has entirely given it up yet.

She hasn't had many patients yet, but probably it's because the student body hasn't seen her.

With sparkling wit and subtle humor Dr. Benjamin, in Kettlekamp will start the Homecoming activities off with a bang as master of ceremonies at the mass meeting on Friday evening, October 23, at seven-thirty. Other speakers on the program include Dr. R. A. Karges and former RFSTC student Mert Wolf. In addition stunts by various organizations will be given, the coronation will take place and the team will be recognized. Following the mass meeting, a torchlight parade and bonfire will be held and also a free show at the Falls Theater.

Promptly at ten o'clock on Saturday morning, the Homecoming parade led by the college marching band will be held, and two o'clock in the afternoon is the time set for the kickoff for the football game between River Falls and Superior. Immediately following the game, the faculty will hold open house in the social room for all alumni and visitors. Coffee and doughnuts will be served. At six o'clock in the evening, the banquet for the team and faculty will be held at the Gladstone Hotel.

The climax to the Homecoming activities will be the dance in North Hall on Saturday evening from 8 to 12:30 at which Doug Perrin and the Swingin' Scots will be featured with beautiful Judy Davis as the vocalist. Many new arrangements of popular tunes will be played and good music is assured. The admission will be forty-five cents per person plus tax or one dollar including tax per couple. Servicemen will be admitted free.

Prizes will be awarded at the dance on Saturday evening. First prize for the best float is \$3, second prize is \$2; first prize for best stunt is \$2 and second prize is \$1; first prize for the best decorated home will be a football with the autographs of all the football players on it.

#### OUR APOLOGIES TO YOU

This issue comes off the press belatedly because of a labor shortage at the printery—another reason for hating Hitler.

DOUG PERRIN AND HIS SWINGIN' SCOTS

### "Scrap" Queen Dahlquist La Petite

### Dykstra Honor Graduate; Will Teach In San Diego

Selected from a class of 470 men, Daniel James Dykstra of Baldwin, Wis., was graduated as an honor man from the Hospital Corps School at the U. S. Naval Hospital. Dykstra completed the six-week course of preliminary training with a grade average of 96.8 per cent. He has been advanced to the rating of hospital apprentice, second class.

Graduation from the Hospital Corps School terminates a course of instruction which includes the study of anatomy, physiology, hygiene and sanitation, first aid, weights and measures and materia-medica. Dykstra and the other graduates will continue a more intensive training at Naval hospitals before being sent to duty at sea or to other shore stations.

Men entering the corps school are chosen by special selective examinations.

Mr. Dykstra was instructor in the social studies and debate at Frederic before enlisting in the Navy as an apprentice seaman. He had completed most of his work for the master's degree in the University of Wisconsin.

### Ames, Hanna Recuperate, Miss Green Substitutes

RFSTC students will be glad to learn that President Ames is improving and is able to be about in his car. It is not known definitely when he will return to his work at the college.

Mr. Hanna, who has been ill since October, has been granted a three months leave of absence. Mrs. Pem-

### Test Shows Freshmen Intelligence Is High

Mr. James Malott has announced the Otis "Self-administering Test of Mental Ability." He also made comparisons between the 1942 RFSTC Freshman class and all the Freshman classes since 1925.

This year the median score is 53.98 which represents an I. Q. of about 110-115. Since 1925 the medians have varied only slightly, the lowest being about 48 and the highest 54.

In the eighteen years in which Mr. Malott has given this test, a boy has won the highest score fourteen times and a girl three times. This year the honor was divided with a score of 73 out of a possible 75 being made by both a boy and a girl.

The advantages of this test are many. It is a measuring stick to determine the native mental ability of an individual. The score on this test is placed on file in the registrar's office. Mr. Malott's and Mr. Hanna's offices and the training school office. It is placed on all transcripts of credits whether for transfer to another school, for teaching applications, or for men who desire to enter the service.

mer Johnson was his substitute for the past two weeks; however, Miss Georgia Green a former RFSTC student, will begin teaching some of his classes Monday. Miss Green, a sister of Mrs. R. A. Karges, was a three year student here and graduated from the University of Chicago. She is now retired from the teaching field, her last position being in a Chicago high school. The college English classes will be divided between Misses Loeb, Moss, Knight and Green.

## ★ SLANTS

By JOCH

Upper-classmen may well be proud of the reputation they are earning among freshmen. Many freshmen men have expressed how pleased they are to find that upper-classmen are friendly and helpful and that abusive and ridiculous treatment of first year students is non-existent on our campus.

If any organizations deserve more moral and financial support than others, it is most certainly the bands and orchestra. What other extra-curricular activities have more participants or serve the school more adequately? These two organizations, under the direction of Mr. Rozenhnal, are almost always willing to furnish upon request, music for football games, parades, assembly programs, graduation ceremonies, plays, and pep meetings. Surely the amount of money appropriated to organizations like this should somewhat commensurate with the amount appropriated for debate and athletics, for example. Yet, any money needed by the bands or orchestra for a concert tour or similar activities must be raised independently by them.

The credit for the success of any Homecoming celebration belongs chiefly to the three Homecoming chairmen, the men upon whom the task of organization has been placed. The multiplicity of details of organization involved in an affair of this kind is not appreciated by the average student, but the big and little things which make our Homecomings so successful don't just happen; they have to be thoughtfully and carefully planned. Chairmen Peter Skroch, Wayne Baird, and Donald Horn have expended much time and energy on this year's preparations, and it is to them that our thanks are due this year for a well-planned celebration.

The lowering of the draft age in the near future has already caused many thousands of young men to join the army, navy, and marine reserves. As more men try to get into these reserve classifications in overwhelming numbers one result is almost inevitable; openings in the reserves will soon be drastically cut in number or eliminated entirely. Those men who want to finish their college educations before going to war should not waste time getting into the Reserves. Next month may be too late.

## Patient Pete Plots and Plans Gala Week-end

The busiest man on the RFSTC campus these days is "Pete" Skroch. "Pete" has really a tough job of being Homecoming chairman and he's doing a topnotch job.

"Pete" was "brung up" in Independence,

Wisconsin, and is really quite the fair lad of the village.

Despite his being tall, dark, and handsome, "Pete" manages to be a serious business manager. For the past two years he has served as business manager or steward of the Kinnickinnic Club.

"Pete" is a senior "Ag" man. At present he is vice-president of the FFA.

"Pete" is the boy who created such an upset at last year's Junior Prom, by escorting a home town blonde beauty. She wasn't bad! "Pete" has been prominent in class politics too! He was the class treasurer last year.

All things considered, Pete is one of the very top flight personalities in RFSTC.

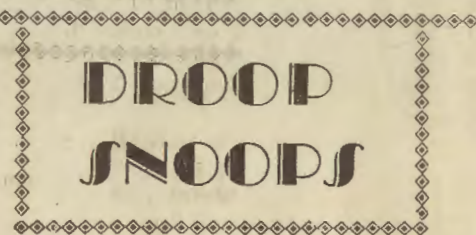

## Homecoming Boosts Morale and Bolsters Courage for Collegians

Here it is again, lads and lassies! It's that time of the year when all our thoughts turn to queens, stunts, decorations, floats, teas, and football. It's "homecoming" at RFSTC!

But it isn't just laughter and gaiety that reign on our campus this year. There's doubt, suspicion, and foreboding. Behind that smile that some sweet coed flashes our way there lies many a serious thought, and in her heart there's an empty spot left by friend Johnny, who's flying a bomber "someplace" over the Pacific, or brother Bill who writes from "someplace" in England. The laughter of our fellows may ring true to our ears, but we know its only because they're so determined to keep the bright side out until our festivities are over.

Perhaps our homecoming this year is a blessing in disguise. Never have we needed our courage bolstered as we do now; never has our morale needed such a mighty lift as it does now. Let it get into your blood, your dreams, your work; your support behind all the activities; above all, forget that boy who is hanging red and white crepe paper on the door is just the one that Uncle Sam is going to call to fill his ranks "somewhere" in Australia!

It's foolish for us to try to "make believe" that all our responsibilities and loyalties have suddenly and miraculously disappeared for good, but just for three days let's try to forget that there's any place of importance in the world except River Falls, and let's make it "all out for our homecoming."

We heard that the editors were hard up for dirt writers—so clear the track, cuz here comes a train of thought, as vitriolic as ever dripped from this pen. Here we go—with a chip on our shoulder and a knife in your back!

Can't wait till we find out who is "Homecoming it" with who—specially Queen Dahlquist and her court. All are socially acceptable material. If we didn't have such a long memory we would say that this Muriel Griffith and Red Doolittle affair was a first love. Another favorite "you-and-me" is Chick Nelson and Ott. It has been publicly suggested that Ruth Ann Feske and Dode Kay form a union. They have so much in common since Dyer has ceased his concentration policy.

It has been rumored that a few freshies have mistaken Sid Brandt for housefather at the well known House of Johnson's. Sid rates the houses head bit of glamour, Jane Jewson. Reminds us of Ken Poppy, who spends his time amusing Julia Patton, who finds it amusing to be amused. We saw a few in a bit of pre-homecoming enthusiasm, They were recklessly downing cokes cokes at one of the J's frequent soda fountains??? after the game Friday night.

Would we seem too inquisitive if we asked whose fraternity pin Vonnie Johnson is wearing. Our bet is that he is a Beta from the U. of W. Here as a little advance dope on the big week-end. Some of our more discriminating dandies are importing stuff. But, don't despair—they are all pushovers for an FFA pin coupled with a good line.

Too bad Talbot didn't time his "homecoming" better—but perhaps some local talent will Phil the bill.

Homecoming reunions will be continued after the dance at that popular rendezvous a few curves northward. Lets all "horn" in on 'em!

Would we be surprised if we should see this in print. However, if it doesn't we will console ourselves by spreading vicious rumors concerning the editors lack of knowledge about yellow journalism.

## India Presents Problems Which United States Must Mediate.

While the allied nations are massing their armed forces and fighting the enemy on the numerous fronts of the world, there is a civil war raging behind the allied lines—that of India against England. India party leaders have been arrested, violent clashes occur between the Indian people and the British police patrols daily, and mass disobedience as well as sabotage of munition factories impedes as well as jeopardizes the allied war effort while Japan is camped at India's doorstep awaiting the proper moment for invasion.

This chaotic condition could be rectified if the United States were to act as mediator to settle the political dispute between these two invaluable nations. If justice were granted to India, it would contribute to a better understanding among our valiant allies that thus far have kept Hitler, Tojo, and Mussolini from conquering Europe, Asia, Africa, and ultimately the world. The present situation in India is definitely not conducive to an allied victory.

## Come, Join The Throngs And Learn Our Songs

Comes Homecoming, comes the time to learn the word to our school songs. Read through these traditional songs, so when they are sung at the pep fest and the game you will be able to join in with upperclassmen and alumni.

### PLEDGE SONG

To thee, River Falls, we pledge all our love,  
And to thy banner floating above.  
May we in passing add just a gem  
To shine forever in thy diadem.—Geore

### VICTORY

Victory, Victory, River Falls! with our faces  
ever toward the foe;  
Victory, Victory, River Falls! Pressing forward,  
shouting as we go;  
Victory, Victory, River Falls! Every man  
is found where duty calls;  
For 'tis written on our shield, "Unto foemen  
never yield."  
We will win the game for River Falls!

The Student Voice has world-wide circulation, going to soldiers on every continent.

## Have You Forgotten So Soon

Remember the good ole days, when The Collegio defined "The Ideal Boy" as one who should:

1. Have a car.
2. Be pleasant.
3. Have a car
4. Be congenial.
5. Have a car.
6. Be a good listener.
7. Have a car.

P. S. Number 2, 4, 6, may be omitted if the car has a radio. And now we consider anything with a gas ration card and four good tires as potent date-bait.

## "One Who Knows" Dishes Advice for Dateless, Loveless

Wear nothing but skirts and sweaters. Also make sure the sweaters are (1) dirty (2) shaggy and (3) pulled up to your elbow. Correct attire cannot be too strongly stressed if a girl is to "go places"!

2—Buy a pair of Harlequin glasses and paint the rims with red nail polish—What if you do go blind wearing them? Its the thing to do.

3—The proper way to describe a man is "smooth." No matter if has acne and is bald as an egg, he is still "smooth"!

4—When you pick a "steady," make him understand that this is not really serious and that if one of you get tired of the other, he is perfectly free to go. "But Keep his Pin"

5—Drink "Cokes" at the K. K.—Drink as many as you can hold, even if he hasn't the money. Rather than go home ten minutes before the rest of the gang—You had better have another "coke."

6—Be vivacious. Run at every possible opportunity. When a fellow sees a girl running he says to himself—"There goes a girl who looks like loads of fun!"

7—Your make-up is very important. Your powder should be sort of a saffron shade, bordering the tattle-tale gray. Your lipstick is an egg plant blue. Wear no make-up that approximates normal coloring.

8—If there is anything the boys just go for, its a gal standing around the dance *chewing six sticks of gum* and talking about her divine dress and the good looking "Joe" she was with the night before.

Don't take me literally girls. You're Okay!!  
BOYS

1—Spend the first hour Monday-talking about how tight you were Saturday night, even though you probably got tight on a chocolate malted. It makes a good impression.

2—Wear your trousers at half-mast to exhibit your manly legs—and your socks must droop.  
3—Don't ever comb your hair; its an effeminate process and that bouncing bush looks so virile.

4—Call anything that wears skirts a "babe". Under no circumstances use "girl". The men "who know" don't.

5—Girls just simply love masterful men—To race her for the door and step in ahead of her and let the door slam in her face. Girls go for that.

What I said about the girls goes for you too boys—You're Okay!!

# FALCONS SET FOR SUPERIOR CLASH

## Co-Captains Ott and Dosch Lead Teammates to Homecoming Victory

The terrifying twosome of Joe Ott and Lee Dosch co-captains for the 1942 Falcon gridder will attempt to temper the sting of the Yellow Jacket by a duel leadership in the Homecoming game Saturday.

Elected by the R. Club members, Ott and Dosch have already shown their mettle on Ramer Field. The passing combination of Ott to Dosch accounted for one touchdown and set the stage for another in the Eau Claire game.

LEO DOSCH

Lee is alternating in the half and quarter back position on the Falcon eleven. He is a three year member of the R. Club and is secretary-treasurer of the club this year.

Lee hails from Amery where he starred on the football and basketball teams in his prep days. Part credit probably goes to this popular senior for attracting such a large number of Amery freshmen to River Falls.

As one of "Ma" Jerney's boys he can be seen regularly elbowing his way up to the dining room table with the rest of the Jerney football men. He is a bachelor—one of these unlucky souls without a room mate, but he's seldom alone. He hangs his hat at the Kandy Kitchen at times but seldom very long.

A major in science makes Lee seem studious but he isn't. On the waiting list for Uncle Sam, Lee is finishing his senior year to go into the navy in accordance with his Naval Reserve papers.

JOE OTT

Joe's educated toe and unerring aim in his aerial thrusts have made his name famous in River Falls sports history. His ability as a broken field runner and line plunger added to this make this half-back a Falcon star.

A biology and science course occupy most of Joe's time but he does find time to pursue some of the finer things of life. He claims Haddow's as his rooming place—quite conveniently located to 215 South Second street. His association with the 1941 and 1942 prom kings, his housemates, is an important factor in his social life. On the intellectual side Joe attends Honor Society teas and reads "Time" magazines.

Joe migrated from across the state at Chilton to come to River Falls. He is a member of the Marine Reserve Corp.

More about this versatile junior need not be added, for Joe's biography and ambitions were in the personality parade in the first issue of the Student Voice.

## Yellowjackets Seek Revenge Bring Undefeated Record

Sparked by their all conference half back, Captain Americo Mortorelli, a first class aggregation from Superior brings a perfect record of three wins to Ramer Field Saturday. Stout, Augsburg and Eau Claire have already fallen by the wayside. In their homecoming game last week the Whereatmen swamped our weak sisters, Eau Claire, 34 to 0.

Superior's veteran backfield carries enough punch to keep any defensive machine busy. Harold "Tuffy" Titus in the fullback position is a constant threat and it was his passing ability that set up their scoring chance in the Stout game. Red-headed "Marv" Crowley and Paul Nechak were the remaining backs. R. Haglund, tackle, is the man to watch when the boys in red and white carry the ball. Along with two other sophomores, George Rehnstrand (E) and Charley Castagna (G), he makes the left side of the line an impenetrable force. A senior Jack Bruckbauer, who undoubtedly still remembers last year's unlucky game, holds the right guard position. In the center position we shall see "Little Joe Paul", a first rate ball player.

## La Crosse Beats Falls

Paced by their candidate for "Little All-American" rating, fullback Arnie Wilhelm, La Crosse Teachers, walloped our northern division leaders, River Falls, 27-0, in a game there Friday night.

Wilhelm broke over guard in the second period for about four yards to register the first touchdown. In the third quarter he romped 68 yards for another score, and in the fourth passed to quarterback H. Grabou for 10 yards for the third tally. Bob Carey, substitute halfback, pasted the final touchdown on a thrilling 63 yard run. Lupie, end, booted the first 3 extra points but missed the fourth.

Linehan and Ott did most of the Falcon ball toting.

## Four Lettermen Form Nucleus Of Manionmen

A swarm of stinging Yellow Jackets will descend upon River Falls Saturday in an attempt to clip the wings of the red and white Falcons and add a woeful climax to the sumptuous festive events of the 1942 Homecoming at River Falls State Teachers College.

River Falls is prepared, however, for a full scale invasion and will hit the line at Ramer Field with the "will to win" even against certain odds. Coach Manion will have a light but well-trained team on the field Saturday, which will throw everything but the renowned bench into the contest. This gridiron cash is expected to be the major conference event of the week with Superior ragging back for revenge for the 20 to 0 defeat suffered at the hands of the Falconites last year.

River Falls, which has defeated Eau Claire Teachers 15-7, lost to a fast moving LaCrosse team 27-0 to make their conference rating .500. After non-conference losses to Winona State Teachers 22-6 and to hard, line-splitting Macalester eleven 19-0 they will try to bound back into the win column when they meet the highly acclaimed Yellow Jackets who up to date are undefeated with consecutive conference wins over Eau Claire Teachers and the much favored Stout Institute.

The Falcons kicked the dope bucket all over the field when in the second game of the season they tipped up a heavily favored Eau Claire team 15 to 7. The game was played under ideal conditions and both elevens were primed for a hard contest.

When the Manionmen take the field on Saturday to "Scrap Superior" they will have five major and three minor lettermen back to do their share in making this a successful Homecoming. Major lettermen are Rasmussen, Cretney, Ott, Dosch, and Simmen with minor letter holders Meehan, Thayer, and Ubbelohde. Two major letter winners, Ptacek and Kelley, will be unable to see action due to injuries suffered in previous games.

There will be 37 red and white stalwarts waiting to devastate the Yellow Jackets. In the backfield we shall see our Co-captains Ott and Dosch and Linehan and Le Jeune in the halfback position; Ubbelohde, quarterback; Heickle and Larson, fullbacks; Sullivan, Ruhsam, and Frokjer, ends; Rasmussen, Kramer, and Simmen, tackles; Linster, Cretney, Thayer, and Nelson, guards; and Storzer, center. From the mighty "Bees", Falcon B squad, who raced over a tricky Red Wing Team, will come the remainder of the varsity red birds.

## FALLS LOSE TO MAC

Rebounding from an unlucky defeat the week before, Macalester College uncorked a slashing attack to defeat the focal Falcons 19-0.

In the fourth quarter River Falls really started driving only to find that it was too late to do much good.

THE 1942 FALCON FOOTBALL TEAM

# FALCON SPORTS

### Marching Band Maneuvers

This year the college marching band is fashioned after an army band and all maneuvering done for Homecoming will represent the different branches of the armed service with a different figure for each branch. All numbers played will be dedicated to the men in service.

Although the band, composed of twenty eight members is rather small this year as compared with last year's forty, it promises to be a good one.

### Servicemen Men Return

Home on leave, Ensign Talbot spent a few days visiting the campus. He returned to Corpus Christi October 20, where he will be an instructor at the naval air base there. Another man on furlough is "Jack" Davison, coming from Texas for a few days.

### INTRAMURAL SLOGAN---

#### "Keep Fit For Victory"

Off to a flying start are the intramural activities the Women's Athletic organizations. Grouw sports and a tennis tourney were the first to begin. The hotly contested tennis championship went to Marjory Dempsey. Semi-final winners were Eileen Anderson and Miss Dempsey who were victorious over Elva Cairns and Elaine Martin, respectively.

Three new tournaments—table tennis, shuffle-board, dart-bowl, will begin next week. They are to be ladder tournaments; that is, contestants move up and down the ladder but are never eliminated. Every woman is urged to take part in one or all three tournaments, the matches of which are played at the convenience of the participants. Proficiency in these individual sports is rewarded with points toward a WAA letter. In a tournament of more than eight players the winner receives 100 points the runner-up, 50, and the next two places, 25 points each; in a contest between less than eight, the winner receives 50 and the runner-up, 25.

Group sports—hit-pin baseball, basketball, speedball, are played on Tuesday and Thursday afternoons from two to four o'clock. The speedball season is nearly over, but hit-pin baseball will soon begin under the management of Dorothy Sampson.

Wednesday afternoon at four o'clock is Women's Plunge Hour at

pool. Suits and towels are provided and there is no charge.

The WAA is urging all women of the college to go out for some group or individual sport no matter what or how many. Beginners will find Miss Mary Louise Branstad and ex-

perienced members eager and willing to teach the games. They will also be gladly received into the WAA which is cooperating wholeheartedly with the governments' "Keep fit for Victory" program.

FORTUNATELY Coach Manion has been able to recruit a likely group of freshmento bolster the football ranks left vacant by Falcons who now toting the ball for Uncle Sam.

ALTHOUGH we all know Wisconsin held the dark horse position in the Big Ten still gasping from their victory over the favored Great Lakes eleven.

LENGTHY topics have been written about athletics during war time. Varsity football was abolished in 1918 in RFSTC. What can we expect in 1943?

COACH Leahy of Notre Dame, confined to the hospital in Rochester Minnesota, must have been a happy patient Saturday when his team again jinxed Bierman and defeated the all-powerful Iowa Seahawks.

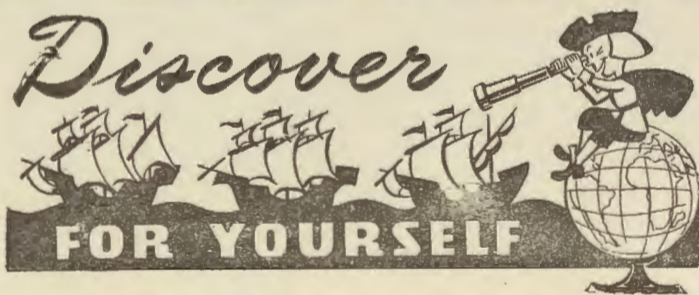

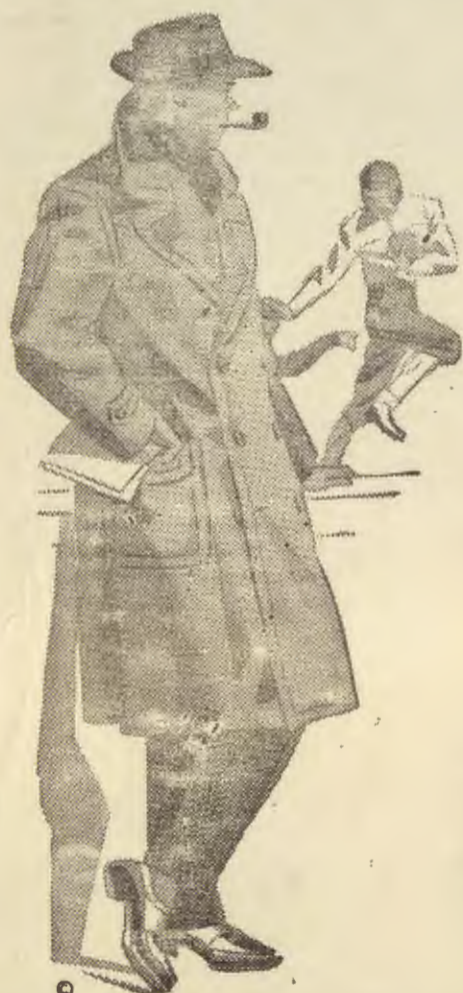

ORCHIDS to our Homecoming queen, Majorie Dah'quist, a hometown lass. We could hardly find a greater inspiration to spur our boys in red and white on to victory.

NOW is the time to remember our former Falcons who are on the seven continents of the earth making touchdowns against the teams of Hitler and his stooges. We shall miss them at our Homecoming

SCRAP SUPERIOR is indeed an appropriate slogan. It is scrap collection week all over America. Lets add the Yellow Jackets to our scrap pile.
