To begin Friday's activities the Dirty Dozen will break up classes and lead a pep fest on North Hall lawn.

Eating Places Ask Advance Reservations

In order to give better post-dance service, the surrounding eating places have asked that reservations be made in advance. Reservations can be made for the Virginian, Larry's, Country House, and Holcombe's Cross Roads by signing on the Homecoming bulletin board as soon as possible.

Anyone wishing to purchase corsages or boutonnieres for Homecoming may sign up in the cafe until Wednesday, Oct. 9.

Organizations that plan to decorate windows are urged to contact merchants at least two days before decorating. Provisions for clean-up should also be made.

NATIONALLY FAMOUS

The Hilltoppers To Sing At Dance

by Gary Madson

Four young men who were college mates at Western Kentucky State College and have since rocketed to national fame will be a headline attraction at this year's Homecoming.

Their appearance at the Homecoming Dance Oct. 12 will mark the first time that the event has featured nationally known entertainers. Because a larger crowd than usual is anticipated, the dance will be in the Hudson High School gymnasium.

Although they have been together but a short time, the "HILLTOPPERS" (who selected their name from the nickname of their college), have attained national prominence through recordings and TV appearances.

The professional career of the "HILLTOPPERS," began, when one of the boys completed writing a song he thought would sell on a recording. With Jimmy Sacca as the vocal "star" and the others providing a background, they recorded one Saturday in the college auditorium. The song they recorded on tape was, "Trying", which eventually sold 750,000 records, and started them on their way to fame.

Along with their hit recording of Trying, they have made such record hits as, I'd Rather Die Young, P.S., I Love You, To Be Alone, From The Vine Came The Grapes, Till Then, and so on down the line right up to their current number called Cabin of Dreams.

Featured with the "HILLTOPPERS", will be the Chicago band of Jimmy Featherstone.

Admission to the dance is \$3.00 per couple. Tickets are being sold (Con't. on Page 4)

The Editor Speaks . . .

Homecoming is the time when the campus receives more attention from the general public and the alumni than at any other time of the year. It is a time when we can show outsiders pride in the school and its accomplishments.

Obviously this will not be the weekend to go duck hunting, to the high school game, or even to visit home. It's the time to stay on campus and participate in the activities, making this one of the best Homecomings in the history of the college.

We hope also to maintain the pride of the alumni in their alma mater. We're not suggesting that students be anything but themselves, but this week we are hosts to the alumni and the general public. Just as with guests in our home we put our "best foot forward" and keep our activities within the bounds of good taste, so we should do the same when our college is playing host.

So, we're hoping that with the full schedule of worthwhile events planned by the Homecoming Committee, there will be no actions by any small percentage of the student body which will cast the majority in an unfavorable light.

Knowledge for College

by R. E. Manchester,
Dean of Men, Kent State University, Kent, Ohio.
1870-1957

The other day I picked up a report of a county teacher's institute. The day was October, 1870. Upon reading the opening article I was surprised to learn that there was a crisis in education at that time and that in all probability everything would go to pot before 1880.

I am worried. There is no report concerning the outcome and if the blow-up took place as predicted I never received an education. I distinctly remember having had teachers and I recall that I sat in rooms containing blackboards. I also remember that after learning to write I had to relearn the art because someone ruled that to be cultured one should indulge in vertical penmanship. But, all this may have been some sort of a substitute for the thing that disappeared in 1880.

In 1905 I sat on a platform back of a bald headed man. I thought I was graduating from

high school. The superintendent handed me a scroll and my Dad gave me a watch but the bald man said there was a crisis. It was awful! When he finished I put my watch to my ear to see if it was still running.

In 1910, 1920, 1930, and 1940 the same story was told. Perhaps, we have been on the wrong track all the time. Perhaps, instead of having an educational system, we have had a crisis system. Perhaps, instead of having a crisis on our hands at institute and commencement time, we are in the state of crisis all the time. Perhaps, the commencement speaker should say "If we don't watch out we shall get out of this crisis and then where will we be?"

Life goes on. The state of crisis goes on. Affairs of men are never all right or all wrong. Our individual tasks may be many and varied but we may be sure that one of the constant factors is that of change. Builders of scholarship and character must admit the hazards and always plan with a margin of safety.

Student Senate Minutes

The Senate was called to order Monday, Sept. 30 by Louie Johnson, president.

The Treasurer reported a balance of \$261.86 in the Senate treasury.

The report from the Homecoming Chairmen was that the Chamber of Commerce and the Quarterback Club would each contribute \$1.00 for every window decorated. This money will be used for prizes.

The Senate allotted \$225.00 to the Homecoming Chairmen.

The student appointed to be in charge of the bulletin boards is Sheldon Bearoot, a freshman.

The committee appointments started last week were completed and are as follows: **Personal Committee**, Phyllis Benjamin, Mary Lou Jensen, Mike Fleming and Calvin Martell; **Social Committee**, Lynn Radkey, Bernard Feld, Marge Olson, Virginia Novak, Bill Duke, Don Patton, and Don Sundt.

Mary Lou Jensen, as vice-president of the Senate, will act as Liaison between the Senate and the Social Committee.

It was recommended by the Senate that the Social Committee vote on a carry-over member in the spring. **Foundation Committee**, Dick Waak, Rae Bucholz, Dean Larie; **Athletic Council**, Richard Wood and Louie Johnson; **Concert and Lecture Committee**, Tom Kinney, Kathy Hartwig and Harry Elzinga.

The motion was made and passed that there should be no movies made of Homecoming this year, due to the expense and the degree of benefits derived from these movies in the past.

The need for chess boards was brought to the attention of the Senate and Bob Miller was chosen to purchase six sets.

Mike O'Connell, chairman of Dad's Day, reported that there were 116 in attendance at the dinner that evening. The Senate had guaranteed the attendance of 100.

It was resolved that business men who desire to enter floats in the Homecoming parade may do so on a non-competitive basis.

The motion was passed 8-1, that a football dinner would not be given this year as part of the Homecoming activities.

ALL PRESENT.
SECRETARY, Mike Fleming.

Letters to the Editor

Fellow students:

It seems to us that one of the more tragic things that could happen to a student body, would be the death of one of its members. It would also seem logical to assume that whenever this did happen, that it should receive top priority over everything else in the STUDENT VOICE.

This past week a senior at River Falls was killed by a falling tree. His name was Walter West.

In the Sept. 30 issue of the STUDENT VOICE, there was a very, very small article about Walter. However, in the same paper there was a large picture of Dick Doetkott, Arlin Albrecht and Henri Elzinga. Certainly the death of a fellow student should be as newsworthy as the contemporary efforts of a small group of students.

At the same time that the STUDENT VOICE carried a bare essentials account of the tragedy the ST. PAUL PIONEER PRESS ran a much larger and more complete account of the accident. We might add that the St. Paul paper is an out of state publication. We have also noticed with growing frequency the accounts of what are appearing to be the "Big Four" in school news,—dramatics, Hagestad, Doetkott and Albrecht.

We would like to ask for the STUDENT VOICE to return to the practice of covering the news from the major areas of interest of the student body rather than the interest of a few select groups.

Friends of Walter West

EDITOR'S NOTE: Since all stories for The Student Voice are supposed to be set in type by Friday noon, it is difficult to handle a story which breaks unexpectedly on Saturday mornings. Because we can plan football games which occur on Saturday night, this is an expectation. The news of the death of a student is considered important. This explains why it appeared in its position at the top of page one even though that necessitated remaking the page. We feel that the story had all the essential information included in the "much larger and more complete account" which appeared on an inside page in the St. Paul newspaper.

Student Voice Staff:

Webster tells us a "PHOTOGRAPHER" is "One who practices, or is skilled in, photography". Just who is "The photographer" of the Student Voice? The issue of the Voice (Sept. 30, 1957) had two photos on the front page, one pertaining to a student directed play, the other related to the Homecoming activities.

The newspapers usually dedicate the majority of "Space" to the most important event. Mathematically Homecoming is only half as important as a student directed play. Here are the figures," 3 in. by 4 in. equals 12 sq. in. of a poor quality Homecoming photo, and 4 in. by 6 in. equal 24 sq. in. of superior quality photo for the play", check it. Which event do you feel requires the most student support?

Why not try taking lessons from "The photographer" instead of always being "A photographee".
ZIDICK

(Editor's Note: If Mr. Zidick only looks at the pictures in the paper, his criticism is justified. If, perhaps, he also reads, we might point out that in the issue he mentions, there were 25 inches of type about Homecoming and a little more than 6 inches of type about the movie project. This year we've carried 48 inches about Homecoming (not including this issue) and 6 inches about a movie project (including this issue).

Spirited Play Highlights First Week In Intramural Touch Football League

Spirited play highlighted the first week of action in the touch football league. The Terrible Ten, the Coasters, and the Dukes, all won two games to move into a three-way tie for first place in the league standings.

The Terrible Ten rolled over the Rumdums 25-0 mainly through the passing accuracy of halfback Jim Turnquist. Eddie Schlumpf scored three touchdowns in the romp, all on passes from Turnquist. Turnquist tallied the other TD on a beautiful 40-yard run-back of an intercepted pass.

The league's leading scorer, Wayne Sukow, scored two touchdowns in both of the Duke's triumphs. Five players figured in the scoring as the Doozeys ran roughshod over the Bums 44-0. Bill Shimmel and Larry Sirinek each tallied two TDs for the winners.

Tomorrow night at 5 p.m. The

Terrible Ten and the Coasters meet in a battle of the unbeaten at Ramer Field. The Doozeys, who play twice this week, could move into at least a tie for first place with a pair of wins.

I-M Bowling

by Jon Hillstead

Intramural bowling has gotten off to a sensational start. Last week's action saw the "200" figure reached twice—once by Jack Woodbury who tallied a 207, and again by Don Patin who bowled 237.

Teams 2, 9, and 10 were the only teams to end the first week undefeated. If this pace continues, this season's race could be one of the most hotly contested in years.

NO H.S. LETTERS ON RF SWEATERS

The "R" club, composed of Falcon major monogram winners, is requesting that high school letter sweater and jackets not be worn on campus or in town, although the clothing is permissible provided that all numerals and monograms are taken off.

President Dick Wood said that while the "R" club realizes that all students enjoy wearing high school colors, it feels that high school days are over now and that college life has begun.

RF Slaps Yellowjackets In Stinging 14-7 Victory

by Milan Brecka

The Falcons proved themselves a definite contender in the race for the Wisconsin State College conference title by nosing out the tough Superior Yellowjackets by a score of 14-7.

The first quarter saw two mild River Falls threats fall short as a fumble and an intercepted pass stopped each drive within Superior's 30-yard line.

The second quarter saw the River Falls' attack start rolling. Quarterback Jim Hallen, calling his offensive plays beautifully, started on his own 34-yard line and threw a pass to Jack Neurer which was good for a first down on the Falcon's 46-yard line.

Darrell Johnson's 15-yard run plus a series of short gains brought River Falls down to the Superior 22-yard line. Hallen again hit Neurer with a pass on the 8-yard line. Two plays later, full-back Jack Omer bulled his way over the goal for the touchdown. Hallen added the extra point for a 7-0 lead.

On the kickoff after the touchdown, Jack Neurer recovered a Superior fumble on the 28-yard line. On third down, Hallen faked a pass, then faked a handoff and hit Mick Lauber on the 10-yard line with a pass. Lauber side stepped one man and went into the end zone standing up for the touchdown. Again Hallen added the extra point for a 14-0 half-time lead.

Superior State came to life in the second half as they took over on their own 12-yard line after forcing River Falls to punt. Superior moved down to the River Falls 25-yard line before the River Falls line tightened and took over the ball.

Lauber's pass was intercepted on the River Falls 33-yard line and Superior again moved to the 15-yard line before some sparkling line play halted the threat.

Superior finally scored early in the fourth quarter as Superior's quarterback Ron Schultz hit his big end Dave Muntean with two

VERN GILBERTSON

by Dick Enstad

The invasion of Ramer Field by the Eau Claire Bugolds Saturday afternoon will bring alive vivid memories for many an upperclass member of this year's Falcon eleven. One such member is LaVerne Gilbertson, a 200 pound senior end from Clear Lake.

Vern can readily tell how defeats at the hands of the Bugolds in the last two years have spoiled otherwise successful Falcon football campaigns. Saturday, however, according to Vern, the tide is bound to change. With Homecoming in the air, the River Falls team will be ready and Vern cannot see the possibility of the spoilers from Eau Claire leaving with a victory.

Aside from his adventures on the football field, this six foot senior enjoys hobbies of the outdoor variety. So much of his spare time is spent in a year-round cycle of hunting, fishing, and trapping near his home town.

In college Vern is majoring in social science and minoring in physical education.

The AWS reception for new members will be held tonight at 7 o'clock in Hathorn Hall.

The AWS requests that all girls attend. This reception will take the place of the Big and Little Sister which is held annually.

Freshman girls are given permission to dispense with the beanies during the reception.

Anyone who would like to work on the magazine should contact the editor. He will be in the Meletean office for that purpose on Tuesday, Oct. 8, from 6:30 until 7 p.m.

Prologue is an experimental magazine published quarterly on this campus by State College students. It contains student work in the graphic arts—stories, articles, poetry, photographs, drawings, etc. It is printed to give students a chance to try out their skills in the graphic arts; to give everyone on campus a chance to see what their contemporaries can do along these lines; and to give students an opportunity to write at length about any opinion they might have.

Persons who cannot see the editor on Tuesday should leave their names and phone numbers in either the Meletean or Student Voice office.

MAKE

MOST POPULAR GAME that ever went to college—that's Sticklers! Just write a simple riddle and a two-word rhyming answer. For example: What's a big cat shot full of holes? (Answer: peppered leopard.) Both words must have the same number of syllables—bleak freak, fluent truant, vinery finery. Send Sticklers, with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y. Don't do drawings! We'll pay \$25 for every Stickler we use in our ads—and for hundreds that never see print. While you're Stickling, light up a light smoke—light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked!

LIGHT UP A light SMOKE—LIGHT UP A LUCKY!
