

DR. WALKER D. WYMAN, chairman of the history department, inspects a bronze plaque citing River Falls as the state college "where the free spirit prevails." The plaque, donated by alumnus Clyde W. Zamfahn of Waukesha, will be dedicated this fall and placed near the entrance of North Hall.

18 Teachers Join River Falls Faculty

A total of 18 new members have been appointed to the faculty of Wisconsin State College at River Falls. Eight of the teachers who will make their first appearance here this fall are filling new positions while the others are replacing persons who are on leave or have resigned.

With fall registration scheduled to begin September 5, Wisconsin State College at River Falls has appointed 17 new members to its faculty. Seven of the teachers are filling new positions while the others are replacing persons who are on leave or have resigned.

Dr. James L. Allison is replacing **Dr. Floyd Overly** in the English department. A member of Phi Beta Kappa, Dr. Allison received the bachelor of science degree in 1938 and the master of arts degree in 1940 from Northwestern University and another M. A. in 1943 and the Ph. D. in 1945 from Harvard University.

He has been head of the English department at Cedar Crest College, Allentown, Pa., and also has taught at the West Virginia Institute of Technology and Union College at Schenectady, N.Y.

John Brown will fill a new position in the mathematics department. He holds a B. S. degree (1949) from Black Hills Teachers College, Spearfish, S.D., and the M. A. (1955) from Stanford University. He has done further graduate work at the University of Wyoming.

Mr. Brown, who has been teaching high school mathematics at Rapid City, S.D., has eight years' math teaching experience.

Miss Velma Carlson will be in charge of the seventh grade in the college's campus laboratory school. She took her B.S. degree in 1954 at Maunkato State College and her M. A. in 1960 at the University of Colorado. She spent the 1960-61 year teaching in the Army Dependent School in Schwabach Hall, Germany.

Dr. Donald L. Frye fills the new post of psychometrist. He will be involved in the psychological testing of students. His A. B. (1952) and M. A. (1953) are from Buck-

nell University, Lewisburg, Pa. In 1960 he received the Bachelor of Divinity degree at Garrett Bible Institute, Evanston, Ill., and in 1961 he took the Ph. D. degree at Northwestern University, also in Evanston.

Miss Myrtle Korenbaum takes the place of **Dr. Clarence Stora** in sociology. Her A. B. in 1953 is from Pembroke College of Brown University and her M. A. in 1955 also is from Brown. She has done additional study in Paris and at Harvard and the University of Minnesota.

Miss Korenbaum taught from 1957 to 1959 at Allegheny College, Meadville, Pa., and from 1959 to 1961 in Minnesota.

Dr. John Lanford fills a new position in history. He took his A. B. in 1956 at Oberlin College, his M. A. in 1957 and Ph. D. in 1961, both at the University of Wisconsin. He has served as a research assistant for Cong. Richard Bolling.

William G. Larsen, has been added to the speech department as a replacement for **Blake Anderson**, who is on leave. Mr. Larsen has an A.B. (1960) and an M. A. (1961) from the University of Arizona.

Walter G. Nottingham fills a vacancy in the art department created when **James Crane** took a leave for further study under a Danforth (continued on page 6)

17,000 Students Seen At Nine State Colleges

The opening of the fall semester will probably find almost 17,000 regular students enrolled at the nine Wisconsin State Colleges.

The colleges will start fall registration procedures—tests, interviews, signing up for classes and paying fees—during the first week of September, with classes formally starting on either September 8 or 11.

It is not yet known whether the Berlin Emergency will have any noticeable effect one way or the other on the fall enrollment which

was estimated at 17,000 students.

Applications for freshman admission on August 1, for example, totaled 7,739 which was 1,755 above the 5,984 students who had registered by August 1, 1960. In addition, the number of transfer students increased by 322 to 1,019 on August 1 this year.

Virtually all the colleges report that their dormitory facilities are exhausted, and student housing officials are being kept busy attempting to find suitable accommodations in private homes in most communities.

Wisconsin State College at Whitewater, which had issued 1,355 permits to register to potential freshmen by August 1, and which last year had an enrollment of 1,998 students, indicated that it would be increasingly difficult to process applications for admission after mid-August.

Most colleges have generally refused to process applications after September 1, but the flood of enrollments may force some to move the date forward in the future.

Registration and class starting dates for the State Colleges are: Eau Claire and Stevens Point, registration starts Sept. 6, classes start Sept. 11; La Crosse, Oshkosh and Platteville, registration Sept. 7, classes start Sept. 11; Stout and River Falls, registration Sept. 5, classes start Sept. 8; Superior, registration Sept. 6, classes start Sept. 8; and Whitewater, registration Sept. 5, classes start Sept. 11.

Homecoming Is Oct. 28; Plans Made

This fall's Homecoming celebration, scheduled for Saturday, Oct. 28, will include all the usual festive events, such as the selection of a queen, a parade and a football game.

Student chairmen are **Bill Hanson**, **Wayne Viitanen** and **Charles "Scotty" Smith**. The committee is sending letters of invitation to former Homecoming queens and Homecoming chairmen.

Festivities will start at 7:30 p.m. Friday, Oct. 27, with a pepfest in North Hall Auditorium. From there, the crowd will go to the south campus for a bonfire.

The annual Homecoming parade through downtown River Falls will start at 10 a.m. Saturday. At 1:30 p.m. the River Falls Falcons will play the Stevens Point gridders in the Homecoming football game at Ramer Field.

Reunions of the classes of 1951 and 1956 are included in this year's event. Committees are planning a combined dinner for the two classes and an informal program for Saturday evening in Hagstad Student Center.

Kirby Hymes, president of the class of 1951, is in charge of arrangements for his class. A committee composed of **DeWayne Myers**, **William Keith** and **Mrs. Helen Stegmann** is handling arrangements for the class of 1956.

The 1961 event will come to a close Saturday night with the Homecoming dance from 9 p.m. to 1 a.m. in Karges Physical Education and Recreation Center.

First Convocation Features Polgar, Famous Hypnotist

Hypnotist **Franz J. Polgar** will present the program for the College's opening convocation at 8 p.m. Wednesday in North Hall Auditorium.

The mind-reader and hypnotist has been featured on television with **Arthur Godfrey**, **Dave Garroway**, **Jack Parr**, **Steve Allen**, **Gary Moore** and **Mike Wallace**. Articles about him have been published in **Life**, **Look**, **Time** and the **Saturday Evening Post**.

Mr. Polgar has written a book entitled "The Story of a Hypnotist."

Work Starts in Summer On Two Major Projects

Students and faculty who were not on the campus during the summer will notice that two major construction projects have been started. Both are expected to be completed by September of 1962.

Bids for the construction of a new Campus Laboratory School were opened June 14 and bids for a wing on Hathorn Hall, women's dormitory, were opened June 22.

Low bids for the Campus School totaled \$740,566. Low bidders were: **Nela Johnson** of Winona, general contractor; **Starkweather Electric Co.** of Oconomowoc, electrical, sound and intercom; and **H. G. Stocker and Son** of Ooscola, plumbing, heating and ventilating.

Additional expenses include architects' fees, land purchase, engineering supervision, extension of a heat line and equipment. These amount to \$272,000 and bring the total cost to \$1,012,566.

Keller Construction Co. of Winona was awarded the general contract for the dormitory wing when low bids totaling \$373,668 were opened. Other low bidders were: **Bielenberg Electric Co.** of Sullwater, electrical, and **Healy Plumbing and Heating** of St.

Paul, plumbing, heating and ventilating.

The \$373,668 figure covers only the construction costs and does not include equipment and furnishings for the new wing.

The Campus School is being built on the southeast side of the campus and will have a capacity of 250 children. It will include nursery school and kindergarten through the eighth grade with space available for a ninth grade if a three-year junior high program is conducted.

Besides classrooms and office space, the building will include a library, homemaking room, music room, cafeteria and a group of classrooms, offices and testing rooms for the psychology department.

The dormitory wing is being attached to the east end of Hathorn Hall and extends southward from the present building. Hathorn Hall originally was constructed in 1950 and a third floor was added in 1957.

The College will receive a \$442,000 loan for the construction of the wing. The federal college housing loan will be retired from dormitory income.

THIS LARGE OAK TREE on the River Falls State College campus gave way to progress this summer as workmen began construction of a wing on Hathorn Hall, the women's dormitory. The dormitory wing was one of two major projects started during the summer.

The Editor Speaks . . .

The registration period which starts today undoubtedly will end with more students enrolled at Wisconsin State College at River Falls than ever before in the College's 87-year history.

Two stories on the front page of this issue also will attest to the College's continuing growth. One article reports that 18 new faculty members have been appointed, including eight who are filling new positions. Another story tells of construction of a new Campus Laboratory School and a wing on Hathorn Hall.

All these items show growth in numbers—of students, of faculty and of buildings. While it is encouraging to note that the faculty and physical plant are expanding to keep up with the increase in the size of the student body, we

must realize that the real worth of the College is in the growth of the ideals which it implants and encourages in students.

Ideals grow as the world progresses. "Liberty" and "freedom" take on new meanings today—and are harder to defend.

Another look at the front page of today's *Student Voice* will show a symbol of the College's progress in the field of ideals. The plaque proclaiming River Falls as the state college "where the free spirit prevails" will be of no value if it is merely dedicated and perhaps pointed out to visitors.

The phrase is a testimony of the past at River Falls and a promise for the future. It will continue to be a reality if all of us—students and faculty—wish it to be so.

Fewer Persons on Spring Honor Roll

Spring fever apparently affected the scholars at River Falls State College as the number of straight-A students and those making the honor roll for the spring quarter of 1961 dipped well below the corresponding figures for the winter quarter.

Twenty-two students compiled straight-A averages as compared with 39 for the winter quarter, and the total number on the spring honor roll was 106, which is 35 less than the winter quarter's 141.

The spring honor roll included 59 men and 47 women. A class breakdown shows 22 seniors, 34 juniors, 20 sophomores, 29 freshmen and one special student.

Leading the scholars with all A's were: Marilyn Ames, River Falls; Dennis Baker, Bay City; Jon Belisle, River Falls; Earl Burton, Boyceville; Rodney Firl, Red Wing; Gerald Godden, Roberts; Nancy Grace, Oaklawn, Ill.; Louis Greub, Humbird; John Hansen, Turtle Lake; Wayne Hendrickson, Spring Valley.

Raymond Kozub, Kawkins; Margaret Lindell, New Richmond; Frederic Owens, Hammond; Mary Belfiori, River Falls; Linda Berg,

Pechacek, Ellsworth; Muriel Peterson, Grantsburg; Dan Porfilio, Wausaukee; Mrs. Vern Richardson, Spring Valley; Frederick Trautmann, Tomahawk; Kae Walker, River Falls; Karen Wears, Amery; Kenneth Zahorski, Weyerhaeuser; and Arlo Miller, River Falls.

Others making the spring honor roll—those who compiled at least a 3.5 average based on a value of 4 for an A, 3 for a B, 2 for a C and 1 for a D—were:

Elementary Education— Geraldine Bents, Comstock; Judith Daft, River Falls; Nancy Fox, Waukesha; Joan Frank, Pepin; Kathleen Hall, Roberts; Kathleen Hartwig, Hammond; Edmond Hayes, Hudson; Cynthia Hill, So. St. Paul; Judith Johnson, Canton.

Secondary Education— Joanne Joyce McKinley, Siren; Judith Monchilovich, Cumberland; Carol Myhre, Hammond; Jerilyn Richardson, River Falls; Marion Ridnour, Arkansaw; Dora Rohl, Roberts; Nancy Solum, Canton; Ruth Tjelta, Ridgeland; and DeAn Wickboldt, Turtle Lake.

Liberal Arts—Robert Agranoff,

Barron; Ronald Berg, Cushing; Leslie Bocksell, Pepin; Dianne Burri, Clear Lake; Gerald Carlson, River Falls; Charles Cederholm, Beldenville; Dolores Dahl, Grantsburg; Douglas DeBoer, Emerald.

John Eisele, River Falls; Gloria Grover, Galesville; Jerome Halverson, Luck; Wayne Handlos, Hudson; Meredythe Harris, River Falls; Dean Johnson, Los Angeles; Lois Kochendorfer, Fountain City; Barbara Korsmo, Clintonville; Karen Larson, Clear Lake.

Joan Linselink, Clear Lake; Carol Lowe, Chetek; Virginia Morgan, River Falls; Verona Schmidt, Alma; Mildred Seeger, Prairie Farm; Catherine Suennen, Hudson; Maren Thoreson, Roberts; Warren Torgerson, Turtle Lake; Robert Vermillion, Elkhorn; and Linda Wagenbach, Barron.

Liberal Arts—Robert Agranoff,

Minneapolis; Duane Hall, Roberts; Frederick Kieske, Stillwater; Elaine Krengel, River Falls; Roy Labs, Menomonie; David Madis, Dallas, Tex.; Beverly Monette, New Richmond; Robert Muller, Green Bay; Diana Steen, Dallas, Wis.; Mary Tonn, River Falls; Mary Viitanen, Barron; Michael Wischerchen, Maiden Rock; and Sandra Wright, River Falls.

Agriculture— Jerome Bambenek, Arcadia; David Cook, Colby; Roy Englebert, Forrestville; Ronald Isaacson, Amery; Merlyn Jones, Boyceville; Donald Mayer, Humbird; Selmer Nelson, Prairie Farm; Telford Norvold, Woodville; John Ruemmle, Hudson; David Schaefer, Whitehall; and James Watrud, Clayton.

Pre-professional— Barbara Beine, Charles City, Ia.; Thomas Davee, Columbia, S.C.; James Esswein, Boyceville; Jan Ihrke, Roberts; John Petersen, Clear Lake; Carolyn Peterson, Ellsworth; John Rice, Ellsworth; Robert Richardson, Spring Valley; Mir Seyedin, Mashhad, Iran; Barbara Sobottke, Plum City; Larry Warhol, Amery; Robert Walker, Clinton; Anne Johnston, Roberts; and Don Popowski, Chetek.

FALL ADDRESS TO STUDENTS FROM THE COLLEGE PHARMACY ENTITLED "THERE'S GIGGLING IN THE FALCON'S NEST"

The threat of the 7-year locust is due upon us any year now. Expanding population on the east side of town could plug the plumbing just any morning. And, of course, there are rumors rambling over a new housing development in Clifton Hollow.

These are serious times, friends.

I think Blaise Pascal put it very aptly about the middle of the 16th century. He said, quote, "If the nose of Cleopatra had been shorter, the whole face of the earth would have been changed."

Only a man like Blaise Pascal could describe our situation so well and so far in advance! But, of

course, Blaise had an apropos comment for every situation.

Let's heed his wisdom—we must unite now. We need more than insecticides—and plumbing—and hidden gullies to solve our problems.

And if the College Pharmacy can be of just a little help in solving any of your problems—or needs while you are here—we'd like to be of service.

It is a satisfying relationship—going to College and going to the College Pharmacy. They go hand in hand.

Freddy welcomes you — we welcome you!

FREE RADIO SERVICE For Students

A new communication medium will be available free of charge to W. S. C. students this year. It will be radio service.

Bertelsen's Want Ad Show originates from the College Pharmacy every Tuesday at 12:15 over WIXE—1590. Of course, the show is primarily intended for airing Want Ads of the buy—sell—trade nature, and this is also available for student use.

The new service, according to Don Aspenes, co-owner, will be

free spot announcements by student groups or organizations. It might be used to announce a special lecture, school dance, or plug Jane Doe for prom queen, etc. Only strings attached are:

1. A student must give announcement in person on show.
2. Maximum of 2 announcements weekly of one minute each.
3. Preference made on first come—first served basis.

River Falls Astronaut Tabbed For Moon

During this exciting mile-a-second race in space missiles, rocketry, and weapons of annihilation it is indeed a thrill to be witness to a local fabulous adventure.

Your reporter can accept very little credit in bringing this daring 1961 River Falls expose' to a close. It is with some modesty; however, that mention is made of this reporter's prominent role in detecting rattlesnake "sign" in Glen Park during the summer.

A local agency has confirmed and made official the fact that Hiram B. Astronaut of River Falls

was discovered in the process of distilling spirits. (Ed. Note: Sometimes vulgarly referred to as "moon".)

Location of the "still" remains a mystery. Unconfirmed reports have hinted that a high yeast air pollution in the area of Shaddy Grove led to the eventual capture.

Upon being confronted by local officers, Hiram's only remarks were, "Youse guys should be proud to be the first to the moon."

A special auction will be held shortly to dispose of the merchandise according to the officer in charge.

17 Lettermen Will Bolster Grid Squad

Footballers Open Season Saturday With Augsburg

River Falls and Augsburg will kick off a new football season at 7:30 p.m. Saturday at Ramer Field. The Falcons' opening opponent is picked as one of the favorites in its conference, the Minnesota Intercollegiate Athletic Conference, and is rated as "tougher than last year" by River Falls Coach Fran Polsfoot. Last year was tough enough as the Auggies downed the Falcons 19-7.

River Falls will try to develop a potent running attack this season

to go with its usually fine passing game, according to Polsfoot. He is encouraged by the fact that his two leading rushers are back from last year, along with two competent quarterbacks and the first and third leading pass receivers.

Much of the offense will rest on the shoulders of Fullback Duane Jensen and Halfback Larry Lloyd. Jensen led the rushers last season with 479 yards while Lloyd was the top pass receiver with 35 catches good for 485 yards. Lloyd was second in rushing with 270 yards and Jensen was third in receiving passes with 201 yards.

Polsfoot will have two good quarterbacks—Bob Dawson, who threw the football for 1,134 yards last season, and Tom Everson a fine all-around quarterback who is back after finishing his Army service.

Still, Polsfoot feels that he will be thin in the backfield. The Falcons certainly will miss the break-away threat of two-time all-conference halfback Mick Lauber, a draft choice of the Detroit Lions of the National Football League.

There should be greater depth in the line, however. Many of the 17 returning lettermen are linemen or linebackers. Leading the defense will be Duane Tollefson, the Falcons' all-conference end.

Polsfoot

Falcons Get Only Week For Rounding Into Shape

Coach Fran Polsfoot will use the 17 lettermen who reported at practice last weekend as the nucleus of the 1961 edition of the Falcon football squad.

The gridgers have only a week in which to get ready for the season's opener Sept. 9 against Augsburg at Ramer Field. The visitors won last year's encounter 19-7.

A quick look at the Falcons' returning lettermen shows:

Jim Blank has developed rapidly and Polsfoot calls him an outstanding middle guard on defense. This will be only Blank's second year in college football, but the coaching staff expects it to be a

good one. Gary Burke is just a sophomore but the coaches like his ability to handle an inside linebacker slot and his knack of diagnosing plays in advance.

Bob Dawson could be called the arm of the ball club. The senior quarterback passed for 1,134 yards last season as the Falcons finished second in the conference in passing.

John Doyle is the only returning letterman center. Polsfoot feels that he showed a great deal of improvement last year.

Tom Everson lettered at quarterback before a hitch in the Army. He is rated as an excellent passer and runner and may also do the Falcon's punting.

Duane Jensen gets the nod from Polsfoot as one of the outstanding fullbacks to play at River Falls. Last year he gained 479 yards on the ground and caught passes good for another 201 yards. No one-way fullback, Jensen also played on defense.

Larry Julien is the strong man of the team. Runner-up last spring in the heavyweight division of the NAIA wrestling tournament at Golden, Colo., Julien is a rugged two-way tackle.

Ken Kraft is fully recovered after being slowed down by a broken leg last year. Polsfoot says that he has good potential as an offensive guard and is expected to be a regular this season.

Larry Lloyd is a junior who must be considered an outstanding offensive threat. He led the team last year in pass receiving and was second in rushing.

Dennis Louks is a sophomore end with good hands and fair speed. The Falcon coach says that Louks could become the best pass receiver in River Falls history.

Tom Overman is rated as a good two-way end, capable on offense and defense.

Harold Rivard is expected to hold down a starting defensive tackle position. He is big and rugged.

Mick Rogers will get a chance to fill Mick Lauber's shoes at halfback. He is a determined ball player with a lot of drive.

Jim Ticknor was out with a broken leg all last season. He may get a chance to start at safety.

Duane Tollefson was the Falcons' only all-conference performer last season. Polsfoot expects him to lead the defensive charges and he calls Tollefson's end play "brutal."

Ed Viek is a good two-way player who excels as a linebacker on defense.

Mike Wiskerchen is called the "watch-charm guard." The smallest man on the starting team, he weighs only 150 pounds but makes up for lack of size with speed and power.

Polsfoot also is looking for good performances from a number of non-lettermen-winners who have shown ability either at River Falls or elsewhere:

Pete Bronson is a transfer student from Ripon College, where he played tackle and fullback.

John Garrett should strengthen the linebacking position.

Dave Henderson may fit into a linebacker slot.

Dan Hubin will help at either guard or tackle and he can play both offense and defense.

Jim Norrish will provide added depth at halfback, both offensively and defensively.

Warren Strehlow, a transfer student from the University of Minnesota, is the biggest man on the squad at 255 pounds. He is a two-way man at tackle.

It is too early to tell about the freshmen, Polsfoot said, but some of them might be seeing action soon.

Observers Rate LaCrosse As Top Conference Team

A look at the Wisconsin State College Conference this fall indicates that La Crosse is the team to beat.

Sports observers feel that the Indians have the greatest potential in the league with their rugged line and fast backfield full of men who can run and throw. River Falls will get a chance to test these conclusions when the Falcons travel to La Crosse on Oct. 14.

Whitewater, last year's conference champion, is rated a strong contender again and clearly the class of its section of the state. River Falls does not play Whitewater this season.

The Blue Devils of Stout State College are beginning to make championship noises, too. The gridgers from Menomonie appeared to be on the title trail last year before the Falcons upset them in the Stout homecoming game. Most of the regulars from the team that tied La Crosse for second place in the league are back this fall.

Bill Kuse of Stevens Point has been called the best quarterback in the conference, and he is expected to direct an explosive ball club that can strike for long distance at any time.

Superior probably will have the heaviest team in the league again and the Yellowjackets will be tough—even without star quarterback Don Perkovich, who has signed a professional baseball con-

tract. Eau Claire will have a well-balanced club. The Bluegold's coach says that they can win the conference title.

Oshkosh, the Falcons' other conference opponent, will be big and is expected to be especially tough on defense. Last year the Titans gave up only a single touchdown in dealing the Falcons a 14-6 Homecoming defeat at River Falls.

Football Schedule Shows 5 Games At Ramer Field

The Falcons' 1961 football schedule includes five home games and four contests on the road. All the home games will start at 7:30 p.m. except the Homecoming battle against Stevens Point, which will begin at 1:30 p.m. The schedule is as follows:

- Sept. 9—Augsburg, home
- Sept. 16—Northland, home
- Sept. 23—Superior, away*
- Sept. 30—Eau Claire, home*
- Oct. 7—Oshkosh, away*
- Oct. 14—La Crosse, away*
- Oct. 21—Stout, home*
- (Dad's Day)
- Oct. 28—Stevens Point, home*
- (Homecoming)
- Nov. 4—Winona, away
- *Conference games

Bergsrud and Page Assist Polsfoot In Coaching College Football Team

It takes more than just one man to coach a college football squad. The Falcons' coaching staff consists of Head Coach Fran Polsfoot and assistants Ben Bergsrud and Don Page.

Polsfoot, a member of the coaching staff since 1954 and head football coach and athletic director since 1957, played four years in the National Football League—three with the Chicago Cardinals and one with the Washington Redskins. He holds the B. S., B. E. and M. S. degrees, all from Washington State College at Pullman.

Bergsrud is chairman of the physical education department and head coach in golf, along with being an assistant in football. He was a regular end for four years

at Luther College in Decorah, Ia. He has a A.B. from Luther, an M. A. from the University of Iowa and has completed work for the doctor's degree at Indiana University.

Page is head coach in basketball and baseball and head football scout. A former star athlete at Madison's West High School, Page later played varsity basketball at the University of Wisconsin, where he received both the B.S. and M.S. degrees. Before coming to River Falls in 1957, he coached at Madison West.

Another member of last year's football staff, Wrestling Coach Byron James, will forego football this fall to coach the cross-country squad.

Foundation grant. Mr. Nottingham holds a 1958 B.S. degree and a 1960 M.S. at St. Cloud State College. He has exhibited in Fargo, N.D., South Bend, Ind., Carbonade, Ill., and Detroit.

Dr. Josephine Paterek will fill a new position in the English department. With bachelor's and master's degrees from the University of Wisconsin, she received the Ph. D. degree in 1961 at the University of Minnesota.

Lawrence Scott takes a new position in the chemistry department. He took the B.S. degree in 1951 and the M.S. in 1954, both at Kansas State University, and has done further work at Oregon State University. Since 1954, he has been research and quality control chemist for the Utah-Idaho Sugar Company of West Jordan, Utah.

Dr. Edward N. Selden will assume a new position in psychology. A 1940 graduate of Superior State College, he holds the M.A. (1947) and the Ph. D. (1960) from the University of Minnesota.

Mr. Selden has been director of student personnel at Moorehead State College and public school psychology and assistant professor at St. Cloud State College. For nine years, he was court psychologist for the Hennepin County Courts in Minneapolis.

Bernard J. Skalka replaces Dr. Donald Borchardt in the speech department. A recipient of the B.S. degree in 1958 and the M.S. in 1959, both at the University of Nebraska, Mr. Skalka was director of technical theater and instructor of speech at Nebraska from 1959 to 1961.

Miss Brenna J. Steil will replace Mrs. Roberta Selin in the kindergarten and nursery school. She took a bachelor of music degree in 1945 at the University of Wisconsin, where she has also done graduate work in education. She has taught at the University Laboratory School at Madison and at Ft. Atkinson and Greendale, Wis.

Frederick C. Stewart fills the math department place of Gerald Bisbey, who is on leave. Mr. Stewart received an A.B. in 1959 from the University of Minnesota—Duluth Branch and a master's degree in 1961 from Minnesota.

Wayne Sukow, a River Falls graduate of 1959, will fill a new position in physics. He received his M. S. degree this summer at Case Institute of Technology at Cleveland. He has been an instructor for an undergraduate physics laboratory at Case Institute.

Louis W. Tyler takes a new position in the English department. He has an A.B. degree (1935) and an M. A. (1936) from the University of Wisconsin. He was a graduate assistant at Wisconsin and has been an instructor at the University of Maryland and the University of Akron.

Dr. John Robert Watt will replace Dr. Robert Tonn in the biology department. He holds a 1928 A.B. from Nebraska Wesleyan Uni-

versity, a 1930 M. S. from Iowa State College and a 1948 Ph. D. from the University of Nebraska.

He has taught at Westminster College at Salt Lake City, Illinois Wesleyan University, Kansas Wesleyan, University of Nebraska, Lambuth College of Jackson, Tenn., and Northern State Teachers College.

James Ole Winjum replaces Perry Fredericks in economics. He took an A.B. in 1960 and an M. A. in 1961 at the University of Minnesota.

In addition to the 18 new teachers, Dr. Richard Swenson, Dr. Charles Graham and Russell Gerber are returning from leaves of absence, and Mel Germanson of the registrar's office has been granted faculty status.
