LOCAL TEAM DEFEATS HUDSON IN RETURN GAME 4-2

Last Friday afternoon the Normal nine played Hudson its return game. Although their practicing throughout the week had been very limited due to much rain, the locals played a good fielding game.

There was no scoring until the third inning when Lowry got to first by a wild pitch, and Kruse advanced him to second by a single. Hawley scored Lowry by a single and Dunbar scored Kruse. This netted the Normal two runs. During the next two innings Hudson scored two runs. This made the score a tie.

They played with the score a tie until the seventh inning when the Normal bunched their hits and scored two more runs. This ended the scoring on both sides, making the score 4-2 in favor of the Normal team.

Odenwahl of Hudson got nineteen strike-outs and allowed seven hits. Dean of the Normal got one strike-out in one inning and allowed three walks. Krueger and Lowry pitched the remainder of the game for the Normal. Krueger receiving good support allowed but two runs in five innings, while Lowry pitched three innings allowing no hits and no walks, and got seven strike-outs.

LAWRENCE WINS TRI-STATE CHAMPIONSHIP OF WISCONSIN, ILLINOIS, MINNESOTA

Lieut. Larson, one of the S. A. T. C. officers here.

"Keeve," the Neenah man, was the highest point-getter of the squad. His lightning speed and exceptional accuracy and tossing combined with his ability to work the floor and his guard gives him the right to claim the forward position on the all state team. "Keeve" started the rally in the Carol game, which was the turning point toward a championship team. In 50 seconds of the last two minutes of the game he tossed three baskets which brought the "Blue and White" in the lead, resulting in victory for Lawrence. From then until the end of the season the team did not meet defeat, although they played some of the strongest teams in the middle west.—The Lawrentian.

Mr. George B. McMillan of Grand Rapids visited Miss Mary McMillan, his niece, one day last week.

BOOKS ARE NEEDED BY OUR SOLDIERS

Will each person who reads this, help in a "Book Drive," such as we had a year ago? You gave liberally then and nearly 1000 books were sent to camps. The need is again urgent, especially for fiction and recreational books for the men in the service, and for those in the hospitals. Many of the men in the hospitals are men who have been wounded overseas. They will have to spend months in these hospitals before they have sufficiently recuperated from their injuries to enter civil life again. Let us help them by sending them our good books—the ones we have purchased or received since the drive a year ago. We have read them and enjoyed them, now what better can we do than pass them to our wounded soldiers?

Bring any books you may have or can get to the library where they will be properly prepared with labels and shipped to the hospitals needing them.

HOW TO READ THE HEART OF A BOY

1. Study his parentage and home influences.
2. Observe closely his likes and dislikes, aptitudes, temper, companions, reading.
3. Converse with him often in a friendly way.
4. Ask as to his purposes and ambitions.
5. Lend him books.
6. Interest yourself in his sports.
7. Speak to him of lessons in the lives of good men.
8. Tell him of your struggles in boyhood or girlhood with adverse circumstances.
9. In brief, be his friend; when he leaves school and neighborhood, keep informed as to his whereabouts by correspondence.

HIGH SCHOOL FORUM

The following program will be given at the regular meeting of the Forum Monday, April 21:

Debate: Resolved, That the Railroads should be owned and operated by the Federal Government.

Affirmative—Mr. Hendrickson, Mr. Dunbar, Mr. Robey, Mr. Pratt.

Negative—Mr. Chas. Hulbert, Mr. Hanson, Mr. Shern, Mr. M. Hulbert.

Talks—Mr. Segestrom, Mr. Whitenack.

FRESHMEN WIN TRACK MEET

With Cecil Hulbert as the big point-getter, the freshmen carried off the blue ribbon at the high school track meet last Tuesday afternoon. They saved 40 points to the second year's 36.

All the events were keenly contested, and the spectators were often thrilled by the work of the several teams or individuals.

"Chuck" Hulbert chinned 18 times, the record for the whole school. Ted Whitenack and Cecil Hulbert made a record on the high jump of 4 feet and 8 inches. The freshies took first and second in the sack race. The third year men easily took the tug of war, even though they had to pull twice. Cudd took the shot put and Gordon Stewart the broad-jump.

"SUNBONNETS"

The Rural Life club presented its play, "Sunbonnets," in the auditorium on Thursday evening, April 10, to a large and appreciative audience.

The play afforded an opportunity for some character work. Miss Engledinger, the practical Mrs. Butterfield, who found herself in the uncomfortable predicament of having to entertain two rival and antagonistic sewing societies, carried out her part well. Miss Severson and Miss Gregerson were very pleasing in their parts as the two young girls. Camilla Nelson very ably acted the rather difficult part of the impractical, very lady-like summer boarder.

The character of the old ladies of the two societies were well portrayed by Gertrude Traynor, Hazel Buck, Rosanna Taylor, Tessie Fraher, Dogmar Madsen, Effie Place, and Nellie Glass, the old fashioned rival setting and costumes added much to the atmosphere of the performance and to the amusement of the audience.

GAME POSTPONED

The game which was to be played here Monday between St. Olaf and the Normal was postponed by St. Olaf until Wednesday afternoon. The reason for the postponement is the lack of practice at St. Olaf due to weather conditions.

Girls' baseball begins this week—real baseball—out doors. Bats, mitts and balls are ready. Sign up, girls!

AS A STUDENT SEES IT

Every Wednesday or Thursday of each week the Student Voice appears. Believe me, it appears! "Student Voice, three cents; two for five cents—two for a nickel," hails from this and that end of the hall of each building. "Student Voice," behind you, beside you, on all sides; turn this way to escape the din, and you run, bump, and biff-bang! clash directly into it, until to get away from it you buy, not one but two, three, and before you realize what is happening, you are giving away those "extras" which were literally thrust upon you.

The Student Voice for this week was sold in much the same unique way. A table, piled with copies, and strewn with dimes, pennies, and nickels, was facing one when he entered the door of the South hall the other day. One was immediately tackled, and he was lucky if he was let go with only two copies. There is no doubt that the sale, at least, of the Student Voice is going to be a howling success.

LINCOLNIAN LITERARY SOCIETY

The program for tonight, April 16, includes the following debate which will be of interest to all men of the school.

Resolved: That the Monroe Doctrine should be protected by being included in the Peace Treaty, providing for the League of Nations.

Affirmative—Otterson, Harndon

Negative—Fay, O'Brien.

The eats committee is planning on an oyster stew.

LEAGUE OF NATIONS FORUM

Last Friday evening a series of lectures on the different phases of the League of Nations was given in the Normal auditorium under the auspices of the League for the enforcement of peace. The program consisted of the following numbers:

1. Song—Onward Christian Soldiers.
2. Mr. Karges—Why we Should Have a League.
3. Miss Latta—The Plan and Constitution of the League.
4. Mr. Ames—Our Foreign Policy.
5. Song—America, the Beautiful.
6. Mr. Thrush—The Ethics of the Case.
7. Mr. Erlandson—Sovereignty and Enforcement.
8. Mr. Clark—Ideals of Public Men on the Monroe Doctrine.

Each number of the lectures was very instructive. The latent humor of Mr. Clark's was as entertaining as it was educational. A goodly number of the citizens and students attended.

ENGLISH DEPARTMENT

"Two places of great importance are the Strait of Jibarotter and the Darden-Nells."

"Catherine II. rendered service to Russia which she could never be forgotten by."

"Frederick the Great was a real holensolern."

"Catherine II. overpowered the Turks and the Greessians."

"Frederick the Great was a man who believed that if you gained anything by doing wrong it was perfectly all right."

Hutchinson: "Peter the Great drained marches, built school and church to educate his people, visited the west, brought back skilled men of different of occupation, etc. To make united his people produced a great army, in a whole he done remarkably great for Russia."

"AURELIA INITIATION"

One Thursday evening the Aurelia society inducted sixteen new members into its organization. Of course these people were doomed for an initiation which they received the same evening.

The program furnished by the new members was started by a little town gossip, in which Evelyn Stockman and "Joe," Althea Hurd and "Felix," got a few jolts. Second there was a very clever little dance, a cabaret given by the Misses Marcella Goff, Myrtle Gardener, and Georgia Jones. Newest methods in fancy dancing were demonstrated. There were several girls each of whom was booked to tell as big a lie as possible. The only person that appeared on the scene was Idamae Meyers. The writer does not know what the lie was, but has been informed that it was a big one.

Very few of us know that in the student body we have a "Light Opera Company." This company appeared as the fourth number of the program, presenting an impromptu opera, entitled "Dust of Egypt." The opera was a howling success, so will probably be given in some of the nearby cities, such as Cherma, Beldenville, and Glover.

At eight o'clock the orchestra appeared on the scene. The program was then closed by a one-hour dance, which the girls thought was only half long enough.

(Since the above was written the editor has found out about the lie told by Miss Meyers. She said "Once I had a quarter.")

The Appointment committee continues to receive a large number of calls for teachers. Several of the 1919s have already "signed up." Salaries are unusually good.

In these balmy spring days it is a great consolation to hear that there once was a fellow who went to school a whole year without missing a class or even being late. He isn't living now!

Monday evening the Misses Mosher, Dahl, and Cheney entertained the Women's League in the library. If there were any students in the South Hall no doubt they were surprised at the unusual hilarity in the library.

A-CAT-ASTROPHE

Last week, sometime during the "wee sma" hours, a catastrophe took place at the home of Miss Willett. A large grey cat, tired of its mid-night revels, attempted to find lodging in more comfortable quarters by crawling in at one of the upper windows. Pandemonium reigned supreme until the bold maurader was forcibly ejected, with great bravery, by Miss Gaunitz. Rumor has it, that since that night several of the ladies of that neighborhood refuse to sleep with their windows open. For their benefit we quote the following verse:

"The cat that comes to my window sill
When the night is dark and the wind is still,
He comes in a frenzied state alone
With a tail stuck out like a pine-tree cone.
Au he says, 'I have finished my evenin' lark,
I think I can hear a hound dog bark,
My whiskers are froze an' stuck to chin,
I wish you'd get up an' let me in."
That cat gets in.

Respectfully dedicated to Bill Hawley. Monday A. M.:-

"I sit me down in class to sleep,
I hope a pal my notes will keep.
If I should snore before I wake
Do poke my ribs, for pity's sake."

The Brain—To the upper classmen.
To manage and keep up a brain
Is no easy job, it is plain.
That's why a great many don't ever
use any,
Thus avoiding the care and the strain.

NORMAL JAZZ

Common sense is the least common thing there is.

The teaching profession is a thankless profession.

If you cannot laugh at the joke, laugh at the age of the joke.

Let the howlers howl, and the prowlers prowl, gew gaws go it! Behind the night there is plenty of light and things are all right—I know it.

There is so much low in the highest brow, and so much high in the lowest brow, that it ill becomes any kind of a brow to reflect on the height of any old brow.—Irving S. Cobb.

“What did you do in Education IV Friday?”

Miss Johnson: “We digressed as usual.”

At the Y. W. meeting last Thursday the following girls were elected to offices:

- Pres.—Helen Lampson
- V. P.—Idamae Myers
- Secy.—Helen McDonald
- Treas.—Verna Webb.

Mr. Wentz says that he is glad that he is the only one who could appreciate the joke about the fellow who had two girls and didn't know which one to marry until he found out that it would cost him \$1.75 to change his mind.

Harold Lissack: “Gee, I will be glad when we get on the last quarter.”

Mr. Erlandson: “Why?”

Lissack: “I'll be on the last lap.”

Mr. Erlandson: “Minnie Everson of Stillwater enters for the last quarter, doesn't she?”

Mr. Erlandson has charge of the correspondence department, so upon receipt of some work from a girl taking a course in English, he attached the following little note and put it in Mr. Hanna's box:

“Correct and return.”

Erlandson.

When he returned the work to the girl this is the reply that he received about the little note that he forgot to detach:

“You requested me to correct and return ‘Erlandson.’ I have looked over my work and I cannot find that I have ever had it. Will you please tell me what page it is on?”
