

"Hi" Teams "Battle" For Falls District Honors

Davison, Wandrey Oratorical Speakers at LaCrosse Tonight

Both are Members of Debate Team and Prominent in School Affairs

Have Good Record in Forensics—Expected to Make Good Showing

River Falls will be represented in the state oratorical contest tonight at La Crosse by John Davison, Fred Wandrey, and Horace Merrill. Davison is the orator, his speech being "Manifest Destiny". Wandrey will represent River Falls in the extemporaneous speaking contest. He will speak on some phase of the Kellogg Peace Pact". Merrill is the alternate and is prepared to take the place of either of the contestants, in case of accident.

It was originally planned to send George Thomas, Marshall Norseng, and Thomas Runkle to La Crosse as a River Falls musical act. Developments have made it impossible for these men to go.

Title at Stake

The state debate title will be decided a week from today. River Falls, the winner of the Northern triangle, will meet Platteville, winner of the Southern triangle, and Oshkosh, the winner of the Central triangle. One of the River Falls teams will likely go to Platteville, while the other team will entertain Oshkosh here.

There is some doubt, however, whether River Falls will be allowed to enter these debates. Eau Claire has protested the eligibility of some of the River Falls debaters, due to the fact that some of them have competed in debate circles for four years. This matter will be settled soon at a meeting of the State Board of Forensics. Should the board decide against River Falls, Eau Claire would then represent the Northern triangle.

Meet Eau Claire

Last Monday the affirmative debate team, Wandrey, Norseng, and Amundson, went to Eau Claire, and had a practise debate with the Eau Claire negative team. They report that Eau Claire has a good team and gave them a stiff opposition. However, there was no decision rendered.

The trip had its amusing, or perhaps, tragic incidents. The team and Mr. Williams, coach, went in Norseng's car. It came back, yes, but "sans" fenders. The first fender was left just out, side of Hudson, where Norseng disputed the right-of-way with a truck. The next fender followed its predecessor in the main ruts of Menomonie, where Norseng, unable to get out of the rut, or stop, tried to climb aboard the rear end of another truck. Next Mish parked his car in River Falls. Along came a hay hack which left with the remaining two fenders. It is rumored that Mish has ordered rubber fenders to replace his former collapsible ones.

All those wishing seats for Friday Night's game had better take a lunch several chairs, and a pillow or two. Line forms on the end.

"R" Club To Give Formal

The "R" Club will promote a formal dance, similar to the annual G. O. P. formal, on a date not yet decided by probably in the second week of April according to Clarence Alfonso, president of the "R" Club.

Invitations are being extended to all members of the "R" Club, men's athletic organization, and all other men who have made a creditable showing in athletics, although they have not won a letter. Managers of the teams, cheer-leaders, and others connected with athletics are also being invited.

It is estimated that approximately sixty couples will attend.

Nothing definite has been decided yet as to the details of the event, except that the date has been set fairly definitely in the second week of April. Members of the "R" Club acting on the committee of arrangements are: Harold Segerstrom, chairman; Arnold Larson, Clair Bartosh, and Earl "Pickles" McLaughlin.

DANCE MONDAY NIGHT

Davidson and Norseng Company is giving another dance in the Armory Monday night. The King Midas Orchestra will play.

P.W. Ramer Lauds Work of Others in Developing School

Reviews Growth of College From Early Years to Present Time

Analyzes Causes of Recent Development; Forecast Prosperous Future

By P. W. Ramer

Since February 1st, when my connection with the Board of Regents of the Normal Schools terminated, there has been a very generous public expression of appreciation for my services. Nothing can give one greater satisfaction than to know that he has the confidence and respect of the people of the community in which he lives. Gratitude is the highest and noblest quality mankind possesses. It pays debts that money cannot reach.

It would be selfishness on my part if I were to accept undue credit for the development of our Teachers College, of which we are all equally proud. Every person has had a good word to say in the building of harmony and goodwill between the school and the city, has had an important part in this development.

The real awakening for the development of this school was brought here by Mr. Crabtree who took the big view that a state institution was entitled to, and through his able efforts the influence of the school was extended. The usual enrollment of about 300 soon jumped to about 600 and laid a sound foundation for the development of the physical plant.

At that time it was the custom of normal schools to accept students from the eighth grade for the five year course, and high school graduates for the two year course. President Ames who succeeded President Crabtree has had a new problem to face. The Board made a ruling that the entrance requirement for the normal schools should be limited to high school graduation. This would eliminate one-half of our enrollment. Through the skill and energy of President Ames and his efficient and hard working faculty the enrollment has been well kept up and now has a marked increase of enrollment on the high school basis. This gave a sound basis for physical development that a school of higher educational standards required.

It would be a serious mistake if we did not recognize the great influence that our athletic, debating and oratorical teams have had in putting this school on the map and making River Falls Teachers College stand out in the foreground of reputation among similar schools. This is not only good advertising for the school, but it builds up a spirit of determination that gives and collects in full for what the world owes them. The success of these school teams has brought such favorable attention to their able instructors that River Falls has become a stepping stone for higher positions. Reputation is the thing

"The Lowdown"

This week's song: I faw down and go splash!

Seeing that the management of this here Basketball tournament kindly offered reporters tickets at the reduced price of \$1.25, we bought one, and have been over at the gym sitting on those nice hardwood upholstered seats for hours lately trying to get a little dope for our paper.

Here is our official all-tournament team. Have at it:
Zabel, Clayton, Forward
Johnson, N. Richmond, Forward
Stori, Menomonie, Center
Dawson, River Falls, Guard
Hammer, Colfax, Guard

One thing we like about this tournament is that somebody loses every game, and it's fun wiping the tears away for these cute little H. S. girls.

Clayton came through to the finals with the help of Messrs. Segerstrom, Dzubay, and Johnson of the local college.

The appearance of our city may lead the visitors to believe they are in London or Venice. All we lack is the gondolas, and a few other things.

This Clayton gang is reputed to be the best they've had in years and it's plenty good. Most of them run t o beef and they make good use of it. Zabel, a red headed forward is a flash, with speed to burn and a wicked way of sticking onto his man. "Ducky" Lee, center, is the biggest man in the tournament, and can crash in on that basket plenty hard. He gets our vote for second best center.

Clayton beat out Baldwin with a powerful finish after Baldwin had tied up the game thirteen all.

These "little sisters" of our Co-eds may visit school just as often as they want to.

Menomonie has been coming down here with good teams for years back and have been beaten out some way or other everytime. This year they came through to the finals by a hair raising finish against New Richmond and a well played game against River Falls. Stori, captain and center, now

Thrilling Games in First Round Boost Interest In "Series"

Menomonie's Sensational Last-Minute Comeback Gives Crowd a "Thriller"

Teams Play Hard to Overcome Close Score Which Features all Play Offs

In one of the most interesting and exciting tournaments ever held in the River Falls Teachers College gym, eight leading teams have battled for district honors, with luck, handicaps and courage playing a part in every tilt.

Rooters packed from cellar to ceiling have thundered with applause, bands have blared out school and pep songs, yell have deafened ears! A typical River Falls tournament.

The big show started with the initial game and has been running steadily three days—its climax booked for tonight, after the game if not during the game.

Clayton 25- Baldwin 13

The 1929 River Falls district tournament was appropriately opened by a fast, hard fought game between Baldwin and Clayton, which resulted in a victory for Clayton by a 20-13 score. Clayton led the half, 13-2, but Baldwin staged a remarkable comeback to score eleven points while holding their opponents to none to tie up the score at thirteen, all in the fourth quarter. Long shots by Anderson and Zabel of Clayton put the game on ice, however, and Baldwin became the first team eliminated. Zabel of Clayton and Anderson of Baldwin were outstanding.

Colfax 28-Hudson 23

Ability to sink their free throws enabled Colfax to eliminate Hudson 28-23 in the second game of the afternoon. Colfax by snappy passing, piled up an early lead which they held throughout the game. Hudson threatened often in the second half, but lacked the final punch to over take the speedy Cardinals. Severson of Colfax was high point man of the game with 14 points while his team mate Conway, played a nice game at guard. Kottke and Everson played good games for Hudson.

Menomie Vs. New Richmond

Although all of the games of the first round were hard fought, Menomonie furnished the thriller when they over came a 10 point lead and nosed-out New Richmond. Stori center, making four baskets and a free throw and Trinkle, forward.

(Continued on page three)

MR. WILLIAMS JUDGES MINN. COLLEGE DEBATE

Last Monday night, Mr. Williams of the forensics department, judged a debate at Northfield between St. Olaf and Hamline colleges. The decision given by Mr. Williams was in favor of Hamline.

Next week Mr. Williams goes to St. Paul, where he is to be judge of a debate between Macalester and St. Olaf colleges.

A PLEASANT TIME

In behalf of the students and the faculty, the VOICE wishes to thank the players, coaches and rooters from out-of-town high schools that have been on hand to furnish such pep, enthusiasm and pleasure for the local college and city folks.

The annual high school tournament means a lot of pleasure for the college and the students hope all the participants had a lot of fun out of it too.

It has been a chance to renew old friendships, to make new acquaintances, and to form connections with the college.

The old college hopes that a bunch of you fellows and your peppy followers will don "Frosh" colors in the school as soon as you have finished your high school courses, and use the same pep and dash that brought you honors (in this tournament) for the honor and glory of River Falls. Those are the things that have made the famous "River Falls Spirit"!

P. W. RAMER LAUDS WORK OF OTHERS IN DEVELOPING SCHOOLS

(Continued from page 1)

we earn, and it has a far reaching influence. The good reputation of teachers in the field who graduate at this school, all help in its development.

The city management and business men have given valuable aid in the development of this school by their hearty co-operation for harmony and good-will between the city and educational institutions. A community in harmony, with willingness to be helpful, is in itself a strong developing feature.

My work has been mainly with the development of the physical plant which can be seen by casual observation. The real thing is the school that uses this plant and provides educational facilities for the people of this part of the state. In physical equipment and teaching staff no Teachers College in this state is better equipped. It is the school itself that will need our constant and helpful aid. For this work I think Regent Grimm will prove to be a marked improvement.

I want to thank the people for my share of public expression of appreciation for the development of this school. To my mind, every person who has helped in this development, if only a good word, has their full share in the public expression of appreciation.

P. W. Ramer

JUNIOR HI MINSTRELS PROMISE BIG TREAT

Termed the "most unusual show

of the season," the "Junior Hi Minstrel," college athletic benefit booked for Wednesday, March 20, will furnish plenty of laughter and fun according to Marvin D. Geere, music director in charge of the show.

The feature attractions include the boys minstrel show two reels of brand new "Our Gang" comedy, and a one act play by the Masquers, college dramatic society, entitled "Sauce For the Goslins".

Prominent among the attractions will be the wit and song of well-known River Falls youngsters, who will sing 10 big musical hits and crack some "brand new" jokes. Kenneth Ames will be interlocutor and with him, as end men will be Bobby Knowles, Lloyd Jensen, Jimmy May, Newell Younggren, Danny O'Brien, and Chinnock. A circle of 20 boys from the junior hi and high school will be in the chorus.

Special songs include "Where The Southern Roses Bloom" by Kenney Ames. "Old Man River" by Bob Knowles, Nobody" by Jimmie May, "Mr. Rufus, Rastus, Johnson Brown" by Lloyd Johnson, "I Love Me" by Danny O'Brien, and "Little Coon's Prayer" by Le Roy Teisberg.

The grand finale of the minstrel will be the Boy Scout march. The circle of boys will wear uniforms while the end men will appear in a colorful array of dress suitable to a minstrel. The Junior Hi orchestra will play.

In addition to the minstrel, two other acts should please according to the program maker. They are the two reels of "Our Gang Comedy" and the one act comedy "Sauce For The Goslin" by the college Masquers cast.

"Boost for River Falls"

CONTEST FOR GRADUATING STUDENTS

The American Mercury offers two prizes, each of \$500, for articles by college graduates of this year, discussing their experiences in college. One will go to the best article received from a male student, and the other to the best from woman student. The conditions.

1. No article should be less than 3000 words long, or more than 8000.

2. Each must be the original work of a student graduating from an American college with the class of 1929, making the A. B. or its equivalent.

3. Each must bear the full name and address of the author, the name of the college attended and a statement of the course followed and the degree to be taken.

4. Each must be accompanied by a stamped and addressed envelope for its return in case it is not accepted.

5. The editor of The American Mercury will be the judge of the competition.

All MSS. entered for the prizes should reach this office not later than July 1 next. The two prize-winners will be printed in the issue for September. In case others are received that seem to be worth printing, offers will be made for them. But no contestant will be obliged to accept such an offer. There are no other conditions.

The aim of the competition is not to bring forth learned treatises on the higher education, but to obtain records of personal experiences. How do the four years in college strike an intelligent young man or woman—and only the highly intelligent will be able to formulate significant verdicts—immediately after they are over? Does the time seem to have been well spent? How much was learned? What was gained in other directions—by social contrasts and so on? How many of the instructors encountered seemed to have anything genuinely valuable to impart? Was life, in general, pleasant or not? Is there any feeling at the end that equipment has been improved? Does college arouse a

desire for further learning, or do the four years seem enough?

The contestants will be expected to name their colleges, and to give the names of any teachers they may discuss, especially those who have struck them as competent. The final day for sending in MSS. has been put beyond commencement time, so that frankness need not imperil diplomas. The MSS. submitted will be judged by their honesty, their intelligence, their freshness of viewpoint, and their interest as human documents. The competition is open to the students of all American colleges of good repute. Contestants will be free to discuss all of the matters suggested, or any one of them, or anything outside them. It is desired to give them the utmost practicable freedom. MSS. may be sent in at any time before July 1. The names of all contestants save the prize winners will be held strictly confidential.

Henry Ford performed a great service for humanity when he finally developed a car whose horn could be heard above its rattle.

Wisconsin soil service spent a busy year in 1928. Soil acidity tests were made on about 5,000 samples sent in by farmers and 1,000 limestone and marl samples were also analysed to determine factors affecting Wisconsin.

River Falls vs Spring Valley
Without stiff competition, River Falls had little chance to show their calliber in the tournament when they defeated Spring Valley handily. Captain Dawson showed floor ability of big calliber. Bervin, Spring Valley center, did good work.

Baldwin 14—Hudson 20
In a game packed with thrills and nip-and-tuck scoring Hudson beat Baldwin 20-14 in the first consolation game. The game ended in 23-23 and an overtime period of three minutes was played in which neither team scored. According to the Wisconsin Interscholastic tournament ruling, the victory in such a case reverted to the team having scored the most field goals. Hudson thus out scored Baldwin 20-14 in this respect. Baldwin as in its former game, started slowly and finished fast to tie up the score in the final minute of the regular playing period but all to no avail. Anderson at center played best for Baldwin, while Kottke played a nice game for Hudson.

Spring Valley 16—New Richmond 15
Led by their center, Berven, who scored 14 out of his teams 16 points, the scrappy little Spring Valley team up set the dope by nosing out New Richmond 16-15 in the second game of the consolation series. New Richmond showed the effects of their hard game with menomonie the night before and missed many shots. The game was close and hard fought throughout.

Colfax vs Clayton
In the first game of the semi-finals Thursday night Clayton kept his reputation of being a dark horse by defeating Colfax 12-15. Both teams played a tight defensive game. Clayton ran up a lead the first half but Colfax came back with a spurt the second half, but the lead was too large to overcome. Zabel and Lee played good ball for Clayton and Severson worked good for Colfax.

River Falls vs Menomonie
In the second game of the semi-finals Menomonie won a hard fought game from River Falls by the score of 16 to 20. Menomonie ran up a 10 to 1 lead before River Falls started going. River Falls,

soon after the half, took a 3 point lead but baskets by Baker and Hyland soon wiped it out and Menomonie kept a lead to the end of the game. Dawson played good ball for River Falls getting seven points. Braker, Stori and Hyland starred for Menomonie.

RIVER FALLS

SPRING VALLEY

If Wisconsin is to continue to use white pines for reforestation, black currants must be eradicated from the state, for the currants harbor the spores of blister rust which causes serious losses of pines.
