## College Sponsors Annual Poultry and Grain Show

### College Farm Is Big Asset To Students In Agriculture Work

Modern Buildings, Excellent Machinery, Best Livestock Constitute Qualities

By Vic Peterson

The College Farm with its new modern buildings, pure bred livestock, and complete equipment is one of the most outstanding assets of the Department of Agriculture at the River Falls State Teacher's College. It furnishes a means of connecting the theoretical facts taught in the classes with the practical farm practices. It also furnishes excellent means of doing experimental work in the college or high school.

#### Dairy Herd Good

The farm maintains a pure bred Holstein herd and a herd of pure bred Guernseys. These two herds are composed of about fifty very excellent individual dairy cattle. They are of very fine type and are used extensively in judging practice. They have made creditable records in butter fat production. At the present time several of them are being run on the Wisconsin State supervised test. Either of the two herds would be a just cause for any agricultural school to boast. The products from these cattle are marketed in the form of city market milk. All precautions for sanitation are observed in caring for the milk. It is sold to the Normal cafeteria and to regular city customers and is delivered to the consumer very shortly after it is produced.

#### Wide Variety of Stock

A feeding experiment is being carried on at present by the class in "Feeds and Feeding" with a group of steers of three different breeds. These steers are all kept on this farm where they can be constantly watched by the students of agriculture.

A flock of 100 White Leghorn pullets are kept for the convenience of the poultry classes. These pullets are of the very best blood lines and are raised and fed according to the care and feeding methods as advocated by the Wisconsin Experiment Station. They are at the present time producing eggs at the rate of about five dozen each day.

The farm owns four head of draft horses which are used to do the farm work. A very fine herd of hogs consisting of the Duroc Jersey and the Poland China breeds and a flock of Shropshire ewes are, also, part of the livestock of the farm.

#### Buildings Modern

The farm buildings consist of a modern dairy barn, a well equipped calf barn, a hog barn, a horse barn a sheep shed, a farm house, two poultry houses, one of which is built according to the specifications of the new Wisconsin type, shops, and machinery sheds, and a modern farm dairy house with a bottling room. These buildings are all modern and

(Continued on page 4)

### Active Pre-Holiday Programs Booked On Club Calendars

All Clubs Are Planning Some Kind of Work or Program Ere Christmas Season

As the Christmas season rolls around again, the organizations of the school prepare for Christmas parties and programs. Many of the organizations plan to extend their good times to many in the outside world.

The Y. W. C. A. will meet tonight to make plans to carry out their big Christmas program. They will, also, give out material to make clothes and toys. With the cooperation of the Women's League the toys and clothes will be packed in boxes and sent to needy people in cities and in a poverty stricken valley of Tennessee. Boxes will be sent to the people in the county home at Ellsworth. The girls, are, also, making things for the nursery in the River Falls Hospital.

The G. A. A. girls are making curtains and dish towels for the girls' club rooms. Plans are being made for a big Christmas party December fifteenth.

The big N. C. A. Christmas party will be held at the church next Tuesday, evening. They will have all decorations and lights necessary to make a beautiful party.

The Aurelia plans to have a Christmas party; but, as yet, it has not been worked out in detail.

The Y. M. C. A. will have regular Christmas services.

### Prexy Ames Praises 1927 Football Squad

In a short talk before assembly last Tuesday President Ames lauded the football squad for its play during the past season by saying, "This year's team is one of the best, if not the best, that has ever represented this school."

He went on to prove his statement by giving details of the team's career, showing the impressive record of the grid men.

#### Praises Men

"Not only are our men the best of athletes, but they are also among the best of our students. We have received no complaints as to their behavior in school or out since they began training.

"We have had a great season, a great team and a great bunch of fellows. Everyone has the right to be proud of our team and men; for although they did not bring us the championship, they came mighty close to it and proved themselves to be worthy of honor," said Mr. Ames in closing.

### Registration Day Finds Many New, Old Pupils Back

School Activities Cease For Day While Everyone Goes About Getting Ready

Registration for the mid-term of the fifty-third year began at eight o'clock Monday morning. A continuous line of students filed through the office and the rest of the usual routine, all morning and part of the afternoon.

Many old students who have been out a term, or more, and old graduates have returned to continue their studies. Those returning are: Henrietta Simpson, River Falls; Eva Buckley, Prescott; Joe Chop, Shell Lake; Lloyd Clemmens, Barron; Perry Adams, River Falls; Thelma Segerstrom, River Falls; and Regina Kulbarke, River Falls.

Several new students enrolled, also, making fifteen or sixteen additional enrollments. Some of the new students are: Amy Tweit, Holcomb; Irvin Lotz, New Richmond; Lee Klein, Amery; Eiling Mjaones, Clayton; and William G. Marquardt of Clear Lake.

The total enrollment Monday night was four hundred sixty-two, which is slightly lower than that of the first term.

Mr. Witenack's office and the text book library were greatly congested throughout the day; but by closing time, most of the students were in possession of their activity cards.

The library remained open, as usual, Monday; but very few students took advantage of this fact to do a little post or pre-term studying.

Practice teachers reported for duty Monday so that their vacation was cut short, but they consoled themselves by thinking of what the others had coming.

### Debate Squad's Losing Teams Pay to Winners

An all squad debate and banquet was given in honor of the winning team and their coach on Friday evening at Mrs. Wasson's Lunch Room. Members of the winning team were Helen Hawkins, Elmer Nelson and Lyle Lahphere. They were coached by Jack Davison.

Marshall Norseng, toastmaster, called on the following persons to give their impression on subjects somewhat varying from the debate. Coach Mitchell, the Honorable Mr. Davison, Mr. James Casey, and Miss Vivian Vassau.

Waiters and waitresses were members of the losing team.

After the banquet was completed, members of the squad and their friends returned to South Hall, where a dance was given. Although there was not a large crowd in attendance, Don Olson seems to have expressed the sentiments of the squad when he said, "I had a swell time."

"Our Captain"

Captain Bliss is the man who is to lead the Falls basketeers this year on to victory. Give him your support, and he and the rest of his team will bring in the bacon.

### Sophs Spend Evening Of Annual Party by Celebrating in Gym

Everybody's Spirits Soar Up To Happy Relms As Sophs Dance and Play Games

A peppy party was the celebration put on by the sophomore class last Saturday night as a means of releasing the students from the strains of test week. It proved unusually successful in driving away the exam ghosts, which previously could be seen stalking up and down the halls and frightening their would be slaves.

The evening began with an unusually small crowd in attendance; but as the night wore on, and more and more couples put in their appearance, the maximum crowd being about seventy-five, a little over half of which were boys.

#### Orchestra Pleases

The music supplied by "Jap's" orchestra proved very pleasing to the crowd. After many of the dances the orchestra was clapped so vigorously that they were obliged to play one and sometimes two encores. Two dances, especially, seemed to delight the studes. These were a circle two step and a broomstick dance, without the brooms. Both of these caused a general mixup of the dancing bringing about an even more informal party than had existed before.

Between and during the dances the merry couples would draw up to the punch table and partake of the fine punch and wafers supplied by the program committee, after which they would glide back onto the floor for some more fun.

#### Games Played

Many of the sophomores occasionally dropped into one or the other of the two rooms provided for playing games where they were met by a varied array of games. There were cards, dominoes, caroms and dice. The caroms attracted the greatest crowd. Bunco was played by many, but occasionally the dice were used for more nefarious purposes.

The party ended at about eleven-fifteen. Approval of everything from the orchestra to the punch was expressed by all in leaving.

Reverend Johnson of the Lutheran House of Worship will speak at the Y. M. C. A. tonight. Everyone enjoyed Mr. Johnson's first talk of about two months ago. Be out and hear him again tonight.

### Show to Be Held In College Gym. On May 8 and 9

Agricultural Department Takes Charge of Exhibits Shown By Farmers and Clubs

Community and Boys' and Girls' Clubs, Poultry and Grain Exhibits on Program

The eighth annual Poultry and Grain Show, sponsored by the River Falls Teacher's College, is to be held in the college gymnasium next Thursday and Friday. It is expected that this year's show will far exceed any previously held as the interest in it is very great. Co-operation is very evident in the conducting of the show this year.

#### Students Manage

As a general preparation for such future work, the seniors of the agriculture department are taking over the management of the show. Those in charge are: General Superintendent—Erle Barber, Superintendent of (Continued on page 4.)

### Cochrane to Select Best School Orator In Contest Thursday

Keen Competition of the Higher Type Will Produce Orator To Represent College

The representative to the state oratorical contest from this college will be selected next Thursday in assembly when the five local contestants will compete with each other for first honors. The winners will represent River Falls in the state contest, which is to be held at Oshkosh on March 16.

#### Close Competition

The orators competing have worked on their orations, with the help of Mr. Mitchell, since the beginning of the term. They have all had previous experience in college forensics, so the contest will undoubtedly be a close one.

John Burke, who represented this school two years ago and won second place, is again striving for a chance to speak for his Alma Mater. However, his fight for first laurels will have to be a mighty good one if he is going to keep such speakers as John Davison, Thomas Barry, Donald Olson, and Lewis Troyer off the pinnacle.

#### Cochrane to Judge

For the past four years Professor Cochrane, head of the forensic department of Calleton College, has judged the local oratorical contest. During the past four years he has, also delighted the students of this school with readings. This year he will continue the previous custom by not only judging the contest but also by presenting another reading. The reading will be given before a special assembly in the afternoon.

The speakers and their orations are listed below  
"Receding Democracy" ..... John Davison  
"Patriots of Peace" ..... John Burke  
"Recognition of Russia" ..... Thomas Barry  
"The Inequalities of War" ..... Donald Olson  
"The Monroe Doctrine and Dollar Diplomacy" ..... Lewis Troyer

## River Falls Cagers To Tackle Mid-West For Practice Games

**Strenuous Program is Laid Out For Falls Championship Aspirants Before Regular Conference Basketball Schedule Starts With La Crosse at La Crosse on January 14. Hopes are High.**

The River Falls basketball team are busily preparing themselves for the strenuous schedule that lies ahead of them in the near future. Coach Stanley with football season just finished, is rapidly getting his basketball squad rounded into shape for the first game scheduled for December 10.

### Title Hopes Strong

Nine letter men are back from last year's team, making a strong foundation for the hopes of the Red and White cagers for another championship. They are Bud Manion, Harold Segerstrom, Raymond Bliss, Bill Hunt, Nor Manion, Lefty Case, Jim Landis, Frank Standish and Skin Collins. All of these men will be able to start in the first game except Nor, who is still nursing a serious injury received in the Stevens Point game. However, he also, will be able to get back into the fray a little later in the season.

Many lesser luminaries are show-good form. These are the freshmen. Many of them are former high school stars, so the prospects of a strong team with reserves almost as strong are very bright. About thirty men have turned out, but the coach is thinning the ranks rapidly.

### To Play in West

As a preliminary to the conference schedule the team has arranged for a holiday trip on which they will meet the strongest mid-west college teams. On December 10 the Stanleyites will begin their trip with a game with the Hudson Legion team. After that game they will follow this schedule:

- Carleton—December 13.
- Macalester—December 14.
- Columbia College, Sioux Falls—December 16.
- South Dakota State, Brookings—December 17.
- South Dakota University, Vermillion—December 19.
- North Dakota Aggies, Fargo—December 21.
- St. Thomas College, St. Paul—December 22.

When in the Cities, the team will watch the Notre Dame—Minnesota game, following which they will take a week's rest before their campaign with schools in Wisconsin. This extensive schedule will be published next week.

### DRAMA CONTEST

On Friday night in the college auditorium, there will be presented a contest in drama by two community clubs. These clubs are winners of contests in St. Croix and Pierce counties. The winner between these contestants will go to Madison in an attempt to win the state championship.

## Banquet For Gridders Given by Faculty Men

The members of the River Falls football squad were guests of the faculty at a banquet given at Wasson's Lunch Room, Monday evening, December 5. The room was decorated with the school colors and tall reds cast a soft glow over the long tables.

The football players showed as much enthusiasm in tackling the chicken pie as they did in playing the game which made them famous.

President Ames was the first speaker of the evening. He spoke briefly of the school's pride in the team and read a letter from the president of La Crosse Teacher's College commending the boys for their splendid work in the final game. Professor Junkman then read his own All-American team made up of such notables as Mutt, Jiggs, Mayo, Thompson of Chicago and others.

This was followed by a little talk by Coach Stanley on "Confidence", the quality he believes to be essential for success. He also stated that in all his experiences in college football, both as a player and a coach, he had never found a student body that had as much school spirit, enthusiasm and pep per person as has been exhibited in River Falls Teacher's College.

Dr. Dawson, who has supported the team loyally through every game and given medical aid whenever necessary then said a few words to the team. He said, "This team measures up to all the standards set by those of other years. The players have the essentials of good athletes which are the ability to lose gracefully, to win modestly, and to take defeat without making excuses for failure.

Captain Wennerberg concluded the program with a farewell talk to the members of the squad and the faculty. He presented, in behalf of the team, a beautifully engraved cigarette case to Dr. Dawson, in appreciation for his interest and support of the team.

Excellent music was furnished throughout the evening by an orchestra.

Martin Abrahamson, our well known friend, disappeared from school two weeks ago and has not been seen since. As he was always busy, writing sport news for the Student Voice, working on the debate squad, and taking part in many club activities, he is acutely missed. His many friends also regret the loss of his delightful comradeship.

However, he is lost for only six weeks, when he will be released from scarlet fever quarantine.

His condition has improved to such an extent that he will be able to return home for Christmas vacation and back to school again in January.

"Do you think a radio will take the place of the country newspaper?"

"I doubt it," said the Village Storekeeper. "You can't very well swap lies with a radio set."

## The Question ? Mark

Ques.—Do you believe the honor system can be used in examinations?

Ans. "Doc" Anneson—  
I believe the honor system to be impracticable because it is never used whole heartedly. People are by nature crooks.

Ans. Charlotte Gibbons—  
I think the honor system could be carried out with success. Nevertheless I could not bring myself to tell on someone else who took advantage of it, and cheated.

Ans. Russell Christenson—  
The theory is all right—but I'm doubtful of the way it will work out in practice.

Ans. Edith Pritchett—  
Yes, I believe in the honor system. Of course there is always a certain element which will cheat, but that sort will cheat anyway. Whether they cheat with the teacher present or when she isn't there makes no difference.

Ans. Pauline Casey—  
I believe the majority of people, when put on their honor, will come through and play fair. But if a teacher is always suspecting them, they get a tremendous kick out of putting something over on him.

## Who's Who

No, River Falls College "Who's Who" would be complete without the name of John Burke, more universally known as "Jack". Jack's entire career has been a series of successes and victories in many fields. Entering in February, 1924 from Marquette University, he plunged into school activities with the vigor and enthusiasm which has been characteristic of all his work. The following year he joined the N. C. A., the Lincolnian and Agrifalian and proved himself a valuable member of each organization.

He made the first team in debate, and many debates were saved on the strength of Burke's rebuttal. In the year 1925-'26 he represented the school in oratory and debated on the school team. He presided over many pep fests and other school assemblies.

The students and faculty of River Falls were glad to welcome Burke back after his year of absence out in the field. He stepped right in where he had left off. His interest in all school affairs has never failed. As chairman of the Homecoming committee, he demonstrated his ability as an executive. This college is expecting great things of Jack in oratory and debate this year. His ready Irish wit and good humor has made him not only a successful speaker, but a popular man on the campus.

Burke was elected president of the fourth year class and will receive his B. A. degree in June.

## Girls---

Here are good gifts to be secured at the Golden Rule Store.

All in good heavy quality, high grade rayon.

- Ladies' Vests, in green, white, orchid, pink, and peach, each ..... 80c
- Princess Slips, in pink and peach, each, ..... \$1.98
- Night Gowns, in pink, each, .... \$1.79

SHOW TO BE HELD IN COLLEGE GYM ON MAY 8 AND 9

(Continued from page 1.) Poultry—John Burke, Supt. of Crops—Ford Thurston and Clayton Case. Those in charge of egg breeds are Gaylord Mullendore and Herbert Chapman; those in charge of general purpose breeds are Victor Peterson and Allan Weber; those in charge of meat breeds, ducks, geese and turkeys are James Casey and Clarence Nyht; those in charge of boys and girls poultry are Milton Schuette and Wilmer Duxbury.

Community Club Exhibit

The South Fork, Glover and Kinnickinnic community clubs will present exhibits, which will be judged Mr. McNeal, head of the Boys' and Girls' club work in Wisconsin and Mr. Seyforth, the Pierce County Agent. These exhibits were the feature of last year's show and will hold a prominent place this year.

Following the show there will be a community club conference on Friday and Saturday. Mr. May urges all agricultural students to attend.

Rural School Program

A special program has been arranged for the boys and girls of the rural schools. This has been done for the last three years and has proven to be a worth while program. Boys and girls from the rural schools accompanied by their teacher spend Friday afternoon looking over the show and listen to a program arranged specially for them. This year we have a special program consisting of musical numbers, a one act play and a talk by William McNeal, State Boys and Girls Club Leader. The following is the premium list:

The judges will be: for poultry—Professor Hayes of the poultry department at the University of Wisconsin and for Grain—William McNeal, head of the Boys' and Girls' club work in Wisconsin.

Normal School Gymnasium Department A—Poultry

Coops will be furnished free of charge. All exhibits must be in place by Thursday, December 8, at 10:00 a. m. Pen consists of 1 cock and 4 females. The following classes may be shown:

- Lot 1. Cock
Lot 2. Cockerel
Lot 3. Pullet
Lot 4. Hen
Lot 5. Old Pen
Lot 6. Young Pen

The prizes will be given on the following basis:

Table with 5 columns: Class of exhibit, 1st, 2nd, 3rd, 4th. Rows include 'Above 6', '3 to 6', and 'Less than 3'.

This is a new method adopted for this year and is a plan followed at all important shows. It is felt that when a birds wins with competition, the exhibitor is entitled to more money and less when there is small competition. The association does not require an entry fee which is true in practically all shows. However, 20 per cent will be deducted from the prize money received.

Chickens

Entries made in the following breeds:

Division A—General Purpose Breeds Class

- 1. Barred Plymouth Rocks
2. White Plymouth Rocks
3. Other Rocks
4. White Wyandottes
5. Silver-Laced Wyandottes
6. Columbian Wyandottes
7. Other Wyandottes
8. Rhode Island Red, Rose Comb
9. Rhode Island Red, Silver Comb
10. White Orpingtons
11. Buff Orpingtons
12. Any other breed

Division B—Egg Breeds

- 1. White Leghorn
2. Brown Leghorn
3. All other Leghorns
4. Anconas
5. Minorcas
6. Any other breed

Division C—Meat Breeds

- 1. Brahma
2. Cochin

- 3. Langshan
4. Any other breed Turkeys

Class

- 1. Bronze
2. White Holland
3. Bourbon Red Geese

Class

- 1. Toulouse
2. All other breeds Ducks

Class

- 1. Pekin
2. Rouen
3. All other breeds

Department B—Crops

All entries must be grown by exhibitor in the year 1927 except clover and grass seed, which must not be more than one year old. All exhibits must be in place by 10:30 a. m. Thursday, December 8.

Class

- 1st 2nd
1. 10 ears Golden Glow \$2. \$1.

Boys' and Girls' Department Poultry Division

Open to boys and girls between 10 and 18 years of age who are members of a poultry club.

The awards will be the same as for the Farmer's class, but there will be no Pen class.

Entries will be confined to the following breeds: White Leghorn, Brown Leghorn, Other Leghorns; Anconas; Minorcas; Barred Rocks; White Rocks, Any other Rocks; White Wyandottes, Any other Wyandottes; Rhode Island Reds; Orpingtons and any other General Purpose Breed.

Crop Division (Corn)

- Class 1st 2nd
1. 10 ears Golden Glow \$2. \$1.
2. 10 ears Silver King \$2. \$1.
3. 10 ears Wis. No. 8 \$2. \$1.
4. 1 bushel basket of corn \$2. \$1. (Potatoes)

Class

- 1. peck Rural New Yorkers 2. \$1.
2. peck Green Mountain \$2. \$1.
3. peck Early Potatoes \$2. \$1.
4. peck any other variety 2. \$1.

COLLEGE FARM IS BIG ASSET TO STUDENTS IN AGRICULTURE WORK

(Continued from page 1.) and are kept in excellent repair.

The farm itself consists of 120 acres which are used for the raising of the feeds necessary to feed the pure bred livestock of the farm. Alfalfa and corn are the two crops raised most extensively. Very fine fields of alfalfa furnish the necessary dry roughage, and the corn raised is always sufficient to fill the farm's two silos and the corn crib with ripe corn, in addition. These fields are farmed with modern machinery and two tractors are available for their cultivation.

Asset to College

It is obvious that a farm such as this operated in connection with a college agriculture department has a very great value. The farm has very fine livestock of all kinds and excellent equipment, is operated on a scale of scientific farming and is also operated on a profitable basis. The agriculture student at River Falls has a rare advantage in the various courses of study in comparison to students of agriculture in other colleges because of his access to the farm.

This college farm has been improving in every detail for many years. The original livestock was merely four dairy cattle and one horse. The equipment was very meager and the farm insignificant. When we realize the various classes of registered livestock, the equipment, and the fields of the farm today we can appreciate the development of the farm. The farm is today an example of what modern farming should be and what farm practices are of a practical nature. The students enrolled in the Department of Agriculture at the River Falls State Teacher's College are all agreed that this farm is one of the numerous reasons for prospective students of agriculture to choose River Falls in preference to all other colleges of agriculture.

NOTICE

All students desiring to rent either skis or toboggans may apply to Ruth Foley. The G. A. A. offers skis at the rate of fifteen cents an hour or twenty-five cents an afternoon. Toboggans may be rented for \$1.00 an afternoon.

G. Kulstad SHOE Department AT STEWARTS

Rural Club Receives Praises from Calahan

"The rural school teacher has the biggest job in the teaching profession," said State Superintendent John C. Calahan in his address at the Rural Life Club banquet held last Friday evening.

In his talk Mr. Calahan compared the present rural school and community with the rural school of forty years ago and showed the progress made during this time. He also pointed out places where improvements should be made. He closed by congratulating the Rural students on their work and on the stand they had taken.

After spending the afternoon before the banquet in inspecting the rural department, he commented very favorably on the facilities for work and on the organization of the course.

Other outside people attending the banquet were Mr. Goodell, County Superintendent, and Miss Johnson, Supervising teacher of St. Croix county; several training school critic teachers; Harry Ellefson and Clifford Erickson, rural teachers of Roberts.

In addition to the lecture by Superintendent Calahan a short program of songs and readings was given by members of the club.

A basketball game between teams of girls will played this afternoon. Everyone is invited to attend.
