

MAPPING OUT PLANS for the 1959 Falcon Homecoming are chairmen Ken Zahorski, Bob Vermillion and Jerry Marlette. Homecoming is scheduled for October 17. (Photo by Blegen)

Chairmen Ask Backing For Homecoming Plans

Active participation by all of the campus organizations is the hope of this year's Homecoming Committee, Jerry Marlette, Bob Vermillion, and Ken Zahorski. The three co-chairmen urge all campus organizations to participate in any or all of the following activities: Scream for the Team Contest, sponsoring floats, window decorations, skits, and campus decorations. Queen candidates may be sponsored by one or more organizations financially able to do so.

The Falcon's football team will be playing the Eau Claire Blue Golds Saturday afternoon, October 17. The committee urges all students to think of an original homecoming slogan. A \$5 prize will be awarded to the prize win-

ning slogan. They may be submitted to any of the committee members or placed in the ballot box which will be set up in the Student Center Book Store. All slogans must be in by 6 p.m., September 23.

Highlighting the Friday night Pep-Fest will be the coronation of the 1959 Homecoming Queen. The featured entertainers of the evening is to be the Hut-Four Quartet.

"Former Homecoming Queens, Homecoming Chairmen and student senate presidents are being invited back to make this a real alumni weekend", the co-chairmen said. "However", they added, "the success of the 1959 Homecoming depends upon the participation of everyone on the River Falls campus."

College Joins Continental Classroom For Extension Course in Chemistry

Ted Setterquist, chairman of the chemistry department, has announced that River Falls State College will join more than 250 U. S. colleges and universities offering credit for the CONTINENTAL CLASSROOM course in Modern Chemistry to be telecast during the 1959-60 academic year over the NBC network. The 160 lesson series, to begin Sept. 28 and terminate May 27, may be seen locally from 6:30 to 7:00 a.m. over Station KSTP.

5-2186 or contact Allan Brown.

National teacher of **Modern Chemistry** — to be taped in compatible color — will be Dr. John F. Baxter, head of the General Chemistry Division at the University of Florida at Gainesville. Dr. Baxter recently completed a filmed high school chemistry course sponsored by the American Chemical Society, the Fund for the Advancement of Education and Encyclopaedia Britannica Films. Assisting him in the CONTINENTAL CLASSROOM series of lecture demonstrations will be a nine-member Advisory Committee appointed by the American Chemical Society. Guest lecturers — including Nobel Prize winners — will appear from time to time on the program. Each will discuss the specialized knowledge he helped discover.

Modern Chemistry will be a study of the fundamental principles of chemistry and a survey of recent developments. Structures of chemical species will be stressed, particularly the relationships of these structures to the chemical properties of substances. Students may earn three credit hours each quarter.

Co-sponsors with NBC of the year-long educational program are the American Association of Colleges for Teacher Education and the American Chemical Society. Financial backing is being provided by the Ford Foundation and 10 leading industries: Bell Telephone System, E. I. du Pont Co., General Foods Fund, International Business Machines, Minnesota Mining & Manufacturing Company, The Pittsburgh Plate Glass Foundation, Radio Corporation and United States Steel.

Student Senate Insurance

All students interested in the purchasing of the Student Senate Insurance should attend the Student Senate meeting, room 200 in the Student Union, at 6:30 p.m. Monday, Sept. 14.

VETS NOW PERMITTED TO CHANGE PROGRAM

Many veterans who were not allowed to change their course of training under the GI Bill will be able to do so now.

William E. McEwen, Pierce County Veterans Service Officer announced that a new law will let the Veterans Administration approve many changes of course not eligible before.

Under the Korean GI Bill, a veteran is entitled to only one change of course within a three year period of his separation date. He cannot make a second change, and no change of course can be made after the three-year deadline.

The new law exempts changes of program where the first program is a prerequisite to or generally required for entrance into the second. An example of the way the new law works is: A veteran can now go from a B.S. — Business Administration to a Master's Degree — Business Administration, or from a high school diploma to any course which requires a high school diploma for admittance. These changes can now be made without the veteran being charged with a change of course.

With the changes that the new law makes, many veterans who were denied course changes may now be granted them.

College Expects Slight Drop in Fall Enrollment

Classes at the college began Wednesday morning after three days of testing and registration for entering freshmen and upperclassmen. Registration appeared to run smoothly with 562 students having registered by 5 p.m. Tuesday.

Freshmen were the first to arrive on campus with their testing program beginning Monday morning. They registered during the day Tuesday along with a number of seniors.

The remainder of the upperclassmen registered Wednesday.

A social program for the freshmen accompanied the more serious aspects of their introduction to college. A freshman "mixer" featured square dancing Monday evening in the North Hall Gym. Tuesday, a free movie was offered at the Falls Theatre. Wednesday, the opening convocation of the year featured a piano quartet in North Hall auditorium.

Center Sets Up Hours

Richard Reynolds, Student Center Director, has announced the hours that students will have the opportunity to use the Snack Bar, Game Room and Book Store. The hours are tentative and will be altered as the demand indicates.

The hours are:

Snack Bar: 7 p.m. to 9:30 p.m., Sunday through Thursday; 7 p.m. to 10:30 p.m., Friday and Saturday.

Game Room: 1 p.m. to 10 p.m. on Sunday, noon to 10 p.m. Monday and Wednesday, 9 a.m. to 10 p.m., Tuesday and Thursday, noon to 11 p.m. on Friday, 11 a.m. to 11 p.m., Saturday.

Book Store: 10 a.m., to 1 p.m., Saturday, 8:30 a.m. to 4 p.m., Monday through Friday, closed on Sunday.

CAMPUS CALENDAR

Monday, September 14
6:15 p.m., AWS Executive Board — Dean's Office.

Tuesday, September 15
11 a.m., Sophomore Class Meeting — North Hall Auditorium.
4 p.m., Union Governing Board.

Thursday, September 17
SNEA Social Room.

Saturday, September 19
8 p.m., Stevens Point — Ramer Field.

Student Voice to Add Daily Supplement Soon

An additional service by **The Student Voice** is scheduled to begin this quarter with the publication of a daily supplement to be distributed early each morning Tuesday through Friday in the Student Center.

The Student Voice

There will be a meeting of all students interested in working on **The Student Voice** staff. The meeting is scheduled for Tuesday, September 15, at 6:30 p.m. in the Publications Office located in the basement of the Student Center.

As presently visualized, the supplement would carry a summary of the major national and international news events, a daily calendar of events on the campus, a schedule of educational TV programs for the day, the scores of River Falls athletic contests played the previous evening and

other late-breaking news.

The supplement will be a single page 8½ x 11 sheet using a combined printing-mimeographing method of production. The paper will have a system of rotating editors with a different editor responsible each evening.

A special typewriter with type approximating the size of that used in standard newspapers has been ordered along with a mimeograph machine and the beginning date for the publication depends on the arrival of the equipment.

This and the previous issue of **The Student Voice** has been produced with some difficulty. Although the newspaper is set up in the new office in the basement of the Student Center, it is operating with make-shift equipment. A copy desk and other metal furniture ordered some time ago still has not arrived. The current "newsroom" is furnished with a long table and four chairs "borrowed" from another room of the Center.

POLICE TO ENFORCE 'NO PARKING' RULES

The River Falls Police Department listed parking regulations last week for college students driving cars. "Although the college campus is state property the city police have enforcement privileges," Chief of Police Glen Young reminds students.

There is to be no parking of cars on campus property except by permit. Permits may be obtained from the President's Office and will be issued to faculty members and employees. Students should use the Stratton Hall parking lot.

No parking is permitted within 10 feet of pedestrian cross walks, marked and unmarked. With the presence of many campus school children this will be strictly enforced.

Students are advised there is no parking between North and South Hall or adjacent to the Student Center. A portion of the North side of Spring Street, across from North Hall, is parallel parking. Students also are reminded that there is a bus stop on the east side of North Hall and that no double parking is allowed anywhere.

Violators will be required to appear in Justice Court.

Dean Attending Liaison Meeting At Air Academy

B. J. Rozehnal, Dean of Students, left Sunday, September 13, for a three day conference of Air Force Liaison Officers at the Air Force Academy in Colorado Springs, Colorado. This conference is for all Air Force officers who act as Air Force Academy Candidate Advisory Service officers. Mr. Rozehnal is the candidate advisor for Western Wisconsin.

At the three day meeting the officers will discuss problems they have found in their screening and advising of prospective Air Force Academy candidates. They will also be given a tour of the armed forces newest military school for officers.

Mr. Rozehnal, a major attached to the Minneapolis Air Reserve Unit, has served in the Air Force since 1942. He is in charge of the Air Force reserve unit here on campus.

He will leave Colorado Springs Thursday and attend a Coordinating Committee for Higher Education meeting to be held in Madison.

Miss Hathorn Gives Fireplace to Students

An outdoor fireplace, the gift of Miss Irma Hathorn, former Dean of Women at the College, was constructed this summer behind Hathorn Hall, women's dormitory.

The idea of a fireplace, where women from the residence hall might have picnics, occurred to Miss Hathorn last spring. She made arrangements at the close of school for its construction during the summer months. In addition to the fireplace, Miss Hathorn also purchased two picnic tables to be set up in the area.

Landscaping is to be completed around the fireplace with provisions for use by 200 students was done by the Central Lumber Co.

Miss Hathorn joined the faculty at River Falls in 1920 and was Dean of Women until her retirement in 1948.

RELAXING around Hathorn Hall's newest possession are Judy Becker, Almna; Linda Berg, Barron; Donna Halverson, Wilson; Maureen Traynor, Spring Valley; Betty Whitner, Turtle Lake and Rosemary Stesniak, Clayton. (Photo by Blegen)

The Editor Speaks . .

One of the most important and essential parts of our life is rules and regulations. Every time we step into our car to drive some where we are governed by rules. When we registered for college last week we were faced with a set of rules. Rules are so much a part of our daily life that we often use them by habit. Some cities of Europe are kept free of waste paper and other discarded objects because by force of habit people dispose of it elsewhere.

The Student Center Director, Mr. Reynolds, last week released some regulations governing the use of the Center which if they became habit would benefit every one on campus. In the first week of school it has become evident that we are becoming careless in the use of the center's facilities.

Already the custodian has had to scrub several couches where beverages had been spilled. Food consumption should be confined to the cafeteria area and all dishes returned to the dishwashing window. Another of the conveniences, the sale of daily newspapers, is being misused. They are being discarded anywhere and in any shape which makes for a very unkempt appearance for visiting friends and fellow students. It isn't much more work to neatly fold the paper and leave it on one of the tables or even take it with you. One never knows, you may use it in one of your classes. More ash trays and waste paper receptacles will be placed in the lounge area.

One of the most satisfactory ways to keep the Center's fine original appearance is to form this habit of cleanliness. The Director's office is located in room 100 and he will gladly listen to any suggestion or answer any questions.

The Student Center will close at 10 p.m. Monday through Friday night. Saturday and Sunday nights it will stay open until 11 p.m. The Snack Bar will tentatively be open continuously from 9 a.m. until one-half hour before closing time. The Book Store will be open from 8:30-5 p.m. Monday through Friday. On Saturday it is open from 10-1 p.m. Serving hours for meals are 7-9 a.m., 11:15-1 and 5-6:30 p.m.

LITTLE MAN ON CAMPUS by Dick Bibler

"YES, I FIND IT'S A LOT EASIER TO GET DATES NOW THAT I HAVE A CAR!"

AROUND THE CAMPUS

Newman Club
There will be rosary at 6:15 in the Newman Club Chapel, Tuesday, September 15. The Executive Board will meet at 6:30 p.m. Anyone interested is invited to attend.

Vet's Club
The Veteran's Club will hold an organizational meeting Tuesday, September 15, at the Legion Club House north of town at 8:30 p.m. Refreshments will be served.

Meleteans
Students who did not receive their Meleteans in the mail or have not picked them up may do so at any time at the Publications Office in the basement of the Student Center.

There will be a meeting of all students interested in working on the 1960 Meletean on Wednesday, September 16, at 6 p.m. in the Publications Office in the basement of the Student Center.

Play Try Outs
Play tryouts will be held Tuesday, September 15, and Wednesday, September 16, from 4 till 5 p.m. and 7-9 p.m. in room 210S. No experience is needed.

LETTER TO THE EDITOR
Dear Editor:
For the best registration procedure set-up this writer has seen in the several years of his college career, the Registrar and many others are to be congratulated! It was a pleasure to register!

Statistics from a recent study indicate little uniformity, as far as the nine Wisconsin State Colleges are concerned in the annual number of high school graduates within the college's home county or contiguous counties.

The study conducted by the Coordinating Committee for Higher Education showed a state-wide increase of 8.2 per cent in the number of high school graduates from 1957 to 1959 — 39,712 in 1957 and about 43,000 in 1959.

Thirty-two counties exceeded this average, 27 reported increases less than average, while 12 reported decreases, of which eight were in the northern tier of counties.

Eau Claire County, home of Eau Claire State College, showed only a 1.7 increase in the number of high school graduates from 1957 to 1959. Contiguous coun-

ties and their percentages included: Chippewa, 3.2 increase; Dunn, 8.5 decrease; Clark, 4.1 increase; Jackson, 9.3 increase; Trempealeau, 5; Pepin, 12.1 increase; and Buffalo, 6.1 increase.

A 15.8 increase was evidenced in LaCrosse County where a state college is located. Contiguous counties were: Monroe, 16.9 increase; Vernon, 9.7 increase; Trempealeau, 5. increase; and Jackson, 9.3 increase.

Winnebago County, home of Oshkosh State, experienced a 1.2 decrease, while contiguous counties showed: Fond du Lac, 1.3 increase; Waushara, 14.3 increase; Green Lake, 7. decrease; Waupaca, .7 increase; Outagamie, 8.3 increase; and Calumet, 20.8 increase.

Grant County, site of Platteville State, had a 4.4 increase; Crawford, 4. increase; Iowa, 10. increase; Richland, 2.2 increase; and Lafayette, 20.8 increase.

River Falls' home county, Pierce, had a 2.9 increase; St. Croix, 24. increase; Dunn, 8.5 decrease; and Pepin 12.1 increase.

Portage County, home of Stevens Point State, had a 0.6 increase; Marathon, 12.6 increase; Wood, 10.3 increase; Adams, 28.1 increase; Shawano, 10. increase; Waushara, 14.3 increase; and Waupaca, 0.7 increase.

Stout's home county, Dunn, had an 8.5 decrease; Barron, 5.3 increase; Polk, 9.7 increase; St. Croix, 24.0 increase; Pierce, 2.9 increase; Pepin, 12.1 increase; Chippewa, 3.2 increase; and Eau Claire, 1.7 increase.

Douglas County, home of Superior, had a 1.1 increase; Bayfield, 24.0 increase; Burnett, 14.1 decrease; Washburn, 4.1 decrease; and Sawyer, 26.8 increase.

Walworth, headquarters for Whitewater State, 10.6 increase; Rock, 7.2 increase; Racine, 6.2 increase; Kenosha, 3.1 increase; Jefferson, 0.2 increase; and Waukesha, 15.8 increase.

RIVER FALLS, WIS.

Out on a Limb —

by Ed Schlumpf
Freshmen and other newcomers to the River Falls campus are probably unaware of the fact but any faithful Falcon fan knows that this Saturday's game with Stevens Point will be the most bitterly fought contest of the season. Briefly we'd like to review events of the last three years that have had a part in

antagonizing this gridiron grudge match.

As you all are aware by now, River Falls copped the Wisconsin State College Conference title last fall with a perfect 6-0 mark, beating Platteville in the final game 28-26. Stevens Point finished second with a 5-0-1 record, tying Platteville 14-14. But the Pointers edged our Falcons 12-2 in a non-conference game early in the season, thus giving rise to the beef that they were truly the league title holders.

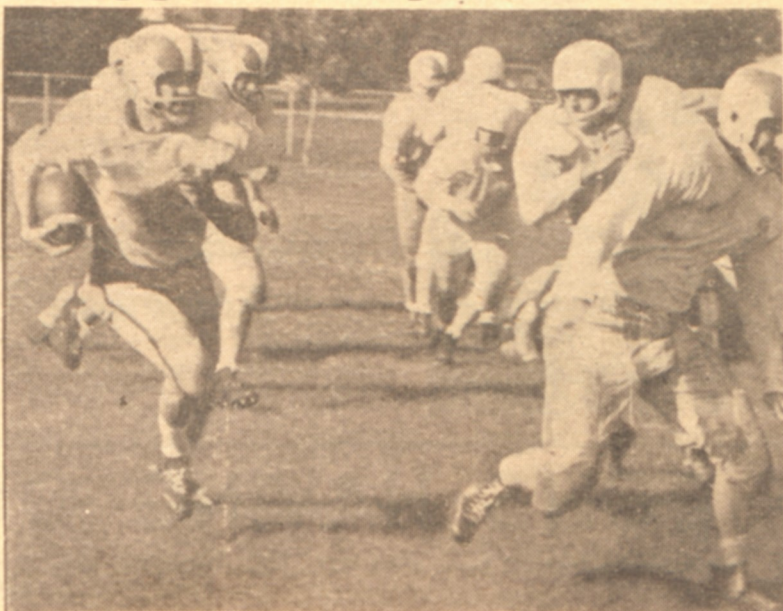

And beef they did! The Stevens Point college newspaper, under a column aptly titled "Nosing Around", picked an all-conference team which included eight of their team and only seven of River Falls and used this as proof of their superiority on the gridiron. Last spring at a newspaper convention in Menomonie, Point writers were still crying that the 12-2 game should be counted and their "champs" were really the best.

The fact of the matter is that a conference rule stated that only games between conference schools played on six consecutive week-ends should count in the league standings. Point coaches and River Falls coaches both knew this when they scheduled last year's game as a non-league affair to fill a gap in the schedule. Then why all the complaining?

Well for one thing, Stevens Point is still seething over the 1957 game played on the Pointers' field. It was their Homecoming and they had the game in the bag leading 14-12 with just seven seconds remaining. But "Tiger" Jack Neurer spoiled everything by breaking through to block a punt and raced 11 yards into the end zone for a TD and an 18-14 River Falls victory. The resultant free-for-all that left 3,500 fans gaping in stunned dejection but the scoreboard wasn't lying when order was restored.

Now it's a new year and another game and this one counts in the standings. At the spring conference meeting in Madison, faculty representatives voted that all games between conference schools this fall shall be included in the league standings. So the "Nose" should be satisfied that this one is for real.

Non-Conference Foe Proves Tough As Auggies Surprise Falcons 27 - 21

MORE OF THE SAME will be on tap for the Falcon gridders this coming week as they dropped their non-conference open Saturday night to Augsburg 27-21. (Photo by Blegen)

by Ed Schlumpf
River Falls spotted Augsburg three touchdowns, roared back for two quick scores, and then saw their attack crumble in the second half as the Minnesota school chalked up a surprise 27-21 win Saturday night at Ramer Field.

The Falcons found their hands full with a fleet of Auggie backs that ripped through the vaunted River Falls line for big chunks of yards time and time again. And they had plenty of trouble with the big Augsburg line that repeatedly dumped Falcon quarterback Bobby Dawson for huge losses as he dropped back to pass.

Coach Fran Polsfoot's crew had their share of breaks in the game, however. Sophomore end Duane Tollefson gave Red and White rooters their first glimmer of hope when he blocked an Auggie punt early in the game and River Falls recovered on the opponent's 22 yard line. But the rushing Auggie line stopped the threat and took over on downs.

After an exchange of punts, Augsburg's brilliant young quarterback, Dennis Kalpin, found a loophole in the Falcon secondary and shot a 62 scoring pass to Dick McDonald and the Auggies were on their way.

The score was still 7-0 at the end of the first period. Tollefson then gave the home squad their second break when he blocked another Auggie punt and RF recovered on their own 43. But just as the attack started rolling, Augsburg co-captain Ev Flom intercepted a Jim Hallen aerial and another Falcon bid was denied.

Five plays later Jerry Peterson raced into the end zone from 19 yards out and the score stood at 13-0, as Carew blocked the conversion attempt. Five plays later, Peterson romped six yards for another TD and a 20-0 bulge.

Then the Falcons caught fire (Continued on page 4)

Pointers Poised For Ramer Field Invasion

Coach Fran Polsfoot's defending champion Falcons get their first taste of conference competition Saturday night when they clash head-on with the Central State Pointers from Stevens Point.

Out to avenge last year's 12-2 non conference loss, the Red and White will be involved in their toughest game of the year, according to Polsfoot. Point will field another top-notch line featuring many of the players that held River Falls to a mere 22 yards gained on the ground last year.

Footballs filled the air in last fall's tilt and the Pointers took advantage of a weak RF secondary to score twice through the air. River Falls actually outgained Stevens Point via passing but

both teams posted poor completion marks.

The Falcons will field a fleet of hard-running backs for Saturday's game including all-conference choice Mick Lauber. But much of the attack may rest on Bobby Dawson and Jim Hallen. Another all-league player, Jack Neurer is slated to be on the receiving end along with a fast-rising sophomore, Duane Tollefson. Another end that has looked very good in early drills is sophomore Tom Overman.

Coach Duane Counsell's team finished in the runnerup spot in the league last year with a 5-0-1 mark. They'll be that rugged again this season.

Bergsrud Announces Intramural Plans For Fall Session

Intramural Director Ben Bergsrud announced that applications are being taken for intramural football teams. Captains are to submit their rosters, name of team and 10c per man for medals to him in the North Hall coaches' office or sign the names on the intramural bulletin board.

Since touch football uses only eight men on a starting team, squads will be limited to 15 men.

All those interested in playing intramural table tennis, golf, archery, or tennis, please sign your name on the intramural bulletin board. The entry fee for golf and tennis is 10c per person and the fee for table tennis and archery is 5c. Entry fees are to be used for medals or trophies for the winners in each sport.

There will be an intramural handbook available in the coaches' office, 500 N., for all those who want to read the rules and regulations for each sport.

Falcon Fanfare

Destined to see plenty of action this fall for Fran Polsfoot's team is Dick Shimel, 5-11, 190-pound senior from Merrill. Dick might well be labeled the "Iron Horse" of the Falcon squad. As an inexperienced freshman only four years ago, Dick broke into

Dick Shimel

the starting lineup against La Crosse. Since that time, "Shim" has seen action in 33 consecutive ball games.

"Shim is one of those boys who can do everything well," commented coach Fran Polsfoot, "and in my estimation is one of the most underrated ball players in the league."

As a sophomore, Shim led the squad in tackles with an average of eight a game. Last year he won a much deserved all-conference berth.

Off the gridiron, Shim likes to hunt and fish and also keeps in shape in the springtime as a hurdler on the Falcon cinder squad. He is an agriculture major with a biology minor.

Newman Club Sends Representatives To National Meeting

Seven delegates from the River Falls Newman Club participated this summer in the 45th National Convention of the Newman Club Federation. The convention was in Albuquerque, New Mexico, Aug. 31 to Sept. 5.

Representing the college group from River Falls were Edward Pronschinski, N.C.P. chairman; Wayne Harmann, president of the local club; Corrine Hribar, N.C.P. corresponding secretary; Gloria Grover, recording secretary of the local club; Norbert Kramer and Len Kaczmarzyk.

The convention took place on the campus of the University of New Mexico with the Aquinas Newman Center as host. The convention theme, "Authority and Freedom in Catholic Life and Thought," was the topic of speakers in the Commissions and Institutes throughout the week.

AUGGIE TILT—

(Continued from page 3) as Dawson tossed a 10 yarder to Neurer who lateraled to Curly Hanson and he rambled 60 yards into pay dirt. Shortly after Carew recovered another fumble, Hallen fired a TD to Neurer and it was 20-14 as the half ended.

But Jim Roback's 45-yard scoring dash midway in the second half put the Auggies out of reach despite Bill Halverson's scoring plunge in the final stanza.
