WISCONSIN STATE COLLEGE

VOLUME XLII

NUMBER 24

## Qualified R.F. Students May Vote in City Election

Students at the college may vote in River Falls elections including the Spring General election Tuesday, April 3, provided they meet the basic voting qualifications of age, citizenship and those qualifications stated in Wisconsin statute 6.51, paragraphs 13 and 7.

These paragraphs read as follows: "If any unmarried . . . student or teacher boards at different places for part of the week, month or year, if one of these places be with his parents, that place shall be considered his residence unless he has, by registering to vote elsewhere or by the performance of some other kindred act, elected some other place as his residence. If he has not registered at any other place he shall be asked: Do you consider this your place of residence, and have you considered it for the past 10 days in preference to any other place? If he answers in the affirmative, he shall be entitled to all the privileges and be subject to all of the duties of other citizens in the matter of voting, jury service, poll taxes and assessments for taxes.

"The place where a married man's family resides shall generally be considered and held to be his place of residence; but if it is a place of temporary establishment for his family, or for transient objects, it shall be otherwise."

Students, as all other voters, are subject also to other challenges as stated in Wisconsin statute 6.50 at the voting polls.

Students who are registered to vote elsewhere may vote there by obtaining an absentee ballot from their city clerk. At River Falls, prior registration is not necessary for voting.

See portion of editorial on student voting for further information.

The ballot boxes at River Falls are being maintained at the City Hall, 115 East Elm street. The polls will remain open from 9 a.m. to 7:30 p.m.

Candidates for the position of Circuit Judge are William E. McEwen of River Falls and Robert O. Varnum of Hudson. Candidates for the Supreme Court Justice are William H. Dieterick and Thomas E. Fairchild.

City officers will also be elected. Candidates for mayor are Selmer Grant, Ray Henneman and Maynard Hoffmann. Wards five and two will elect aldermen. Ward five candidates are Alvin Ronning and James Peterson. Gene Meyer is unopposed in Ward two.

## Meletean Deadline Set, Less Than Week Away

It was announced Friday that the largest yearbook ever to be printed here is less than a week from copy deadline, by Joan Drumm, editor of the 1956 Meletean. The books will be distributed in the latter part of May.

### New Heavy Cover

The 144 page book will feature a new heavy-weight cover and four full color photographs. Contents of the color pictures, as well as many details of the yearbook, will not be revealed until they are distributed.

Drumm

The 1956 Meletean is designed to portray a year at Wisconsin State College in River Falls. One of the constant aims in making up the book has been to present photographs

## Winter Honor Roll Includes 87; One of Largest in College History

The honor roll for the winter term at Wisconsin State College in River Falls is one of the largest in the history of the college. Eighty-seven students are on the list announced Friday by Registrar E. J. Prucha. Students listed represent approximately 10 per cent of the total enrollment. Divided into classes, the honor roll includes: 20 freshmen, 22 sophomores, 21 juniors, 23 seniors and one post graduate. To be on the honor roll a student must have a grade average of 2.5 or better—midway between an 'A' and a 'B'.

Of the 87 students named to the honor roll, 17 of them had straight 'A' averages for the quarter. In the fall term of this year 72 students were included on the list, 15 of them had 'A' grades in all their courses.

Students on the winter term honor roll by course of study are:

**Secondary:** Jerome Benson, Pepin; Grace Dahlberg, Frederic; Richard Doetkott, River Falls; Beverly Domaika, Rhinelander; Harry Elzinga, Sheldon; Noel Falkofski, Ellsworth; Robert Gerlach, Hastings, Minn.; Marguerite Gotz, River Falls; Harold Greenhill, New Auburn; Mary Jensen, New Richmond; Donald Johnson, Milwaukee; Julia Kaminski, Stanley; Ramona Kochendorfer, Spring Valley; Gene Luebker, Woodville; Sally Malone, Prescott; Calvin Martell, New Richmond; J. Douglas Mountain, Ellsworth; Carla Nordeen, Centuria; Mary Louise Olson, Spring Valley; Charles Pace, River Falls; Virginia Potter, Cable; Robert Spaete, Rice Lake; Patricia Turner, Hammond; Carl Weber, Menomonie.

**Elementary:** Heather Berggren, Roberts; Marilyn Carlson, Amery; William Christenson, Beldenville; Joanne Crownhart, Ellsworth; Joanne Drumm, Manitowoc; Robert Dykstra, Waldo; Ann Eitland, Spring Valley; William E. Keith, River Falls; Lorraine Lodermeier, Amery; Ardyce Miller, Grantsburg; Mary Plourde, River Falls; Donna Proue, Arkansas; Colleen Ryan, Hudson; William Schultz, Ellsworth; Audrey Schweizer, River Falls; Georgia Weitkamp, Hudson; Janet Wihela, Iron River.

**Unclassified:** Helen Lee, River Falls; Dale Pearson, Cumberland; Roger TeHennepe, Baldwin.

**Pre-professional:** Arlen Christenson, Amery; William Hanley, River Falls; Glen Hartman, Pepin; Larry Henneman, River Falls; Gary Holt, Elmwood; David Kammer, Frederic; George Kerckhove, Bloomer; James Laue, River Falls; John Letch, Osceola; Darold Niccum, Amery; James Nordgren, Bay City; Dennis Nordstrand, Ellsworth; Wilford Parnell, Somerset; Wayne Sukow, Merrill; Fred Wells, River Falls; Robert Wolfe, Chippewa Falls.

**Agriculture:** Donald Brue, Spencer; Forrest Erickson, River Falls; Daniel Gaeu, Merrill; John Helming, Tomah; James S. Johnson, Blair; Edward Koca, Elroy; James LaVoie, Knapp; Stanley Mares, Chetek; Richard H. Schultz, River Falls; Gordon Smith, Archadia; Lavern Sonsalla, Arcadia; James Sparks, Merrill; Gordon Waller, Etrick.

**Liberal Arts:** Sue Chinnock, River Falls; Dora Guest, Ellsworth; Robert Johnson, Cadott; Kenneth Lundeen, Frederic; Carol Naiberg, Cadott; Dennis Ruhnke, Hastings, Minn.; Peter Russ, River Falls; Robert Schillberg, Osceola; Gail Schmidt, Ladysmith.

**Rural:** Theresa Bier, Rusk City, Minn.; Esther Ducklow, Ellsworth; Carol Omtvedt, Prairie Farm.

"RED" SANDERS

JOHNNY WOODEN

Headlining the Seventh Annual Coaching Clinic at the College this summer will be Henry "Red" Sanders, head football coach, and Johnny Wooden, head basketball coach, both from UCLA. The clinic is scheduled for June 15, 16 and 17, immediately before the summer session. Approximately 100 coaches from the midwest are expected to attend.

## CHOIR COMPLETES 2-DAY TOUR

### 'Ulysses' to Be Shown At 7 and 9 P.M. Tues.

Paramount studio's "Ulysses", starring Kirk Douglas and Silvana Mangano will be shown at the Falls Theatre Tuesday, March 27 at 7 and 9 p.m. The film is being sponsored by the sophomore class for a fund raising campaign.

The movie is based on Homer's Odyssey, one of the world's great epics. The film is designed to create new interest in the great classic. The Odyssey, sequel to the Iliad, tells how Ulysses, after rescuing Helen of Troy and capturing the burning city, met with a host of amazing adventures before turning to his island kingdom of Ithaca.

The photoplay emphasizes Ulysses' longing to return to his wife. The colorful film is a strong aid to the appreciation of Homer's tale, glorifying the Greek ideals of devotion, patience, shrewdness and strength.

Tickets for the showing may be obtained in the cafeteria of from members of the sophomore class.

### Report By E. Albert In Physics Journal

Earl G. Albert, director of the River Falls physics department, is the author of a report titled "Inductive and Capacitive Reactance" published in the March issue of the American Journal of Physics.

The journal is devoted to the instructional and cultural aspects of physical science. It is published nine times a year for the American Association of Physics Teachers by the American Institute of Physics.

Mr. Albert's article describes a method of determining from a vector diagram the inductive reactance of an inductor in terms of circuit constants and for determining the capacitive reactance of a capacitor in terms of circuit constants is also explained.

The Wisconsin State College Choir, under the direction of C. B. King, completed a two day tour of northwestern Wisconsin high schools, March 20-21.

The 42 voice choir presented concerts at Clear Lake and Spooner on Tuesday, March 20. On Wednesday, the choir sang at the high schools in Amery and St. Croix Falls. It was reported that the group was enthusiastically received by all schools included on the tour.

The program presented by the choir consisted of sacred and folk music with a few secular numbers.

Ronnie Jensen, the business manager, has scheduled a more extensive tour for the middle of April, when the choir will make appearances in Thorp, Rosholt, Sturgeon Bay, Wilton and Whitehall.

## Four More Accept Jobs

Directors of the Placement Bureau and the Division of Agriculture have announced that four more River Falls students have secured positions for 1956. Three of the students have signed contracts for teaching jobs and the fourth as the representative of a seed company.

Olson

Mr. John May, director of the Division of Agriculture, announced the placing of two Winter quarter graduates. Currently teaching vocational agriculture in Elmwood is Willard Olson from Tomah. He has agreed to teach in Elmwood for the remainder of this year and the 1956-57 school year as well.

Beulah Falkofski, from Ellsworth, is one of the seniors who will be teaching next year. Placement Director Dr. L. G. Stone announced that Miss Falkofski is scheduled to teach the first or second grade in Kenosha.

The only ag. graduate of the

## CAMPUS CALENDAR

**Monday, Mar. 26**  
7 p.m., ACEI meeting in the social room.  
4 p.m., Book hour in the Little Theatre.

**Wednesday, Mar. 28**  
10 a.m., Freshman class meeting in N. hall aud.  
10 a.m., Sophomore class meeting in 121 S. hall.  
5 p.m., Easter Vacation begins.

**Tuesday, April 3**  
8 a.m., Classes resume.  
1 p.m., Tuesday Club meeting in the social room.  
7 p.m., YM-YWCA meeting in the social room.  
8 p.m., Square dance in S. hall gym.

**Wednesday, April 4**  
7 p.m., Toastmasters Club meeting in the Calico room.  
7:30 p.m., Debate meeting in 121 S. hall.

10 a.m., Student Advisory Council meeting in 127 S. hall.  
7:30 p.m., All-school record dance in the Student Activity Center.  
7 p.m., Kappa Delta Pi meeting in the Social room.

**Thursday, April 5**  
8 p.m., German Club meeting in the Calico room.  
8 p.m., French Club meeting in the Social room.

**Sunday, April 8**  
5 p.m., Faculty dinner and card party in the Social room.

**Monday, April 9**  
10 a.m., A. C. E. test in 121 S. hall.

### NEXT ISSUE APRIL 9

Because of the Easter holiday, today's will be the last issue of The Student Voice until April 9. The Voice staff wishes its readers an enjoyable holiday with a word of caution—drive safely.

# The Editor Speaks . . .

## Let's Make It A Thousand In '56—

LET'S MAKE IT A THOUSAND IN 1956—a motto worth keeping in mind over Easter vacation. Enrollment at River Falls State could easily reach the 1000 mark next year if you, the individual student, are willing to spend a few moments to explain college life and offer a little encouragement to interested high school pupils.

Increased enrollment means a lot to any school. It means broader course offerings that will provide better general and specialized education. A bigger student body means a larger faculty and consequently, majors will be offered in more fields. More enrollment means new buildings and facilities. It also means that the new Student Union, men's dormitory and the addition to Hathorn hall will be paid for sooner by the increased revenue from incidental and dorm fees.

Your prestige as a graduate of River Falls increases as the college is more widely and favorably known. More students means a wider variety of activities and a larger number of persons to participate in them. Perhaps with a larger student body we could change to a full week schedule rather than the existing four and one-half day program. New students mean new ideas—it might mean a slight relief from the "conform to the norm" attitude seemingly prevalent on campus.

The goal of 1000 students at River Falls next year is certain to be reached if you are willing to SELL your school to prospective students. As a salesman, don't forget the parents, high school principals and guidance counselors, all of whom have a lot to do with the decision that is made by a high school senior when planning a career.

We are not advocating that you attempt to "high pressure" students into coming here for their college education. However, if the features of our college are pointed out to them and they are allowed to choose for themselves, we feel that River Falls will compare favorably with other schools.

By now, the advantages of going to college need not be described to you, but a description of college life might be valuable to a high school senior. A point worth stressing is our enlarged liberal arts program. For prospective students interested in teaching, the fact that the college had 111 teaching graduates last year and 2707 requests for teachers might be enlightening. Most high school students would be interested to know that the college graduate makes approximately \$100,000 more in their lifetime than does the high school graduate.

Let's make it a thousand in 1956—but even more important, let's persuade high school students to go to college. You'll be doing them a favor.

\*\*\*\*

## Student Voting —

There are two methods by which the student who is eligible to vote may do so. River Falls students have the opportunity to vote here or they may vote in their home town at any time prior to the regular election by making a request for an absentee ballot from the city clerk, or in rural areas, the town clerk.

If students are requested to present evidence showing the need for an absentee ballot, a note stating, "I hereby apply for an absentee ballot for the reason that my duties as a student at Wisconsin State College in River Falls, Wisconsin will make it impossible for me to go to the polls on April 3," will entitle students to a ballot.

When citizens are urged to vote they are urged to accept a right that men have died to protect—a right that people are being denied at present in less fortunate parts of the world. Urging hardly seems necessary, but apparently it is when only about 50 to 60 per cent of those eligible bothered to vote in the last four presidential elections. On election day don't be one of those to whom it is merely a day when the taverns are closed.

## OMAR GETS JOB ON MADISON AVENUE

This program, brought to you by Kismet Wine, A super brew from super grapes made super fine, Announces a new product of delight A magic Distillation of the Vine.

Kismet, the wine they serve in Paradise Brings laughing hours with it as a prize; Streamlined, toasted, technicolored and renowned Kismet, the sophisticated Potion of the wise.

One gulp of Kismet makes the whole world heaven; The Potter pots himself by half-past seven With Kismet, most delectable of brews, From The Caravan, Sultan St., Baghdad 11.

A hunk of bread, a jug of Kismet and a dame, These ancient hopes of man are still the same; And Kismet gives a reasonable facsimile Of health and riches, ecstasy and fame.

So buy some Kismet; Stars endorse this brew Which lights you economically with just a few. Cancel dead Yesterday's too vain regrets; A small down payment makes your hopes come true.

All this is yours for not a penny more If you rush out and knock now on the door Of Ali Baba's Cut Rate Camel House, Our local dealer, MEcca 6 1 4.

Upon the sands with you just let me lie Under that great inverted Bowl they call the sky; Big screen Kismet, two-toned for quick relief Postpones until tomorrow that unanswerable Why?

## LITTLE MAN ON CAMPUS

by Dick Bibler

"SHE'S IN ONE OF MY CLASSES—RATHER DISTRACTING ISN'T SHE?"

## Student Senate Minutes

The meeting was called to order by President DeWayne Meyer on March 19. The Secretary's report was read and approved. The Treasurer reported \$603.09 on hand.

A letter from Sigma Tau Gamma fraternity was read. Larry Henneman is to refer the letter to some persons interested in forming a fraternity on campus.

A note from the Senior class of the River Falls high school thanking the college for the nice time they had at "Go To College Day" was read.

### Old Business

May Day—Mr. Polk appeared before the Senate, on behalf of the faculty, to inquire if the students through the Senate would like to help the faculty sponsor a float for May Day April 29. After a thorough discussion the Senate voted to contribute \$125 to help defray the total expense of \$300.00.

### New Business

Chess Sets—As a result of the great interest in chess on campus the Senate appointed Dick Kinney to purchase two chess sets for the Student Activity Center.

Card Table—The motion was made by Gerald Johnson and passed by the Senate to purchase a card table for use at elections and for insurance collections. G. Johnson was appointed to make the purchase.

Rec. Day—Don Laue and Gerald Johnson were appointed to begin preparations for Rec. Day—such as setting the date on the calendar.

The meeting was adjourned. Present: Meyer, Pace, Luebker, Johnson, Carlson, Henneman, Laue, Kinney, Weiss and Schultz. Secretary, Shirley Luebker

## RELIGIOUS ACTIVITIES

### DECAL SALE

In an attempt to publicize River Falls State, the Wesley Foundation is sponsoring a plastic decal sale in the cafeteria. The colorful WSCRIF emblems will be sold for 40c.

### NEWMAN CLUB

An important Newman Club meeting will be held in room 121 S. Tues., March 27, at 7 p.m. Election of next year's officers will take place. Further discussion is scheduled on the convention in Grand Forks on April 13-15.

The program for the evening will include a talk by Miss Marion E. Hawkins, of the English department, on her trip to Europe last summer.

## AROUND THE CAMPUS

### YM-YWCA

There will be a YM-YW meeting Tuesday, April 3 at 7 p.m. in the Social Room. The theme "Courtship and Marriage" will be introduced by Rev. Johnson. There will be an opportunity for questions following the meeting.

### ACEI

There will not be an ACEI meeting tonight, because of the several fund raising activities scheduled for this month.

### SOPHOMORES

All sophomore students please make an appointment in room 211 with Mr. Anderson for a hearing test.

### SENIORS

Seniors are urged to make suggestions concerning a class memorial. Proposals that have already been made include: a flag pole, public address system and school park, the suggested location of the park is below Hathorn hall.

## Gad Books!

by Wm. Hagestad

### "THE RETURN OF THE NATIVE" AND THE FOLLOWING CRISES

IT IS I THINK, AN AXIOM OF THIS AGE that few people may be moved to sympathy for someone who has submerged himself inexticably in a web of dire circumstance. It might be completely sequitur to say that many "webs of dire circumstance" are ones whose erection are completely divorced from the will and bent of the person concerned—something like a person with a spasmodic twitch; the twitch in this case being the "circumstances" of which I speak.

IT IS THE THEORY OF HARDY and was later, of Lawrence that people, those sometimes known as "interesting", (for it is they who most often are prophets of the Lawrence-Hardy-Ruskin theory), are often not quite in touch with their destinies. An elucidation of this theory comprises the bulk of later Hardy works, the "Wessex Novels", and runs consistently through all of Lawrence's work—the notable exception in his case being "Sea and Sardinia".

THE RETURN OF THE NATIVE is a profoundly moving book and it is, as one of the "Wessex Novels", an exposition of the destiny-contact theory. The book is essentially the story of Eustacia Vie, a woman depressed by the life and people of Egdon Heath. This place is a part of England upon which attempts at cultivation have been made and to no success. The moss and fern grow only more luxuriantly on the wind-blown expanse that is the Heath after being displaced for a few years.

THE PLACE IN WHICH THIS WOMAN LIVED can best be described as having the characteristic of a wild and violent sterility. Eustacia Vie's single hope is to flee the place and its people; in her attempts at doing so, she involves and changes the lives of many of those with whom she comes in contact.

THE RETURN OF THE NATIVE becomes an investigation of the power that is afoot as a result of a person being out of contact with his destiny. The upshot of the "Native's" "power afoot" is the death of Eustacia and her lover.

HARDY RELIES HEAVILY UPON COINCIDENT—the same being almost essential to his exposition. He is often much criticized for this. The situation assumes a mystical quality that this Hardian coincidence seems entirely logical—would, perhaps, be completely foreign to another writer, even a writer on the same material—Lawrence doesn't use it at all.

## News from Other Colleges

by Donna Williams

In keeping with the Easter season, a special "Religious Emphasis Week" is being sponsored at Whitewater March 26-29. Devotional services before school, a special convocation, retreats, breakfasts and personal conferences are all being included in the week's schedule.

Platteville is using entertainment assemblies consisting of five separate programs which rotate on its good-will trips to the high schools in the area. Included are Hawaiian dancers, the WSCSP band, a dance group, a one act comedy and other groups.

"Down in the valley, valley so low, hang your head over, hear the wind blow" will be heard April 11 at Oshkosh as the folk opera opens. The opera "Down in the Valley" will be given as the first part of the production and "Peaceable Kingdom" as the second part.

Dr. Verne C. Fryklund, president of Stout, will participate in the Tuskegee Institute self study at the end of March. The purpose of the self study is "to aid Tuskegee in clarifying its objectives, strengthening its program offerings and improving its operation.

The Institute, located in Tuskegee, Ala., is a school for Negroes which was founded by Booker T. Washington 75 years ago.

An unusually long field trip will be taken by the summer geography class at Stevens Point. The class will cover in 20 days, 4500 miles of the West and parts of Canada. Equipment will be a camera and plenty of film.

More than likely you will not be able to attend the benefit dance being sponsored by Lambda Epsilon Iota of Roosevelt University of Chicago, the Lyvians from Northwestern and Iota Alpha Pi of the University of Illinois at the Conrad Hotel March 31, but to the students of these colleges it is an important date. It is so important that they have sent an invitation as far away as River Falls. This dance originated as the result of the death of a student at Roosevelt University in the summer of 1955. He died because of nephrosis, more commonly called "Bright's disease." The proceeds of the dance will be donated to the Nephrosis Foundation of Chicago for research purposes. Contributions to the cause are welcomed.

TEAM 1, champions of the 1955-56 intramural basketball tournament are pictured following their 68-53 victory over runner-up team 3. Left to right are Phil Steffen, Sig Stene, Jerry Thompson, Rog Knutson, Len Vanasse, Bob Lee, Gene Luebker, Dick Leach, Arlen Christenson.

## Team 1 Wins Intramural Basketball Title

by Harley Larson

Team 1 captured the intramural basketball championship Tuesday night by defeating team 3 68-53. A cold third quarter and a strong defense which allowed few good shots from within proved too much for team 3. The losers were unable to hit with any consistency from long range.

The first half saw a torrid battle in which the score was tied three times and the lead changed hands 10 times. The largest margin at any time during the half was five points.

After trading a pair of baskets and giving up a point on a free throw to open the game, team 1 scored six straight points to move into a 10-5 lead. Field goals by Merwin Moen and Bill Kraft brought team three back within one at 10-9. John Rutter then hit a pair of free throws to give 3 the lead 11-10. They continued to lead at the end of the quarter, 15-14.

Team 1, led by Rog Knutson and Bob Lee, regained the lead as the second quarter started and maintained it during most of the period as they built up a 28-24 halftime lead. Knutson scored 11

points during this quarter and finished with 15 for the half.

Team 1 continued to set the pace, making it 50-32 at the end of the third quarter.

Bill Kraft hit on a field goal to open the final period and make it 50-34, but Knutson retaliated with a basket and a free throw to make it 53-34 for the game's largest margin. Team 3 began to find the range at that point and cut the lead to 12 at one time but could get no closer.

Knutson, who fouled out with 6:30 to go finished with 28 points. Rutter scored 14 for the losers.

## Bowling Championship Won By Team 1; Plans For Volleyball Listed

Team 1 of the A league won the intramural bowling championship Thursday afternoon, by squeezing past team 6 of B league, 737-724, in the first game and then trouncing them, 738-614, in the second half of the series.

Leading the bowlers was team 1's Jim Huber, who rolled a 181 in the first game and then trounced the second for a series of 335. Teammate Bob Lee had a 139 and 179 for a series total of 318. Don Patin paced team 6 with scores of 155 and 138 for a total of 293.

In other intramural activities, volleyball begins tomorrow night, March 27. The program will continue approximately two and a half weeks. A tournament will be held following the regular games. The two top teams from each league will meet for the championship.

One hundred forty-nine players have signed up for volleyball, comprising three leagues of six teams each. This represents an increase over last year's total of approximately 19 participants.

Coach Fran Polsfoot has announced the scheduling of a singles badminton tournament. An entry list will be posted on the bulletin board in North Hall on April 3 and the tournament will be held on April 9. A doubles tournament will follow a week later on April 16 with the entry list being posted on April 11.

## SPORTS IN A NUTSHELL

by Rog

Perhaps it is a little early to make predictions, but your writer has his crystal ball all shined up and ready to go for the 1956 baseball season.

First of all, in the American League, the Boston Red Sox should take the pennant. This statement is made without bias but with the conviction that this is the most evenly balanced club in the league and is probably has more potential than any other club.

As manager Higgins has said, the outfield is set with Jensen, Piersall, and Williams, the catching is sound with White, the pitching has depth with a blend of veterans and youngsters, but the only questionable area is the infield. However, there is plenty of material available to fill the gaps with Buddin and Malzone coming up from Louisville.

Perhaps some of our readers are asking, why not the Yankees on top? Well, they are one year older, and they have little fresh material, and if they do cop the flag it will be mostly on Yankee spirit. However, the Yanks are noted for their competitive spirit and usually are able to come up with one rookie or some other key man through a trade.

Behind the Yanks, we'll pick

Detroit, Chicago, Cleveland, Kansas City, Baltimore and Washington.

Detroit and Chicago place above the Indians because of their youth and drive, while Cleveland is fast becoming a team of old men with few new faces. Detroit and Kansas City may be the "dark horses" of the league.

Baltimore has not improved itself through trade but is relying on its farm system and the faith of the board of trustees to get them through. Washington, well, we repeat the famous phrase, "First in war, first in peace, but last in the American League."

Not wanting to be called "yellow" for merely picking the clubs' standings at the end of the season, an attempt will be made here to foresee the individual outstanding performers.

Going "whole hog" with Boston, we believe that Ted Williams has one good year left in him and should cash in by winning the home run crown along with the batting championship; this combination should also earn him the MVP award. Teammate Jackie Jensen will edge him out in the runs-batted-in department. Frank Sullivan will receive the first Most Valuable Pitcher trophy a-

## Full-scale Track Workouts To Begin; Schedule Listed

The 1955 track and field season at River Falls State proved to be one of the most successful on record as a look at the records will show. Coach Fran Polsfoot's '55 thinclads rolled up eight of the 15 track records now standing at RFSC.

Full practice sessions for the coming season will begin immediately after Easter vacation—3 p.m. on April 3. A number of

track candidates have been working out already in the gym.

The college's track records, as listed by Polsfoot last week, follow:

- 100, Huser, 1955, 10.1.
- 220, Huser, 1955, 22.4.
- 440, Finstad, 1955, 54.0.
- 880, Kuss, 1955, 2:00.0.
- Mile, Vantatehove, 1949, 4:29.0.
- 2 mile, Veith, 1949, 10:35.0.
- 220 1 hurdles, Ewig, 1954, 27.3.
- 100, h hurdles, La Borde, 1948, 15.7.
- Shot, Brandt, 1955, 43' 5 1/2".
- Discus, Luhman, 1955, 128' 8".
- Pole Vault, Zamjahn, 1955, 11'.
- Broad jump, Schock, 1948, 20' 11".
- High jump, La Borde, 1948, 5'11".
- Javelin, Schmidt, 1952, 146'.
- 880 relay (Wood, Haushalter, Finstad, Huser) 1955, 134.7.

## Seven Lettermen On Baseball Team For 1956 Season

Baseball Coach Bill Solley announced today that full-scale baseball workouts will begin at 3 p.m. on Tuesday, April 3, the first day after Easter vacation. Solley will have a nucleus of seven lettermen to build the 1956 squad around, with the emphasis on experienced pitchers.

A top hurler returning is sophomore Ken Barrows, a Rice Lake right-hander who had a 6-1 record for the Falcons in 1952. Kenny was recognized as one of the finest pitchers in northwestern Wisconsin amateur baseball during '52 and '53 as he compiled a 32-3 record before going into the service.

Gerald "Louie" Johnson, a slim right-hander from Barron, handled most of the Falcons' pitching chores last season and will be back on the mound in 1956. Paul "Lefty" Johnson should turn out to be Solley's number one left-hander. Lefty got off to a slow start with the Falcons last spring, but finished with a good pitching record for Balsam Lake in amateur baseball during the summer.

Other lettermen include catcher Dale Crisler, first baseman Dick Hoffman, second sacker John Steffen and outfielder Gene Luebker. Top losses from last year's squad, which compiled a 4-6 record, are third baseman Dave Fisher, left fielder Cabby Wild and catcher Troy Rudesill.

The Falcon baseballers will operate this season as members of the Bi-state baseball circuit with a schedule similar to last year's. At a recent meeting of the Wisconsin State College schools where baseball is played, the proposal to form a WSC baseball league was voted down by a 5-4 margin. There is still a possibility that a conference might be formed in time for next season, however, according to Solley.

The Falcons' 13-game schedule includes four home dates and a total of four double-headers. The complete 1956 slate follows:

Saturday, April 21, Mankato State College (2)\*, 1:00; Thursday, April 26, Eau Claire State College, 3:00; Wednesday, May 2, Stout Institute\*, 2:30; Friday, May 4, La Crosse State College (2)\*, 1:00; Saturday, May 5, Stillwater Prison, 1:00; Tuesday, May 8, Eau Claire State College\*, 3:00; Saturday, May 12, St. Cloud State College (2), 1:00; Wednesday, May 16, Stout Institute, 2:30; Saturday, May 19, Winona State College (2), 1:00. \*Home games.

warded for his season record of 23-11.

For runners-up distinctions, Berra and Mantle should give Ted a scare for the homer lead, while Al Kaline should continue his great stickwork and make a challenge for the batting crown. Bob Lemon and Whitey Ford will also have membership in the 20-win club.

Well, there they are. Call it prejudice or just plain guessing if you like, but that's the way this columnist sees 'em. Now let's hear from you readers. Drop us a line in care of the Student Voice office expressing your convictions on the matter.

Next week — National League and World Series.

## Falcon Fanfare

by K-Don Tibbetts

One of the reasons why the Falcon baseball team is expected to improve on last year's record is sophomore Ken Barrows, a 6-0, 180 pound pitcher from Rice Lake. He won six and lost one for River Falls State during the 1952 season.

Ken graduated from Cumberland high school in 1951. He won three letters in basketball, three in football and one in baseball during his prep athletic career. At RFSC he is a member of the R club and is enrolled in a pre-

BARROWS

commerce curriculum. He tentatively plans to transfer to the University of Minnesota next year.

Possessing good control, a tremendous fast ball, a curve and a knuckler, Ken was one of the winningest pitchers in northwestern Wisconsin amateur baseball before entering the service in 1953. In 1952 his won-lost record was 21-4 including the games he pitched here at River Falls. The next summer he had a perfect 17-0 record for Cumberland. Cumberland won the State Amateur Class B title both years.

# Chief Problem of Remedial Clinics Is Student's Refusal to Realize Needs

by Jim Laue

The chief problem of the English correction program at River Falls State is the reluctance of students to recognize their need for improvement, according to Dr. Walter Engler of the English department.

"Students don't realize that the clinic program is actually a service to them", says Dr. Engler. "The clinics are not an isolation but a chance for voluntary self-improvement".

### Started Three Years Ago

The remedial clinic program, instituted three years ago, consists of correction in four areas—reading, spelling, speech, and writing. For students who apply themselves, these programs have proved helpful, fully meeting the anticipations of the English department. Yet the problem of student lack of enthusiasm for remedial work still stands as the biggest obstacle to a successful program.

Clinics were set up with the hope that all attendance would be voluntary, but most of the 100 students who participate in the program were recommended for remedial work by faculty members. Freshmen English and communication classes have been the biggest contributors to the program, with some upperclassmen who have failed to pass proficiency tests in some areas taking part in various clinic sections.

### Four Chief Weaknesses

Mumbling, poor spelling, lack of organization of written material and poor reading habits are the most prominent weaknesses facing the average college freshman, according to Dr. Engler. Dr. Blake Anderson, head of the speech clinic, lists articulation as the biggest speech problem. Often students don't realize that they are mumbling until they hear themselves on the tape recorder. Another big speech weakness is the lisp. Dr. Engler said that some girls don't actually wish to have lisps corrected. They believe their boyfriends think it's cute!

In our spelling-conscious nation the necessity for correct spelling is becoming more accentuated literally every day. "When a college freshman writes home to mom and dad and uses incorrect spelling, the parents get a dim view of the institution," said Dr. Engler. He also stressed the fact that mis-pronunciation of words such as athletics creates many of the bad spelling habits of college students today.

### College Well-Equipped

River Falls is well equipped to handle reading problems with two reading accelerator machines, a series of correctional reading

materials, and the nationally-known Harvard film series. Dr. Francis Chisholm, director of the remedial reading program, noted regression (going back to re-read a section) as the chief problem in reading at WSC. Both the accelerators and film series expose only one part of the reading material at a time, thus discouraging regression.

Dr. Hugo Hartig directs the remedial writing program, attended chiefly by upperclassmen who have failed their senior division writing proficiency tests. Much experimentation is being carried on in this clinic, attempting to discover the best methods to deal with the problem of poor composition. Students often fail to say what they mean—they "beat around the bush" and don't stick to the subject. Lack of organization is cited as the chief cause of this problem.

When students recognize the program as a chance for self-improvement rather than a punishment, then the full value of the clinics will be realized, concludes Dr. Engler.

## Classified Advertising

FOR SALE in the caf., WSCRF plastic decals, put one on your car window and luggage before going home for Easter.

FOR SALE: 1929 Model A roadster in very good condition. If interested call 2521, or contact V. W. Norton.

FOR SALE: A 28 feet long 1955 Byerly house trailer, fully modern. Contact Tom Lomnes, 1527 2nd street, Hudson. Phone 29-J-X.

### MELETEAN—

(Continued from Page One) tographs and write a record of this year's activities. When completed, the 1956 yearbook should show the college as it has been throughout the year, both formally and informally.

### Five Major Divisions

This year's Meletean has been planned around five major divisions: activities, sports, organizations, faculty and classes.

### 1200 Copies to be Printed

A total of 1200 copies will be printed by Dairyland Press of New Richmond. Covers have been purchased from the S. K. Smith company of Chicago, Ill. Picture engraving for the book is being done by Greene Engraving company of Minneapolis, Minn. It is being bound by A. J. Dahl company, also of Minneapolis.

## WSC Co-eds Discuss 'Women in Society Today'

River Falls was represented at the state convention of Associated Women Students, March 23-24, in Stevens Point by six WSC co-eds. The convention was designed to provide an opportunity for girls from the different State Colleges to become acquainted. Another aim of the meeting was to get an inter-change of ideas on the theme "Women in Society Today".

River Falls students who attended the convention are: Mary Lou Jensen, who served as a discussion leader, Diane Shay, acting as resource leader, Joanne Crownhart, Anita Gorder, Kay Ostby and Audrey Windal all of whom participated in the discussion. Their topic was "Women in Medicine", discussed in conjunction with the convention's theme.

The program began with a coffee hour on Friday evening. On Saturday the various discussion groups met. The day was completed with a banquet in the afternoon.

Dr. Mildred B. Miller, dean of students, acted as adviser on the trip.

## Music Notes

by Joan Engebretson

The Falconaires have added two new members to their group. Marge Olson from Amery is now a featured vocalist with the band. She is a freshman at RFSC with a minor in music. John Kirk is the new trumpet player. He is from Spring Valley and attended school here in the fall term of 1953. The horn player was recently discharged from the Army. While in the service he played with the 440th Army Band, 18th Airborne Corp. John is enrolled as a music major.

The Falconaires organized in 1948 under the direction of Dick Phillips. The group disbanded two years ago by Don Cooper. The band is now led by Glen Sandve, a music major from Cumberland. Dick Leach is business manager, booking agent and plays baritone sax in the band.

Some of the current Prom engagements include Glenwood City, St. Croix Falls, Somerset, Milltown and other towns in the area. The band plays standard dance tunes and current popular tunes.

A majority of the Falconaire members have had previous dance band experience. Four of the eight piece band members are music majors and all but two of them

### 1. SUPERIOR TASTE

So good to your taste because of L&M's superior tobaccos. Richer, tastier—especially selected for filter smoking. For the flavor you want, here's the filter you need.

### 2. SUPERIOR FILTER

So quick on the draw! Yes, the flavor comes clean—through L&M's all white Miracle Tip. Pure white inside, pure white outside for cleaner, better smoking.

RELAX WITH **L&M** MAKE TODAY YOUR **BIG RED LETTER DAY!**
