HIGH SCHOOL CONTEST EXCEPTIONALLY GOOD

Hammond Wins In Oratory Hayward In Declamatory

The declamatory and oratorical contests which took place last Friday were the best ever held here. This seems to be the general opinion of all who heard the speakers. The boy's contest in the afternoon was especially close, every speaker was capable of placing. The decision of the judge was: First, William Gavin, Hammond; second, Norman Beebe, New Richmond; third, Marcel Lynum, Baldwin. The declamatory contest in the evening was fully as closely contested as that of the afternoon. The winners were: First, Dorothy Hellweg, Hayward; second, Anna Zesbaugh, New Richmond; third, Helen Elliott, Ellsworth. The winners of first place will represent this district at the state contest to be held at Madison soon.

The members of the Lincolnian took the initiative in providing cars to take the contestants for a ride after the first contest. At 6:00 a stag banquet was held in the M. E. church for the men speakers, coaches, principals and judge by the Lincolnian. The judge for both contests, Mr. Garnes, was very well qualified for his work, and his decisions pleased everyone.

GALESBURG AND CHETEK WIN AT EAU CLAIRE

At the Eau Claire district declamatory and oratorical contests, which were judged by Mr. O. M. Hanna of River Falls, Miss May Roach of Stevens Point, and Mr. L. D. Adkins of La Crosse, Galesburg took first in the orations, and Chetek carried away high honors in declamation. These winners will be among those whom Hammond and Hayward, firsts of this district, will meet at Madison soon.

Mr. Hanna tells us that the Eau Claire meeting was a big one and an exceedingly difficult one to judge. Eleven schools were represented in each performance, which demanded several hours of hard work at balancing and weighing decisions of points.

RED AND WHITE DEFEATS LUTHER

Battery Shows Up Strong

The Red and White showed their baseball ability Friday when they defeated the Luther College team of St. Paul, by an overwhelming score of 13 to 1. The game was won mostly via the strike out route. The battery of the Falls was certainly there with the goods. Kees struck out seventeen men. The battery further played an errorless game in every way and secured several timely hits. In the second inning Captain Miles pounded out a home run which cleared the field and part of the adjoining campus.

The next game will be played Saturday forenoon with Stout Institute at Menomonie. With our efficient battery in the form they are in, Stout fans will be assured of an interesting game.

Score by innings:

	R.	H.	E.
R. F.	1	2	0
Luther	0	0	0

Two base hits: Shannon, Sachman. Three base hits: Luther. Home run: Miles. Hit by pitcher: Kees, Claflin. Strike outs: Kees 17, Epple 9.

"NINETY AND NINE"

Students Enjoy Free Movie

The Agrifallian society presented "The Ninety and Nine" in the Normal auditorium last Wednesday evening as a benefit to the live stock show to be held here soon. A very good crowd attended and reports are that the show was well liked although the machine was not in the best condition. However, the machine is working well now so prepare to enjoy the next show. "The Third Alarm" has been reported to us as being a very gripping story.

The social committee took some of their money and gave the normal students a free show last Saturday night. Zane Grey's stories in cinemas are good, and "The Last Trail" was no exception to this rule. Everyone who attended was satisfied and wishes the committee would become big hearted and generous again.

CINCH YOUR MELETEAN

Not all the 496 people who signed orders for Meleteans have paid their initial deposit. Therefore, the staff is ordering 485 books made, and books will be reserved only for those who make the fifty cent payment before the end of this week.

Those who have made no initial deposit will all be sure of books provided they are near enough the head of the line.

Payment may be made to Art Eckley, Ralph Seyfort, Clark Ingh, or Neil Martin in the Meletean office.

TEACHER TRAINING INSTITUTIONS ON PAR IN ATHLETICS WITH WIS. COLLEGES

Normal school athletic partisans in Wisconsin are a bit nettled at the assumption of superiority in athletics on the part of the state colleges and they point to the records of the last few seasons as proof that the teacher training schools are fully on a par with the state colleges in sports, notwithstanding their handicaps of shorter courses, three-year rule and constantly changing personnel.

It is pointed out that in football between normal and college teams in the last two or three years, the normal elevens have won almost every game. There have been few basket ball games between Little Five and Wisconsin normal conference teams of late and in those played the colleges are conceded the edge. Beloit's 1923 team is admittedly better than any normal five in the state but it would be hard to find a normal school fan who would admit that the 1922

La Crosse Normal five was not the best in the state, outside of the University of Wisconsin.

Records Conclusive

In track athletics it is possible to make a definite comparison of authentic records and here the normal teams clearly hold the advantage. Milwaukee Normal, which has won the state normal meet for three years of the last four, won all but one track event in the 1922 state meet, tied for first in the pole vault and picked up enough seconds and thirds to total 59 points. Beloit romped away with the Little Five college meet with 93 points.

A table of the winning performances in these two classics shows the normal athletes better in every single track event except the 100 yards, which was run in 10 flat at both meets. In the field the college men were better in three of the six events but except in the pole vault their margins were not large. The hammer is not thrown by the colleges but they would have excelled in that event because Dahlgren, who won the hammer for La Crosse Normal in 1921, was a student at Beloit last year.

Table Shows Strength

The following table of the winners' performances at the college and normal meets of 1922 is an interesting proof of the rapid progress made by both groups in track sports in recent years:

Event	Normal	College
100 yards	:10	:10
220 yards	:22 4-5	:23
440 yards	:53 1-5	:54 3-5
880 yards	2:03 2-5	2:05 1-5
1 Mile	4:33 4-5	4:40
2 mile	10:27 1-5	10:32
120 hurdles	:16	:16 2-5
220 hurdles	:26 2-5	:27 1-5

High jump	6.00	5:05
Broad jump	22.01	21:07
Pole vault	11:06	11:00
Shot put	39:04 1/2	35:09 1/2
Discus	126.87	129.08 1/2
Javelin	152.09	154.11
Relay, one-half mile	1:33 3-5	1:35 3-5

AG. NEWS

Profs. May and Anderson with the Marketing class motored to Minneapolis and St. Paul last Friday and spent a very profitable day in looking over the Minneapolis Chamber of Commerce, one of Washburn and Crosby's grain elevators, which is accepted as the largest in the world with a capacity of 2,500,000 bushels of grain, Armour's packing plant, and the Minnesota and Federal grain inspection laboratories. Mr. Crosby, head of Washburn and Crosby's milling and elevator company was very good in showing everybody around and explaining the intricacies of a grain exchange. Mr. Tenny, widely known Guernsey breeder, who lives at Shorewood, also was very kind in likewise making things plain for the boys.

School Notes

The union of winter and spring was evident yesterday.

"Bill" Lissack, '19, drove over from Spring Valley Sunday.

Several of the women of the faculty spent Saturday in the cities.

Miss Robinson's mother of Cedar Falls, Iowa, visited here Monday.

Frances Vosburg has returned after her illness of a few weeks.

Sam Paynter, '22, spent Saturday and Sunday visiting in River Falls; also Joyce.

Lucile Trumbell had as her guest over the week end Catherine Carson of Maiden Rock.

A number of students again helped "swell the crowd" at Ellsworth last Friday night.

The Junior girls are hoping that the good looking fellows in the oratorical contest will come to Normal next year.

It's always so late when Rex gets home after a date with Orma, for you see he waits until Buck and Doris get back.

Rollie Donovan has returned from his home where he attended the funeral of his brother who was accidentally shot.

Have you noticed the sauce sisters around school? Who are they? Why,

those are the girls that you see with the cake eaters.

Irene Stewart, Ann Hagestad, Mildred Anderson and Katherine McLaughlin, all of whom are teaching at Glenwood City, spent Saturday and Sunday in River Falls.

The Civic Club gave a party last Wednesday that every one enjoyed. After a jolly time in playing games in South Hall gym, delicious refreshments were served in the Domestic Science room.

Of all the malted milk eating records, we believe Warren Adams has won the world's record. He bet with the fellows at the "K. K." that he could drink eight malted milks in 24 minutes. He got his Sunday dinner free.

President Ames will speak on "The Conflict of Science and Religion" at the Christian Endeavor service at the Congregational church next Sunday evening at 7 o'clock. This subject, which is being very much discussed at the present time, is one that is vitally important for every one to be informed about.

CLASS DAY

The class of 1923 has covered itself with laurels in many ways. It has successfully "put over" a pioneer Homecoming which has paved the way for future events of its kind; it has achieved distinction in athletics, scholarship and other class activities of which it may justly be proud.

Now it comes forth pioneering in another new field. It proposes to stage an outdoor Class Day program such as the old school has never before seen. Active committees of live members are planning the details for the exercises. A privileged peep at the plans told us that there is to be a Class Queen presiding on her throne; that there's to be a Grand line of march to the throne where the queen will receive her honored position, after which the class song will be sung, the history, prophecy, and will of the class will be given in connection with group dancing.

Gifts will be presented to the queen who has been chosen from your midst by a vote of the senior girls. There has been a great deal of wondering concerning the identity of the class queen, the maid of honor, and the attendants. Not before Class Day though will you know who they are, for in spite of the fact that the secret is in the hands of a committee of women, it seems as though they are going to upset all sage opinions concerning their ability to keep a secret.

We have been led to believe that this class day program will be of such calibre as to place it near the top of the list of achievements of the class of 1923.

"No hell," asked Joseph in amazement.

"No," answered his friend.
