## Juniors Take Senior Scalp! LaCrosse Here Friday, Nov. 3

### Inter-Class Contests a Decided Success

Juniors defeated the Seniors in a hotly contested game Friday afternoon. The game was anybody's up to the final play. With thirty seconds to go, Eggers drop-kicked from the thirty-yard line, scoring the only points made. Eggers, Gardner, and Olson starred for the Juniors while Fields, Goddell and Boardman shone for the Seniors.

Gross and Haugh constructed a graph illustrating the plays made in the game. This is posted on the South Hall bulletin board.

#### Story of game:

Eggers kicked off to Boardman, who returned ball fifteen yards. The Seniors failed to gain and were forced to punt, the ball going to the 15 yard line, where on first play, Juniors were penalized five yards. The Juniors punted out of danger. During this quarter the Seniors completed 2 passes and the Juniors one. Two end runs, one by Olson and one by Gardner furnished the thrills. The ball was on Senior's 25 yard line at the end of quarter.

The second quarter was about even. The Seniors had the edge on the punting and Juniors completed a pass bringing ball up to fifteen yard line, but a fumble stopped the chance to score. Egger's drop kick failed. The half ended with 0-0 score.

During the third quarter the Seniors managed to keep the ball in Junior territory most of the period. But lacked the necessary charge to put things over.

In the final quarter the Juniors gained ground by completing several passes, at last carrying the ball to 35 yard line. A penalty imposed on Seniors gave Eggers the chance to drop-kick. Score 3-0.

The classes showed great enthusiasm during the game and from the number attending, one would judge that the students are heartily in favor of inter-class games.

Stout, won, 0; tied, 0; lost, 3; stand-  
ing, .000.

### HEALTH PROGRAM

The fifth and sixth grades have been working on the underweight problem. About 25 per cent of the children are drinking milk during the morning intermissions. The children pay for the milk, which is brought from the Normal farm. The special health lessons have been planned to emphasize the value of the right foods, cleanliness, fresh air, and correct posture.

The health problems are not taken up in special health periods alone, for reference is made to the health rules in every class if occasion demands. Some very attractive posters will soon be finished and exhibited.

Ten couples of the Normal School students were invited to a radio dance last Saturday evening at the home of Glen Gallup. The music was given by the Tinker Town orchestra of Minneapolis. Many people asked for encores which were at once played by the orchestra.

La Crosse meets the Red and White on Ramer Field, Friday, Nov. 3, at 2: 30 p. m.

They have played but one conference game this season, defeating Platteville 7 to 3 in a close, hard fought game. Saturday they defeated the Y. M.C.A. College of Chicago, by a score of 7 to 0. This game will mean one less team among the leaders and will narrow the race by that much.

La Crosse has the reputation of putting out clean, hard fighting teams and they are anxious to even up for the 3 to 0 defeat of last season. Their last game on Ramer Field also ended in a victory for the Falls by a score of 7 to 0.

Our team has had one week's rest which helped to put the injured in shape, and we can be assured of a fight to the final whistle. Mike Smith will be out of this game, but coach Hayward can be depended upon to groom some one to fill his place successfully.

### HALLOWE'EN PARTIES

From reports, it is evident that all the class parties held last Friday evening, were a success, but the Juniors "win" for putting on a more varied program, and getting better music for the dancing. Because of this, many students were continually shifting from one party to another.

Let's boost for an all-school Halloween party next year!

Thursday's Assembly — Esther Oakes gave a short synopsis of the condition of Turkey in an unusually well expressed manner. Roosevelt's birthday, October 27, was recognized by an appreciation of Roosevelt's character by Mr. Goble. Mr. Goble spoke of Roosevelt's courage, his unselfishness, his clear and purposeful thinking, his fidelity to a high ideal, and his energetic carrying out, in spite of all obstacles, that which he had decided was the right course.

Leave your Safety-Razor blades at Henry Dillard's Barber Shop to be sharpened.

## SUPPORT THE "Y"

Wednesday night, at 8 o'clock, the Y. M. C. A. financial drive begins. The drive this year is to be run on a competitive plan. Two teams, composed of a captain and four men each, are to compete against each other. Carrol Brown and Winifred Bird are the two captains who are to pilot their respective teams to victory.

When solicited, certain persons might wish to enquire for whom, and for what purpose the donations are to be used, and it is no more than right that they should know. The "Y" is attempting to uphold a program this year, which, if means are provided, will be beneficial both to the school and to the community, to say nothing of the benefit gained by "Y" members. Following is the program:

The Young Men's Christian Association Believes—

In the complete life; the physical, the mental, and the spiritual. In the River Falls Normal School this means that we will foster right thinking, right speaking and right living. We will stand for honest class work, clean athletics, pure social relationships and service to

the other fellow.

God helping me, I subscribe to the above program.

Further information as to the use made of the "Y" funds may be gained from the following Y. M. C. A. Budget.

Speakers, \$40  
State and notional "Y" work, \$40  
Campus service, \$40  
Social, \$25  
Printing, \$10  
Lake Geneva conference, \$100  
Meletean, \$25  
Publicity and postage, \$10

## Society

### AURELIA

A Hallowe'en program consisting of songs and readings will be given at the regular Aurelia meeting tomorrow evening, at 6:45, in the Society room.

Every member please be present.

G. O. P.

At the elaborate initiation last Thursday night, thirty-nine girls proved themselves to be of good G.O. P. material and became full fledged members of that organization. This increases the active membership roll to the limit. From this group of "peppy" girls, much may be expected.

G. A. A.

Forty-three girls became members of the G.A.A. last Wednesday evening. The first requirement of every "initiate" was the learning and reciting

from memory, Henry Van Dyke's "Four Rules of a Good Sportsman." The new members then gave individual and group stunts. They are at present, working on colors to be given to Alumni at the Homecoming. Besides, the "initiates" will be kept busy bowing to old members for the rest of this week.

At the last G. A. A. meeting, Nellie Roese was elected hiking leader, and, Abogail Bennett, treasurer, to take the place of officers elected last spring, who did not return. It was also voted that \$25.00 be used for playground equipment for the training school.

"Pa, how far can a dog run into the woods?"

"What a foolish question! As far as he wants to, of course."

"No, he can't. He can only run as far as the middle, after that he's running out of the woods."—Boston Transcript.

Father (to Bobby who had just fallen downstairs)—Why, Bobby, did you miss your step?

Bobby—No, sir, I hit every one of them!—Judge.

## School Notes

The librarians report that on last Friday the bird instinct of migration was very evident among the student body.

Miss Ella K. Smith, assistant manager of the Albert Teachers' Agency, Chicago, was the guest of Miss Mosher last week.

It has been suggested that Edith Brown purchase a flashlight. It probably will save her from injuries that might be sustained on her evening strolls.

The new G.O.P. girls are heard saying that they are tired of staggng it. Their jail sentence will be over Friday. Yes, they will be glad to accept for Friday evening.

Miss Mosher spent the week-end with a friend in Shell Lake. While there she saw Blanche Suter and Nellie Van Wyck, who teach in the Shell Lake high school, and also Thelma Munson, who teaches in Hayward, but was spending the week-end at Shell Lake. These girls are of the class of 1922.

One of the girls in the Sanitation and Hygiene class, after studying about the care of the hair and learning that salt was good for the scalp, decided Saturday morning to put in to practice the bit of new knowledge. Not having any common salt, she used Epsom. The remainder of the day was spent in washing and rinsing it out.

There have been some scrappy football games going on that the student body has not been aware of. The

*"He profits most  
who serves best"*

## Candy

We have a fine variety of fresh candies. We are sure you will appreciate the quality, freshness and price.

physical training fellows are divided into three teams coached by Mr. Eggebrecht, Murphy, and Lipke. The shortest fellows under their coach Lipke, and their star captain, Lyman Olson, have beaten the other teams three times each.

### ELEMENTARY GRADES

Hallowe'en is a favorite for fun and frolics for both young and old. The teachers of the elementary grades have capitalized the children's desires and experiences by using them as a basis for regular school activities. The drawing and industrial art periods have been used for the painting of jack-o'-lanterns and construction of things for decorations.

The first grade gave a costume party. These costumes were made by the children. It was very pleasing to see the little ones seated around their tables enjoying refreshments.

The third and fourth grades also had a party. The children planned the chief features of the afternoon, under the guidance of the teacher. Hallowe'en stories were read and told. "Bobbing for apples" was much enjoyed by all. This party and other outside experiences have been used as a basis for the English work.

### AG. YELL

The Senior men, who are to graduate this year, together with Professors Hunt, May, and Prucha, took a trip to John Chapman's, an enterpris-

ing farmer, four miles out on the Hudson road. Mr. Hunt gave an excellent culling demonstration after which the entire group culled Mr. Chapman's flock. Mr. Hunt acting as critic.

Although it is rather late for culling, it being preferably done in the latter part of September, fair results may be accomplished later. The poultry raisers are more and more coming to realize that culling is a necessary procedure if they are to be successful. All Agricultural instructors are expected to be able to conduct demonstrations on "Poultry Culling." This is but another of the many things expected of the men in the actual field.

One of the latest films put out by the U. S. Department of Agriculture, entitled the "Tale of Two Bulls" has been secured by Prof. May. This film is said to be one of the best put out by the National Department. Don't fail to see it.

Another big meeting of the Agriculturalian will be held this coming Thursday. The program:

1. Potato seed selection and treatment, Rex Adams
2. Potato culture, harvesting, and storage, Sigurd Bakke
3. Bills' travel through spudland, Wm. Anderson
4. Potato seed certification, Wilfred Pinter
5. Selection, "Spud March" Orchestra
6. Potato marketing, E. Owens

**JUNIOR HIGH SCHOOL NOTES**

**Normal Junior High School Defeats River Falls Junior High**

For the second time this season the team representing the Junior High School Department of the Normal School defeats the River Falls High School. The game was played at 4:00 p. m., October 25, on the High School field. The Normals were unable to score during the first quarter, but during the last three quarters, crossed their opponent's goal line three times. Each member of the Normal Junior High School team played an excellent game. Franklin Standish and Raymond Bliss were the stars of their team. The line-up was as follows:

Normal		City—
Finn	c.	Godden
Hagestad	rg	Pace
Hunt	lg	Pace
J. Follansbee	rt	Farrell
Luberg	lt	Hawkins
G. Manion	re	Swanson
N. Manion	le	Smith
R. Follansbee	qb	Savage
Standish	rh	Selleck
Bliss (capt.)	lh	Jensen
Knowles and		
Segerstrom	fb	Weiss
Score—19-0.		

**Prescott Badly Beaten**

Last Friday afternoon the Normal Junior High School team went over to Prescott and played a game of football with a team composed of high school and junior high school players of that place. Again the Normal Junior High school proved their ability to play football. The score at the close of the game stood 51 to 0 in favor of the Normals. Coach Schommer is very much pleased with the way the team has been playing and an effort is being made to schedule a game with either Spring Valley or Roberts, to be played in the near future.

**Hallowe'en Party**

The Junior High School classes not

being in session last Thursday and Friday, due to the faculty being in attendance at the Minnesota Educational Association in St. Paul, the Hallowe'en party which would have been held Friday evening was postponed until Monday evening of this week. All students of the Junior High School met in the assembly room at six o'clock Monday evening. Here they ate a picnic lunch by the light of jack-o'-lanterns. From the assembly room everyone withdrew to the mathematics room, and here, for an hour, games, Hallowe'en stunts, and a general good time were enjoyed by all. Many and weird were the ghosts and witches, who furnished entertainment during the evening. Shortly after 8:00 p. m. apples and pop-corn were distributed, and after these had been devoured the students went home. All reported a fine time.

Miss Latta: (English History class) "Mr. Kellar, what do you know about the Age of Elizabeth?"

Fred Kellar: (dreamily) "She will be twenty next week."

Claffin: "A man died the other day and left all he had to an orphan asylum."

Mapes: "How much was that?"

Claffin: "Twelve children."

Mrs. Simpson: "How is it that I find you kissing one of my girls? How is it, sir? How is it?"

Louie: "Great, great."

Mr. Stratton, talking about the density of population, "What do you say about the people of the east?"

Gibs: "That they are more dense."

The young man who sits down and waits for fortune to come had better prepare for a long session.

*If You Like It*

If you want to be informed, take a paper; even a paper of pins has some good points.

It is better to wear out than to rust out.

Some people are so dry that talking to them is like chewing a blotter.

The man who waits for things to turn up has his eyes fixed on his toes.

Remember there will be enough sleeping in the grave.

A kiss, a sigh, a long goodbye  
And she is gone.

A glance, a curl, another girl  
And life goes on.
