State Normal School,

RIVER FALLS, WIS.

PURPOSES OF THE SCHOOL.

The primary objects of the School are stated in the following clause of the Revised Statutes, Section 402 :

"The exclusive purposes and object of each Normal School shall be the instruction and training of persons, both male and female, in the theory and art of teaching, and in all the various branches that pertain to a good common school education, and in all subjects needful to qualify for teaching in the public schools ; also to give instruction in the fundamental laws of the United States, and of this State, in what regards the rights and duties of citizens."

Hence, the School affords special professional, literary and scientific advantages to those students who desire to fit themselves for teaching, and it offers opportunities to others who desire to improve themselves by study and investigation.

The School undertakes to instruct students in the principles and details of the branches usually taught in the public schools, with a view to secure that comprehension which is essential to successful teaching. The instruction in all branches is accompanied by a course of training which is calculated to evoke methods and to cultivate didactic habits of thought and expression. It is expected that the student who completes the full course of instruction and training will receive an impulse in the direction of the prevalent thought of the School. It is not the aim of the School to teach set methods which shall be employed under all conditions ; yet the methods of the School will probably form the basis of

those employed by its students in teaching. The student who remains only a short time in the School is likely to be impressed by its manners rather than its purposes; hence new students should not seek admission to the School for a period of less than three months.

To afford proper means for the execution of the law, this School is organized thus:

- | | | |
|-----------------------|---|---|
| 1. NORMAL DEPARTMENT, | { | Normal Grade,
Preparatory Grade. |
| 2. MODEL DEPARTMENT, | { | Grammar Grade,
Intermediate Grade,
Primary Grade. |

Terms of Admission to the Normal Grade.

Any person of proper moral character and average intelligence may be admitted to the School at any time.

Compliance with the following requisitions is necessary for free tuition in the Normal Grade:

1. Candidates must be sixteen years of age.
2. Candidates must bring to the School from superintendents in whose districts they reside, a "Nomination," certifying to their age, moral character, physical health, and residence in Wisconsin.
3. On arrival at the School, candidates must show, under examination, scholarship sufficient to attain an average of sixty per cent. in all branches prescribed by law for a third grade certificate, except United States History, Constitution, and Theory and Art of Teaching.
4. On arrival at the School candidates must sign a declaration, testifying that their purpose in seeking admission to the School is to fit themselves for teaching, and that it is their intention to teach in Wisconsin.

Candidates who cannot fulfill all the preceding requirements may constitute Preparatory classes, and will be charged a tuition fee.

These conditions of entrance are established by the Board of Regents, and all students are required by the Faculty to secure a standing by final examinations in all elementary branches before they are per-

mitted to choose studies. The Faculty reserves the right to direct the number and character of studies of students during any part of the course.

Candidates can judge of the scope of the examination on entrance by the following questions, which have been used in the examination of candidates :

ARITHMETIC.

SCIENCE.

1. What is a number? 2. What is a unit? 3. What is notation? 4. What is an order? 5. What is an integer? 6. What is a fraction? 7. What is the basis for classifying integers? 8. What is the basis for classifying fractions? 9. What is a multiple? Illustrate. 10. What is a scale? Illustrate. 11. Write one principle of Arabic notation? Illustrate.

PROBLEMS.

1. A farmer had 23 dollars; he earned 37 dollars; he borrowed 13 dollars; how many dollars has he? 2. How many days after 30th of January and before 1st of March in 1866? 3. Nine men can do a piece of work in 16 days; in how many days can 12 men do it? 4. A person bought 9 plows for 37 dollars; he sells them so as to gain 4 dollars on each; for how many dollars does he sell them? 5. What cost 5 acres of land at $6\frac{3}{4}$ dollars per acre? 6. Two and $\frac{3}{4}$ are how many times 1-16? 7. A pole stands 3 feet in mud, $\frac{1}{3}$ its length in water and $\frac{1}{4}$ its length in air; what is its length? 8. Kerosene cost 35 cents per gallon; 19 per cent. leaked; at what price per gallon must it be sold to gain 10 per cent. on the investment? 9. What is the interest of \$300 for 2 years, 7 months, at 8 per cent. per annum?

GEOGRAPHY.

1. Define meridian; axis; north pole; political geography. 2. Locate Massachusetts; Buffalo; Tropic of Cancer; Union Pacific Railway. 3. Bound Ohio; Tennessee; the town in which your home is. 4. State the country from which sweet oil is obtained; raisins; mahogany, gutta-percha; coffee. 5. Describe the mountains of United States. 6. Name and locate the ruling race of men. 7. Name the great wheat producing sections of the United States—The great mineral producing States, and their minerals. 8. Give the form of government of five foreign countries. 9. Why is the Arctic Circle placed at twenty-three and a half degrees from the north pole? 10. State the area of Wisconsin; population; industries; climate; soil.

GRAMMAR.

1. Write five nouns. 2. Write five abstract nouns. 3. Write five collective nouns. 4. Write five verbs. 5. Write five transitive verbs. 6. Write a sentence containing a pronoun in the objective case. 7. Write a sentence containing a noun in apposition. 8. Tell all you know of "might have been heard," in the sentence "I might have been heard." 9. Write a sentence containing a relative pronoun. 10. Parse the relative pronoun in 9.

READING.

Selection, Fifth Reader. 1. Utter distinctly. 2. Define the words. State the character of the piece.

Course of Study.

NORMAL GRADE.

FIRST YEAR.

	FIRST TERM.	SECOND TERM.	THIRD TERM.
READING.....	Reading. Spelling.	Reading. Spelling.	Reading. Spelling.

Drawing during Third Year.

Outline in Literature.

THIRD YEAR—Hart's Rhetoric; Shaw's American Literature; Shaw's English Literature.

FOURTH YEAR—Quackenbos' Literature; Translation of Modern Classics; General History of Literature.

Outline in Reading.

First Term.—Phonics, six weeks; Analytical Reading.

Second Term.—Elements of Expression; Vocal Drill; Model Lessons in Primer, First Reader, Second Reader.

Third Term.—Literary Reader; Biographical Sketches; Rhetorical Discussion of Selections; Select Reading; Theses.

Outline of Professional Work.

FIRST YEAR.

First Term.—School Code.

Second Term.—Primary Reading and Numbers; observation of class work in model primary school; discussion of methods of teaching; printing upon board and paper; practice in teaching.

Third Term.—Primary General Lessons; discussion of the purpose of General Lessons; of the matter to be presented, and the methods of presentation.

SECOND YEAR.

First Term.—School Organization and Management.

Second Term.—Intermediate and Grammar Grade Instruction; observation of class work in model schools; discussion of methods of teaching in these grades, and in ungraded schools; practice in teaching.

Third Term.—Theses.

THIRD YEAR.

First Term.—Principles of Teaching.

Second Term.—Observation; criticism; practice; History of Pedagogy.

Third Term.—Practice.

FOURTH YEAR.

First Term.—Mental Science.

Second Term.—Course of Study; practice.

Third Term.—Theses.

A minimum of twenty weeks' practice shall be required for graduation from the Elementary Course; and twenty weeks in addition for graduation from the Higher Course.

A standing in Theory shall include, as a factor, the theoretical work assigned to each term in the course.

Outline of Drawing.

ELEMENTARY COURSE:

- (a) Lines—Their combinations and modifications,
 - (1) From copy,
 - (2) From dictation,
 - (3) From memory,
 - (4) From imagination.
- (b) Geometric figures and designs based upon them.
Invention.
- (c) Copying outlines of regular solids and simple forms from nature.
- (d) Drawing outlines from objects.

HIGHER COURSE:

- (a) Continue drawing outlines from objects, with shade.
- (b) Architectural drawings.
- (c) Perspective, with shadows.

Graduation.

It is the purpose of the School to employ a minimum of two years for the short course, and of four years for the full course, and a minimum of time on each branch as follows:

TWO YEARS COURSE.

Arithmetic,	12 weeks.	Geography, Phys.	12 weeks.
Algebra, El.	12 weeks.	History, U. S.	28 weeks.
Book Keeping,	6 weeks.	Physics,	12 weeks.
Botany,	10 weeks.	Phonics,	10 weeks.
Composition,	20 weeks.	Physiology,	12 weeks.
Constitution, U. S.	10 weeks.	Practice,	20 weeks.
Constitution, Wis.	6 weeks.	Reading,	20 weeks.
Drawing,	20 weeks.	Vocal Music,	20 weeks.
Grammar,	20 weeks.	Word Analysis,	12 weeks.
Geometry, Plane	16 weeks.	Writing,	10 weeks.
Geography, Polit.	16 weeks.		

IN ADDITION TO PRECEDING, FOR HIGHER COURSE.

Chemistry,	12 weeks.	Literature,	20 weeks.
Economy, Polit.	12 weeks.	Mental Science,	16 weeks.
Geometry, Solid	8 weeks.	Pedagogy,	16 weeks.
Geology,	11 weeks.	Practice,	20 weeks.
History, General	40 weeks.	Zoology,	12 weeks.
Latin or Literature,	80 weeks.		

The actual needs of students have been consulted in framing the course of study, and it is believed that the course contains the outline of such work as will enable the earnest student to develop sufficient thought for creditable citizenship.

When a student completes two years of the course of instruction, he may be recommended by the faculty for certification by the Board of Regents. The certificate of attendance, countersigned by the State Superintendent, after the holder has taught successfully eight months in a public school in Wisconsin, becomes a teacher's State Certificate valid for five years.

When a student completes the Higher Course of instruction he may be graduated on the recommendation of the faculty, and may receive the Diploma from the Board of Regents. The Diploma, countersigned by the State Superintendent, on the same conditions as the Certificate, becomes a teacher's State Certificate valid for life.

But such persons only will be entitled to the Diploma as have been members of the School at least one year, and are at least nineteen years of age; but a certificate of attendance may be granted by the President of the faculty to any person who shall have been a member of the schools one term.

Model School.

A Model School consisting of three grades,—Grammar Grade; Intermediate Grade; Primary Grade,—is connected organically with the Normal School, affording, as its name implies, first class instruction for a limited number of pupils. Many pupils of the Model Grades attend from abroad, boarding with older students, and secure the advantages of the supervision of relatives, or of former teachers who at the same time attend the Normal School. The attention of parents is respectfully invited to the advantages of the Model Grades.

Privileges of the School.

LIBRARY AND SOCIETY.

The School is supplied with a library of text and reference books containing the matter used for study, and the library will be enlarged by judicious selection, as the demand is made for more extended use.

The Normal Literary Society offers its privileges to all earnest students, and affords means for improvement in debate, declamations and essays. A Gymnasium is in successful operation in the School.

EXPENSES.

Students who class in the Normal Grade, are sixteen years of age, have bodily health, and declare their intention to teach in Wisconsin, may have instruction free. All others pay tuition as follows:

In Normal Grade, 50 cents a week; Preparatory Grade, 40 cents a week; Grammar Grade, 40 cents a week; Intermediate Grade, 20 cents a week; Primary Grade, 10 cents a week.

TEXT AND REFERENCE BOOKS.

All necessary books can be rented at the School at the following rates:

Normal at \$1.00 a school term; Preparatory at \$1.00 a school term; Grammar at \$.80 a school term; Intermediate at \$.25 a school term. Primary Pupils purchase books, and all students can purchase text books at the School at wholesale cost prices.

These fees insure the use of all text and reference books required in class work, and afford the privileges of the reference library. Students are recommended to bring text books which they have, for purposes of reference.

Board in private families can be procured at three dollars per week. Clubs of students can board themselves at a total expense of two dollars per week.

LOCATION OF THE SCHOOL.

River Falls is in Pierce County, on the Hudson & River Falls division of the Chicago, St. Paul, Minneapolis & Omaha Railway, having two daily trains from Hudson. A daily stage runs to Ellsworth, and tri-weekly stage to Prescott.

ACKNOWLEDGEMENTS.

This School hereby tenders its gratitude to editors for announcements, and to publishers for regular issues of the following papers:

<i>Harper's Monthly</i> , and <i>Harper's Young People</i> ,	New York.
<i>Patent Office Gazette</i> ,	Washington.
<i>Herald</i> ,	Ellsworth.
<i>Nelson County Capital</i> ,	Michigan City, Dak.
<i>Press</i> ,	Osceola Mills.
<i>Journal</i> ,	River Falls.

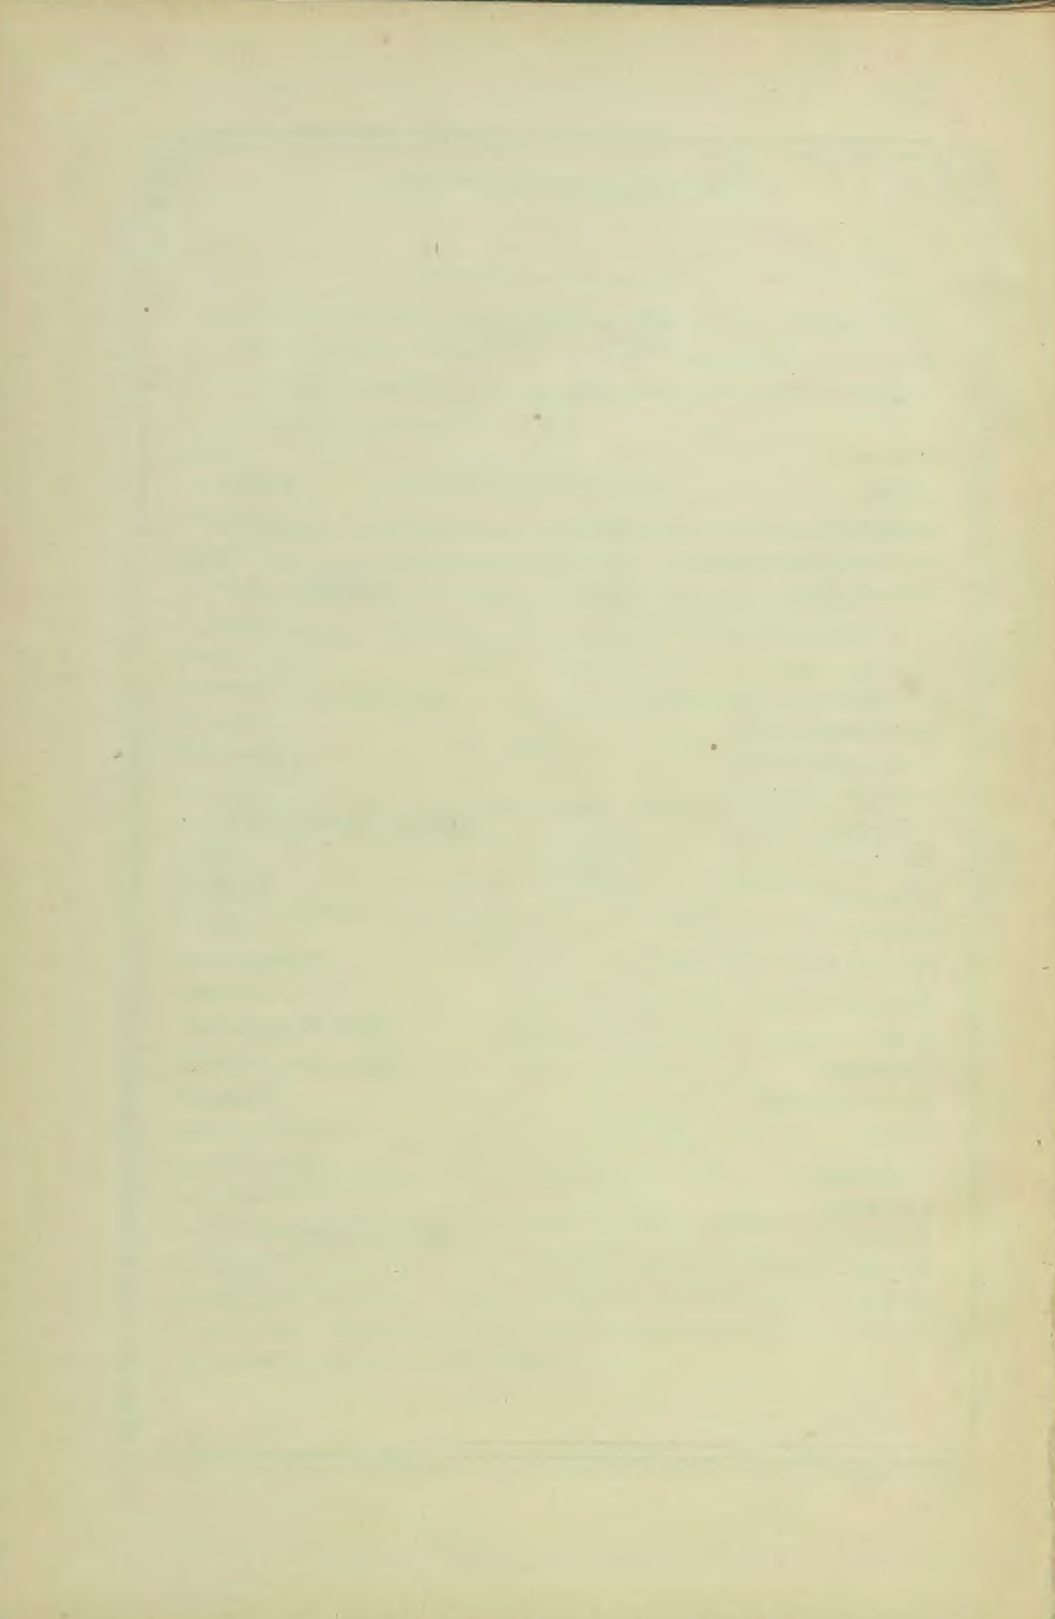

The School gratefully acknowledges courtesies of Hon. Angus Cameron, U. S. Senator; Hon. H. L. Humphrey, M. C.; Hon. W. T. Price, M. C.; Hon. N. P. Haugan, Madison; Eri Coggshall, Esq., and Dr. A. D. Andrews.

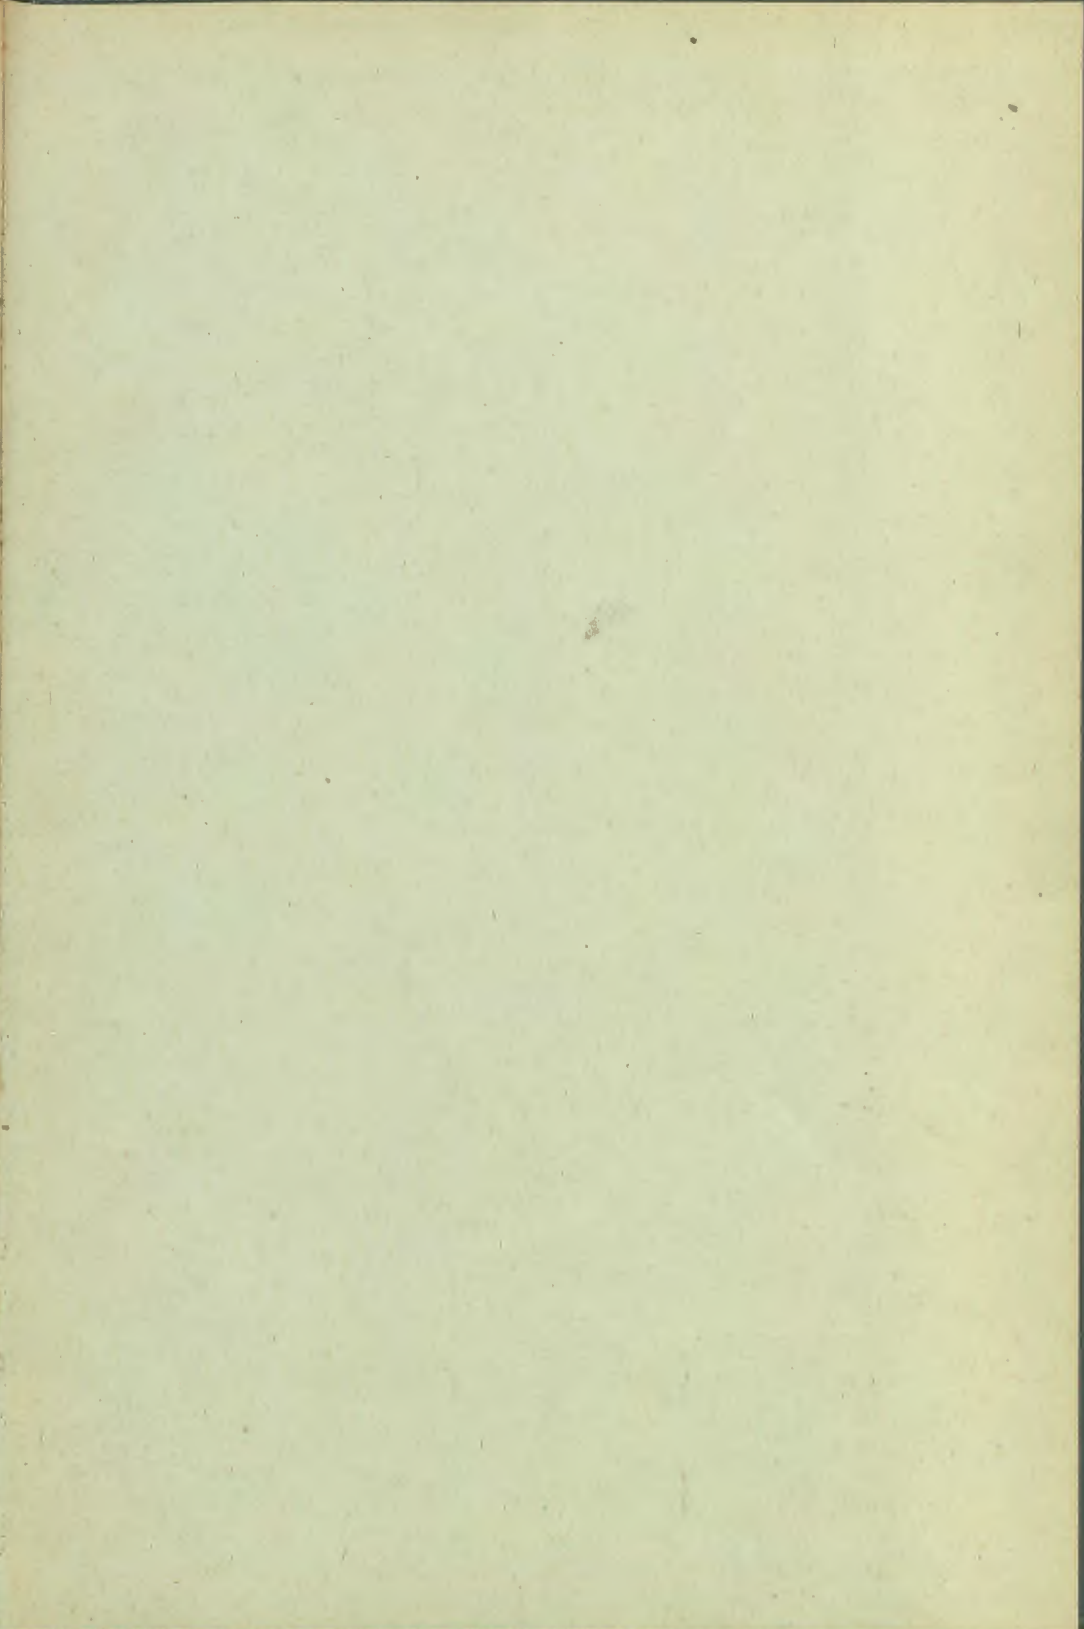

TO SUPERINTENDENTS:

The School will esteem it a favor if Superintendents certify to all applicants for the nominations; but it is believed that Superintendents can do special service to common schools, by pointing out the advantages of the Normal School to those teachers who wish to improve themselves in the essentials of scholarship.

Text Books.

Arithmetic,	<i>Fish.</i>
Algebra,	<i>Robinson.</i>
Astronomy,	<i>Kiddle.</i>
