

The Student Voice

XLVIII NO. 31

RIVER FALLS STATE COLLEGE

MONDAY, MAY 21, 1962

A TOAST is offered by Stephen Hay and Mildred Gustafson during dress rehearsals for the Thursday - Friday night production of "The Glass Menagerie." Jerry Halvorson looks on.

(Voice Photo)

'Glass Menagerie' Set After Cast Illness

The production of Tennessee Williams' "The Glass Menagerie," postponed from its originally scheduled showing date of last Thursday and Friday, will be this Thursday and Friday, May 24 and 25, according to student director Ron Perrier.

The play had to be cancelled at the last moment when one

of the leading cast developed a serious case of laryngitis and could not speak.

Perrier emphasized that tickets which have already been purchased will be honored on the 24 and 25. Tickets are still on sale at the Student Center Book Store. "The Glass Menagerie" is the story of three people brought back in a memory by Tom Wingfield, played by Jerry Halvorson, sophomore from Luck. Tom is a poet with a job in a warehouse, and he tries desperately to escape from the trap of a mother, portrayed by Mildred Gustafson, senior from Ellsworth.

He also tries to escape from a sister, acted by Kathleen Kilbride, Hastings, Minn. The fourth member of the cast is a gentleman caller played by Steve Hay, sophomore from Lake Geneva.

Picnic to Honor Campus Leaders

The 1962 Student Recognitions Picnic will be held on Tuesday evening, May 22, at 6:30 p.m. at Glen Park.

Sponsored by the Student Senate, the annual picnic recognizes the efforts of student members of the various all-school government and social committees and members of the student publications. There is no cost for the event.

Committee and publication members being recognized at the picnic will be of the Social Committee, Student Center Governing Board, Public Relations Committee, Activities Committee, Personnel Committee, Foundation Committee, Homecoming and Winter Carnival Committees, Student Voice, Meletean, Daily Supplement and Prologue.

Commencement rehearsals for graduating seniors and ushers will be held on Tuesday, May 22, at 4:10 p.m. in North Hall Auditorium.

The rehearsals were originally set for Thursday, May 24, Dr. Knaak explained in announcing the date, but a conflict forced the change. Attendance at the rehearsals is required of all graduating seniors.

Next Foundation Goal Up for All-School Vote

The decision of choice for a new River Falls Foundation project will be put to the voice of the entire student body in an all-school election on Tuesday, May 29.

The Foundation Committee has narrowed the list of suggested projects to four possibilities, and the most popular project in the elections will take the place of the "Bronze Bird" as the Foundation goal.

The four selections from which students will make their choice are (1) a College Flag; (2) French Bells for the Student Center; (3) Display Case in the Student Center; and (4) Landscaping of the South Fork.

The Foundation Committee explained that the fourth choice would include beautification of

the stream going through the South Campus. It was suggested that trees would be planted and that the area would be made into a park and arboretum. It was emphasized that such improvements would be done in conjunction with plans for future athletic and recreational facilities in the area.

The Committee also explained that a college bus, a radio station and bowling alleys were also suggested as possible projects. After considerable investigation and discussion of each, however, the Foundation Committee concluded that either state funds would eventually be made available for such developments or they were projects which could best be handled through other channels.

Musical Variety Program Offers Classical, Pops

A program of popular and classical music will be presented Wednesday, May 23, at 8 p.m. in North Hall Auditorium.

Performances will be given by the Brass Ensemble, directed by Gene Haas and Richard Alton; a Woodwind Quintet; and the Men's Chorus directed by Daniel Lehmann.

The program will be open to the public and free of charge.

Some of the numbers included in the program include Richard Rogers' "Surrey With the Fringe on the Top;" a March arrangement by J. S. Bach and Percy Grainger; and "Trumpet Tune & Air," by Henry Prucell.

The Men's Chorus will do a series of popular folk songs, including Cole Porter's "Wonderbar;" "Aura Lee," a Stephen Foster ballad; and "Down by the Old Mill Stream."

The Woodwind Quintet will play "Fugue in B-sharp minor" by J. S. Bach; "Air Louis XIII," by Henry Ghys; and "Ronda for Woodwind Quintet," by Daniel Lehmann.

All-College Smorgasbord This Week

The east lawn of the Student Center will be turned into a vast smorgasbord on Thursday afternoon, May 24, from 5 to 7 p.m. for an all-school Smorgasbord Picnic.

The Smorgasbord is being jointly sponsored by the Inter-Dorm Council and Ace Foods, and is open to all students, faculty and friends. Cost of the all-you-want picnic will be \$.90 for adults and \$.50 for children under eight. Meal tickets will be honored.

The complete Smorgasbord menu will include iced relishes, potato salad, cole slaw, tuna salad, potato chips, jello salads, fried chicken, frankfurters, bratwurst, baked beans, beef macaroni casserole, ham as escalloped potatoes, a variety of cold meats, a cheese tray, and German potato salad.

Desserts and refreshments will include ice cream, cupcakes, fresh fruits, lemonade, pop, and coffee.

In case of rain, the Smorgasbord will be held inside the Student Center.

Honors Day to Feature High Academic Students

by Morgan Graham

Forty-one sophomore silver "R's" and 28 senior gold "R's" will be among the awards and scholarships to be presented at the annual honors day convocation on Monday, May 28 at 2:20 p.m. in Karges Center.

All winners of awards will be guests of honor at a reception in the Student Center at 3:15 p.m. Parents of award winners will also be invited to attend this reception in honor of their sons and daughters, according to the Dean's office.

A soloist on an organ will open the program with music for the processional. At the conclusion of the processional, Dr. E. H. Kleinpell will address the convocation.

President Gives No Compromise On Liquor Issue

President E. H. Kleinpell told a questioning Student Senate last Monday evening that there is no appeal to expulsion from school for drinking in the dormitories, and that any student will be expelled if caught doing so.

Kleinpell appeared at the Senate meeting by request to discuss the jurisdiction and powers of the Personnel Committee as a result of his overruling of that committee on a drinking question about two weeks ago.

The president explained that in most instances students must hold themselves responsible for dormitory or off-campus actions, but that the liquor question in the dormitories was one with which there would be no compromise.

Dr. Kleinpell admitted that what appears to be inconsistent disciplinary action is a problem every college is faced with, and commented that he would welcome and consider any suggestions from students on setting up a student judiciary board.

The often-discussed but little-understood problem of compulsory dormitory and food plan policies was also discussed by the president. He explained that such policies are passed by the State College Board of Regents, and that they are the only guarantee of a steady repayment of construction loans for the buildings.

Peterson Discusses Ideals In 'Last Lecture' Series

Dr. Edward Peterson, River Falls history professor, in the third of a series of Last Lectures given last Wednesday, gave his ideals on Christianity, America, education and democracy.

Dr. Peterson stated that the ideals he had as a high school graduate have changed considerably since that time. "Youth is that time when we surround our fears with our ideals," he said.

The religious training that he had as a youth was quite rigorous, said the professor, and gave him a firm Christian foundation which lasted until one day when, at the age of 18, he wandered into a library, which is the most dangerous place for a person with a fixed idea. It was here, he said, that he did much reading and thinking, as he was no longer satisfied to take his beliefs on the word of others but had to find out for himself.

The real world seems to be in a "dog eat dog" situation, Dr. Peterson stated, but that it is his policy to treat others with consideration. He also indicated that "the meek will have to inherit the earth because they will not get it any other way."

Dr. Peterson said that many go to a lot of work trying to be something that they are not.

(Continued on page 6)

Following Dr. Kleinpell's address, the brass ensemble, under the direction of Mr. Conrad DeJong, will present Canzon Primo Toni No. 2 for Antiphonal Brass Choirs by Giovanni Gabrieli.

Presentation of academic awards will include graduate school awards, an award of the American Association of University Professors, mathematics awards and the P.E.O. award.

Scholarship presentations to be awarded are: American Association of University Women, Alumni-Faculty, P. J. Belfiori Memorial, Business and Professional Women, Class of 1924, William T. Evjue, Faculty Women's Club, Falcon Award, Foreign Student Award, R. L. Garnett Memorial, George and Helen Gilkey, Jay H. Grimm Memorial, Jay H. Grimm Insurance Agency, Inc., H. T. Hagestad Memorial, J. P. Jacobson Memorial, Kappa Delta Pi.

E. H. Kleinpell, Lions Club of River Falls, Leslie C. McKeen Memorial, John May Memorial, E. J. Prucha Memorial, River Falls Alumni, River Falls Clinic, River Falls Foundation, River Falls State Bank, Sigma Chi Sigma, C. G. Stratton Memorial, Augusta M. Thomas Memorial, and Walker D. and Helen Bryant Wyman.

'Thunder Tones' Headline Dance Thursday Night

A Rock 'n Roll dance featuring the "Thunder Tones," newly-organized musical group on campus, will be held in the Student Center recreation area from 8 to 10:30 p.m. this Thursday evening, May 24.

The "Thunder Tones" first began playing together last fall and organized into a regular group at Christmas. They have since played for a Student Center dance at the College and for several high school dances.

Playing electric guitar with the group are Johnny Krumm, freshman from Baldwin; Barry Fankhauser, freshman from Barron; and Wayne Siebold, sophomore from Hammond. On the drums is Dave Zoelle, freshman from Farmington, Minn.

The dance Thursday evening will be sponsored by Prucha Hall, and admission will be 25 cents for singles and 40 cents for couples.

Dr. Peterson

The Editor Speaks . . . Letters Concern Frats, Housing

Last week, at the request of the Student Senate, President E. H. Kleinpell met with that group to answer a volley of questions concerning the disciplinary powers of the Student Personnel Committee, and more specifically to discuss possible disciplinary action concerning liquor in the dormitories.

Student Senate members were naturally concerned over the president's overruling of the Personnel Committee on the liquor question a couple of weeks ago, especially since the Senate has the power to appoint student members of this judiciary board.

President Kleinpell welcomed several suggestions from the Senate and other students present on how to handle discipline situations with consistency and fairness, but stated that there can be no appeal to the hard and fast rule against liquor on campus.

The outcome of the discussion is not the issue which this writer would like to take up right now. Rather, I would like to suggest the value of such question and answer discussions between students and faculty-administrators.

There were approximately 20 students at the meeting, including Senate members and visitors. Questions flowed freely and answers came directly, and certainly an outcome of the meeting was that there were at least 20 students on the River Falls campus who had a much better understanding of discipline, dormitory, mandatory meal plans, and a host of minor policy topics generally of great concern but little understanding to the students.

A general conclusion stated in several comments after the meeting was "No wonder there are so many people always griping or complaining or getting into trouble around here. They don't really understand the problems of running a place like this."

But certainly more of such meetings, with a wide range of student groups, could go a long way to alleviate such misunderstandings.

One group which should be commended for its efforts in better student-administrative communication—and hence a better working relationship for both—during the past year is the Inter-Dorm Council. This group, in its first year, has met with the President, with Mr. Cooklock, head of the library, and with several other faculty or administrative officers this year in an effort to establish better understanding of problems directly concerning everyone at this College.

Faculty and administrative officials have always welcomed the opportunity to meet with students on problems as much of a headache to one as to the other. Such meetings could be handled through a revision of freshman orientation, through the dormitories, through student club and organization meetings, or several other possible ways.

Usually the biggest problem is for someone to "get the ball rolling."
Patrick O'Connell

Dear Editor:

This letter is directed particularly to Dave Rabas, Marlin White, Paul Schmid, and Arthur Haas (in regard to their letter to the editor in last week's Voice), and in general to the entire student body.

When an issue as controversial as the establishment of fraternities and sororities is discussed, one will always find groups on both sides of the fence. My concern with the letter written by the above-mentioned individuals is this: must we always stoop to name-calling ("glory-seeking, self-concerned individuals" who are trying to "destroy the personal warmth and friendship" of this college), when we oppose an issue? I'm sure that there is another way to present your views without lowering yourself to that tactic.

I was pleased to see that there are at least four people on this campus who know what the Student Senate is doing and are concerned with the issue, even if it does come as a criticism. We (the Student Senate) are certainly not infallible, but we try to do what we feel is right.

An issue was mentioned in the referred-to letter of last week which has puzzled the Senate for a long time—how to improve social conditions on the campus. Since this matter is of great concern to us, I would like to invite you four gentlemen (and all interested people) to come to the Senate meetings and present any suggestions that you feel would help to resolve the problem. Many ideas have already been tried, but the major problem seems to be in trying to rid our campus of the apathy which is becoming all-encompassing. All I ever hear is the complaint that "there is nothing to do here, so I guess I'll go

home." No one really tries to come up with a solution. The Social Committee has in fact had trouble getting organizations to co-sponsor events, let alone take the initiative of sponsoring events on their own.

To get back to the major point of this letter, I would again re-emphasize the need for improved social conditions. Perhaps fraternities and sororities are not the answer, perhaps they are, but at least there is one group on this campus who is trying to come up with a solution. (Whether this is the answer is debatable but it is an attempt to do something in trying to resolve the issue).

A resolution was presented to the Senate by the committee for fraternities and sororities and was passed because it was felt that this could possibly be the answer to a lot of problems. Maybe this is not the answer, maybe there is another way—if so please help us and the student body to find the right answer.

In conclusion, I would like to point out that the Student Senate is ALWAYS open to any suggestions, questions, and justifiable criticism from the students we represent. We have always extended an invitation to any students who wish to sit in our meetings and voice their opinions on any issues which come before us. Our meetings are held every Monday evening at 6:30 in Room 200 of the Student Center, so please feel free to drop in on us at any time. I sincerely hope that all students will take an active interest in the Senate as well as in the campus as a whole.

Sincerely,
Linda L. Kirk

Dear Editor:

The question has arisen concerning the extent to which a public institution of higher education can infringe upon the private lives of its students.

One particular incident I would like to cite concerns the River Falls' housing policies. A senior woman student, twenty-three years old, was forced to move from highly desirable living quarters, but not on the approved list of authority, with no alternative but expulsion. When the student opposed the decision, feeling it was an infringement upon her personal rights and in addition, a refutation on her own capabilities, she was suspended until she complied with the administration's wishes.

This case illustrates the ineffectiveness of the individual student when in conflict with certain established powers of the administration. The lack of faith in students' ability to guide their private lives is an insult to personal dignities. As long as a scholastic level has been maintained, laws of society obeyed, off-campus activities should be the sole concern of the individual. Ideally the duties of the administration should

be concerned with the welfare of the student. In addition, it should not perform the functions the student is capable of performing himself.

While the lawmakers of our society set a well-known level for attainment of maturity, the public institution at River Falls has obviously felt a need to revise this national standard. This implies several things: (1) the philosophy of this school is that external controls are synonymous with moral integrity, (2) students attending River Falls do not meet the requirements of the national level of maturity, or (3) obviously this institution isn't turning out students capable of exercising internal controls to meet this standard.

This writer would like to take the opportunity to express disapproval to the contention that River Falls' students lack the capabilities necessary for the management of their private lives.

In order to help alleviate further misunderstanding, I would like to suggest that the higher administration establish a definite policy, concerning the private lives of students, twenty-one years of age and over.

Sandra Appleby

Camera Clicks on Spring Campus

ART INSTRUCTORS often get the spring bug as well as the students, and as a result Donovan Olson, senior art major from River Falls, was caught in the weeds behind Stratton Hall looking for subject material for his canvas.

A BEVY OF BEAUTIES can usually be found behind the women's dormitory, so our camera man headed straight for Hathorn Hall. The new wing of women's housing, soon to be completed, can be seen in the background.

Photos by Alex

THE FRONT CAMPUS LAWNS have become a popular place for those stopping for a breather on their way to class or for those who just want to look a little more studious. In front of the Student Center is where the camera caught Tom Keefer, junior from Gilman; Jill Kampf, sophomore from Red Wing, Minn.; and Daris Raasch, also a sophomore from Red Wing.

WATCH OUT, HE'S GOT A CAMERA!! Four unidentified love-lies, caught sunbathing behind the women's dorm, turned their faces to play the modest role.

FALCON LINKSTERS in action are Ed Ganske, freshman from Spooner, Richard Zuke, sophomore from Riverside, Ill., and Harvey Skow, freshman from Luck. Skow is leading the Falcon golfers to date. (Sports Pictures by Bergene)

Golfers Third in Tri-Meet; Lose to Winona, St. Mary

River Falls golfers lost both ends of a triangular match at Winona Tuesday, May 15. The Falcons lost the first match to Winona by the score of 11 to 7, and dropped the second to St. Mary by the score of 9½ to 8½. The host team won the day's event by decisioning St. Mary in the final 9½ to 5½.

Some of the finest golfing of the season was registered both by

and against the Falcons thus far this season as the par 70 course was broken by Winona's Bob Hogenson with a fine 69, while teammate Bob Vail equaled the par with an even 70. Hogenson registered a blistering 34 on the first nine and came back with a par 35 to earn the medalist honors of the day.

Freshmen Harvey Skow from Luck and Jim Stolzman from

River Falls led the River Falls linksters, each coming in with fine 73's.

FINAL STANDINGS

Winona 11	River Falls 7
St. Mary 9½	River Falls 8½
Winona 9½	St. Mary 5½

Medalist

1. Hogenson	Winona	69
2. Vail	Winona	70
3. Skow	RF	73
4. Stolzman	RF	73
5. Czplenski	SM	73

The linksters have one remaining match on their schedule for this season, that being the conference meet at Ripon on Monday. Eau Claire, led by low shooting Tom Grip and veteran Reed Makeinze, are the favorites to repeat as conference champs this year.

River Falls met the Blugolds once this year and were soundly defeated as Jim Stolzman was the only Falcon to manage an honor point against the balance of the Eau Claire team.

River Falls has just completed its most successful season in regular play, in the recently inaugurated sport, as they defeated Stout and Bethel in dual meets for their two wins in their six matches.

Falcons Split Twin Bill With Mankato 8-5, 0-4

River Falls split a doubleheader with a powerful Mankato team Tuesday on the Indians home field. The Falcons won the opener by the score of 8-6, but Mankato came back to take the nightcap 4-0 behind the brilliant two-hit pitching of Bob Duncan.

Senior Glen Stuve got River Falls off to a good start in the first game as he led off with a resounding triple. With a runner on third and nobody out, second baseman Jim Norrish popped to the first baseman, but center fielder Bill Halverson came through with a long sacrifice fly ball to center field to drive in Stuve with the first run of the afternoon.

Mankato tied the game in the fifth inning without the aid of a base hit. Peterson got on base when Norrish booted his ground ball and promptly stole second and third base and scored on a sacrifice fly off the bat of Guse.

River Falls broke up the tight pitchers dual between Ed Gregorich and Mankato's Brandt in the sixth inning when they scored six runs on only three hits. Glen Stuve led off the inning by striking out. The Falcons then sent nine more men to the plate. Three walks, an error, a single, and two doubles led to the six runs. The big hit of the inning was a bases loaded double by shortstop Charlie Moore, driving in three runs.

The Falcons added a run in the seventh on a single by Vern Wanish, a wild pitch and a single by Tom Strasser, for a comfortable 8-1 lead going into the last half of the seventh.

In the last of the seventh Mankato drove Gregorich off the mound with five consecutive hits good for five runs. Freshman Rolland Reick came in to end the rally by striking out two men with a runner on third and only one out.

Ed Gregorich was the winning pitcher for River Falls and Brandt was the loser. Gregorich's record now stands at five wins against only one loss.

Mankato came back in the second game to shut out the Falcons behind Duncan, as River Falls could manage only two hits.

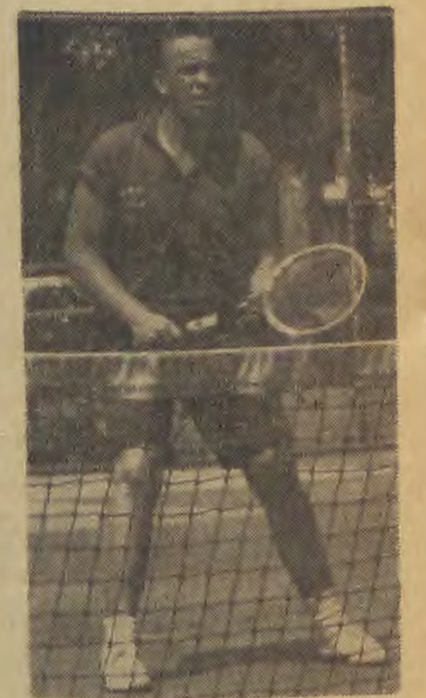

The game was a scoreless dual until the last half of the fourth inning when the Indians broke loose for three runs on three straight hits. Osborn led off with a double. Second baseman Guse then plated Osborn with a single and left fielder Howard topped off the inning with a towering home run in the left field bleachers.

Falcon pitcher Rolland Reick then set the Indians down in

order in the fifth, and River Falls trailed by three runs with two innings to go. Duncan bore down in the top half of the sixth to retire the Falcons in order, and Mankato added an insurance run in the last of the sixth without the benefit of a hit to provide the final margin and gain a split for Mankato.

Freshman Rolland Reick took the loss for River Falls, which leaves his record at two wins and three losses. The Falcons could only manage a single by Halverson in the first and another single by Norrish in the third. Duncan went all the way for the shutout.

1st Game	AB	R	H

WAITING FOR THE SERVE is Falcon netman Jerry Dexter, sophomore from New London.

Kegler's Korner

by Ron Zirbel

Even if the hot muggy summer climate is upon us the subject of bowling is not completely dead. This last week we received the final statistics on the National Intercollegiate Bowling Association (NIBA) action, and although the Falcon team as a whole didn't live up to expectations one of its members did go all the way to the top.

This member is freshman John Cook from Cumberland. Cook not only walked away with all the individual conference records but also took all of the NIBA individual records, as follows: High Individual Average, with 200 in 35 games; High Individual Game of 279; and High Individual Series of 698.

ish (out of seven), however, their overall showing was good.

Four of this year's aces will return next fall to form a foundation for the '62-63 team. These include, with their respective averages, John Cook, 200; Vic Londo, 179; Mike Lukowicz, 174; and Norm Garlie, 172.

Oshkosh State won the Mid-States Conference Western Division Championship and the right to travel to the Air Force Academy to compete against other conference champs. Mankato State College won final honors in these National Team Championships with 85.24 Peterson points.

In the National events, Mankato State had the high three-game series of 2683. Jack Frost, also of Mankato, won the All-Events honors with a 1779 total in 9 games.

Paul Stannard from Oshkosh State had the High Individual Single of 239. The High Individual Series was a 648 rolled by Jim Butler of Texas A & M. Mankato State added to its list of honors by taking the High Team Single of 1008.

As this is possibly the last Kegler's Korner for this year, I would like to pass my appreciation and thanks to the students who participated in the intramural and intercollegiate bowling programs this past year. I feel that this year's was one of the better intramural programs in recent years as far as competition and individual participation is concerned.

My special thanks to Mel Gernanson, the intercollegiate advisor, and Robert Brock, the Student Center director, for all of their continued support and troubles that I caused them in getting the intercollegiate team to Muncie, Indiana; Mankato; La Crosse; and to Collins Lanes.

I also want to thank each member of the team for their efforts and time spent (also the money) during practice and team events. Special thanks also to Vic Londo and Duane Anderson for their work in the intramural program.

John Cook

His closest competition in the High Individual Average race included Dick Havertine of Arizona State University with a 200 average in 27 games, and Dave Imber of Southern Illinois University with a 200 average in 15 games.

The '61-62 Falcon bowlers finished the season with an 892 team average, a 970 high game total, and a 2823 high series. Even with their sixth place conference fin-

WHOOOPS seems to be the expression of Calvin Caturia, freshman from Arkansas, as a big swing netted him nothing in intramural softball action at Ramer Field last week. Catching is Lorin Preston, freshman from Eau Claire, and the umpire is Bob Mosley, freshman from Alma Center.

THE 1962 FALCON GOLF TEAM are (back row) Harvey Skow, freshman from Luck; Chris Carisch, freshman from River Falls; Pete Bronson, junior from La Crosse; and Coach O. B. Bergsrud; (front row) Jim Stolzman, freshman from River Falls; Ed Ganske, freshman from Spooner; and Valmer Barrows, senior from Cumberland. (Voice Photo)

Linksters Bow To Eau Claire

The River Falls golf team traveled to Eau Claire last Tuesday, May 17 for their last regular match of the season before the conference meet next week, and were soundly defeated by the Blugolds by the lopsided score of 16 to 2.

The hotshooting Eau Claire team was again led by Marty Grip who toured the course with an outstanding 71 score, Bill Lindsay

who came in with a 76 total and Reed Mackenzie with a 77. Grip paced all golfers on both the front nine holes and the back nine. He went out with a fine 36 and came in with a blistering 35 for his total of 71. The trio of Grip, Lindsay, and Mackenzie accounted for nine of the Blugolds 16 points in the match. Tom Grip and Tom Kopplin each earned 2½ points and Jim Lieberman shot an 82 for the final two points of the Eau Claire total.

No Falcons could manage a Medalist point, however Ed Ganske garnered half of the River Falls total, that coming on a match point as he outshot his playing partner, Tom Lieberman on the back nine, shooting a 41 as compared to Lieberman's 43. Lieberman shot a fine 39 on the front nine while Ganske could only manage a 43 and as a result Ganske was defeated in the match 82 to 84.

Jim Stolzman and Chris Carisch together accounted for the remaining Falcons point, each winning a half a point coming when they tied their partners on the back nine. Carisch wound up the afternoon's play with an 83 and Stolzman finished with an 87.

Falcon Cindermen Break Five School Records in State Meet

Gain Three Titles; End in Sixth Place

River Falls trackmen broke five school records and won three first places in the conference track meet at Stevens Point Saturday, and wound up in seventh place.

La Crosse won the conference title this year followed in order by Platteville, University of Wisconsin at Milwaukee, Oshkosh, Stevens Point, Whitewater, River Falls and Stout.

Leon Headley, sophomore from the Panama, turned what must be considered the outstanding individual performance of the day by setting two records in winning both the 100 yard dash and the 220 yard dash. Headley, last year's 100 champ, took full advantage of a fast track to run the 100 in an amazing 9.6 seconds, which not only is fast enough for a school record but also a conference record if the time is accepted by conference officials. Headley topped off the day by adding another five points to the Falcon total by winning the 220 in the fast time of 21 seconds flat, also a school record.

Gordy Olson, junior from Bald-

win, won third place in the low hurdles with a fine time of 25.3 for another three points on the River Falls total. Gordy's time of 25.3 was also a new school mark in the 220 low hurdles.

The Falcon 880 yard relay team consisting of Tom Pride, senior from Osseo, Larry Feltes, sophomore from Elgin, Ill., Gerry Jensen, sophomore from Ellsworth, and Leon Headley, won their event with a time of 1:31.6 which also establishes a new school mark.

Roger Oestreich, freshman from Wisconsin Rapids, set a new school standard in the high jump but didn't place in the top five in the meet. Oestreich cleared 6' 0", but scratched in his three attempts at 6' 1".

With his wins in the 100 and 220 Headley was the only double winner of the day. The winning La Crosse Indians were paced by Lauritzen, who won the shot put event and Gryphen, winner of the high jump. The Indians could manage only two individual firsts, but gained most of their points through team balance in placing at least one man in the top five in all but four events of the meet.

The University of Wisconsin at

Milwaukee and River Falls led the meet with three individual firsts each. UWM's coming in the javelin, two mile run, and the mile run. River Falls won the 100, 220 and the 880 relay for fifteen of their nineteen points of the day.

High Hurdles—1. Marks (Osh) 2. Weideman (Osh) 3. Haasch (UWM) 4. Ihler (Osh) 5. Bottoni (LaX) .15:2

880—1. Penniston (Platt) 2. Eaton (UWM) 3. Luebstorff (Platt) 4. Jenkins (SP) 5. Morara (Osh) 2:03.4

Javelin—1. Cieslak (UWM) 2. Albright (Platt) 3. Schroeder (SP) 4. Jansen (LaX) 5. Heber (WW) 180' 8"

220—1. Headley (RF) 2. Wheeler (LaX) 3. Dreedaw (UWM) 4. Novak (WW) 5. Bilitz (UWM) 21.

Discus—1. Schroeder (SP) 2. Martin (Platt) 3. Lauritzen (LaX) 4. Parisey (LaX) 5. Schwengel (UWM) 140' 10"

Pole Vault—1. Dupor (SP) 2. Olson (UWM) 3. Lueschow (SP) 4. Hessenther (Platt) 5. Krisinger (WW) 12' 6"

Low Hurdles—1. Weeks (WW) 2. Islo (Platt) 3. Olson (RF) 4. Weidman (Osh) 5. Marks (Osh) 24.5

Two Mile—1. Sprague (UWM) 2. Penniston (Platt) 3. Hooks (Platt) 4. Frickel (LaX) 5. McNaughton (RF) 10:14.4

880 Relay—1. River Falls 2. UWM (tie) Stevens Point 4. Whitewater 5. Platteville 1:31.6

Tapping The Sports Line

by Dave Henderson

The announcements of the individual and team winners of the annual State Track Meet at Stevens Point, bring to an official close to the track and field season in our State College system.

The just completed 1962 season has been one of the many high points, a few low points, and one that featured many outstanding individual performances by River Falls cindermen.

The outstanding individual Falcons performer has been, of course Leon (Butch) Headley, sophomore from the Panama Canal Zone. Headley was beaten in his speciality, the 100 yard dash, only once this season and that time by his teammate, Larry Feltes.

Last season as a freshman, Headley won the conference 100 yard title and placed in the 220. This year as a sophomore he broke all existing state and school records in the 100 as he blistered the track in a brilliant 9.6 seconds, in winning his second straight title. This season he added another feather to his cap as he was the only Falcon to win two events in the state meet, winning the 220 and setting another record in the process with a time of 21 seconds flat.

Gordy Olson, junior from Baldwin, broke his own school record in this year's meet by placing third in the low hurdles with a time of .25:2. Gordy has been a steady point getter for River Falls all season with many outstanding performances in both the high and low hurdles and the broad jump.

A member of this year's track team who has been, I think, overlooked a little too often is little Louie Moore, sophomore from St. Paul. Louie, while standing only a hair and a half over five feet has turned in some outstanding times in (of all things) the HIGH HURDLES. Leapen Louie will be back next year to bolster the Falcon hopes.

Larry Feltes, sophomore from

Elgin, Ill., and Leon Headley's running mate in the 100 and 220, has been a steady performer for the Falcon cindermen this season.

River Falls has been, all season, extremely strong in the state meet running events, as shown by their performance in the state meet (first in the 100 and 220, both with record times, and a record setting first in the relay), but have left something to desire in field events.

The most dependable Falcon in these events has been senior Glen Anderson, in the shot put and javelin.

Freshman Steve Johnson and John Drost have garnered points for River Falls in the discus and will form a strong nucleus in this event for the Falcons next year.

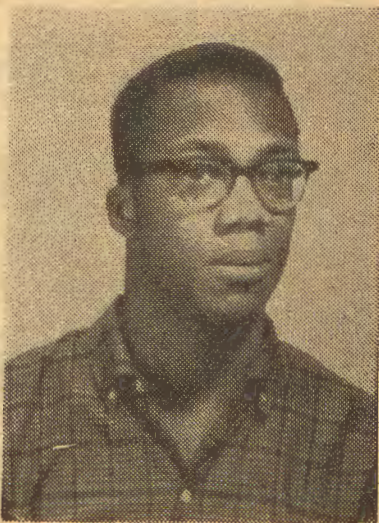

I-M Action Nears End

The past three weeks have seen a lot of softball as the intra-mural teams scramble for the championship.

There are two teams fighting hard for top honors in both leagues, with the Bombadiers and Lumber Pilers fighting it out in the "R" League and the Prucha III's and the Travels fighting to keep ahead of the Terrible Ten of the "F" League competition.

Pitching has made the big difference in placings this year in that the teams with a good arm in the group are up on top. However, the short fence at Ramer Field has helped many of the swinging teams with a lot of short gopher balls.

There have been very few post-ponements this year, which in itself has made the season much more successful than in the past. With two weeks left the pursuit for victory is going to be a long row to hoe for the top contenders.

Headley

Shot Put—1. Lauritan (LaX) 2. Bahr (LaX) 3. Cieslak (UWM) 4. Schroeder (SP) 5. Martin (Platt) 46' 2¾"

Broad Jump—1. Wells (Platt) 2. Munde (Osh) 3. Harrison (UWM) 4. Potter (LaX) 5. Carriveau (Osh) 23' 1 1/1"

Mile—1. Kruger (UWM) 2. Penniston (Platt) 3. Spragus (UWM) 4. Trickel (LaX) 5. Welman (Platt) 4:34.8

440—1. Munde (Osh) 2. Wheeler (LaX) 3. Bellrichard (UWM) 4. Eaton (UWM) 5. Campel (Platt) 50.6

100—1. Headley (RF) 2. Butzman (LaX) 3. Novak (WW) 4. Ranous (LaX) 5. Riscus (Platt) 9.6

High Jump—1. Gryphen (LaX) 2. O'Neil (SP) 3. Marks (Osh) 4. Zimmerman (LaX) 5. Weber (LaX) 6' 4"

Peterson Lecture—'Dog Eat Dog' World

(Continued from page 1) concluded his discussion of his views on Christianity by saying, "my morality is that of a lazy person because I do not try to be anyone else."

Concerning America, Dr. Peterson related many of his childhood views of the land of the free, and compared them with his present views. He said that he thought he was free until he joined the army. During this experience, he said, he witnessed "mass unemployment under the name of training."

Musical History Concert Tonight

"History Through Sound," a program portraying musical history through the ages, will be presented in concert by members of the senior music history class on Monday evening, May 21, at 8 p.m. in the South Hall Social Room.

Written and directed entirely by senior music students, the program will be a sketch of major types of music the world has enjoyed from the first century B. C. Beginning with that period's "Song of Siekolas," the history of music will be brought up to the well-known sixteenth century A. D. "Play of Daniel."

Specific areas of music to be exemplified are: graduals, sequences, troubadore songs, organum, estampes, motets, chansons, canons, and frottoles. Each type of music will be performed in the instrumental or vocal medium for which it was first developed.

Every society is ethnocentric, said Dr. Peterson. That is, each society thinks itself the best possible type. He does not believe, he said, in the great fairy tale that Americans are good and all foreigners are bad. Although he is a loyal American, Dr. Peterson stated, "the most important group I belong to is the human race."

Dr. Peterson stated that he owes a great debt to American public education. He also indicated that he keeps hearing things that shock him, like "high school is a waste of time," and that many come to college so that they can get a job from which they can make more money, or to find a husband who will make more money than he would without an education.

Concerning justice Dr. Peterson said that he has seen very little of it in democracy. The American way, he said, seems often to "keep quiet and do as you are told." He also stated that he has seen little democracy in education.

The rule of a few seems to be the way most things are done in this country, said the educator, and that one can "play one bureaucracy against the other." The United States seems to be a "maize of petty tyrants," he said.

The reason we need more democracy, said Dr. Peterson, are (1) it helps to get the support of the people and (2) it helps to give more purpose to life.

Two vital freedoms in America are the right to quit and the right to criticize.

In conclusion, Dr. Peterson stated, "I wish I could have the same ideals I had when I gave my high school valedictorian address, but I can't."

Education Seniors Must Apply for Teaching License

Any senior who desires a license to teach in Wisconsin must make the necessary application and pay a state fee at the Office of the Registrar, according to a statement from Dr. L. G. Stone, Dean of the School of Education.

Applicants should see Wayne Peterson in the Registrar's Office, the announcement said. They should secure a license application form, fill it out and return it with a \$2 fee to Mr. Peterson, who will then mail the materials to Madison. Madison officials will mail the license directly to the student.

Students contracting to teach in another state should write the teacher certification service of that state requesting a license application form, Dr. Stone said. Applicants will then receive directions on how to proceed.

Senior-Faculty Smoker Honors Men Graduates

Cigars, cigarettes and soft drinks will be provided at the annual faculty-senior men's smoker to be held from 3 - 5 p.m., May 23, in Rooms 101 and 102 of the Student Center.

The purpose of the event is to offer 1962 graduates and faculty members one final session together before commencement, June 3.

Charman for this year's smoker are Robert Wilson and Don Koepnick.

Three Chemistry Seniors Receive Graduate Stipends

Three chemistry majors have been awarded graduate assistantships leading to the Ph. D. degree at the State University of Iowa.

Larry Julien of Fairchild and Timothy Johnson of Turtle Lake

have assistantships calling for half-time teaching worth \$2,000 each. Jon Belisle of River Falls has a quarter-time assistantship worth \$1,100.

If their work is satisfactory, all three River Falls graduates should be able to continue their assistantships until they have completed work for the Ph. D., according to Dr. Richard Swensen of the chemistry department.

Johnson

Student Center Office Lists Lost and Found

A large number of lost and found items are as yet unclaimed at the Student Center Director's Office and may be claimed by proper identification.

Student Center Director Robert Brock has urged any student who has lost an item of value to check one last time at his office before the end of this year in an attempt to locate such articles.

Books from the library, checked out to students who may have to pay for them, are one of the most common items in the lost and found box, Brock said.

Among the other more valuable items are: one pair prescription sun glasses, one wrist watch, one ladies hand bag, one pair glasses and case, two lighters, one plastic coin case, five sets of keys, one bracelet, one necklace, one 4-H pin, one male wedding band, four odd keys, two odd cufflinks, one odd earring, and one two-tone jacket.

Center Receives Hagestad Picture

A portrait of H. T. Hagestad has recently been placed in the Hagestad Student Center in memory of the man for whom the building was named.

The portrait was donated by Chapter "T" of the River Falls PEO Sisterhood, which is a woman's organization dedicated to the education of women.

According to Mrs. Earl Albert, wife of one of the River Falls physics faculty members and member of the PEO Sisterhood, the sisterhood considers it a privilege to donate the portrait in memory of Mr. Hagestad, who served on the Wisconsin State College Board of Regents from 1953 to 1959. Mrs. Albert also expressed the gratitude of the chapter to Mrs. Hagestad for making the gift possible through a donation some time ago intended for something for the College.

The PEO Sisterhood sponsors a loan fund for college women and also makes a book award in the major and minor fields of an outstanding sophomore woman.

The portrait of Mr. Hagestad is located between Room 103 and the Director's Office of the Student Center.

Don Trudell Exhibits Art In New York

Donald Trudell, a junior art major from Hudson, recently exhibited a piece of jewelry in the first annual Jewelry Makers Show held April 17 - May 11, 1962 in the Feinberg Gallery at the State University College at Plattsburgh, N. Y.

Mr. Trudell's entry, a necklace pendant, was one of the 110 pieces selected from 29 entries representing 61 craftsmen from 20 states.

The purpose of the jewelry show was to promote the production of fine handcrafted jewelry, to recognize excellence in craftsmanship and design and to assemble an exhibit emphasizing the best in contemporary jewelry.

Eighteen Seniors Accept Positions

Four graduating seniors have signed teaching contracts for the forthcoming year and 14 others have accepted business and industrial positions during the past week, according to the latest reports from the placement department.

Kenneth Smelcer, social science major from Baraboo, will teach social science, phy ed, and coaching at Mauston. Lynn Brosi, ag

major from River Falls, will teach in the ag department at Prescott.

In Hudson will be Ted Vanasse, math and biology major from Spring Valley, and Ron Wilhelmson, broad area science major from St. Paul. Both will teach math and science.

Those signing contracts with the Food and Drug Administration were Robert Brett and Lawrence

Schmidt, both ag majors from Loyal, Richard Klug, ag education major from Merrill, and Arlyn Baumgarten, ag major from Tomak.

Working with the Federal Land Bank will be Raymond Weisenbeck, Durand ag major; Gerald Palesh, ag education major from Wausau, and Norman Schnagl, Spooner ag major.

Dale Diedrich, Athens ag major, and James Orr, ag major from Grantsburg, will work for the U. S. Department of Agriculture. Diedrich will be in Michigan and Orr will work in California.

Joe Schimmel, ag education major from Eau Claire, has taken a job with the Ralston Purina Co., and will be located in Mauston.

Working for the Soil Conservation Service will be George Berger, Denmark ag education major, and in Minneapolis with the Midland Co-op will be Kenneth Goldsmith.

Jo Anna Paulson, math major from Red Wing, Minn., will work as librarian in Lindstrom, Minn., and Sondra Paulson, also of Red Wing, will be assistant psychologist at the Red Wing Training School in Red Wing.
