RIVER FALLS, WISCONSIN

VOL. XXXVI NUMBER 16

Miss Hathorn To Retire In Fall Will Make Home In River Falls

After 29 years as dean of women at River Falls State Teachers college, Miss Irma Hathorn will retire this fall, she announced to the Student Voice.

When asked what she plans to do in the future, Miss Hathorn said that she will make her home in River Falls. She will, she said, pursue her hobbies of traveling, picnicking, and riding in her (as she termed it) "trusty little Plymouth."

"I have seen the college grow from a Normal School with a five-year course, a combination of high school and two years of college, to a fully accredited college," said Miss Hathorn, mentally turning back the years to 1920, her first year at River Falls, and comparing it with 1949.

"There have been many changes during the years I have been here," she said, "Some of the most interesting developments in which I have had a part were the beginning of a student activity fee, a student social committee, the Student Senate, the Honor Society, the student health service, and Mother's Day. The new College Women's Association and the first college-owned house for freshman women are recent additions to our college life."

"There have been some build-

ing changes since I have come," said Miss Hathorn, "that have included the campus school in

MISS IRMA HATHORN

Manual Arts Department with a North hall, the building of the recent addition, the Health Cot-

tage, the apartments for married veterans and the freshman dormitory."

Miss Hathorn stated that she received her bachelor's degree from the University of Minnesota, her master's degree at Columbia University, and did additional graduate work at the University of Wisconsin. Before coming to River Falls she taught in a secondary school which was a branch of the U. of Minn.

"As long as I have been at River Falls I have been dean of women," she said, "and one of my most arduous duties has been to secure rooms for the women students. It is through the cooperation of many house-mothers that the housing problems for women students have been solved and that the housing situation is so well organized today."

"The greatest satisfaction of having been a teacher for many years," said Miss Hathorn, "is the fact that I have a host of friends throughout the country, former students at River Falls; now the sons and daughters of many of these same students are enrolled at River Falls. It is a privilege to have known well so many fine young people of Wisconsin."

Wilcox, Johnson To Reign Over Prom; Murphy, DiUlio Are Co-chairmen

Junior class president Duane Wilcox and Miss Joan Johnson will reign over the River Falls junior prom Saturday night, May 14.

Besides singing in the choir and playing with the Falcon-

aires, King "Diz" holds the social chairman post on the Student Senate.

Queen Joan, who hails from Wisconsin Dells, attended Milwaukee Downer before coming to River Falls. She is an active member of the band, choir, Sig-

Seven Senators To Be Elected This Week

Seven students will take at-large seats in the 1949-50 Student Senate after the general elections this Wednesday at 1 p.m.

The other four seats in the eleven-member Senate are filled by the class presidents, who will be chosen in balloting immediately following the Senate elections. The freshmen will elect their presiding officer in September.

A minimum of fourteen nominations for the seven seats will be taken from the floor at the student assembly. Students will then vote by ballot for seven of the fourteen.

Officers of the Senate are not chosen by the student body but are elected within the Senate.

Dr. Jurgens Reelected Prexy Of AAUP

In the recent election held by the local chapter of the American Association of University Professors, Dr. Jurgens was re-elected president. Miss Moss, the former secretary and treasurer, was elected vice-president. Mr. Albert was elected secretary and treasurer by a one-vote margin over Dr. Wyman in a very closely contested race.

The candidates were chosen by a nominating committee composed of Dr. Chisholm, Miss Latta and Mr. McKeen.

KING "DIZ" QUEEN JOAN

ma and is majorette of the marching band.

The prom theme will be "Penthouse Serenade." As the couples enter, they will be greeted by a girl bellhop, taken up to the top floor of a magnificent penthouse by elevator, (where's your imagination) and ushered onto a spacious penthouse plaza of modernistic design.

Overhead will be the night sky, complete with moon and stars and below in the far distance will be the city skyline with flashing lights. A fence will surround the edge of this sky plaza for the comfort of those who might be suffering from acrophobia.

Les Williams' well known 11 piece orchestra will furnish music for ballroom dancing.

In the receiving line will be Dr. and Mrs. Chalmer Davee, President and Mrs. E. H. Kleinpell, Mr. and Mrs. B. J. Rozehnal, Miss Irma Hathorn, Miss Opal Knox, Mr. and Mrs. Berger Kolberg, Paul Rogness, senior class president and his date, Miss Harriet Finke, and King Duane Wilcox and Queen Joan Johnson.

Dr. and Mrs. Chisholm, Mr. C. B. King and Miss Rose Mohrdiek, Mr. Leslie McKeen and Miss Helen Bozevich will chaperone the event.

James Murphy and James DiUlio were elected Prom co-chairman by the junior class.

Masquers To Present Broadway Hit "Angel Street" Thursday and Friday

Did you walk under a ladder yesterday? Was that a black cat that crossed your path this morning?

You did? It was? Then you better be careful on Friday 13. Don't be half safe! Go to see "Angel Street" where you'll be among friends and be entertained as well.

Was that you picking the last

and an angel always guides its kind (Lois Clymer as Bella).

You, the public, alone can give Sgt. Rough the support he needs to save Bella from "a fate worse than death."

You, the public, alone can prove what some characters in the cast seem to doubt, that "you can't fool all the people all the time."

"A. a. r. r. k. k." shrieks the lovely heroine of "Angel Street", Lois Clymer, as the raven-haired villain, Marv Gilbertson clutches her slender throat in his hairy hands. Dorothy Cody, Helen Ingels and Dale Fredeen interrupt just in time.

four leaf clover to be found on campus or worse—did you walk on the grass?

Then heaven will not protect you on Friday 13, when the wrath of the spirit world descends.

"Angel Street" is your only salvation. You see, a devil cannot harm one of his own (Marv Gilbertson as Jack Manningham)

On the other hand, if you are a brave, I-go-where-angels-fear-to-tread soul, go ahead, go to "Angel Street" on Thursday night. Just remember you were warned!

So, for a lucky Friday 13, see you on "Angel Street." It's well paved.

State Senate Approves Appointment of Davee As College Regent

The state senate last week approved the appointment of Dr. Chalmer Davee of River Falls, to the State Board of Normal School Regents. Davee's appointment was submitted to the senate a few weeks ago by Governor Oscar Rennebohm.

This will be the second six year term that Dr. Davee has served.

Prucha Estimates 300 To Attend Summer Session

Approximately 300 students will attend this year's Summer Session here, which begins June 13 and ends July 22.

From this figure, given by Mr. Prucha, about 150 students, will be from this campus, the other 150 coming in from outside the present college attendance.

Five Additional Faculty Changes Are Announced; Ames To Return in Fall

Five changes in the faculty for next year have been announced so far, including Miss Eichert, Miss Thigpen, Mr. Engler and Miss Lanham, all of whom are leaving, and Carlton Ames, a former instructor here, who will return next year.

Miss Magdalen Eichert, who has been the first grade critic teacher in the training school here this year is leaving in order to work for her doctorate at the New York State University.

Miss Lorna Thigpen, who has been the college nurse this year is leaving to take a position at the School of Nursing of the Baptist Memorial Hospital at Mem-

Students, Faculty Receive Day Off To Honor Basketball Champs

A surprise day of relaxation, entertainment and intramural sports was the reward which the administration gave to the entire student body for the championship the '48-'49 basketball team won.

The official beginning of this day was at an assembly at 10 a.m. Master of ceremonies, Boze Montbriand, along with his helper, Marv Gilbertson, took care of the program and kept the audience on the alert to catch the jokes.

After a short talk by President Kleinpell, cheering led by the cheer leaders, and several numbers played by the band and "The Hayshakers", the winning basketball players were called up to the stage. Coach Schlagenhauf awarded the team and their manager, Orville Stein, their traditional miniature gold basketballs; which they get from the "R" Club when the team wins the championship. Afterwards, Dr. Karges accepted the championship trophy on behalf of the Athletic Board.

Immediately after the assembly, there was a pep rally held outside North hall.

In the afternoon, the movie "The Spoilers" was to be shown but due to a mechanical breakdown, it was impossible to show it.

Intramural softball games were played in the afternoon. In order that everyone could play, the games were shortened to three innings.

Volleyball and tennis were played also.

In the evening, The Falconnaires furnished the music for a dance in the North hall gym.

phis, Tenn., as Educational Director.

Mr. W. J. Engler is taking a year's leave of absence to do advanced study toward the Ph.D. degree. Beginning with this summer session, he will attend Columbia University Teacher's College, New York, and will specialize in English education, with emphasis on Communications and the Language Arts.

Miss Betty Lanham, who has been with the social science department this year is leaving, but her future plans are not yet definite, except that she will remain in the teaching field.

Carlton Ames, formerly of our social science department, has been doing graduate work at the University of Wisconsin this year and will be back on our campus next fall.

Student Voice Receives Second Class Honor Rating From ACP

The STUDENT VOICE was recently awarded a second class honor rating by the Associated Collegiate Press in their annual judging of college newspapers from all through the United States.

The ACP bases their findings on such items as make-up, type, placement of stories, headlines, etc. It is interesting to note that our rating was improved over last year's third class rating.

Students Are Urged To Pay Class Dues

Class treasurers have reported that many students are delinquent in paying their class dues, which has caused hardship in meeting the financial obligations of the classes.

Since class dues appear in the college catalog as a part of school expenses, it has become necessary for the administration to set up a policy whereby a student who has not paid his class dues will not have his grades recorded in the Registrar's office for the present quarter.

Class treasurers are asked to report to the Dean of Men all students who have not paid their class dues by May 20.

JIM DIULIO

JIM MURPHY

Heading the major committees are Raymond Oestrich, decoration, Marvin Gilbertson, construction, Vernon Shay, clean-up, Wallace Lindholm, tickets and Dorothy Sandstrom will supervise the refreshments and checking.

Tickets have been limited to 150 couples. A few alumni tickets will be provided for those coming from a distance, co-chairman James Murphy announced.

There will be ticket checkers at all doors and positively no admittance will be made unless tickets are presented.

A Stone's Throw

Wednesday is election day here on the RFSTC campus and I have been asked to urge all students to vote. Throughout the year one hears many students criticizing the Student Senate and asking why they don't do this or that. I wonder how many of these people try to change the situation by voting in the annual Senate election. Elections are held for the benefit of the voters, so please take advantage of the privilege and duty by casting a ballot in Wednesday's election.

Friday was Mother's Day here on the campus and where it is really too early to tell. I would venture to say that the turnout of mothers as probably greater than on any previous Mother's Day. Congratulations to the committee and anyone else who helped make the day a success.

I was paging through the wealth of material that is sent to us by the Associated Collegiate Press and came across this little story which was written by a feature writer of the "East Texas" of East Texas State Teachers College. I thought it was pretty good so I will pass it on to you. I am afraid that the writer would find some different meanings for those calls were he to come to RFSTC.

"By relaying orders to the fountain in brief terms the waiter can give faster service, and at the same time give a lift to an otherwise monotonous life. To eliminate confusion in their language the soda clerks use "shoot" for a fountain drink and "pull" in referring to bottle drinks. "Draw one" will bring a cup of coffee while "pull one" asks for a bottle of Coca-Cola.

In some cases there is a history behind the slang term and other times the fountain boy's sense of humor and imagination are the source of the phrase. "Run one through the cow lot" is apt to startle a customer until he is reassured by tasting his milk root beer.

"Poor boy", a dip of ice cream with chocolate syrup, originally cost five cents thus started out as an order given by a fellow who could not afford more than a nickel.

Initials and numbers are frequently mixed with drug store jargon. "WT" is a wet towel and "BG" tells the man behind the counter to bring a broom to pick up a broken glass. A glass of water is not a glass of water but the number "80" is. More water is brought by increasing the latter digit to the number of glasses needed. "83" would mean three glasses of water."

Students Suffer; Spring Finally Arrives

Spring the morning of the earth is here with her sweet perfume of buds and melodious songbirds.

She has awakened the earth with the warm caresses of the sun; and the growing things, welcomed by the winds and rains, have provided her with a soft, green mantle.

Yes, spring is the season of quickest expansion, of the warmest blood, and of the richest growth. The birds sing in chorus and call for resurrection over the graves of her flowers and they come forth.

Clouds puff their cheeks, there is a roll of the thunder drums, and her showers, like the overflow of youthful hearts, drop easily.

Spring has triumphed again. Insignificant man could not forestall, hurry nor push her. Yet she is here, not with the aid of man, but for his pleasure. Will he appreciate her?

LOOKING UP THE PRECIPICE

When twenty days have run their course and nineteen of them recorded for posterity, 109 men and women will be roaming about the campus for the last time and bidding their classmates and the faculty, good-bye. They will have a tired grin on their faces and carrying the diploma they worked so hard for, they will be glad that school is over and looking forward to their jobs. They may have some misgivings about that future but they will all be a little wistful about leaving the school after it having been such a big part in their lives.

These graduates represent the winnowing of past years. Their number today is small in comparison to those who entered the course with them. Thru the years they have added their gems to the diadem. They have won glory for RFSTC on the gridiron, the basketball floor and the cinder track. They have set up marks in scholarship, and extracurricular activities and spirit that will be their goals for other classes to try for.

This years graduates are of a serious

mind group that is rapidly disappearing from our educational institutions where they exercised a sober-minded influence, such as campuses have never known before. They have been integral part of the greatest change in man's conditions that the world has ever witnessed. Born in roaring twenties; dashed on the rocks of depression, drought and despair during the struggling Thirties; the gun fodder of the early forties and haunted by the uncertainty and insecurity of the last half decade. Now equipped with an education that hasn't kept pace, they enter the foreboding social economic maelstrom of insecurity, intolerance, infatuous ideologies and indifference. Their future, your future, will have many dark days ahead. But what our graduates lack in training and experience, they make up with courage.

The graduates leave behind a proud heritage for those entering school. It is with confidence that we follow their many paths.

"Whom are you calling out?"

Why Not Day For High School Seniors?

High schools in this section of the country have a day set aside each year when the 8th grade pupils of the surrounding territory are invited to visit their school and see what the high school has to offer. This is a good public relations promotion idea.

This sort of thing could easily work just as well in promoting the idea of going to college.

It is true that a few music-minded high school seniors come here for the music festival, but just a few, and those come usually on a Saturday.

Wouldn't it be possible to invite the senior classes of the surrounding high schools to visit our campus on a certain day?

A program of class visitations, an assembly, luncheon in the cafeteria, an

QUESTION FOR TODAY:

HOW MUCH HAVE YOU LOST?

The prime non-collegiate topic of discussion on our campus of late is not world events but "How much have you lost?" When they place that question, they are not referring to gambling debts but to thefts. During each passing week, new voices are added to the cursing whisper that has become an angry roar. Since early September the protests have been building up to a point where the thief's life isn't worth as much as his birth certificate, if his name was known. The value of his loot this year has totaled more than any other time in the history of the school more than all that was reported in five prewar years. The amount of money in cash and checks alone would be enough to pay the entire expenses for an average student this year. Add to this amount the value of the watches, personal jewelry, pens and pencils and other property that has vanished. This does not include the value of the dozens of textbooks and it is impossible to estimate the value of the notes that disappeared with the notebook.

The textbooks will have to be replaced by the victim and will invoke some financial hardship on him. However, the disappearance of these books can not be generally attributed to the same individuals who are responsible for the systematic rifling of lockers. These robbers will stoop to anything and MUST BE STOPPED.

Most of the victims have invited their own loss by their own careless temptation of these kleptomaniacs. Still, every student has a right to expect respect of his rights and property by fellow classmates. Yet these anti-social beings can not be eliminated from our campus unless everyone cooperates and does his part. First, don't give him a chance to victimize you. Second, note and report any strange incidents that you note to the dean. Third, report all losses immediately to the dean and especially if there is some mark or item that could be easily distinguished. You have the power to stop these thieves.

intra-squad basketball game, and a dance with music by the Falconnaires would give the kids a good view of a cross-section of college life here at RFSTC.

Each department could arrange for a sort of display of what they have to offer. The shops and farm would be of interest to agriculturally minded kids. The art department and science department could have some things set up to impress the prospective collegiates. The musicians of the lot could sit in with the choir, band and glee clubs.

Things Could Be Verse

Oh, how can we but help admire Those families who weather The trials and tribulations of Attending school together.

When Junior's learning this and that, Concerning Civil War, Daddy helps him out, cause he took The course the term before.

But when he gets a better grade, Pop very rarely gloats, Who knows, next week he may have need Of some of Junior's notes.

And Mom is in there pitching, too, Helping swell resources, Keeping home fires burning bright So Dad can pass his courses.

—Syracuse "Daily Orange"

"Horace-Scoops"

Things are really buzzin' around the campus this week. The females are a little more friendly since the prom has been getting under swing, "Angel Street" is getting the final polishing, and Billy Wisdom is wishing classes could be held down creek.

Rumors are drifting around that Mr. Engler is going to purchase a new convertible. It seems that the "convertible craze" is spreading.

Scoop of the week: A romance has been going on between E. Glauner's little man and Gordie Grilley's daughter. Both families are seriously thinking of starting a family line.

Nancy Murry, who is taking law so she can out-debate her husband, ventured up to Marquette a couple week-ends ago to see her sister, Mary Jo. It seems the trip was quite educational, in fact, so educational that she just hated to leave.

Jane Lofgren also hit the road the same week-end. She trekked up to La Crosse. That trip was also educational. Jane went into a deep study of "Muscles on the Human Male."

Many students are a little disappointed at not seeing all the movie "The Spoilers" in the auditorium Wednesday before last. But, as Mr. Fisler said: "This is an educational film projector, and the film is just too hot." Sure would like to have seen that movie.

Question of the week: Is Eagle River a suitable spot to go for a short vacation—a week-end, perhaps? Ask Ray Henry for information.

"It is the duty of the student without exception to be prudent. If smarter than his teacher, tact demands that he conceal the fact." No wonder Harry Shay never talks in class.

Well, someone had to break down. It was Evie Boles, Don Murtha, Dode Halverson, and Johnny Mills who were the first ones to be seen down creek this spring.

Horace's vote for the best tan: Torgie, who got his tan by "falling asleep in the sun." Katie Polzin and Emmett Fleming run a close second.

That hot day last Tuesday sent many brave souls tramping off to the old swimming holes. The water, it was reported, was fine, and no mishaps occurred, aside from Jean Kindschi's losing his bathing suit.

Those red hot love scenes in "Angel Street" between Dorothy Cody and Marv Gilbertson should make Gregory Peck and Rita Hayworth look like amateurs. The person doing the make-up for the players is having quite a time, though. It's awfully hard to get enough powder on Marv's face before the love scenes so the red doesn't show through.

Phillip Wadleigh wishes to issue a public prayer of thanks: "Thanks for the windy days, so when I am sitting on the lawn I have something else to look at for a change."

And on this solemn note we shall close. Have fun these last three weeks, people!

LANGUAGE CLUBS CORRESPOND WITH STUDENTS OF FAR - OFF LANDS

"I like to read, but I often have a lot of written work and studies to do. Isn't that boring? I don't like school very much. Do you like your courses? Math frightens me."

This is an excerpt from a letter received from a correspondent in Oujda, Morocco. The foreign language classes have begun correspondence with students of France, Germany, Africa, and countries in Central and South America.

The letters were hand written

HOLLYWOOD Beauty Hint

BY Max Factor Jr.

Starring Virginia Bruce

Hollywood—If you happen to be one of the many women—glamorous Virginia Bruce comes to mind—who do not care for an obviously "fresh powdered look", Hollywood make-up man Max Factor Jr. offers a tip on how to avoid this type of complexion finish. After originally powdering, brush away surplus with a powder brush. Then, take a sponge which has been wrung dry after being softened in warm water, and pat over the entire powdered face with this sponge. Finally, smooth again with the powder brush.

in ink, and are difficult to read because they have a different formation of the letters. In French writing, a line is drawn through the 7, thus, to distinguish it from the 1. The letters are very interesting for the students there are very much like college students here.

A German boy from Hamburg, British zone, encloses drawings and cartoons in his letters. Drawing and playing the piano are his hobbies.

Rita Shumann, Miss Hamburg of 1947, writes that she attends a school of Art and Mode and enclosed a beauty contest winner picture of herself.

Fritz Hofer from the Russian zone of Berlin, states that conditions are terrible and they are almost starving. He was very depressed and Dr. Jurgens said he sounded like a psychopathic case.

Maria Christina Salinas, whose home is in Choluteca, Honduras, tells of her father's ranch and of their coffee plantation in the mountains. She went to high school in Legucigalpa, but did not say if she studied English. They have 3,000 head of cattle and produce 250 pounds of butter and 700 pounds of cheese per week at the ranch.

An artist from Berlin states that she works as a bookkeeper, because she could not make a living as an artist. She was very pleased that Americans were friendly with hostile countries.

Jeannine Seban from Ouyda, Morocco, states that her amusements are "the cinema", dancing and sports. As the captain of their basketball team, she looks forward to the game with the R. A. C. in Casablanca with optimism.

Students Who Have Lost Belongings Should Check With Deans

Each year during the months from September to May many students either lose or mis-place some of their possessions. The bulleting hearts have shown evidence of this in the past months.

Lost articles are often found and are turned in to one of the deans or the registrar's office. Many small articles can be found in Miss Hathorn's or Mr. Rozehnal's or Mr. Prucha's office. Among the articles are pens, pearl necklaces, gloves and a pair of glasses. If these articles could be yours, check and see before school is out for the year.

Annual Sigma Dinner Is Held

The annual dinner of the Sigma Chi Sigma was held at the White Pine Inn, Bayport, Minn. last Tuesday evening.

A short business meeting was held after the dinner. Corsages were worn by faculty advisors and seniors. The faculty advisor are: Miss Howard, Miss Moss and Mrs. Stone.

Special arrangements were made for the banquet in advance and the group traveled in a chartered bus.

Jerry Quandt, Ex-RFSTC Student Killed in Air Crash

Jerold Quandt, son of Mr. and Mrs. Albert Quandt of River Falls, was killed in an airplane crash at Austin, Texas. Jerry was one of two men killed when their F-82 twin Mustang crashed in making a landing in the rain near Austin.

Jerry Quandt moved to River Falls in 1933 and attended the River Falls high school. After graduation he enrolled in River Falls Teachers college. In October of 1940, his junior year in college, he left with the national guard for Texas and later transferred to the air corps. He served the entire World War II as an army pilot in the South Pacific. At the end of the war he decided to make the Army his career and reenlisted. He was stationed in Georgia and New Mexico and then he was promoted to the rank of major and made chief of the fighter branch of the 8th Air Force and was stationed in Fort Worth, Texas, until his death.

Twenty-three Ag. Graduates Have Been Placed

Twenty-three graduates of agricultural education at River Falls State Teachers college have been placed, J. M. May, head of the agricultural department, announced.

Of these, fourteen have positions as high school instructors, six as veterans trainers, and three as assistant county agents.

Those placed in high schools and the location are: Robert Lovell, Lodi; Clark Anderson, Taylor; Archie Brovold, Alma; Floyd Doering, Wittenburg; James Ferries, Owen; Robert Haile, Boyceville; Kermit Quinell, Tony; Irwin Rounsville, Port Wing; Wesley Spors, Mindora; Emil Vandermause, Pulaski; Paul Rogness, Alma Center; Russell Satterland, Grantsburg; Norman Schabel, New Auburn, and Marvin Passow, Gilmanton.

Those with positions as veterans trainers are: Albert Franko, New Richmond; Paul Gardiner, St. Croix Falls; Theodore Hillert, Tomah; Ernie Haas, Hillsboro; Gordon Jacobson, Medford, and Robert Olson, Birnamwood.

The three assistant county agents will be: Willard Hamm, Chilton; Lester Van Loon, Monroe, and Richard Meindl, Barron.

Sophomores Have Hard Day Finding Out How Much They Know

Last week the Sophomores were required to take a few tests. These tests, which had students complaining for days, were given for a reason.

One objective behind the tests was to find out if two years of college did the students any good. The average sophomore student had covered the majority of courses that were given in the test, and if by any chance the student failed the test, then he is lucky he got as far in school as he did.

The tests were given under the guidance of the psychology departments.

YMCA Chooses Cabinet For 1949-50 Will Hold Annual Banquet Wednesday

The first step in laying plans for the River Falls State Teachers college YMCA of the year '49-'50

was made Wednesday, April 27, 1949, when the new officers were elected at the regular bi-monthly meeting.

Schillberg to Head Pi Kappa Delta Next Year

Climaxing a successful speech season, nine debaters were initiated in to Pi Kappa Delta Fraternity, Monday, April 25, in the Social room.

Phyllis Hathaway, Marion Aebly, Melvina Norderhaug, Eileen Carufel, Ambrose Murphy, Ernest Gay, Jack Hanson, William Hayes and Dick Armstrong received the Degree of Fraternity in an impressive ceremony Monday evening.

Conducting the ceremony were Melvin Steinbron, John Rockman, and Marlyn Eslinger, Officers; Charles Schillberg and Jerry Finn acted as guards during the ritual. All were directed by Marion E. Hawkins, Forensic Coach.

Following the initiation a business meeting was held in which these officers for next year were elected: Charles Schillberg, pres.; Ambrose Murphy, vice president; Phyllis Hathaway, secretary; and Jack Hanson, reporter.

Refreshments were served after the meeting. Twenty-three guests attended.

The new officers are: David Wilcox, Pres.; Norman Noah, Vice Pres.; Roy Forehand, Sec.; Keith Nelson, Treas. These men, together with the YMCA Cabinet will determine the organization's program of next year.

The Cabinet consists of old and new officers, together with outstanding men chosen by the cabinet of the previous year. Once a name is added to the Cabinet roles it is not removed, whether or not the member remains active in the College YMCA. All new officers are automatically placed in the Cabinet.

Cabinet members selected Monday, May 2, 1949, are Don Benson, Lyman Oman, Willis Erickson, Manley Miller, Cecil Hartung, Ray Miller, and Harold Lindeman.

New officers will be installed at a Banquet meeting Wednesday evening, May 11, 1949, at 6:30 P. M. in the college cafeteria.

Clem Elliott, YMCA Region Secretary, St. Paul, Minn., will be guest speaker. All YMCA members have been urged to attend this interesting and important meeting and partake in a delicious "Cafeteria style" meal.

More Placements Are Revealed By Office

Incomplete reports show eleven graduates of the education department have obtained positions, according to an announcement by Mr. Johnston, director of the placement office.

Of this group six will teach elementary education and three secondary.

Locations and positions of those teaching elementary are: Ruth Nelson, grade 4, Manitoc; Allan Peabody, intermediate grades, Rice Lake; Marjorie Moors, primary, Chippewa Falls; Joan Johnson, primary, Richland Center; Jane Olson, kindergarten, Coronado, Cal.; and Bernice Saueresig, grade 1, Rice Lake.

Locations and positions of those teaching secondary are: Laraine Palan, Dunn County School of agriculture, Menomonie; Carl Wickman, Science and coaching, Hamberg, and Elaine Peterson, Rice Lake.

Jerney Club Will Continue To Operate According to Mrs. Graves

Men students will be able to board at the Jerney Club during the summer session and again next fall, the Voice was told last week.

The club will continue to operate under Mrs. Graves, who has been at the helm since early April.

twigs for grafting work they loitered about the bank of the stream for some time (relax after strenuous work they say). Suddenly a new car stopped on the highway and the two men sat gazing intently at these students.

Suspecting that they were game wardens and always looking for something exciting, the fellows began doing a few things in pantomime, such as breaking imaginary fish poles. This brought the law over at a fast pace along with flashing badges and comments such as, "breaking fish poles, eh? This'll go tough on you!"

Only after a long and exaggerated search did the disillusioned and red-faced men-of-the-law retreat.

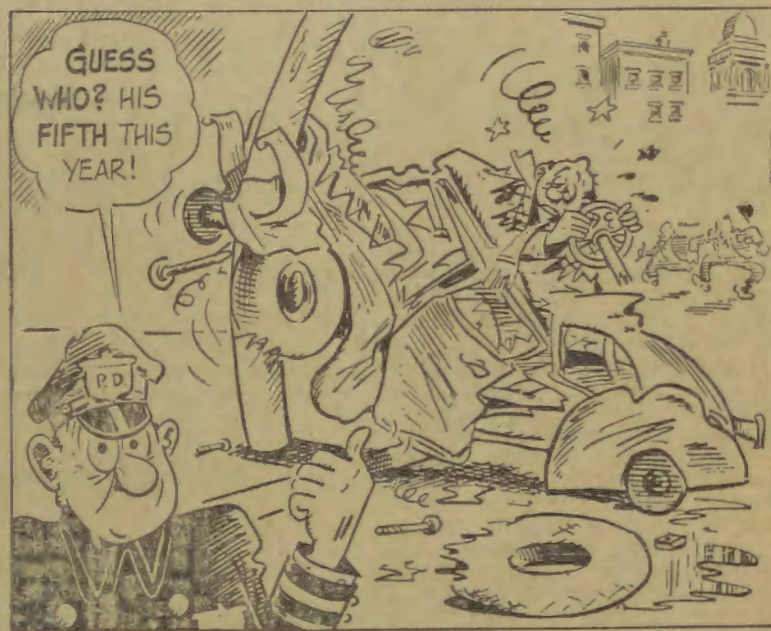

Sixty-seven People Attend Faculty Banquet at Red Wing

Sixty-seven people attended the faculty dinner held at Nybo's in Red Wing, Minnesota last Wednesday evening.

Bowling and the theatre provided the entertainment after the dinner. "Little Women" was the movie most attended.

The faculty dinner is part of the social activities of the Faculty Social Activities Committee. The committee, under the chairmanship of Miss Hawkins, consists of Mr. King, Mr. Wall, Mr. Anderson, Mrs. Rohzenal, Mrs. Setterquist, Miss Simon and Miss Smelser.

Prep Stars Break Two Meet Records

George Schneider broke two of his own meet records as he and his Menomonie mates won the Seventh Annual River Falls State Invitational Track and Field Meet held at Ramer Field on May 6.

Schneider set new marks in the Shot Put with a heave of 46 ft. 5 1/2 in. and the discus with a throw of 125 ft. His old marks were 39 ft. 10 1/2 in. for the shot and 122 ft. 9 in. for the discus. Paul of Glenwood City tied the meet record in the 880 with a mark of 2:12. Michel of Spooner was the previous record holder.

Menomonie had a great bulge in the total scoring with 66 1/2 points. Spring Valley was second with 33 1/2 and Baldwin third with 14. Other team totals were Barron, 13; Pepin, 10; Glenwood City, 10; River Falls, 9 1/2; New Richmond, 6 1/2 and Hudson, 2.

Large Turnout For Mother's Day Program

The tenth annual Mother's Day party of the River Falls State Teachers college was held on Friday, May 6. The day's activities included a tour of the campus, a luncheon, a program, and a coffee hour.

Among the points of interest visited on the tour of the campus were the swimming pool, tennis courts, Freshman dormitory, library, health cottage, and the farm buildings.

The luncheon was served at 1:00 in the college cafeteria.

The afternoon program which was under the direction of Sibby Williamson, was held at 2:30 in the auditorium.

Every mother was presented a beautiful corsage of flowers. Mothers who had previously at-

tended RFSTC were also given alumna banners to wear.

The Mother's Day party was very successfully planned and carried out by the officers of C. W. A. The Mother's Day party has become one of the nicest and most worthwhile customs of the C.W.A.

Jean Dawson To Lead Youth Fellowship Group

The past few weeks have been "election weeks" for many clubs and organizations on the River Falls State Teachers College campus. Many groups are choosing their separate leaders for the coming year.

The United Youth Fellowship has been no exception. This organization of college age youth of the River Falls Congregational Church followed suit last week by selecting its leaders for the coming year.

Sunday evening, May 1, 1949, the following persons were chosen as officers of the United Youth Fellowship for the year of 1949-1950: Jean Dawson, President; Edith Olsen, Vice President; Helen Ingels, Secretary; Don Benson, Treasurer; Dorothy Cree and Art Waters, publicity co-chairmen; Mickey Hedlund, social chairman; Keith Nelson, program chairman.

Falcons Play Six Games in Two Weeks; Meet Eau Claire Blugolds Tomorrow

River Falls Wins First League Game

River Falls won its first conference game as they downed Stout last Tuesday, 3 - 1, in a well-played game.

The Falcons scored single runs in the sixth, seventh, and eighth innings. Stout scored in the third.

Harold Feidt made his first appearance on the mound this year and was credited with the win. He did not allow a hit in the three innings that he worked. Riley started the game and was touched for three hits.

Maxa allowed the Falcons seven hits. Two of the runs scored off him were unearned. Each team had two errors.

Kannel's Pinch Hit Downs St. Olaf

Dale Kannel came through with a pinch hit single in the

DALE KANNEL

last of the ninth with two out to give the Falls a 7-6 win over St. Olaf.

Bud Fossen opened the inning with a single, was sacrificed to second, and scored on Kannel's game winning blow.

Keith Riley went the route for the Falcons and struck out three Oles.

Falcons Swamped By La Crosse and Winona

The River Falls baseball team went to La Crosse and Winona but they left their hitters, their fielders, and their pitchers at home. As a result they were upended by La Crosse, 25-4, and by Winona, 17-9.

At La Crosse the Falcons managed to get four hits and to commit eleven errors. La Crosse had one big inning, the seventh, when they plated thirteen runs.

The Falcons slapped out eight hits at Winona and erred only twice but the Winona bats were much more potent as they collected 15 hits.

Errors Cause Falcons To Drop Doubleheader

The Falcons opened their conference schedule by dropping two games to a powerladen St. Cloud team by scores of 3-2 and 7-2.

In the first game the Huskies pushed across a run in the top of the seventh to clinch the victory. The game was a heart-breaker for Dan Demulling to

DAN DEMULLING

lose as errors in the field caused his downfall.

St. Cloud fielded an entire new team to open the second game. Bob Guith started on the mound for the Falls and was relieved by Keith Riley. The Huskies collected 13 hits off the slants of the two Falls hurlers.

River Falls will travel to Eau Claire tomorrow to do battle with the Blugold baseball team. Little is known of the strength of the Blugolds except that they dropped a doubleheader to St. Cloud.

The Falcons will meet three other conference opponents within a span of two weeks. They will play return engagements with La Crosse, Stout, and Eau Claire. They will also meet Augsburg in a non-conference game.

Thinclads Place Second In Eau Claire Meet

Everett Griley, Jim Van Tatenhove, Harley Harkness, Gordy Seifert, and Don Veith swept to first place wins as River Falls placed second in a triangular track meet held at Eau Claire on April 30. Stevens Point won the meet with 74½ points. The Falcons scored 52 and Eau Claire 35½ counters.

The race for the team title was neck and neck between the Falls and Stevens Point until the Pointers swept two events which established a margin the Falcons could not conquer.

The placing of the Falcons was as follows:

100 yard dash—Seifert, 2; Juliot, 3; Luhm, 4.

120 yard high hurdles—Griley, 1.

220 yard low hurdles—Griley, 2.

440 yard dash—Cassel, 2.

880 yard run—Van Tatenhove, 1.

Broad jump—Harkness, 1; Judd, 2.

220 yard dash—Seifert, 2; Juliot, 4.

High jump—Seifert, 1.

Mile—Van Tatenhove, 1.

Two mile—Veith, 1.

Shot Put—Woelfer, 4.

Discus—Harkness, 4.

Relay—River Falls, 1.

Track And Golf Team Will Compete At St. Cloud, May 14

What should be one of the biggest events on the track, golf, and tennis schedules will take place at St. Cloud on May 14. This date will mark the first M-W conference meet to be held with six teams competing.

The track team showed surprising strength at the Eau Claire meet held last week. If they continue to improve the Falcons may have some conference champions.

The golf and tennis teams have not fared so well this season. Gail Crist has been the only winner for the tennis squad. The golf team, given a few breaks, may make a strong showing in the meet.

From left to right—First row: John Mills, Lyle Erickson, Pete Hendrickson, Harlan Nelson, Eldon Jacobson. Second row: Gene Cardinal, Bob Guith, Newman Benson, Phil Butler, Manley Fossen, Jim Dimick, Hap Dimick. Third row: Cliff Butler, Gene Luebker, Dale Kannel, Coach Joe Hoy, Jack Shield, Bob Adamson, Fred Subke.

Basketball Stars Lead Golf Team

The Falcon golf team captured second honors in a three team golf meet at LaCrosse. LaCrosse won the team title with 14½ points, River Falls had 12, and Winona scored 9½.

"BOOTS" DEISS

Booty Deiss led the Falcons with six points. Jack Symes had 5 and Harry Gibbs 1 to complete the Falcon scoring.

Stout defeated the Falls golf team by a score of 12-3. Symes scored one and a half points, Bud

HARRY GIBBS

Thompson one, and Booty Deiss one-half.

The Tennis squad dropped matches to Winona and Stout by identical scores of 6-1. Gail Crist scored the lone Falcon point in each match.

Thoughts On A Hot Night

Last fall when I came to River Falls they said, To you the coaching job falls. But a coaches life is not all bliss. For after the LaCrosse game I muttered something like this Dan Demulling, At mid-term worries about a deficiency causing him to lose all efficiency Harold Feidt, On whom I depended a lot. From a sore arm has recovered not. Bob Guith started a new game and batted balls fell like rain Jack Shield has made his appearance. But sorely lacks in experience. Bob Salmon was late in reporting. And his pitching has suffered according (ly) Fred Subke, Our batting practice pitcher. Does not have the curves of Molly Pitcher. Phil Butler has shown little of the things. That makes a coach sing. And Jerry Siverling, My leading hitter. Is laidup. His ankle in splinter(s). So if anyone has the yearn To become famous like Jim Hearn Report to me as soon as possible And I will be your loyal friend, Joe Hoy, until I return to fossil.

NOTE: Your sports editor was seriously effected by the heat wave and this came from it. All things in the "poem" (pardon me, dear Lit teacher) are not true but were only said to make the words rhyme.

High School Track Meet Held Friday

(Story on Page Four)

The Seventh Annual Invitational High School Track Meet sponsored by River Falls State Teachers college was held May 6 at 3:30 p.m. at Ramer Field. Twenty high schools were invited to participate.

Last year Menomonie won the River Falls track meet. The records for this meet are as follows: 100 yard dash—10.8—Gallick, New Richmond, 1947; Zeug, Elmwood, 1947; Shafer, Menomonie, 1948.

200 yard dash—21.2—Mulholland, Spring Valley, 1943.

440 yard dash—54.7—Seelman, Rice Lake, 1945.

880 yard run—2:12—Michel, Spooner, 1948.

Mile run—4:56.7—Budd, Spring Valley, 1947.

Relay (880 yd.)—1:39.7—Shafer, Harshman, Hansen, Onstad, Menomonie, 1948.

Pole vault—10 ft.—Gunvalson, Spring Valley, 1944.

High jump—5 ft. 9½ in.—Wagner, Menomonie, 1944.

Broad jump—19 ft. 8 in.—Trieb, Hudson, 1943.

DeLong's 24.1 Good For Fourth Place

NATE DELONG

Nate DeLong finished fourth in scoring amongst small college players with an average of 24.1 points a game. The scoring leader had an average of 29.1.

Collins Leads Softball Race; Three Tied For Second Place

Riding on the crest of a three game win streak the House of Collins holds the honors for first place in the intramural softball league. Thus far only two rounds have been played in the tourney and eight teams are tied in percentage points for first place. The House of Collins, having won three in a row, gains first place, but any one of the seven other undefeated teams are very likely to steal the honors before the final game is played.

Many softball fans can still remember a little of the last years' season, and those that do can surely recall the Blue Caps. They're back in the league again this year and they still have Cal Timm on the mound. If any

CALVIN TIMM

favorites can be picked this early in the season, and it wouldn't be easy, the Blue Caps are a good bet. If any such betting is to go on the bettors had better consider all of those top seven and maybe more.

Mr. Sjowall has announced that an intramural tourney will be held in each of the following, tennis, golf, and archery. Anyone who is interested in any of these should see him as soon as possible.

SALLY WHO? SALLY WHAT? . . .

You've probably noticed extra-heavy traffic on the second floor of North hall in the last few weeks. The reason for this is that through a coincidence, someone said that Sally Rand was in the biology laboratory. Now don't get excited — because this is the Sally Rand of the animal kingdom.

This Sally is a 12-inch mud-puppy, or *Necturus Maculata*, whose name is really Sam Sally. In the same aquarium, Sally has playmates of two little turtles and also a smaller mud-puppy, Sally Sam, of about 7 inches long.

Mud-puppies are cold-blooded, smooth-skinned vertebrates. They attain a length of 12 inches or more, but Miss Aikins said in the interview that she has seldom seen a live one longer than Sally.

The heads of mud-puppies are large, flat, and somewhat broader than the rest of their bodies. They have weak legs and four toed feet that they use in walking at the bottom of the water.

Notice

There are numerous items in the office that have been found on the campus. If they are not collected by the end of the quarter they will be returned to the finder.

Caps and gowns will be here for use May 23 through May 29. Watch the bulletin boards for time of distribution.

At a college examination a professor asked: "Does the question embarrass you?"

"Not at all, sir," replied the student, "not at all. It is quite clear. It is the answer that bothers me!" — "Bradford Durfee Tech."

Gaily trots the puddle pusher Splashing water as he goes, Nor a watchful eye for Suzie Silken clad from head to toes. He could walk around the puddle, Oh, but no, he must go thru, Nothing quite like playing mud pies,

Swell for him, but how 'bout you! He has on his great sylwester, Fishing boots, and Mackinaw, While trailing Suzie carries home The "newest look" you ever saw. — "Syracuse Daily Orange"

And the chemistry prof was trying to explain to a co-ed in his class about preservatives.

"Paint is a preservative," he said, looking at the girl's rosy cheeks. "That should explain why you'll probably live longer than your husband." — "The Daily Texan"

COTTON CHAMELEON

Here's a versatile, new season dress which can change its effect at the drop of a piece of scenery. With a skyscraper backdrop, it's the crisp and appropriate affair shown in the picture. Switch the backdrop to country club or sand dunes and — presto — the jacket comes off and the wearer looks smart while catching the sun. The dress is of Raycrest cotton, available in oxford, blue, brown or green, and sells for about \$18. It's one of the new cotton fashions shown in the May issue of Good Housekeeping magazine.

While the mud-puppies are swimming, their legs are folded up useless.

A mud-puppy has three pairs of external gills for breathing. These gills turn a conspicuous red and spread out in a fan shape when he exercises them—thus the name of the famous fan dancer, Sally Rand.

Although they belong to the Amphibian class, mud-puppies are different, in that they don't love their powerful tails as do toads and frogs. Their only means of protection is their blotched, brown skin which resembles the water bottom. Perhaps their slippery skin, which makes it impossible to hang on to them for long, could also be considered a protector. Oftentimes they are mistaken for lizards, but a closer inspection would show that they have no scales.

The diets of mud-puppies consist mainly of living worms, insects and small fish. For this reason, they are frequently taken on baited fish hooks, as was Sally. Dick Mahler, a student at RFS TC caught her in Lake St. Croix while ice fishing.

As an economic importance or value, mud-puppies are of little use although it is said that they are of better eating quality than frog legs, and of course, they can also be used in comparative anatomy classes.

If I Were A Freshman Again

Fredericksburg, Virginia — (ACP)—The editor of "The Bullet" of Mary Washington College looks back in feature titled "If I were a freshman again":

"I would budget my time to include both studies and extra-curricular activities.

"I would get more sleep—at least eight hours.

"I would worry less about how I was going to get things done and go ahead and do them. I would worry less about exams, but keep up with daily work.

"I would try to budget my allowance so that by the second day, I wouldn't be broke. I wouldn't spend all my money on new clothes and then write home for more. I wouldn't call home (reverse charges) everytime I got a deficiency.

"I wouldn't let anyone make me ashamed of working part-time, because I know it will be a future asset.

"I would cut down on the 'coke' and nabs, diet and eat meals regularly.

"I wouldn't be so critical of the food. I'd develop more interesting table talk.

"I would make friends with my profs and not hesitate to ask them questions. I wouldn't approach the faculty with flippancy and disrespect.

FOR FRESH—

Cakes	Doughnuts	Sweet rolls	Pies	Bismarks
-------	-----------	-------------	------	----------

CARROLL BAKERY

"I wouldn't cut classes more than I should. I would attend more of the social functions—teas, dances and lyceums.

"I certainly wouldn't believe all the gossip on the campus concerning students or faculty.

"I would be more considerate of roommates when I had 8:30's and they didn't. I wouldn't borrow clothes. I would fix up my room much cuter than I did. I'd have gay curtains and spreads and I'd have a place to pin souvenirs.

"I would read a book on bridge. I would write cheerful letters home instead of weebegone ones that were full of all my little heartaches and troubles.

"I would balance the see-saw between 'joiner' and 'stay-in-the-roomer'.

"I would be sure to keep a good 'rep' and be my true self."

This Collegiate World

There's one in every crowd. We mean a professor who delights in alternately sneering and cheering at the "younger generation now in college."

One such professor was leaning over his rostrum delivering a dissertation on the mode of talk sported by the younger among us.

"Now what's that silly saying the girls on the campus are in the habit of saying?" he mused to the discomfiture of the coeds in the class.

"NO!" shouted a male from the recesses of the back row.— "The Daily Reveille"
