BOOZE BALLOT FAILS

North Hall Lab.

Takes Fire

Fire Department Shows Speed.

Some of the students who were out of town during the week-end may not know how close they came to not having any school to come back to. Saturday afternoon Mr. Malott was pursuing his way down town, when he happened to glance upward, and was astonished to see clouds of smoke pouring from the windows of the Chem. laboratory, in North Hall. An alarm brought the volunteer fire department to the spot, with hose connected and ready to enter the building in three minutes. Although we make the "volunteers" the butt of jokes, we must admit that on this occasion, they sure showed some
(Continued on page 2)

DEBATE TEAMS

FINALLY PICKED

Very little has been heard about forensics since the try-out debate, the oratorical contest, and the more recent extemporaneous speaking contest.

The probable line-up for the debate squad, which is working on their speeches and rebuttles, consists of:

Negative—	Affirmative—
Margaret Bailey,	Kenneth Preston
Fred Wandrey,	Ronald Baker
Carleton Ames,	Everett Smith

The debate will be March 7, when our negative team goes to Superior, and the affirmative team meets Eau Claire here. The question for debate, which will be debated by all the normal schools on this date, is the government ownership of coal mines.

Katherine Chapman and Reynold Jensen, winners of the oratorical contest and extemporaneous speaking contest, respectively, are preparing for the state contests at Whitewater to be held March 21.

SUPERIOR KAYOES CHAMPIONSHIP HOPES

Northerners Win Fast Game.

Backers of the Red and White received a jolt and Superior basketball stock was boosted several notches last Friday night when Coach Tubbs' proteges of Superior nosed out a victory over Coach Eggebrecht's satellites by the score of 18 to 15 in North Hall gym.

Superior has proven to be the jinx to River Falls. These athletes from the northland exercise a spell over River Falls in seemingly every contest in which the breaks are much against the Red and White. It was this same delegation that, a few weeks ago, broke the long chain of Red and White victories and administered the first conference defeat since
(Continued from page 3)

SPECIAL TRAIN MADE SURE

The special to Stout is sure to go! Through the efforts of Leon Dean and Mike Smith, and the co-operation of students and townspeople, enough signatures have been secured to charter a special train to Stout. One hundred students and fifty townspeople signed to go, and at noon Tuesday, over 120 had paid. We have telephoned Stout to save 125 seats. Students should be sure not to lose their receipts received to show they have paid for their ticket.

It has been suggested that the G. O. P. sell "hot dogs" and candy on the train. Red Smith is organizing his famous "Round the World Orchestra", and they will furnish "pep" and excitement on the trip.

Everybody has been requested to bring along horns and squawkers. And remember not to yell too much on the way going over.

The time when the train leaves River Falls has not been definitely decided; but as soon as we find out, a bulletin board will be placed on North Hall campus.

Students Display

No Interest

Less Than 100 Votes Cast.

We are sorry to report that the referendum which the Student Voice held last week on the liquor question failed entirely of its purpose. From the results it appears that very few votes were cast which really represented the opinion of the voter. We have been informed that in several cases a number of ballots were cast by one person, from which we can
(Continued on page 5)

AURELIA-LINCOLNIAN

ENJOY DANCE

Although some may have attended the Aurelia-Lincolnian program and dance last Saturday night, without much hope of anything extra in the way of a good time, they went away with a considerable different feeling.

The girls spent most of Saturday decorating the gym, assisted by some of the boys, whenever they could stop shooting baskets long enough to help, and they surely transformed the old place. Lattice-work trimmed with paper flowers, arm-chairs, and lots of pillows, while the pennants liberally distributed over the walls gave a very cheerful air, indeed.

A large latticed screen formed a background for the orchestra, which, composed of Pierp, Nick, and Al, furnished music which pleased everybody.

From the boys' standpoint, one of the most enjoyable features was that it was a leap-year dance and they sat down on the couches, while the girls stood up between dances. The fellows also got the thrill of being able to say, "I'm sorry, but I already have this dance."

All those concerned are glad that this Lincolnian-Aurelia dance is considered an annual affair.

ON TO STOUT!

ARE WE GOING TO STICK

Last Friday night, the team lost to Superior, due to no fault of their own, but only to a lot of hard luck in basket-shooting. When Ernie only gets one basket, and Bergie none, it's easy enough to see that neither was playing his standard game.

The question now arises, what are we, the student body, going to do? Are we going to stick to the team, or are we going to lie down on them, merely because hard luck has put them out of the championship race. We have two more conference games which are just as important as the last one, and two home games with Minnesota colleges besides. Let's show the team that we are still behind them and are backing them to win from now on.

The special train for Stout should not be interefered with by this defeat. On the contrary, it should only increase the need for the special to help win the game there. Let's make the watchword, "On TO STOUT!"

NORTH HALL LAB TAKES FIRE

(Continued from page 1)

speed. As it turned out, the fire was not so serious as it appeared. One of the janitors, Edward Nelson, had it nearly out when the firemen appeared.

Although not much damage was done, one window being broken, and the sills and casings around it being burned out, had it not been for the timely alarm, the fire would almost certainly have cleaned out the Chemistry laboratory and storeroom, as well as the adjoining Physics laboratory, and, Mr. Karges tells us that it would have been a question whether or not the fire-proof tiles in the floors would have held out, and prevented further destruction.

In answer to a question as to the origin of the fire, Prof. Karges told us that there was little question as to the cause. Some ambitious young chemist was making up some lab. work, and after getting a piece of carbon well ignited by means of a blow-pipe, replaced it in the box without making sure that it was out. From this glowing coal, the fire, which might have caused more damage than it did, sprung. This may prove a warning to some of the students to use care when monkeying with chemicals which may easily start trouble.

We claim some records in climbing stairs, when late to classes, ourselves, but we never hope to equal the record set by Miss West, in transferring the office effects to the lower corridor. When we reached the scene, and it didn't take us long to do so, she had a pile of files on the floor downstairs, which must have necessitated at least three trips, up and down.

To add to her troubles, she handed over some books to someone, and now can't remember who it was.

QUEEN ESTHER

The Men's and Girls' Glee Clubs are giving a cantata Tuesday evening, March 11, in the auditorium. Some of the most prominent people of the cast are: Mrs. Ames, Mrs. Shepard, Mrs. Sefton, Catherine Chapman, Avery Ames, Mary Ditties, Mr. Smart, Rev. Bird, and Mr. Walter Chapman. The orchestra and sixty people are required in the production.

The cantata is given for the benefit of the MacDowell Club, which is a musical organization of River Falls. Rehearsals have been going on, and Mr. Geere promises us a splendid production. Those who have not seen it will surely be delighted with the music and the story. Those who have will be glad to compare it with other productions they have seen.

AG. NEWS

The Animal Husbandry class is taking up the study of hogs. In order to study the carcass and methods of hitching, the class killed several animals on the Normal farm.

During the last week the Normal farm has shipped out two promising Guernsey bulls. One of these animals will make his home at Colfax, Wis., while the other will reside at Harlowtown, Montana.

Everybody is urged to attend the regular meeting of the Agrifallian which will be held this coming Thursday night.

**SUPERIOR KAYOES
CHAMPIONSHIP HOPES**

(Continued from page 1)

back in 1922. It was Superior that shattered the hopes in the final game last fall that would give the Falls a .1000 per cent football team. And it was this same Superior that threatened our .1000 per cent basketball record of last year.

Superior arrived on the evening train and was ready for action at the blow of the whistle at eight o'clock. A battle royal was pre-determined in view of the fact that the Falls suffered an unexpected defeat at Superior, and it was the aspirations of the Red and White five to avenge themselves.

Moore, of Superior, fired the opening salute of the fracas with a screaming ringer from beyond the center position. A personal foul on Superior soon tied the count. The score was again a tie at 3 and 3 on exchange of foul shots. Ziebell then pushed the Falls in the lead with a long range counter. Two well aimed side line shots from the stellar Moore set the orange-jerseyed men in the lead. The game raged fast and furious through the remainder of the half. Superior slipped through the defense of the Red and White for a close-in counter, the only easy range shot they were allowed in the entire game. They added two free throws and one more field goals by Cleberg and one by Bergie with five points gained by the free-throw route gave the Falls a two-point lead with the count 14 to 12 at the crack of the pistol.

The second half proved utterly disastrous to Captain Ziebell's fighting basketweavers. Both teams set forth a wicked pace, and the repeated breaking up of plays by both teams destroyed any gainful offensive playing and team work of either side. The locals heaved more shots at the hoop than Superior, but ill luck held sway over the Falls in all their attempts to put the leather-covered sphere through, while the Orange and Black were favored with two long range loops that dangled through the net. The ousting of Moore on personal fouls didn't seem to improve the Falls' chance to tie the score. Thus the Falls was held to one line foul counter in the entire second half while two field goals and two points gained by the free-throw route gave the Superiorites a close score victory of 18 to 15.

Moore of Superior was the individual star for his team with four field

goals to his credit, three of which were caged in the early period of the first half, which put the Superiorites in an offensive position. The close guarding and breaking up of the Red and White offense by W. O'Neil and Nelson of Superior added greatly to the defeat of the Falls.

The Falls played a defensive fighting game, and their floor work had the usual snap, but their poor eye for the basket was the outstanding cause of their downfall.

Lineup

River Falls—		Superior—
Donovan,	rf.	Moore
Cleberg,	lf.	Gronseth

Ziebell, c. T. O'Neil
Bergman, rg. W. O'Neil
Quandt, lg. Nelson

Substitutions—R. F., Kees for Donovan; Superior, Fox for Moore.

Referee—Rogers.

Umpire—McDonald.

Although championship prospects are not bright, the team needs the loyal support to keep them near the top of the list in the conference running. The Falls has suffered three defeats. Every team in the conference has had at least two defeats. Let's show the real spirit and back the team to the last. Let's come across and make that special train a reality and invade Stout next Friday night. Only a few more purchases are needed.

THE NORMAL

Senior Class Play

"COUSIN KATE"

By HUBERT DAVIS

Will Be Presented

Friday, February 29

Owing to a conflict with the School Pageant in the Spring THE SENIOR CLASS PLAY will be presented earlier in the year than usual.

SENIOR STUDENTS COACHED BY
NELLIE M. SCHLOSSER WILL PRESENT THIS
DELIGHTFUL 3-ACT COMEDY IN THE NORMAL
SCHOOL AUDITORIUM FRIDAY, FEBRUARY 29,
AT EIGHT O'CLOCK P. M.

This Play when first staged in the
HAY MARKET THEATER AT LONDON, starring MR.
CYRIAL MAUDE and MISS ETHEL BARRYMORE, made
the theatrical hit of the year. It has never failed to please.

DON'T FORGET THE DATE—

FRIDAY, FEBRUARY 29

ADMISSION, 25c and 35c. Reserved Seats at Freeman's
NOTE I—In order to accommodate the people of the rural communities, the reserved seats will be placed on sale a bit earlier than usual. MONDAY, FEB. 25, at 8 a. m., the reserved seat sale will start at Freeman's.

NOTE II—Get your's early.

Real competition exists in the organization games. The teams are evenly matched, and the games are exceedingly close. The Lincolnians have worked to the front with three successive victories, all of which were won out by narrow margins. From all appearances this squad is determined to win the banner on March 1. Last night the Links defeated the N. C. A. 10 to 13, and the Y. M. C. A. downed the Ags. 32 to 17, leaving the N. C. A. and Lincolnians in a tie for first place, and the Y. men and Ags. tied on the lower side.

Standings

	Won	Lost	perct.
N. C. A.	3	2	.600
Lincolnian,	3	2	.600
Y. M. C. A.,	2	3	.400
Agrifallian,	2	3	.400

Through a delay in reporting grades the following names were not placed on the honor roll, which was published last week:

- Agnes Dotseth
- Mrs. Faythe Hyde,
- Leone Noth,
- Hazel Vasey,
- Alice Hagen.

OFFICERS ELECTED

Second semester officers for some of the various organizations have been chosen as follows:

Lincolnian

- President—Lincoln Halverson
- Vice President—Leslie Reardon
- Sec'y-Treas.—Mark Saxton

N. C. A.

- President—Ray Hoffman
- Vice President—Ernest Schmidt
- Secretary—Margaret McDermott
- Treasurer—Marie Haugh

G. O. P.

- President—Marie Haugh
- Vice President—Reba Offerdahl
- Secretary—Donna Brown
- Treasurer—Lillian Peterson

Third Year Seniors

- President—Wallace Cole
- Vice President—Henry Tranmal
- Secretary—John Hoar
- Treasurer—Lincoln Halverson

Social Committee

- Harvey Wanish, Amy Fuller,
- Armand Bauer.

St. Mary's College, Winona, here Tuesday, February 26.

EXCHANGES

Whitewater—

First honors are awarded to students who have received 45 or more credit points, if said points cover no more than 18 hours of work, and there is no grade below C. Extra curricula work is excluded. If the student is carrying more than 18 hours, the subjects with the highest grades are counted. Thirty-two students secured first honors. Second honors are given from 36 to 44 points for 18 hours of work. Fifty-nine students earned second honors. Girls secured 28 out of the 32 names on the first honor roll.

Stout—

The students enabled the band to make the trip to River Falls with the special train of rooters by donating \$65. The generosity of President Nelson of making up the shortage of twenty subscriptions made possible the special train. The Junior class held a chile-con-carne supper-dance. The men, by suggestion of the women, prepared the late lunch and washed the dishes. The Freshmen entertained the school at their annual Prom. recently.

Platteville—

The members of the debate team had not yet been chosen by Feb. 6. The Wisconsin Agriculturist of Jan. 19, contains an article commencing on the front page, entitled "How Platteville Teaches Agriculture." The school farm has been selling some breeding stock to farmers in southern Wisconsin, and one animal even traveled to Idaho. The Junior Prom. committees have been appointed. The annual Short Course is to be held March 4 to 7. The program of the week includes plays, debate, lecture course number, educational movies,

and talks on subjects related to farming.

Milwaukee—

The Echo Weekly always carries a front page cartoon of current news of the school.

Lawrence—

An all-college roller skating party will be held at the Armory. The Y. W. and Y. M. are going to hold a "Crazy" party. Unless the Junior Prom is for Juniors only, under the new rules, it cannot be held as hoped.

Eau Claire—

The chief indoor sport between halves of basketball games is throwing pennies to young boys who ruin \$2.78 worth of clothes in diving headlong to secure three pennies. Eau Claire is happy over the fact that at last after work and publicity the Normal has waked up; now there is such an animal as "pep". The day of the game with River Falls a Sunset dance was given in the corridors by one of the clubs, and another gave a supper in the cafeteria to a large crowd.

Superior—

One or two more debate teams will be picked to enter the debate with Macalester, Milton, and Northland Colleges on the question, That the U. S. Should Enter the League of Nations. A Memorial service for ex-President Wilson was held. A Stag Party will be held this week Friday, sponsored by the men of the faculty.

STUDENTS DISPLAY
NO INTEREST

(Continued from page 1)

only conclude that a number of students cared so little about the question that they handed over their ballots to this one, who, we surmise, was carrying out this action merely in order to defeat the announced purpose of the vote. Furthermore, there being only a total of ninety-three votes cast, out of an enrollment of over 500, it seems that there is a large majority of the students who belong to that class which is the greatest menace to successful democracy, the "don't care" group who are too lazy, too indifferent to vote at all on any question which does not have a direct personal bearing on them which they can sense blindfolded.

Because of these considerations, although the votes for repeal of the Eighteenth Amendment outnumbered those for enforcement by twelve, we feel justified in saying that this majority means nothing, and that we are unable to draw any other conclusion from this vote except that a few of the students acted like a bunch of little boys in defeating the purpose of the referendum, and that the rest were simply too indifferent to take the trouble of marking a ballot and walking a dozen steps to deposit it in the box.

We hope outsiders who read these lines will not take the vote of 37 for enforcement against 49 for repeal, with only 7 for modification as indicating the true spirit of the school, and we think perhaps that if some more of the students had realized what the publication of this ballot meant to the reputation of the school, they would have displayed a little more interest, but will put our attitude down as just. "we don't give a darn."

CAMPUS OPINION

What do you think the River Falls Normal needs more than anything?

Marshall Batho—
"Crimson plush cushions for the auditorium chairs, and a fire department."

Avery Ames—
"A little more school spirit and less interest in the old 'Home Town.'"

Frances Webster—
"Money."

Betty Cadwell
"Pep."

Lucile Stevenson—
"Dances."

Wm. McLaughlin—
"I think the R. F. N. needs a parking place—no not for cars—but for the individuals, or rather pairs, whose burdensome weight it is necessary for the railing along the stairways to support. The railing is fast losing its resistive powers and endangering the 'leaners.'"

John Stone—
"Somebody to cuddle and love; I get so lonesome all by myself, but nobody knows and nobody seems to care."

Alice Mackin, '23, was married last Saturday to Elliott Gilmore of Madison. They are living in Madison, where Miss Mackin will continue to teach the remainder of the school year. While here at Normal, Miss Mackin was on the staff of the Student Voice.

St. Mary's College, Winona, here Tuesday, February 26.

THE BOOTLEGGER'S ALPHABET

(From the Saturday Evening Post)

(Continued from last week)
C is for Cash. It's the thing you give,
For having your inner tube turned to a sieve;
If they offer a drop to your flivver—
—My gosh!
Your horrified yell will be heard in Oshkosh.

D is for Drink. It's a duty you owe
To yourself as a free-thinking person, you know;
There's poison and filth in the booze that you buy,
But the principle's there—and you'll drink if you die.
(Continued next week)

THURSDAY'S ASSEMBLY

One of the prettiest little plays that has ever been staged in assembly was given by the talented members of the training school last Thursday, under the direction of Miss Lemmer. The occasion which they celebrated was St. Valentine's day. The costuming was charming; and each little act was a play in itself. Mistress Mary and her girls, the ten little Indians, the three old ladies, and the dancing boys, as well as the director all deserve the many compliments which were afloat. We have a great deal to thank the training school for, when it comes to assembly programs.

Your Satisfaction—Our Success

NEW ART COURSES IN-STITUTED THIS YEAR

Industrial Arts, Art Appreciation, and Design.

With Miss Alberta Greene, our new instructor in Art, appeared three new courses in the curriculum, Design, Art Appreciation, and Industrial Art.

The movement for courses in appreciation of art is gaining strength in the colleges. At Oberlin College every one is required to take a course either in appreciation of art or in appreciation of music. Such a course has a decided cultural value.

The course in art appreciation, which will be increasingly enriched as it is continued to be offered, is designed to give a knowledge and appreciative understanding of the major and minor arts as far as it is possible to do in two hours a week. The development from prehistoric times to today of architecture, sculpture, painting and etching was taken up.

Those enrolled in the primary course are required to take industrial art. This class is very practical and helpful in the planning of seat and construction work. The girls take up such work as the making of portfolios, envelopes, desk blotters, books, lanterns, candle shades, boxes, lettering of posters, classroom decorations for special occasions. The lovely decorations of the Art room during the Christmas season was a product of this class.

A course in the principles and composition of design is taken by both men and girls. The Design class is a very interesting one to those having a liking for such things. The students made posters, permanent clay pieces, book end and tea tiles, tooled leather, parchment lamp shades and other things. A careful consideration of the theory and of the practical application of color is studied. This semester costume designing will be studied by the women of the class.

COUSIN KATE IS COMING!

Because of the pageant which is to be produced in June of this year., the date of the Senior class play has been set for February 29. Cousin Kate is a charming little three-act comedy in which Ethel Barrymore, as Kate, and Cyril Maude, as Heath Desmond, have starred. Ellen Hanson charmingly interprets the part that Ethel Barrymore has made famous, while Carrol Brown plays with equal ability the character of Heath Desmond. The action takes place in a rural district of England at the present day, and covers a period of about five hours. The play offers a splendid opportunity for the development of atmosphere, and character interpretation. The cast has been well selected; and under Miss Schlosser's capable guidance, both of these qualities are guaranteed.

The play deals with the old triangular love affair; but in this case there is something different: for a minister is involved. However, the final becomes the happy fourth; and minister, who so nearly upsets things, all ends well.

Agnes McDonald entertained a few of her friends at a party last week in compliment of Ruth Ross of Minneapolis.

Ernest and Annarosa Schmidt went to Minneapolis last Saturday to see Southern and Marlowe in "Romeo and Juliet."

Carrol Brown and Donald Boardman went to Winona Saturday on Meletean business.

MASS MEETING

A big crowd of boosters gathered in the South Hall gym Thursday night to pave the way for a victory over Superior, which by the way failed to materialize. Hopes and expectations of a good game ran high, however, and in this we were certainly not disappointed. Oliver had charge of affairs, calling first on Leon Deans, who gave some dope on the Menomonie special. "Bun" Bishop, and Shrimp Brown, handed a good line as representatives of the student body, while Keyes was official spokesman for the team. Professor Karges was almost afraid that he would be left out of the mass meeting programs, but he finally succeeded in saying his say. President Ames also gave a talk. This concluded the official program, but due to eagerness and enthusiasm of the gang, Bushey, Coach Eggebrecht, and the other members of the team were forced to face the guns. Between jirks, the band furnished music, and singing and yells were frequent. A ratling good mass meeting—one of the best of the year—so ran the comments.
