## FACULTY DROPS CLOSE ONE TO AGGIES

### — Eggebrecht Shows Up As Heavy Hitter

To close the Demonstration Field Day in a fitting way, the baseball teams of the Faculty and Agrifallian gave a demonstration entitled, "The Great American Game," or "Comedy of Errors."

Mr. Claflin, after winning the initial honor of being the best demonstrator of the day, gave a worthy demonstration of how not to umpire a ball game. Earl Luther ran a close second with his work on the bases. Coach Eggebrecht of the faculty copped the prize for the most errors, five times in the first inning did he show this could be done. Earl Hildebrand of the Aggies demonstrated the art of misjudging the ball while at bat, illustrating the same with many contortions.

Story of the game:

The game started with Hunt and Anderson as the battery for the faculty. Anderson was worried over the transportation problem and came up for air as Hildebrand came to bat. Earl singled driving in two men. Errors by Eggebrecht gave the Aggies a chance to score two more.

Hunt went out on an infield hit, Anderson drove one to Koenig, "Pinky" Hayward walked. Knowles became fussed and thought he was being called to the office and consequently missed the ball.

Eggebrecht selected the first over for a three-bagger scoring Hayward. Baldauf was out stretching a single into a two-base hit.

Anderson solved the transportation problem and confused Hill with the marketing problem, but Chunky drove one to right field for two bases. Hildebrand ducks one that isn't there. Luther remembers the finals are a short way off and two men are out on first after lunching on the bag for a second.

No men around for the faculty this trip.

Aggies scored two more in theirs. Johnson and Mitchell made two good catches.

Eggebrecht doubles, Baldauf singles, Knowles misses a tossed ball and the faculty scored again. May almost gets to first. No more accidents.

Dumont bats for Knowles, hitless wonder drives out a two-base hit.

## ANNUAL FIELD DAY IS BIG SUCCESS

### — All Competitions Close

T. E. Erickson, judge of Field Day contests pronounced it an unqualified success. The demonstration winners are: 1st Dairy demonstration; Seyforth, Ross and Larson, \$5; 2nd, Live-stock Diseases; Field and Claflin, \$4; 3rd; Combating Plant Diseases; Bauer and Gilboe, \$3; and 4th; Soils Demonstration; Kelm and Strong, \$2.

The booth prizes were won by the following:

1st, Combating Plant Diseases, Bauer and Gilboe, \$3; 2nd, Producing Early Pullets, Christopherson, Laurenz and Goodell, \$2; 3rd, Pruning and Spraying, Sorenson, Johnson and Owens.

Foster Claflin was pronounced by the judge as being the best demonstrator.

The winners of the Fitting and Showing contest are as follows: 1st prize of a spring pig, Webster; 2nd prize, \$5, Knowles; 3rd prize, \$4, Savanna; 4th prize, \$3, Dumond; and 5th prize, \$2, Healy.

The winners of the judging contests have not been announced as yet.

The forenoon and afternoon attendance were excellent and the interest taken in the day by outsiders surely attests to its success. This year shows a marked improvement over last year and by its success establishes the Field Day as being a yearly attraction at this school.

Those who competed with their demonstrations, and who lost or rather failed to win prizes were perhaps as well given as those who did win the prizes. Mr. Erickson remarked that some demonstrations lend themselves better for demonstration purposes so no little credit must be given the boys who worked hard and who, though not getting the prizes, contributed equally with the winners to the success of the day.

The judging contest involving the judging of Golden Glow and Silver King corn, potatoes, oats, barley, and wheat was very close. The winner had to be placed above 45 competitors. Owing to the large list of entrants this event on the Field Day program was one of the closest. The agricultural teacher never knows when he will be called upon to judge at fairs and this contest will go a long way

## MENOMONIE WINS HIGH SCHOOL MEET

### — Contest Held In The Rain

The heavy fall of rain Saturday kept several of the high schools away from the St. Croix Valley meet. For a time it looked as if the meet would not be held, but the teams showing up kept at it in a down-pour of rain until all places were decided. Menomonie won first place with a total of 40½ points; New Richmond second with 21½ points; Roberts third with 19 points; and River Falls fourth with a total of 9 points.

Fast time was impossible under the condition of the day so no records were broken. Still the teams competing are to be congratulated for the showings they made under such a handicap.

The winners are as follows:

100 yard dash: Smith, New Richmond, 1st; Boardman, N. R., 2nd; Roberts, Roberts, 3rd.

220 yard dash: Smith, N. R., 1st; Roberts, Roberts, 2nd; Boardman, N. R., 3rd.

440 yard dash: Greeley, Menomonie, 1st; Baker, Menomonie, 2nd; Humphrey, 3rd.

Half mile: Hawkinson, Menomonie, 1st; King, Menomonie, 2nd; McDirmid, N. R., 3rd.

Mile: King, Menomonie, 1st; McDirmid, N. R., 2nd; Hawkinson, Menomonie, 3rd.

Broad jump: Richardson, R. F., 1st.

Javelin: Briner, Menomonie, 1st; Foster, Roberts, 2nd; Pearson, Menomonie, 3rd.

Shot Put: Pratt, Roberts, 1st; Harde, Menomonie, 2nd; Gibson, R. F., 3rd.

Discus: Harde, Menomonie, 1st; Gibson, R. F., 2nd; Pearson, Menomonie, 3rd.

## SATURDAY'S GAMES

Stout Institute baseball team defeated La Crosse Saturday by a score of 8 to 9. In track they were not so fortunate and lost 57 to 73.

We will have an opportunity to see the Menomonie teams in action Saturday, May 26. Our teams both met defeat at their hands a week ago by close scores. They will not walk away with the honors on our home grounds. Be out to show the boys the school is back of them. A whole day of sport. Track meet in the morning and ball game in the afternoon. Be out to see our teams turn the tables.

## MATINEE DANCE

The G. O. P. girls "got out and pushed" again last Wednesday afternoon by entertaining at a matinee dance in the South Hall gymnasium. "Brad's" orchestra furnished the music for the occasion in the usual excellent manner. That everyone appreciated the entertainment was proved by the exceptionally large crowd that attended. Everyone thoroughly enjoyed the dance; the only complaint was that it didn't last long enough. We wish to thank the organization for the pleasant afternoon.

## DAILY PAPERS ON OCEAN LINERS

The "Atlantic Daily Mail," published on board the Aquitania, has a circulation of 500. Six persons are employed in the printing department. It is very probable that all great liners will soon install these printing facilities.

son spoke on "The High Cost of Unorganized Welfare Work." Charles Phillips of Minneapolis, who has returned this winter from four years in Poland with the Red Cross, spoke on "The Women of Poland."

The high grade of the local and Normal school talent as shown in talent and instrumental music and in the interpretative dancing was a great surprise to many of the delegates. The Normal school orchestra, the Girls' Semi-chorus, Pauline Nor-seng, pianist, and the dances "The Cycle of Seasons" were the convention program.

The count placed the attendance at 176. There are 2000 women in the tenth district who are allied with the Federation.

## Y. M.—Y. W. PICNIC

The annual picnic of the Y. M. and Y. W. was held Monday afternoon and evening at the Monument, six miles north of town. Cars were provided to take all who wished to go.

Mr. Jacobson, with Miss Bridges, Miss Bradley and Mr. Malott, as assistants, cooked an excellent supper in record time. Mr. Malott's job was guarding the pickles, and he's still trying to decide why Elva ate so many.

A good time and a good supper were "enjoyed by all."

Daughter: "Oh papa, what is your birthstone?"

Father of seven: "My dear I'm not sure, but I think it's a grindstone."

Coit Boardman wants the school to know that he was home last Friday. He missed "press notice" the last time he went.

## STRAWS

Here are the new ones—just in—they'll head up to your satisfaction.

Colored straws are the latest. We have them in several colors and shapes. Come in and see them.

**FACULTY GAME**

(continued from page 1)

Knowles accused of wanting to get a stand in and was removed. One score. Davison tries to catch fly, result, one bum finger.

Baldauf almost gets a home run but was caught at the plate. President Ames attempts to make a change in the line-up. Prucha vanished. Why? Davison tastes Koenig's slow ball with his elbow. Result one base.

And so the game went on. The professors pulled up within striking distance in the sixth but failed to rally soon enough.

In the seventh a shut-out killed their hopes and when the game ended, Captain Hildebrand was heard to say, "Thank the lord, I caught Hayward's fly." So the game was saved.

**THIRD YEARS DANCE**

While most of the normal students were at Ellsworth or Roberts, the angelic Third Years had a dancing party in the South Hall gym. Each Third Year could invite an outside guest, and most of them took advantage of this privilege. Dancing started at eight-thirty and lasted until eleven-thirty. Nick Wiger and Pauline Norseng furnished the music.

Frankie, Jimmy, Pauline, and Chappie motored to the city Saturday.

Word has been received that "Booty" will be back to school next year.

The Hayward, Johnson, May, and Spriggs families motored to St. Paul Saturday.

Trantow of Ripon threw the javelin 168 feet 1 inch, May 5, setting a new state record.

"Rollie" Williams, Wisconsin star athlete, will coach at James Millikin university next year.

The Wausau gang and their intimate friends staged a "Grand Old Party" last Friday afternoon.

Merritt Mitchell, brother of R. S. Mitchell, will coach athletics at the Waupun High School next year.

The G. A. A. has been selling ice cream cones after school much to the contentment of hungry stomachs.

Some folks say that Slippery Clanton will be between two fires next year. Even so, ain't love grand?

"Meleteans" will be ready for distribution one week from this coming Thursday. Have your "two-and-a-half" on deck.

Mrs. Tubbs, Mrs. Ellertson, Adah Tubbs, Dutch Zimdars, Lucy Demulling, Alpha Younggren, Vi. Tubbs, Mac, Slippery, and Ernie motored to Solon Springs Friday afternoon returning Sunday evening. They had a swim at Solon.

A large number of Normal students went to Elmwood Saturday to the Pierce-Pepin Older Boys and Girls conference.

The results of the triangular track meet held at Lawrence college, May 12, stand thus: Lawrence, 84 points; Oshkosh, 25; Stevens Point, 16.

Class Day committees are busy formulating their programs. Just leave it to the Class of '23, they will put on the best Class Day program ever presented.

The following students visited at their homes the past week end: Frances Sharar, Lenore Reed, Kathleen Quinn, Robert Hanson, Coit Boardman, and Agnes Fuller.

**AT THE LAWRENCE CONTEST**

The judges of the Lawrence College Interscholastic competition in speaking placed William Engels, of Green Bay, first in extemporaneous speaking, and Kendall Basset, of Antigo, first in Oratory. Courtney Schley, Hudson, who was not placed in the contest held here, received second on his oration at Lawrence.

After seeing a Menomonie lad pole vault at nine feet Marg. Jewell exclaimed, "My, just think how much farther he would have gone if he had not had to carry the pole."

I had rather be a "has been" than A "might have been" by far,

For a "might have been" has never been

And a "has been" once was "are."

**Thomas Young's Experiment**

The interference of light waves was shown in 1801

By a fellow of rare genius whose name was Thomas Young.

He took a beam of sunlight, shining through a pinhole, S.,

But here his brain got foggy and his experiment a mess.

He had his beam of sunlight shine upon a tinfoil screen;

And this showed interference which can easily be seen.

For this light beam was parted, and went through two wee holes,

And according to his judgment each sought different goals.

By chance each wave thus started, did intersect at spots,

And these he represented by placing several dots.

In this way he showed the people that light's a common thing

Put two and two together, and interference you will bring.
