RIVER FALLS, WISCONSIN, FRIDAY, MARCH 24, 1922

No. 25.

## ORATORICAL CONTEST GREAT SUCCESS

The Inter-Normal Oratorical Contest held at Stevens Point last Friday was a great success. The nine Normal Schools of the state were represented, not only by their orators and coaches but by some musical organizations of the schools. River Falls was represented by Mr. Thomson as orator, Mr. Mitchell as coach and also by a male quartet. Thomson took third place among the nine Normal Schools, first going to Superior, second to Milwaukee, and fourth to Stevens Point.

Almost the entire day was given over to programs given by the different schools. A special assembly was held at 10:00 to which all of the visitors were invited. At 11:00 A. M. a business meeting was held. The mass meeting commenced at 2:10 P. M. and the following programs were given:

Music Eau Claire N. S. Band.  
Oboetta, Oshkosh Normal School.  
Music, La Crosse N. S. Band.

Address of Welcome,

Mayor John N. Welby, Stevens Point.

Responses on behalf of the Normals,  
Stevens Point, Pres. John F. Sims.  
Milwaukee, George E. Teter.  
Whitewater, Prof. F. S. Hyer.  
Superior, Miss Nona McQuilkin.  
River Falls, Rexford S. Mitchell.  
Eau Claire, Pres. H. A. Schofield.  
Oshkosh, F. M. Kernes.  
La Crosse, Miss Bessie B. Hutchinson.  
Platteville, D. S. Gishviller.

From 4:00 to 6:00 a dance was given in the gymnasium. A dinner in honor of the visiting faculty members was given at 6:15. A concert, by the Milwaukee Normal Chorus, was given at 7:30. Then came the big event of the day, the Oratorical Contest at 8:00, with Kenneth Kyle, chairman. The program, including the orations and music by the different schools was as follows:

"Implements of Progress" Melville Bright, Stevens Point, 4th place.

"Makers of Men," C. L. Christenson, Milwaukee, 2nd place.

Music, River Falls Normal Quartet.

"A Plea for China," Clyde M. Jungbluth, Whitewater.

## MELETEAN 1922

The Meletean for 1922 promises to be one of the best annuals put out by the Wisconsin Normal Schools this year. The book will have two hundred pages, forty more than last year, and it will also show many appealing changes in arrangements and features.

Material for the plates is now well in hand, and the publication will be with the printers in another week. Every effort is being made to put the book on sale as soon as possible. Providing the printers incur no serious delay in reproducing the compilation, it will be available here about the middle of May.

Among the interesting features of the new Meletean are those giving pleasant dashes of color to the book. A colored border will be used throughout the whole book. The new idea of color process division pages is very attractive, and worthy of the latest school annuals. The introduction is also worked out in color designs. A delicate phantom back-ground of hazy blue scenes, upon which the senior class records are to be printed is a fetching piece of work. All these innovations with others, too numerous to describe here, will tend to insure a book that will be different and a step in advance of previous school annuals.

The Meletean staff has put great amounts of time and energy on this work. The body of students, as a whole, cannot observe the work that is being done, but they will be able to get some idea of the task that will have been undertaken and mastered by this group of Seniors, when they see the beautiful book placed in their hands. The Meletean room is not open to all comers because of lack of space. We can say, from our own knowledge of the job and a few glances around, that the mere word "busy" will hardly give a sufficient description of the work being accomplished. Meletean people are more than doing their part for this book. You will have a chance to help, when you attend this big moving picture show, "The Four Horsemen;" and again when you buy your Meletean. In each instance you will be getting full value received.

## NEW RICHMOND TOURNAMENT CHAMPIONS

### Defeat River Falls 27 to 10 in Final Tilt of Tournament

### Elmwood Defeats St. Croix Falls for Third Place

New Richmond was easily the outstanding team of the tournament and from all indications should make a good showing at the state meet. The Orange and Black team won all its games by decisive defeats, defeating Elmwood 28 to 12 in the first game of the tournament. The next game they defeated St. Croix Falls 53 to 21 and won the final from River Falls 27 to 10. In this game New Richmond took the lead, after tight playing by both teams the first few minutes, and were never in danger the rest of the tilt. However, River Falls put up a strong fight and had considerable hard luck in shooting. The New Richmond five played a strong five man defense and on the offense worked the ball in for close in shots. This was quite characteristic of the New Richmond team throughout the tournament. Hawkins, Williams and McDermott were the outstanding men on New Richmond team.

### Elmwood Gets Third Place

Elmwood defeated St. Croix Falls 13 to 11 and got third place. This was not as spirited a game as the finals, as both teams had played games in the afternoon and both showed the effects of the afternoon playing. Elmwood took the lead but never large enough to be safe. Gardner of the Elmwood five put up the best game for his team while Thompson and Von Kongenberg put up the best game for their team.

### Cumberland and River Falls Stage Best Game

The best game of all the tournament was played between Cumberland and River Falls on Thursday night. River Falls took the lead and for a while looked as though they had the game cinched. In the early part of the fourth period Cumberland staged a comeback and came within a couple points of their opponents. The score see-sawed back and forth and the final whistle found the score tied at 22.

WHAT OTHERS THINK

Last Wednesday, South Hall was the scene of an odor that threatened to disrupt the pedagogical processes of its second floor.

The cafeteria odors, usually supreme at that hour, met the invader on first floor, and were over-whelmed by the strength of the opponent. The source of the odor appeared to be the library, judging from its unusual emptiness.

If this be a new effort on the part of the powers that be to discipline the library, we unqualifiedly endorse its success, for seldom at this hour during school session have the study tables taken on such an air of dignified quiet.

But we hesitate to lay the blame to presiding powers, since we have been repeatedly ousted for comparatively insignificant offenses. Our valiant librarian is to be cited for courage. She stood at her post of duty unflinchingly, despite overwhelming odds. Moreover, she would bear her catastrophe in solitude, for she unceasingly urged would be sufferers to the outside, and safety.

So far as we can learn, the perpetrators are undetected. It is the consensus of opinion that they are near kin to the animals whose odor they so successfully imitated. We would condemn them to live in the "Den of Smells forever.—Student.

Smoke: Say Swany, can I borrow your neck tie?

Swany: Sure, but why all the formality?

Smoke: I Smoke: I couldn't find it.

LOCALS

Miss Wind is meeting her classes again this week.

Royce Dodge spent Saturday and Sunday in the cities.

Miss Luverne Murphy visited school the first of the week.

Mr. Baldauf is at Wisconsin Rapids this week on business.

Ellen Burke spent the week-end at her home in Minneapolis.

The students are remarking that the clocks must have the Spring fever.

Miss Carrie Pardee went to St. Paul Friday afternoon, returning Sunday.

Chalmer Davee made an important business trip to the cities last Saturday.

Miss Gertrude Alberts of St. Paul visited her sister, Florence, last week-end.

Bill Smith, who is teaching at Amery, visited at his home last week-end.

Josephine Thompson and Marcella Gunderson spent the week-end at their homes in Baldwin.

Miss Anna Lomis underwent an operation for appendicitis last week at the local hospital.

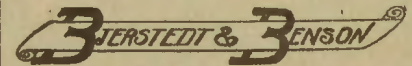

Ruth and Thelma Munson were in Minneapolis attending a fraternity

dance last Saturday night.

The girls belonging to the Aurelia who have not paid their thirty cents for the page in the Meletean, are asked to do so as soon as possible.

Mr. Eggebrecht entertained the basket-ball team at dinner at Hayward's home last Monday night. Decorations were in red and white. Their girl-friends were invited in at 8:30 for the evening.

Miss Katherine Shannon, who is teaching at New Richmond, came down Friday evening to see the basket-ball game played between River Falls and New Richmond high schools. From, here she went to Ellsworth, where she spent Saturday and Sunday with her parents.

**AGRICULTURAL FIELD DAY**

The Agriculture Department is planning a Field Day on May 19. At this time a number of events will take place. A great deal is expected of agricultural teachers in the way of outside activities. It is with the hope of providing the men who plan to teach with this experience, that the field day is held. The events will be as follows:

**1. DEMONSTRATION TEAMS.** A series of demonstrations will be arranged by different men, demonstrating important farm practices. This is a feature of the work that is very important in high school agriculture. Every year the state holds a series of district and state demonstration team contests and it is a line of work that has great possibilities. Some of the demonstrations that will be scheduled are as follows: Potato demonstration, poultry marketing demonstration, marketing, knot tying and splicing, dairying, milk, rafter cutting, selecting and fitting an animal for show, and others that will be arranged.

**2. EDUCATIONAL EXHIBITS.** A line of work in which the agricultural teacher has more or less connection with is the arranging and assisting at community fairs. The community fair is also a splendid opportunity to put up educational exhibits teaching important farm facts. In accordance with the idea, a number of men will arrange some educational exhibit which will be seen in the gymnasium. Some that are already listed are as follows: Milk exhibit, rope exhibit, exhibit of equipment and illustrative material for high school department of agriculture, poultry house exhibits, fertilizer pot tests, showing the value of fertilizers, etc.

**3. FLOATS.** Some students are working up floats demonstrating some farm problem or practice. These floats will be worked up and decorated and drawn through the city streets. So far two floats have been entered, a power farming and a dairy float.

**4. FITTING ANIMALS FOR SHOW.** A contest that bids fair to arouse a great deal of interest is the one, preparing an animal for show. A number of animals in the Normal dairy herd are available, and the plan is for each student to take an animal and fit it for show. He will be judged

both on his ability to fit the animal and also the manner in which the animal is shown at the time of the contest. The winner of the contest will be given a purebred bull.

**5. PREPARING CROP EXHIBITS.** Students will be given an opportunity to select crop samples for crop exhibit with suitable prices offered.

**6. A series of crop and stock judging contests will be held in connection with this day.**

The department is being assisted by a committee from the Agrifallian society. Most of the men have already selected the thing which they wish to do and have begun work on it. There is no question but what an event of this kind, if properly worked up, would be an immense value to those taking part. In addition to this the school should get good advertising for arranging an affair of this kind. The men who take part in these events will be well equipped to do this sort of work in their schools later on. Invitations will be extended to the Agricultural Departments in high schools in some of the surrounding towns and it is rather expected that a number of visitors will be present. At least two prominent outside speakers will be here to assist.

The following are planning to take an active part in the Field Day.

**NEW RICHMOND  
TOURNAMENT CHAMPIONS**

(continued from page 1)

River Falls went ahead in the extra five minute period and won the game 27 to 23. The Cumberland five probably played games with the closest scores of any team in the tournament. The first evening they defeated Clayton 19 to 17 and lost a chance to play the semi-finals by being nosed out 15 to 14 by St. Croix Falls. The Clayton five was the lightest team in the tournament but the midget team put up a game fight throughout and caused their opponents considerable worry.

Ellsworth and Prescott were eliminated after their two first games. Ellsworth played a strong defensive game but were weak on their offense. The Prescott team had plenty of beef but could not stand the heavy scoring of their opponents. Although they did not show the experience that the other teams did, they kept their opponents working all the time.

On Friday night the Normal Regulars and Umpire Hayward staged an eye opener against a team composed of Coaches and assisted by Referee Vezina. The coaches team consisted of Mosher, best tackler on the team, coach Crider of River Falls, Olson and Hawley, two of River Falls former regulars and Coach Eggebrecht. This game afforded considerable amusement and proved to be a good combination of basketball and football. The regulars outpointed their opponents 14 to 8.

**STUDENTS ATTENTION!!!**

Anyone who can think of appropriate, bright, and snappy sayings about our Seniors please hand the same to any one of the following four people: Helen Shurchill, Chalmers Davee, Marry Carrol, or Frank Allbee. These sayings are to be used in the Meletean so come on students, here is your chance to get even with the Seniors.

**G. A. A.**

The G. A. A. held a meeting Monday afternoon in the gym of the South Hall. Arrangements were made to sell tickets for the gymnasium demonstration which Miss Wirt is planning to give March 30. Tickets for this will be 25c.

"Modern Nationalism," Ralph Levine, Superior, 1st place.

Music, La Crosse Normal Male Quartet.

"The Greater Fellowship," Melvin Thompson, River Falls, 3rd place.

"The Heritage of Democracy," Alden Losby, Eau Claire.

Music, Whitewater Normal Ladies' Quintet.

"The Constitution and the Law," Bauer Bullinger, Oshkosh.

"America's Duty," Edmund Hitt, La Crosse.

"Man to Man," Gomer Williams, Platteville.

Music, Whitewater Orchestra.

Stevens Point Normal Glee Club

La Crosse Normal School Band.

Eau Claire Normal School Band.

The judges were the coaches of the several orators, all the coaches acting as judges except the coach of the particular orator that was giving his oration.

**DON'T FORGET**

Tonight and tomorrow night the much heralded and long anticipated movie, "The Four Horsemen of the Apocalypse," will be shown in the Normal auditorium for the benefit of the Meletean. It seems needless to urge anyone to attend this entertainment. The wonderful reputation which this picture has together with the fact that it is for the benefit of the Meletean should be sufficient reason why every student in school should be present. Every seat in the auditorium should be filled at both showings.

**CAMERA CLUB**

Members will please note that the hour for meeting has been set at 6:45. Those who are working for credits must be there on time or the lectures and discussions can not be given. No one was on time last Monday so the topic that was to have been discussed then will be taken up next Monday.

Some interesting enlargements were made last time. Mr. Walch demonstrated his squeegee process of finishing. The meeting was more interesting than usual. Everyone out 15 minutes earlier next Monday.

Wide-awake programs are being planned for the future meetings making it well worth your while to attend. Let's see every member out for the future meetings:

**THURSDAY'S ASSEMBLY**

The "Current Topic" was given at the Thursday's Assembly, by Miss Ida Canfield, after which the time was given over to the Meletean Staff with Mr. Kiefer in charge. The Meletean Staff had prepared this program to advertise "The Four Horsemen of the Apacalypse," the movie that is to be shown tonight and tomorrow night in the auditorium. The orchestra that is to furnish the music for the picture also played several selections at the assembly. Following is the program:

- Selection, Orchestra.
- Review of the story, "The Four Horsemen" Miss Haddow.
- Selection, Orchestra.
- Song, "Marseillaise", Miss Churchill.
- Talk, Mr. Mitchell.

The "Trailer" was shown that all might receive some idea of the picture.

**AURELIA AND LINCOLNIAN**

The joint meeting of the two societies which was postponed for Wednesday evening of last week because of the tournament, was held Tuesday evening. Members from both of these active organizations participated in the program which consisted of readings and music.

**RURAL LIFE CLUB**

The Rural Life Club met Tuesday evening in Miss Haddow's room. Partial plans were made for a party to be given soon. A program was rendered by some of the members which consisted of readings and songs.

GOOD SUBSTANTIAL

MEALS AT COST

Something of a decidedly disagreeable nature was set loose in the library last Wednesday, much to the disgust and inconvenience of everyone. It seems strange that there should be people in this school whose mental capacity is so small that they find amusement in perpetrating acts of this nature. The average person is supposed to be gifted with a knowledge of how to conduct himself in a public place, but someone, evidently, was devoid of this knowledge and could not resist the spring fever temptation of actually trying to see what his childish ingenuity could do. The person succeeded fairly well in making it disagreeable for over five hundred students and faculty members. The instigator of the affair, however, whether he realizes it or not, will be the greatest sufferer in the long run, for the weakness which prompted this act will encourage others of a similar or more serious nature. If people of this type would spend more time in the library irrigating the great desert beneath their hat the chances are that they would reap a more bounteous harvest much to the benefit of themselves and society in general.

**NEW PICTURE FOR JUNIOR HIGH**

Through the courtesy and generosity of Mr. Davidson another picture has just been hung in the assembly room of the Junior High School. It is a large colored photograph of Mount Vernon. The interest in this picture was recently aroused by a contest among the pupils, on Washington and Lincoln. The picture was brought up from Mr. Davidson's room for special study and he generously consented to leave it.

**WATCH FOR DEBATE**

Don't forget the race for state debating honors one week from tonight, March 31. Our affirmative goes to Stevens Point, and Milwaukee's affirmative team here. Milwaukee has a strong force, having won the southern triangle. It is going to be a hard fight to beat them. Be sure to plan on it; we must show them a real crowd.

**EIGHT MEN TO RECEIVE****LETTER AND SWEATER**

The official R and sweaters will be awarded to eight men. They are, Cap't. Carolin, 3 years; Betzel, 3 years; Butenhoff, 1 year; Field, 1 year; Claflin, Cap't. Elect, 1 year; Melvin, 2 years; Hyatt, 1 year; and Bergman, 1 year.

This year finishes the basketball career of Carolin and Betzel on River Falls teams as a conference ruling does not allow anyone to play more than three years. Butenhoff will be lost to future teams through graduation. With the rest of the men back next year there should be a good nucleus for a championship team.

Miss Alma Evenson went to Minneapolis Friday afternoon to visit her father, who is in the hospital there.

Miss Gladys Godden and Glen Morgan returned to Cumberland Sunday after spending their vacation at their homes in River Falls.

Miss Althea Hurd, a graduate from this Normal in '19 and who is teaching at New Richmond, spent the week-end at the Tubb's home.

Edna Wilcox and Effie Peterson, who accompanied the basket-ball boys here from Clayton, returned to their homes Saturday morning.

A tea for primary practice teachers was given in the first grade room by the primary critic teachers, at four yesterday afternoon. A program of music, stories, and games, made the affair an enjoyable one.

The lucky ones who received two tickets each to the Four Horsemen for guessing most accurately the number of hearts in the jar in the Candy Kitchen were Elmer Taylor, Ralph Seeforth and Don McKinnon.

**NEWS ITEM**

(Agricultural)

Dr. Clafin, Ass't State Veterinarian was here during the week and conducted a tuberculin test on the Normal Dairy herd. We are pleased to report that no reactors were found.

According to the rules of the Federal department of Animal Industry, if a herd passes two clean tests within a period of one year, that herd is given a Certificate of Cleanliness and is classed as a Federal Accredited Herd. Since this is the second test for the Normal herd within the year it is therefore an Accredited herd. In order to remain on the list of such herds it is necessary to have the animals tested once every year, and if a reactor should at any time be found such herd will be removed from the list until it has again passed two consecutive clean tests.

The importance of tuberculosis free cattle for milk production can not be overestimated during these times when it has come to be such a prevalent disease among our dairy cattle, and no one can feel free from this infectious disease without resorting to frequent tuberculin tests.

Dr. Clafin was very well pleased with the herd and general conditions as he found them.

We note in the last issue of the Holstein Friesian World that new honors have been won by a member of the family of the Normal Farm herd sire. This time it is the half sister, Daisy Aggie Ormsby 2nd, a cow that is owned by John Erickson of Waupaca, Wisconsin.

Her wonderful record for the last year is 1088.09 lbs. butter for 1 yr. as a senior yearling heifer. For a cow 1 year old this is a remarkable record and far surpasses anything formerly accomplished in this class.

The herd sire now has two sisters that hold world records for their respective ages in yearly work.

**ASSOCIATION TOURNAMENT**

The Association tournament is now over. Last Wednesday afternoon the Y. M. C. A. went down to defeat before the Aggies 30 to 14. The Lincolnian downed the N. C. A. 16 to 13. A more detailed writeup of this tournament will appear in the next issue.

**HEARD AT STEVENS POINT**

The Whitewater representative said he was talking to the Stevens Point representative, who was supposed to be an expert in Domestic Science. "What would you give as a diet for the different types of men who work, for instance, a carpenter?" "Saw-dust. It is the finest kind of board." "Well, what would you feed the men to make a fast foot-ball team?" "Hasty-Pudding." "Then suggest a diet for our debaters." "Goats-milk-it enables them to chew the rag and rebut."

**LAST SATURDAY'S DANCE**

The all-school dance last Saturday brought out a good crowd but a very late one. It is a rule here, that such dances stop at eleven o'clock. This one was scheduled to start at eight o'clock, but the only ones there at that time were the chaperones and the orchestra. Dancing did not start until nine when four or five couples came onto the floor. In spite of the brevity of the evening it was reported that the music was fine and that a good time was enjoyed.

**FOSTER CLAFLIN TO CAPTAIN  
1923 BASKETEERS**

At a banquet held at the home of Mr. and Mrs. H. E. Hayward, in honor of the basketball team, Clafin was elected to pilot the 1923 team.

After a very bounteous dinner, several of the people present gave short speeches and everyone present took part in the stunts. The evening ended with a dancing party and everyone reports a very enjoyable evening.

**CURIOS WORTH SEEING**

(from English I themes)

We have had something like three dogs and eight cats in anytime.

We once had a big yellow cat who, when he wanted to come in, would reach up her paws and rattle the door-knob.

She would as the dog approached jump with force, her claws out upon the dog's face.

We all remember our experiences of sleeping in the hay loft with much pleasure.

The horses could only crawl along. The cattle—all gathered in a flock.

There are different varieties of dogs. The slender white birches on a hill bent nearly double.

Everyone has had the experience of seeing a rabbit jump up at his feet and run off.

Smoke (calling girl on telephone): I've made up my mind to stay home.

Girl: Too late, I've made up my face to go out.
