

## Affirmative Debate Team To Invade Wisconsin Colleges

### Library Books Proves To Be "Dispensary Of The Soul;" Meet Large Culture Demands

GREAT RESOURCE OF TEACHERS' COLLEGE CONSISTS OF LARGE COLLECTION OF BOOKS WHICH FURNISH FINE REFERENCE FOR STUDENT RESEARCH.

Not the least among the resources of the River Falls State Teachers' College is the school library which, according to reports recently compiled by the Librarian, Miss Kimball, has 17,306 circulating reference books, 13,220 texts, 625 unbound periodicals, and 7500 pamphlets. This collection contains standard and up-to-date works and offers both student and faculty good facilities for working along new lines of literary, scientific and industrial development.

#### Rich in History

Because of two fires which destroyed the volumes of early Normal libraries, many of the older books and valuable collections have been destroyed. Pictures, however, bring back scenes familiar in the library of the early nineties; a story of the pageant of 1919 brings back to reality the fire of 1897 which was symbolized by the "Dance of the Flames." These records may be had by the interested student if he inquires for them at the desk. They undoubtedly prove interesting, for they are rich in early pictures of the school.

#### Books in Demand

Books of present interest and books used to supplement the class room work are in the great majority. These are proving interesting and valuable if demand is any indication of popularity. Especially good are the books dealing with science, history and education.

"We have only a few choice works," Miss Kimball said in an interview, "consequently these must be guarded with care. When they are gone they cannot be replaced; so we let them be used in only rare cases. They must be preserved for the use of students and scholars who will be here in future years."

According to available reports it is evident that the River Falls Teachers' college library is truly a "dispensary of the soul," for it is well stocked with the books that growing culture demands.

### Reno To Entertain Here With Latest In Illusions

Erward Reno, the magician, who will appear here Friday evening, Feb. 25, under the auspices of the Y. M. C. A. and Y. W. C. A., is continually inventing new tricks and improving old ones. He has travelled all over the world, including Syria, India and Egypt.

Magic, like everything else, has progressed with rapid strides during the past few years. Never was there a better demand for up-to-date illusions and sleight of hand than now, but there is no room nowadays for anyone who does not keep strictly abreast of the profession.

#### Tricks Are Baffling

Reno has the usual light paraphernalia, but performs his tricks while in ordinary evening dress, and so adroitly as to escape detection in every case. In this respect he is a wonder. He does things which seem absolutely impossible of execution without the aid of a supernatural agency.

Not the least enjoyable feature of Reno's performance is the running fire of comment with which he envelops everything he does.

These fragmentary remarks are full of fun and wit, with flash after flash of good-tempered satire aimed at himself or his work.

He is a man of fine personality and

(Continued on Page 3)

#### CALENDAR FOR WEEK

Friday, Feb. 18—Stout game.  
Monday, Feb. 21—Student Voice meeting, 5:00 o'clock.  
Tuesday, Feb. 22.—Y. W., Y. M., and N. C. A. special speaker, Dr. Jordan, 7:00 o'clock.  
Friday, Feb. 25.—Reno, the Magician, 8:00 o'clock.  
Saturday, Feb. 26.—Men's Stag Party and Women's "Backwards Party," 8:00 o'clock.

### Morton Wins First In Etemp. Contest Thurs.

#### "BUD" TO REPRESENT SCHOOL AT STATE CONTEST AT EAU CLAIRE

"Bud" Morton was selected as the school extempore speaker yesterday, Feb. 17, in a contest between Morton, Smith, and Davison in the regular Thursday's assembly. The contest was so hotly contested that the judges found their task a difficult one.

The speakers drew sub topics on which to speak from a list of ten prepared by Professor May from the general topic: "The political and economic needs of the Northwest farmer. Contests Were Close

The three men in yesterday's contest were chosen from a group of seven speakers last Monday evening in the preliminary contest. The judges awarded Morton, Smith, and Davison the decision.

#### Audience Take Vote

The audience present at the contest voted on the speakers while the judges were out. The result of their vote varied somewhat from that of the judges, Professors May, Hanna, and Mitchell.

The audience voted as follows:

- Walton 16
- Smith 9
- Olson 7
- Davison 7
- Morton 7
- Barry 6
- Troyer 2.

"Both contests were so close that the judges were rather hesitant in selecting one in preference to the other," said Coach Mitchell. "In the first contest, especially, anyone of the seven men who spoke could have been selected for the final contest and had a fifty-fifty chance of winning out."

### Modern Romeos With But Fifty Cents Feed A Hungry Crowd

Say, did you hear about the big dance up at Hudson last week? Yes, but did you hear about my pal and I going to it? You didn't? Well, you sure missed something.

Of course, the vaudeville was kind of a drain on our pocketbooks which are none too fat to begin with and so by the time we got to Hudson we certainly weren't rolling in panga, but knowing that our gals were kind of light eaters, we thought perhaps we'd get by.

And we certainly did—got by big, too, I'm telling you. Well, to get to the object of our story: it's darn lucky for us that cocoa colas are only five cents per man. Well, at the dance they beat us out of one dollar and ten cents, one dollar for the orchestra, and ten cents for war tax, for which I can't possibly see the use, seeing as the war is all over and peace is on its way to being established.

### Y. M. State Secretary To Visit River Falls Next Week Feb. 22-23

MR. P. H. MCKEE WILL SPEAK TO LOCAL Y. M. MEN ON TUES. AND WED.

P. H. McKee, state secretary of the Y. M. C. A., is to be present on the River Falls campus next Tuesday and Wednesday, Feb. 22 and 23.

Mr. McKee has often visited this school, and he is very well known and respected here.

Mr. McKee comes to River Falls from Lawrence College, where he has been visiting the past week.

During his sojourn here, Mr. McKee will meet with the Y. M. C. A. cabinet. He takes a personal interest in the work which the local chapter of the organization is doing.

He will also meet with the men who are interested in Y. M. C. A. work. Mr. Dupee is responsible for placing many men in state Y work.

Mr. McKee has been the means of keeping the local organization in touch with the national organization. Without his aid, the River Falls campus may not have had the opportunity of hearing Stitt Wilson's lectures.

While he is here, Mr. McKee will discuss the plans for next year's work and will also present the boys with information concerning the Geneva conference, which is to be held in the spring. He will meet with Mr. Jacobson a great deal and discuss the work which the local Y. M. C. A. is doing. Mr. McKee has a mutual interest in the Y. M. boys here, and says that this is one of the leading Y. M. C. A. organizations in the state.

#### NEW GIRLS' QUARTET ORGANIZED

A new girls' quartet has recently been organized under the direction of Mr. Geere which promises to be one of the best ever organized in this school.

It is composed of Margaret O'Brien 1st soprano, Agnes McClug, 2nd soprano, Alice Gendron, 1st alto, Edna Erickson, 2nd alto, with Miss Evelyn Olson as accompanist. They will make their first appearance in public next Tuesday evening, Feb. 22, at an American Legion meeting.

#### NOTICE

There will be a big dance in South Hall gym after the Stout game. Anyone who wishes to bring an outsider MUST get a written permit from Miss Hathorn or Mr. Mitchell. By order of Student Social Committee

#### AFFIRMATIVE DEBATE TEAM 1926-1927

### Camera-Man Busy On Campus This Week. Students and Profs. Pose For School Publicity

"JAKE" EXPOSES SCENES FOR BULLETIN TO BE PUBLISHED SOON. SCHOOL ACTIVITIES TO BE REPRODUCED IN PHOTOS FOR ADVERTISING.

"Hold that pose!" Snap! 1-2-3-4-5-6-7-8-9-10—snap! And you're snapped, exposed, and snapped again. No sullen, sulky looks go these days, for there is no telling when your physiognomy will be "taken" to form the background for some campus activity.

Make the most of your opportunity, as it may be your only chance to be a part of that great work called Publicity. The photo bulletins are being prepared to be sent out to the high schools.

Wouldn't you hate to have your former classmates see you in one of your grouches? And they surely will see you if you are seeable.

Haven't you noticed Prof. "Jake" dashing around with a camera under one arm, and Sid at his heels trying to corral groups for vaudeville pictures?

#### The Ags. Pose, Too

Down in the Ag. department, every little pig, and every animal wearing a bovine expression has had its turn, not to mention the Ag. men themselves.

Then there is the band, and the orchestra, in their little red and white capes and caps and uniforms. Even they have broken one plate and that was when the camera was shocked at what it caught and jumped from its pedestal.

Even Junior High classes have come in for their share in the honors. They too are smiling and posing for that black box, the camera.

However, in spite of all the preening and posing, the campus views are doped to take the first honors for looks and beauty and personality.

#### EXCAVATION PROGRESSES RAPIDLY

The excavating for the North Hall addition is rapidly nearing completion. As the work gets farther from the wall of the present North Hall, heavier charges of explosives are used. The windows on the east side of the building form too likely a target for close-up work with the dynamite.

The warm weather this past week has also helped to speed up operations.

Professor Stratton is beginning to look with longing eyes toward the day when he and his Geography class will be installed in North Hall. Then, as he puts it, he will have an office in which he can hide from the pestering students for a few minutes each day, at least.

The excavators suggest that students who criticize their methods be provided with picks and shovels and be allowed to "say it with labor."

Francis Dunn is suffering from a wrenched ankle incurred while tobogganing Tuesday evening.

### Norseng, Morton, Smith Leave Mon. Feb. 21, For Week's Tour Of State

COACH MITCHELL TO TRAVEL WITH SPEAKING TRIO ON ITINERARY

#### Week's Schedule Calls For Five Debates

PRACTICE DEBATES AT ST. THOMAS LAST SAT. FOR BOTH TEAMS

Next Monday, Feb. 21, the affirmative debate team composed of Norseng, Morton and Smith, accompanied by Coach Mitchell, will leave here for a week's tour in western Wisconsin. The tour will take in the towns of Eau Claire, Chippewa Falls, Stevens Point, Oshkosh and Deperre.

Morton, Norseng and Smith made up the state championship affirmative debate team last year, winning conference debates against Eau Claire and Superior negatives, while the negative team also won their conference debates. Last year's negative consisted of Wandrey, Davison and Burke. Davison is on this year's negative, with Barry and Olson as teammates. Both these men were active members of the squad last year.

#### Schedule For Tour

The schedule for the affirmative on its tour calls for five debates, one debate for each of the five days.

The schedule is as follows:

Monday—Eau Claire Normal before the Chippewa High at Chippewa.

Tuesday—Stevens Point Normal.

Wednesday—Stevens Point Normal before the Amherst High.

Thursday—St. Nobels at Deperre.

Friday—Oshkosh at Oshkosh.

They are practice debates, intended to polish off the delivery of the speakers, and to pick up useable material, Coach Mitchell reported.

Last Saturday both of the boys' debate teams journeyed to St. Thomas for two debates. No decision was rendered, but the River Falls teams both did well.

#### Girls' Debate Team

Last Friday Mr. Mitchell announced the members of the girls' debating team. Those chosen are: Madelyn Bandoli, Lucille Garley, and Helen Hawkins. Esther Bailey and Mildred Thomson are both alternates and will

(Continued on Page 4)

#### STUDENTS HOLD PEP RALLY LAST NIGHT

"The pep bug seems to have won a victory at last" seems to be the opinion of the most critical after last night's rally of the student body in their effort to send the team into the Stout game with the old fight in them.

Chairman of ceremonies, John Davison, concocted a program of variety and pep with yells, songs, and red hot speeches as the chief ingredients.

#### PROMINENT RIVER FALLS STUDENT ACCEPTS POSITION AT CORNELL, WIS.

Harold Walton leaves Saturday for Cornell, Wis., where he has accepted a position as teacher in the high school there. He will begin his duties there Monday, Feb. 21.

"Ike," as he is known to his many friends, has been a member of the Ag. course here for the past three years, and one of the most active workers in school activities here this year. He is a member of the debate squad for his second year, business manager of the Student Voice, a member of the Student Social Committee, and has been serving in various capacities in the different organizations of which he is a member.

The Student Voice unites with the many friends of "Ike" in wishing him success in the role of teacher.

### FROM AN OBSERVER

Last week I read with special interest an article in the Voice entitled Why Knock. I want to say "ditto" to the writer of that article.

Even members of the faculty have been heard criticizing the paper. If you have helpful suggestions, why not hand them to the staff rather than "knock?"

This is a paper for the students and should be supported by the students. If you are not connected with the paper and feel that you can write, why don't you offer your services? It seems that more could be done for the paper if more students would take a co-operative interest in it.

If you can't say anything good about the paper, then omit it from your conversation.

An Interested Observer.

### BORROWERS

Some borrow  
And intend to return—  
Some borrow  
And forget to repay  
Some borrow  
And call it a gift  
At least many things go astray.  
How do you do?

It is well to think for a moment, at least, about the thought contained in the above inquiry. This is an institution where most of the students are preparing to go out into the fields where each one is responsible in a measure for the lives of future citizens, for pupils look up to teachers as examples. However, whether a teacher or a business man, positions of responsibility will not be given to the one who borrows in any one of the above manners. Let each one of the students do a bit of introspection to discover if he is erring, and if so correct the error now while it is not yet too late. Thus each student will be upholding a high code of honor for this college.

### CAFETERIA ETIQUETTE

The ignorance of courtesy and hygiene and the thoughtlessness displayed by students at the school cafeteria is deserving of a word of comment. The rules of etiquette have not only been bent, but have been heedlessly broken.

It is so difficult to believe that it is entirely ignorance that we shall try to think of it as thoughtlessness, and as such, it can be more easily amended.

The main habits to which I have reference are those some individuals execute of picking up a slice of bread, felling of it, and throwing it down again for the next unsuspecting individual to pick up and eat; the habit of reaching across the cake-tray to get the largest piece, and on the way, to brush an elbow over all the pieces, the habit of running a finger around the edge of a glass to test its cleanliness and then return it to its shelf. These are the most outstanding unhygienic instances which I have in mind.

Besides being unsanitary, these things are a profession of down right selfishness. There is sure to be some one in the line back of this person who would rather subject himself to the germs of a person in front of him than to be rude and paw over the food. No one cares to eat food which those ahead in line have handled. No one cares to eat what someone else has put back.

Personally, I would much prefer to

see a person eat with his knife than to see him grab food and then toss it back. To say the least, the knife-eater is harming no one but himself.

M. H.

### WHISPERS

We were studying in the Library the other day. We had honorable intentions of doing our work, and were pursuing ideas through the pages of a lovely labor book that we would not have wasted our time on under any other circumstances. But we were indulgent and firmly intended to do our best with the thing.

Lo and behold, there stole upon our ear the sounds of an embryo conversation. Then came more. And in a moment a voluminous and voluble verbal barrage assailed our ears and continued to interrupt the course of our studies for ten minutes. Two people were talking. And that was all. They had nothing to say, which made their speech doubly a waste of time. If they had been engaged in a philosophical discussion on the nature of the universe, we might have excused them and joined in. But they were only co-eds and thus they had nothing to say and couldn't say it well.

But they buzzed on. We glared at them. They smiled sweetly and went on chattering. We gave up hope of studying and examined them with a curious and disgusted eye while they effervesced some more. After ten minutes of silliness and meaningless harangue, they came to the conclusion that they shouldn't be in the library any longer—a conclusion that we had reached ten minutes sooner—and languidly departed.

Ye gods, what's the use? A dagger, a pistol, a rope, and two bottles of cyanide now form an indispensable part of our equipment when we enter the library. We will be glad to meet our first conversationalists. But any other good substitutes will be just as well for experimentation.

Clipped from The Minnesota Daily of Feb. 9, 1927.

We wonder if the spirit of this editorial has a local application.

Boys will be boys until they are seventeen. Then they want to be sheiks.

We found a new word while reading an article in a newspaper recently. The word is "Yesbutters"—you know the people who agree to a proposition, are in favor of it, think it's the best thing in the world—"Oh, yes, but—" Perhaps you have met your share of them. Their name is legion. Speaking of wet blankets, dashes of cold water, and enveloping fog—none of these compare to the party who cools your enthusiasm, pep and interest in a new proposition by saying, "Oh, yes, but—"—Student Life.

### GET SOMEWHERE

Don't be sitting 'round all day;  
Get somewhere!  
Make a stab at it some way;  
Get somewhere!  
Sameness sort of drives you mad;  
Get a hobby or a fad,  
Yes, and get it pretty bad,  
Till you make the neighbors sad—  
Get somewhere!  
Don't get rooted on one spot,  
Get somewhere!  
Strike it rich as like as not,  
Get somewhere!  
At the risk of seeming blunt  
Break away from use and wont,  
Get a move on—do a stunt;  
See what things are like in front—  
Get somewhere!

—Author Unknown.

### MR. KARGES MAKES "BREAK" IN ASSEMBLY TUESDAY

Assembly period on last Tuesday was greatly enlivened when Mr. Karges said.

"Miss Hatch has an announcement to make."

The confusion of Mrs. Langlie (nee Miss Hatch,) and smothered laughter from the students soon warned Mr. Karges of his mistake. Mr. Karges then called on Mr. Geere who, we were reminded, would surely respond to the usual name.

Some rather lusty yelling was led by D. Olson. The program was concluded by community singing.

Prof W. Mr. Nelson give me the derivation of the word "auditorium." Mr. Nelson Audio—meaning to hear and Tarus meaning bull, a place where

Prof W. That will do, that will do.

## The Old Home Town

HUDSON

The writer of this article, being of sane mind and sound judgments, being neither real estate agents or natural prevaricators, will hereby endeavor to reveal the truth, the whole truth, and nothing but the truth, concerning the city of Hudson.

Needless to say, the name of the illustrious city is derived from the similarity of its scenery to that found on the Hudson River in New York. The fact that Buena Vista (Beautiful View) was suggested in earlier times as a possible name speaks for the scenic beauty of the spot, but since the Swedes abounded in greater numbers than the Spaniards, "Hudson" was victorious.

The fishing would suit Jas. I. Mallot himself. The opportunities for skating, (ice and roller,) boating, and swimming, are, in season, sufficient to thrill the heart of the true lover of sports.

The fame of its parks has been broadcasted far and wide. Not only is Prospect Park a secluded spot, but convenient benches are scattered promiscuously over its verdant grounds.

Not the least of its attractive scenery is contributed to by its unusual abundance of pretty girls as happily contrasted by its over-abundance of indifferently handsome males.

### A Town of Institutions

As a mere matter of form and from a pressing sense of duty, we will next tackle the matter of institutions. Among these the high school, the railroad shops, and the court house are of greatest educational, economic and civic importance. As for churches they are as plentiful in Hudson as street lights are in most towns. It seems to have been the aim of the city fathers to place a church on every corner; as the poet says "Hudson, the city of Churches." Yea, Hudson has its schools, its churches, its shops, its library, its court house—but it is the sanitarium which attracts the most out-of-town visitors. Another popular resort is the jail.

Enter Hudson as one may, one is confronted by the overwhelming brilliancy of its Great White Way. The most striking exhibition of this is to be observed on the far-famed toll-bridge. It is instigated by a canniness and foresight which passeth all understanding. It is a common fallacy among the uninformed that the trivial fee is exacted for crossing the bridge. It is to be noted, however, that all the controversy takes place on the Minnesota side. After his first glimpse of Hudson, the traveler realizes that he paltry fee is but small compensation for the wonders which will unfold before him.

Thus have we, two of its inmates painted for you Hudson, the heart of the St. Croix Valley, as the glorious Eldorado of the West, the paradise of Wisconsin.

Now Hudson is a little town; There isn't much to see. But this little town of Hudson Is all the world to me. In the little town of Hudson There isn't much to do, And its many little pastimes Might not appeal to you. But since from whence that little spot My feet have chanced to roam, I look back to that lovely town. And fondly call it home.

(Poetic License No. 1313.)

Aileen Fitzgerald & Anna Jensen Inc.

### CUMBERLAND

The city of Cumberland, situated about seventy-five miles north-east of River Falls, needs no introduction. Cumberland is well known because

**A YOUR WALK  
And TALK  
F DANCE or  
T PICTURE SHOW  
E SKATING  
R Or GAME**

Bring Her to The

**KANDY  
KITCHEN**

Dainty Confections

of its beautiful lakes. Tourists very well know the comfort and beauty which the Tourist Camp and many cottages afford.

If you want an ideal place where you might spend your vacation next summer, do not fail to go to Cumberland. You are always welcome. When once you get there, it will be no easy task for you to pack and leave when your vacation ends.

There are three factories in Cumberland: a branch of the Fame Canning Company, the Cumberland Fruit Package Company, and the Pickle Factory. These afford an opportunity to students to find employment during the summer.

The public library is one of the finest libraries in the state. It is a Carnegie building, and it adds much to Cumberland.

This city is kept up by four large department stores, three garages, three oil stations, and many other public service buildings.

This little city of fifteen hundred people is far from lacking in amusements. The theater is of the best and shows the latest pictures. The American Legion frequently sponsors dances, which accommodate young and old alike.

Probably the lakes, especially Beaver Dam, are the greatest source of amusement. The facilities for swimming in summer attract many people from all the nearby towns. In winter the rink is well kept up, so that, aside from school activities, there is other entertainment.

Speaking of school, that is a great part of the town. This year the basketball teams, boys' and girls', have not lost one game. They are backed by the school and by the townspeople.

When the school puts on a play, the Zim Zim theater is packed to capacity. It shows that the town folks are back of the school.

No one can forget what the Cumberland High school accomplished last year in debate. They came out bearing the silver cup, and they deserved it.

Cumberland has a large representation in this school this year. There are eleven people here, nine of them in the first year class.

### New High School

Perhaps the greatest improvement in Cumberland in the past few years is the new high school building, which was completed in 1925. It may boast of one of the best and largest gymnasiums in northwestern Wisconsin.

Cumberland is not lacking in church work, for there are seven churches within the city and one on the outskirts of the city. This is where a great many young people find wholesome amusement.

The Boys' Band can not be forgotten. It was organized two years ago, and since then has been gaining rapidly in popularity. Last summer the band master, because of the ever increasing enrollment, was forced to divide the band into two groups—the beginners and the older boys. The older boys' band has had the honor of broadcasting from WCCO.

Many neighboring doctors find the Island City Hospital convenient. It is the only hospital for many miles around.

Next summer take a trip to Cumberland and see the sights for yourself; you will never regret it. If you have a Sunday afternoon off, go up and enjoy a real game of baseball.

### BEDS TAKE DROP

The "Bohunks from La Boheme" were enjoying the weekly treat of remaining in bed Saturday morning long after the busy world had arisen. Jake and Tony were nestled in one room, and Bill and Jimmie in another across the hall.

Suddenly Bill and Jim burst frantically into the other room, in an effort to arouse Jake and Tony from their morning nap.

Bill, in his thoughtless scurry, hopped up on the bed with the alacrity of a young colt.

The spring gave way with a crash; and the trio fell to the floor, to the utter amazement, yet un concealed enjoyment of Jim.

At first there were gasps of wonder, and then laughter took hold of the group.

However, it was not such a laughing matter when Bill discovered just what she had done. Through the goodness of her landlady, Bill's fright was soon appeased.

## Trainers Are Doped To Fight Hard In Second Tilt With Falls

THEY ARE TALL, RANGY, AND HAVE LOTS OF DRIVE SAY FANS

### River Falls Have Clean Slate

PONIES ARE IN EXCELLENT CONDITION, AND PRIMED TO GO

Prospects for another championship basket ball team loom up very brightly at the present time. With the three remaining games of the schedule at home, the Falls ought to come in under the wire with a thousand per cent team. The Falls backers ought to be satisfied with the present order of affairs. With a clean slate and three games to take, the Falls team will have to play very conservatively. This is a disadvantage because they will have everything to lose if they take chances. The boys will have to make sure in their play, there can be no carelessness. Those who have followed the fortunes of the present team know that these boys can rise to great heights and play over their heads when necessary. They are able to play their best ball when pressed.

### Stout Has A Rangy Team

The game this coming Friday will probably prove to be the toughest one the boys have to go through this season. The Stout team is tall and rangy and they have plenty of drive. We hear from reliable sources that these boys lack nothing. They have the height, the coaching, the team work—everything which a good team needs to win ball games. On a small floor, these boys will have the advantage of the tip-off on most of the held balls. They will also be able to take many shots off the backboards for close in shots. The midget Red and White team is going to have a tough time taking the ball away from these giants. Stout doesn't run to big bad men entirely. This man Radke is wicked on long shots. The fact that he didn't get away down there proves nothing; he may have a little more luck in the next game. He has an eye for the basket which is uncanny. The Falls team are going to hold this boy down if they expect to bring home the bacon.

### Team In Good Shape

Coach Cox has the Red and White team in great shape. He certainly knows how to keep these young whirlwinds from going stale. They have plenty of pep and drive and they know what to do with the leather covered spheroid. They are able to meet any style of play and beat it. They have springs in their legs when they go after the ball. Watch them go against Stout.

## WOOFENPUFFITS LOST FAST GAME TO ELLSWORTH HIGH

Coach "Skin" Collins' "rarin'" Woofenpuffits lost their second conference game of the season to the Ellsworth High school Tuesday night by the score of 24-23. The local basketballers seemed somewhat lost the first half and at the end of the first period trailed Coach Bill Smith's men 16 to 6.

At the start of the last period the "Puffits" started off with a new burst of speed and made six points while Ellsworth was being held scoreless. The locals, however, didn't have the necessary punch to forge ahead and trailed the Hub City boys by one or two points during the remainder of the game.

The stellar guarding of Lee Richardson for the local quint was a big feature of the game. Time and time again he would break up plays that necessitated the guarding of two, and sometimes, three men. Capt. Duly Smith was high point man for the Collins men with four baskets from the field and one free throw for a total of nine points.

The consensus of opinion among the local fans who saw the game was that the "Woofers" were not in the best of condition, but with a few weeks of strenuous training under

the supervision of Trainer "Howie" Collins they would defeat the Ellsworthites easily.

There is some talk of a return game in a few weeks and if such be the case a battle royal is promised. The River Falls team is composed of "Tamie" and Duly Smith, forwards, "Paddy" Driscoll, center, Lee Richardson and Ed. Follansbee, guards. "Red" Smith is manager, "Howie" Collins, trainer, and "Skinner" Collins, coach.

It is rumored about this city today that the coach has resigned because of lack of co-operation between players and coach, and because some of the men broke training after the game Tuesday night. A petition is being circulated requesting the coach to "stay with" the team until the end of the season.

## River Falls Wins Over Eau Claire Last Friday 25-29

HUNT HIGH POINT MAN FOR FALLS. HOHEN STARS FOR EAU CLAIRE

Last Thursday evening, Feb. 10, the Red and White basketballers journeyed to Eau Claire and walked off with their fifth conference win. The Falls team closed their long stay away from home by taking the game with a four point margin; the final score being 25-29. The game proved to be the final test which the boys from the Falls will have to meet without the assistance of the home crowd. This game resembled the first game with Eau Claire in that the Claire team staged a rally near the close of the game which nearly netted them the game. The Gerber team started out with plenty of confidence and soon had the score 7-1 in their favor. At this point, Coach Cox injected Hunt the rangy Falls forward into the fray and the Falls machine started to work like the axel grease which Trudy Ederle uses in her long distance swims. Hunt came through with three 'buckets' and Eau Claire had to start all over again. The Falls assumed the lead and held a 14-11 margin until the end of the half.

### Second Half Is Different

The boys from the cow college talked things over between halves and decided that they had better get busy and show the people from the big town what real basket ball looks like. They set out to establish a good safe lead. At the end of the third quarter the Cox crew had established a lead of 11 points. Evidently the boys decided to take it easy for the Claire gang looked to be tamed. The Claire forward Hohen started to do what he should have done earlier in the game. He broke loose and scored four baskets. This boy always goes good against the Falls; it's a good thing that he did not find his basket eye earlier in the game. The Falls boys began to tighten up when their lead was endangered; consequently the work of Hohen went for nothing. The Falls boys had to use their famous stalling game in the last few minutes of play; however, they brought home the bacon and that's what they were after.

## RENO TO ENTERTAIN HERE WITH LATEST IN ILLUSIONS

(Continued from page one) engaging stage presence, with a keen mentality and an artistic appreciation of the success he has achieved in his profession.

### Springs Many Surprises

In his performance he springs one surprise after another on his audience, keeping in as state of breathless wonder and delight.

He has a special electric light globe trick. In this trick, a handkerchief is borrowed from a lady and put into a pistol, which in turn is fired at an electric light globe. The audience can see the handkerchief in the globe, the globe is broken and the handkerchief returned. The pleasant feature of the trick is that while the globe may be taken from the foot-lights, still the globe is not damaged in the least.

Reno was surprised at the close of an engagement to receive a bill for six broken light globes. He took the whole matter in a pleasant spirit and paid the bill rather than enlighten the

## Digs By Doc.

The other day, a member of the social committee was bemoaning the fact that the dances at this institution were rapidly becoming flops. He gave as his reason the fact that about ten per cent of the real "he men" of the school were taking upon their shoulders the social responsibilities of the rest of the males in the school. He said that about 5 per cent of the men were going to the dances alone—STAGGING IT IN OTHER WORDS—The other 85 per cent were going to—only the dear Lord and Santa Claus would be able to tell you. Now this column is not attempting to drum up any trade for the Date Bureau; it is merely trying to wake some of the males in the school in an attempt to help the Social Committee. Now for the Lord's sake, you men who stag it to a dance, Please—Oh Please wake up and do your solemn duty. Take some nice girl to the next dance. If you are worried about finances, stop and think that a school dance costs nothing. If you are worried about clothes, stop and think—This is an Ag, Kowlege. Now about the girl, if you don't know any, this column suggests that your education is being sadly neglected. Now for you stay-at-home men. The local weather man states that winter will be over in at least three months. If you are subject to chillblains, you have a sufficient excuse for staying in these cold nights. If you merely have cold feet, hot water and mustard will warm them up. This istoo small a school to have a few men assuming most of the social responsibilities. Now for the last final plea, there is going to be a dance in the South hall gym after the Stout game next Friday night—Here's a chance for you men who are alone in the world to make a break.—

### Little Digs by Doc.

Wise cracks on the date bureau are beginning to wear beards and gray hair by now. However, this one should get some publicity. It seems that Senor Bill is accused of paying the regular fee for a date, then finding the evening enjoyable, making dates for the following few nights. Now he wants his money back on the ground that he didn't need the bureau's assistance to get the date with her. We wonder if Bliss is Scotch.

A fellow used to get intoxicated over a girl—now days he gets intoxicated with her.

### Believe it or not by Riply.

Same Furnished on Request Mrs. Fred Jones of Ymore who gave birth to a fine boy Tuesday at the Carmel-by-the-Sea Hospital, is reported getting along nicely. Her uncle, N. O. Stanislawski of Peoria, who also suffered a broken leg in the same accident, is recovering at Fall's Sanitarium.

"I love my wife, but oh you Kid!"  
The bozos used to say;  
"I love my hubby, but oh you Daddy!"  
The flappers' chant today.

Watch these men who always stand with their heads uncovered—They either want to be collegiate or they are proud of their shining locks.

### TESTIMONIAL

Hokum & Nostrum Bros. Podunkia, Wis.

Dear Sirs:  
I had been suffering for years with a sore throat. I read your advertisement in the paper and, at the advice of a friend, I took several bottles of your famous compound. Now I feel like a changed man.

Sincerely,  
-W. Clafin.

The Hokum and Nostrum Bros. cough syrup is a pure product. It is compounded of the best quality molasses and red pepper. Delightful to the palate.

Hokum & Nostrum Bros.

Plans are under way for a \$3,500,000 building, twenty-one stories high, for the school of education at New York University.

mind of the manager who truly was sincere and really believed that Reno did the impossible.

### Features of Program

Here are some of the features of the Reno program:

The evolution of a magician's wand, mysterious cornucopia and enchanted rabbit, hatched, matched, and dispatched—a romance in the life of a pair of ring doves. The steel detective—a Pinkertonian suggestion. The aerial treasury and inexhaustible hat, mysterious changes, manipulations, and Hindoo transformations. A guinea pig's trouble in two chapters. Extraordinary mind-reading spiritualistic tests embracing slates, spirit pathes, and other tests, Chinese and Japanese magic, the magic vision, production and vanishing of objects of all sizes and shapes.

This is a treat. Everyone out to see and hear the Magi Reno, on Friday evening, Feb. 25. Tickets are on sale now in hands of Y. M. and Y. W. people.

## RIVER FALLS CAGERS DEFEAT HUDSON QUINT

The local High completely overwhelmed Hudson High by defeating them 6 to 12.

The local men showed some fast work passing the ball down the floor and keeping the Hudson courtmen from nabbing on to it.

The first half was almost uneventful for Hudson as they made only one point to River Falls' eight.

At the beginning of the second period of fight Coach Main started three new men who played almost equally as well although Hudson sunk two field goals on them, River Falls also made two field goals in this half. Only two free throws were made during the whole game and those being made by Hudson.

For River Falls "Chuck" Dawson was high point man making three field goals and being high point man of the game. A Sandeen of Hudson was their high point man making two field goals.

## G. A. A. Basketball Tournament Starts Soon

Plan to attend the Girls' Basketball tournament which will be held in the girls' gym on Tuesday, March 1. Everybody in school should plan to see these games, for they will be good games judging from the material now in practice.

Plans are being made for a G. A. A. masquerade dance which will be held some time in the near future.

## Aurelia Enjoy a Valentine Box

The Aurelia Society met Thursday evening, Feb. 17.

The following program was given: accordion solo by Mary Cotone, piano solo by Catherine Ausman and Irma Anderson, and a piano solo by Lucile Malott.

The Valentine box was an interesting feature. It proved to be the most exciting number on the program.

## Normal Girls Entertain at Card Party

The Misses Blanche Vanberg, Irene Verette, Gertrude Patten, Adra Lien, Theresa Machiere and Borghild Fjelsted entertained at a Valentine card party Saturday evening at the Segerstrom residence, 210 East Elm Street. After crowning the King and Queen of Hearts, the guests went to the Home Eat Shop where a delicious lunch was served.

## Junior High Have Dance in Gym Wednesday

The Junior High school held a dance in the South Hall gymnasium Wednesday afternoon, Feb. 16.

Margaret O'Brien played the piano and Hoyt Johnson played the saxophone for the dance.

Punch and wafers were served during the entertainment.

This dance, being an annual affair, is a rare treat for the Junior High students.

## Mozart Hold Interesting Program

The Mozart Music club met Thursday, Feb. 17, in the Society room.

An especially fine program was prepared. Phyllis Petrie played a piano solo, the Albrecht quartet sang several numbers, Beryl Atwood and Alma Maier sang a vocal duet, and Ruth Foley played a violin solo.

Drop into the Society room when the Mozart club meets and enjoy one of the excellent programs.

## School Dance Friday After Stout Game

The Student Social Committee has scheduled a dance for Friday night, Feb. 18, after the Stout game, to be held in the South Hall gymnasium.

The dance will be open to all River Falls students and Stout students. All those who wish to bring outsiders must get permission to do so from the Dean of Women.

The same snappy orchestra will furnish the music. A one hundred per cent crowd is expected at the game and dance afterwards.

## Civic Club Enjoys Annual Sleigh Ride Party

The Civic Club enjoyed its annual sleigh ride party Thursday evening, Feb. 9.

After riding, running, and snowballing for an hour and a half, the club sojourned to Prof. Hill's home, where a social program was waiting.

There were twenty-four hearts hid about the room, for which everyone hunted. Since "Shorty" Clemens and Evelyn Jensen found the largest number, they were crowned King and Queen of Hearts, respectively. Richard Mooney, who found the least, donned the Knave's hat.

A delicious lunch was served afterward.

The Civic Club will meet Thursday evening, Feb. 23, in Mr. Hill's room to continue the discussions.

## FOOTBALL MEN TO BE ENTERTAINED SAT. NIGHT

The 1926 football squad will be entertained at the Dawson house at the annual football banquet Saturday evening at 6:30 o'clock.

## Lincolnian Pledge Attendance at State Contest

One of the biggest events in the forensic season is the annual State Oratorical contest. This year it is held at Eau Claire. The Links, therefore, pledged 100 per cent attendance at this contest. In order to enable all to fulfill their pledge, steps were also taken to provide money for the trip.

The business meeting was then followed by a short program, the purpose of which was to instruct in parliamentary procedure.

## NORSENG, MORTON, SMITH TO LEAVE MONDAY, FEBRUARY 21, FOR TOUR OF STATE

(Continued from page one) make the trip to La Crosse with the girls' team March 14. As girls debating teams are something new, they only have one debate. Next year, however, girls debating may be carried on in the same manner as the men's debates.

Debate activities as a whole will be rather quiet this week as everyone is busy preparing his speech. While the affirmative are on their trip, two or three debates will be held between the girls' affirmative and the boys' negative teams. A decision will be rendered each time so it promises to be a lively contest. The purpose of these debates is to help the negative for the first conference debate Mar. 4. The negative team is rated by some of the judges as being as good as any team that has ever represented River Falls. The affirmative is of championship calibre without question, since Coach Mitchell reports them improved over last year when they were victorious all season.

Debate devotees predict the chances as being excellent for another championship.

## LANDIS CHOSEN PROM CHAIRMAN

James Landis, second year student, has been elected prom chairman; and the responsibility for a successful prom will rest largely upon him.

Landis has shown remarkable efficiency in his capacity as the executive of the social committee.

Jim has not only featured in social circles; he has proved himself an asset to the school in the line of basketball.

No matter where Jim is placed, he accepts responsibility with a willing hand. He has never been known to shirk his duty and leave his work to some one else. Jim has also proved to be an exemplary student in the classroom.

Those who will assist Landis are Lois Hunt, Sara McLntyre, Robert Smith and Ruth Johnson.

## VIC PETERSON TO LEAD PROM

Victor Peterson, president of the second year class, will fill the capacity of prom leader at the annual prom next spring.

In the two years that Vic has been associated with the River Falls Normal, he has been in the lime-light continually. Vic was president of the Agrifallian last semester and treasurer of the Junior class last year.

Vic is one of the best workers on the campus. He is ready to do his bit whenever he is called upon.

As a rare example of a level-headed thinker in the class room, Vic is not to be forgotten. Vic "knows his onions"—as the expression goes; and he puts his knowledge into practice.

There is little doubt that Vic is the logical man to fill this place. He can handle it as well as anybody can.

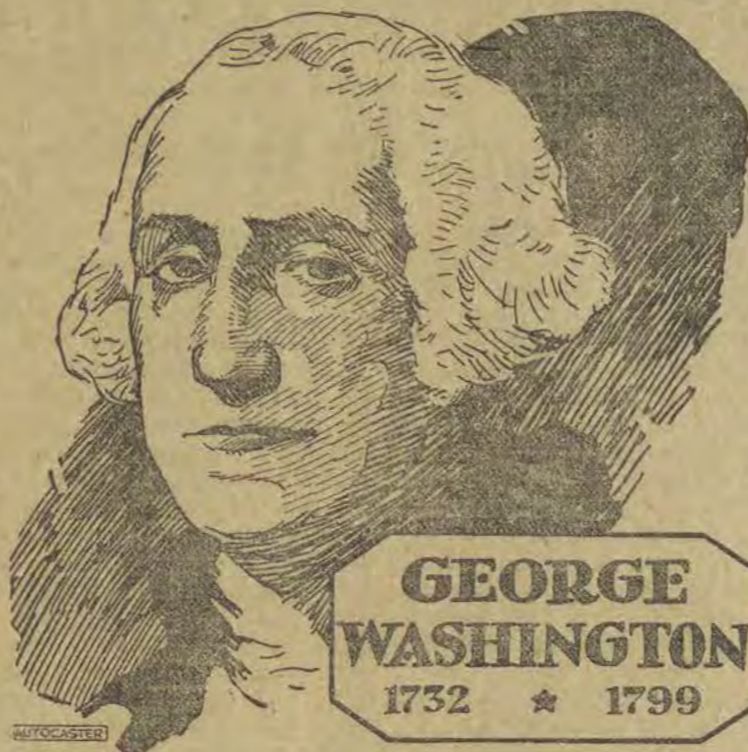

## MEN'S ANNUAL STAG PARTY COMING SOON

Preparations are well under way for the Men's annual Stag Party, which is to be held in the North Hall gym., Saturday night, Feb. 26.

The men need not worry that this affair is going to fall short of any of the previous stags. It has been reported that the legendary bean soup will be served.

The stunts this year are going to be of the best.

Listen for the secret dope that is being whispered about the corridors among the men gatherings. There are no women mixed in these mysterious communications.

## February Twenty-Second

### WASHINGTON'S BIRTHDAY

February twenty-second each year students, teachers, and people of this and foreign lands remember again the anniversary of America's first president, George Washington. It is with reverence and an open minded understanding that all should think of such a character who has paved the way for America's future greatness.

Washington was a great personality. He was a combination of patriotism, courage, endurance, devotion and ability, with a vision and forethought so necessary to carry a ship of state successfully through its early days. It is for these qualities and his service that Washington is termed "First in war, first in peace, and first in the hearts of his countrymen." This was his greatness; he combined vision and judgment, fact and dream. He was a truly balanced mind.

Washington Not skeptical, nor yet extreme No thinker quicker caught the gleam Of new-born stars in human skies. And yet he tested star and stream On earth and heaven kept his eyes. This was his greatness: he could be Leader and comrade, master, and man;

He wore the robe of dignity. With human brotherhood his plan. He was the first American. A pattern for a nation now, His soul as large as heaven's span, His heart as tender as its dew. This was his greatness; Washington Met strength with strength, yet could be kind

Without the look of weakness—one Who firmness, gentleness, combined, His was the truly balanced mind That none could flatter or defame; To glory and ambition blind, He won, unsought, a deathless name. Douglas Mallock.

### LOCALS

Ruth Fenske spent Sunday in Hudson.

Miss Hathorn spent the week-end in Minneapolis.

Mr. Herbert Chapman has been ill for the past week.

Helen Webster spent the week-end at her home in Roberts.

Miss Marveda Lund visited in St. Paul during the week-end.

Crystal Thomas has returned to school after a week of illness.

Miss Beryl Atwood has returned to school after several days lost through illness.

Miss Lura Ross of Hudson spent Friday evening with Marjorie Hughes.

Gunda Flekke visited Beryl Atwood at her home in Amery during the week-end.

Adele Williamson visited her sister in Minneapolis during the week-end, where she attended the Dunwoody Hall Club dance.

A little girls of five was entertaining the callers while her mother was getting ready. One of the ladies remarked to the other with a significant look, "Not very pretty," spelling the last word.

"No," said the child quickly, "but awful s m a r t.—Boston Transcript.

### HOW TO MAKE ENEMIES By ABEY

As I sauntered down the street, I met my friend, Mr. Wolfe, who cheerily said, "Good morning." Why should I bother about him? All he got in his last English quiz was fifty, while I got the prodigious mark of seventy-five.

The clever idea occurred to me while I was eating at the cafeteria that it might not be necessary to pay for my breakfast. I boldly walked past the cashier, whistling "Tipperary." However, my attention was called to the oversight.

"Oh yes, I beg your pardon, really I am so forgetful.

I wondered why she gave me that scornful look as I walked on.

### Quiz Papers Returned

Here I was back in the old classroom. The teacher was returning last week's quiz papers. What was that? Did I get D—? What kind of a teacher is he? After class I walked up to him and told him what I thought of his marking method. At the same time I informed him how I thought he ought to conduct his classes, give his quizzes, and I imparted other information that might be of untold value to him. The look he gave me said, "you remind me of the stuff that comes out of the trees in the springtime."

I did not relish the idea of returning to the cafeteria for my meals. For this reason, I ventured down town. Why there were Mrs. McCarthy and Mrs. O'Neil quarreling over the back yard fence. This was a disgrace. Surely, it was my duty as a peace-loving citizen to halt the brawl.

"My dear ladies, it ought not to be necessary to carry on such a commotion in public."

I offered, in an amicable way, many suggestions that I thought would bring about a reconciliation. When I left for school, they both said something about people minding their own business.

### Offer Help to Farmer

Across the street was a farmer having trouble with a balky horse. Here was my chance. I went up to him and told him I was a student of agriculture at the River Falls Normal. I now related the plan given in our Animal Husbandry; namely, hitching the horse to the back of the wagon and proceeding as before. Instead of thanking me as I thought it would have been proper to do, he said, "so you is one of them blanketed blank smart-aleks what goes to the Normal."

### How to End it All?

Affairs had reached a crisis, which was the best way to end it all. I remembered I had left my trusty "killdeer" at home. Poison was the most logical method. While I was on my way to inquire from Mr. Karges concerning the merits of his various chemicals, I met my room-mate's lady friend. Life was not so bad after all; really it was enjoyable. As we walked home together, the "robin sang

sweetly," "the sky was more blue," and "the earth seemed to come up to meet me at every step." Well, before long, it was understood that I was to escort her to the show that very night.

The show was very enjoyable. I always laugh at a joke. I might add, I laugh most of the time when I am at the Princess theater. However, everyone turned around and looked at us. Where was their sense of humor? They were "solemn looking blokes" if anyone was. Although I was not sure, I thought that Gene Tunney in person entertained me for a few moments when I returned to my room and room-mate.

### PARENTS-TEACHERS ASS'N MEETS THURSDAY, FEB. 24

The Parent-Teachers' Association will meet on Thursday, Feb. 24, at the Methodist church. There will be a business meeting at 7:30 followed by a program after which refreshments will be served.

The following program will be given:

- Song -----7th and 8th Grades
- Playlet, In Melody Land ----- Grade Children
- Class Demonstration ----- Pupils from 8th Grade
- Solo ----- Tish Carisch
- Oration, Washington and Lincoln
- The Flag, Drill and Pantomimes ----- Grades and Jr. High

### Dumb Dora

"How did you enjoy your travels. Tell me about them."

"I had a wonderful time."

"Were you in Paris, London, Berlin?"

"I really couldn't tell you. My husband bought all the tickets."

Columbia University has a teaching staff of 2,234.
