## GOOD CHEER PREDOMINATES REUNION OSHKOSH KICKS TO VICTORY

### Rain Fails to Dampen Spirit of Crowds.

Despite the disagreeable weather and the Falls suffering defeat at the hands of the Oshkosh eleven, the first River Falls Normal Homecoming was a great success. It was made so because of the spirit which pervaded through out all the events. Each of these events had been carefully planned and prepared with the homecoming especially in mind. Had the weather man permitted, the celebration would have had no equal in school history.

Every hour brought more and more Alumni into our midst until it was estimated there were at least one hundred and fifty old students back to renew acquaintances and to enjoy old memories. They were all glad to come back again, and students were all glad to have them here, as was shown in the welcome they received.

Besides the students and Alumni back to carry on the "Good old" River Falls spirit, the townspeople showed a loyal attitude of co-operation in our first big Homecoming. No one could but take note of or carefully observe the decorations which had their show in every store window and all suitable places throughout Main street, continuing all the way to Ramer Field. Many private homes were decorated for the occasion. All this would not and could not have been worked out had it not been for this same spirit of "carry on" being characteristic of the townspeople. The Home-comers were welcomed everywhere and by everyone.

The mass meeting Friday night "started the ball rolling." The auditorium was filled to its capacity with enthusiastic rooters and visitors. Lissack, Vezina, and Clapp, all former cheer-leaders, were ready to assist in the leading of yells and to demonstrate how the students of '18, '19, and '20 yelled and cheered for the Red and White. The women of the faculty were ably represented by their speech-makers, Misses Feeney and Wirt. Professors Hunt, Hayward, and Davidson, and Lipke, Casey, and Gerretson of the football squad all played important parts in making the mass-meeting a success.

This was followed by a torch-light parade, which, in spite of a down-

### AGRICULTURAL DEPARTMENT PRESENTING POULTRY AND GRAIN SHOW.

Three years ago the first poultry show was held in this part of the state. One hundred birds were exhibited. This number was tripled last year, three hundred birds being shown which demonstrates the success of this venture in every sense of the word.

The grain or crop exhibit also has been progressing from year to year until now the quality of the exhibits are far from the ordinary. Farmers who actually see good grain at a local show like this are spurred on to similar attempts and eventually grow better grain themselves. Hence the rather unique growth of the Crop and Poultry show at the River Falls normal.

Practically all of the work is done by the students of the Agricultural department, who also furnish the bulk of the program. The value of this experience in actually putting on shows of this sort should not be underestimated as it is of fundamental importance if success is to be realized in the field.

This show is financed by the Agrifallian. Part of the finance is

### "OFFICER 666" AT AUDITORIUM FRIDAY NIGHT.

On next Friday night will be given the annual Agrifallian play, "Officer 666", which has been produced under the direction of Miss Alle Robinson. The cast of the play was given last week. The personnel is not especially from the agricultural department, but picked from the whole body of six hundred students.

This form of entertainment has always found a high place among River Falls audiences. As the first stage production of the year, people are looking forward with interest to the evening for which it is scheduled.

A synopsis of the three acts follows:

### The Falls Fumble Several Chances to Score.

Oshkosh won the Homecoming game before a crowd of over two thousand people. The entire game was hard fought and until after Gerretson and Reincke were taken out with injuries the Red and White had by far the edge on the playing. The attempted end runs netted Oshkosh but little ground until the last three minutes of play when MacAndrews, quarterback, caught a punt and made thirty yards. Three downs placed the ball in position for a try for goal.

A lover of football could never ask for a harder or better fought game. River Falls missed several chances to score by failing on passes and being penalized when close to goal. The old "pep" was in evidence and with the former cheer leaders, Jack Vezina and Harold Lissack assisting Winfred Bird, the alumni and students were given a chance to show off, to their best ability in the art of cheering.

#### Story of the Game:

Oshkosh won the toss and chose to kick but had to resort to two trials on the kickoff, the ball going out of bounds on the first try. The ball was returned to the twenty-five yard line. River Falls made eight yards in three downs but punted on fourth down to the forty-five yard line. Oshkosh made first down and then tried a pass which was intercepted and returned to the forty-five yard line. The ball changed hands in the center of the field. The punting on both sides drove the ball out of bounds. The Falls completed two passes and made first down through the line. Oshkosh tried a place kick from the thirty-five yard line but it failed. The quarter ended with the ball on the River Falls twenty-two yard line.

#### Second Quarter:

Gerretson made four yards through the line putting it on the twenty-six yard line. Reincke made forty-four yards right through the Oshkosh team for a first down. In two plays the Falls again made first down, but were penalized for holding. A pass and one down brought the ball eight yards closer. Gurnoe tried drop-kick but the ball failed to go over the bar. Time was taken out for Reincke. In

## WHAT ARE THEY TALKING ABOUT

Normal students are often at a loss for good subjects for discussion when out to banquets or even among their own groups. Here are some widely discussed books that are educational as well as a source of pleasure. These have been recently added to our library.

"Outwitting Your Nerves," by Drs. Jackson and Solsburg.

"The Minds and Manners of Wild Animals," by William Temple Hornady, Director of N. Y. City Zoo.

"Why Lincoln Laughed," by Russell Conwell, Preacher and Lecturer.

"Discipline and the Derelict," by Thomas Arkle Clark, Dean of Men, U. of Ill.

"The Science of Human Nature," by William Henry Pyle, Dept. of Ed. Psychology, U. of Mo.

"Your Biggest Job, School or Business," Henry Lewis Smith, Pres. of Washington and Lee University.

## AMERICAN EDUCATION WEEK

The idea of a national education week was initiated December 1921 by the American Legion. American Education Week, December 3-9, has been planned by the American Legion, the National Educational Association, and the United State Bureau of Education. It has been made gen-

eral in character so that it may fit easily into the plans of hundreds of different organizations which are preparing to observe the week. The following general slogans for the week have been adopted.

"Children today, Citizens tomorrow."

"A Man of knowledge increaseth might."

"No illiteracy by 1927."

"A sick body makes a sick mind."

The program for the week is:

Sunday, Dec. 3, For God and Country.

Monday, Dec. 4, American Citizenship Day.

Tuesday, Dec. 5, Patriotism Day.

Wednesday, Dec. 6, School and Teacher Day.

Thursday, Dec. 7, Illiteracy Day.

Friday, Dec. 8, Equality of Opportunity.

Saturday, Dec. 9, Physical Education Day.

A service of articles of unusual quality has been prepared for publication all over the country to acquaint the general public with the condition and needs of educational work in the United States. Four topics are dealt with: illiteracy, the nation's physical efficiency, immigration, and inequality in educational opportunities.

pour of rain, marched the length of Main street. The paraders then formed one large group and again demonstrated their yelling qualities.

Saturday will be remembered as the day of many events. The parade just before noon turned out to be a source of laughter and hilarity for everyone. The floats of all the organizations, "The Whole Dam Family," the G. O. P. peanut wagon, and every other detail of the parade made it a success. Again at one o'clock hundreds of students and Alumni met at the City Hall, formed into line, and marched to Ramer Field.

After the game there was informal dancing in the Girl's Gymnasium.

The final wind-up was in form of the "Homecoming Ball." This was held in the North Hall Gymnasium at eight o'clock. Many hundred guests, faculty members, and upper-classmen were in attendance. The gymnasium was appropriately decorated with autumn leaves, pumpkins, and cornstalks. Punch and wafers were served. It was proved that the efforts of the committees in charge were not in vain.

The first Homecoming was, in all, a big success. Let us hope that it will be a precedent for all future events of this kind.

It will perhaps be interesting to know that the G. A. A. won the prize for the best float in the parade Saturday morning.

**OSHKOSH KICKS TO VICTORY**

(Continued from Page One)

three tries Oshkosh made first down, but failed to make the necessary distance in the next three plays and Wilson punted to Ziebell who returned the ball twenty-seven yards. Little ground was gained by either team in the rest of the quarter. The ball was on the Oshkosh forty-five yard line at the close of the first half. Wilson of Oshkosh went out with injuries, Anderson taking his place.

**Second half:**

River Falls chose to kick. Gurnoe kicked the ball to the fifteen-yard line. By a combination of passes and a successful end run Oshkosh made three first downs. Mike Smith was sent in for MacAndrews and Gerretson was shifted to full-back. Oshkosh missed a try for goal by place kick. Ziebell and Reincke went through the line for thirteen yards to first down. Not to be out done, Gerretson also made first down through the line. The Falls failed to gain and punted to the thirty-five yard line. The quarter ended with the ball on Oshkosh's twenty-five yard line. Williams went in for Curtis. Hanson was substituted for Hohman.

**Fourth Quarter:**

No gains were made by Oshkosh and they punted to Ziebell who returned the ball five yards. Several passes were tried but these failed and the ball was punted to the twenty-yard line. Oshkosh made a good return. Williams was called on to carry the ball, but Lipke broke through the line causing Oshkosh a loss of twenty yards.

Clanton was hurt and time taken out. In the next play Reincke was badly injured and had to be removed from the game. The Red and White made eight yards on a pass. Gerretson was injured and Matthews substituted. First down was made on the next play. A fumble lost the chance to gain but the ball was in position for a drop-kick, which Gurnoe failed to make. Oshkosh made thirty yards on an end run and pass, bringing the ball to the forty-five yard line. Several passes failed and River Falls recovered the ball on the forty-five yard line. They failed to gain and on the third down punted. MacAndrews of Oshkosh returned the ball thirty yards on a run around right end. Oshkosh made first down in three plays and brought the ball into position for a place kick twenty-yards from the goal line. Curtis placed the ball between the uprights and won the game 3-0.

Oshkosh kicked to Ziebell on the thirty-yard line. A pass was intercepted by MacAndrews and with a splendid run of forty yards he managed to outdistance the Red and White tackles, thus crossing the line. Oshkosh couldn't resist the chance to hold

and the ball was brought back and a penalty of fifteen yards imposed. In three plays Oshkosh failed to gain a foot. The ball was in the same position when the final whistle blew.

This is the third time in as many years that Oshkosh has beaten the Falls. It is doubtful whether they could have made the necessary points to win if Gerretson and Reincke had remained in the game without injuries. MacAndrews speed again gave them the chance to add a victory to the list. Curtis and G. Jenson also contributed good work to the Gold and White.
