XLVIII NO. 21

RIVER FALLS STATE COLLEGE

MONDAY, FEBRUARY 26, 1962

United Council to Meet April 14 at River Falls

River Falls College will host the Spring meeting of the Wisconsin State College United Council, according to a decision made at the meeting of the Council at La Crosse College last weekend.

The United Council, organization of the student governing bodies of all the Wisconsin State Colleges, will convene in River Falls on the weekend of April 14.

Tentative plans for the April meeting of the United Council include an invitation to Governor Gaylord Nelson to visit the River Falls campus and address the group.

'North by Northwest' Will Be Shown Sunday

The movie "North by Northwest" starring Cary Grant, Eva Marie Saint, and James Mason will be shown Sunday night, March 4 at 7:30 p.m.

The streets of New York and Chicago, Grand Central Station, the Mt. Rushmore National Monument and a barren Kansas prairie are some of the dazzling settings for this bizarre and delightful intrigue about a Madison Avenue ad-man whose life is in continual danger from homicidal foreign agents and a gorgeous double-dealing female.

One of the more significant undertakings of the La Crosse meeting was a recommendation to the proper state college planning committees to refrain from arranging any intercollegiate events, such as debate or sports contests, during the weeks of final examinations.

The council also made plans to lobby for increased allocation of state funds toward education.

Election of officers to the Council for the coming year will also be on the agenda for the River Falls meeting of the group.

Representatives at the La Crosse meeting were Wayne Hendrickson, vice-president of the Council, and Robert Richardson and Patrick O'Connell.

TRYOUTS

Tryouts for the forthcoming production of Dylan Thomas' play, "Under Milk Wood," to be directed by Dr. Blanche Davis, will be held Monday and Thursday of this week, the drama department announced Friday.

The tryouts will be held in the Little Theatre from 7 to 9 p.m. on those two days, the announcement said.

Staff Meeting

The next editor of the Student Voice will be in the publications office on Thursday, March 1 for the purpose of reorganizing the staff for spring quarter. Anyone wishing to be an active member of the staff should come in on Thursday or contact Miss Olson beforehand.

Beats will be reassigned and other positions determined.

Regents Approve Proposed Major For Journalism

A major in community journalism for River Falls State College was approved Friday by the Board of Regents, leaving only one step to be taken before the program can be offered next fall.

The final step is the approval of the Co-ordinating Committee, the liaison group between the state colleges and the University of Wisconsin. The committee will meet in April at Oshkosh.

River Falls' proposed major in community journalism, leading to a liberal arts degree, would require 36 quarter hours of credit. Also required of the student majoring in journalism would be a second major of at least 36 hours to give depth in some particular area.

The College will continue to offer two minors in journalism—a liberal arts minor of 24 hours and a teaching minor of 33 hours.

Instructors Will Issue Class Cards This Week

Class cards will be issued Friday by instructional departments. Students must present a permit to Register and the trial study card filled out and signed by the student's advisor. Instructors in sequence courses will hand out class cards to students enrolled in their sections on Wednesday and Thursday. Class cards for non-sequence courses will be issued at designated locations. Cards will be issued by classes; seniors at 8 a.m., juniors at 8:20, sophomores at 8:40 and freshmen at 9 a.m. All classes will be excused and all faculty members will be on hand from 8 to 9:45 a.m. for issuing class cards. Classes will resume at 9:45.

Pre-registration procedures began last Thursday as students obtained their Plan of Studies form, a registration card, a fee card, and a Permit to Register in the Registrar's Office. According to registration directions available from the Registrar's Office, all juniors and seniors must have their majors and minors certified by department heads and over-all approval by their academic dean before paying their fees.

Counseling for those in residence began Friday and continues through tomorrow in faculty offices. Faculty advisors have been asked to post their hours on the door of their office in order that students may make counseling appointments.

Students are to remain in the same sequence courses throughout the year unless a particular section is discontinued. Students are to use the "Enter Daily Schedule" form on the registration card for checking conflicts and enter the course number or abbreviation rather than a check or a cross.

Fees will be receivable in 219N at the following times: 8:30-11:30 a.m. on Tuesday, Wednesday and

Thursday and on Friday from 8:30 to 11:30 a.m. and 1-3 p.m. All late registrants will be charged a \$10.00 late registration fee unless excused by the administration, according to a Board of Regents decision.

Fees will be received from late registering students in the Business Office from 1 to 3 p.m. on March 12, 13, 14, and 15, and from 3 to 5 p.m. on Friday, March 16. Registration materials must be validated in the Registrar's Office before paying late fees.

Faculty members may not permit a student to attend a class unless the instructor has a class card bearing the student's name. A student may obtain an auditor's card by applying at the Registrar's office.

The faculty has ruled that "anyone in residence registering for the Winter Quarter will be expected to attend each class or laboratory during the first week of classes or will have his load reduced to not more than 14 hours. No exceptions will be made unless authorized by the Registrar. Absences during the first week of classes will be reported to the Registrar's Office."

(Continued on Page 4)

Text-Due Date Set March 10

The textbook library will be open from Tuesday, March 6th through Saturday, March 10th to receive 2nd quarter books. Sequence course books need not be brought in to be renewed. All books will be due by 4 p.m. March 10th.

Spring quarter books will be given out the week of March 12th. No overdue books will be accepted on Monday, March 12th. No new textbooks will be given to students who have not cleared their record.

First Musical Is 'Tremendous Success'

by Francis O'Connell

Last Wednesday, Thursday and Friday nights the Little Theatre was the scene of the first musical-comedy presented on the River Falls College campus. The musical-drama, "Once Upon A Matress," written by Jay Thompson and Marshall Borer, and directed by James Schwenk, in my opinion was a tremendous success.

Howard Heise as the Minstrel did a very good job of introducing the story of the princess and the pea both musically and narratively.

The dominating queen, played by Verona Schmidt, shared the spotlight with her husband, the king, played by Thomas Holloway, and princess Winnifred, the girl from the swamps, portrayed by Carol Binkowski. In my opinion, these three should be especially commended for holding both the musical and dramatic portions of the play together.

Prince Dauntless, played by William Pippenger gave a good performance as the "mama's

boy," but at times he didn't live up to his name. Linda Wagenbach's beautiful voice and fine acting enabled her to do justice to the part of Lady Larkin, who was let down at times both in the script and on stage by her lover, Sir Harry, played by David Blake.

The ladies in waiting played by Sidonia Sweeney, Muriel Hanson, DeAnn Wickboldt, Mildred Gustafson, Anie Kingsbury and Jo Ann Schwenk should not have been left waiting so long, for they all added grace and beauty to an already

good play vocally and physically.

James Manert gave a fine performance as the court jester, but at times his stiff actions were more in keeping with the conduct of a toy soldier rather than that of a clown.

My compliments to James Schwenk on doing such a fine job with such a difficult assignment. Darlene Erickson should also be complimented for her clever and artistic scene designs. David Gerig, the pianist, also deserves much credit for his exceedingly fine job of

accompanying the cast in the musical portions of the show.

I feel that any student or faculty member who missed this production missed one of the most entertaining events that has been presented on this campus in a long time.

I would like to congratulate everyone in the cast, the director, the musicians, and everyone associated with the technical aspects of the production of doing such a fine job.

The Editor Speaks . . .

On a recent trip to the Stout campus, it was drawn to my attention that that campus has student mailboxes in its Student Union. The boxes were very orderly and seem to serve a very useful function; communication among the students and from the faculty to the students. Also, various services on the Stout campus can contact students with information that may be very important and would be delayed if other means were necessary.

As most persons on the campus know, it is nearly impossible to contact some students. The only way that now seems possible is to contact the registrar's office, learn the student's class schedule and try to intercept the student when he comes from his class. This can prove very frustrating.

I would not suggest mailboxes to the exclusion of any other type of communications, but it is obvious that something along this line must be done.

Head Librarian Richard Cooklock said the mailboxes that were once on this Campus proved "very useful" and, he said, "the library would like them again." According to Mr. Cooklock, the mailboxes would make it much easier to disseminate information to the student body. He pointed out that the library used the mailboxes of the past to inform students that a book they had requested was now available or that they had books which were overdue. Other library messages could also be distributed in this manner, he said.

One important drawback to the mailbox idea is the possibility of the area around the mailboxes becoming very messy. The Stout boxes showed no indication of this. "Why?" would be a question most easily solved by contacting Stout. However, I am certain that some system could be initiated to keep the area presentable. According to College President Dr. E. H. Kleinpell, the old mailboxes were a scene of much trash and debris.

This, of course is a serious consideration. The point is, or should be, that college students should be considerate enough of the appearance of their campus that there would be no mess whatsoever.

As a final point, I would suggest that the Student Senate or some other responsible campus body check into the possibility of improving general campus communication.

Committee Announces Vacancies

An excellent opportunity to become a member of an important all-school committee will be available to several interested students at the beginning of Spring Quarter, according to a recent announcement from the Student Center Governing Board.

The Board has announced that several vacancies have developed in various student government committees, especially the important Student Center Public Relations and the Student Center Activities committees.

Most of the student government organizations which have vacancies serve to plan all-school social functions such as the Prom, Cabaret, and various dances, and also to develop and enforce policy for the Student Center.

The Governing Board suggests that any persons interested in occupying a position on an all-school student government committee should contact Jean Mc Millan, chairman of the Governing Board, or Mr. Brock, director of the Student Center.

Classified Advertising

LOST — A River Falls notebook. It was lost in the Student Center last week. Will pay reward if returned to 104B Prucha Hall. Lost by East Window Wednesday nite.

Karen Gilbertson will do typing in her home, such as term papers, etc. Call HA 5-5123.

Official Notices

Meletean Meeting
 There will be a very important meeting of the Meletean staff tonight at 7 p.m. in the publications office.

Student Loans
 Students who have National Defense or State Department of Public Welfare student loan funds for the Spring Quarter should report to the Personnel Office prior to registration. If this is done, checks can be available at the registration desk.

Personnel Office
College Class Rings
 Orders for River Falls State College class rings will be taken, Wednesday, Feb. 28 between the hours of 9 a.m. and 4:30 p.m. A representative of the Balfour Ring Company will be on campus at this time to take the orders. A \$5. deposit will be required on all orders.

Official Notice
 Assignment of students for academic counseling in the English department has been revised. Any student whose advisor is in English or speech should consult the bulletin board outside 116S to find which faculty member he is assigned to.

Selective Service
 Applications for the Selective Service College Qualification Test to be given on April 17 are now available to college students at Selective Service Local Boards throughout Wisconsin.
 Applications for the test must be postmarked no later than midnight, Tuesday, March 27. Eligible students may also obtain information about the test from any Local Board or the Dean's Office.

Special Seminar
 A special weekend seminar in general semantics will be given on April 14 and 15 in Racine under the sponsorship of the Extension Division of the University of Wisconsin - Milwaukee and the Milwaukee and Chicago chapters of the International Society for General Semantics.
 It will be conducted at Wingspread, the Johnson Foundation's Educational Center designed by Frank Lloyd Wright.

Letters To the Editor

Dear Mr. Newman,
 Since becoming a member of the Board of Regents I have read with interest all of the campus publications that are sent to me.

I want to take this opportunity to compliment you on your publication which I think is outstanding.

Sincerely yours,
 Alice H. Tilseth (Mrs. A. E.)

Dear Editor:
 The American College Poetry Society is pleased to announce that its fifth semester anthology of outstanding college poetry is now being compiled for publication in May, 1962. We would be very grateful if you would again alert the interested students on your campus to this opportunity to have their work published.

Contributions must be the original work of the student (who shall retain literary rights to the material), submitted to the undersigned, care of the Society, with the entrant's name, address, and school on each page. Poems, which may reflect any subject, should not exceed 48 lines, nor may any individual submit more than five poems. Entries that are not accepted for publication will be returned if accompanied by a self-addressed, stamped envelope. The Society, this year, will offer Recognition Awards of Five Dollars each, to the five outstanding college poems. The poems cannot be otherwise acknowledged, nor can the Society compensate students for the work that is published. All entries must be postmarked not later than Thursday, April 12, 1962, to be considered; decisions of the Society judges are, of necessity, final.

We are sincerely appreciative of your past and present cooperation, without which our younger poets could not have received the attention and acclamation that they have through previous anthologies.

Yours truly,
 Richard A. Briand
 Executive Secretary, 1962

Education Interviews March 1-9

Secondary education students who plan to complete their student teaching requirements next year are reminded that interviews with Dr. Siemers or Mr. Beck will begin this coming Thursday, March 1. Office hours are posted on the door in 111 North.

Applicants who do not complete the interview by March 9 cannot be given any priority when considering assignments to schools for student teaching. Such priority involves marital status, commuting distance from present address, etc.

As described in last week's Voice a Secondary Student Teaching Screening Committee composed of professors from the departments and the School of Education will meet in March to evaluate each candidate's application for student teaching. Based on academic, professional, and personal records the Committee will evaluate the readiness of each candidate to enroll in Education 186 (Secondary Student Teaching). A recommendation is then made to the director of secondary student teaching concerning the status of each applicant.

Pagemen Dump Stout 86-81, Lose to Superior

Superior

River Falls saw its chances for a second-place finish in the conference this year year go out the window at Superior Saturday night as the Yellowjackets of Superior handed the Falcons their fifth defeat of the season by the score of 85-70. The loss left River Falls with a conference record of six wins and five losses.

The Falcons were never in the game during the first half as the hot shooting Yellowjackets jumped off to an early lead and stretched to as much as eighteen points at 34 to 16 late in the first half. River Falls narrowed the margin somewhat before intermission, and left the floor at half time trailing by the score of 43-32.

River Falls started to get rolling during the third quarter as they began to pick away at the big lead of Superior. Led by Toby Garey and Gordy Olson, the Falcons pulled within three points at 51-48 late in the third quarter. The roof then fell in on the visiting Falcons as Superior outscored River Falls 34-22 to win the game going away.

Superior shot 45 per cent from the floor, managing to hit on 37 of 83 attempts and sunk 11 of 19 free throws for 58 per cent. River Falls shot 40 per cent from the floor with 29 of 72 attempts going in and could only manage a poor 46 per cent of their free throws, hitting on only 12 of 26.

The game was one of balanced scoring with 11 men hitting in the double figures, six for Superior and five for the Falcons. River Falls was led by Toby Garey with 14 points, eight of them in the third quarter, Don Koepnick with 13, George Wolf with 12, and Gary Scharfenberg and Gordy Olson with 10 each.

Art Nelson headed the Yellowjacket scoring with 15 points followed closely by Gene Evans and Chuck Crisp with 14, John Bonk with 12, and Wayne Benson and Walley Hever with 10.

Members of the 1961 - 62 swimming team that finished with a 1-10 record are (back row) Steve Hay, Tom Harris, Ron Lindberg, Chris Carisch, Coach Russ Gerber, Lloyd Nelson, Dave Fellinz, Jim Hirschinger, and Jerry Sargent, (front row) Don Nelson, Tom Cushey, Don Duszinski, Winfield Mitchell, Dick Siebold, and Mickey Olson.

Stout

The up and down Falcons backed by a large delegation of loyal R.F. fans, won their second straight conference game at Stout Monday night by the score of 86 to 81. The win extended River Falls' conference record to six wins and four losses.

If River Falls wins its last two games of the season and Stevens Point loses to either Whitewater or UWM they could end the season in a tie for second place with La Crosse and Stevens Point.

The final score of Monday's game was little indication of the full story of the contest as River Falls took command during the first half by a "healthy" margin most of the way.

The Falcons, led by Gary Scharfenberg and Don Koepnick, who garnered 17 of his 27 points in the first half, left the floor at intermission with a comfortable 45 to 31 lead.

Stout came back in the third quarter to cut the margin to eight points at 63 to 55 largely due to the scoring by their big guns, Gary Simonson and Fred Seggelink, who combined for 15 of the Bludevils' 24 points in the period. River Falls then staved off a last minute full court press by Stout to coast home with their sixth conference win of the season.

River Falls had four men in the double figures for the game, with Don Koepnick again leading the Falcons with 27 followed by Bob Pritchard with 16, Gary Scharfenberg with 14, and Toby Garey with 11. Gary Simonson and Fred Seggelink led the Bludevils scoring with 23 and 21 respectively. River Falls (86)

Matmen Tip Stevens Point

The River Falls wrestling squad won their seventh dual match Saturday night by out wrestling Stevens Point 19-7. This left Coach Byron James and his squad The Pointers only won one match all night but managed to tie two to give them seven points. There was a drought as far as pins go, for neither team could manage one.

Varsity Action In Kargas Gym

Two Falcon events are scheduled this week in Kargas Center as the basketball squad meets La Crosse tonight, and tomorrow night the wrestling team faces St. Cloud, both events start at 8 p.m. The hard court five of River Falls will be out to gain back a victory from the La Crosse Indians after being defeated by them earlier this season 77-57.

The final 10 minutes of the second half told the tale in the first game as the La Crosse quintet poured in 26 points while the Falcons managed only nine.

The Indians had four men in double figures as Larry Tranberg led the way with 19 points followed by Bill Sugar with 15, Ken Peterson with 13 and Larry Helgenendorf with 11.

La Crosse swished 33 shots in 71 attempts for a fine 46 per cent while the Falcons managed only 25 of 79 attempts for 32 per cent.

Turning to wrestling, we see St. Cloud with three outstanding matmen. They are Jim Amundson, at 130 pounds, 147 pound Grant Nelson, and Monte Sinner, a 157 pound wrestling champion of the N.A.I.A. There is also Jerry Hanson at 167 pounds and 177 pound Ken Ebert.

St. Cloud lost to South Dakota State 18-12 as was River Falls by the score of 22-6 giving the Falcons their first loss of the season.

Last week St. Cloud topped Winona 14-13 but little comparison can be made as the River Falls matmen have not faced Winona yet.

In the first match of the evening the Falcons 123 pound Jerry Fehlan and the Pointer's Wise battled to a 2-2 tie.

Milt Peterson of the Falcons was handed a 4-11 defeat by Art Rouse in the 130 pound class to give the Pointers their only lead of the night at 3-2.

Pat Mrotek put the Falcons back in the lead to stay by decisioning the Pointer's 137 pound Sommers with a 7-1-1 record in dual competition. 11-3.

Dick Culver at 147 pounds and Loren Nordahl at 157 put the Falcons out of reach as they decisioned their opponents. Culver won 4-1 and Nordahl had little trouble winning 5-2.

Wrestling at 167 pounds Jerry Halverson out wrestled Point's Douglas 5-1 and Dean Dix decisioned Kip Pagel 10-2 in the 177 pound division.

In the final match of the evening heavyweight Larry Julien of the Falcons and the Pointers Hurman battled to a 1-1 tie. This was only the second time all season that Julien was either tied or beaten.

Kegler's Korner

by Ron Zirbel

Snow, rain, wind and a burned out bearing explains the trip down to Muncie, Indiana. Tired bowlers, bowling balls that wouldn't take, new lanes and heavy pins explains the time spent at Muncie. An early start back, more snow, snow drifts too high to go through, too much wind to see the road and an overnight stay in Madison explains the trip back.

Now that we've been down to Muncie and back again I guess I can hit the hard facts that we didn't do too well. None of the team placed in any award events but some came close. John Cook placed 10th in All Events with a 1654 total for nine games. Vic Londo and John rolled 1061 doubles series with a 1187 taking first place.

Northern Illinois University, the team that bowled with the Falcons in all matches, took the Team Events with a 2709 series. Considering that there were 22 teams from Wisconsin, Illinois and Indiana bowling in the tournament this was a rather low series for the caliber of bowlers that were there.

As for the Falcon's statistics, John Cook had high average of 184.3, high game with a 225, and high series with a 586. Vic Londo held the low game with a 120 and yours truly held low series with a 406. The team rolled a 2361 series in team events and didn't roll much better in the other events.

When the final statistics are made available I'll give a complete report. Until that time let's hope we can do better at Mankato this week end.

I want to extend a special thanks to our advisor and coach, Mel Germenson for his wonderful companionship and guidance on the trip. It was his good natured ways that kept the team together even when the car decided that it no longer wanted to run, the bowling balls didn't want to go where they were supposed to go and the snow decided to keep us buried in Illinois for two hours. Again I extend my thanks and I'm sure the whole team feels the same.

In the conference race, the Falcons took the first place Oshkosh team for 3 points and moved back into fourth place with a 12 - 12 record. John Cook had high series with a 627 and Vic Londo ran seven strikes before sparing and ran up a 256 game for high honors.

Conference records show Oshkosh State with the High Team Single game of 991, River Falls State with High Team Series with a 2823, John Cook of River Falls with High Individual game with a 279 and Bob Zikmund of Ripon College with a High Individual Series of 661.

As of press time I don't have any report from the Intramural secretaries so will delay that until next week. I want to extend my thanks to Duanne Anderson who did a fine job of writing the column for me last week when I was snowed under.

Our next opponent will be Bradley University. In our last encounter, the Falcons managed to take three points so we'll be out to move further up the line.

I-M Basketball

by Ed Churchill

Thursday night saw the hard fought intramural basketball championship game turn into a sudden frenzy of checking totals on both the score board and official scoring sheet. The score board read 48-47 giving the Untouchables the victory over the Saddlelites. The score sheet counted 48-48. To add to the confusion the Untouchables still had one free throw left because of a foul at the final gun which was not shot as they thought they had won.

Earlier in the evening (6:30) the Saddlelites defeated the Untouchables 48-37. The Untouchables were undefeated in the double elimination tournament.

At 8:30 the teams went into the final game for the championship. Larry Lloyd and Duane Jensen gave the Untouchables their punch during the evening while Jim Ticknor and Gene Miller dumped buckets and Chuck Carrier snagged a pack of rebounds for the Saddlelites.

The intramural board will meet this week with the two officials and two captains and try to make a decision on what should be done.

Fulbright Scholar Bailey Travels Here and Abroad

A professor known to many students, especially those in social science, is Dr. Robert Bailey III, a former Fulbright scholar, who hails from Roanoke, Virginia.

Since his high school graduation in Roanoke and his graduation from Talledega College in Talledega, Alabama, he has traveled extensively throughout the United States and Europe.

It was in England, at the University of Birmingham, that he studied under a Fulbright scholarship, and in Holland, at the University of Utrecht, where he received his Doctor of Letters and Philosophy degree in June 1958. Before receiving his degree he had studied German for one year at the University of Munich. Then later he started work on his doctor's degree at the University of Frankfurt in Germany, where he remained for two years.

As an undergraduate at Talledega, a small liberal arts school, which, to Dr. Bailey's knowledge, is the only integrated college in Alabama, he spent his junior year as an exchange student at Cornell College in Mount Vernon, Iowa. This was part of a program whose purpose was to foster integration and understanding among different regions of the country.

In commenting on the difference between Europe and American school life he said the European student is treated more as an adult. "Discipline", he said, "comes from the student himself."

Referring to Europe in general, he said, "one of the interesting things about it is the ease one has going from one country to the other." He stated that with just a few hours of traveling, one could be among completely different customs and attitudes. The continent also has little prejudices, and had more freedom to move.

He is a staunch advocate of traveling. One of his burning interests is to encourage students to travel more, for he believes there are some types of travel that are much more educational than classroom situations. "As an example," he said, "it is interesting

to note from letters of two River Falls undergraduates working in Germany, how much more aware and mature they have become after six months abroad".

It was while he was in Europe, studying at the University of Utrecht, that he became interested in hypnotism. He warns that it can be dangerous, especially since it is possible to produce illusions of people. However, he also believes it can be tremendously helpful when used by a skilled person. As for himself, he said he is still striving for perfection.

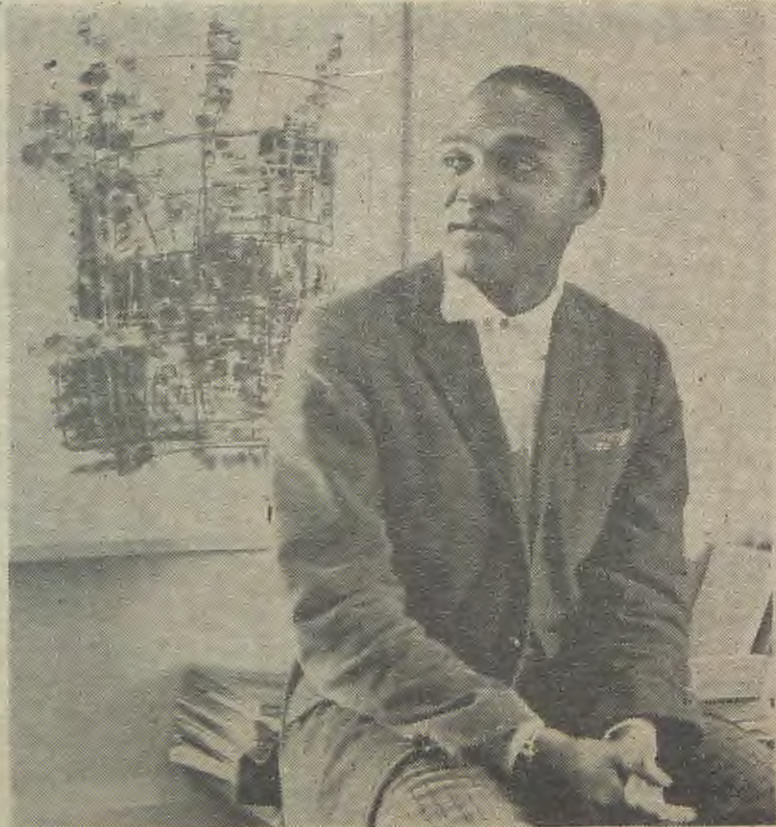

In his travels he sometimes uses the sociological technique called "participant observation". Using this technique, one dresses, speaks, and takes on the mannerisms of a certain group of people, such as juvenile delinquents or skid row inhabitants. This is done in order that they may be studied without realizing it.

In the summer of 1960, while studying beatniks in San Francisco in this way, he was so convincing that he managed to deceive a doctor of history. He went so far as to tell Dr. Bailey that he should have been ashamed of himself for being a beatnik. Later, when Dr. Bailey revealed his true identity to him, he said, in a completely unbelieving manner, "Yeah, I bet."

He tries to spend his alternate summers traveling. Last summer he took a group of ten college students to Europe. They lived with German families for four weeks and then traveled throughout Europe for four weeks.

Since his arrival to this campus in 1957, he has found the atmosphere to be one of cooperation and high morale. "One of the things that makes River Falls a unique school is that there are almost no faculty feuds," he said. From others he has gathered that many other schools are confronted with this problem.

Referring to River Falls, he recalls only two "amusing exceptions" when people wouldn't speak to him — both were professors.

Student Senate Minutes

The February 19 meeting of the Student Senate, was called to order by President Hendrickson, at 6:30 p.m. in the Senate Office.

The secretary's report was approved as read. No treasurer's report was given in the absence of Jim Norrish.

It was announced by President Hendrickson (as Vice President of the United Council) that the Spring meeting of the United Council will be held at River Falls. This means that the Student Senate elections must be held before this time in order that new members may attend the U. C. meeting.

It was moved by Julien, seconded by Kirk, that the due date for Senate petitions to be turned in be March 30. A primary election will be held (if necessary) on April 4 and the final election on April 11. If no primary is held, the final election will be April 4.

Motion carried.

Reports were given on the United Council meeting at La Crosse, Feb. 16 and 17.

O'Connell was excused at 7 p.m. There was a motion by Churchill, seconded by Kirk, that O'Connell be paid 7c a mile for the trip to La Crosse. Motion carried.

Dr. Peterson expressed concern on behalf of the Faculty Council, about the large number of cuts during the 2 hours that classes were held the Friday of Winter Carnival. No definite action has been taken concerning this, but many teachers were concerned with the fact that students took undue advantage of the early dismissal on this day.

Churchill excused at 8 p.m. Richardson excused at 8:20 p.m. Several problems were then discussed concerning policies and problems on campus.

Kirk moved, Julien seconded, that the Senate be adjourned. Motion carried.

The meeting was adjourned at 8:30 p.m.

Respectfully submitted,
Linda L. Kirk
Secretary

Absent: Norrish
Excused: Koepnick

1st NCTE Journal Features Local Chapter

The first issue of JM Newsletter, a new semiannual publication for junior members of the National Council of Teachers of English, devotes a full page to the River Falls State College chapter.

The article tells of the founding of the River Falls organization in 1955 and of the variety of activities that the group conducts throughout the school year.

Written by Robert Vermillion, local president during the 1960 - 61 year, the article also mentions that River Falls delegates have attended every annual national convention since 1955.

On another page of the eight-page issue, a statement by Dr. Francis P. Chisholm, local faculty advisor and national chairman of the NCTE committee on junior memberships, tells of NCTE's efforts to recruit and train better English teachers.

JM Newsletter, edited by Howard E. Blake of Temple University in Philadelphia, will be published every February and September.

Job Interviewers Here This Week To See Seniors

The placement bureau has announced that the following persons will be here this week to interview graduating students for jobs:

February 26 — Mr. Bowman of Chetek, Wisconsin.

February 27 — Mr. Ehlert of Beaver Dam, Wisconsin.

February 27 — Mr. Witcher of Deerfield, Illinois.

February 27 — Mr. Gilberts of Oconomowoc, Wisconsin.

February 28 — Mr. Lindholm of Plum City, Wisconsin.

March 1 — Mr. Bond of Milwaukee, Wisconsin.

March 2 — Mr. Wall of Super-sweet Feeds.

March 5 — Mr. Lien of Amery, Wisconsin.

Registration

(Continued from page 1)

Entering students will register at 1:25 p.m. on Friday, March 9 in the Auditorium. Counselors of these new members will be on hand to assist them.

Any student wishing to add or drop a class will process these requests through the Registrar's office between 10 a.m. and 12 noon on March 12 through 16. Class cards for classes being dropped will be accepted during the same hours through April 15. Adds may not be made if the section requested has reached the limit set by the Registrar of a student's load totals 18 hours or more.

Textbooks for the spring quarter will be issued from the basement of the library, starting March 12. Textbooks in sequece courses need not be returned for re-issuing. Fall quarter texts should be turned in immediately following the examinations.

Summer Jobs Listed At Placement Bureau

"Students interested in summer employment are invited to study the openings listed with the placement bureau in Room 112N," Dr. L. G. Stone, director of the placement bureau stated.

Dr. Stone noted that "quite a number of positions for the duration of the summer vacation have been listed with the bureau," and that applications are being accepted in the following areas of available summer employment; Girl Scouts, YMCA of the U. S. A.; camps; bureau of land management; Veteran Administration hospitals; hotels; resort hotels; resorts; business and industry; restaurants; ranches; motels; national parks; and federal agencies.

In federal agencies students are given summer employment under two general programs—(1) as student assistants or (2) student trainees.

In the student assistant program the persons appointed must be high school or college students pursuing courses related to the field in which they are to be employed. Appointments are limited to 130 working days during any one year, and total compensation during this period ranges from \$1504 to \$1785.

Student trainees qualify through civil service examinations. These appointments may lead to permanent civil service career status. Trainees who do good work may be given leave of absence without pay to return to school and may return to work the following summer without taking another examination.

Student assistants and trainees are employed by the Departments of Agriculture, Commerce, Health Education and Welfare, Interior, Labor, State, the Air Force, also by the General Services Administration, the National Capital Planning Commission, Smithsonian Institution, and the Veterans Administration.

Dr. Stone stated that application for summer employment does not guarantee employment but students who follow out suggestions in applying for jobs, which they are competent to fill, may generally expect to realize success.

An Insurance Company Career?

Talk it over with an E.M. interviewer

One of the major industrial insurance companies in the United States, Employers Mutuals of Wausau offers interesting, rewarding careers to hundreds of college men and women.

Some who joined us majored in insurance, but most were unaware until they talked with out interviewers that their education could be applied and their aims realized in an insurance company.

Talk with our representative about the opportunities we can offer at our home office and in more than 100 cities large and small throughout the country.

Mr. W. D. Wallmo will be here Thursday, March 8, to interview senior men for positions as claim adjusters and underwriters and senior women for adult reviewer positions. Further information can be obtained from the Placement office.
