

# R.F. Gets \$300,000 Federal Loan for Union

PRESIDENT E. H. KLEINPELL ANNOUNCED WEDNESDAY THAT A FEDERAL LOAN FOR APPROXIMATELY \$300,000 TO BE USED IN THE CONSTRUCTION OF A STUDENT UNION BUILDING ON CAMPUS HAS BEEN APPROVED.

**Repay by Fee Increase**  
The loan was approved by the Federal Housing and Home Finance agency. It will be repaid by an increase in student incidental

fees. The State College Board of Regents made their original request for the loan on the basis that student fees would be raised \$4 per term if it were approved.  
**5c Per Day**  
At this rate, (less than 5c per day) the loan will be paid in full, over a period of approximately 42 years. This is assuming that we maintain our present enrollment. Dr. Kleinpell pointed out that enrollment is almost certain to in-

crease. The debt can be paid faster with a larger number of students in school.  
**To Start In November**  
Construction of the building may start sometime in November of this year. The starting date will be determined by the amount of time before the federal government approves and returns preliminary sketches of the Union. Preliminary plans must be drawn and submitted to the fed-

eral government within 90 days. President Kleinpell and the Student Senate will confer on what facilities are necessary and desirable for a Union. Their findings will be turned over to an architect.  
**Will Include Cafeteria**  
A cafeteria is one thing that will definitely be included in the building President Kleinpell said. The new Union building will probably be located directly

northwest of the ag building. The structure is expected to contain approximately 20,000 square feet of floor space, roughly one-half the amount that is in the library.  
**Loan from Federal Fund**  
The money for the loan came from a fund set up by the federal government for the express purpose of lending money to colleges to be used in the construction of Student Union buildings on their campuses.

MONDAY, MARCH 19, 1956 WISCONSIN STATE COLLEGE NUMBER 23

### Nine R.F. Students Get Early Contracts

Placement Director, Dr. L. Gordon Stone, announced today that five Wisconsin State College students have signed contracts for teaching positions next year.

Barker Davison

Currently teaching music at Independence following his graduation at the end of the fall quarter, is Glenn Gill from St. Paul.

Gill

Lorraine Lodermeier, a senior from Amery, will teach in Minne-

Lindemann Lodermeier

apolis next year. She is tentatively scheduled for the sixth

grade. Doris Lindemann, from Barronett has agreed to teach history and physical education at the River Falls high school next year.

Mr. Stone said, "students are far from panicky" concerning job openings. Interviews with graduating seniors for teaching positions cannot be held until after February 1 by agreement with the Board of Regents. This, coupled with the large number of opportunities, (over 100 calls have been received for teachers), accounts for the small number of students already placed.

Plourde Proue

Donna Proue of Arkansaw will teach the first grade in River Falls for the 1956-57 school year. The Stillwater, Minn., public school system has hired Mary Plourde from River Falls to teach the fifth grade next year.

The most popular starting salary for teachers thus far has been \$3600 per year. Placement Director Stone, said that the figure is of little significance with such a small percentage of jobs accepted.

Present demand for teachers is large throughout the state as well as outside Wisconsin. Teacher demand is heaviest in the elementary field.

Many more teaching jobs will (Continued on page 2)

### CAMPUS CALENDAR

- Monday, March 19**  
8 p.m., Faculty Women's Club meeting, Social Room.
- Wednesday, March 21**  
10 a.m., All-school Convocation, National Association of Manufacturers, N. hall aud.  
6 p.m., Toastmasters Club, Calico Room.  
6 p.m., Debate meeting, 112S.  
7 p.m., Chess Club meeting, 218S.
- Thursday, March 22**  
7 p.m., FTA meeting, social room.  
7 p.m., Young Democrats meeting, 121S.
- Sunday, March 25**  
2:30 p.m., Book Hour, Little Theatre.
- Monday, March 26**  
7 p.m., ACEI meeting, Social Room.  
4 p.m., Book Hour, Little Theatre.

### REPRODUCTION QUESTIONS TO BE ASKED TUESDAY

A follow-up to the film "Human Reproduction", sponsored by the Student Health Service, will be given in the Little Theatre on Tuesday, March 20 at 4 p.m. A questionnaire on human reproduction is to be handed out to the first 100 students reporting to the meeting. Dr. C. W. Horswill will conduct a question and answer period.

The Student Health Service will conclude its discussions on human physiology and reproduction with a review of the questionnaires filled out in Tuesday's session and an open question and answer session on Thursday, March 22 in the Little Theatre.

An opportunity will be given to present written questions at the beginning of the program on Thursday.

### Murphy Wins 'Time' Award And \$500 Gift for College

Jerry Murphy

Jerry Murphy, junior from River Falls, was one of ten college students throughout the United States who won a \$500 scholarship for themselves and a like amount for their school in a nationwide subscription contest sponsored by Time Magazine.

During a three-month period late in 1955 Jerry sold over 300 subscriptions to Time, Life and Sports Illustrated to college students, River Falls residents and persons outside the community. His award was one of the total of 31 given in the contest. The top subscription salesman won \$3,000. Ten, including Jerry, were presented with \$500 awards for themselves and their schools, and 20 won \$250.

Most of the large college and universities in the country and many of the smaller schools were represented in the nation-wide contest.

A definite use for the college's share of the scholarship fund has not been decided on yet. Possibilities of setting up a scholarship fund or donating the money to a school project already started are being discussed by Jerry and a faculty committee. A decision is expected within a few weeks.

### N.A.M. Representative To Speak Wednesday At 10 A.M. Convo

Dr. Carl S. Miller, director of the graphic arts research division of Minnesota Mining company will speak on "Research and Invention, the Key to Progress" at a convocation in North hall auditorium at 10 a.m. Wednesday.

The talk is sponsored by the National Association of Manufacturers, Midwest Division, as a part of Industry-Education week. The talks, originated several years ago, are part of a program designed to have experienced industrialists present industry's viewpoints on specific phases of the economy.

### Record Attendance At H. S. Speech Meet

The St. Patrick's Day meet of the River Falls District of the Wisconsin State Forensic Association brought the greatest number of contestants to the campus in the history of the event, according to Dr. Blanche Davis who was in charge. Assisting was Miss Marion Hawkins and Blake Anderson.

Represented were 28 high schools entering 147 contestants. Events included original and non-original oratory, serious and humorous declamation, extemporaneous speaking, extemporaneous reading and reading of narrative prose. The narrative prose reading was a new event this year.

Of the total number of con- (Continued on Page Four)

### PRESIDENT TO BE HONORARY MEMBER OF KAPPA DELTA PI

An honorary membership in the Kappa Delta Pi fraternity will be presented to President E. H. Kleinpell at the annual banquet in Glen Park Lodge tonight at 6:30 p.m.

Dr. Mildred B. Miller, dean of students, will be the main speaker on the program. Her topic is to be "On the Sidelines", explaining the advantages of participation in extra-curricular activities and the undesirability of remaining on the sidelines. Donna Proue, president of the organization, will serve as toastmistress.

President Kleinpell will be the fourth person to be honored by the fraternity. Two of the memberships are held by previous instructors at the college. Glenn Junkman, a teacher of mathematics at River Falls from 1918 to 1955 holds on of the memberships. Mrs. Adeline Patton, a campus school teacher until her retirement in 1953 was the recipient of the second.

The other honorary membership was awarded to an alumnus, E. P. Rock, superintendent of schools at Hudson.

Kappa Delta Pi is a national (Continued on Page Four)

**THE IDEAL CLASS**, all straight "A" students in the Winter quarter, pictured left to right, front row: Arlen Christenson, sophomore from Amery, James Sparks, junior from Merrill, Donald Brue, sophomore from Spencer, Glen Hartman, sophomore from Pepin, back row: Mary Jensen, junior from New Richmond, Wayne Sukow, junior from Merrill, Dale Pearson, freshman from Cumberland, James Johnson, freshman from Blair, Gail Schmidt, senior from Ladysmith. Other straight "A" students not pictured include: Jerome Benson, freshman from Pepin, Joanne Crownhart and Esther Ducklow, sophomores from Ellsworth, Robert Dykstra, junior from Waldo, Gary Holt, freshman from Elmwood, John Letch, sophomore from Osceola, Donna Proue, senior from Arkansaw, Gordon Smith, senior from Arcadia. (Photo by Doetkott)

### Visual Aids Department Gets \$3600 Film Allotment

The River Falls State College visual aids department will receive a \$3600 allotment for the purchase of new films on the secondary level, it was announced by Robert Krueger, head of the visual aids department.

The allotment, to extend over a three year period was raised and granted by members of the Tri County Cooperative Film Library. Members include the campus school and ten public school districts.

Mr. Krueger also announced that they have received six new films from the U. S. Department of Fish and Wildlife.

These movies, all in color, in-

clude films describing fishing on the west and east coasts as well as in the Gulf of Mexico. One film portrays a school lunch program.

The films will be used throughout the year by campus school and college teachers and the members of the TCCFL. The TC CFL holds its films in the River Falls visual aids department.

Mr. Krueger said that room 310 in North hall has been painted and remodeled to serve as a projection room. He said the installation of new drapes will help to improve lighting conditions in the room.

# The Editor Speaks . . .

Now that we have the money for a Student Union Building, the next step is to make this a real Student UNION, or as President Kleinpell called it "A College Community Center."

The building alone is not enough. A Union must be an organization—an organization of students and their activities. It must be a center of social life and be so equipped as to offer the students an opportunity to spend leisure hours doing what they wish in a college community atmosphere.

The successful Student Union must gather together the facilities and activities that interest students. It must give everyone a reason for coming to the Union—a characteristic that is undeniably essential to a successful Student Union.

It will be decided now if we are to have a Union that is truly a College Community Center. Now is the important time, when the plans are being made. Each college differs in its needs and consequently each Union must be tailor-made to fit the individual school.

We urge that plans for our Union be drawn with several thoughts in mind. Namely, our student center should be designed to combine education and social life. It should inspire students to appreciate the fine arts by presenting recreation forms that have some aesthetic value.

Our Student Union should supplement the student's academic program and give the student a chance to get a complete education, both scholastically and socially. By gathering college activities as much as possible in one place, the Union will afford students the opportunity to gain a closer insight into human relations. The fact does not have to be stressed that success in the world is largely determined by the ability to get along with one's associates.

Provision for expansion of the building as the college grows should certainly be included in the overall plan for our union.

Regarding actual facilities needed in the building, a cafeteria and a snack bar that will remain open in the evening are certainly desirable. Other features might include a lounge for resting or watching television. If it were large enough to convert into a dance floor, so much the better.

A book and stationery store would be convenient. A music listening room that could be a fine arts room as well would be a wise step. Something almost essential is one or more rooms, similar to the social room in South hall, that can be used for organization meetings and other social events. Provisions should be made for the faculty as well as alumni in our new building.

The proposal has been made that the "Voice" and the Meletean be given the opportunity to rent office space in the new structure, this seems highly desirable from our point of view. An ideal situation would include space for a photographic darkroom along with office space for publications. At present, darkroom facilities are somewhat less than adequate.

To sum it up, our union must be one that will fit the needs of River Falls State. The point to be stressed is that the building must be planned with these needs in mind, rather than just turning it over to an architect. In other words, if we are going to do it, let's do it right.

If the new Student Union building is built with the needs of the college in mind, it is certain that, as President Kleinpell said, "The question after we get it will be, 'How did we get along without it?'"

## CRITIC'S CORNER

# Concert, Film Applauded

### BAND CONCERT by Mike Fleming

Mr. Rozehnal, the band and vocal ensemble are to be commended on their enjoyable concert last Tuesday night. The program was well received by a gratifyingly large group at the college auditorium. The theme "Highlights from the Operetta and Musical Comedy of the Century", offered a varied and appealing selection of numbers as well as a challenge to the musicians. The challenge was met at one time or another by all sections of the band.

The first half of the concert was weak, in respect to the quality of the brass and woodwinds, although the vigorous interpretation of the march, "On the Mall", lifted the general spirit of the program before intermission.

The second half of the program began with a real test to the ability of the musicians, with the hymn, "God of Our Fathers." The band held up adequately under this test of long sustained notes, which call for more skill and breath support than lighter and faster music; the tonal quality and balance was good. This improved quality set the standard for the remainder of the concert.

The highlight of the evening was the fantasy of Vincent Youman selections, which with the assistance of the vocal group was aptly presented. The enthusiastic reaction of the audience to this selection bears out this statement.

Coloring and balance were maintained throughout the concert by the direction of Mr. Rozehnal and compensated for the weakness of some selections of the band.

The percussion section and flutes were outstanding in the overall production. The clarinets

### "THE TITAN" by Dick Doetkott

"The Titan", a documentary film of the life and works of Michelangelo, presented last Thursday night, was an example of what can be brought to this campus in the way of thought-stimulating entertainment when, and if the student body wants it.

The film, in plain terms, was great. The combining of the history of Michelangelo's time and how it influenced his works, and the works themselves produced a combination which kept each person watching in complete rapport with the film's narrator, Fredric March.

No humans were seen in the entire 67-minute performance. The feeling of movement and action was conveyed entirely by the camera's movement and acute angles, the use of light as a dynamic force, and the sound track which made the squeaking old cart wheels and roar of the mobs take the place of the actual motion.

It seemed tragic to note that the film was given a poor showing, with jumping frames, hitches in the sound track, and most annoying, the picture seemed out of focus 90 per cent of the time. In spite of this, which might be due to the age of the film and the equipment available to show it, it can be said that more of the same high quality films would be welcome on the campus.

however, displayed a breathy quality that might be attributed to the fact that the band had practiced the afternoon before the concert.

It is hoped that the band will perform more often, as it is an important part of college social life and activities.

## LITTLE MAN ON CAMPUS

by Dick Bibler

# Student Senate Minutes

The meeting was called to order March 12 by the President, Dewayne Meyer. The Secretary's report was read and approved. The treasurer reported \$603.09 on hand.

### Old Business

**Student Activity Center** — We will observe the center and see what results the recent changes and the Student Voice article produce before any further action will be taken.

### New Business

**Alice In Dairyland Convocation** — Hathorn Hall is sponsoring a coffee hour after the convocation Wednesday. They have requested that the Senate pay any bills accumulated. After a thorough discussion of the matter it was decided that in the future the Senate would desire that any requests for financial assistance be made at least two weeks prior to the date that it is scheduled. Marilyn Carlson was appointed to look into the matter.

**Ping Pong Paddles** — Four new ping pong paddles are to be obtained for the Student Activity Center.

**Letter of Resignation** — Shirley Neuner's letter of resignation as editor of the Student Voice, effective March 8 was read. No letter of recommendation for a new editor has been received at this time.

**May Day** — It has been suggested that organizations set up stands as money-making projects at the May Day celebration. The matter will be presented to the Student Advisory Council for further consideration.

The meeting was adjourned.

**Shirley Leubker, Secretary**  
Present: Meyer, Leubker, Carlson, Pace, Schultz, Kinney, Weiss, Henneman, Murphy, Laue and Johnson.

### FEBRUARY 27 MEETING

**Constitution** — It was brought out by the Constitution Committee that the Senate can amend their constitution at will and that this could be disadvantageous to the student body. The feeling of the Senate is that students should have some rights to petition for changes and then bring the measure before the whole student body in an all school referendum vote.

**Constitutions Submitted** — The Young Republicans submitted their constitution. The Chess Club re-submitted their revised constitution. Charles Pace made the motion which was passed that we approve these constitutions on the recommendation of the Constitution committee.

### PRE-LAW STUDENTS TO MEET

All pre-law students are invited to meet Prof. Runge of the University of Wisconsin Law School Thursday at 10 a.m. in Dr. Walker Wyman's office.

## AROUND THE CAMPUS

The Chemistry Club will meet Tuesday evening at 7 p.m. in room 318N. Plans for a field trip will be discussed, anyone interested is urged to attend.

"Ulysses" a full length film, starring Kirk Douglas, will be presented by the sophomore class in the local theatre on Tuesday, March 27.

All sophomore students please make an appointment in room 211S for a hearing test.

There will be a meeting of the Newman Club Tuesday, March 27 at 7 p.m. in 121S.

The number of delegates to the Newman Club convention at the University of North Dakota and the amount of support to be given them will be decided at the meeting.

### PLACEMENT—

(Continued from Page One)

be open after April 1, according to Dr. Stone. This marks the beginning of "contract time," when teachers in the state must notify school boards if they plan to return the following year.

Schweizer Miller

Two River Falls graduates will be teaching in the Kenosha school system. Audrey Schweizer, from Ellsworth, has signed a contract to teach the first grade. Ardyce Miller, a student from Grantsburg, has been employed as an instructor in the first grade. Falls school system.

### STUDENT VOICE STAFF 1955-56

The regular student publication of the Wisconsin State College at River Falls, Wisconsin. PUBLISHED WEEKLY during the school year except for vacations, holidays, during exams, etc. Subscription rate, \$2.00 per year. Free to Servicemen. Accepted as second class matter by the Post Office at River Falls, Wisconsin, under the Act of Congress, March 3, 1889.

**Acting Editor** — Arlin Albrecht  
**Sports Editor** — Jim Laue  
**Sports Reporters** — Rog Gundlach, Harley Larson, Kaye-Don Tibbetts.  
**Music Editor** — Joan Engebretson  
**Reporters** — Don Laue, Ardis Shannon, Donna Williams, Ken Lundeen, Noel Falkofske, Shirley Engleman, Wm. Hagestad, Mike Fleming.

by Wm. Hagestad

TESS'S POIGNANT ODYSSEY; THOMAS HARDY'S "TESS OF THE D'UBERVILLES"

IT IS A CONCLUSION somewhat foregone that there exists in the literature of the last century a pessimistic movement—Hardy is counted among the authors who compromise this group. Much less foregone is the conclusion that these people have written some significant books — significant in that they would get to the heart and core of something and run a protagonist through an exposition of this something.

HARDY IS ACUTELY CONSCIOUS, in most all of his works, of certain social injustices. His books are not 19th-century British equivalents of the Norris social novels, nor does he resemble Bennett in his treatment of social problems per se. Hardy appears to relegate the social problem he is treating to a position of a sort of framework upon which he might peg his exposition. Hardy's social problems may or may not be considered the dominant thing in his books. Dickens used his power of characterization in his study of social problems—a study which forms the bulk of his writing. The fact that he did possess this extraordinary power of characterization sometimes clouds the other fact that Dickens dealt almost wholly with an exposition of social injustices.

TESS OF THE D'UBERVILLES is the story of a country girl who, in her inexperience, is put upon the world in a rather Huxelyan way. The fact is early established in the story that she (Tess) is of noble descent—her family is the last branch of a former glorious house, the D'Ubervilles. Her family gets into financial straits due to the indolence of the parents and Tess is sent out to claim kin in an adjoining shire. The story from this point is a continual misfortune for the girl, each calamity turning out to be more ghastly than the preceding one. The book ends with Tess's death by hanging—"justice" having been done in the best blind British tradition. Throughout the entire book, Tess's previous nobility mocks her as she proceeds from one point to another in the President of the Immortals' sport with her.

THE THING WHICH I THINK to be significant in this book is not at all the injustice perpetrated upon Tess, but something quite different. This injustice, so called, is only significant in that it acts as a vehicle through which the greater significance is brought to the fore.

THE GREAT SIGNIFICANCE of the story is essentially of how a series of misfortunes may do two things to the bearer of the misfortunes. The misfortunes may either crush the person they are visited upon as happened to the protagonist in Huxley's "Brave New World" or Natalie Anderson Scott's "The Story of Mrs. Murphy", or the misfortunes may bring out in the person some very elemental defenses against misfortune or calamity.

A consideration of whether these differences are sufficient for the purpose makes up the greater significance of "Tess of the D'Ubervilles."

—THIS BOOK AND THE BOOK OF JOB are the two writings I know of which have treated this subject in toto—they both are irrevocably pessimistic; the Book of Job going somewhat wild in the end and Hardy fighting still at the same place.

# Teams 1 and 3 Will Meet Tomorrow For Intramural Cage Championship

It will be teams 1 and 3 meeting at 8 o'clock tomorrow night, March 20, in the finals of the intramural basketball tournament. Team 1 gained the finals by squeezing out a 61-54 victory over team 15, and team 3 moved up by way of a lop-sided 76-40 margin over team 19.

### Team 1 Pushed

Team 1 was forced to go all the way for the second night in a row in chalking up its victory. Trailing 32-30 after a first half that saw the lead change hands several times, team 1 came back to tie it at 46-46 at the third quarter mark then move into a slight lead as the fourth quarter got under way. With the score still tied 52-52 with one minute to go, team 1 scored nine quick points to break open the game and push the score to 61-54, the final and largest margin of the game.

### Team 3 Wins

Team 19, minus regulars Ken McDonald and Lou Johnson, who were out with ankle injuries suffered in the previous night's game, came out fighting against team 3 but was no match for the taller and faster team from league A, who quickly jumped into the lead and were never headed. Dave Schreiber and Bill Kraft each scored 18 and John Rutter added 16 for the winners, while Ken Barrows' 18 points were high for team 19.

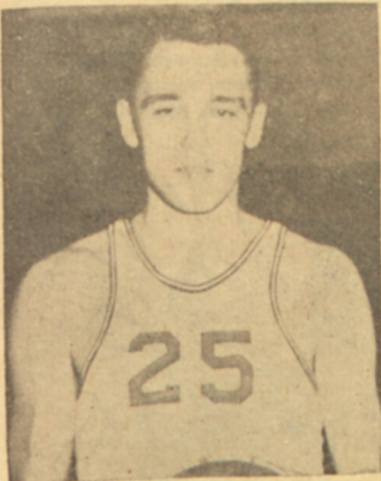

In the first round of games played Wednesday, March 14, team 3 jumped into a 36-22 half time lead over team 26 and went

## Falcon Fanfare

by K-Don Tibbetts

One of the key men on Coach Fran Polsfoot's track team this year will be Phil Kuss, junior from River Falls. Phil has been one of River Falls' top distance runners for the past two years.

Last year he took one first, two seconds and a third in the half mile. His fastest time for the distance was two minutes flat in the state meet. A time of 1:59 won

KUSS

the event and Phil's one-second slower time placed him third!

He also ran the two-mile and was a member of the half-mile relay team last season. He took second in the two-mile at the Bi-State meet and the relay team won first at the same meet. The same day Phil also copped the half-mile race. This year he may step down to the mile instead of continuing in the two-mile.

Phil graduated in 1953 from River Falls high school where he earned four letters in basketball, four in baseball, three in football and two in track. So far at RFSC he has won two letters in track and one in basketball.

The crew-cut six-footer says his greatest thrill in sports came when he was a junior in high school. That year River Falls high school defeated state-ranked Menomonie 44-43 in a Regional Tournament game that went into two overtimes and was finally decided on free throws.

Phil is majoring in social science with a phy ed minor. He belongs to the R club and the Newman club.

on to win 62-44. John Rutter hit 21 and Bill Kraft 14 for the winners, while Ray Smith paced the losers with 16.

Ken McDonald, Lou Johnson and Borrows scored 17, 16 and 15 points respectively as team 19 moved to an early lead and went on to dump previously undefeated team 9, 56-44 in an opening round game. Ron Gray paced the losers with 17 points.

Team 1 rallied from a 25-22 halftime deficit to defeat team 27 in a close game, 50-41. Bob Lee scored 19 and Rog Knutson 18 to lead team 1. George Holland's 11 points were high for the D leaguers.

### 15 Triumphs

Team 15, sparked by the deadly shooting of Vern Parker, moved into a 35-15 halftime lead, then fought off a second half rally which cut the lead to seven points at one time during the fourth quarter to down team 12 58-45. Parker finished the game with 19 points, while Red TeHennepe scored 17 and Bob Rutherford 16 for the losers.

In the season's final regular scheduled game, played last Monday, March 12, team 3 toppled team 1 from the unbeaten ranks and moved into a first place tie with team 1 by squeezing out a 55-51 victory.

Leading only twice during the game, team 3 grabbed their final lead with 1:35 left of play when John Rutter hit on a 15 foot jump shot to make it 51-50. Bob Hubert, who finished with 28 points, then added four free throws to insure the victory. Rutter added 14 for team 3, while Rog Knutson scored 21 and Bob Lee 19 for the losers.

Team 2 used a well-balanced attack to edge team 4, 42-40, and shatter team 4's hopes of a first place tie and tournament berth. Ken Thomas took scoring honors, netting 20 for the losers. Team 5 won on a forfeit over team 6 in the only other game played.

### Bowling Meet Today

The intramural bowling tournament is scheduled to begin this afternoon. Play in the first round will find team B-1 facing team B-2, and team B-9 playing team B-6. Games tomorrow afternoon, March 20, will pit team A-1 against team A-4 and team A-3 against team A-5.

The winners of the first two games meet, and the winners of the last two face each other on March 21, with the two winners of these games squaring off in the finals the following afternoon. Only the top four teams from each league qualified for the tournament.

Finishing on top in the A league was team 1 with a 15-1 record, followed by teams 3 and 4 with 12-4 marks. Team 5 was fourth with 10-6.

In the B league team 1 took first with a mark of 12-4. Second was team 9 with 11-5, followed by team 7 with 10-6 and team 6 with 8-8.

In last week's action DeWayne Meyer of team 1 rolled a 216 to record the high single game score. His two game mark of 374 was also high. Second in the single game scores was Bob Dykstra of team 4 with a 196. Meyer continues to lead the league in average with a 176 in 16 games, followed by Don Swanson of team 4 with a 159 in 14 games.

### TeHennepe Tops B's

Topping last week's single game scorers in the B league was Red TeHennepe of team 7 with a 192, followed by Ed Latuff of team 9 with a score of 189. Roland Grothe's 337 was the top two game score. Grothe plays for team 7.

Latuff's 154 average in 16 games is high in the league. Next is Bob Ames of team 2 with a 12 game average of 151. Bill Larue of team 7 is averaging 154 but has played in only four games.

In other intramural activities, Coach Fran Polsfoot announced that volleyball will begin on Monday, March 26. Lists of teams must be turned in by Wednesday, March 21.

# Kalantari Wins I-M Title

KALANTARI

FAZELI

## SPORTS IN A NUTSHELL

by Rog

The news broke last week that Miami may have an entry in the professional football league next season if the Chicago Cardinals are moved to the sunshine city.

Walter Wolfner, managing director for the Cards, has reportedly been offered \$500,000 to move the team enabling their archrivals, the Bears, to get full benefit of the Chicago fan's dollar. The only string still attached to the deal is a big television contract which must be worked out.

The Cards - Bears games have been sellouts each year for the last 25 years, this year drawing 47,000 as the southsiders upset the Bears to keep them out of the league championship game.

The Cardinals first team was organized in 1920 as a member of the old American Football Association. The Bears moved into town two years later.

Chicago's last pro - football champ was the Cardinal squad of 1947. They also won the Eastern Division crown the following year.

If the move is completed, it will mark the second drastic change in the Chicago football scene since last season, with the Bears owner and perennial coach the famous George Halas, bowing at the end of the 1955 final game.

The spring exhibition schedule has opened and managers are giving untried rookies or "comebacks" a chance to make the big time. Each manager is naturally optimistic about his freshmen and is trying many new lineups to give each a fair trial.

The pilots are also giving their pitchers the customary three-inning stints to get their arms loosened up. Several bright prospects have appeared, but at this early stage of the year, almost anyone looks good.

The San Francisco Dons have finished their second consecutive season ranked as the top team in the nation, according to the AP poll. The team was undefeated in 25 games throughout the season.

Following the Dons were North-Carolina State, Dayton and Iowa. The Hawkeyes from Iowa and Illinois were the only Big Ten teams to rank in the first 10.

### TRACK AND BASEBALL

Track Coach Fran Polsfoot announces that indoor workouts have begun in earnest with the first meet scheduled for April 14. Practice for pitchers and catches on the baseball squad has begun, according to Coach Bill Solley. The baseballers open their season on April 21.

Fred Kalantari, freshman from Tehran, Iran, captured the belated winter quarter intramural ping pong championship held last Tuesday night, March 13, and went only one game over the limit in doing it.

Fred had to dispose of his fellow countryman and fall-quarter champion, Saeed Fazeli, in the finals, 21-14 and 21-17 to gain the title. He also won games over Ed Knipp, Jamshid Soulati, Ed Ricci and Mel Postler.

Saeed's victories included games with Neil McClellan, Roger Raguse, Bob Murphy and Sam Erickson. Erickson lost out in the semi-finals.

In winning Fred was forced to go the full three games only once, that in the semi finals when he edged out Mel Postler, winner the last two years, 21-17, 19-21 and 21-10.

This is not the first such triumph for Fred, who has won three previous tournaments in Iran. Fred said that the players in his country are a little better on the average than here, but he had nothing but praise for Mel Postler. He commented, "Postler is very good. He was the toughest player I faced in the tournament".

A total of 32 players participated in the tournament, two more than in the fall quarter contests.

## Herum Selected All-Conference

Falcon center Dave Herum, 6-5 junior from River Falls, was named to the WSCC all-conference basketball team announced last Saturday. Dave was the league's leading scorer for the 1955-56 season with a 21.6 average on 259 points in 12 loop games.

Also named to the honor team were Rog Hanson and Bob Morgan of Eau Claire, Don Peth and Bob Olson from La Crosse, Rayce Reeves and Larry Marshall, Platteville, Wayne Stern of Oshkosh, Scott Wetzel of Milwaukee and Ron Schultz of Superior.

Mar. 25-26-27  
"THE RAINS OF RANCHIPUR"

# Sanders, Wooden Top Coaches Clinic

Two of the nation's top coaches, Red Sanders and Johnny Wooden of UCLA, will headline the seventh annual Coaches Clinic at River Falls State College on June 14-16. Athletic Director Phil Belfiori announces that Sanders, the UCLANS' football coach, and Wooden, head basketball tutor, have definitely accepted the summer assignment.

Sanders' gridiron Bruins have won three Pacific Coast Conference titles and participated in two Rose Bowl games including the clash with Michigan State last Jan. 2. Wooden's hardwood team is currently ranked in the top ten in both AP & UP polls of the top basketball teams in the country. Wooden is listed among the all-time basketball greats for his play at Purdue University in the early 1930's.

Since the coaching clinic was originated in 1949 it has been host to the nation's leading coaches every year. Topping last summer's program were Minnesota head football coach Murray Warmath and Forrest Anderson, head basketball mentor at Michigan State. Others in the past have included Bucky O'Connor and Forrest Evashevski, Iowa; Ray Elliot and Harry Combes, Ill.; Bud Wilkinson, Oklahoma; Red Dawson, Pittsburgh; Hank Iba, Oklahoma A & M and Adolph Rupp of Kentucky.

Garry C. Noah, Emory Univ., Emory University, Ga.  
P. Robert Knaff, Univ. of Maryland, College Park, Md.  
Dan Hubert Hinz, Harvard Univ., Cambridge 38, Mass.

Alex Levine, Univ. of Rochester, Rochester, N. Y.  
James A. Vaughan, Akron Univ., Akron 19, Ohio  
James D. Williams, Oklahoma Univ., Norman, Okla.  
James L. Ayers, Roanoke College, Salem, Va.  
Robert S. Syvrud, Washington State College, Pullman, Wash.

Alumni House, Univ. of California, Berkeley, Calif.  
Palo Alto Hospital, Palo Alto, Calif.  
Emory Medical School Office, Emory Univ., Emory Univ., Ga.  
The Student Union, Univ. of Maryland, College Park, Md.  
Lowell House, Harvard Univ., Cambridge 38, Mass.  
Rho Fraternity, Univ. of Rochester, Rochester, N. Y.  
Student Bldg., Akron Univ., Akron 19, Ohio  
Oliver House Women's Quads, Oklahoma Univ., Norman, Okla.  
Smith Hall Girls' Dorm. Lounge, Roanoke College, Salem, Va.  
Alpha Epsilon Sigma, Concordia College, Moorhead, Minn.

## To the Winners

... in this great contest—congratulations! To all the students who entered—our sincere thanks for your interest and efforts!

The overwhelming response, literally tens of thousands of clever and original names for the exclusive Viceroy filter tip, has proved beyond a doubt that Viceroy is King of the Filter Cigarettes on every college campus in the land.
