

NSF Grants College \$91,000 for Institutes

The National Science Foundation has awarded grants totaling more than \$91,000 to River Falls State College to finance two summer institutes in 1961, according to word received last week from the foundation.

The College is the only state college in Wisconsin to receive two NSF grants for next summer.

One of the institutes will be similar to the one conducted last summer by the School of Agriculture. The other is in the School of Arts and Sciences for secondary teachers of physics, chemistry and mathematics.

For the two-session agricultural institute, designed for teachers of

agriculture and science, the NSF has granted the College \$39,900. The first session will be from June 12 through July 8 and the second session from July 10 through Aug. 5. Each session will be limited to approximately 30 students.

Dr. Richard J. Delorit, dean of the School of Agriculture, will conduct the agricultural institute. The goal of the summer instruction is to increase the students' knowledge of biology and related scientific developments in agriculture. Emphasis last summer was on chemistry and its relation to agricultural progress.

A grant of \$51,800 will be used to conduct the institute in the School of Arts and Sciences. The eight-week session from June 12 through Aug. 5 will include courses in mechanics and electricity, atomic and nuclear physics, modern algebra, modern geometry, modern concepts of atomic structure, molecular bonding and periodic table and selected problems in quantitative problems and chemical reactions.

About 45 students will participate in the institute, directed by Prof. Theodore Setterquist, chairman of the department of chemistry. Its purpose is to increase the academic background of high school teachers of science and mathematics and to bring them

abreast of the latest concepts in the subjects they are teaching.

Students accepted for the institutes will receive \$75 a week plus half this amount for each dependent, in addition to a travel allowance from their homes to the College. All participants will live on

campus during the period they attend the institutes.

Dr. Delorit and Prof. Setterquist have application blanks for those persons interested in attending the institutes. Applications must be received no later than Feb. 25.

Asian Educators To Visit Campus During February

Three educators from India and one from Ceylon will visit the River Falls campus from Jan. 30 through Feb. 3 in an effort to gain ideas in teacher training that will be useful in their countries.

The Asian school men are in this country under the International Teacher Development Program administered by the Dept. of Health, Education and Welfare in co-operation with the State Dept.

At present the four are participating in a program of classes, seminars and supervised school visits at Ball State Teachers College, Muncie, Ind. During their week on the River Falls campus, they will confer with faculty members, talk with students and attend some classes.

Planning to visit River Falls are:

Agha Ashraf Ali, 35, who is in charge of a teacher training college and four training schools in India. His special field is educational sociology and he hopes to meet specialists in this field. He also wants to acquaint himself with the organization of American teachers colleges.

Sankatha Prasad Singh, 43, a teachers college principal. He has had 10 years' experience in a graduate teachers training college as lecturer, vice principal and principal. He is interested in philosophy of education and would like to learn more about the role of public schools in transmitting basic social values of democratic life to students.

Vaant Patthankar, 42, another Indian principal. He is especially interested in improvement of teaching methods in secondary schools and in vocational guidance and supervision of student teaching.

Gunadasa Indurugolle, 38, administrator of a teacher training institute in Ceylon. He wants to observe the administration of small teachers colleges. He is particularly interested in test construction and vocational guidance.

Christmas Party In Center Tonight

The annual College Christmas party will be Monday, Dec. 12, at 7:30 p.m. in the Student Center and will be open to all students.

The party will consist of decorating the Student Center, singing Christmas carols, dancing, and refreshments.

The event is being sponsored by the Student Center Activities Committee. A \$25 donation toward the party has been received by the Committee from Robert Swenson, Student Center cafeteria manager.

Meletean Editors Announce Yearbook Picture Schedule

Organization pictures for the 1961 Meletean are scheduled for the second and third weeks of December, in room one of the Student Center. Many of the pictures have been scheduled according to when the group regularly meets. Each group will be required to fill out an Organization Information sheet, which includes the officers, activities, and members of the group. This will be done preceding the scheduled time. Men are required to wear suits and ties, women skirts and flats.

Seniors are reminded that senior pictures and information sheets are due before December 22. Pictures must be 3x5 glossy prints, with head size of one and one half inches from the top of head to chin. Information sheets are available in the Publications Office in the Student Center.

Tuesday, December 13

- 11:00 a.m. Psychology Club
- 11:10 a.m. L.S.A.
- 11:20 a.m. S. C. Gov. Board
- 11:30 a.m. A.W.S. Board

Thursday, December 22

- 11:00 a.m. Newman Club
- 11:10 a.m. Chemistry Club
- 11:20 a.m. Gamma Delta
- 11:30 a.m. A.C.E.I.
- 11:40 a.m. Baptist Student Org.

Veterans

All veterans should sign for their G.I. Bill for Winter Quarter in the Registrar's Office no later than Thursday, Dec. 15.

Student Voice

VOLUME XLVII Number 13 RIVER FALLS STATE COLLEGE MONDAY, DECEMBER 12, 1960

Slogan Contest Runs This Week As Carnival Plans Take Shape

A contest to choose a Winter Carnival slogan will again be run after an absence of several years. The contest begins today and will run through Friday of this week.

The contest this year will be entered by social clubs instead of individuals, as in years previous, and is based on the point system. Ten points will be awarded each club entering, and an additional 15 points will go to the club with the winning slogan.

The ballot box will be placed outside the north door of the Student Center. The Winter Carnival will be February 2-5, and plans include an all-day ski outing at Trollhaugen Ski Area, Dresser, Wis., on Feb. 3.

CO-CHAIRWOMEN OF THE 1961 WINTER CARNIVAL, Judy Daft, Judy Monchovich, and Nancy MacNeil, are busy looking over plans for the campus highlight of the winter months. This year's carnival will climax with an outing at Trollhaugen ski resort near Dresser.

Twenty-five River Falls Seniors Win Places in Who's Who

Twenty-five River Falls seniors will be placed in this year's issue of Who's Who Among Students in American Universities and Colleges.

Anne Adams, Dawn Bergstrom, Clair Brohaugh, Barbara Christy, Judy Daft, James DeMarce, Karen Gatten, Wayne Handlos, Wayne Harmann, Kathleen Hartwig, Russell Helwig, Jackson Huntley, Warren Rogers, John Ruemmele, Karl Schmid, Dennis Seefeldt, Ron Skone, Carol Truttachel, Robert Vermillion, Marge Wallen, Gayle Wernberg, Robert Wynveen and Ken Zahorski will be listed in the publication of leading students from every higher institution in the United States. Eligibility in Who's Who is based on leadership qualities and scholastic achievement. The annual publication is published in recognition of outstanding college seniors.

A list of 49 candidates from the senior class was submitted by the Student Senate to the faculty Personnel Committee. The final 25 students were chosen on the basis of scholastic ability and contribution to the school.

Listed below with their extracurricular activities are the seniors who will appear in the publication.

Adams Bergstrom Brohaugh Christy

Anne Adams, Sheboygan, English major with minors in French and sociology; SAC, ensembles, French Club, N.C.T.E., Sigma Chi Sigma, Personnel Committee, A. W. S. Board, band, Meletean co-editor, Wesley, junior class secretary, and Student Voice page editor.

Dawn Bergstrom, Luck, English major with journalism and sociology minors; Student Senate, SAC, French Club, N.C.T.E., S.N.E.A., Prologue editor, Young Dems, senior class treasurer, and Student Voice page editor.

Clair Brohaugh, River Falls, English major and French minor; SAC, Masquers, French Club, N. C.T.E., Alpha Psi Omega, and Falcon Film Society.

Barbara Christy, Frederic, English major and speech and library science minors; Masquers, N.C.T.E., S.N.E.A., Gamma Delta, A.W.S. Hathorn Hall Council, and Kappa Delta Pi.

Judy Daft, River Falls, elementary education major with minors in psychology and sociology; SAC, A.C.E., S.N.E.A., Winter Carnival chairwoman, A.W.S. Executive Board, band, Falconettes, Wesley, orchestra, and Y.M. - Y.W.C.A.

James DeMarce, Spring Valley, (Continued on page 2)

Wisconsin Farm Bureau Picks Nancy Fox Queen

Nancy Fox

Miss Nancy Fox, junior from Waukesha, was named Miss Wisconsin Farm Bureau of 1961 by that group last week. She is majoring in elementary education and phy-ed.

Named to Miss Fox's court were Mary Mathys, Darlington; Jill Curran, Taylor; Katherine Madison, Spring Valley; and Barbara Wunsch, Sheboygan.

Nancy was flown to Denver, Colo. yesterday morning from the Twin Cities, where she will represent Wisconsin at the national convention of the Farm Bureau. She will return to campus this coming Wednesday.

The Editor Speaks...

Our congratulations are extended to the 25 River Falls seniors named to **Who's Who Among Students in American Colleges and Universities**. An award of this type should be doubly gratifying to its recipients, for the distinction is earned not by a concentrated effort in just one direction or field, but rather through sincere work and dedication in a variety of activities. These persons have managed to take part in a full extra-curricular program and at the same time earn a high grade point average. A rundown of their activities should convince anyone that they are not "grinds" but merely good students.

The River Falls **Who's Who** members and the others throughout the nation are examples of persons who have exhibited the opportunities of higher education. They have taken advantage of college and campus life for personal gain, and eventually the nation and the world will inevitably gain because of this.

The ability and initiative of these 25 seniors serves an example of the person that American schools and universities can produce. Their capabilities have been measured not by I.Q. tests, but in their actual accomplishments, by their associations with students and faculty, and their ability to get with other persons and to cope with different situations, which is probably the final measuring stick for everyone. Our success in life will depend on the facility to reason; to use the facts gained during our education in reasoning rather than using memorized knowledge in solving our problems.

It has been said that a major fault of this country's schools is that we make everyone jump over the same hurdle at the same time, and that current education resembles a huge mill, turning out regular graduates at a regular rate. If this may be true, the students who have now been named to **Who's Who** should certainly be labeled the "finest flour."

Student Senate Minutes

President Ron Skone called the Nov. 21 meeting of the Student Senate to order at 6:30 p.m. in Room 200 of the Student Center. Treasurer Smith reported a balance of \$115.08 in the Student Senate Account.

Judy Monchovich and Nancy MacNeil, were interviewed for positions as Winter Carnival Chairwomen.

Judy Daft, Judy Monchovich, and Nancy MacNeil were chosen Chairwomen of the 1961 Winter Carnival.

Carol Hanson was excused at 7:05.

President Skone read a letter from Ben Bergsrud requesting the same finances as last year for intramural basketball officials' fees. The request was granted.

Smith moved, Seefeldt seconded, that Lu Ann Cipov and Fred Froelich be appointed to the Social Committee replacing Charles Britton, who will become a member of the Activities Committee, and Ted Jansen, who resigned his post since he will not be in school next

term. It was moved at 7:20 by Rogers, seconded by Schmid, that the meeting be adjourned.

Dawn Bergstrom,
Acting Secretary

President Ron Skone called the December 5 meeting of the Student Senate to order at 6:30 p.m. in Room 200 of the Student Center. The secretary's minutes of Nov. 21 were approved as read. Treasurer Smith reported a balance of \$55.18 in the Student Senate Account.

Judy Daft, Judy Monchovich, and Nancy MacNeil presented tentative plans for the Winter Carnival.

Smith moved, Rogers seconded, the use of the following point system for Winter Carnival: treasure hunt, 25 for winning, 10 for entering; beard contest (three categories) 15 and 10 for each; King, 75 and 25; midway booths, 25; snow sculpture, 10 for entering,

with history and political science majors and German minor: Young Dems, German Club, and honors course.

Karen Gatten, Chippewa Falls, elementary education major with speech minor: A.C.E., S.N.E.A., Sigma Chi Sigma, A.W.S., Dance Theatre, Falconettes, Young Dems, Wesley, freshmen class treasurer. Hathorn Hall Council, Reader's Theatre, Student Center Public Relations Committee, and Seminar 200.

Gatten Handlos

Wayne Handlos, Hudson, biology major with chemistry and geography minors: SAC, Beat Beta Beta, and Kappa Delta Pi.

Wayne Harmann, SAC, Toastmasters, Prologue, Vet's Club, Newman Club president, F.F.A., Meletean, Student Voice, Kappa Delta Pi, and college photographer.

Kathleen Hartwig, Student Advisory Council, A.C.E., N.C.T.E., Sigma Chi Sigma, A.W.S. president, Band, Falconettes, Hathorn Hall Council, Hathorn Cottage, Kappa Delta Pi, L.S.A., and Concerts and Lectures Committee.

Harmann Hartwig
Russell Helwig, SAC, Math Club, S.N.E.A., Chess Club, Chemistry Club, Physics Colloquium, Kappa Delta Pi, and Y.M.-Y.W. C.A.

Helwig Huntley
Jackson Huntley, Grantsburg, biology major with speech and English minors: N.C.T.E., Young Democrats, Beta Beta Beta officer, class vice-president, Prucha Hall Council, choir, Student Voice, Kappa Delta Pi, Baptist Student Fellowship, and Pi Kappa Delta.

Muriel Peterson, Grantsburg, math and physics major: Math Club, Sigma Chi Sigma, Social Committee, A.W.S., Falconettes, Physics Colloquium, class treasurer, Kappa Delta Pi, Baptist Stu-

dent Fellowship, and Phi Kappa Delta.

Peterson Porfilio

Dan Porfilio, Waukesha, agriculture major with chemistry minor, SAC, Toastmasters, S.N.E.A., F. F. A., Young Dems, U.S.F., Kappa Delta Pi, intramural sports, and Student Center Public Relations Committee.

Warren Rogers, Barron, economics major with journalism, math, and political science minors: Student Senate, SAC, Vet's Club, Meletean sports editor, Liberal Arts Club, Young Dems, U.S.F., Econ Club, Student Voice editor, and intramural sports.

Rogers Ruemmele

John Ruemmele, Hudson, agriculture education major with biology minor: Newman Club, F.F.A., Young Dems, and Kappa Delta Pi president.

Schmid Seefeldt

Dennis Seefeldt, Wittenberg, agriculture major with chemistry minor: Student Senate, SAC president, Toastmasters, Vet's Club, Gamma Delta treasurer, Social Committee, F.F.A., class president, Agrifallian Society, and intramural sports.

Karl Schmid, Chilton, math major with physics and chemistry minors: Student Senate vice-president, Student Center Governing Board, Young Dems, U. S. F., Junior Class president and "R" Club.

Ronald Skone, Cushing, broad-area economics major, business administration minor: Student Senate president, Economics Club officer, intramural sports, Lutheran Students Association, and co-chairman of Liberal Arts Student Placement Committee.

Skone Truttchel

Carol Truttchel, Plymouth, English major with journalism and political science minors: N. C.T.E., Prologue, Young Republicans, A.W.S., Meletean co-editor, Wesley, senior class secretary, and Student Voice page editor.

Robert Vermillion, Elkhorn, English major with sociology and

Vermillion Wallen

guidance minors: SAC, French Club, N.C.T.E. president, S.N.E.A., band, Psychology Club, Wesley, Stratton and Prucha Hall Councils, Kappa Delta Pi, and Homecoming chairman.

Marjorie Wallen, Clear Lake, elementary major with English minor: A.C.E., Sigma Chi Sigma, N.C.T.E., band, S.N.E.A., A.W.S. officer, Young Dems, Hathorn Hall officer, L.S.A., and Foundation Committee chairman.

Wernberg Wynveen

Gayle Wernberg, Arpin, biology and chemistry majors: Sigma Chi Sigma, A.W.S., Young Dems, Beta Beta Beta, Hathorn Cottage secretary, German Club officer, and L.S.A.

Robert Wynveen, Baldwin, physics and chemistry majors with math minor: Mathematics Club, Chemistry Club, Young Democrats, and Physics Colloquium.

Zahorski

Kenneth Zahorski, Weyerhaeuser, English major with economics and political science minors: Student Center Governing Board, N.C.T.E., Wesley, Economics Club, Kappa Delta Pi, and intramural sports.

AROUND THE CAMPUS

Newman Club

The annual Newman Club Christmas party will be Tuesday, Dec. 13, at 8 p.m. in St. Bridget's gymnasium. There will be dancing and lunch will be served for all. A short business meeting will precede the party. Choir will rehearse Monday evening at 6:30 p.m. Mass will be at 5:15 p.m. on Wednesday and rosary will be said every other night of the week at 6:15 p.m.

Spaghetti Supper

Tickets are now on sale in the Student Center for the Vet's Club-Sigma Chi Sigma Spaghetti supper, which will be served at the Legion Hall on Tuesday, Dec. 13, from 5 to 8 p.m. Price is 85 cents.

Young Republicans

State Senator Robert P. Know-

les (9th District) will speak at the Y-GOP meeting tonight at 8 p.m. in 1215. The club invites interested persons to attend. Refreshments will be served.

Chem-Math Club

Tickets for the Chemistry-Math Club banquet on Dec. 15 may be obtained from Dave Stodola, Marlene Czerwonka, Tom Steele, Carolyn Sheldon, Jo Paulsen, Harold Pederson, or Ray Kozub.

Freshmen

A C.Q.T. test will be administered on Wednesday, Dec. 14, at 10 a.m. in North Hall Auditorium. All entering freshmen as well as those who did not take the test last fall are required to do so at this time.

Tons of Coal, Miles of Steam Pipe Figure in College Heating System

Tons and tons of coal, thousands of feet of steam pipe, two huge boilers, and the coordinated efforts of 25 men under the direction of Neil Barron, chief engineer, are utilized every day in a complicated "behind the scenes" operation to properly heat the campus of Wisconsin State College at River Falls.

The big boiler room located in the south wing of South Hall basement, houses two huge furnaces which heat the entire campus of the College, including the dorms, North and South Halls, the Student Center and Karges Center, the ag buildings, and the library.

LOOKING LIKE A MIDGET along the giant heaters used to heat the campus is Chief Utilities Engineer Neil Barron. The giant burner has been gobbling up about 12 ton of coal a day. (Photo by Harmann)

Most important in the operation, of course, are the two huge Keeler Watertube boilers, each of which is capable of producing the rate of 12,500 pounds of steam pressure per hour. Installed in 1953, the boilers have replaced the older heating unit which became obsolete with the expansion program and the addition of the library.

The heating system takes on about 1,000 gallons of fresh makeup water a day, in addition to the thousands of gallons which return to the boilers each day from condensed steam, Mr. Barron states.

"With the exception of one or two days last winter," Mr. Barron says, "this will be the first year that we will have to be running both of our furnaces at the same time in order to maintain heat for the whole campus." This is due to the addition of Karges Center and Prucha Hall to the heating system.

"This will leave us at a disadvantage in case of breakdown," the chief engineer added, "because we will have no reserve boiler to switch over to in case something goes wrong. Until we can get the trouble cleared up, someone is just going to have cold fingers for a while."

He pointed out, however, that \$95,000 has recently been appropriated for the purchase of another furnace, which will probably be installed next summer. The new furnace will require expansion of the boiler room and will provide adequate heat even after the addition of the proposed new laboratory school and addition to Hathorn Hall.

The two furnaces are fed by Detroit underfeed stokers, and

consume approximately 10 to 12 ton of coal each day. "During the month of November, which was actually a beautiful month with a lot of warm days, we used 212 ton of coal," Barron said. He added that the average yearly consumption of coal is 21 to 22 thousand ton. The coal is shipped from West Virginia by barge to Red Wing, Minn., from where it is trucked daily to the College. Delivered coal costs \$11.80 a ton.

"I would hate to even make a guess," Mr. Barron said, "as to how many feet of steam pipe there are running under the campus." He pointed out that there are thousands of feet now being used; as well as additional thousands which are no longer in use or are not even on the blueprints. Some of these would be old pipes to the barns and farm buildings.

The steam is piped to each building under very high pressure, and each building has a reducing gauge which regulates the amount used in the specific building.

Another interesting aspect of the heating system is the towering smokestack, constructed in 1953. Reaching 140 feet into the sky from ground level, there is actually 16 feet more including the foundation.

The stack actually has three foundations, each narrower than the one on which it rests which give the tall chimney more support.

"The whole weight of the chimney actually rests on hollow tile which, individually, can be shattered with a light blow from a hammer," Barron said. The chimney is constructed of these tiles from the ground up to the breather holes where pigeons can often be seen, and is lined with fire brick. The remainder of the stack is entirely of fire brick. "The chimney will sway about three feet from center on a good windy day," Mr. Barron says.

Neil Barron first came to the College in February of 1942, when he was taken on the maintenance crew as a fireman. He then served three years with the army in the Philippines and South Pacific during World War II, and returned to River Falls after the war. He became Chief Utilities Engineer in 1956.

Outcasts? —

The Problems of Commuters . . .

by Sharon Flueger

Contrary to opinion, there are three types of people—male, female, and commuter. The third class of people, commuters, can be found languishing over a coffee cup in the Student Center or buried in a book at a library table. Cut off by distance from the normal pattern of male and female attraction the commuters move unescorted from class to class. Their day is highlighted by meetings with other commuters at a library table. Humor runs high as members of a car pool recreate the events of the day for each other. Reports of a movie assignment you can't see or a dance you can't attend establish a bond between commuters.

Keeping her identity as a commuter a secret will sometimes offer a female commuter a chance to become acquainted with a male resident student. This relationship will probably last until the young man offers to walk the girl to her room, sadly to which she will reply, "Thank you, it's only twenty-four miles and I have company." It's so sad to watch good love go bad.

Distance separates not only girl commuters, but also the boy variety of commuters. Any boy commuter will complain about the advantages of meeting a girl over her library paper work. Resident girl students favor boys who will still be around when sleet ices the highways.

It would seem that the commuters would meet each other with open arms. The problem is how to meet those that you can't identify as one of your kind. True, after careful observation, commuters can be distinguished. The pretty girl walking alone, the physically capable boy who isn't out for sports and the tired looking kind who are trying to keep up a job at home and go to school at the same time are after awhile identifiable as commuters.

Other schools have an activity room for day students or at least lockers for the piles of books, but here commuters are offered no encouragement. Despite the fact that commuting is most often caused by circumstances or necessity, the members of the third sex are still regarded as foreign objects.

College Bulletin Outlines Class Drop-Add Methods

EDITOR'S NOTE: In an attempt to answer any questions students may have concerning dropping or adding courses, we are quoting the following excerpts from page 23 of the Bulletin of Wisconsin State College at River Falls concerning registration.

Program Changes. After a student has completed his registration he may neither change his program nor drop a subject without the approval of his advisor and the instructor involved. Any desired changes must be made during the first week of classes. If the changes involve an excess load, the student must apply for approval by the Academic Standards Committee. A student may withdraw from a course within the first four week after the first day of classes. Permission to withdraw after that date must be secured from the Academic Standards Committee. Any student who withdraws from a course without this permission will receive a grade of "F" in that subject.

Canceling Registration. A student who for any reason finds it necessary to withdraw from col-

lege during the course of the term must fill out an application for formal withdrawal in the office of the Registrar. Failure to comply with this regulation will mean that failing grades will be entered on the student's record.

New Education Series To Begin on ABC-TV

A new television series dramatizing individual college teachers and the contributions they are making to education will be broadcast over the ABC network beginning Jan. 29.

The half-hour Sunday afternoon programs, entitled "Meet the Professor," will run for 13 weeks. They are produced by the American Broadcasting Company in cooperation with the National Education Assn.

Featuring a teacher from a different college or university each week, the program will present actual teaching experiences in addition to a profile of the teacher in the setting of his institution and community.

SCHULTZ BROS. CO.
RIVER FALLS

Sackett

Wagenbach

Falcon Fanfare

by Jim Norrish

Injuries hurt the Falcon eleven all season and the injuries of Tom Sackett and Gary Wagenbach weakened the interior line. Both were starting offensive guards and were hurt early in the season. Their replacements did a commendable job but experience is something that can be acquired only by playing—of which both have done.

A graduate of Rhinelander, Tom came to River Falls four years ago where his three high school letters in football helped him earn one here. He was used to rough sports as he also lettered three years in hockey. Here at River Falls he earned a monogram all four years on the gridiron. One of his biggest thrills was being a member of the '58 Championship team. When not occupied with football, Tom keeps himself busy with hunting and fishing. Upon graduation Tom will have a major in sociology and a minor in psychology. Gary, a junior from Barron,

may have been one of the underrated players for he did his job consistently yet wasn't given credit. Before entering River Falls Gary earned letters in football and track. This gave him the experience for here at River Falls he lettered twice in each sport. He feels that next year's team has a lot of potential and if the some of the players improve as much next year as this year the Falcons will have a winning season. Gary is taking a biology major. Like Tom he likes to hunt and fish.

Falcons Lose to Auggies, Huskies

AUGSBURG GAME

by Roger Pechacek

Augsburg's torrid shooting team had too much of everything, especially outside shooting, as they sent the River Falls Falcons to defeat in their opening game of the season, 71-66.

The Falcon attack was spasmodic during their fast game in the new Karges Center. At one point they trailed the Auggies 28-14 but moments later they were back in the running again 29-34. The fine shooting of Dick Thompson of Augsburg, however kept the Auggies out in front.

The game opened with the Auggies jumping ahead 6-2 with the RFSC five having trouble hitting the hoop. But moments later big Charlie Johnson brought RF 3 straight tallies, to bring the Falcons 10-10 with 14:48 left in the first half.

But this wasn't enough to stop the fast moving Augsburg team. The next six minutes were controlled by the Auggies as they jumped to their biggest lead of the game 28-14. By half time the Falcons closed the gap to seven points, 37-30.

The second half was about the same with RF having trouble in scoring. With the score 67-55 and Augsburg in the lead with 2:38 left in the contest, the Big Red showed signs of life, however. The Falcons, with a full court press, stole

the ball several times to score.

Seconds later the Falcons scored four points in succession to trail 63-67 with 2:29 left in the game. Then the Auggies found an opening in the Falcon press to score an easy two-pointer and lead 69-63 with 1:01 left. With the seconds ticking by, the Auggies scored again, followed by a last second score by Don Koepnick of RF. The final score Augsburg 71, River Falls 66.

A crowd of 1300, the largest to view a home tilt, witnessed the game. The new Karges Center can seat 2500, all in view of the gym floor.

ST. CLOUD GAME

by G. Lenander

River Falls went to St. Cloud Nov. 23 only to fall 86-74 before the Minnesota team.

The Falcons played the Huskies on even terms until near the end of the first quarter then fell victim to their old foe, cold shooting.

Trailing 27 to 40 at the start of the second quarter the Falcons scored only 2 points the entire second quarter on a pair of free throws by Charlie Johnson, while St. Cloud, also cold, gathered only 7 points. In the third quarter, led by Toby Garey's 8 points, River Falls out-scored St. Cloud 37 to 34. The fourth quarter was a repeat of the second. Don Koepnick gathered all of River Falls 6 points while Cambell poured in 3

points for all of St. Cloud's points. Charlie Johnson was held well in check by the two big men Wolff and Cambell as he gathered only 13 points. Don Koepnick, a surprising sophomore, lead the Falcon attack with 18 points. Caruth and Cambell led the Huskie attack with 19 and 13 points respectively.

Intercollegiate Bowling

By Ron Zirbel

The River Falls Falcons traveled to LaCrosse Saturday, Dec. 10 for their first face to face match of the season. On Saturday they will meet North Dakota State and LaCrosse in a three game match. On Sunday they will meet Eau Claire in a three game match. These matches are scheduled in hopes of promoting a better intercollegiate rivalry and are financed by the team itself.

On Friday night, Dec. 9 the Falcons will bowl against the pacing team to establish score to be matched against the Whitewater team. By next week we hope to have results of matches previously bowled. The team at present is a member of the Midwestern Intercollegiate Bowling League. Member include Wisconsin State Colleges at LaCrosse, Stevens Point, Whitewater, Platteville and River Falls, DePew University, Bradley University and Southern Illinois University.

Loren Gergens briefs two of his salesmen on new telephone services for business customers.

"I DIDN'T WANT TO BE STOCKPILED"

When Loren Gergens was working for his B.S. degree in Business Administration at the University of Denver, he had definite ideas about the kind of job he wanted to land. He was determined to profit from the experience of several of his friends who had accepted promising jobs only to find themselves in "manpower pools"—waiting to be pulled into a responsible position. "I didn't want to be stockpiled," Loren says. "That's no way to start."

As a senior, Loren talked to twelve companies and joined The Mountain States Telephone & Telegraph Company, an associated company of the Bell Telephone System.

From his first day challenges were thrown at him thick and fast. First, he supervised a group of service representatives who handle the communications needs of telephone customers. Then

he served as manager of several telephone business offices. In these jobs Loren had to prove himself on the firing line, make right decisions and carry them through. He knew his next jump depended on only one man—Loren Gergens.

In July, 1960, he was made Sales Manager in Boulder, Colorado.

"I'm on the ground floor of a newly created telephone marketing organization. And I can tell you things are going to move fast!" Loren says. "It's rough at times, but hard work is fun when you know you're going somewhere—in a business where there's somewhere to go."

If you're interested in a job in which you can be your own prime mover—a job in which you're given a chance to show what you can do, right from the start—you'll want to visit your Placement Office for literature and additional information.

"Our number one aim is to have in all management jobs the most vital, intelligent, positive and imaginative men we can possibly find."

FREDERICK R. KAPPEL, President
American Telephone & Telegraph Co.

BELL TELEPHONE COMPANIES

Sportniks

by Swami Schlumpf

Rumors have been flying fast and furious lately, so it seems time for us to set the record straight. The Wisconsin State College Conference faculty representatives have heeded the NAIA's warning about professional athletes participating in college sports and officially ruled that the WSCC will no longer allow pros to play on their college teams. This means that an individual who has signed a professional baseball contract for instance, not only is barred from all college baseball action but is ineligible for basketball, football or any other intercollegiate sport as well.

We don't have to spend much time telling you that this corner has long been in favor of adopting the above rule. What is pertinent now is a glance by the Swami at the coming WSCC basketball title chase and what effect the new ruling will have on certain teams.

Most seriously hurt will be Oshkosh, the NAIA district title-holder from last year. Ron Dibellius, the leading scorer in the league last year with a 24-point average will be forced to sit out and so will his running mate at guard, Dennis Sommers.

Stout will lose two first stringers, guard Duke Severson and forward John Mihalko. Both are baseball standouts for the Blue-devils incidentally.

Eau Claire drops big Len Vandehy, the team's leading rebounder of last season. Stevens Point will forfeit the use of its all-conference guard Sammy Sampson. Superior will be without letterman Dick Dickey.

Platteville and River Falls both will be without two promising players, neither of whom were lettermen however. The Pioneers crossed Richard Malson off its roster and the Falcons dropped Jack Scholz.

Here's the way we pick 'em. A brief run-down team by team will follow.

1. Whitewater
2. Oshkosh
3. Milwaukee
4. Platteville
5. Eau Claire
6. Stevens Point
7. Superior
8. LaCrosse
9. River Falls
10. Stout

WHITewater — All-conference guard J. P. Fisher is back along with nine other lettermen so the Warhawks rate the nod. Dave Cassidy (6-6), Ken Leipold and Ken Schmeling are veterans that will help. Newcomer Tom Gamroth is a sleeper. Figuring some of the spirit will hold over from this fall when Whitewater won the WSCC football title, we'll have to string along with coach Bob Weigandt's boys.

OSHKOSH — Departure of Dibellius and Sommers will make the difference. Two big 6-6 men, center John Stark and forward Mike Grabner will carry most of the load.

MILWAUKEE — Only four letterwinners are back but two of them were all-conference selections last season. Forward Jerry Grochowski and guard Dave Vincent are experienced enough to help the newcomers and keep the Cardinals in contention all the way.

PLATTEVILLE — Going on the conclusion that coach John Barth's Pioneers rarely lose at home, we'll pick Platteville for fourth. Top scorer and all-conference choice Tom Davis has departed and so has Milt Bakken but Dave Horton (the LaCrosse prep star) and six other lettermen return.

EAU CLAIRE — It's too early to tell about the Bugolds. They'll be hurting for height with Vandehy gone. All-conference guard Al Urness has seen little action in non-conference games thus far. Bob Blizzard and Jim "Heavenly" Bade rank as the two most potent scorers.

STEVENS POINT — Nine lettermen are back but most of them are inexperienced. Pointers will rely on good overall height and excellent speed. Development of a replacement for Sampson at guard could move the Central Staters upward.

SUPERIOR — Coach Carl Vergamini lost all-conference guard Jim Patriotto and has little in the way of returning veterans. The Yellowjackets will be tall but have no outstanding scorers.

LACROSSE — We may be noticing the Indians too low but their non-conference performances have been spasmodic. Falcon fans will be glad to hear that Gar Ammerman has finally graduated but six lettermen are in the fold for coach Cliff De Voll and LaCrosse could get hot occasionally.

RIVER FALLS — The loss of Charlie Johnson meant a drop of at least three places in the league standings in our estimation. Six lettermen are back including rugged Toby Garey (6-4), the rapidly-developing Don Koepnick and the always hustling Mick Collins and Jake Lauber. But the Falcons have been unable to hit with any consistency and haven't taken advantage of opponents' mistakes in non-conference games.

STOUT — Poor old Stout. Everything possible has happened to coach Bob Bostwick's crew and the outlook is extremely dim. First of all all-conference scoring whiz Fred Seggelink broke his hand playing football against River Falls forcing him to the sidelines for perhaps the entire season. Then returning veterans Mihalko and Severson were dropped because of the professional rule. And finally letterman Art Hanke decided not to come out this season. Bostwick has unveiled newcomers Marv Hillman and Gary Simonson as help for Glen Harke but the Devils face a long, hard winter.

Tollefson Makes All-Conference Team

River Falls placed only one man on the WSCC All-Conference team selected by coaches last month. Duane Tollefson, rugged junior end from Glenwood City was the lone Falcon named to the 13-man northern division squad.

Records are not immediately accessible but it has been at least eight years since River Falls has placed only one player on the all-conference team.

End, Cliff Moldenhauer, Jr., Lax End, Duane Tollefson, Jr., RF Tackle, Jim Killian, Sr., Lax Tackle, Pat Krall, Jr., Stout Tackle, Ron Ganong, Sr., EC Guard, Gene Belmas, So., Sup. Guard, Bob Raczek, Sr., Stout Center, Bill Kudias, Sr., Lax Center, Dave Muntean, Jr., Sup. Quarterback, Don Ferkovich, So., Sup.

Tollefson

Back, Glen Harke, Sr., Stout
Back, Russ Knutson, Sr., EC

Back, Fred Pontratz, Sr., Lax.

Wrestlers Finish Sixth at Carleton

WRESTLING COACH Byron James is basing much of his hopes on repeating last year's WSCC championship on two returning conference champions, Dave Garlie (left) and Larry Julien. Garlie is 157-pound titleholder and Julien is two-time heavyweight champion.

by Warren Rogers

River Falls' wrestling team opened their 1960 season Saturday placing sixth in a strong team Carleton invitational tournament won by defending title holder Winona State. The 1959 Wisconsin State College champs could only garner 10 points and a tenth place finish in last year's tourney.

Winona, an upper midwest powerhouse, captured five individual champions. St. Cloud 48, St. Johns 40, Luther, Carleton 37, and River Falls 36 followed in that order.

Falcon grapplers won a pair of second places, a third place, and a fourth. Jerry Fehlen, 123 pounder, waited out a first round bye and then whipped Antonovich of Macalester 4-1, Middleton from Carleton 6-3, before losing in the finals to Winona State's Mitsch.

Larry Julien, WSCC heavyweight champion, won the other second place honors for the Falcons losing to Jerry Weidemeier of Winona 1-0. Weidemeier, a past NAIA heavyweight champ, picked up his sole point on an escape. Julien had disposed of his first three opponents with first period wins.

After losing his opening match to highly touted Frethein of Luther, Dave Garlie went on to capture consolation honors in the 157 pound weight division. Garlie pinned Duerr of Augsburg and won a 3-0 decision from Hanson of St. Cloud and a 2-0 decision from Flattery of Winona.

One of the pleasant results of the tourney was the showing of freshman Mickey Hall who finished fourth for the 'Falls in the 137 pound class. He lost to Blunt of Macalester 5-2 and then gained decisions from St. Johns and Bemidji wrestlers. In the consolation finals the Grand Meadow freshman lost to Wallers of St. Cloud.

Other Falcons making the trip were Clyde Ormston 115 pounds, Dale Diedrich 130 pounds, Dick Culver 147 pounds, Arvin Jacobson 167 pounds and Norm Garlie 177 pounds.

Matmen to Face Bloomsburg

by Phil Thurston

Coach Byron James' wrestling team opens its home schedule against Bloomsburg, Pa., in the R. A. Karges Physical Education and Recreation Center Saturday night at 8 o'clock.

Bloomsburg is the defending NAIA team champion. They have two individual weight champions. The 167 lb. champion is Rohm and the 130-lb. champion is Gallucci. Coach Russell E. Houk's squad has won its conference championship for two years running, nor have they lost a dual meet in two years. Houk was one of five men nominated for the coach of the year award.

Next Wednesday the basketball team entertains Winona. Coach

Joe Gerlach has only four returning lettermen. Leading this crew will be forwards Bob James and Ken Stillpflug. Gale Spute returns to the hardwoods this year after missing all of last season because of a broken leg he suffered on the gridiron. In last year's game the Indians scalped the Falcons 78 to 64.

Saturday Page's team travels to the port city of Superior to play their second conference game of the season. Last year the Falcons closed out their season with a 83 to 67 win over the Yellowjackets, but dropped an earlier game at home 93 to 77.

Blugolds Tip Falcons 59-58

by Curt Thurston

Coach Bill Zorn's two-platoon basketball team proved too much for the Falcons as they took a 59-58 verdict Saturday night at Karges Center. Both teams were hampered by cold shooting throughout the game, and in particular in the opening minutes of the game. At the end of the first ten minutes of play the score was knotted at 12 all.

Jake Lauber took game honors with 14 points, followed closely by Don Koepnick with 13. Eau Claire showed a well balanced

scoring effort with only Bill Klish hitting double figures, but they had ten men in the scoring column.

Mick Collins, who had ten points for the losers, fouled out with 14:37 left in the game.

Eau Claire held a 28-23 half-time margin. Gary Scharfenberg's freethrow midway through the second half gave the Red and White a 37-36 lead. The Falcon's then increased their lead to 45-39 before Zorn inserted his second platoon. With Bob Loewe leading the way they cut the Falcon lead into a 3 point deficit. Loewe picked up eight points in about two minutes time. With less than four minutes of time remaining in the game Zorn inserted his first platoon back into the line-up. With Al Urness and Jim Bade back in the back court for Eau Claire all they had to do was play ball control to preserve their victory.

Intercollegiate Bowling

The Falcons Intercollegiate bowling team started their first season off on a slow note by losing their first match 2858 to 2504 to North Dakota State.

They bounced back in their evening match to win one game from LaCrosse 845 to 826 and kept the pressure on to lose the series by 6 pins, 2612 to 2606. Ron Williams had the high series with a 614 and Vic Londo had the high game of 226 for the Falcons.

RF Stops Bethel 87-66

by Ed Schlumpf

Charlie Johnson poured in 28 points and Don Koepnick swished 24 in pacing Coach Don Page's Falcons to a lopsided 87-66 win over Bethel at St. Paul Saturday night.

The outcome was never in doubt as the hot-shooting Falcons burst into an early 20-3 lead and were never headed. Koepnick hit seven out of eight shots in the first half and had 15 points at intermission when the Falcons enjoyed a comfortable 51-27 spread. The Falcons also connected on 15 for 15 from the charity stripe in the first half.

Snapping out of a shooting slump that has plagued them since the season's outset, the Falcons sizzled the cords at a 46 per cent pace in the first half, finishing with an overall mark of 40 per cent. In addition the locals grabbed off 75 rebounds to Bethel's 35.

Bethel hit for 9 straight points following the intermission to slice the River Falls bulge to 15 at 51-36. But Johnson and the hustling Koepnick paced a Falcon spurge that put them safely in front again at 61-38.

Reserves saw plenty of action throughout the game and time

ran out with the Falcons gunning for the 90 mark.

Coach Fran Polsfoot's reserves rolled over the Bethel subs 60-44 in the preliminary.

Fathom Falcons

There will be a meeting of the Fathom Falcons on Tuesday, Dec. 13, at 7 p.m. in the College pool. Underwater movies will be taken. Officers are required to attend this meeting. One dollar in dues is due if not already paid.

WRA Sports

In spite of the cold weather forty girls tromped to Collins Lanes Wednesday for an afternoon of bowling.

Spirits were high as the girls entered but after the first frame many became discouraged as they realized the challenge ahead of them. After three hours of bowling these are the results:

"The Chicks" defeated the Pin-Splitters."

"Sparky's Four" defeated "The Slicks".

The "Sloppy Strikers" defeated Jean Byhre's team.

"The Gutter Girls" defeated team Ten.

Grants team defeated "The Goofers."

Top Bowlers were: Kay Holmes, Pat Grant, Geri Beggs, and Grace Maule.

Music Department Readies for Christmas

Choir Plans Concert Next Monday Night

Members of the College Concert Choir of Wisconsin State College at River Falls will present their annual Christmas Concert at 8 p.m. Monday, Dec. 19, in North Hall Auditorium.

The concert will include music from many nations and from many periods of time.

During the second half of the program, five mixed quartets will be heard in traditional Christmas carols. The program will close with all five quartets joining together in the concluding number.

Under the direction of Chauncey B. King, the choir has established its Christmas concert as a tradition. There is no admission charge and the public is invited.

CAMPUS CALENDAR

Monday, Dec. 12
8 p.m. Faculty meeting, S. C.
Evening: All-School Christmas party, Student Center Lounge.

Tuesday, Dec. 13
5 p.m. Vets-Sigma Chi supper, Legion Hall.
7 p.m. Dr. Peterson lecture, 224 S.

Wednesday, Dec. 14
1:30 p.m., Campus School Christmas Play, N. H. Aud.
6:30 p.m., Western Wisconsin School Administration meeting, 105 S. C.
7 p.m. Brass Ensemble rehearsal, N. H. Aud.
7 p.m. Debate meeting, Social Room.
8 p.m., Play, "Ugly Duckling," L.T.
8 p.m., Basketball with Winona, Karges Center.

Thursday, Dec. 15
11 a.m., Meeting of all seniors in teaching curriculum, L. T.
6 p.m. Psych Club Banquet, Hotel Walvern.
7:30 p.m., Film, "Sign", L. T.
8 p.m., Brass Ensemble-Concert, No. Hall Aud.

Saturday, Dec. 17
8 p.m. Wrestling, Bloomsburg, here.

Monday, Dec. 19
8 p.m., Christmas music festival, N. H. Aud.

ENSEMBLE PROGRAM THURSDAY EVENING

Four Christmas selections will be included in the program of the River Falls State College Brass Ensemble at 8 p.m. Thursday in the North Hall Auditorium.

The program, under the direction of Conrad De Jong of the music department is free and the public is invited.

Making up the brass ensemble are:

Trumpet — David Bultman, River Falls; Eugene Haas, Birchwood; Howard Heise, Ellsworth; Kathleen Schaffer, Turtle Lake; and James Schwenk, Hudson.

Trombone — Joseph Alms, Spring Valley; Barbara Beine, Charles City, Iowa; and Dennis Louks, Turtle Lake.

Tuba — Richard Alton, Spring Valley, and Donald Trudell, Hudson.

The group will play music by Bach, Susato, Badings, Starer, Bonelli and Gabrieli.

'Ugly Duckling' to Play In Little Theatre December 14

"The Ugly Duckling," a one-act comedy by A. A. Milne, will be presented in the Little Theatre on Wednesday evening, Dec. 14, at 8 p.m.

Heading the cast will be Doug Johnson, playing the role of the King, with Manya Brooke, Eugene Haas, Gail Vollert, Tom Brucks,

and Mavis Grover. Also in the cast are Tom Hagestad and Kay Armstrong, sophomores at River Falls High School.

The play is under the direction of Ron Perrier, junior speech major. No admission will be charged.

Wild Exhibits Art In Major Shows

Kurt Wild, new member of the art department staff at the College, is currently represented in two major crafts shows. One of Mr. Wild's ceramic works is included in the 40th Annual Wisconsin Designer-Craftsmen Exhibition at the Milwaukee Art Center. Another piece of his pottery is included in the 21st Ceramic National Exhibition at the Everson Museum of Art in Syracuse, New York.

This exhibition attracted 1,276 entries from 502 ceramists. Of these, 355 pieces by half as many artists as tried for the show survived screening at the nine regional centers set up around the U.S.A.

This exhibition was last "open" in 1956 and the November-December issue of Craft Horizons magazine has this to say: "there is an exhilarating sense of freedom and venturesomeness" shown in the works included in the exhibition and "there is, further, a surprising amount of new talent in the 21st National which may, in part, be due to the four-year lapse between 'open' shows." The 21st Ceramic National will begin a two-year tour of major U.S.A. museum centers in January.

I-M BASKETBALL

Thursday Night's Games

- Bombers victorious over Dynamoes 67-31.
- Bob Halverson of Bombers—14.
- Bill Halverson of Bombers—17.
- Bill Halverson of Bombers—17.
- Lenander of Bombers—14.
- Graham of Dynamoes—14.
- Floorburns over Shamrocks 68-22.
- Wimmer of Floorburns—27.
- Cuskey of Floorburns—13.
- Vets nipped Nelson Stars 29-27.
- S.O.T.P. cracked Richardsons 40-18.
- Untouchables moved over Fumble-Bums 64-28.
- Lloyd of Untouchables—14.
- L. Olson of F.B.—16.
- Atomics over Court Martials 55-43.
- Wayne Hanson of Atomics—16.
- Tom Motley and Don Blegen of C. M.—12.
- Saddlelites lifted Tennessee's 70-19.
- Miller of S.L.—18.
- Nelissen of S.L.—12.
- Squirrels over Prucha Pumpers 56-34.
- Mark Pecka of Squirrels—19.
- Norm Behn of Squirrels—21.
- Fighters came out on top 41-11 over Commuters.
- Den Louks of Fighters—17.
- Bucket Pumpers over Elmer's Boys 42-25.
- No Names over Saints and Sinners 32-22.
- Team standings as of the end of last Thursday night's play.

MICHIGAN PHYSICIST TO VISIT RF CAMPUS

Prof. Sherwood K. Haynes, head of the department of physics at Michigan State University, East Lansing, Mich., will visit the campus of Wisconsin State College at River Falls in January.

His call here is part of the visiting scientists program in physics sponsored jointly by the American Association of Physics Teachers and the Institute of Physics under a grant from the National Science Foundation.

During his stay here Dr. Haynes will provide opportunities for physics staff members of the College to discuss their research and teaching problems, stimulate interest in physics among undergraduates and acquaint other members of the academic community and the public with recent developments in physics.

Dr. Haynes was graduated from Williams College in 1932 and received his Ph. D. in physics from the California Institute of Technology in 1936. He has taught at Williams College, Brown University, Massachusetts Institute of Technology, Vanderbilt University, and Michigan State University.
