St. Mary's Whipped to a Frazzle

Game No Trial for Falls

Wishing to repay the boys for the workout during the Eau Claire game, Coach Eggebrecht took the basketball team on a pleasure jaunt to entertain St. Mary's, the conquerors of Macalister, at Winona. Because of a bit of sickness it was deemed wise to leave Capt. Clafin out of the merry-making and to put him to bed at River Falls Hotel. Hyatt filled the vacant position.

Both teams began scoring with free throws, but in a few moments the Red and White shot ten points ahead. Here the boys staged an exhibition of pivoting and passing to entertain their hosts. Fields became a bit restive for a running guard and worked off some of the surplus energy for three field baskets. "Dorgan," Ziebell and Gurnoe began shooting from all over the floor. The subs were called in to finish the half. Wise and Karnes of St. Mary's did the greater share of their team's scoring. The half ended 24 to 11.

During the second half the Winona team caged but one field basket, the honor going to Wise. After counting four baskets, the subs were allowed to participate in the evening's festivities. Field as an example to the understudies caged three and added one more by a free throw. Three free throws by St. Mary's completed the scoring. The final whistle blew with the score standing 39 to 16.

Eggebrecht's scoring machine has played the last game with the Minnesota Colleges for the season. Only one of the group have been lost Carleton, on their own floor, were able to turn the trick.

Summary of lineup:

Ziebell	R. F.	Erspamer
Gurnoe	L. F.	Capt. Hogan
Chinnoek	C.	Wise
Fields	R. G.	McDonough
Hyatt	L. G.	Schmitt

"A Pair of Sixes"

Coach—Alle M. Robinson

"A Pair of Sixes" ran for a year at the Longacre Theatre, New York, and excited such furores of fun and praise as have never been exceeded in the history of metropolitan theatricals. In what has been termed "our national indoor game," a pair of sixes is not much of a hand, but the affair arranged by the author, Edward Peple, backed by a Queen of Hearts, has created a farce that has been declared "A Royal Flush" in the matter of fun. It has proven to be one of the biggest farce winners in the history of the English-speaking stage and the success which it has won in New York has been duplicated in every other city where it has been seen. The story deals with the fortunes of two partners in the pill manufacturing business. Each claims to be the head and brains of the enterprise. After much squabbling, they agree to disagree and thru the services of their attorney decide to settle the dispute as to who shall be the head of the firm by a game of cards. A pair of sixes wins. By the terms of the contract, the losing partner becomes the other man's servant for a period of one year. The latter is installed as butler in the winning partner's household, where his position is made more embarrassing by the efforts of a funny cockney servant, who makes violent love to him and is determined

Institute May Outdo River Falls In Noisy Exhibition

Stout Institute contemplates sending one hundred and fifty rooters by a special train to cheer their team during the game Friday evening, February 23. Last year after having been defeated at home by a good score their team managed to turn the tables in an overtime game.

They say that they are going to do it again this year, but we are of an opinion that it will take more than rooters to defeat a team that stick together as does ours this year.

Look Before You Leap

Word was received by Mr. Karges yesterday about noon assuring him that the Menomonie school has made their train a reality. This is showing some pure and solid backing of a team. We have to hand it to them. They have done better than we could two weeks ago.

It apparently behooves our old River Falls school to "perk up" considerably by Friday night. The Stout group will come at us en masse, and we shall have to improve a good bit over our demonstrations of the Eau Claire game, unless we wish to be swallowed up by a group of 150 rooters who intend to do their best away from home. They come here with results of last year's upsetting of dope freshly in mind.

It has been difficult to talk "pep" to our irresponsible student body this year. It is hard to beg appreciation from you now—and we are not begging. This is merely an attempt to put to each individual sportsman, if he can be such, the bare proposition of what depends on him next Friday night. With our consistent team, we feel too safe. Take care, there always remains a chance or two for a turn of the tables.

A meeting of both the old and new social committees will be called next Tuesday afternoon at 4 o'clock in Mr. Whitenack's room as there is urgent need for prompt organization of the new committee, no absence should be incurred.

FIRST SEMESTER HONOR ROLL

The Honor Roll for the first semester is based upon the number of honor points accumulated. Fifty honor points was set as the minimum total to be attained in order to secure a place on the list. The scholarship reports for the semester were very gratifying as over 120 students made a total of forty honor points or better.

ASSEMBLY ABSENCES

It is very important that every student sit in the seat assigned him at the assembly hour. If for any reason he is unable to do so he should notify the office before the next assembly hour. Excuses for assembly

absences may be made to Miss West or Miss Moneith at the office. One honor point will be deducted from the student's total for every two assembly demerits accumulated during the school year.

CAMPUS OPINION

(Continued from last week.)

Can you suggest a means by which the faculty and students can become better acquainted?

Dorothy McNamara—"I think that if the faculty were in a position to meet the students of their classes at some such gathering as the party which Mr. Jacobson gave for his Physics class, they could become better acquainted with the students. However, I think the thing which is lacking between the students and faculty is a recognition on the part of the students of the faculty, not only as instructors, but as friends. If the students felt free to consult the teachers on problems pertaining to matters outside of school as well as in school, I believe the school spirit and even the classes work would be improved."

Agnes Fuller—"On the whole, I think that the faculty know the students better than the students know the faculty, because of their experience with many students. It seems to me that some plan of parties for the express purpose of fostering acquaintance ought to be devised and put in operation."

Members of the Camera Club should remember the change of meeting from Thursday nite to Wednesday nite at 7 o'clock because of the play. There is an opportunity for a few new members.

GIRLS GLEE CLUB

The attention of the Girl's Glee Club is called to section three of the by-laws of the organization: "Two hours of credit shall be allowed for the year for regular attendance. Written excuse for absence from rehearsal shall be given to the secretary at the first meeting following such absence. Unexcused absence shall cause loss of credit."

The above provisions will be rigidly enforced. Students who withdraw from the organization without permission from the advisor will receive no glee club credit for the first semester.

to capture him as a husband. To add to the complications of his position his sweetheart arrives as a guest in the household. He is unable to explain to her his presence as a menial for fear of sacrificing his share in the business by divulging the secret agreement which he has made with the other. The entangling situation creates no end of amusing complications and the hilarious fun moves along with the speediest action until his clever little fiancee works out the means of his escape.

ALUMNI ASSOCIATION DRIVE

The Alumni Association has been aptly called "The Organized Goodwill of the Graduates of this Institution." Membership in this Association which is now entering upon a great aggressive drive is open to every alumnus of the school. It stands for efficiency, because as an organized group it can do many things that an individual could not undertake. It stands for economy, for the best results are attainable with the least possible outlay. It exists because River Falls Normal has instilled

loyalty and love into the bosom of the undergraduates, a spirit of longing to come often, and mingle again on the campus.

Through the Association every member has a voice in the activity of the large body of loyal alumni everywhere. It is the one opportunity that a River Falls grad has of lining up solidly behind the school, the alumni, and the undergraduate body.

The proposal to the present senior class of a 100% membership is in line with the policy of the utmost economy in the association. That step would eliminate the entire expense of a personal campaign drive and would be directly in line with the activities of the class of '23 so far this year.

REX LEIBENBURG WINS FIRST IN EXTEMPORANEOUS SPEAKING CONTEST

The Agrifallian and Rural Life Clubs contested for first place in the Extemporaneous Speaking contest at Assembly last Thursday. The speakers were given ten minutes to prepare a three minute talk, a small choice of topics being given.

George O'Brien spoke on the question "Should Capital Punishment be Restored in Wisconsin?" in which he pointed out that such a move would not be advisable as it would fail to better conditions.

Emma Welsh pleaded for consolidated schools in order to give the country children the same advantages in equipment and well-trained teachers as the children attending city schools. The superiority of the consolidated school over the old style one-teacher school, was pointed out by Rex Leibenburg.

Eleanor Larson spoke on "The Needs of the Farmer Today." She called attention to two of the present needs, an increased knowledge of modern agricultural methods and a better system of schools which will give us increasingly efficient rural children, the farmers of tomorrow.

Mr. Leibenburg was awarded first place, and Mr. O'Brien and Miss Larson tied for second.

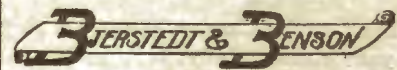

The Civic Club and the Lincolnian compete in the second tryout. Why can't more of our societies enter this contest, and make it truly an all-organization affair?

AGRICULTURE NEWS

The district stock judging contest was held Saturday, February 11 at Sherman's, 8 miles northeast of town. A report will be given later giving the outcome.

Mr. and Mrs. Rexford S. Mitchell entertained the debate squad at an informal dinner party Monday evening of this week. The evening was consumed in verbal contests of a varied nature between the affirmative and negative. The excellent food was consumed by all present. The consensus of opinion of the Debate squad is that Coach Mitchell not only excels as a debate coach but also as a social master.

"Y" STAG

The Y. M. C. A. came out in its annual "stag" party the other night with several good old stunts. Various group games were played, and the crafty faculty team again managed to defeat a picked team in Volley ball. A special clinic was conducted by Doctors Stratton and Davee for the purpose of electing a delegate to represent this school at Mendota. Since the candidates proved all so excellently qualified, no one could be definitely set upon. To appease all demands the whole body of contenders were recommended as fit for the honor.

Mess call broke pleasantly upon the revelry, and the clank and gusto accompanying Mr. Jacobson's bean soup filled the time and the guests for the remainder of the party. Wanish, as usual, easily took the prize for eating the most.
