VOL. XXXVI NUMBER 1

ENROLLMENT REACHES ALL TIME HIGH

REGISTRATION OF 823 STUDENTS IS GREATEST IN COLLEGE HISTORY

A new high in student registration was reached this year when a total of 823 students en-

rolled for the fall quarter during registration week. This total surpasses last year's enrollment of 772 by 51 more students, 25 men and 26 women. The men outnumber the women again this year about 3 to 1, or 624 men to 199 women.

The freshman and sophomore classes have decreased somewhat from last year's, but there has been an increase in the junior and senior classes.

The total of the freshman enrollment is 296, a decrease of 44 students from last year's 340. The sophomore class has an enrollment of 265 or 13 less than last year. The junior class has the greatest increase with an enrollment of 183 students, 86 more than the class of last year. The number of students in the senior class is also greater; last year's enrollment was 56 and this year's is 79, an increase of 23.

This year 289 veterans, 288 men and one woman, are taking advantage of the G.I. Bill. This number is also smaller than that of last year, when there were 314 veterans. Of the 298 veterans enrolled, 29 are under Public Law 16, the remainder under Public Law 346.

NOTICE

All students are asked to report rooming house addresses to people sending them mail, otherwise, there will be a great delay in delivery of the mail.

VON SCHWEINITZ NAMED TO SENATE AT PEFFEST

Eric Von Schweinitz was elected to succeed Pat Cox, former representative of the Student Senate, at the election, Friday afternoon.

Harold Shay and Benedict Montbriand were nominated for the chairmanship of homecoming preparations. An official election will be taken in the near future to decide which one will be elected chairman of homecoming.

The main speaker at the pep assembly was Coach George Schagenhau, who explained the coming football schedule and the condition of the Falcon team at present.

Marlyn Esinger presided at the pep rally and called on two football stars to say a few words. Butch McCordle gave his viewpoints of the game Saturday night, and Bob Wilson did not want to give a speech because his speech instructor was there.

Enthusiasm for the Hamline game was aroused by yells led by Jean Schauer and other cheerleaders and by stirring band music under the direction of Mr. Jadinak. The assembly closed with the singing of the school pledge song.

NEW FACULTY REVEAL BACKGROUNDS

Miss Lorna Thigpen, our school nurse, did research work in Switzerland. She attended the Women's College at the University of North Carolina and did graduate work at the University of Maine. She received her Ph. D in zoology at the University of Pittsburgh where she met the Kettlekamps. Miss Thigpen studied nursing at the Massachusetts General Hospital School of Nursing. She worked at Storres Agricultural Experimental Station at the University of Connecticut. Miss Thigpen was in the Army Nurse Corps. She has been a Director of Nurses and an instructor in hospitals in Alabama and Mississippi. She has done psychiatric nursing also. Her home town is Tarboro, North Carolina. She makes toy dogs in her spare time and loves to ride bicycle.

Mr. Robert C. Fidler taught mostly colored people up to 1947. He spent six years in Puerto Rico as a supervisor. Besides teaching Sioux Indians in South Dakota, he taught six years in Alaska. Before coming to RFSTC he was director of the Student Union at Colorado State College of Education. He teaches science in the Junior High School. Mr. Fidler attended the University of Wisconsin, Milwaukee State Teachers College, the University of Puerto Rico, and the Colorado State College of Education. His home town is Milwaukee, Wisconsin, and he said, "My wife and I are very happy to be home in Wisconsin after fifteen years of roaming." They have two

children, and they live at 136 E. Cascade in River Falls.

Ten new faculty members have joined the college staff this year. Although most of the students have met them at registration or in classes, the following interviews with them will reveal facts not usually discovered in those circumstances.

Mr. Leslie McKeen, the new French and Spanish instructor, comes from Marshalltown, Iowa. He spent three and a half years in the Army Intelligence as a cryptanalyst. Most of that time, he was in Washington, D. C. but later he went to Honolulu and Manila. Mr. McKeen did undergraduate work at Grinnell College, Grinnell, Iowa, and graduate work at the University of Chicago. He received his Master's Degree at the University of Minnesota. He has attended the French School at Middleburg, Vermont. Mr. McKeen was principal of Junior High School in Arion, Iowa and was superintendent at Artes, South Dakota. He taught at Rugby University School, Louisville, Kentucky. He is single and lives at 209 North Third Street in River Falls.

Miss Betty B. Lanhan's home town is Alexander, Virginia. She studied at the University of Virginia and at the London School of Economics and Political Sciences. She has taught at Whitworth College, Brookhaven, Mississippi. During 1944 and 1945 and the past summer, Miss Lanham did social welfare work. She teaches sociology and govern-

Falcons Lose Opener 20-0

Leading 7 to 0 at half time, an inspired Hamline football team scored two more touchdowns in the second half to defeat an injury riddled River Falls team here last Saturday night, 20 to 0.

Hamline's first tally came early in the second quarter when Castle raced around right end for 28 yards and a touchdown. Peterson's try for the extra point was good and Hamline was out in front, 7 to 0.

However the rest of the quarter was dominated by the Falcons. Taking the kickoff on their own 10 yard line River Falls, led by G. Grilley, Cardinal and Fieler on a series of running plays, brought the ball up to Hamline's 2 yard line when Grilley fumbled and Hamline recovered. However, on the next play, Wilson recovered Richie's fumble to give the Falcons possession of the ball again. At this point a tight Hamline defense and an untimely penalty forced the Falcons to lose the ball on downs and the half ended soon after.

Castle again scored for Hamline early in the third quarter on an 8 yard run off right tackle which climaxed an 85 yard drive. Once again Peterson's try for extra point was good.

Hamline's final tally was scored by Richie on a 4 yard plunge over center early in the fourth period. This time Peterson's try for extra point failed which left the final score Hamline 20, River Falls 0.

Once again the Pipers threatened late in the fourth period but a pass interception, a pass and a beautiful 60 yard punt by Linehan pulled River Falls out of trouble.

SENATE HOLDS SLOGAN CONTEST

An all college dance was planned at the Student Senate last nite. It will be held after the Hamline game Saturday nite. The Homecoming slogan contest will begin Monday noon, September 22. A five dollar prize will be given for the best one selected. There will be no limit to the number of slogans a student enters.

The Student Senate is composed of members elected from the student body by popular vote each year. Their job is to allocate the money you pay out each term for your student activities card. The senate is working hard to give you as students your money's worth in recreation and entertainment. They are merely your delegates to give you what is desired. The student senate welcomes anyone to attend the meetings, which are posted on the bulletin boards from time to time. A special effort is being made to publish as much of the minutes as possible in the voice.

KING STUDIES AT NORTHWESTERN

Professor C. B. King spent three weeks at Northwestern University this summer studying Choral Techniques under the direction of Professor George Howerton, director of choral organizations.

THE DEAN OF WOMEN MAKES A VISIT

Left to right in circle seated—Mrs. Agnes Hawkins (house mother), Lois Robarge, Eleanor Davis, Marian Whitaker, Ann Durning Smith, Mary Wood, Jean Collins, Marian Aebly, Eileen Carufel, Lois Folstad, Audrey Johnson, Dorothea Wilcox, Mar- ion Hawkins (faculty member). Standing—Beverly Olson, Miss Irma Hathorn, dean of women.

COLLEGE DRAFT BOARD REGISTERS 166

One hundred and sixty-six men, one fourth of them veterans, registered for the draft in North Hall last Tuesday and Wednesday, according to Mrs. Woelfer of the Pierce County draft board.

Since it was virtually impossible for all the men to register at the courthouse in Ellsworth or with their local draft boards, the school was authorized to register them here.

Members of the board informed the men that they were not automatically deferred for the present school year, but must request deferment from their local draft board.

Extension Courses Offered in Area

College extension courses will be offered this fall in Spring Valley, Baldwin, and New Richmond by the State Teachers College of River Falls.

The course at Spring Valley will be "Government," Course No. 50, four hours credit, first meeting Thursday, September 18, at 7:30 p.m. in the high school.

At Baldwin the course is "Children's Literature," Course No. 50, four hours credit, first meeting at the high school Wednesday, September 15, at 7:30 p.m.

The course at New Richmond will be "Foundations of Instruction in Reading," Course No. 170, four hours credit, first meeting at the high school Wednesday, September 15, at 7:30 p.m.

All extension courses are taught by regular faculty members of the River Falls State Teachers College. The three courses are the first of a number to be offered this year by the college to meet the increasing demand for higher education. Other courses will be offered in various communities as the needs arise.

A CAPPELLA CHOIR ROSTER COMPLETED

Seven men and twenty women have been added to the personnel of the A Cappella Choir, Prof. C. B. King has reported.

Starting with a nucleus of thirty-nine old members, the number of personnel is sixty-six which is slightly larger than in former years.

Membership lists are only tentative for the first eight weeks, Professor King stated, because the choir will likely be reduced to sixty-two at the end of that time.

Officers of the '48-'49 A Cappella Choir are already making concert and tour plans for the year. They are Donald Carlstrom, (Continued on page 3)

FRESHMAN GIRLS SETTLE IN NEW DORM

At the second house meeting of the freshman girls' new dormitory, "561" was designated as the official name. The coeds decided to retain the name given to the house originally.

House officers are Marian Aebly, Downing, president; Beverly Olson, Turtle Lake, finance chairman; Dorothea Wilcox, Balsam Lake, social chairman; and Eileen Carufel, Somerset, publicity chairman.

Other girls at "561" are Jean Collins, Hannibal; Eleanor Davis, Spring Valley; Audrey Johnson, Pepin; Lois Robarge, Rice Lake; Ann Durning Smith, formerly from Jacksonville, Florida; Marian Whitaker, Chetek; and Mary Wood, Spring Valley.

A unique feature at "561" is the two house mothers, Mrs. Agnes Hawkins, and her daughter, Miss Marion Hawkins, English instructor at the college.

Plans are being made for a house picnic, Tuesday, September 21, and for a reception in honor of the freshman girls at a later date.

HEALTH NOTICE

OFFICE HOURS:

Dr. Davis: Mon. thru Fri. 4-4:30 P.M.

Miss Thigpen: Mon. thru Fri. 7:45-8:15 A.M., 12:45-1:15 P.M.

For Emergencies, please feel free to come anytime. Otherwise office hours will be observed.

VISITORS

Names of patients who may have visitors will be posted in the Health Cottage.

Visiting hours—same as office hours except by special permission.

Not more than two visitors at a time.

Notes may be left for patients not permitted to have visitors.

The "R" club requests that students refrain from wearing high school letter sweaters on campus.

Student loyalty should be to River Falls rather than to the high schools.

SORRY!

Due to the inexperience of your Editor and lack of help on the Student Voice staff, your paper is a half day late.

Again I urge anyone who is interested in journalism to make himself known as there are still numerous staff positions open. There is a vital need for a sports editor.

Colleges are full of people who are too busy memorizing to learn anything.

HERE'S PROOF!

In case anyone doubts the story Prof. "Benny" Kettlekamp is spreading about the big fish he caught this summer, the above picture should settle all arguments.

Prof. Benny caught the 36 inch long, 15 pound muskie in Silver Lake, near Eagle River, Wisconsin, this summer while teaching at the teacher's college camp near there.

BUILDING FOUNDATION NEEDS STUDENT HELP

The football season has just begun, but basketball season is just around the corner, too. You know what that means—only the first 100 students to line up at the door will be able to get a seat; anybody else will have to stand. "The North Hall Cracker Box" we call a gym doesn't have much seating capacity. The team this year is going to be every bit as good as last year's, so everyone will want to see the games.

Recognizing the limit of the present gym, the college, with the hearty endorsement of the students, set up a foundation fund to build a gym and other much needed buildings on the campus. Thus far, only enough has been collected to dig the hole and put in the buttments of the gym. We are a long ways from the initial \$250,000 goal.

A letter was sent to all the students during the summer to urge them to talk it up in their home towns. Did it bring any results?—nothing noticeable. If the present students do not talk it up, the gym will not be built until the pledges and interest reach the \$250,000 mark. With banks paying only one per cent, that will take a long time. It will be your gym. Let's see some action!

WHY GO TO COLLEGE?

In answering a polling reporter's question of "Why Should One Go to College?" an instructor at Villanova college said, "It is one of the obligations exacted for the privilege of being alive that a man may ask these three questions about himself: 1) What am I? 2) Why am I? 3) Where am I going? One goes to college to help him find the answers to these questions."

LA CROSSE WINS OPENER

La Crosse State Teachers college opened their 1948 campaign last Friday night at La Crosse by whipping Wartburg college of Waverly, Iowa, 20 to 0.

MR. SWISH TAKES A MATE

The above picture shows Nate DeLong in an unusual pose. Herebefore pictures of Nate have shown him dropping a ball neatly into the basket or completely befuddling his opponents. Here he looks very subdued as he assists his charming bride, the former Donna Wells, in cutting their wedding cake. Nate and Donna, both RFSTC students, were married August 21 at Hayward. After their honeymoon to northern Wisconsin, the newlyweds set up housekeeping in the college apartments.

NEW FACULTY (Continued from page 1)

ment, occupying the position vacated by Carleton C. Ames. At present, Japan especially interests her. She lives at 414 South Sixth Street in River Falls.

Mr. Philip Anderson comes from Scandinavia, Wisconsin. He took undergraduate work at the University of Wisconsin Extension and at Stevens Point State Teachers College. He received his Master's Degree from the University of Minnesota and is working on his Doctor's Degree. He taught seventh and eighth grade at Aniwa, Wisconsin and social studies in Junior High in Warsaw, Wisconsin. Mr. Anderson has been in the Army. He and his wife live at 660 South Main Street in River Falls. He teaches education 111, 161, 166 and psychology 140.

E. Temple Sheldon received his Master's Degree from Kansas State College. He did graduate work at the University of Michigan and attended George Peabody College for Teachers in Nashville, Tennessee. He taught in rural schools and has been principal of junior high school and grade school. One summer, he taught at Kansas State Teachers College, Emporia, in the laboratory school. Besides teaching, he did sales work for one year. His home town is Topeka, Kansas. Mr. Sheldon lives at 421 E. Elm Street, and he has a wife and one child. He teaches fourth grade in River Falls.

This is the first time Miss Magdalen Eichert has lived in a small community. She went to the State College at North Adam, Massachusetts, attended Columbia, and later, transferred to the New York University of Education where she received her Master of Arts. She, then, transferred to the New York University of Arts and Sciences. During the past year she traveled, working on her Ph. D. She has taught in Connecticut, Massachusetts, and New York City. Miss Eichert teaches first grade in the Training School. Her home town is Williamstown, Massachusetts, and her River Falls address is 415 North Third Street. She has lived at the International House in New York City where students from all over the world live and learn about each other.

Miss Arlene Smelser did undergraduate work at Drake University. She received her Master Degree at Colorado State Teachers College. Miss Smelser taught in Iowa and taught surveying in the Army Air Corp. She was in the Navy for twenty-six months doing radio communications. She teaches fifth grade in River Falls. Her home town is in South Dakota. She lives at 414 Sixth Street in River Falls and loves horseback riding.

Mrs. Abigail Johnson teaches second grade. She attended River Falls State Teachers College. She has taught the sixth grade in River Falls Public School and lives at 412 South Sixth Street in River Falls. Mrs. Johnson said, "It is nice to be teaching again after fourteen years."

The new assistant coach added to the staff this year is Joe Hoy. Last year he attended the University of Michigan where he received his Master's degree in physical education. He was formerly in the athletic department at Ohio University, Athens. For the four years, 1942-46, he was in the U. S. Navy. He is a graduate of Western Michigan, where he played varsity football and basketball. He is married and lives in River Falls.

"DONT'S" FOR DANCING DEMONS

DON'T be a gorilla gripper. If you wrap your arms around the unsuspecting girl's waist in a death-like grip, you might easily cut off her breathing. If the girl cannot breathe, she certainly can't dance.

DON'T be a dance-delinquent. A dance-delinquent has no rhythm, has no notion whatever of what the Tallahassie Twitch, the rumba, or the samba might be. To the delinquent they are all the same.

DON'T be a glider. The partner of the glider feels as if she is dancing with the Leaning Tower of Pisa. He is in a trance, never straightens up, and never dances right.

DON'T be a "brain". The brain thinks up complicated maneuvers and as soon as the brain clicks on the idea his body follows through . . . What happens to his partner?--she is "drug" along behind.

DON'T be a Big Lover (Shock take notice). The big lover can make his eyes glow like hot coals, his voice sound like velvet dynamite. A girl in his arms is just waiting to be led to temporary concealment behind a potted shrub, (he thinks). Actually the girl is waiting for the music to stop so she can disengage herself from this man-made "Hilo" monster.

There are several DO's to observe, but if the male will only observe the most important one, all should go well. When you go to a dance, the thing to DO--is dance.

A polling reporter of the "Daily Utah Chronicle" got varied answers to the question, "How much money should you be earning a month before you can get married?"

Here are the results:

Women	Men
\$400 ---- 6 -----	\$400 ---- 2
\$300 ---- 22 -----	\$300 ---- 11
\$200 ---- 72 -----	\$200 ---- 85
Less than 200-0	Less than 200-2

The less than \$200 advocates are both married students.

JERNEY CLUB FEEDS 205

With the opening of school this year the Jerney Boarding Club opened its 10th year of operation. This year the club has 205 members and is managed by Kenneth Fuher and Jerry Sivering.

The purpose of the club is to give men students meals at cost and still allow them to work for all or part of their board.

In the average noon serving which lasts for 90 minutes the members consume 75 lbs. meat, 2 bushel of potatoes, 30 loaves of bread, 6 lbs. of butter, and 10 number 10 cans of vegetables plus tomatoes and various green vegetables. The average daily milk consumption is 30 gallons.

Hutchin's Boarding Club New On Campus

A new boarding club has been started on the Campus this fall to help ease the food situation. The Club is operated by Georgia Hutchins and managed by Loyd Gibbs, who is assisted by Fred Chisolm.

The club has 145 members, and the boys manage to consume 30 gallons of milk per day. Mrs. Hutchins does all of the cooking with the assistance of Joe Jevert.

Notice

Students who wish to drop out of school must report to their respective deans. All veterans who are planning on leaving school must report to the veterans' desk in Mr. Prucha's office and fill out a form for the Veterans' Administration. Failure to do so may cause great difficulty in obtaining additional training under the GI Bill.

**Talking It Up
with Butch**

It seems nice to be back at R.F.S.T.C. resuming my old occupation after pushing the bull at a packing plant this summer.

A couple of noteworthy events happened last summer that may be you overlooked. First, Toby Tobias pitched two no-hit, no-run ball games for the Grand Forks Chiefs in the Northern League. Toby will be back to school early next week, so be sure and ask him all about it. Second, was the marriage of Nathan John De Long, Jr., to Miss Donna Wells. I don't know how true this statement might be, but I overheard one native of Hayward say that that was the first all white marriage in Hayward since Prohibition days. Another marriage of interest to you sports fans is the taking of a spouse (the former Marge Gilstad) by Harry Gibbs. This should ease the training problem in basketball this winter as George will know where two of his boys are at least.

The Falcons should be strengthened by the presence of many fine Freshmen candidates. Among these Linehan, Elstad, Dimick, Engelbritson, and Hackness are standouts. However, the temporary loss of Tobias, and the injuries to Olson, McCardle, and Glauner will be heavily felt.

I almost forgot to mention that an "old" familiar face will be playing Saturday night. This, of course, is for the benefit of all former students that have graduated in the past decade. Yes, Sinnen is finally out again to complete his fourth year of competition. I was unable to find out actually how old he really is as his records were lost when the old Administration building burned. Nevertheless, he is looking very good in practice.

**ORIENTATION WEEK
KEEPS FROSH JUMPING . . .**

Many a groan and complaint subsided Monday night as the freshmen forgot the numerous tests they had written during the day and enjoyed themselves at a freshman picnic on the campus. The pangs of hunger were satisfied with potato salad, beans, hot dogs and buns, and cherrios. There was just time to wipe the mustard and chocolate from our faces before we wandered over to North hall for the freshman mixer. There was a noticeable lack of girls, but the stag line was helped out a little bit by the aid of games which made changes of partners necessary.

Tuesday night all of the freshmen developed a sudden love for an exciting western picture. The reason, of course, was that all of them had been given free tickets for the second show of "Wyoming."

Wednesday night found most of the freshmen enjoying one of the finer things of life—they were attending a concert given

by the Minneapolis Lion's Club Quartet. Admission was by budget ticket.

Thursday night many a new friend was made by most freshmen as they attended meetings of their respective church clubs. At most of the meetings lunch was served which brought back to us pleasant memories of Mom's cooking.

Wednesday afternoon the freshman girls attended a social hour at South Hall in the social room. They met the officers of the C.W.A. and also were given ice cream bars.

Friday night the freshmen crawled back into their shells and realized how insignificant they were as all the upper classmen returned for the all school mixer.

After a week of college life, I think I am safe in saying that the freshmen like it here and that they hope to be around all year to enjoy the fun (and work) ahead of them.

**RURAL LIFE CLUB
ELECTS OFFICERS**

The first meeting of the Rural Life Club was a wiener roast held at Glen Park last Tuesday evening. The main business of the meeting was election of officers: Joan Draxler, president; Francis Arndt, vice president; Ruth Veenendal, secretary, and Janice Radke, treasurer.

**Profs Meet In
Pre-School Sessions**

E. G. Williamson, Dean of Students at the University of Minnesota, spoke on the teacher's responsibility in student guidance at the pre-registration faculty meeting, Saturday, September 4. Dr. Williamson stated that there is no such thing as unmotivated behavior. He also asked teachers to beware of superficial and external observation.

At the meeting on Friday, September 3, the new faculty members were introduced to the staff, and President Kleinpell discussed past and future improvements. He pointed out the improvements in the cafeteria and the student lounge, and the introduction last year of a general education program.

President and Mrs. Kleinpell entertained at a faculty dinner in the cafeteria Saturday night, September 4. After the dinner, open house was held at the new dormitory for girls.

**Masquers Tempt New
Recruits at Picnic**

A wiener roast in Glen Park for both old and new members last Thursday night marked the beginning of this season's activities of the Masquers Club.

The picnic was planned by Miss Rose Marie Mohrdieck, advisor of the club, and the officers, Mary Forthun, president; Lorraine Pellan, vice president; Glora Cree, treasurer, and Elizabeth Williamson, secretary.

**FEDERAL SUPPORT
FOR EDUCATION IS
DEBATE QUESTION**

Pi Kappa Delta members are preparing to apply their argumentative logic in debate and discussion. The question for national use in debate this season is, Resolved: That the Federal Government should adopt a policy of equalizing education opportunity in tax supported schools by means of annual grants. The topic for discussion is: How can civil liberties be guaranteed to all those living in the United States?

Debate is offered as a two credit course in the Winter term. The season officially opens in October, so if you enjoy locking horns in verbal battles, or want to learn how to think and talk on your feet, stop in and see Miss Marion E. Hawkins, director of the forensic program. In keeping with the democratic philosophy of training, all students who desire direction in speech work are kept on the squad throughout the season.

A meeting of Pi Kappa Delta officers will be held Tuesday, September 22, at 4 P.M.

**Chisholm Elected
Semantics Prexy**

Dr. Francis P. Chisholm, chairman of the English department at River Falls State Teachers college, has been elected president for the year of 1948-49 of the International Society for General Semantics. This Society with its headquarters in Chicago, is an international scholarly society organized to study and teach modern scientific methods of thinking and more mature reaction to language. It has members and chapters in the United States, Canada, Australia, and Great Britain.

Dr. Chisholm has just returned from a summer trip undertaken for the society during which he delivered lectures or gave short courses in general semantics for chapters of the society in Philadelphia, Chicago, Los Angeles, Pasadena, and San Diego. The course in Los Angeles was recorded and is to be published as a book by the society next spring.

**Wedding Bells Ring
For Phy. Ed. Instructor**

Miss Jeanne Bailey, on August 21, became the bride of Mr. C. Robert Brew of Freeport, Ill. The ceremony was solemnized at 3:30 in the Presbyterian Church of Bellwood, Ill.

The bride was given in marriage by her brother-in-law, P. Vincent Schneider of Bellwood. Mrs. Bruce S. Barnes, of Dallas, Texas, sister of the bride was matron of honor; Mr. Robert C. Dahm, nephew of the groom, of Freeport, was best man.

Miss Rose Marie Mohrdieck of River Falls presided at the silver coffee service during the reception following the ceremony at the Vincent Schneider home. Others from here who attended the wedding were Miss Esther Howard, Miss Marion Hawkins, and Mr. Francis Fogerty.

Mr. Brew was graduated from Northern Illinois State Teachers college at DeKalb, receiving his master's degree from Northwestern university. He is now teaching in Beloit. Many of us remember his stay here as critic teacher in the training school.

Mrs. Brew was graduated from MacMurray college at Jacksonville and received her master's degree in psychology from Purdue university. She served three and a half years during the war as a W.A.C. At present, Mrs. Brew is continuing to teach the women's physical education program at River Falls.

**Senate Prexy Attends
Meet In Milwaukee**

John Whitaker, president of the Student Senate, represented River Falls at the Wisconsin Regional N. S. A. Leadership Conference held at Marquette University in Milwaukee.

The conference ran from September seventh through tenth, and was headed by Lynn Giese from the University of Wisconsin, this year's president of the Wisconsin Regional N. S. A. The conference was attended by twenty representatives from eleven colleges and universities. River Falls and La Crosse were the only teachers colleges represented.

The main discussion centered around the qualities, technics, and developments of student leaders.

Mr. Whitaker enjoyed the conference and picked up much useful information concerning student leadership.

How high can you go

IN THE U. S. AIR FORCE?

The ceiling's unlimited! Men who enter the Air Force as Aviation Cadets become 2nd Lieutenants within a year. From there on, they can climb as far and as fast as their ability and the needs of the service permit. Under the Air Force expansion program, there is plenty of room for advancement. 2nd Lieutenants automatically become 1st Lieutenants after three years of service; are eligible to become Captains, Majors and Lieutenant Colonels after 7, 14 and 21 years respectively. More rapid promotions are frequent. Never before has the opportunity for making the Air Force a permanent career been so favorable, especially to the men in Aviation Cadet Pilot Training.

Here are the requirements:

Appointment to the Aviation Cadets is open to single men, between 20 and 26½ years old, who have completed two years of college (or can pass an equivalent examination). Upon graduation, Cadets receive their wings and commission, a \$250 uniform allowance, and three-year active duty assignment with pay up to \$336 a month. Falcons To Meet Whitewater Here

SATURDAY'S GAME MARKS OPENING OF CONFERENCE

The next home game of the 1948 season will be played at Ramer Field this Saturday night against Whitewater State Teachers. It will be the first conference game.

The Quaker eleven will take the field with many of last year's veterans holding down starting berths, as there are fourteen lettermen returning. The entire backfield is experienced.

Word from the Whitewater camp indicates that they also have many promising freshmen on whom Coach Ed Schwager is basing his title hopes.

Claire Tobias Completes Successful Baseball Season

Clair Tobias, a well-known football star from River Falls State Teachers College, has just completed a very successful baseball season with Grand Forks.

Tobias left school last year and spent the baseball season pitching for Grand Forks. His pitching was so outstanding that he came within two votes of being voted most valuable player on his team. He succeeded in pitching two no hitters and winning thirteen out of eighteen games. His most recent accomplishment is winning two games in the conference playoffs. At present Tobias is still with Grand Forks, but it is rumored that he intends to come back to school some time this fall.

Tobias hails from Ellsworth, Wisconsin, and is well known around this region for his outstanding football and baseball abilities.

FALCONS PREPARE TO DEFEND TITLE

18 LETTERMEN RETURN

More than 50 candidates greeted Coach George Schlagenhaut in the opening session of football practice. Among this group only eighteen are former lettermen. The squad has been weakened considerably by the loss of several key men. Coach Schlagenhaut must fill the two tackles, an end, and halfback positions with reserves from last year's squad or with promising freshmen.

On the injured list are Gordon Olsen, quarterback; Ernest Glauener, guard, and Butch McCardle, guard. Coach Schlagenhaut reports that none of the three will be ready for the opening game with Hamline and McCardle may be lost for the season.

Included in the list of returning lettermen by which Coach Schlagenhaut hopes to retain the championship, are guards: Glauener, McCardle, Studelska, Jevert, and Swenson; tackles: Kosec, Demulling, H. Dimick, and Sinnen; ends: Ruhsam, De Long, and Brooke who was a quarterback on the 1946 squad; and center, Bob Wilson. The veteran backfield is lead by Cardinal, G. Grilley, Schock, and Mulholland, halves; Feiler and Wisdom, fullbacks; and Olson and Johnson, quarterbacks.

Some of the most promising newcomers at this time appear to be: Finstad and Butler, fullbacks; Linehan and Fossen, ends; Elstad, Richmond, and Radke, guards; and J. Dimick and Engbretson, center.

The Schedule
 Sept. 18—Hamline (night)
 Sept. 25—Whitewater Teachers (night)
 Oct. 2—At Stout (night)
 Oct. 9—At Platteville Teachers (night)
 Oct. 16—Superior Teachers (night)
 Oct. 23—Eau Claire Teachers (Homecoming)
 Oct. 30—At La Crosse Teachers (night)

SJOWALL EXPANDS INTRAMURAL PROGRAM

An expanded intramural program has been set up on the college campus. To satisfy the needs of men students, the athletic department has made many changes in the intramural program.

The first of these important changes has been the organization of an intramural board which will be made up of persons chosen to represent the interests of the students.

A system of awards will be set up and will be based on the accumulation of points to be earned by intramural activities.

There is to be a touch football tournament held this fall. A series of activities will also be set up for students interested in golf, horseshoe, and tennis. Notices have been posted on the boards in North hall and all students interested are asked to sign them as soon as possible.

The swimming pool will be open on Wednesday afternoons from four to five, and if the demand is great enough, it will also be opened on Mondays at the same hour.

The city golf course is open to all students of the college. Any students wishing to use the golf course need only to present their activity card at the course.

Mr. Sjowall hopes that as many students as possible will

participate in these activities so that they may be continued in the future.

WOMEN ATHLETES TO HOLD PICNIC TONIGHT

A WAA picnic is to be held at Glen Park this evening at 6:00 for the purpose of "getting acquainted."

All women who are not in the organization and who are interested in active sports are invited to come.

At 4:00 every Monday and Wednesday the scheduled activities are played off. Business meetings are held once a month.

Field hockey, a fast outdoor sport, is first in the series of activities that have been planned for the school year. Both organized and individual sports, which include field hockey, volleyball, basketball, badminton and softball, are on the 1948-49 WAA program.

Officers for this year are: president, Shirley Stone; vice president, Elaine Brown; secretary-treasurer, Janet Reed.

RFSTC GRAD TEACHES AT U. OF W.

Willard Lane, a River Falls State Teachers college graduate, and former principal of the Blue River high school, is on the faculty at the University of Wisconsin School of Education. In addition to education courses he will supervise practice teachers at the University of Wisconsin high school.

MRS. BREW ORGANIZES LIFESAVING CLASS

American Red Cross Life Saving is being offered again this year under the supervision of Mrs. Brew.

Last Monday night, about twenty boys and girls were in the class, which is held from five to six-thirty.

This course is a prerequisite to the Red Cross Instructors course

which will be given in the spring term. On completion of both courses, students will be qualified for teaching swimming.
