

The Student Voice

The Student Weekly of the River Falls State Teachers College

VOLUME XX

RIVER FALLS, WISCONSIN, THURSDAY, SEPTEMBER 19, 1935

NUMBER 1

Registration Gains Ten Per Cent In First Week Of College Year

Men Dominate Enrollment to Unusual Extent; 267 Males Are Entered

The college enrollment totaled 478 students at the end of the first week with a number yet to complete registration, according to the office.

There is an increase of 45 students over last year at the corresponding time and the total enrollment is approximately 10 per cent greater. The freshman class, which is the largest in recent years, represents the source of the gain.

Women Total 44 Per Cent

Although River Falls ordinarily enrolls more boys than girls, a situation unusual in other teachers colleges, the male contingent is especially large this year. According to Dean C. G. Stratton, 267 men registered the first week. Women students comprise only 44 per cent of the total enrollment, the males make up the other 56 per cent.

From the tentative check up in the office, the registration by classes is as follows:

Freshmen	213
Sophomores	127
Juniors	72
Seniors	66

Figures for the departmental enrollment have also been released by the office:

Dept. of Secondary Education	242
Dept. of Agricultural Education	71
Pre-professional	59
Dept. of Elementary Education	63
Dept. of Rural Education	43

The all-school mixer was a joint project sponsored by the Y.M.C.A. and the Y.W.C.A.

Co-Op Boarding House Established

Plans for the organization of a cooperative boarding club took definite form last Monday noon when thirty-five men students of the college appeared at the residence of Mrs. E. B. Fox for their first meal under the new cooperative plan.

The group, consisting mainly of students formerly doing their own cooking, engaged Mrs. Fox as matron; Leroy Brown was selected as temporary steward.

The expenses, which are shared cooperatively, will include the cost of food and fuel, fees of the matron—which are 50c a week per member, laundering of dining room linen and the cost of board for the kitchen and dining room help.

According to the members an important feature of the plan is the condition that board may be partially paid for by supplies brought from home. These supplies will be evaluated at the current market prices.

The kitchen and dining room equipment is furnished by the matron. Meal plans will be made in consultation with the steward, thus giving the boarders a voice in the menu.

The steward will act as president, secretary and treasurer of the organization. He will keep the accounts, order supplies, make collections, pay bills, give weekly statements to the members of the group, and preside over business meetings. As remuneration for his services the steward will receive his board free.

A regular weekly business meeting will be held after the evening meal on Wednesdays. Rules and regulations of the organization may be changed by a majority vote of the group.

Members have signed agreements expiring at the end of one month. More complete plans will be made at that time.

Returns from Europe

Dean Irma Hathorn

Miss Irma Hathorn, Dean of Women, returned from a tour of France, England, Scotland, Germany, Belgium and Holland on September 1.

During the summer session of this college her position was temporarily filled by Miss Ruth Fuller.

A member of the college faculty since 1920, Dean Hathorn also serves as the faculty adviser of the Social Committee and of the Y.W.C.A.

All-School Mixer Melts Social Ice

Collegians, Co-eds, and Profs Are Gay at First Party

The first all school social event of the year, the mixer, was held in North Hall gymnasium last Friday night at 8 o'clock. Approximately 225 students attended the party.

Students met in the auditorium for a short program, at which Louis Zahradka acted as master of ceremonies. Group singing under the direction of Professor Marvin D. Geere of the music department and a speech by Gerhard Thompson comprised the entertainment.

After the program everyone went down to the gym where each student received a number. Partners for the games of the evening were determined by matching numbers. About 100 games were set up, including table tennis, table croquet, indoor horseshoe, bean bag throwing, and forms of anagrams. These games were played progressively.

At 10 o'clock ice cream cones were served. The remainder of the evening was spent in general conversation, allowing the students to become acquainted with each other.

1935-36 Changes Improve School, Faculty, Campus

Ranking by North Central Gained; Instructors Get Higher Degrees

Fifth Ph.D. Joins Staff

The beginning of the first full school year since River Falls has been accredited by the North Central Association of Colleges and Universities finds numerous changes in the school.

Paving Project Done

A faculty strengthened by the completion of graduate work, and adjustments made on the campus and in the physical plant reflect the continued progress of the college.

Among the important changes noted on the campus is the completion of the paving project on Cascade Avenue which is on State Highway 35. In addition room 26 on the first floor of South Hall, which was formerly the office of Dr. Wyman, has been converted into a classroom. Dr. Wyman will share the office previously used jointly by Dr. Owens and Mr. Whitenack.

The addition to the teaching staff of the new professor of biology, Dr. Kettlekamp, is one of the outstanding changes of the year. Dr. Kettlekamp comes to River Falls from the University of Pittsburg where he was granted the Ph.D. degree in 1931, and where he has since served as instructor in zoology and biological science.

Shortly after school adjourned last spring, Mr. Walker D. Wyman (social sciences) received the Ph.D. degree from the University of Iowa.

Several members of the faculty who were on leave of absence last (Continued on page four)

STAFF MEETS TODAY

The Student Voice staff will meet Thursday, Sept. 19, at 4 o'clock p. m. in Room 47 of South Hall.

Anyone interested in journalistic activity may join the staff at this meeting.

ELECTION RESULTS

Returns of class elections have just made the Voice dead line. Pictures and complete data will be published next week.

Seniors
President—Louis Kulas
Juniors
President—Harry Guinn
Sophomores
President—Howard Elliot
Freshmen
President—Donald Olson

Five Year Peak Set in Placement Of River Falls Grads As Teachers

Gets Ph. D. Degree

Dr. Walker D. Wyman

Professor Walker D. Wyman, who recently received the degree of Doctor of Philosophy from the University of Iowa, was the fourth member of the college faculty to achieve that rank.

Mr. Wyman majored in American history and wrote his doctoral thesis on "The Rise of the Missouri River Towns in the Western Movement."

Dr. Wyman joined the social science staff in 1932. He is also the faculty adviser of The Student Voice and coach of the college debate teams.

Teacher Demand Indicates Approach of Normality In Job Conditions

The depression slump in the placement of teachers received a decided check this year, according to Mr. Russell Johnston, head of the Placement Bureau. Moreover, he indicated that the demand for teachers during the summer was the biggest that the bureau has experienced during the past five years.

One hundred contracts have been signed by River Falls graduates this year; the Placement Bureau has been instrumental in arranging virtually all of them. The college graduated only 110 teachers from the degree and diploma courses last year.

Scarcity of Teachers

An actual shortage of bandmen capable of teaching academic subjects and a shortage of agricultural instructors occurred, and no surplus of athletic coaches existed. Mr. Johnston also noted that teachers who could coach various musical organizations were especially in demand this year. Because of the scarcity of these types of teachers, approximately 50 unemployed former graduates were called upon to fill open positions.

Although no drastic upward revisions were found in salary scales this year, the inexperienced high school teacher's salary averaged between 100 and 110 dollars a month. Grade teachers received contracts averaging between 75 and 80 dollars per month; rural teachers averaged about 75 dollars a month.

Though only 16 students graduated from the vocational agriculture department in 1935 over 27 "Ag" men secured contracts for their first year of teaching. This unusual situation was made possible by placing former graduates who had not yet secured jobs. Seven experienced teachers found better jobs available during the summer.

The unusually heavy demand for agriculture instructors found graduates placed throughout an area of seven states—Wisconsin, Minnesota, Illinois, and North and South Dakota. Other men were placed in the U. S. department of agriculture, Washington, D. C., and in the Soil Erosion Service. Salaries for "Ag" men ranged from \$1,200 a year for first year men to \$2,400 per year for experienced teachers.

Student Voice Staff Begins to Organize

This issue of The Student Voice marks the first 1935-1936 appearance of the college weekly newspaper and the beginning of the twentieth year of the existence of this activity on the campus.

The organization of the staff is not yet complete. This first issue has been produced by a skeletonized staff of veteran Voice writers.

For the first semester of the year The Student Voice will be under the direction of Roman Zorn, Editor-in-chief. David Dykstra has been appointed Business Manager. Dr. Wyman continues at faculty adviser.

The editorial staff which will assist Mr. Zorn will be Associate Editor Marion Williamson, Desk Editor Bernice Jacobsen, Sports Editor Louis Kulas, and Copy Readers Arduis E. Landson and Dorothea Panzenhagen.

A steak fry down river was the first social activity of the Voice. The old members of the staff met at South Hall at 5 o'clock on Tuesday.

After the outing down river the staff was invited to the home of Dr. and Mrs. Wyman to conclude the evening.

Letter Found In The Student Voice Mail Box

River Falls, Wisconsin
September 17, 1935

Dear Folks,

I've been so busy here in college that I just didn't have time to write sooner. You have to study lots harder here than in Pumpkinville high school. Why, the very first day I had to read 30 whole pages for German, two lessons for English, and in History they give assignments by chapters not pages!

I made a mistake—that was on the second day. The first day was Registration. I don't know why they called it that. They didn't even have a cash register at the place we paid our fees.

We didn't have to write a test the first morning as Miss Smith said. But on Thursday Mr. Ames let us Freshmen play a game—something about I. Q's. I guess that must stand for

Insane Questions because they asked us a lot of foolish things like "2-4-6-8. What is wrong with those numbers?" or "A hoof is to a horse as—" How should I know how much a hoof is to a horse? I hope they don't think I'm taking Ag. too.

Oh, I was telling you about the first day. Well, I had my program made by Dr. Somebody or other but he's not really a doctor just a teacher. They call him that because he's Ph. D. I asked a Senior what that meant, and she said "Pinheaded." I guess it is safer to call them Doctors.

Say, what is a comma-splice? This Senior said if I made one in English class, I'd flunk. If you don't know ask Jimmy Barnes. He's a Boy Scout and knows lots about tying knots.

I went to an all-girls party that the X or Y put on the other night, and Friday night I went to another

kind of a party. I didn't want to go at first because they called it a mixer, and I was mixed up enough anyway. Then one of the fellows (the good-looking one) on the program explained it was a mixture. I guess that's because they had both boys and girls there. Isn't it fine that there are almost a hundred more boys than girls in this college?

By the way, why are you sending me to college? I'm supposed to write a theme on "Why I Came to College", and though you've always taught me to be like Washington, I can't very well say anything about coming to have a good time and lots of boy-friends. Right now I could write a better theme on "Why I Want to Go Home to Mother".

In haste, (I have only two hours to dress for my first big date.)
Your dutiful daughter,

The River Falls Student Voice

aims to promote school spirit, to further professional interests, and to maintain River Falls Teachers College traditions.

Published every Wednesday of the school year by the students of the River Falls State Teachers College. Accepted as second-class mailing matter at the post office at River Falls, Wisconsin, under the act of Congress, March 3, 1889.

Vacancies Noted in Student Voice Staff

In the midst of the bustle and business of settling down for the school year, The Student Voice has begun to organize for the purpose of recording

campus news.

Like other student activities, the ranks of the Voice staff have been somewhat depleted by graduation. Although the first issue of the paper is published and the editorial staff is functioning, vacancies exist in the writing and business personnel. Those students who would like to participate in this activity will have the opportunity to join the staff this week.

There will be an opportunity for about 15 aspiring journalists to gain positions on the Student Voice staff. There is no red tape in the process of joining this organization; the only prerequisites are literacy, fairly legible handwriting or typewriting ability, and moderate proficiency in the use of the written English language.

As the name implies, this is the students' paper. It is written, edited, and financed by the students. The entire staff is composed of volunteer writers, and no member is paid for his labors.

Compensation for work done on The Student Voice, however, is not wholly negligible. Social events (picnics, banquets, and parties) have become a prominent aspect of the staff's activities. Official recognition in the form of a gold matrix key is given to members who fulfill service requirements. And finally, staff members acquire valuable journalistic experience.

Hence, if you have a specialty—newswriting, sports, features, editorials, photography, cartooning, or getting advertising—come to a staff meeting and you will be given the opportunity to demonstrate your talents.

Remember—freshmen make just as good journalists as do seniors!

Upper classmen, yours is the responsibility of interpreting our traditions and ideals to new students. Let's show them the real River Falls spirit; but remember, "Actions speak louder than words!"

Campus Chatter

The news got around that there were seventy-two more boys than girls in school. Prof. Geere says that is what scared all the girls away from the mixer.

While we are speaking of mixers—It sorta looks as though we can have a good time at a party without dancing. Some fellows came to find fault, but most of them had a good time in spite of themselves.

By the way— who got the haying contract for the Tennis Courts? It seems funny that they couldn't pasture a few cows on those dirt courts in the summer. Anything would make them look better than they did when school started.

Prof. Hunt finally just walked out and left the legislature to take care of itself. Almost time to send the local representative his winter underwear, unless the rest of them follow the Senator's example and de-camp.

By this time everyone has noticed the new pavement. Nice— isn't it? But just wait until it gets nice and icy. Lots of chance for Boy Scout work. I would favor getting the National guard up here to help during the February thaw.

Reception for Freshmen Men Held by Y.M.C.A.

The Y.M.C.A. open house for Freshmen men students was held in the Men's Union Monday evening, Sept. 9, as a means of giving new students a chance to get acquainted with each other and with the college Y.M.

Various games were provided for entertainment for the evening. LeRoy Brown extended an invitation to all men students to attend the weekly "Y" evening meetings.

The second regular meeting was held in the Men's Union Monday evening, Sept. 1, for the purpose of explaining to the new men what the Y.M.C.A. really stood for. Short expository talks were given by members of the cabinet in order to show the scope of the organization.

An interesting program has been arranged for next Monday evening in the Men's Union beginning at 7 o'clock. New members will be taken in at this meeting.

Honor Society Party Held

The first party of the year given by the Honor Society took place Wednesday, September 18, at 7:30 o'clock.

A scavenger hunt comprised the entertainment.

Grid Prospects Are Bright As 9 Regulars Report

60 Candidates For Varsity Team Turn Out For Daily Practice

A squad of 60 grid enthusiasts reported to Coach Osborne Cowles' initial football practice session Monday afternoon, September 9. Although the squad is unusually large, Cowles has been unable to uncover a great number of potential stars outside the lettermen and reserves from last year's great team.

Captain Walter Herkal leads the group of nine lettermen who will undoubtedly form the backbone of the team along with last year's reserves. Five of these lettermen are linemen. Merton Wulf and Leo Stenbach are the ends who have won letters, while Donald Hart is the lone tackle. Floyd Krause, guard, and Stuart Larson, center have each won letters at their respective positions.

In the backfield Captain Herkal will direct the team at the quarterback position while Joe Weber and Lee Martin will be the only lettermen halfbacks. Tom Rendler is the fourth back.

1935 FOOTBALL SCHEDULE 1935

- September 28—Hamline at St. Paul
- October 5—Luther College here
- October 11—Superior there, night
- October 19—Stout, here
- October 26—LaCrosse, here
- Homecoming
- November 2—Eau Claire, there
- November 9—Macalaster, St. Paul

The reserves of last year who will undoubtedly see action this fall as linemen are: John O'Brien, Laurence Selvig, Don Simmelink, Lowell Frye, Francis Haugh, Eddie Cass, and Nolan Isaacson. Charles Cudney and Stan Johnson are reserve backs.

Joe Weber, ace passer who was lost in early season by a broken leg in last season's campaign, has demonstrated his agility, and will certainly be the spear-head of the Falcon aerial attack. Rendler and Martin, who will have the responsibility of the kicking, have both improved since last year, and are getting off nice kicks with precision and speed.

Two outstanding lettermen who have failed to report this fall are Harold Blank, LaCrosse, and Bernard Norwich. Blank, a regular tackle is bothered by a trick knee and is unable to play football. Norwich has decided to drop his studies.

Dan O'Brien, aide-de-camp during the past year, has taken over the duties of manager and trainer.

The Freshman squad this year is made up of thirty-eight men, the largest group ever to don the greenies moleskins.

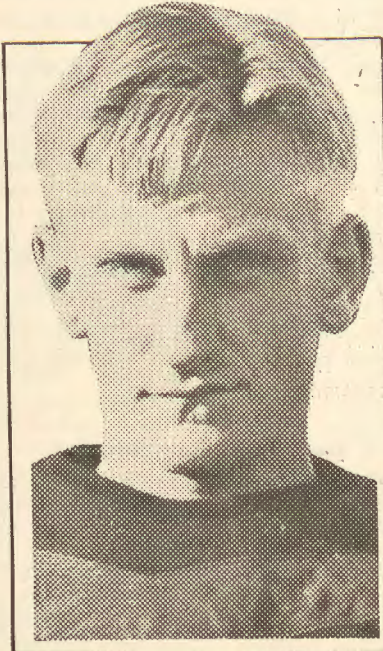

1934 FOOTBALL RESULTS 1934

- River Falls 31, Macalaster 13
- River Falls 19, Hamline 12
- River Falls 0, Luther 6
- River Falls 26, Stout 0
- River Falls 27, Eau Claire 0
- River Falls 13, Superior 0
- River Falls 6, LaCrosse 18
- River Falls 0, St. Thomas 12
- River Falls won 5, lost 3
- Scored 122 points to opponents' 61

Masquers Try-Outs Begin

Lists are posted in South Hall so candidates for dramatics may sign up. The try-outs, which began Wednesday night, will continue for several days.

Freshman Grid Coach

Carl Kuss

Coach Osborne Cowles has announced the appointment of Carl Kuss, class of '34, as Freshman football coach for the present season.

Carl, as a member of football, baseball, and basketball teams under coaches Carl Klandrud and Osborne Cowles, was a nine-letter man of versatile ability during his career here. In his last year of competition Carl was selected on the all-state basketball team.

Women's Athletic Group Organizes

The first 1935-36 meeting of the Women's Athletic Association will be held at 7 p. m. in the Social Room, Thursday, September 19. Every college girl interested in athletics may attend this meeting.

The Women's Athletic Association is organized and maintained for the purpose of getting girls interested in sports. It sponsors athletics both for group and individual activity. Student sport heads take charge of the group sports, which are: field hockey, soccer, basketball, volley ball, kittenball, and tennis. Individuals take part in unorganized sports, such as ping-pong, swimming, hiking, and ice-skating.

Members of the W.A.A. are required to earn one hundred points during the year. These points are received for participation in the various sports. When a girl obtains five hundred points, she receives recognition in the form of a "R" letter.

On Tuesday and Thursday of each week athletic meetings are held. The meetings are open to every girl in college who is interested in sports, whether she is a W.A.A. member or not.

At the meetings Miss Branstad teaches the participants the basic principles of each sport. These principles are then put into active practice. A tournament ends the season of every sport.

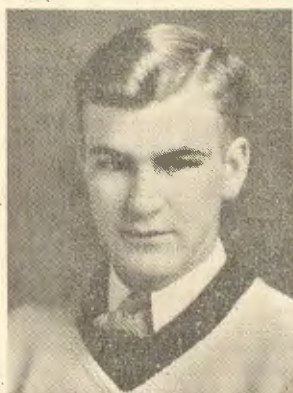

On the third Thursday of every month, the association holds a business meeting.

The W.A.A. sponsors two major events every year: a play day to which girls from neighboring high schools are invited and a week-end camping trip in the spring.

The council at the head of the organization is composed of Miss Branstad, adviser; Edna O'Brien, president; Iris Mills, vice-president; Audrey Barrett, secretary; Mildred Pedersen, recording secretary; Marion Hawkins, treasurer; Elizabeth Hilyar, head of soccer; and Nathilla O'Hearn, head of hockey.

The association hopes to expand in size and activity in order to become affiliated with the National Women's Athletic Association.

Falcon Pilot

Walter Herkal

Walter Herkal will pilot the 1935 Falcon eleven during the grid campaign just getting under way. "Walt" has been a member of Coach Cowles' football machine of 1934 and as quarterback and captain will have full charge of the team during the present campaign.

Captain Herkal is a versatile athlete, a star in basketball and baseball as well as in football. As a forward on the Falcon hardcourt quint he was selected as a member of the all-conference team for two successive years by coaches of opposing teams.

Kibitzer's Korner By LOUIE

FROM all appearances the varsity team this year will be the lightest outfit River Falls has had for many years. A few of the fellows tip the numbers past 200 but the average is quite low. What the team lacks in weight will have to be made up in speed, and these fellows get out in a hurry, let me tell you.

AFTER all speed is plenty essential. Mert Wulf is getting a great get-away for going down under punts by ducking from the fems. But don't be disappointed, Frosh girls, you should see how he looks with his war paint off.

LAST year's Hamline team will be pretty well represented on the Piper 1935 squad. Joe Hutton has 15 lettermen and a flock of dependable Sophomores to make a team this year. Although they have a stiff schedule Piper fans are banking on a championship this fall.

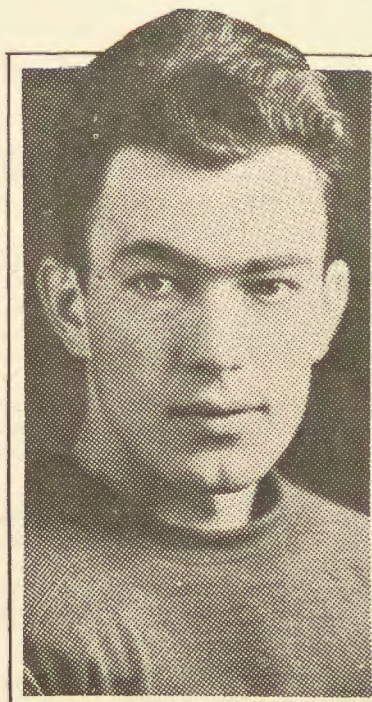

COACH TED WHEREATT of the Superior Yellowjackets has had his charges out for a full two weeks. Hamline started this week, and Macalaster has a week in. Al Gowan's team at Mac will meet Superior, Stout and River Falls this year and four teams in their own conference. Crawford at Stout predicts no championships, but all Blue Devil fans claim Stout will be out of the cellar for the first time in a long time by the time snow falls.

ON Sunday afternoon the Chippewa Marines sure went to town against the St. Paul Bears in the Northwest Football League. Alphonse and Morrow, fast Falcon stars, paired up in an aerial game which netted three touchdowns between them. The Marines won 40 to 0, piling up the largest score in three starts. Other Falcons on the Chippewa roster are Gerhardt, Claffin, and Lampson.

NOW that one week is past and all the girls have seen your high school letters, what do you think of removing them, you Frosh? Freshmen in years past have been known to lose sweaters and all just because of this little thing.

SOME of the numerous Freshmen football men look like potential stars. Barty, Bruder, McLain, Sather, and Peterson look like the goods. Sather only weighs around 200 and has he got it wrapped on in a nice package.

Gets Big League Trial

Raymond Helixon

Ray Helixon, graduate of the class of '31, seems destined to a career in the big leagues since his recent sale to the Chicago Cubs of the National League.

Helixon has been a member of the Greater Grand Forks team of the Northern League, where he has been the league's outstanding center fielder for two years. During the past season "Tuff" had an official batting average of .316. He poled out ten home runs and led the league in sacrifices.

Ray, an outstanding athlete on Carl Klandrud's football, basketball, and baseball teams, will be remembered as one of the few Falcon nine-letter men. He was selected as an end on the all-state football team and a guard on the all-state basketball team.

Cupid Is Active Among Alumni Numerous Former Students Married in the Summer

During the summer months many of the former students and alumni of this school were married.

On July 10, Margaret Fox was married to John Schlicht of Algoma, Wisconsin. Both of them were former students of this school. Mr. Schlicht is head coach at Algoma, where they have made their home.

John Dzubay and Elena Zeleniak were married in Minneapolis on Saturday, August 10. Mr. Dzubay, a graduate of River Falls, has a position teaching science in Amery, Wisconsin.

One of the former presidents of the Y.W.C.A., Alice Hagen, was married July 11, to Thomas Kelly, who is a research man for Chrysler Motors Company. At the present time they are living in an apartment in Highland Park, Detroit.

Mary Alice Sherman, a student here last year, was married to Maitland Cook of Milwaukee on August 3. Mr. Cook is a commercial artist.

Dr. Karges' son, Burton Karges, was married to Vivian Chinnock on July 31, in River Falls. The couple is living in Oshkosh, where Dr. Burton Karges has a position in the Teachers College.

On July 31, Theodore Goble and Ethel Frank were married. Mr. Goble is teaching at the University of Oklahoma. They are living in Tulsa.

One of the members of last year's faculty, Miss Louise Freeland, married Dr. Smith on September 7. They were married at Shelbyville, Indiana, but they will live at Bailey, Texas, where Dr. Smith is teaching.

Other students of this school who have married recently are Bernice Sutherland and Dr. Gordon Danks; Marguerite O'berding and John Sweesy; Ruth McIntyre and John Novak; Arnold Kuss and Harriet Roehl; Nell Frels and Anton Tapper; Lloyd Brekke and Margaret Stillman; Jane Simonson and Wilfred Huelskamp of Chicago; and Harold Paynter and Helen Olson.

Faculty Members Travel and Study During Summer

The local faculty members spent their brief summer vacations in diversified activities. Most of them enjoyed pleasure trips or did graduate study in their leisure.

Miss Lucile Haddow explored the national forest near the North Shore of Lake Superior, and Miss Maude A. Latta spent part of her vacation in northern Wisconsin and Michigan. Dr. J. H. Owens likewise went north for a few days on a fishing trip.

Miss Rhea Gibson enjoyed an extensive motor trip through Canada and south along the Atlantic. She toured the New England states, New York, Pennsylvania, Maryland, and Kentucky.

After visiting relatives in Omaha, Nebraska, Miss Mary Louise Branstad enjoyed an outing at Hayward, Wisconsin.

Miss Mary Bradley went on a ten-day motor trip through Wisconsin, Michigan, Minnesota, and Canada. Miss Nelle Schlosser visited relatives in California, and Mr. J. I. Malott went on a trip to Missouri.

Besides visiting in Minneapolis and northern Wisconsin, Miss Cara A. Wharton attended Camp Wa-Ga-Tha-Ka near Grand Rapids, Michigan, for a week.

Miss Amy Fuller attended the twelve week summer session at the University of North Carolina.

After spending a month in Saskatchewan, Canada, Miss Irma Armstrong went to Glacier Park with Miss Fobes for a week. Miss Alberta Greene spent most of her vacation in the north woods of Wisconsin, and Prof. O. M. Hanna took a trip to the southern part of the Middle West.

Dr. Wyman spent part of the summer in Iowa and at Grand Junction, Colorado. Coach Osborne Cowles took a canoe trip down the Flambeau river.

Faculty members who did graduate work during the summer are: C. G. Stratton at the University of Colorado; Augusta Thomas, William Segerstrom, Mrs. Adeline Patton, and A. C. Voegelé at the University of Minnesota; Louise Hilder, Columbia University; B. J. Rozehnal, Northwestern; E. J. Prucha, University of Wisconsin; and Mrs. R. B. Eide at the University of Chicago.

1935-36 Changes Improve School

(Continued from first page)

year have returned with new degrees. Miss Mary Louise Branstad (women's physical education) received the A.M. degree from Columbia University. Miss Lucille Fobes (primary critic) completed work for her A.M. degree at Columbia during the first half of the last academic year.

During the summer session at the University of Minnesota, Miss Nathalie Delander (junior high school) was granted the A.M. degree. Miss Mable Jorstad (rural education) also received the A.M. degree from the University of Minnesota after having been on a leave of absence during the fall session and continuing her graduate work during the summer session.

Three faculty members expect to receive higher degrees during the present year. Mr. A. C. Voegelé (biological sciences) will receive the Ph.D. degree during the present year after having continued his graduate work at the University of Minnesota during the spring and summer terms.

Mr. R. E. Spriggs has completed all course work for the M.A. degree at Iowa State College and expects to be granted the Masters degree at the close of the fall semester. Miss Nelle Schlosser expects to get her A.M. degree. She was on leave of absence during the past year for continued graduate study at Columbia and the University of Iowa.

Mr. W. H. Hunt (supervision and administration) who was on leave of absence last year to serve in his political capacity as state senator, has returned from Madison to resume his teaching duties.

Big and Little Sister Tea

All women students are invited to come and meet the women faculty members.

3:30-5:00 Thursday Sept. 19.

Doudna and Harpist Entertain Assembly

Miss Gladys Hubner, harpist of Minneapolis, and Mr. Edgar Doudna, secretary of the Board of Regents of Wisconsin's State Teachers Colleges entertained at the first general assembly of the year last Tuesday, following a brief welcome address by President J. H. Ames.

Mr. Doudna's informal and enjoyable speech stressed the fact that the aim of education should be personal satisfaction rather than external gain. He illustrated with anecdotes of Waupun prison, and urged students to work for something besides grades.

Several favorite selections, including "The Old Refrain", "The World is Waiting for the Sunrise", "The Sextet", "At a Campfire", and "The Music Box" were Miss Hubner's contribution to the program.

First Y. W. C. A. Meeting

7:15 Monday, Sept. 23, Social Room. Special Music. Mrs. A. Johnson will speak.

Freshmen Give Program At Big-Little Sister Party

The annual party for the Big and Little Sisters was held Wednesday, September 13, at 8 o'clock in South Hall gymnasium and Social Room.

The "Get Acquainted Party" for the girls this year was very different from any other since the beginning of the Big and Little Sister Movement. Instead of a formal tea party or a marshmallow roast the girls met informally in the Social Room and the gymnasium. The entertainment of the evening was furnished by the Little Sisters, thus in this way the traditional procedure was reversed. Each new girl was given a number; as her number was called, she was asked to do some particular stunt. Some of the stunts included recitation of poetry, acting out of a modern "Little Red Riding-Hood", singing, and impersonations.

After the program was concluded, ice cream cones were served. The party was under the direction of Emma Lou Tubbs and Dora Mae Hocking.
