

Queen Judi (Photo by Gene)

Judi Harmon Wins Queen Title

Her brown eyes sparkling brilliantly, Judi Harmon stepped away from the other seven hopefuls and received her crown as she became monarch over the rest of this year's Homecoming festivities.

Queen Judi, black-haired, five foot four and one-half inch Plum City sophomore, is 20 years old and majors in elementary education and is very active in extra-curricular activities. She will reign over tomorrow's "Pitch Out Po-

ini" game and tomorrow evening's dance.

The queen's attendants are Kay Holmes, Kay Mackey, Nancy MacNeil, Judy Osen, Donna Petterson, Barbara Sobottke and Georgeann Younggren.

The Queen was selected by an all-school vote yesterday and her title was kept secret from her until this evening at the pep fest which was held at Ramer Field.

Queen Edie Walker Scharfenburg of 1960 crowned Miss Har-

mon who was sponsored by the "R" Club. Mrs. Scharfenburg had been invited back to campus to take part in the gala activities and to place the crown on Miss Harmon's head.

Alumni, students and faculty flocked to Ramer Field to participate in the annual pep fest and to watch the coronation. The College pep band under the direction of Dr. William Abbott, played several pep selections and march numbers for the program.

RIVER FALLS STATE COLLEGE FRIDAY, OCTOBER 27, 1961

Parade, Game, Dance Will Climax Gala 1961 Homecoming Festivities

Defense Wins but One Of Kangaroo Trials

A packed auditorium witnessed the trials, Wednesday night at 8:00 p.m., Judge Hoover called the Kangaroo court into session.

It was the worst in all the years that Dave (never-lose-a-case) Henderson has spent since he joined the bar. Dave only won one case of sixteen.

Among the cases tried were: failure to button to a sophomore; being from La Crosse; taking out to many cute frosh girls (the only case that was won); not wearing a beanie; one case for doing everything right; and being disorderly on the La Crosse campaign.

Penalties that were inscribed on the guilty parties included: test of the night and shining four faculty members shoes; reading poetry from the top of a ladder; bobbing for apples in mashed potatoes; walking on night crawlers; counting peas; peanut pushing race up the aisle using the noses; and leading songs as "Mary Had A Little Lamb," and the "Old

Red Goblet."

Court was dismissed after the last four were convicted and seasoned to clean up the mess after the adjournment.

Dance to Climax Homecoming Eve

Poster "Pops" Wakefield and his orchestra will climax the activities of this year's Homecoming celebration at the Homecoming dance tomorrow night in Karges Center from 9 p.m. to 1 a.m.

The Wakefield band accompanied Harry Belafonte and Frank Sinatra in their "Music Under the Stars" performances in Minneapolis and plays for the Minneapolis "Aqua Follies."

This will be the final event of this year's gala Homecoming celebration which has drawn large numbers of alumni and friends of the College to campus for the annual event.

Wakefield

Drama Workshop Draws 8 Schools; Play Contest Next

Eight high schools participated in a High School Drama Workshop on the River Falls Campus Saturday. They were: Hastings, Prescott, Ellsworth, Spring Valley, River Falls, Baldwin-Woodville, Prairie Farm and Unity.

Plays were presented by River Falls and Unity high schools. Plans were made for the District One Act Play contest to be held at River Falls on Saturday, Nov. 11.

The workshop was under the direction of Dr. Blanche Davis of the speech department.

The 1961 River Falls Homecoming festivities will climax on Ramer Field tomorrow at 1:30 p.m. as Fran Poltfoot's footballers will attempt to "Pitch Out Point."

Tomorrow's schedule of events begins in the morning with the judging of lawn and window decorations. There are about 40 entries in this year's Homecoming activities which also includes the afternoon parade at 10 a.m. This parade will start on North Main Street and end at Ramer Field.

Parade entrants include: River Falls Mayor "Spike" Hoffman, cheerleaders, coaches, high school bands from River Falls, Arkansas, Somerset, Baldwin, Frederic, Turtle Lake, Oseola, Boyceville, Spooner and Menomonie.

Also, there will be floats sponsored by the Vet's Club, Pinochle Club, Sitzmarkers, International Club, Young Democrats, 4-H Club, FFA, Sigma Chi Sigma, Prucha Hall, Stratton Hall and Hawthorn Hall.

A late announcement was made that Dr. Kleinpell, College President will be able to be in the parade and also, at the pep fest contrary to earlier expectations.

The Homecoming chairmen: Wayne Viitanen, Edward "Scotty"

Smith and Bill Hanson have asked that these parade entrants meet on the west side of North Hall in order that these parade positions can be assigned by 9:15 a.m.

Organizations sponsoring lawn decorations were: Vet's Club, Pinochle Club, Sitzmarkers, Young Democrats, "R" Club, FFA, Sigma Chi Sigma, Stratton Hall and Prucha Hall.

Window decorations were constructed by: Vet's Club, Pinochle Club, Sitzmarkers, Young GOP, Young Democrats, "R" Club, 4-H Club, FFA, Sigma Chi Sigma, Stratton Hall and Prucha Hall.

Judges for the window decorations were: Mr. Harless, Mr. Krueger, and Dr. Graham.

Lawn decorations were judged by Mr. Ammerman and two students.

Floats were judged by Dr. Lasko, Dr. Darr and Dr. Abbott. Game time will be 1:30 p.m.

Half-time activities include: display of the three winning floats, the "Town and Country Queens" sponsored by the Chamber of Commerce, announcement of points won by the active campus organizations, display of the Queen's float and announcement of winners in lawn and window decorations.

A SPECIAL EXPRESSION OF THANKS

The Homecoming chairmen wish to extend a special thank you to Gene's Candid Studio for his cooperation with the Queens' pictures. The pictures were taken, printed and framed free of charge.

Phy Ed Department To Sponsor Conference On Physical Fitness

High school and elementary school physical education teachers and supervisors from 34 schools in the area have been invited to attend a Youth Fitness Conference on Tuesday, Oct. 31, conducted by the physical education staff of Wisconsin State College at River Falls.

The conference, to be held from 9 to 11:30 a.m. Tuesday, is one of 12 being conducted by colleges in Wisconsin as part of the national physical fitness program begun under President Eisenhower and continued under President Kennedy.

Ben Bergerud, chairman of the physical education department, will be in charge of the program, which will be held in Karges Physical Education and Recreation Center on the River Falls campus. Children from the College's Campus School will be used in the fitness demonstrations.

Physical education teachers and supervisors from as far south as Alma, as far north as Cumberland and as far east as Menomonie are expected to attend.

Smokey Stover and his Original Firemen put fire in the audience last night as they swung out with some crowd-stirring jazz. Stover's concert and dance music lasted some four hours and included such tunes as: "Basin Street Blues," "South Rampart Street Parade," "Jazz Me Blues," and "The Saints Go Marchin' In." He also played several selections from his latest ARGO album including "I Don't Want to Set the World on Fire" and "Fire Fly." (Photo by Lukowicz)

Tomorrow's Schedule

Saturday, October 28

10:00 a.m.—Parade—North Main Street to Ramer Field

1:30 p.m.—Football game—Ramer Field

4 p.m.—Alumni reception and coffee hour—Student Center

9 p.m.—1 a.m.—Homecoming Dance—Karges Center

Welcome, Alumni

The Editor Speaks . . .

Scanty the rewards of being a professor. The pay is low, workdays long and erratic, advancement slow. Their standing within society ranges from the giddy worship of the woman's club devotee to the contempt of the politicians at the other end of State St.

WITHIN THE PROFESSION a man's standing and prestige are based on rigorous standards. A professor does not gain reknown for doing what the word indicates—teaching—but rather for his success in bringing out learned works. "Publish or perish" is the motto in many departments. The man who only teaches is doomed to the lower ranks; they who scribble a book every few years at least have hopes of greater things.

There is some validity in insisting that professors produce books as proof of their abilities. Sometimes professorial tomes contribute to the general fund of knowledge, instead of observing confusion from another angle. Research is valuable if directed toward original and pertinent topics. And a book is a good measure of a man's capabilities. For those so inclined it's usually a valid activity.

FOR THOSE WHO would rather teach than write, however, the future is bleak. The rewards for being a good teacher are small—a few admiring pupils, reasonably filled classrooms, personal satisfaction. But within many departments the "publish or perish" philosophy makes the man who just teaches a somehow lower being.

Just because a professor isn't constantly rushing into print or gushing over with wild theories doesn't mean he's doing a poor job. He doesn't have to write up the latest advances in his field to be aware of them. Very little knowledge is gained through writing; it is just displayed. A man can be a better educator than author and still be valuable to a College or University.

The encouragement of publication among professors is fine, as long as it doesn't degrade those who just stick to teaching.

(This editorial appeared in the Oct. 13, 1961 issue of the Daily Cardinal. This paper is published at the University of Wisconsin. We feel that there is valid argument here and print it as written for that reason.)

AROUND THE CAMPUS

L.S.A.

Sunday, Oct. 29, the Lutheran Students Association invites all Lutheran students and alumni to a coffee hour at Dr. Anderson's home, 215 N. 4th St. Coffee will be served from 10:45 to 1:30.

All Lutheran students are reminded of the L.S.A. meeting at the Ezekiel Lutheran church this Sunday evening (Oct. 29). The program centering around "Retreats of Past and Future" will begin with a cost supper at 5:30 p.m. Information about the coming state-wide retreat on Nov. 10-11-12 will be available.

Evening Vesper services, at the Ezekiel Lutheran Church will be held Tuesday evening. All students are invited to join in worship. The service begins at 9:30 p.m.

On Nov. 5 (Sunday) students will have an opportunity of learning more about the major religions of the world besides Christianity. After a cost supper at 5:30, a movie will be shown. The movie, "Great Religions of the World," will give a brief resume of the Christian, Moslem, Jewish and Buddhist philosophy.

Economics Club

The Economics Club is having their quarterly field trip Thursday, Nov. 2, to Red Owl Stores, Inc. and possibly International Milling. Anyone interested in going, sign up in the Economics Office, 128 South Hall. Departure time will be 7:30 a.m. and you will be excused from classes.

PEM Club

The first meeting of P.E.M. (Physical Education Minor) Club was held Thursday evening, Oct. 5. All present members will receive charter memberships to the club which will work closely with the State, District and National Association for Health, Physical Education and Recreation. The group met to draw up the constitution and elect officers. Following individuals were elected to the respective posts.

President ----- Ed Vick
Vice-President Don Koepnick
Secretary ---- Judy Johnson
Treasurer ---- Barb Bergsrud
All physical education minors are urged to be on the look-out for announcements of the next regular meeting.

STUDENT VOICE STAFF

LITTLE MAN ON CAMPUS

"NONSENSE, WE'RE ALL A LITTLE NERVOUS TH' FIRST TIME WE GET OUT THERE TO PLAY."

Pledge Song

With the halls of River Falls College filled once again, the College spirit is soaring high. This spirit is especially noted at all-school convocations, at which the pledge song is sung by all students.

The pledge song was written by Marvin Geere, former head of the music department, who was with the College at River Falls from 1923 until 1946. The words of the pledge song are as follows:

A PLEDGE

To thee, River Falls, we pledge all our love, And to thy banner floating above.

May we in passing add just a gem, To shine forever in thy diadem.

Student Senate Minutes

The Student Senate was called to order by President Hendrickson Oct. 23 at 6:30 p.m.

The secretary's report was approved as read.

The treasurer's report shows a deficit of \$2,087.05.

Richardson moved, Julien seconded that the proposed constitutions of the Liberal Arts Honor Society and the Diffi Club be accepted.

Motion carried.

The motion was made by Julien, seconded by Swan that we allot \$60 for one delegate to attend the Associated Collegiate Press Conference.

Motion carried.

Wayne Hendrickson and Bob Richardson will be delegates from River Falls to the United Council meeting on Nov. 18 at White-water. This council is made up of the State Colleges in Wisconsin.

Norrish moved, Hanson seconded that we make available a loan of \$100 to the Student Foundation Committee to bring Max Morath to the campus on Nov. 13.

Motion carried.

A motion was made and seconded that we adjourn the meeting. The meeting was adjourned at 8:15 p.m.

Respectfully submitted,
Linda L. Kirk
Secretary

New Student Co-op Offers Book Savings

Students will be able to save substantially on books by joining a newly-formed cooperative. The International Student Cooperative Union has already extended its services to members on several campuses throughout the country. ISCU was formed in a meeting in Chicago at the end of the summer.

The Union, like other cooperatives, is a non-profit organization, with policies determined by membership meetings. Rather than rebates, members get cash discounts when books are purchased. Discounts on technical and text books are 10 percent and 25 percent on other books, including most paperbacks. Any book in print can be ordered.

Life memberships in the cooperative are one dollar and are available to students and faculty; only members can order books. Memberships will be sold on individual campuses by agents of the cooperative.

Agents, who will also distribute order forms and deliver books ordered, will be paid on the basis

of members gained and books sold.

ISCU will encourage organizations on the campuses to sponsor its operations; providing publicity and helping to sell memberships. Student governments are preferred as sponsoring organizations, although other organizations can perform this function. Sponsors will be paid on the basis of members gained.

The agent and/or sponsor on each campus is given the authority for arrangements for the services to members on that campus: office space, hours, clerks, etc.

Individuals or organizations who are interested in helping to make the services of the coop available to students and faculty on their campus should write to: The International Student Cooperative Union, Inc. Room 506, 343 South Dearborn, Chicago 4, Illinois.

Order blanks and membership applications for individual or group orders can be obtained directly from the above address without contacting a campus agent.

All orders must be accompanied by payment for the full discount price (10 and 25 percent respectively of the publisher's list price), but the coop pays all postage charges. Delivery time varies from two days to two weeks from receipt of the order. Some orders, hardbound books delivered a great distance from Chicago, may require more time.

The first general membership meeting was held October 7 at Roosevelt University in Chicago. Future meetings will be held by delegates, each delegate selected by and voting for the members on his campus. Annual meetings of delegates will probably be held on the site of the USNSA National Student Congress.

'Mr. Pennypecker' On Sunday Eve At Little Theatre

"The Remarkable Mr. Pennypecker," a film sponsored by the Social Committee will be shown at 7:30 p.m. Sunday in the Little Theatre. The price is 25 cents.

This film is a portrayal of the successful head of a family who maintains offices in two cities and spends one month in each. Turmoil erupts when it is discovered that he is also maintaining a family in each city.

Clifton Webb, Charles Colburn and Dorothy McQuire star in the farce.

Messy, but funny, was Kangaroo Court as the freshmen were put on trial for initiation offenses against the sophomore class. This bevy of beauties have already payed for their crimes and are now cheering their classmates. The cheering was to little avail because only one freshman won his case. He was charged with dating too many freshman girls. His case was argued by Defense Attorney Dave Henderson who, in the past has been known as "Never-Lose-a-Case." (Photo by Bergene)

Ex Libre

by Patricia Henneman

Books, a source of learning, a medium of enjoyment.

Would you like to share your knowledge of our library books with your classmates?

Assuming that there must be someone who would like to share a recently read book, I began to look for a likely victim who was in the mood to expound.

This week, the "victim" is Allan Valley, a freshman from St. Paul. Al recently finished *A Casebook Of The Beat* by Thomas Parkinson.

The following is an excerpt of the discussion Al and I had of the book.

As the title signifies the book gives a factual history of the beat movement, its ties with European and Eastern religious rites, the type of people who participate, rituals and other pertaining factors.

An added feature of the book is a glossary of beatnik terms in the back of the book.

As to his reason for liking the book Al gave this: "It is a factual book, not hindered by a story line and instead of first giving you an acquaintance with the subject matter it is more of an unlimited source."

If you would like to tell others of a book from the College library that you liked and why you liked it, why not let me know and share your liking with your classmates through the Student Voice.

Lab Demonstration To be Next Week

The foreign language lab (278) will be open Tuesday and Thursday (October 30 and November 1) at 1:25 p.m. for faculty members who are interested in a demonstration of the facilities. Instructors may wish to compare this laboratory with the modern visual teaching machine. Both use the same principle of instruction: the student hears or sees the question, makes a response, and is immediately told the correct response, with which he compares his own.

Student Teachers Must File With Director by November

All students in Elementary Education who intend to enroll in Education 180 winter quarter 1961-62 must file their application with the Director of Elementary Student Teaching no later than November 10, 1961.

That "Experience is the best teacher" is being learned by fifty persons presently engaged in student teaching in the Campus Laboratory School. The task of transmitting the ideals, customs and knowledge of a nation to young people is a challenge being accepted by greater numbers of college students.

Currently, there is an urgent need for teachers and never has the demand and career opportuni-

ty been as great as is now centered in Elementary Education.

The field of teaching has long been occupied primarily by women. The American Educational scene is changing rapidly and with this change is presented a career opportunity for men. Evidence of the recognition of this professional chance at Wisconsin State College, River Falls is shown by the fact that one-third of the elementary education student teachers are men.

The new emphasis in education are reflected in Elementary Education opening up a wide variance in job opportunity such as supervision, administration, guidance, physical education, foreign language, etc.

Two Juniors Teaching At High School Here

Dennis Haller and Sheldon Schneider are now in a somewhat unique position for College juniors. Mr. Haller and Mr. Schneider are both teaching psychology at River Falls High School.

How Schneider and Haller received their positions is a matter concerned with the activation of the 32nd division. One of the instructors was affected by this activation and L. H. Dawson, superintendent of the River Falls Schools, began looking for a replacement. He could not obtain a qualified instructor of psychology and went to the state and asked for a special permit to recruit the services of a college student or students to fill the vacated post. The state issued the per-

mit and Mr. Dawson hired the two men.

Haller, 24, is from Ited Lake Falls, Minn. and is majoring in psychology. Schneider, 28, is from Minneapolis and also has a psychology major.

They began observing classes last week and began teaching on Monday of this week. They will teach until a qualified replacement is found. According to Haller and Schneider, this could mean that they will teach a week or the rest of the year.

A point of added interest is that neither man has ever practice taught and the one week of observation that they had last week was their first experience from the professor's side of the lectern.

Haller and Schneider

Point Provides Opposition For '61 Falcon Homecoming

The Stevens Point Pointers provide the opposition for the 1961 Homecoming game tomorrow afternoon at Ramer Field. The contest will feature the battle for the conference championship as Stevens Point is leading with a 6-0 record and the Falcons are in second place with a 4-1 record. Point has an overall record of seven wins and no losses compared to River Falls' five wins and two losses.

In mutual opponents Stevens Point has beaten Eau Claire 38-13, Oshkosh 33-6, and Stout 14-7. The Falcons have also defeated these teams but not as decisively with the scores of 7-6, 12-6, and 19-6.

Point has a powerful offensive unit which averages about 25 points a game. In the backfield are Bill Kuse at quarterback, Mike Liebenstein and George Rivers at halfbacks, and Paul Richter at fullback. Liebenstein, who was second in rushing two years in a row, and Kuse are one and two in the individual conference scoring race.

The purple and white give up touchdowns grudgingly as the defensive unit has allowed only 29 points in six conference games for less than five points per game.

This being the homecoming will be added incentive for the Falcons as they have lost only two homecomings since 1952. Having lost two homecomings in a row (Oshkosh last year, 14-6 and Eau Claire two years ago 9-6) Coach

Fran Polsfoot and his squad will be out to repeat the win over Stevens Point 35-20 in the 1956 homecoming.

Since 1922 the Falcons have lost only 11 times in 37 games with three ending in ties.

Basketball Prospects

All basketball prospects should report to the Karges Gym on Wed., Nov. 1 at 3:15 p.m. Those that have classes should report as soon as possible. You must furnish your own equipment.

I-M Football

by Ed Churchill

This week saw intramurals beginning to place several of the top touch football teams in favored positions. Not all information has been turned in for the games this week but that which is available shows the Lumberpilers pulling out a Falcon type victory over team No. 7 by the score of 6-0; Graham's graders took an overtime suicide game from the O's 20-14; the Chinese Bandits walked away from Greg Steffen's team by the score of 15-0. As far as the season stands there are several undefeated teams. These are the following:

| | |
|-----------------------|-------|
| Clear Lake Clods | 2-0 |
| Sot's | 2-0 |
| Cowards | 2-0 |
| Chinese Bandits | 2-0 |
| Lumber Pilers | 2-0 |
| Second Floor Plus One | 1-0-1 |

In the next few weeks some of these teams are going to meet out at Ramer Field for some good football. As of now this reporter favors last year's champions, the Lumberpilers to win all again. The Chinese Bandits are in good position to overthrow the crown defenders although any of the other top crews could dump these two and grab the championship for themselves.

Doyle takes a break

Welcome Alumni!

After the third week of team practice the Intercollegiate team has settled down to somewhat of an even team. In this week's practice there were only four two hundred games. Len Hofmann returned to the top five with his big 246 game and his 621 series. Both of these are tops so far. The other bowlers that held their positions in the top five are Vic Londo with a 191.8 average, Don Kizer with 183.2, Mike Lukowicz with 179.3 and John Cook with 177.7. Dick Pisk is following close with a 176.3 average. With this coming Tuesday as the last night of practice, there should be some hard fought contests to see who starts on the top five. We still need some fan support.

In the intramural side of the ledger the "All-Stars" put on quite a show. Vic Londo rolled a 550 series and paced the IC's plus one over the Crewcuts to put them in first place by themselves. John Cook had high game of the week with his mighty 203. The Braduwa's rolled the week's high team game of 529. They rolled passed the Elmer's Boys and slipped even with them in the standings. In other action the Tequila Kids come back alive and took two from the Minorgays.

Someone asked me where the names Braduwa's or Minorgays came from or what they meant. After much research I come up with this explanation. The three men on the Braduwa's happen to be Brad Goffin, thus the Brad part, Duane Anderson, thus the (du) part and Wayne Hanson, thus the (wa) part. The Minorgays arrived at their name in much the same manner. In fact, I think they got together with the idea. This team is made up of Mike Lukowicz, the Mi part, Norm Garlie, the (nor) part and Galen Pittman the (gays) part. So now you know.

Several columns ago I, the typewriter or somebody made the mistake of placing an added letter in Norm Garlie's name so that it came out Norma. I want to take this opportunity to apologize for this outrageous mistake (Norm made me do it).

In the "Regular" league the Sleepers woke up or something and tipped the maples (pins) for a record 1851 series to top the Intellectuals. Brad Goffin paced the Sleepers with games of 218 and 213 to take both high series and high game for the season. In the meantime the Gutter Dusters put together games of 775 and 820 to set the Alley Cats down. Barry Lindsey did the pacing for the G.D.'s with a 211 game. This placed the G.D.'s in undisputed first place. In other action the Scraggs managed to slip by the Pin Busters for two points.

Tapping The Sports Line

by Jim Norrish

It is doubtful that Point has scouted the Falcons since Coach Fran Polsfoot has installed the new spread formation. With the addition of some new plays this week it should be interesting to see how the Point defensive unit will attempt to stop the passing and running of Bob Dawson, along with the end sweeps of halfbacks Ed Vick and Larry Lloyd.

Upsets Last week

The underdogs were really in action in the Wisconsin State College Conference last week. Superior literally shoved the defending champs, Whitewater, all over the field in a 31-0 shelacking. Eau Claire rose to the occasion to dump La Crosse 20-13 and in what this writer thought an upset UW-Milwaukee dumped Oshkosh 14-6.

Since there will not be a Voice coming out Monday, Tapping the Sports Line will attempt to get back on the track after missing three predictions last week.

Next Weeks Games

| |
|---------------------------------|
| River Falls 26, Winona 14 |
| Eau Claire 26, Oshkosh 7 |
| Stevens Point 21, La Crosse 7 |
| Michigan State 27, Minnesota 14 |
| Purdue 20, Illinois 7 |
| Northwestern 14, Indiana 0 |
| Ohio State 27, Iowa 14 |
| Kansas State 30, Kansas 21 |

Falcons Hold Eight Championships In History of State Conference

by Ron Zirbel

With tomorrow's game River Falls will close out its 1961 conference season. There is a possibility that they could win a tie for the championship or at least finish second. Along this thought line comes the questions of just when did River Falls hold the conference championship before? How many times have they held it in the past?

There is no record of any athletics in school prior to 1910. There was no financial support nor did the administration encourage competitive sports. However, the college students joined with young men from the surrounding schools and areas and organized football teams as early as 1896.

In 1909 a definite policy of encouraging athletics was announced by the administration and members of the faculty were appointed to take charge of teams in both football and basketball.

The first championship was won in 1915. The team completed a difficult schedule winning all games scoring 169 points to the opponents 13, no team in the conference scoring a point against the River Falls team. The members of this team were — Captain Henry Schutte, Carl Eggebrecht, Otto Eggebrecht, Richards, Greeley, Williams, Finn, Guenther,

Morrow, Christean, English, Ethun, Dawson, Schellhouse, Chapman, and Mittermeyer. The coach was Mr. Ossie Salem, working as assistant to Athletic Director Mr. E. E. Swenson.

In 1916 the River Falls team repeated its feat of 1915 by again winning the championship. They scored 179 points to the opponents 14. This team was coached by Mr. H. E. Hayward, who acted as assistant to the Athletic Director. Members of the 1916 team were — Captain Otto Eggebrecht, Morrow, Rock, Cudd, Allard, Ethun, Fessenbecker, Lanzer, Lovell, Ryder, Vezina, Wigen, and Finn.

In 1921, Mr. William Chandler resigned as Athletic Director and was succeeded by Mr. Otto Eggebrecht, former River Falls football and basketball star.

In 1923, Mr. Eggebrecht took over the duties of football coach and in his first season (1923) as football coach his team won 4 out of 5 conference games, losing the last game of the season to Superior.

In 1924, River Falls' team resumed the record of football championships, winning the conference title in three consecutive years — 1924, 1925 and 1926. Mr. Eggebrecht's 1924 team made a very impressive record, not only defeating all conference rivals, but in addition two Minnesota

college teams. The season's score was River Falls 72, opponents 10. The personnel of the team was — Captain Mike Smith, Matt Nelson, Gardiner, Quandt, Pat Ingh, Hagen, Lawrence, Maier, Hardie, Hagemann, Heebink, Rademacher, Lowell Dawson, and O'Malley.

Upon Mr. Eggebrecht's resignation, Ted Cox, captain of the University of Minnesota football team of 1924, was appointed coach. The season's team (1925) with many players holding over from the previous year repeated winning the state championship. The final game against Superior was won by the decisive score of 33-0. The personnel of this team was — Captain Matt Nelson, Paulson, Quandt, Pat Ingle, Lowell Dawson, Rademacher, Hagen, Helwig, Lawrence Dawson, Gibson, Syverud, Zamjohn, Peske, Wiber, Wennerberg, Collins and Farrell.

In 1926 the team continued the championship record by again winning all games in conference competition, piling up the impressive total of 135 points to 13 by opponents. The personnel of this team was — Captain Paulson, Wennerberg, Lawrence Dawson, Lowell Dawson, Peske, Weber, Maier, King Helwig, Rodewald, Grahn, Wigen, Collings, Standish, N. Manion, Glass, Jensen, Segerstrom, Hagestad, Lueberg, Mc Donald, W. Clafin, Hunt and G. Manion.

It took twelve years to develop another championship team at River Falls. This came in the fall of 1938 with Mr. Emmett Lowery as coach. The River Falls' team won six out of seven games played in 1938, losing the opener to Mankato Teachers College in a non-conference tilt. Theodore Setterquist, now head of the Chemistry Department, was assistant coach. Stuart Larson was captain and was named to the All-Conference first team as center. Other members of the team who won berths on the All-Conference first team were Harold Blank at fullback, Donald Gille at guard, Lawrence Selvig at tackle and Leon Larson at end. Named to the All-Conference second team were Lloyd Frank at quarterback and Roger Togerson at halfback. The final and deciding game of the season was a hard fought game against the Superior Yellowjackets, with the Falcons coming out on top by the score of 20 to 13.

The Northern Wisconsin Teachers College Conference football championship returned to the lair of the River Falls Falcons again in 1947, after a lapse of nine years. Coach George Schlaggenhauf's 1947 Falcons smashed to an undisputed pennant on the strength of four consecutive league victories, finishing in front of the Superior Yellowjackets, whose one loss was sustained at the hands of the mighty River Falls eleven. River Falls scored 139 points to the opponents 59 and had a compiled record of 7 wins with one loss. The loss came in the opening game (as in 1938) against the St. Cloud team by a score of 6 to 0. Mr. Berger Kolberg from the chemistry department was assistant coach and Gordon Schock was Honorary Captain for the 1947 season.

The last championship team in the River Falls' history came in the fall of 1958. Coach Polsfoot, assisted by Ben Bergsrud and Don Page meshed the forward wall with a backfield that showed surprising speed, drive and deception. The Falcons had only two defeats. One at the hands of the Stevens Point Pointers (who we play tomorrow), in a non-conference tilt, and the other was against the Minnesota College Conference champions, the Mankato Teachers College in the final game of the season.

The Falcons placed four men on the all-conference football team to lead the league in number of players selected for the honor squad. They were — Juniors, end Jack Neuer, tackle Jim Carew and guard Dick Shimmel and sophomore halfback Mike Lauber.

PROJECTS OF THE BELL SYSTEM

range from the reaches of space

Unretouched line exposure shows Echo I communications satellite (long line) crossing the heavens right to left. Shorter lines are stars "in motion."

to the depths of the sea

Actual unretouched photo of telephone cable off coast of Florida.

Our job is providing communications of all kinds, wherever needed—whether in the northern snows to flash word of possible enemy missile attack, or in your home or college, or in serving the nation's business.

When we can't fill a need off the shelf, then we start fresh and create the answer to the problem. We've done that hundreds of times.

We began transatlantic radiotelephone service in 1927. Then we developed the

world's first undersea telephone cables to speed calls between continents.

We handled the world's first telephone conversation via satellite. And we have started development of an important world-wide communications system employing satellites.

When industry and government needed a way of gathering huge amounts of coded information from distant points, we were ready with our vast telephone network and Data-Phone, which can

transmit mountains of data at extremely high speeds.

And so it goes—Long Distance service, Direct Distance Dialing, the Transistor, the Solar Battery—a succession of firsts which goes back to the invention of the telephone itself.

Universal communications—the finest, most dependable anywhere—are what we deliver. Inside: for home, office, or plant. Outside: on land, under the sea, through the air.
