

'Manhattan Roof Garden' Prom Theme

Rod Aaberg

"Manhattan Roof Garden" is the theme of the 1959 Junior Prom which will feature the music of Rod Aaberg and his orchestra. The dance will be held in St. Bridget's Gymnasium on Saturday, May 16.

Reigning over the event will be Prom King Arnie Kaluzny, junior from Milwaukee, and his Queen, Harriet Kettlekamp, junior from River Falls.

The Aaberg band was named "Band of the Year" in 1958 in a contest sponsored by the AFL Musicians' Union in a five-state area. This month the group was named "Band of the Month" by radio station KSTP. The band annually plays engagements at

more than thirty colleges and universities in the Midwest and makes numerous appearances at ballrooms, hotels and clubs. The 14-piece orchestra has appeared with Nat King Cole, June Valli and the Crewcuts and has made recordings with some of the other top singers of the nation.

A student at the University of Minnesota, Rod Aaberg received his Bachelor of Science Degree from that university and is working on his Master's Degree at the present time.

Dancing hours are from 9 p.m. to 1 a.m. Tickets priced at \$2.50 per couple may be purchased in the cafeteria or at the door.

REIGNING OVER SATURDAY'S "Manhattan Roof Garden" will be Arnie Kaluzny and his queen, Harriet Kettlekamp.

Sculptor, Poet Discuss Works During 'Arts Week'

The second annual "Festival of the Contemporary Arts" drew to a close Sunday afternoon with a concert by the River Falls Symphonic Band. Featured speakers during the week were Howard Nemerov and John Rood.

"Poetry is rather like a joke," said Howard Nemerov, poet, short story writer, and novelist last Thursday at 2 p.m. in North Hall Auditorium during an all-school convocation.

Speaking on the theme "The Sense of Poetry," Mr. Nemerov said, "The development of meaning in the process of literature can be identified as being similar to the operation of jokes."

"Jokes and poetry are mental products. They lead to something," he said. Halfway through hearing a joke he felt that he already knew the punchline, but wanted to hear the end anyway, he told the audience.

"Many people believe that poetry is lax," he commented. Pointing out that poetry also has a side of seriousness, Mr. Nemerov continued, "Funny and serious' are not opposite in poetry; they work together."

"This seriousness in poetry can be found by pondering on it," he said, adding, "I wouldn't limit poetry to something that rhymes. It also has a mental operation."

He said, "In literature, your attention is carried forward by the phenomenon of suspense. You know that either one thing or its opposite is going to happen."

"The joke, like the poem, has to do with the release of something that is forbidden. If it didn't have the wit to go with it, you wouldn't dare say it," he emphasized.

A coffee hour sponsored by the N.C.T.E. followed his speech. Mr. Nemerov autographed his books

purchased by students at this time.

"The art of our time must be viewed in relation to the present and not contrasted to previous works," said John Rood Tuesday night at his appearance during the Fine Arts Festival.

Mr. Rood, noted sculptor, spoke on the topic "Art of Our Time".

Motivation is the primary factor in works of art Mr. Rood said. This is observing some event such as a flight of swallows, re-

'Plant Pathology' Topic At Convocation May 18

Dr. James Jensen, provost and professor of botany at Iowa State College, Ames, Iowa, will speak at an all-school convocation on Monday, May 18, at 10 a.m. in North Hall.

"Plant Pathology" will be discussed by Mr. Jensen, who has done extensive work in the field of botany.

Born in Madison, Neb. in 1906, his name has appeared in the Who's Who and American Men of Science. He received his B. S. degree from the University of Nebraska in 1928 and his M. A.

from the same university in 1930. He received a fellowship to study at the Rockefeller Institute and Columbia the following two years. In 1935 he was awarded his Ph.D. in plant physiology from the University of Wisconsin.

Mr. Jensen has served as assistant plant pathologist at the Sugar Club Experiment Station in Cuba, an agriculturist at Brookings Institute, and worked with the Atomic Energy Committee in 1948-49. He has been teaching at Iowa State College since 1953.

HOWARD NEMEROV talks with Dr. Chisholm, head of the English department, and Dr. Jurgens of the German department at the coffee hour following his convocation address last Thursday.

The Editor Speaks . . .

This year's student senate elections will give the student body an opportunity to question the candidates running for election in regards to their interest and plans for student government.

Tuesday, May 14, at 10 a.m. in the North Hall Auditorium the candidates will be introduced before an all-school convocation. After this introduction the student senate hopefuls will be open for questions from the audience. This type of a session should give the student body a better idea who will be a conscientious student senate member.

Of the thirteen candidates up for election, seven are members of the senate now. Three of the present senate members must be re-elected.

Also up for vote — and printed elsewhere in this issue — are the proposed amendments to the constitution. These are the amendments which were voted down at the last election. They have been revised by a committee of senate members and interested students.

Student senate members and the constitution are two of the things which govern us and our school. We can fulfill our obligation best by voting Thursday.

Critics Corner —

"The Flies"

by Suzanne Christenson

An excellent contribution was made to the Festival of the Contemporary Arts in the Alpha Omega production of Jean Paul Sartre's *The Flies*.

Sartre, an existentialist philosopher and writer, is known for his interesting but extremely wordy writing of his idea of contemporary philosophy. *The Flies* is an example of his didactic hammering of the existentialistic idea of the individual determining and justifying his own existence.

He has taken Greek drama as a basis and applied and interpreted existentialism through this.

This could have easily become a lengthy and stifling ordeal for the audience but as presented, it was stimulating and it moved. This was due to the quality of acting which persisted throughout most of the play.

Outstanding was Taloa Starr as Electra, the daughter of the murdered Agamemnon, who has lived solely for the purpose of revenge and is destined to realize this and the remorse of committing an act without being able to take the responsibility and consequences. Miss Starr's stage presence, grace, and charming vivaciousness gave life to Sartre's long speeches. She remarkably kept up her spirited portrayal throughout the evening. There was evidence of a great deal of thought and study in her portrayal and development in herself as an actress.

Norbert Teclaw playing Zeus was excellent as the awe-inspiring Olympian god. He was a commanding Zeus with a voice that was powerful without the appearance of forcing it.

Orestes, Gerald Johnson, displayed an effective change from the mild peaceful boy to the avenging individual. Mr. Johnson seemed handicapped, however, in his lack of movement and general restraint.

In his first appearance at River Falls, Doug Johnson, the Tutor with his smiling skepticism, nicely portrayed the outsider to the plague of remorse which infested the others. His occasional strange humor gave relief from the other long speeches of the others.

New Senate Amendments Up For Vote Thursday

EDITOR'S NOTE: The student body at large will vote on the following amendments to the Student Senate Constitution in conjunction with the Senate election Thursday.

These amendments were drawn up by a committee from the Senate and the student body at large. They may be compared with the former proposals published in the April 13 edition.

ARTICLE II — Membership

Sec. 1: Seven members shall be elected by the student body at large. The remaining four members shall be the class presidents. Of the eleven members in the Student Senate, three of the incumbents must be re-elected to the next year's Senate, unless there are not three returning members.

Sec. 2, paragraph 2: To become a candidate, a student or his representatives shall obtain a petition from the Dean's Office to be signed by 50 students and returned at least three days prior to the election. A student may sign more than one petition. Each candidate must have a grade-point average of 2.0 or better.

Paragraph 4: Incumbents shall automatically be placed on the final ballot without petition. If the number of petitions totals more than 12, there shall be a primary election of all new candidates to reduce the final ballot to 12 new candidates plus the incumbents.

ARTICLE IV — Meetings

Sec. 1: The Student Senate shall meet in an office designated by the President of the College at a regular hour, weekly, with the exception of the week of final tests, when school is in session. A quorum shall consist of six members. The President shall call special meetings when he deems necessary.

Sec. 2: Student Senate meetings shall be open to concerned spectators. The Senate, by two-thirds vote of members present, may bar spectators during discussion of the qualifications and selection of candidates for such positions as Homecoming or Winter Carnival Committees, and scholarship awards.

Sec. 3: A roll call vote may be called for on any non-unanimous decision.

ARTICLE VII—Duties and Powers

Sec. 1: All assemblies and convocations must be scheduled and cleared through the Deans' Office and the Social Committee. The Student Senate has the right to call assemblies which it deems necessary, such as Homecoming presentations.

(The following clause shall be inserted in the first paragraph

of both sections four and five, which concern Homecoming and Winter Carnival committee selection).

Candidates shall be judged on basis of campus contributions and leadership, originality and responsibility. Candidates must have a minimum grade-point average of 2.0.

Sec. 8: c. Each organization shall file a constitution and any constitutional amendments with the Student Senate. The Student Senate shall approve all constitutions before an organization is recognized on campus for use of school facilities and inclusion of its activities on the school calendar.

d. New officers of campus organizations shall be elected by the eighth week of the spring quarter. A list of the officers and advisors from each organization, including classes, shall be filed with the Student Senate within one week after election.

ARTICLE VIII—School Elections

All-school elections will be by secret ballot only. The elections must be supervised by members of the Student Senate, or appointed representatives. Any student may witness the tabulation of the results, except for secret elections such as Homecoming queen or Winter Carnival king.

ARTICLE XI

Student Advisory Council

Sec. 3: The Student Advisory Council will act in an advisory capacity only, bring the ideas, views and needs of the students to the Student Senate. The Student Senate President shall report to SAC on any actions taken on suggestions made at SAC meetings.

(ARTICLE X has been deleted, since its function is covered in the proposed amendment to section one of ARTICLE VI. Therefore, what formerly was ARTICLE XI, is now ARTICLE X.)

ARTICLE X

Amendment Process

Sec. 1. Any student may propose amendments to the Student Senate Constitution for consideration by the Senate.

Sec. 2: Amendments shall be ratified individually by a two-thirds majority vote of the Student Senate, and incorporated into the Constitution by a two-thirds majority vote of the student body, providing one-third of the student body votes.

Sec. 3: Proposed amendments, together with the standing Constitution, must be published in *The Student Voice* at least three days prior to the student body vote on said amendments.

'Falls Golfers Win Third at Invitational

The Falcon golfers in a busy slate of road matches last week tipped St. Olaf 8-7, came in third at the 13 team St. Cloud Invitational and lost to Winona and Eau Claire in a triangular.

Ben Bergsrud's number one man, took medalist honors Saturday at Northfield shooting a three over par 73. Other point getters in the linksmen victory were Jim Hallen and Val Barrows each carding 78s.

Tuesday in the tri-team meet at Winona the Falcons lost to the host squad 11½-6½ and to Eau Claire 10½-4½. Barrows shot a torrid second round (33) to tie for medalist honors.

Macalester walked off with the St. Cloud Invitational Thursday totaling 404 strokes. River Falls was ten strokes back in the third place spot with 414. Jim Hallen took honors for the Falcons with an 80.

The golfers have three matches left as next week they travel to Carleton on Monday and to Stout Saturday. May 25 will be the final outing of the season as they travel to the Conference Meet at Green Lake.

BASEBALLERS WHIP BETHEL ROYALS 6-3

by Tom Barry

River Falls came from behind, scoring five runs in the sixth inning, to edge Bethel in a game called at the end of 6½ innings because of rain. This non-conference victory avenged an earlier loss to the Royals at Ramer Field.

Bill Freeman, ace Falcon southpaw, was on the mound for the Pagemen and held the Royals to two hits while recording seven strike-outs in the 6-3 victory. Russ Adelman again drew the hurling assignment for Bethel and was rapped for five hits while giving up six runs.

R F Track Team Captures Quadrangular

Falcon Athletes Face Busy Week With Bluedevils

"Clout Stout" will be the cry of the Falcon athletes this week as the golf, tennis, and baseball teams all travel to Menomonie to engage in action with Stout. Rivalry with this nearby school has always been keen and competition will be especially fierce this Saturday since both the baseball and tennis teams have lost to Stout once already this year.

The golf team was more fortunate having dumped the Bluedevils in a match on the River Falls course by a score of 14½ to 3½, three weeks ago. Jim Hallen, Ralph Ryan, Jerry Stern, Jerry Derleth, and Val Barrows will be teeing off for the Falcons in a match that starts at 1:00 on the Menomonie Country Club course.

George Johnson's tennis team has lost two straight to Stout and will probably rank as underdogs in their match Saturday. Johnson will probably go with Steve Sandburg, Keith Ronningen, Bill Hanley, Jim Segerstrom, and Al Rosenthal in the singles. Sandburg and Ronningen remain as the chief doubles threats with Rosenthal teaming with Bob Graham in the other partner event.

River Falls' baseballers have a twin bill on tap with the Bluedevils starting at 12:30 at Waukanda Park. Mick Lauber and Bill Freeman rate the starting nod on the mound for Don Page's crew. Stout split in an earlier twin bill this season winning 13-2 and bowing to Charlie Johnson, 6-1.

The diamond men also have a twin bill with Superior tomorrow. Johnson will probably start the first game and Gordie Hoff will undoubtedly twirl the second. Game time is 1,00 in the northern city.

Fran Polsfoot's track squad faces a tough slate of opponents in the annual Bi-State Invitational meet being held at Winona this Saturday.

RF Nine Drops Twin Bill Out On A Limb

by Ed Schlumpf

At the recent conference of the Wisconsin College Publications Association held at Stout, we became involved in a highly informative discussion with the sports editors of the Stout, Eau Claire, Stevens Point, and Superior newspapers. Despite a few choice words made by the writer concerning Point's conference football "champs", the meeting came off smoothly and several things were hashed over.

Most significant of the suggestions was a plan to increase the rivalry between River Falls and Eau Claire football teams by setting up some sort of a traveling trophy. Noting the intense spirit surrounding the "Little Brown Jug" and other such trophies we wondered aloud if this kind of interest builder wouldn't work on that state college level. The Superior representative said it would, adding that Superior and Duluth Branch play for "Gertrude the Goose" each fall.

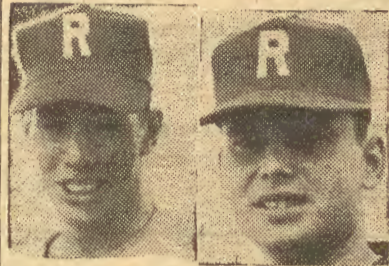

Neither Maurice Wozniak, the Eau Claire sports editor, nor I could think of what kind of trophy might be used so we decided to make a plea through our newspapers and see if some student couldn't come up with an original and novel idea. The idea caught on quickly with Falcon coach Fran Polsfoot who suggested a blue and gold cow named "Bossy Blugold". If you have an idea let me know personally or by dropping your suggestion off at the Student Voice office.

Should our plans to purchase a live Falcon as a mascot succeed, River Falls will have scored another first much to Eau Claire's dismay. When told of our plans, Eau Claire editor John Durand snorted, "We'll buy a Blugold and twice as big." He failed to mention what one looked like, however.

The Falcons baseball team lost a doubleheader to La Crosse Saturday 6-1 and 8-2.

In the first game Jerry Kohn and Charlie Johnson were locked up in a tight pitching duel until the third when Johnson caught a shoulder high fast ball and lost the ball over the left field fence.

The Indians came storming

Halverson

Gombold

back in their half of the inning to knot the score and then went on a clinch the ball game. The double loss virtually eliminated the Falcons from the baseball race. La Crosse cemented their league lead with a 5-1 record.

9. In choosing a filter cigarette, would you (A) pick one that (A) claims it filters best? (B) merely says it tastes good? (C) gives you a thinking man's filter and a smoking man's taste?

If you're the kind of person who thinks for yourself . . . you use judgment in your choice of cigarettes, as in everything else. Men and women who think for themselves usually smoke VICEROY. Their reason? Best in the world. They know that only VICEROY has a thinking man's filter and a smoking man's taste.

*If you have checked (B) in three out of the first four questions, and (C) in four out of the last five . . . you think for yourself!

Familiar pack or crush-proof box.

The Man Who Thinks for Himself Knows — ONLY VICEROY HAS A THINKING MAN'S FILTER... A SMOKING MAN'S TASTE!

Before speaking Mr. Rood showed a movie, *Metamorphosis*, which provided a visual background to his views.

SENATE—

(Continued from page one)

Thomas Motley, freshman from Alma.

The candidates will be introduced to the student body at an all-school convocation in North Hall auditorium at 10 a.m. Tuesday, May 12. At that time, they will be open for questions from the students concerning their interest and plans for student government.

The proposed amendments to the constitution are published elsewhere in this issue. They were drawn up by a committee from the Senate and the student body at large after a former attempt at amending the constitution failed due to lack of the required one-third of the students needed to validate the election. Students should refer to the Constitution published in the April 13 issue in comparing the amendments.

HAMILTON—

Ian Stewart Hamilton could pay to this campus she did with much exuberance — in the interest she gave to many individuals. The week she spent here was very rewarding to many students and faculty members.

ARCHIMEDDES

makes another great discovery...

It's what's up front that counts

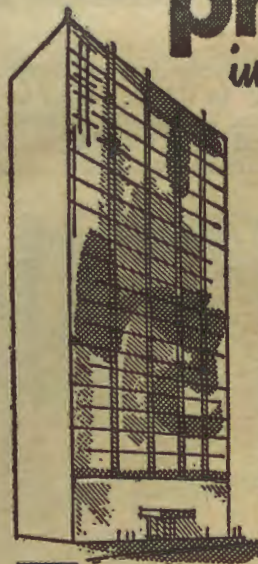

You can reproduce the experiment. It's easy as π . (Yes, you can do it in the bathtub.) Assuming that you have first visited your friendly tobacconist, simply light your first Winston and smoke it. Reasoning backwards, the discovery proceeds as follows: first, you will notice a delightful flavor, in the class of fresh coffee or of bread baking. Obviously, such

flavor cannot come from the filter. Therefore, it's what's up front that counts: Winston's Filter-Blend. The tobaccos are selected for flavor and mildness, then *specially processed for filter smoking*. This extra step is the real difference between Winston and all other filter cigarettes. Besides, it's why Winston is America's best-selling filter cigarette.

"Eureka! Winston tastes good... like a cigarette should!"
