

Happy Birthday cake is served to Linda Johnson, sophomore from River Falls, and Becky Junkman, sophomore from Wisconsin Rapids as they help celebrate the Student Union's second birthday party. The celebration, Saturday afternoon and evening, featured free games in the Union basement; a floor show featuring "Bud" Jacobson, professional pickpocket and comedian; and an evening of dancing.

Dormitory Officers Beginning New School Year Duties

The ballots were cast, the votes counted, and the new dorm officers are working in full swing. Before school dismissed last spring, elections for dorm officers in each of the respective dorms. The officers are elected for the school

year of 1961-62, and their duties are to lead the dorm councils in business meetings.

The new officers for Hathorn Hall are: Barb Bunders, president, Rosella Aabert, vice president, Carol Christiansen, treasurer, secretary, Delores Dahl.

Prucha Hall officers are: Keith Olson, president, Chuck Williams, Vice President, Harry Anderson, Secretary, Tom Knutson, Treasurer.

Stratton Hall's government consists of John Prossett, president, Brad Taft, Vice President, Morgan Graham, secretary, Bob Kosenbrook, treasurer.

An inter-dorm council is being planned and will set up soon. The purpose of this council will be to plan campus events for weekends and to stimulate interest in weekend events so that more students will remain on campus over the weekend. This council will be composed of the president and vice president of each dorm with the Resident Counselors serving as advisors.

Contest Will Determine Slogan for Homecoming

A contest to choose a homecoming slogan will run this week beginning today and continuing through Friday. The contest is open to all students, and features a five dollar prize for the best slogan submitted.

The homecoming game will be played on October 28 against the Stevens Point Pointers. The Pointers colors are purple and white.

The ballot box will be located in the Student Center Lounge.

Last year's slogan for the Homecoming game against the Oshkosh Titans was "Squash Oshkosh." Two years ago the slogan was "Blugold Blackout" with the Falcons playing Eau Claire.

About 45 Students In Activated Guard

Approximately 45 River Falls State College students will be withdrawn from school because of last week's activation of the 32nd Infantry Division of Wisconsin, according to Dean of Students R. J. Rosehnal. These men are expected to report for active duty October 15 and will leave October 29 to train at Fort Lewis, Washington.

Mr. Peter Muto, professor of physical sciences, will be on a one year leave-of-absence from the College to assume his post as a captain of the River Falls unit which is a headquarters battery of the 121st artillery.

Defense Secretary McNamara, announcing the new call-up at a news conference, described it as another readiness measure in the light of world conditions. Asked if it indicated a worsening of the Berlin situation, he replied: "No, I think not."

There has been speculation that when these and other previously alerted divisions were called up it would mean the United States planned to send more regular divisions to Europe. But McNamara said "no decision has been made to send any divisions to Europe."

Following is a partial list of home town units of the Wisconsin National Guard's Red Arrow division being called to active duty in the Berlin crisis:

- Abbotsford Battery A, 2nd Howitzer Bn., 121st Artillery.
- Arcadia, Co. C, 1st Battle Group, 128th Inf.

Groups to Have Friday Deadline For Directory

Any campus organization which wants to be listed in the 1961-62 Student Directory must turn in a list of officers no later than Friday, Sept. 29, according to Directory Chairman Patrick O'Connell.

The list should contain the complete name of the organization and a list of officers for the 1961-62 year. List may be placed on the spindle on the Meletean desk in the Student Voice office. Organizations which have not turned in their list of officers by the Sept. 29 deadline will not be listed in the Student Directory, O'Connell stated.

Honors Course Will Begin Year Tomorrow Night

A short organizational meeting for students interested in the honors course is scheduled for 7 p.m. Tuesday, Sept. 26, in the Library Faculty Lounge (next to the textbook library).

A reading assignment will be made and this year's program will be discussed. Students who have not previously indicated their intention of enrolling in the course are welcome to attend Tuesday's meeting.

Films Are Coming From 7 Countries

Outstanding films from Great Britain, Canada, Sweden, Japan, Italy, the Soviet Union and France will be brought to the campus this year through the joint efforts of the Falcon Film Society and the Foreign Students Association.

A total of nine films will be sponsored by the two organizations. All those in foreign languages will have English subtitles. They will be shown throughout the year at 7:30 p.m. in North Hall Auditorium.

Season tickets will go on sale shortly at \$3.50 each and patron tickets will be sold at \$5.00 each. Single admissions to the performances will be 50 cents.

The following list for this year has been announced:

BELLES OF ST. TRINIAN'S—Monday, October 9 — The movie is a British farce which stars Alastair Sim who plays a dual role as the headmistress of an English girls' school and her horse racing brother. St. Trinian's is one of the oddest schools imaginable—a hotbed of perfectly awful teachers and horrid little uninhibited scholars who make gin and chemistry class, bet on

horses and cheat outrageously at field hockey.

FAME IS THE SPUR — Wednesday, October 18 — This film stars Michael Redgrave as a Manchester mill-town boy who rose to the British Cabinet. The story is told against a panorama of political England from the 1870's to Ramsay MacDonald's national government. Redgrave portrays a liberal spokesman who sheds his ideals during his rise to power and wealth. The film also shows the struggle for women's rights in England.

OEDIPUS REX — Monday, November 20 — A Tyrone Guthrie production, the film is in color and stars the Stratford Ontario Shakespearean Festival Players. It is based on W. B. Yeats' version of the Sophocles tragedy. Thornton Wilder described it as, "a distinguished production and a revelation of new possibilities in the motion picture." Gilbert Seldes wrote, "It is one of the handful of great movies ever made."

CRY, THE BELOVED COUNTRY — Wednesday, December 6—

First a best-selling novel, then a hit play, the story has been made into a motion picture by the British producer, Zoltan Korda, starring Canada Lee. The movie portrays a simple country priest drawn to the city in search of his son whom he discovers has been sentenced to death for murder. Photographed in South Africa, the camera has taken full advantage of Johannesburg slums in creating a mood of rejection and despair.

SAWDUST AND TINSEL — Tuesday, January 18 — Written and directed by the famed Ingemar Bergman, this Swedish film is a circus drama. A reviewer for the New York Herald Tribune writes, "This is the sort of film which Swedish movie makers do very well. It has a certain sombre beauty and distinctiveness. It is very well acted and it is photographed with a sensitive eye for human detail. . . . Writer-director Ingemar Bergman has composed his scenes with a brilliant sense of irony. . . . Above all, Bergman has caught the irony of circus life that has fascinated so many artists."

UGETSU — Thursday, February 15 — This story takes place in 16th Century Japan and concerns two peasant neighbors who see the opportunity to fulfill their own desires in the confusion of fighting and pillaging by feudal armies. Each travels to the city; the potter hoping to become rich and the farmer craving military glory. Ugetsu is brilliantly made, its scenes alternating between the violence of the military and the magical, eerie quality of the magnificent Lady Wakasa sequence. Reality and hallucination are blended so adeptly it is difficult to tell where one ends and the other begins. The over-all effect is an "other-worldly" feeling of awe.

SHOESHINE — Wednesday, March 14 — Directed by Vittorio de Sica, the film is one of the giants of the post-war Italian neo-realist school. The main figures are two ragged bootblacks of post-war Rome whom De Sica found on the streets. Caught between poverty and adult apathy, the children deal in the black market and are sent to a reform school. Their moving friendship

ends in tragedy, for they are unequal to the pressure around them.

THE INSPECTOR GENERAL — Monday, April 2 — With its entire cast from the Moscow Art Theatre, the film is based on a play by Nikolai Gogol. It is a satire on provincial corruption in Czarist Russia and has been performed on almost every stage in the world. The film has Russian dialogue with English subtitles.

TOPAZE — Thursday, May 10 — Starring the famous French comedian, Fernandel, the film was written, produced and directed by Marcel Pagnol. The story turns upon a school teacher's discovery that the copybook maxims he has been teaching, about money being the root of all evil and bringing anything but happiness, are not the aptest guides for the conduct of one's life. By reversing them he achieves all he has missed previously: wealth, friends, a decoration from the inspector and a beautiful mistress.

In conjunction with these feature-length films, a number of short documentaries from various countries will be shown from time to time.

The Editor Speaks . . .

Dear Suitcase Students,

Welcome back to "school." We hope that you had a lot of fun playing with all of your neighborhood friends and did all those things that nice little children do.

We hope that your "mommy" gave you a lot of nice big kisses on your cheek and fed you all of your favorite foods because she was so happy to see her little baby that had been away from home for a whole week.

You no doubt had a good deal of fun playing with the toys that you had to leave at home because you didn't think it would be a very good idea to take them to school where there are so many other children to break them and handle them rough. It was probably quite hard to leave home after such a happy weekend and come back to "school" where nobody wants to play with blocks or toy trucks.

Be big and pretend that you don't want to either and you can have all kinds of fun fooling the other people around the "school" and making them think that you are just like they are, big, grown-up college students.

Here's a little hint for all of you. There are often many things happening around your "week-time" school on weekends that might be a lot of fun if you could possibly stay away from your "mommy" for two long weeks.

The next time you go home why don't you ask your "mommy" if you can stay some weekend. I'm sure that she'll let you and if you have fun you can write her a letter and tell her about it and she would probably let you stay down a lot of weekends to play "grown-up" games.

New Language Laboratory in Operation

Lab Booths Draw 103 to Language Fields of Study

by Shirley M. Olson

The foreign language department at River Falls this year lists a total of 103 students enrolled in the various German classes and a total of 88 registrants in French.

The newly completed language lab, in use for the first time this quarter, is open for practice by the students 16 hours a week. A schedule of these hours is posted next to the lab (27S). Two student assistants are in attendance whenever the lab is open to help the students put on new tapes or to assist them with other technical problems.

Organizational meetings for both French and German are held monthly on campus. The German Club meets every second Wednesday of the month, and the Cercle Francais every third Wednesday. Anyone interested in the language and culture of these two countries is invited to attend.

River Falls offers a major and a minor in both French and German, and may offer additional languages in the future, as the supply of foreign language teachers is much smaller than the demand, especially with the increased emphasis on the instruction of foreign languages in the elementary grades.

Tape recording facilities in the new language laboratory are explained to Muriel Hanson, junior from Spring Valley by Dr. Ernst Jurgens, German professor.

'Bonjour' and 'Guten Tag' Familiar Local Greetings

by Sharon Holden

The typical greetings of "bonjour" and "guten tag" by foreign language students at Wisconsin State College at River Falls seem a little cheerier this fall as they enter their brand-new, mahogany-laboratory in the basement of South Hall, the oldest building on campus.

With facilities for 30 students, the laboratory was just completed this fall and is in use for the first time now. It is a pleasant improvement for language students who are used to classes in regular classrooms with one tape recorder and two phonographs as the only extra facilities.

The new laboratory, which once was a student lounge before the construction of a new Student Center building made it obsolete, contains 30 individual booths, each equipped with a tape recorder capable of recording on two channels.

From the master control room, four different programs can be channeled simultaneously into any booths. The instructor in charge can listen in on any or all of the booths; he can talk to any of the students; and he can make recordings from the control room of the voice of any student.

Sound from the sound track of a film shown in the laboratory can be transferred directly to the earphones of each student, eliminating outside distractions and allowing the student to adjust the volume to suit his ear.

Other new language facilities include a seminar room, a store-

room for tapes and records, an office for the College's two language professors and a recording room in which master tapes for both learning and testing procedures can be made.

Approximate cost of the entire project was \$16,000. The materials used in the project were set up by Marvin Kirst, a state electronics engineer. Kirst, who has done work in a number of other language laboratories, calls the one at River Falls "the best in the Northwest."

"The language laboratory provides the student with almost limitless possibilities for learning the aural-oral phases of a language," French teacher Dr. Jay Gossner said. "He has immediately at hand a variety of native speakers to imitate, the means of comparing his own pronunciation with that of native speakers and the facilities for learning speech patterns by constant oral repetition and correction."

Dr. Ernest F. Jurgens, German teacher at River Falls, commented, "The language laboratory will help students a great deal in learning to speak and understand a foreign language."

The laboratory is open 20 hours a week, in addition to regular laboratory classes, so that students may come and practice in their free time.

The language department hopes to offer more languages in the near future. Plans are being made to obtain tapes of other languages for interested adults.

U W Professor James Archer Wilson Selection Chairman

A University of Wisconsin psychology professor has been named chairman of the selection committee for Woodrow Wilson Fellowships in this area.

He is Dr. E. James Archer, who just returned to Madison this month from Cambridge, England, where he worked under a grant from the National Science Foundation with the Applied Psychology Research Unit there.

This region, which extends from Iowa to Saskatchewan and from Wisconsin to the Dakotas, elected 98 Woodrow Wilson Fellows for 1961-62. One of them was James DeMarce of Spring Valley, who was graduated from River Falls State College last June with a major in history. Mr. DeMarce subsequently accepted a Fulbright Scholarship for study in Germany.

U M Social Studies Meet Invites RF Teaching Director

Dr. Allan Siemers, Director of Secondary Student Teaching has been invited by the University of Minnesota to represent the National Council for the Social Studies at a National Conference on Curriculum Experimentation to be held on the Minnesota campus September 25-28. The Conference is designed for those educators interested in curriculum experimentation and evaluation, for professional societies, public and private supporting agencies, state departments of education, and citizens' organizations actively interested in improvement of elementary and secondary schools curricula. It will be conducted by the Center for Continuation Study in cooperation with the Minnesota State Department of Education, U. S. Office of Education, and the National Science Foundation.

The Conference is designed to define the national interest in curriculum research and development, to exchange information on current curriculum problems, and to recommend means for coordination, planning, and dissemination of information in the field of curriculum research.

The four-day session will include attention to broad national problems as well as specific con-

cern for teacher education curriculum, school staff utilization, and sociological problems. On Monday night Ralph Tyler, Director, Center for Advanced Study in the Behavioral Sciences, Stanford University will address the group on "National Planning and Quality Control in Education." Other key speakers include Harry Kelly, Assistant Director, National Science Foundation, and J. Boyer Jarvis, Special Assistant to the U. S. Office of Education.

In a preliminary questionnaire from the University Dr Siemers expressed special interest in discussion areas concerned with "teacher education" and the "curriculum as a whole."

Library Music Facility Told

by Patricia Henneman

Beginning with its advent as a coarse sound produced by primitive man to the current pop tunes that are beamed daily across the continent, music has become an integral part of our lives.

It is no wonder that music would eventually be employed as a means of further educating the youth in our schools.

For instance, using the musical resources of our college library as an example; by simply obtaining the listening room key at the desk and finding the desired records you can go to the second floor listening room and study numerous works of Shakespeare, and poetries. Or, maybe you are in ornithology, for you, there are recordings of various bird calls, and for those interested in dialects, folk music, jazz, or popular music, the shelves abound with albums to suit you.

There are even records for those who like the unusual such as an album of music produced by electronic means only.

The offers of the listening room await you.

Music Department Needs Members

by Virginia Freitag

Both the instrumental and vocal departments on campus are looking for more students to join their organizations. Dr. Abbott, college band director, has issued a "help wanted" call to all musicians, especially those who play the French horn.

At least six more French horn players are needed. This includes "anyone who knows how to hold a French horn and blow into it." Reasonably skilled performers are preferred, but Dr. Abbott stated that he will accept nearly anyone.

Vacancies also exist for those who play an alto clarinet, a baritone saxophone, a trombone, or percussion instruments. Clarinet players are always needed. Anyone who is interested should contact Dr. Abbott in 119S.

Mr. King, vocal director, is also in need of more members for the second bass section in choir. He is also looking for an accompanist. Contact Mr. King in 17S.

At the present time the choir is preparing its repertoire for the annual Christmas Music Festival to be held the last Monday before Christmas vacation.

B. J. Rozehnal Discloses Final Dates for Filing Officers, Payment Lists

Rose Anne Johnson

Dean Rozehnal made the announcement that all campus organizations must file an up to date list of their officers in the Dean's office. This must be taken care of by Sept. 31.

The Dean wants to remind all students on the school payroll that they must have a part time employment application on file in the Dean's office. No checks will be issued until this requirement is met.

Letter to the Editor ...

Further Foreign Aid Evils Exposed by Maylayan Student

Dear Editor:

As a fellow foreign student, here, I support Mr. Mahsood in his saying of the evil ways in which American foreign aid is used.

Every time the U.S. government gives aid (in the form of money) to an underdeveloped country, the money is from the taxes that 'you' (the Americans) pay. Then, why can't 'you' ask how the money is used up. An example of the way it is used was given by Mr. Massood. Now 'you' know the evil way in which it is used. It is up to 'you' to see that the money is put to good purpose or no aid at all. Do the Americans know what the people in underdeveloped countries think of the Americans after seeing the 'aid' used in evil ways. They say that America is helping Dictators and Tyrants, etc. have a better grip on the common people with American Aid (in other words enslaving them).

A simple example is the coming into power of the Socialist party in the small island of Singapore which is one-half mile off the southern coast of Malaya. In 1955, the Democratic Party was elected into power. Sometime between

1955 and 1959, the party in power got one-half million dollars (Mal.) as aid from the Catholic church in U.S. None other than party members knew about the party and just before the 1958 elections, a commission of inquiry was set up to look into this question. It was found, that the money had been invested in a tinning industry in the name of the party members and they were collecting the interest. As you can imagine, the party lost in the following elections and in its place the Socialist party came to power.

That is one minor example. I am sure there are better examples than this one.

I am sure there are better ways of giving foreign aid than in cash and see it used in evil ways.

So, its up to the public to see that something is done about it or listen to the abuses about 'Americans' from the people of underdeveloped countries.

Falcons Win Conference Opener

River Falls Entertains Eau Claire

by Wayne Siebold

The River Falls Falcons will host the Eau Claire Bluegolds on Saturday, Sept. 30, at 7:30 p.m. The Bluegolds will be hoping to repeat last year's game with the Falcons when they won 20-7.

The Bluegolds after last year completing their most successful season under Coach Jim Rice, are looking for even greater success this year. The Bluegolds have been tabbed as a dark horse in the conference this season.

Returning from last year's squad, which compiled a record of 4-4-1, will be 6 seniors and 12 lettermen. Among the ones to watch will be halfback Russ Knutson, a senior from Colfax, Wis., named to the All-Conference team last year, and Dave Ruder, of Nekocan, Wis., considered possibly the strongest quarterback in the league. Knutson is an excellent runner, strong, and shifty. Ruder a good ball-handler, will do the passing and some of the punting. The Bluegolds will also have 7 returning lettermen to bolster the line.

In other top games this week Stout will be at Superior; Oshkosh at LaCrosse, Whitewater at Stevens Point, and Platteville at UW-M.

THIS IS THE TYPICAL action that took place last week as the Falcons attempted to reach that fine point between winning and losing. The hard work payed off as the Falcons edged Superior 6-0. (Photo by Lukowicz)

The River Falls Falcons kept an eleven year winning streak alive as well as opened the 1961 conference race Friday night with a victory over the hapless Superior Yellowjackets by the score of 8-0. The eleven year record now reads 9 wins for the Falcons, 0 losses and two ties.

River Falls marched 82 yards in the first quarter capped by a 1 yard plunge by Quarterback Bob Dawson to score the only touchdown of the game. The Falcons threw only one pass in the drive—an 8 yard gain from Dawson to Tom Overman. The march came in the second series of downs for the Falcons as they had to surrender the ball in four plays after receiving the kickoff. The Falcons took advantage of a Superior fumble to start the long drive.

The game was marred by 7 fumbles of which the Yellowjackets committed six. Four were recovered by an alert and hard charging

Falcon defense.

In the waning minutes of the last half Superior started a drive that carried them to the Falcons' one yard line. With fourth down and a long 5 yards to go on River Falls 9, Superior took advantage of two consecutive off side penalties to make it first down and goal to go on the Falcon 9 yard line. Two plays later Superior was a yard further from the goal as the River Falls defensive line dug in. A reverse around left end good for 9 yards left Superior with fourth down and 1 yard to go for a TD. River Falls held as the eight man line stopped the fullback for a yard loss.

Leading the ground gainers was Duane Jensen with 66 yards in 22 carries followed by Jim Norrish with 51 yards in 15 carries.

Leading the defensive team with 9 tackles apiece were Gary Burke, Jim Blank, and Larry Julien.

Cross Country Faces Bethel Here Today

The cross country team has been busily preparing for a busy season this year. So far there are four scheduled dates and two more possible. This year's running crew consists of several returning men and some new blood. Members on the squad are Jerry Halverson, Martin Haider, Larry Feltis, Gerald Jensen, Jerry Strum, and Tom Bosman. The first meet was this afternoon at River Falls opportunity for River Falls students to see our cross country team in action. The schedule for the rest of the year is River Falls vs. Bethel at Hamline, Sept. 29; River Falls vs. Carlton here Oct. 2; River Falls vs. Winona here Oct. 12; also coach Byron James said that he is trying to get meets scheduled later on with Macalester and St. Olaf.

Tapping The Sports Line

by Jim Norrish

As the thud of the football met by a well-placed foot, the smack of the charging linemen, and the cheer of the crowd in appreciation of a well executed play fill the air, we (probably I after October 15 as Curt Thurston is in the 32nd National Guard Unit that was called to Fort Lewis, Washington) hope to make our predictions of the games in the Wisconsin State Conference along with five other games (usually Big Ten).

The reader (if there are any) must bear in mind that upsets do happen and we are as happy to see the underdog win as much as you. Upsets are what make football so interesting. The team that isn't supposed to win (according to the sports writers) battles until the final gun to find they have squeaked out a victory.

Just what is it that finds the favored team beaten by the so called inferior one? In the sports world it is spoken as being "up" for the game. The mental attitude

of the underdog is such that they play better football. Sometimes the favored team's attitude is one of over confidence. Sometimes the breaks (fumble, referee's decision, dropped pass, blocked punt, etc.) will decide heavily as to who wins.

This is what makes the game of football so crowd appealing. Anyone that will sit in the stands from 2-3 hours in near zero weather must enjoy watching the gigantic linemen and shifting halfbacks.

Tidbits

Fieldgoals—Could be the toe is coming back in the WSCC as some field goals have been tried. The most successful one to date is 35 yarder by Halfback Ted Harris of La Crosse.

M-M Bandwagon—Just thought that I would mention the Muntle-Maris combination has a long way to go to match the fearsome duo of Ruth and Gehrig.

 Stout 13, Superior 13
 La Crosse 21, Oshkosh 6

Polsfoot to Make Radio Debut Soon

Fran Polsfoot, athletic director and head football coach, will make his radio debut Saturday, Sept. 23, on WIXK with the "Fran Polsfoot Football Forecast".

The 15-minute program will be each Saturday at 1 p.m., preceding University of Wisconsin play-by-play football, and will include predictions and many inside stories collected over the years by the former collegiate and professional star end.

Polsfoot also will discuss his plans for each Falcon game along with highlights of area high school games.

WIXK—which broadcasts on 1590 kc's with 5000 watts—is located in New Richmond and has studios in River Falls, Hudson and Roberts. The station is managed by Bob Smith, a former Wisconsin State student.

I-M News

This past week saw the River Falls Intramural program get under way. The football action last Tuesday afternoon consisted of three forfeits and one officially played game. The Executioners, the Chinese Bandits, and the Second Floor Plus Ones won by forfeit over the Mouse-Eaters, the Pierce's Popovers, and the Grams Graders. The only game actually played saw the Cowards grind out a close decision over the Bulldogs of 7-6. As of yet there is no information on the bowling schedule.

Thursday night was the second night of intramural football. Again there was an overabundance of forfeits with the Prucha Pros and Sots winning in this manner over the Railroaders and Play Boys. The Lumber Pilers carried over their winning ways from last years by stomping the Elites 19-0.

SAC Meeting Minutes

S.A.C. was called to order on Wednesday, September 20, at 1:25 p.m. in rooms 201-202 of the Student Center, by President Carol Hanson.

President Hanson then explained the purpose of SAC (Student Advisory Council) to the new members.

Wayne Hendrickson reminded the group that they should submit a list of their 1961-62 officers to the Dean's office as soon as possible.

The three co-chairmen for Homecoming (Scotty Smith, Bill Hanson, and Wayne Viitanen) took the floor to explain the schedule as now set-up for homecoming week.

The kick-off will be held, Saturday, Oct. 21 after the Stout game.

Thursday, Oct. 26, Dixieland band concert and dance.

Friday, Oct. 27, Queen Coronation.

Saturday: parade, game, dance. There are 4 categories which all social clubs will have the opportunity to enter. They are: floats, window decorations, lawn decorations, queen candidate.

The class reunions which are scheduled are those of 1951 and 1956.

All groups and organizations are reminded that if they want to advertise an activity in the brochure which will be sent to all alumni, they must turn this information in to the co-chairmen, or sign up in the Activities Room by Wednesday, Sept. 27.

President Hanson reminded the group that if their group is having any problems with their time or day of meeting that they should contact her.

The motion for adjournment was made and seconded. Motion carried.

The meeting was adjourned at 2:10 p.m.

Enrollment Deadline For Student Teaching Is Set by Dr. Siemers

Persons who plan to enroll in student teaching (Education 180) during winter or spring quarters must notify the education department by Friday, Sept. 29, according to a recent statement from Dr. Alan Siemers, director of student teaching.

Provisions for student teaching during the academic year 1961-62 will not be made unless students make the necessary application before this deadline, Dr. Siemers explained.

Students who wish to confirm their intentions of student teaching this year can do so by initialing a roster lying on a counter of the Placement Bureau, according to the statement. It was added that if an appointment is needed with Dr. Siemers concerning student teaching matters, this can be indicated on the roster beside the names.

It was stressed that the roster be signed by the end of this week.

Honor Group Meets Today in 101 SC

There will be an organizational meeting of a Liberal Arts Honor Society Monday, Sept. 25 at 7 p.m. in room 101SC. Liberal arts and pre-professional students who have completed six quarters of college work and have a grade point average of 3.0 or better are eligible for membership.

New business will include the election of advisors and discussion of a constitution for the organization.

Guard Activation . . .

(Continued from page 1)

According to McNamara, the addition of the 32nd "Red Arrow" division along with the 49th Texas armored division will give the United States 10 combat-ready divisions in this country by the latter part of this year.

"These divisions will be available as part of our strategic reserve for movement to any part of the world, including Europe," he said.

If conditions improve, the secretary said, the Wisconsin and Texas divisions may not have to stay in the full 12 months—The limit congress placed on this type of reserve emergency duty.

The budget for the current fiscal year that ends next June 30 contains no funds to pay the costs of the reserve callup, McNamara said. He explained that he has authority to provide for this in a supplemental appropriation to be submitted later on top of the 46.6 billion dollars defense spending already approved by Congress.

Five U. S. infantry and armored divisions are now in West Germany, and a garrison force of 6,500 is in West Berlin.

Poor Readers May Get Aid From Clinic

Students who wish to improve their reading habits have an opportunity to enroll in the non-credit remedial reading clinic which begins Tuesday, Sept. 26.

According to James Harless, instructor, the course will include discussion and practice in developing mature reading habits, with reading progressing from light to difficult.

The class will meet on Tuesdays, Wednesdays and Thursdays at 4:10 in Room 235 of the Library. Students may obtain a class card for the clinic at the Registrar's Office.

More Students Taking English 11 Than '47 Total

by Barbara Lukasik

Student enrollment in Freshman English equals the enrollment of the entire school in 1947.

Any student who wishes to improve his reading skills should report to room 235 in the library. Mr. Harless is the instructor.

Monday, the River Falls branch of the National Council for Teachers in English met and laid plans for sending a delegate to the national convention at Philadelphia around Thanksgiving time. This will be the seventh consecutive convention at which River Falls has had representation.

The English department is giving two extension courses during this quarter, one on campus and one at Cumberland.

Deans Post Job Notices, Final Dates

Rose Anne Johnson

Dean Rozehnal made the announcement that all campus organizations must file an up to date list of their officers in the Dean's office. This must be taken care of by Sept. 31.

The Dean wants to remind all students on the school payroll that they must have a part time employment application on file in the Dean's office. No checks will be issued until this requirement is met.

Women's Off-Campus Housing

All women students living in off-campus housing that aren't using the new sign-out sheets are advised by Dean Knaak to pick up the same in her office immediately.

Off Campus Jobs

Students interested in part time employment should frequently check the bulletin board in the hall outside the Student Personnel office to find what jobs are available.

Chess Champion Issues Challenge

Any person interested in challenging last year's chess champion, Earl Burton, junior from Boyceville should be in the basement of the Student Center Wednesday at 7 p.m.

Mr. Burton will play all comers simultaneously. There will be a charge of 25 cents which will be refunded in cases where Mr. Burton loses a match. Prizes will also be awarded.

Anyone that has a chess set is asked to bring it to the tournament.

Proficiency Test Results Released

The results of the Social Science 11 proficiency exam have been released and the following students will be exempt from Social Science II: Christian James Christianson, Thomas C. Olson, Phillip Schneider and Arnold Sumter, according to Dr. Charles Graham.
