Hudson Ice Skaters to Perform Sunday As Feature of 1958 Winter Carnival

by Gary Madson

A new feature has been added to this year's Winter Carnival in the form of the Hudson Ice Skating Revue. This troupe under the direction of Dr. Lonnie Stout, will perform an hour and one-half show on the high school ice rink on Sunday starting at 1 p.m.

This program will include comedy acts, fire jumping, group numbers, and several different types of ballroom and square dances on ice. The performers in the group range in age from 8 to 20 years old.

Hut Four to Sing

In addition to the For Mor barbershop quartet from Madison, the Social Committee has secured for the Friday night Social Hour the ever popular Hut Four, and a barbershop group from Hudson.

Following the Friday night program there will be a coffee hour in Hathorn Hall.

Four petitions for the position of Winter Carnival King were turned into the Student Senate. Those nominated were, James Benson, from Red Wing, Minn., Griff Howell, from Waukesha, Dave Olson, from Baldwin, and Al Suezaki, from Kealahou, Hawaii. The election will be held Thursday in the cafeteria.

Second Clue Given

The 2nd clue for the Carnival treasure hunt, is: "Rather high but not extremely so. It's part of a whole encompassed by snow." The person who finds the treasure, will receive a prize of \$10. If additional clues are needed they will be posted on the bulletin board.

Due to differences between the student senate and the Sitzmarker Ski Club, this the thirty-second annual Winter Carnival will probably be the first one that will have no scheduled outdoor activities, other than snow sculpturing and skating. The Sitzmarkers had made tentative plans to reserve the Ski Mac Resort at Somerset, and had circulated petitions that were signed by close to four hundred students, saying that they were in favor of moving the outdoor activities to such a resort. The senate didn't think that it was fair to schedule an event for that number of students.

Talent Show Thursday

The annual FFA Talent Show, will be held Thursday night at 8 p.m., in the auditorium. This show will feature a variety of acts, including a whistler, tap dancing, a girls trio, a Spanish guitar solo, and several vocal acts. The auditions for the show will be held on Tuesday at 7 p.m. in North Hall. Tickets for the show will be on sale this week in the cafe for 50 cents.

Nearly all of the areas for snow sculpturing have been taken, and the recent snow fall, will make it easier for the groups to complete this project.

Marie Forman

MARIE FORMAN WINS CHAIRWOMENSHIP IN CARNIVAL ELECTION

With less than half of the student body voting in Friday's election, Marie Forman was chosen to reign over the 1958 Winter Carnival at RFSC. Miss Forman defeated Carol Naiberg and Lynn Radkey in the race for Carnival chairwoman.

Miss Forman, junior from Cadott, is majoring in elementary education. She is active in LSA, Sigma Chi Sigma, WRA, ACEI, and FTA.

Of the 532 votes cast, the seniors lead in asserting their democratic rights with 60 percent voting. They were followed by the junior class with 55 percent casting votes. The sophomore vote comprised 45 percent of the class, whereas the freshmen trailed with only 41 percent voting.

The two other candidates will act as assistant chairwomen.

Freshmen Plan Dance Film, Games for Party

The "Freshman Flip" an all freshman party scheduled for Feb. 20, in North Hall will feature a wide variety of entertainment.

To begin the evening, a movie will be shown in the auditorium. A "sock hop" in the gym will follow.

Games are being planned for those not wishing to dance, with prizes awarded to winners in the free bingo games. Some surprises are also being planned.

The social committee asks that all students wishing to help on committees to sign the sheet on the frosh section of the bulletin board. If there are no volunteers, the committees will be appointed.

Chairman of the social committee is Jack Huntley, freshman vice-president. Other committee members are Judy Daft, Bob Enstad, Janice Greenberg, Kathleen Hartwig, David Johnson, Sue Mehrkens, and Jack Tomhave.

Free refreshments will be served at the party.

RF DEBATERS ATTEND TWO TOURNAMENTS

Eight River Falls debaters attended tournaments in two different states last weekend. Two teams and debate coach Walter Simonson traveled to Midland College in Nebraska, and two teams attended a tournament at the University of Minnesota.

The debaters attending the Invitational Meet in Nebraska Friday and Saturday, tied with South Dakota State for the best all over record.

The two teams of Honey Berg and Kenneth Bergquist, and Lewis Schoenwetter and David Madis both had a record of four wins and one loss.

Two River Falls debate teams attended the debate tournament at the University of Minnesota Thursday afternoon. The team of (Con't. on Page 4)

SLOGANOLOGY !! If You Want to Campaign You'd Best Have Good Name

by Mark Wyman

A recurring problem in politics—campaign slogans—was present in the race for Winter Carnival chairwoman just concluded. The three candidates, Lynn Radkey, a senior from Beldenville, and Marie Forman and Carol Naiberg, both juniors from Cadott, reported a dearth of slogan ideas.

For example, Miss Forman settled on "Marie for Me," and that really won by default because the other phrases such as "Ski With Marie," "Marie? Ouh!" and "I Like-y Marie"—just didn't have it.

Or cite the case of Miss Naiberg. No satisfactory slogan appeared

in the Naiberg camp. "Naiberg's No Iceberg" hardly seems to be a vote-catcher, and it was too late in the season to use "Let's Carol for Carol."

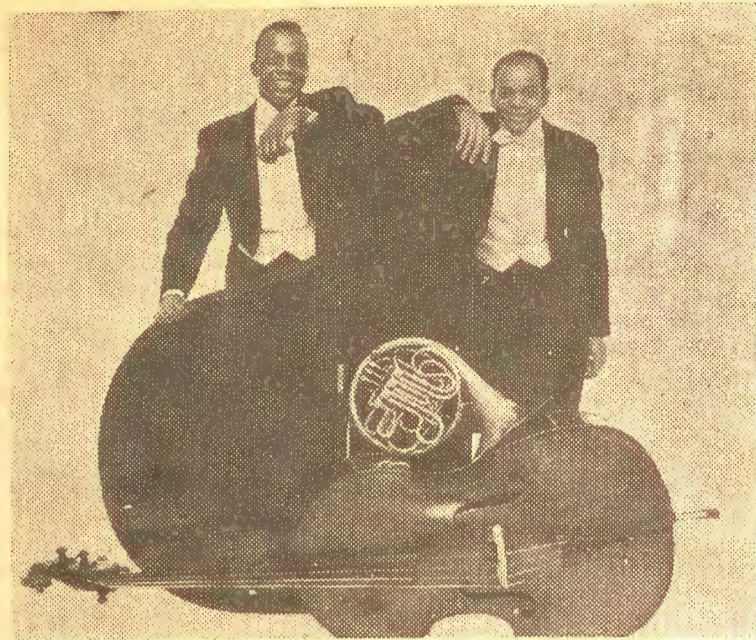

All-in-all, Miss Radkey evidently had the edge in possessing a politically-wise campaign motto: "You're in Like Flynn if you Vote for Lynn." And perhaps River Fall students will, in the future, demand candidates with politically sure fire names like:

Sally (Mark Your Tally for Sally)

Elizabeth (Get Set with "Bet")

Doris (Doris if For Us)

Anastasia (Everyone Will Praise Ya if You Vote for Anastasia.)

MITCHELL-RUFF DUO

Jazz Duo to Present Concert Feb. 11 At 8 p.m. in North Hall Auditorium

The Mitchell-Ruff Duo will present a concert of jazz music here Feb. 11, at 8 p.m. in North Hall Auditorium.

With Dwiki Mitchell on piano, and Willie Ruff on bass and French horn, they set up a colorful variety of tonal combinations, and explore both old and new frontiers of jazz.

Their music making is partly jazz, partly serious music. They have dispensed with the need for drums or guitar in the unit, and Mr. Ruff's bass is only very occasionally used as pure accompaniment.

Mr. Ruff studied music at Yale, where he received his B.A. and M.S. in music. While in New Haven he played first horn with the Connecticut Symphony.

Mr. Mitchell became interested in classics and studied at the Philadelphia Academy of Music. He also played as soloist with the Philadelphia Orchestra.

In 1955 the duo made their debut as a single unit. They have gained popularity through three concert tours of the United States, recordings, and appearances in some of New York's jazz emporiums such as Birdland and The Composer.

THREE AG TEACHERS AT FARM-HOME WEEK

Richard Delorit, Thorvald Thoreson and Gerhardt Bohn of the ag department are attending the Farm and Home Week activities at Madison today.

The three are expected to remain three days gathering new information and ideas at the state's outstanding agricultural event of the year.

CAMPUS CALENDAR

- Monday, Feb. 3
 - 8 p.m., NCTE, Social Room.
 - 8 p.m., Basketball game at Superior.
- Wednesday, Feb. 5
 - 11 a.m., Winter Carnival King Presentations, Auditorium.
 - 6 p.m., Debate meeting, 212S.
- Thursday, Feb. 6
 - 4 p.m., AWS, Little Theatre.
- Saturday, Feb. 8
 - 8 p.m., Basketball game, La-Crosse, N.H. Gym.
- Sunday, Feb. 9
 - 5 p.m., USF meeting, Congregational Church.

Movie on Life Of Schweitzer Here Feb. 16

As a preface to Fine Arts Week at the college, arrangements have been completed by the Unitarian Society to bring the movie "Albert Schweitzer" to River Falls. The picture, a full-length documentary in color, will be shown at the Falls Theatre on Feb. 16 through 19.

An advance ticket sale is being planned in which student organizations are invited to participate. Groups desiring to share in promoting this event should contact Dr. A. E. Kuenzi, Publicity Chairman for the Unitarian Society.

The picture portrays the life story of the Nobel Peace Prize winner who has achieved world fame as a philosopher, physician, organist, and humanitarian. Dr. Schweitzer himself wrote the narrative for the picture which was (Con't. on Page 4)

Festival to Bring Arts to College In Various Forms

by Mark Wyman

The fine arts, including music, painting, sculpture, dancing, and dramatics, will be present in many varied forms at the River Falls State College "Fine Arts Festival" Feb. 23 to March 2. The week will reveal for examination both professional and amateur works; examples of the fine arts by famous men and women as well as RFSC students.

Top billing of the Festival is Percy Aldridge Grainger, composer-pianist whose works are known throughout the world. "Country Gardens", "Mock Morris", "Shepherd's Hey", and "Molly On The Shore" are some of his best-known numbers, but his life-time of works runs higher than 400 songs.

The Australian-born musician will perform both as a pianist and director with the college band. He will give at least two public talks during his stay here, including one with area high school band directors.

Three movies of great theatre productions also grace the week's schedule. Oedipus Rex, a Canadian film of the Sophoclean tragedy; Richard II, Shakespear's immortal work as performed on the Hallmark Playhouse, and Volpone, the French adaptation of the Renaissance comedy, will be presented during the eventful eight days.

A collection of paintings from the Walker Art Museum in Minneapolis, and of prints, from the State University of Iowa, will be on exhibit the final three days of the Festival. Also shown will be prints, paintings, and sculpture done by students at River Falls.

A piano recital by Miss Mary Laura Johnson highlights the several performances of college musical talent for the week. Besides the RFSC band, other student groups taking part in the Fine Arts Festival are the men's chorus, orchestra, mixed chorus, and Madrigal Group. The Dance Theatre will present a program along with a film on art appreciation.

In addition to the Grainger concert, special invitations have also been sent to 75 regional high schools for the Masquers' Tea-house of the August Moon, directed by Dr. Blanche Davis. The play will be presented three nights during the Festival. State colleges, as well as twin-city area colleges, (Continued on Page 4)

Carnival Calendar

TUESDAY, FEB. 4
7:00 p.m. FFA Talent Show Auditions, Auditorium.

WEDNESDAY, FEB. 5
11:00 a.m. King Presentation, Auditorium.

THURSDAY, FEB. 6
11:00 a.m. Kick-off Assembly, Auditorium.
8:00 p.m. FFA Talent Show, Crowning of King and Queen, Beard Judging.

FRIDAY, FEB. 7
2:00 p.m. Midway in South Hall Gym.
3:00 p.m. Cards and Chess Tournament, Student Lounge.
3:30 p.m. Hockey Game, high school skating rink.
5:00 p.m. Pancake Supper, Cafeteria.
8:00 p.m. Evening Entertainment: For Mor Quartet, Hut Four, and Hudson Barbershop Group.

10:15 p.m. Coffee Hour, Hathorn Hall.

SATURDAY, FEB. 8
8:00 a.m. Bowling Tournament, C & S Recreational Parlor.
1:00 p.m. Outdoor Activities, Skiing & Tobogganing, Swenson's Hill.
4:00 p.m. Warm-up, Hathorn Hall.
8:00 p.m. Basketball game with La Crosse. Introduction of King and Queen, and announcement of prize winners at halftime.

10:00 p.m. Winter Carnival Dance, North Hall Gym.

SUNDAY, FEB. 9
1:30 p.m. Hudson Ice Skating Revue, high school skating rink. Skating for everyone following the event.
4:00 p.m. Swimming, College pool.

The Editor Speaks . . .

This weekend is to be the mid-winter event of the school year at River Falls . . . Winter Carnival! An event such as this usually constitutes "winter" activities — something that is definitely lacking in the plans this year.

Thus far a hockey game and skating party are organized, but what percentage of the student body will be able to take part in this? Other activities will be bowling, cards and swimming. A true "Winter" Carnival?

The Student Senate recently turned down a plan submitted by Sitzmarkers who are in charge of outdoor activities for the carnival. This plan included a day of skiing, tobogganing, skating, races, etc., at a near-by slope. For the chalet skier, games, cards and chess sets would have been provided. This plan would truly have brought "winter" into the Carnival. However, this suggestion was rejected by the Senate as being off-campus and too expensive.

Approximate cost of this plan would have been \$75 to \$80 for rental of the slope and lodge. Ski equipment could have been rented at minimum cost and meals served at half-price. Bus transportation, of a small cost, would have been provided for those without means of reaching the slope. An informal dance at the chalet would have completed the day's activities, thus eliminating the cost of an orchestra for another semi-formal dance on campus, especially with the FFA semi-formal just behind us and the Valentine Formal just around the corner.

The argument has been advanced that "not enough people will participate." In a recent poll taken by the Sitzmarkers, approximately one-third of the school, 395 students, indicated their preference for the above-mentioned plan. This would seem to indicate that a good percentage of students would have taken part. On the other hand, the Senate did approve the allocation of \$25 for an ice-fishing contest (now apparently cancelled for lack of organization). Percentage-wise, we wonder if a greater number of students would have participated? This contest, incidentally, would have taken place off-campus.

As plans now stand, those students not in the bowling tournament (and only a limited number can participate due to time and space) will have nothing to do until the game in the evening. Skiing and tobogganing conditions at Swenson's hill, according to the ski club, are not the best. There is no chalet for those who would like to watch the races, and only those having their own ski equipment can take part as no rental facilities are available. Are students going to stay on campus Saturday with nothing to do?

Not faced with a "no-snow" handicap as was the case last year, it seems a shame not to put Mother Nature's contribution for our Carnival to use.

ANSWER TO EDITORIAL —

Dear Editor:

In regard to the editorial which questions the Student Senate's vote against renting ski facilities for this year's Winter Carnival, your Senate would like to explain its action.

At the Jan. 7 meeting, the idea of having a ski party at Ski Mac was brought before the Senate. It was a fresh idea and may have received complete Senate approval had we known that there was so much interest among the student body in this type of activity and if so many other factors had not been involved.

At the time that the idea was introduced to us, it was only the facilities of Ski Mac that were under consideration. Since that time it seems that student opinion has soared and other locations have been investigated. This fact, plus the uncommon amount of enthusiasm that is being shown now, would make it seem likely that such an event would be a great asset to the Winter Carnival. It is, however, too late now to acquire the facilities of a resort, except at a very high cost, and it is late to arrange for transportation and other factors involved.

The initial decision not to rent Ski Mac was made after discussion of the following facts: The cost would be \$80 for reserving the resort. This was to be paid in advance. Since there was no snow at the time the plan was introduced, it seemed like somewhat of a risk.

There would also be the expense of arranging transportation to and from the resort, expenses covering ski rental and entertainment and refreshments in the Chalet. All these factors may not have presented too great a problem if the Senate had felt that enough people would be interested in attending such a function.

At our last meeting, a petition was presented to us, which was signed by nearly one third of the student body and stating that they thought it would be a good idea to have a ski party of this sort. The petition did not in any way indicate how many of these interested students would actually attend. Even if a fourth of the students would attend, it would not be quite fair to leave the rest on campus with nothing to do . . . therefore, additional planning would be necessary to assure activities on campus.

The Senate was gratified to learn that there had been enough drive among the members of Sitzmarkers to take the initiative in investigating all possibilities and to go to the trouble of circulating a petition. This is the sort of school interest that is necessary and can make a success of any function.

It is our hope that students will let the members of the Senate know what they want . . . and well enough in advance so that we can legislate in their favor. It is our prime function to see that the best interests of the student body are served . . . we are not an independent organization, we are only your elected spokesmen.

As a measure to better plan Winter Carnivals in the future, the Senate voted that the three winter carnival chairwomen candidates will, after this, be chosen in the fall. This will give the girls and the interested organizations a better opportunity to plan events and to spur interest and to gather opinions concerning their desired events.

The only requirement to make this year's carnival a success is the participation of the student body. If as much enthusiasm is shown toward the activities that we have this year, as was shown to that which we might have had, it will be a gala affair.

Regulations

We live in an age of regulations. There are regulations on how fast to drive, where to park, on the buildings we build, where to smoke, etc., etc. - in fact regulations for everything we do are too numerous to mention. While we may stop and argue as to whether or not this or that regulation is good or fair or necessary, the mature and educated individual will consider that the regulation is to be followed until such time as it can be changed to fit the situation.

Unfortunately, schools must have their share of regulations. We must realize that they are not made up for the inconvenience of the students but for their protection. If there was no regulation about parking cars on the campus soon there would be no campus worth having. Lawns would be filled with ruts, delivery men would not be able to drive close enough to the buildings to deliver necessary supplies to the cafeteria or coal to the boiler room, students would not be able to walk on sidewalks because of the cars parked thereon, in an emergency a fire truck could not drive through the driveway because it would be blocked by cars.

Most of us would not be pleased with an unsightly campus, or would we be happy to go without our midday coffee or to shiver in the classroom. Nor are we pleased to get our shoes muddy walking around cars. Of course, there might be some who would gaze happily as the school building burned. However, those of us who have taken full advantage of our education will endure the slight inconvenience of parking a block from the college rather than to break a regulation and thereby inconvenience others.

South Hall is a grand old building, built in 1898 to replace the original college building which was destroyed by fire. At the time it was forbidden - by regulation - and it was not anticipated that the new building would ever be-

come a fire hazard. However, it is a different story today. Many students smoke and tradition no longer dictates that one does not smoke on the campus, but because of the very nature of the college buildings smoking needs to be limited to certain areas.

But, in a college of over a thousand students, most of whom are taking the business of becoming educated seriously, there are a few who refuse to grow up. They are the one's who feel that regulations are made for everyone else but them. Their thinking is so childish that when certain areas are marked as "No Smoking" areas, they rebel to the extent of tearing down the signs. (In all probability the signs are now hanging in their rooms, while they contentedly fill the air with smoke.)

Perhaps we all rebel against regulations, but if we benefit in any way from a college education we should constructively seek to make the regulations better and fared rather than childishly and destructively refuse to see their need.

RELIGIOUS ACTIVITIES

CANTERBURY CLUB

The Canterbury Club will meet Tuesday, Feb. 4 at the Episcopal Church.

USF

The USF's annual "Winter Carnival Thaw-Out" meeting will be held Sunday, Feb. 9, at 5 p.m. at the home of Dr. and Mrs. W. D. Wyman, 415 Crescent Street. Members can meet at the First Congregational Church for transportation.

Mrs. Jack Merner will review and discuss the book "The People's Padre" for the evening's program. In recent years this has been one of the most controversial books dealing with religion.

RAPID GROWTH SEEN FOR STATE COLLEGES IN NEXT FEW YEARS

There were 27 academic buildings and five dormitories on the state college campuses in 1950.

In 1960, with more than twice as many students, the colleges will have 46 academic buildings, 25 dormitories, and nine student unions. Most of the new buildings are finished or nearing completion. A few, like the student union buildings, are just being started.

As 1958 ends the colleges are planning or building 21 million dollars worth of dormitories, unions, and academic buildings. Thirteen new construction jobs began during the year.

Each college will have its second new dormitory ready for students by next fall. In 1959 the new student unions will be in use.

Other buildings ready for students late in 1959 or early in 1960 are: Eau Claire, library; Oshkosh, classroom building or laboratory school; Platteville, agriculture and physical education buildings; River Falls, laboratory school and physical education building; Stevens Point, physical education building; Stout, shop laboratory; Superior, academic and laboratory building; and Whitewater, laboratory school.

There is no wholesale tearing down of old buildings. When the new building is ready the old one is converted to a new use. The first building to house a normal school in 1868 is still standing. Its present tenant is the Institute of Technology at Platteville.

Letters to the Editor . . .

Dear Editor and Fellow Students, Something that has troubled me much since beginning school here this term, is the extreme cursing and swearing. It hurts a Christian as much to hear the name of the Lord he loves taken in vain, as it hurts to hear America's name blasphemed in a foreign country (which I'm sure some of you GI's have heard). But even if you yourself do not love the Lord, isn't it foolish to swear by something you neither love nor believe in?

AROUND THE CAMPUS

YOUNG DEMOCRATS

The Young Democrats will meet Feb. 4 at 8 p.m., in 121S.

NCTE

NCTE will meet Monday, Feb. 3, at 8 p.m., in the Social Room. Faculty from the English department will present a panel discussion concerning grammar.

SENIORS

Measurements for caps and gowns will be taken every day this week from 11 a.m. to 2 p.m. in 116S.

WOMEN STUDENTS

There will be an important meeting of all women students Thursday, Feb. 6 at 4 p.m. in the Little Theatre.

M.T.A.I.

The M.T.A.I. test will be given on Wednesday, Feb. 12 at 11 a.m. in 121S, for juniors and seniors only. Juniors and seniors requiring this test must take it at this time. A \$2. fee will be assessed all juniors and seniors who still require this test and do not take it at this time. The test takes precedence over all other commitments.

LaCrosse Indians to Tussle Falcons As Part of Winter Carnival Event

by Jon Hillstead
Headlining the Winter Carnival sports scene this year will be a conference tussle between the River Falls Falcons and the LaCrosse Indians. This game will be an important one for both clubs as River Falls is fighting for a first division spot and LaCrosse must win to hold second place. In the first meeting this season at LaCrosse, the Indians won by a 75-59 margin.

Thus far this season, Coach Clif-

ton DeVoll's squad sports a mediocre 6-5 record. But in conference play, the "Maroon and Gray" have won four out of five games.*

LaCrosse lacks an abundance of height, but a go-go style of play revolving around over-all speed and accuracy have been the factors in their success thus far.

Ed Winiarske, a 5'11" senior guard, has been the team's leading scorer this year as he has the past two seasons. The Indians have another high scoring guard in Gar Ammerman, a 5'9" sophomore, who was an unanimous all-state selection when he played for LaCrosse Central High.

At center, LaCrosse has Don Peth, who at 6'2" is the tallest member of the squad. Don has been the big question mark on the team. After averaging 2.5 points per game as a sophomore, he sat out all last year with an injury and has failed to find himself thus far this season.

Another factor against LaCrosse will be the loss of Tom Giombetti through first semester graduation. Tom was the team's leading passer and also holds the school record for field goal percentage.

Filling in for Giombetti will probably be Ron VerVelde, who will team with Jerry Robbins at the forward spots.

*(Not including the Superior game, Saturday, February 1st.)

Falcon Fanfare

by Jim Laue

One of two River Falls State cagers who has come up to the varsity via a sort of Falcon farm system is Mike Rice, a wiry crew-cut freshman guard from Wilton.

RICE

Along with center Manley Olson, Mike played on the championship intramural team last year. Mike

(Con't. on Page 4)

Etten and Morgan Pace Eau Claire Over RF 85-60

I-M All Stars Tip Freshmen

The Falcon Frosh dropped their fourth game in six starts Thursday at the North Hall gym where the River Falls Intramural All-Stars squeezed out a 54-51 win.

The All-Stars started at a torrid pace pouring in nine straight points before the Frosh could retaliate. Minutes later they had increased their margin to 15-3.

Playing without the services of forward Carroll Lehman who was injured last week, the Frosh narrowed the gap to 30-23 at half-time.

Shooting at an amazing clip in the third quarter, the All-Stars added to their lead. But a closing rally by the Frosh in the last period nearly pulled the game out of the fire. Coach Fran Polsfoot's team drove to within two points at 53-51 with 30 seconds remaining. But the All-Stars sued a successful stall and iced the victory when Jon Hillstead meshed a free throw with nine seconds left to make the final score of 54-51.

(Con't. on Page 4)

Eau Claire's great one-two scoring of Leon Etten and Bob Morgan proved to be too much for the outclassed Falcons Saturday night and the Zornmen romped to a lopsided 85-60 win in the Blugold city.

Etten pumped in 27 points and Morgan sizzled the nets with 22 as the Blugolds broke out of a home court slump that had found them winning only one out of four Eau Claire appearances previous to Saturday night's tussle. Now 3-3 in conference play the Blugolds still must be rated as a title darkhorse. River Falls now stands 2-4 in loop competition and must cop tonight's road game at Superior if they are to stay in the first division.

The Blugolds got off to a torrid start hitting on 54% of their shots in the first while coach Don Page's boys were experiencing one of their slowest starts this season. After netting only 12 of 48 field goal attempts (28%) the Falcons were on the short end of a 45-27 halftime score.

Morgan and Etten staged their usual personal scoring duel in the first half with Morgan coming out ahead 16-15. Only Mick Lauber and Griff Howell could hit with any consistency for RF.

The second half ran pretty much the same course as the first as the smaller Falcons were completely outplayed on the boards and lagged behind when the Blugolds used fast break after fast break to chalk up wide open lay-ups.

Blugold reserves seemed to hit with the same deadeye accuracy as the regulars. They really poured it on in the last few minutes finally stopping at 85. Going into the fray the Falcons sported the second best defensive mark in the WSCC league, 70.2 points per game.

The box score:

River Falls (60)				
	fg	ft	pf	tp
Collins, f	1	0	1	2
Christenson, f	3	3	2	9

Feelin' blue? Need money, too?
Students, we've got news for you!

We want Sticklers!

Send yours in and
\$25

MOST POPULAR GAME that ever went to college—that's Sticklers! Just write a simple riddle and a two-word rhyming answer. For example: What's a big cat-shot full of holes? (Answer: peppered leopard.) Both words must have the same number of syllables—bleak freak, fluent truant, vinery finery. Send Sticklers, with your name, address, college and class to Happy-Joe-Lucky, Box 67A, Mt. Vernon, N. Y. Don't do drawings! We'll pay \$25 for every Stickler we use in our ads—and for hundreds that never see print. While you're Stickling, light up a light smoke—light up a Lucky. You'll say it's the best-tasting cigarette you ever smoked!

Intramural Basketball

by Warren Rogers

The Falcons in the B league competition, the Shawnees in the C league, and the Swedes in the D league ran a winning streak of six games to retain their first place spots.

In the close race for the A League leadership the Phi Sigs and the Bombardiers both won their games to remain in a deadlock. Bill Halvorson scored 24 points to continue to pace the top scorers. Bob Schamp remained a close second scoring 21.

Regular league play will end on Feb. 6. Beginning on Monday, Feb. 10, a double elimination tournament will start involving the top teams in each league.

In case of a tie for second place, playoffs will decide which team will play. Four games will be played the first three nights and either two or three games will be played Thursday night for the championship.

A free throw contest will be held just prior to the final game. One man from each intramural team will compete.

"A" League

Team	W	L
Bombardiers	5	1
Phi Sigs	5	1

Scholarship Awarded at Convocation; Candidates for Chairwoman Presented

At the convocation Wednesday, Robert Paddock, freshman from Augusta, was presented a \$1600 scholarship from the Homelite Corporation for his work in forestry. Willard Hamm and Roger Hanson, Eau Claire county extension agents, shared in the presentation. Only three other foresters in the nation qualified for this scholarship.

Television came to the Auditorium later in the convocation as the I've Got a Secret Panel performed on behalf of Marie Forman at the Winter Carnival Chairwoman candidate presentations.

Mark Wyman served as moderator and Griff Howell introduced and gave Miss Forman's qualifications.

A comedy routine by Gary Moore and Jim Laue featured Carol Nalberg's introduction. In speaking to the student body, Miss Nalberg stressed student participation to make the Winter Carnival a success.

Lynn Radkey and her campaign committee gave a history of Winter Carnival since its beginning in 1924. Miss Radkey portrayed a coed of each era.

DEBATE—

(Con't. from Page 1)

Jerry Anderson and Richard Waak won two while losing one debate. The team of Joe Falkner and Louis Pape won one and lost two.

The team of Anderson and Waak won one and lost one from the U. of Minnesota. They defeated Concordia, the team which one week earlier won the debate tournament at Sioux Falls, South Dakota.

The team of Pape and Falkner lost two to the U. of Minnesota, but defeated St. Thomas College. All speakers rated excellent in debate.

After defeating last year's second place team and going on to win five of six debates, the RF debate team of Lewis Schoenwetter and David Madis took second place in the Sioux Falls Debate Tournament Friday and Saturday, Jan. 24 and 25.

Meeting five schools in the tournament, the team of Louis Pape and Jerry Anderson won three debates to tie for seventh place.

FANFARE—

(Con't. from Page 3)

wasn't just "grooming" in the minor leagues, though. He entered school just after Christmas in 1957 after spending six months in the service, so was too late for varsity competition last season.

The 5-10 courtster lettered as a four-year regular in both baseball and football at his high school alma mater in the southern part of the state. Wilton won three consecutive conference titles when Mike was in school, racking up a fantastic 21-2 season's record in 1955 and an overall mark of 15-8 in 1956. Mike averaged 18 points a game as a senior.

Falcon reserve strength showed up in the weekend series with Stevens Point and Platteville when Mike came off the bench for Jack Omer in both games and kept the club moving with his racehorse play. Coach Page ranks him as a fair shot and a good floor man, but Mike's ability to ooze through an opening for a layup and his "all-over-the-flooriness" make him an even more valuable asset.

Like most other contemporary Falls athletes, he is optimistic about the Falcon cage future, pointing out the present club's extreme youth (only two upperclassmen on the squad) and the fine competitive spirit of his teammates.

Mike, who is a social science major with a phy ed minor, ranks Wilton's 18-game winning streak in his junior year as his top sporting thrill. "Just playing college ball is enough, though," he is quick to add.

Newman Club to Hold Church History Class

The Newman Club is sponsoring a six week non-credit course in Church History. The class will be taught by Father George Gleason of St. Louis' Church as Superior.

The classes will be held on Tuesday at 7:30 p.m. in St. Bridget's School, with the first session being held tomorrow, Feb. 4. The meetings will consist of two 45 minut lectures with a coffee break in between.

The club invites all Catholic students and faculty to take the course and would welcome any other students and faculty members who are interested.

A nominal registration fee will be collected at the first class to help cover expenses.

SCHWEITZER—
(Con't. from Page 1)
filmed at the village of his childhood in Gunsbach, France, and at his jungle hospital in French Equatorial Africa. The footage includes Schweitzer at the organ in Gunsbach, playing a Bach prelude.

It will be necessary to show this unusual picture, five years in the making, at slightly advanced admission prices. The producer of the film, Jerome Hill, has pledged his profits to Dr. Schweitzer's hospital.

In this scene from "Albert at the zinc-lined piano especially Schweitzer," the 82-year-old jungle doctor annotates a Bach score built for him to withstand the vigor of the tropics.

FINE ARTS—

(Con't. from Page 1)

have been invited to take part in various events.

The Festival will commence Sunday, February 23, with the 2 p.m. concert by the men's chorus and orchestra in North Hall Auditorium. The climax will be reached with the concluding appearance of Percy Grainger with the college band, at 2:30 p.m., March 2.

In this Fine Arts Festival, Dr. Francis Chisholm director of the Festive said, "We are bringing together in one spot many things that students do not see in their day-to-day life. By concentrating these together, we will be able to 'point them out', so to speak, to the students."
Dr. Chisholm also pointed out "We believe that this is the first time that a week of special events signifying the inter-relationship of all the fine arts has been scheduled on a Wisconsin college campus."

REFERENDUM VOTE SCHEDULED THURSDAY

A referendum vote on fraternities and sororities will be taken by the Student Senate Thursday, at the same time as the election for Winter Carnival King.

The vote is to discover whether or not students favor establishment of fraternities and sororities on this campus. The ballot will be similar to the following:

Class: Men Woman
Fr. Soph.
Jr. Sr.
Yes No
Undecided
