MONDAY, MAY 23, 1955 WISCONSIN STATE COLLEGE RIVER FALLS, WISCONSIN VOLUME XLI NUMBER 24

9 Agricultural Students Take Next Year Positions

Nine students from the Division of Agriculture at the College have accepted positions for the coming year, Professor John May, division director, announced today.

Frank Kuznar, a native of Hawkins, will be veteran's trainer at Seneca. Eldon Skogen of Tomah will be agricultural teacher at Bruce High school.

Kuznar Skogen

Don Helberg of Spencer will also be teaching ag. He will be at the Racine County Agricultural school, Rochester, Wisconsin. Assistant county agent at Red Wing, Minnesota, will be Duane Butler of Winter.

Helberg Butler

Two graduates will enter private industry. Stanley Lehman of Mondovi has accepted a position with Midland Cooperatives of Minneapolis, and Matt Shubat of Mason a position with Northrup King Seed company of Minneapolis.

Lehman Shubat

Three grads have indicated they will take positions with the Soil Conservation Service of the U. S. Department of Agriculture. They are Konval Bergum of Wheeler, James Goettl of Ca-

Bergum Goettl
dott, and Ray Kaczmarzyk of Mosinee.

Two others—Gilbert Sykora of Bloomer and Richard Granum of Holmen—have also been offered positions with the SCS but as yet have not accepted.

Kaczmarzyk

Agric. Jobs Offer Future

Young men and women who are looking for a job with a future would be smart to consider agriculture. So says Dr. Robert A. Nichols, dean of Agriculture and home economics at New Mexico A & M college. He explains that recent surveys indicate agriculture could use about 15,000 new college graduates each year. Dr. Nichols points out that the land grant colleges are turning out about 8,500 trained persons a year at the present time—only a little more than half enough to fill the estimated demand.—St. Paul Pioneer Press.

Official Notices

The textbook library will be open beginning Thursday, May 26 through Saturday, June 4. (It will not be open Saturday, May 28.)

All students are requested to return their textbooks during this period.

BACK ISSUES

You can get back issues of the Student Voice by coming into the office and asking for them.

EXAMINATION SCHEDULE

Schedule of Classes	Examination Hour
Spring Quarter 1954-1955	
Tuesday, May 31	
First lecture on Mon. or Wed. at 8:00	8:00-10:00 a.m.
First lecture on Tues. or Thurs. at 8:00	10:00-12:00 a.m.
Biology 13, Introduction to Biology	1:00- 3:00 p.m.
First lecture on Tues. or Thurs. at 1:00	3:00- 5:00 p.m.
Horticulture 20, Horticulture	7:00- 9:00 p.m.
Wednesday, June 1	
First lecture on Mon. or Wed. at 2:00	8:00-10:00 a.m.
First lecture on Tues. or Thurs. at 2:00	10:00-12:00 a.m.
Social Science 12, 13, Contemp. Civ.	1:00- 3:00 p.m.
Social Science 198, Great Issues	1:00- 3:00 p.m.
First lecture on Mon. or Wed. at 12:00	3:00- 5:00 p.m.
First lecture on Mon. or Wed. at 3:00	7:00- 9:00 p.m.
Thursday, June 2	
English 12, 13, Communications	8:00-10:00 a.m.
English 18, Freshman English	8:00-10:00 a.m.
First lecture on Mon. or Wed. at 11:00	10:00-12:00 a.m.
First lecture on Mon. or Wed. at 10:00	1:00- 3:00 p.m.
First lecture on Tues. or Thurs. at 11:00	3:00- 5:00 p.m.
Education 113, Child Development	7:00- 9:00 p.m.
Friday, June 3	
English 53, Literature	8:00-10:00 a.m.
Engineering Drawing 11, 13, Engineering Drawing, Machine Drawing	8:00-10:00 a.m.
First lecture on Mon. or Wed. at 10:00	10:00-12:00 a.m.
First lecture on Mon. or Wed. at 1:00	1:00- 3:00 p.m.
Chemistry 13, 18, Inorganic Chemistry	3:00- 5:00 p.m.
First lecture on Tues. or Thurs. at 12:00	7:00- 9:00 p.m.
Saturday, June 4	
First lecture on Mon. or Wed. at 9:00	8:00-10:00 a.m.
First lecture on Tues. or Thurs. at 9:00	10:00-12:00 a.m.
First lecture on Tues. or Thurs. at 1:00	1:00- 3:00 p.m.

1955 Graduation Sunday, May 29; 109 Seniors Will Receive Diplomas At Outdoor Graduation Exercises

CHISHOLM TO LECTURE

On June 3, Dr. Francis Chisholm, of the English department will lecture at Wayne University, Detroit, Michigan, as a part of their lecture series. His subject will be "Maturity and Flexibility in Human Relations".

Dr. Chisholm has been invited to Eastern Illinois State College, Charleston, Ill., June 7-9 to run a workshop on "Communication in Education" for the teachers and principals of that region.

DISTRIBUTION REGULATIONS

1955 Meletean Will Be Distributed Tues., May 24

The 1955 MELETEANS will be distributed to all students on Tuesday, May 24, according to Jack Tooley, editor of the year-book. Because of the work involved in handing out more than 700 of the books, a number of regulations for their distribution have been worked out. Tooley said these must be followed if everyone is to have equal opportunity to get his or her book.

The books will be handed out on May 24 from 9 until 11, and from 1 until 4, with distribution taking place from the old Student Voice office located next to the art lab on the first floor of South Hall.

Each student will be required to pick up his or her own book. In no case will anyone be permitted to pick up a book for another person without the approval of the advisor, Mr. Paul Peterson.

Each student receiving a book will be checked off a master check list and also requested to sign a receipt for indicating he or she has received a book.

There will be no charge for the book to any person who has been in school and paid fees all three quarters of this school year. Those persons who have not been in school all three quarters will be required to pay one dollar for each quarter they have not been in school. For example, a person who has registered only for the spring term and desires a book will have to pay two dollars. There will also be no credit permitted to those who are required to pay additional money for the book.

Persons failing to receive their MELETEAN during the above hours will have another time at a later date set especially for them.

DEMAND FOR TEACHERS MORE THAN SUPPLY

According to Dr. L. G. Stone, Director of the Placement Bureau, Wisconsin State college, the gap between the supply and demand for teachers is greater than ever before although the supply of teachers has begun to increase. The demand for teachers is greatest in the areas of lower elementary, upper elementary, English, music and physical education for both men and women.

"We are unable to fill ten per cent of the calls we get", stated Dr. Stone. "Out of state calls are plentiful and actually exceed the Wisconsin calls in number of teachers wanted. For example, one western city wrote saying they needed 2,000 new teachers."

"Hiring officials almost never ask for a transcript of grades of a candidate they might be considering. They either have complete confidence in the stamp of approval a school puts on its candidates or they're more concerned with other qualifications than high grades."

(Continued on Page Four)

Graduation exercises for the 1955 Senior Class of Wisconsin State College at River Falls will be Sunday, May 29, at 2:15 p.m. Graduation for the 109 seniors will take place on the lawn in front of the North Hall.

PIANO STUDENT RECITAL MAY 31 IN LITTLE THEATRE

Piano students, of this college, under the direction of Myrna Devine, will present a recital on May 31, at 8 p.m. in the Little Theatre.

On June 1, the campus school piano students will present a recital at 7:30 p.m. in the Little Theatre.

The address will be given by the Rev. Reuben K. Youngdahl. Pastor Youngdahl is a world traveler and he was recently chosen as one of Minnesota's 100 great men. Rev. Youngdahl is the pastor of Mt. Olivet Lutheran Church in Minneapolis.

President Kleinpell will present the Seniors with their diplomas and H. T. Hagestad, a member of the board of Regents, will confer the degrees.

The Rev. John E. Fritzmeier, of the First Congregational Church of River Falls, will give the Invocation and the Benediction, with the State College band providing the music. They will play, Edward Greif's "Triumphal March from 'Sigurd Jorsalfar'", for the processional: During the Exercises they will play the "Homage March" by Richard Wagner and the College Pledge song. They will also play for the Recessional.

Mr. Setterquist, Senior Class advisor, will serve as Marshall and will lead the Academic procession which includes visiting Emeriti and their escorts.

This will bring to a close the activities planned for the Seniors during Commencement Week, which is now in session. Don't forget to follow the day-to-day activities and remember to "honor all Seniors."

The senior-alumni sponsored banquet will be May 28, 1955 at 6:30 p.m. in the South Hall gymnasium.

The purpose of the banquet is to honor graduating seniors.

It is planned to have an alumnus accompany each senior at the banquet.

There will be a reception for all alumni, preceding the banquet. (Continued on Page Four)

A Little Bit Light . . . DID YOU EVER ATTEND COLLEGE?

Yes.
Did you matriculate?
No, I chewed and smoked a little, but maybe some of the other boys matriculated.

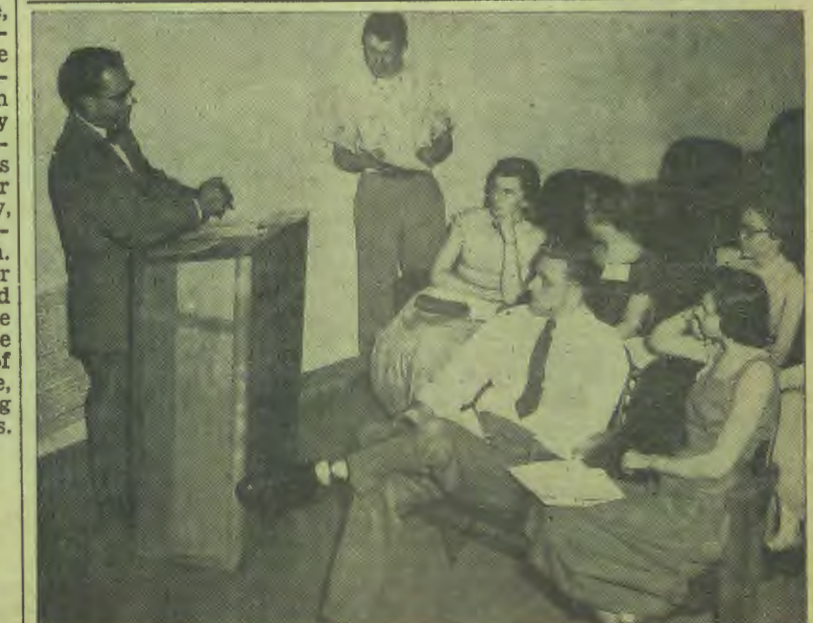

VETERANS WILL HOLD PARTY AT BELMONT CLUB MAY 25

Campus veterans will be attending the annual veterans club party at the Belmont Club, May 25th, in St. Paul.

All veterans and their families and friends are invited to attend.

Steaks and chicken will be on the menu. Dancing and entertainment will also be offered.

It's not too late to contact Bill Shay for reservations.

DEWAYNE MEYER, junior class president, leads a session during the recent Leadership Clinic.

The Editor Speaks !!!

VETERANS . . . THEY APPRECIATE

On the 20th of every month veterans run to their mailboxes to get their monthly allotment checks. The checks are bonus-gratis from the United States Government.

We feel that some praise should be given our government so we are highly recommending a slap on the back for the old "uncle". We would also like to say that most veterans feel that the money they receive isn't something that they "have got coming to them". No, the money is extra pay—for a job well done. The country would have been in tough shape if the men would have gone on strike for a guaranteed extra pay boost (in the form of educational benefits) before they would fight for their own liberty. We think the vets on the River Falls campus sincerely appreciate the monthly "green-slip" on the 20th.

DON'T WANT ADVISOR . . .

Recently we heard that there was the possibility of having a faculty advisor for the Student Senate. Whether or not this is a rumor is a big question. However, even if it is we think that such a policy (even the discussion of it) would be sheer nonsense. It would be like a mother going along with her daughter on the girl's first date, to see that she wouldn't get into trouble. Please kill the rumor, it would be bad publicity for the students of this campus if anyone thought that an advisor to a STUDENT SENATE was necessary.

WHY NOT ENJOY NATURE

This summer when you have a little free time, why not go into the woods or to a lake for the week-end. Tired college minds (if there are any) need a little of the "Walden" type of relaxation to slow down smoke producing machinery in the cranium.

HAVE TRIED . . .

Those on the Student Voice staff have tried to serve the students of Wisconsin State College at River Falls this year. Whether or not we have done, what one would call a "good job", is not important. We have tried to produce as mechanically errorless editions as possible, under the set-up for newspaper production at hand. A life-guard may not reach the body of a drowning victim, in time, but under no circumstances would every fail to do his best. That is what we have tried to do. We are amateurs—not professionals.

"The college will little note nor long remember" what the Student Voice staff has tried to do. However, we hope that we were able to act as the causative of many controversial issue. We have never claimed to be right, but we have always had an opinion, which we have tried to express in print as best we could.

WE WHINCE . . .

When you flash your straight A average around we will whince a little at the written proof you have to signify your achievement, while we with our marks low enough on the wall chart so the instructor does not have to stand on his tip toes to see them, shrink back into the corner on honor's day when academic rankers are front paged.

CENTRALIZE NEXT YEAR . . .

We would like to see some form of centralization on campus next year. We suggest having the Student Voice office used as a traffic-manager office where students and faculty could leave messages for others and deposit information to be published in the paper. We would like to see the decaying mailboxes in North Hall transplanted near the Voice office.

The Student Voice office could be a general information center which would be (and is) open all hours of the day. It never closes for coffee breaks or meals. It also is open, and usually well-populated during the evening hours. We suggest that general information cards on student classes be kept in this office also, for any student to use.

IF A MAN SMASHED A CLOCK, could he be accused of killing time?
 No, not if he could prove that the clock struck first.

GRATITUDE . . .
 Did you save my little boy from drowning?
 Yes.
 Well, where's his cap?
A WOMAN went to the bank and asked for a new check book: I've lost the one you gave me yesterday, but it doesn't matter. I took the precaution of signing all the checks as soon as I got it, so, of course, it won't be any use to anyone else.

DURING THE DEPRESSION they changed the sign: Keep off the gras to "Don't eat the grass".

LITTLE MAN ON CAMPUS

by Dick Bibler

"Somebody has been noising it around that I'm going steady with Carl—This makes the third frat pin I've had to give back this week."

WHAT WILL I DO

Foreign Students Disclose Summer "Vacation" Plans

by Arlen Albrecht

The things that is foremost in the minds of everyone right now (outside of final exams), are the plans for the summer. The foreign students on campus are no exception, they too have these thoughts. In fact, most of them have begun planning for next year's school term already.

Regardless of what they have planned to do they all seem to have the same objective in mind: to meet people and learn more about how we live and how we do things.

CELIA QUIROZ, sophomore from Mexico, plans to work this summer, because she thinks it is very important for her to learn more about the American people, outside of school. Celia plans to teach kindergarten in the United States when she finishes school which will necessitate her being well acquainted with Americans.

Celia has a job at the Minnehkadda Country Club on Calhoun beach in Minneapolis. She worked at the Edina Country Club in Minneapolis, last summer.

Celia plans to come back to school at River Falls, next fall to continue in the kindergarten-primary curriculum. During the Winter Term Celia plans to return to her home in Mexico for a visit, but she will return to River Falls for the Spring term.

ATTENTION

Members, River Falls Junior Affiliate National Council of Teachers of English.

Too many events are happening this spring for us to sandwich in a meeting before the end of the term. Hence this brief note to wish you a pleasant vacation and to look ahead to next year.

We will try to call a meeting early in the fall to plan the year's activities. This year we established our position as the first Junior Affiliate in the entire country. We should consider sending a delegate to the national convention in New York next November; we should also consider a program of meetings for next year.

We will need to recruit a few new members in the fall in order to keep our members up to 25, as required for a National Council Affiliate.

If you are changing your school address next year, notify the National Council (at 704 South 6th Street, Champaign, Ill.) of your new address, in order to prevent delays in delivery of the magazine.

Graduating seniors should notify the Council of their fall addresses as soon as their plans are definite.

Happy vacation.

F. P. Chisholm and the Executive Committee

KINANA ABDULHADI has made plans for a trip also, he is traveling to New York with his brother, who is graduating from Eau Claire State College this year, with a B. S. degree in political science.

Kinana's brother is going back to their home in Jordan, while Kinana will return to River Falls next year. Kinana is a sophomore and an agriculture major. He attended Grinnell College in Iowa last year and worked on the campus there during the summer.

When **MANUCH BARBOD** was asked whether he intended to go to school or work this summer, he said he planned to work, because he considers working a very important part of his education. Manuch spent last summer working in the Twin Cities and he will be working there again this summer, although he hasn't decided what kind of a job he wants yet.

Manuch, who is a sophomore from Teheran, Iran, is enrolled in a pre-dentistry course and in order to continue in the dentistry field he will have to transfer to a different school. Manuch has not decided on a particular school as yet, but he is considering Marquette University in Milwaukee.

EDET NSIKAK said his tentative plans for the summer include going to summer school at River Falls, which will be quite a change from the way he spent last summer. Edet was in school last summer, but he was in charge of the school, rather than being a pupil in it.

Edet was in charge of a junior high school in Nigeria, Africa before he came to the United States to study History, Political Science and Social Science fields. Edet will continue at River Falls next year in the same courses of study.

ABDOLRAHMAN HOOSHIAR came to River Falls at the beginning of the Spring term. He plans to stay here, and later,

PROCLAMATION

Be it now proclaimed that each and every student with creative feeling in his heart be given this fine and noble opportunity to so express himself. This proclamation is stimulated by the most unorthodox placement of furnishings in our student activities center, by student interior decorators. Be it also proclaimed that the best student plan, for use of the furnishings, will be used in the future. Also be it proclaimed, if students do not wish to have their ability in furniture arrangement known, PLEASE leave the furniture in its lawful, dignified, and original place.

transfer to a university. Hooshar is from Iran, and is studying to become an electrical engineer.

Abdolrahman will attend the summer session at River Falls, enrolling mainly in English courses, which is just about the same thing he was doing last summer, except it was in a high school in Iran then.

LUIS ENJUTO, freshman from Spain, will be doing the same thing he was doing last summer, which was going to school.

Luis will attend the summer session here; and he intends to be here for the Fall Quarter, also.

Luis, who has spent two years in the Spanish Navy, is very fond of traveling, that is one of the reasons why he decided to come to the United States to attend school. He is a Social Science major. Luis wants to get a job that entails a lot of traveling when he finishes school.

PERRY BOHLOOL is another person who likes to travel a lot. He spent last summer traveling in Europe, visiting England, France, Italy, Netherlands and Spain.

Perry hasn't made any definite plans for the coming summer, he would like to get a job or take a trip somewhere in the United States or Canada.

Bohlool intends to become a civil engineer. He will continue school at River Falls next year, as a sophomore.

TEYMOOR GEDAYLOO is looking forward with interest to his job in the chemistry laboratory at Minnesota Mining Company this summer. He spent last summer working at Anchor Hospital in St. Paul. Teymoor likes very much to work with Americans and get acquainted with them.

Teymoor won't be returning to school at River Falls next year. He is going to study dentistry at a University, although he hasn't decided where it will be as of yet.

REZA NAZEMI, a freshman from Iran, is studying to become a civil engineer. Reza's main interest lies in the field of irrigation.

Reza has decided to get a job this summer, but he hasn't decided where it will be or what he would like to do. Reza is also undecided on whether he will be at River Falls again next year, or not.

HIKARU MIKAMI, who is from Japan, plans to spend a portion of the coming summer, getting acquainted with some of the teachers that enroll in the summer session here. He also wants to learn more about the American education system from them.

Hikaru is a Junior now. He will go back to Japan to teach on the elementary level, after he finishes school in the United States. He will go to school at River Falls again next year.

HAMID KHARRAZI is something of a philosopher, judging from his remarks. When asked if he liked going to school here he replied, "The climate is cool, but the people are warm."

Hamid is a sophomore from Iran, enrolled in pre-engineering. He intends to work for an Allis Chalmers farm machinery dealer this summer. This type of work will provide some very good practical experience, because Hamid intends to become an agricultural engineer.

Hamid's plans for his education include one more year at River Falls after which he will transfer to Michigan State College.

JAMSHID SOVLATI, freshman from Iran, will probably be the busiest of all the foreign students this summer. He will work and go to school at the same time. Jamshid has a job in River Falls and also plans to attend the summer sessions at college, where he will continue work in the pre-medical curriculum. He will also attend River Falls next year.

Jamshid likes to work, mainly, to have some way to pass away time. He thinks that working is a very good way to get acquainted with the American way of life.

It is a very interesting and pleasant experience having foreign students going to school at River Falls, they are a wonderful group of people and I'm sure if there was more of this intermingling of people from the different countries of the world, there would be a lot less misunderstanding in the world today.

AMONG THOSE ATTENDING the recent Junior Prom were Dewayne Meyer, left, junior class president; Cathy Miller; Jim Tilly, senior class president; and Donna Sammons, alumnus.

Dump Stout Bluedevils 6-1 Last Wednesday On Falcon Diamond

T. A. Benson

Scoring single runs in the second, third, fourth, fifth, and a pair in the seventh the Falcons coasted to a 6-1 victory over Stout, Wednesday. Sophomore Dick Fischer threw a masterful three hitter as he gave up but one unearned run. Finally in the ninth Coach Solley gave Fischer a well deserved rest and Paul Johnson finished up.

Stout opened the scoring in the second on a walk, three errors and no hits good for a run. Luebker tied the game in the bottom of the second with a long home run to the left center field fence. In the third Dave Fisher singled and scored on a single by "Cabby" Wild. Luebker scored in the fourth after singling and Dick Fischer helped his own cause by scoring in the fifth.

The final two Falcon runs came in the seventh on two hits and three Stout errors. John Steffen singled, stole second, went to third on Romoser's throwing error and came home as the center fielder bobbled the ball for the second error on the play. Then Wild struck out and took first on a wild pitch, stole second and went to third on another error of Romoser's. After that Hoffman and Luebker walked, Wild was out on a fielder's choice and Hoffman scored on a wild pitch.

Finally in the ninth Paul Johnson came in to retire the final three batters. Gerald "Louie" Johnson was scheduled to pitch broke a knuckle on his throwing hand against St. Cloud a week ago.

Lose Doubleheader To Winona, 4-2, 4-0

Saturday was a bad day for the Falcons as they dropped a doubleheader to Winona by 4-2 and 4-0. In the seven inning opener Dick Fischer gave up only four hits but four unearned runs brought de feat. Then in the second game Fischer came in to relieve starter Paul Johnson with one out in the third and the bases full. He retired the side after three runs were scored and held the visitors scoreless from there out. So in the last 18 2/3 innings Fischer has given up no earned runs.

In the first game Coach Solley juggled his lineup and used John Steffen at shortstop, Clarence Wild at second, Bud Peterson in left, and Bob Hubert in right. Winona opened the scoring in the first as Sendelbach got on when Hoffman errored and scored with one away when Grebin tripled to right center and was out trying to stretch it into a homerun as Wild handled the relay beautifully.

The Falcons finally tied the game up in the fourth on no hits and two errors on Sendelbach of Winona. Luebker got a lifer on the first error, was sacrificed to second, and scored on the second error.

In the bottom of the fifth Winona went ahead, only to be tied in the top of the sixth. Davies lined one to left that Pederson dropped for a two base error and scored on McGrath's

single with two away. Then in the sixth Wild singled, stole second, and scored on an error. In this inning both Luebker and Hoffman lined tremendous drives to left only to be caught. Both were close to 400 feet, but not long enough for the way distant left field fence.

The game was decided in the seventh as Fischer gave up a double and a triple combined with two errors. It was a heart-breaker to lose but a dandy to win.

In the second game the Falcons came up against the best pitcher they faced all year. Winona's Paul pitched a terrific game. Through the first five innings he gave up no hits and then finally one in the sixth. In the seventh two infield hits almost cost his a run. Winona opened the scoring in the second as Johnson walked two men. The run coming as Jaszewski scored on a double steal. Then in the third the visitors scored their final three runs. Johnson walked three and got one out before being lifted for Fischer. Then Davies hit and Wild's error on the play accounted for three runs.

Paul Johnson just didn't have it in the second game. The big left hander, who can be awful tough, walked seven in his 2 1/3 innings.

The Falls garnered three hits and the Winonians but two. However, the visitors made use of every advantage.

Post-Mortem On Sports . . .

by Bill Brandt

For the first time in many years River Falls State College has a good track team, not a great one, but a very good one. Under the guidance of coach Fran Polsfoot the cindermen have copped two seconds and one third in three meets this year.

The Falcon track team, while short on man-power, (only 16 athletes) was never short on spirit. They opened their season at La Crosse on April 30 and were not expected to garner more than six points according to the experts. Instead the Falcons came home with 28 points, third place and with per-

haps the best sprinter in the history of the college in freshman, Roger Huser. Huser won the 100, the 220 and anchored the winning Falcon relay team.

The following week, May 7, the Falcons traveled to Winona to compete in a quadrangular meet against St. Cloud, Winona and Eau Claire. This, said the experts, was going just a little too far. River Falls was definitely stepping out of their class. (St. Cloud has an enrollment of 1800, Winona 1500 and Eau Claire 1000) The experts generously conceded River Falls 30 points, (Continued on Page Four)

SET NEW RECORD . . .

R F Falcon Trackmen Take Third Place At State Meet

by Bill Brandt

Last Saturday afternoon the Falcon trackmen traveled to Milwaukee where they competed in the Wisconsin State College Track Meet. The Falcons scored 30 points, breaking the old school record of 10 points for this meet.

River Falls just did not have the manpower to cope with Milwaukee and La Crosse. As it was they pushed the big boys to the limit.

Rog Huser won the 220 state championship, ran third in the 100 and anchored the second place relay team.

Bill Brandt took a second in the shot put; Phil Kuss a third in the 880 and a fifth in the two mile.

The relay team, composed of Huser, Bob Wood, Jim Finstad and Wayne Haushalter finished second, behind Milwaukee.

Bob Wood's disqualification in the 100 hurt River Falls as did the fact that every time a Falcon turned in a top effort a record would be broken in that event. Time and distances which ordinarily would have been good for first place in most meets did not have a chance as five meet-records fell.

Falcon Fanfare

by Shirley Neuner

Probably the fastest man on the River Falls State college campus is Roger Huser, Coach Fran Polsfoot's star track man, who runs the 100 yard dash in 10:3. Rog has taken firsts in both the 100 and the 220 in the meet at

Huser

LaCrosse and in the Bi-State meet. He also serves as anchor man on the half-mile relay team.

The six foot, 185 pound star is a freshman from New Richmond where he participated in high school track. Enrolled in pre-professional, Rog plans to go into veterinary work.

At the Bi-State meet, May 14, Rog broke the Bi-State track record for the 220 yard dash, setting a new mark of 22.6 seconds. He also took first in the 100, breaking his own record for previous meets with a new time of 10.1.

THE FALCON BASEBALL TEAM that started the 1955 season—front row, left to right: Glenn Hansen, Dick Fischer, Bob Hubert, Dick Hoffman, Gene Luebker, Troy Rudesill, Roger Lang, Ralph Olson. Row 2: Student Manager G. Jensen, John Steffen, Ed Ferber, Vern Steinmetz, Paul Johnson, Dick Dodge, Wayne Stoflet, Bob Seltrecht, Louie Johnson, Paul Schuman, Bob Rutherford, Coach Bill Solley.

Why do more college men and women smoke VICEROYS than any other filter cigarette?

BECAUSE ONLY VICEROY GIVES YOU A PURE, NON-MINERAL, NON-TOXIC FILTER WITH 20,000 FILTER TRAPS IN EVERY FILTER TIP!

1. Yes, only Viceroy has this filter composed of 20,000 tiny filter traps. You cannot obtain the same filtering action in *any other cigarette*.
2. Besides being non-mineral and non-toxic, this cellulose-acetate filter never shreds or crumbles.
3. The Viceroy filter wasn't just whipped up and rushed to market to meet the new and skyrocketing demand for filtered cigarettes. Viceroy pioneered. Started research *more than 20 years ago* to create the *pure* and perfect filter.
4. Smokers en masse report that filtered Viceroy's have a finer flavor even than cigarettes without filters. Rich, satisfying, yet pleasantly mild.
5. Viceroy draws so easily that you wouldn't know, without looking, that it even had a filter tip . . . and Viceroy's cost only a penny or two more than cigarettes without filters!

That's why more college men and women smoke VICEROYS than any other filter cigarette . . . that's why VICEROY is the largest-selling filter cigarette in the world!

20,000 TINY FILTER TRAPS . . . plus Richer, Smoother Flavor

Music Notes

by Glenn Gill
Had Operetta

The operetta was the thing when Miss Vera Moss of the college English department worked with the music department in the campus school. Miss Moss was director of the junior high chorus until the mid-forties when the campus school music program was directed by Mr. Rozehnal. In 1933 "Paint and Patches", a musical comedy, was put on by the junior high group. In 1938 it was "The Band Wagon". "The Freshies", a musical comedy about college freshmen was the production of another year.

In the years before the war, Miss Moss and Mr. Rozehnal worked together on these productions giving one or more each year. In 1938 a summer session course in operetta production was offered. The class, instructed by Miss Moss and Mr. Rozehnal, supervised by a Jr. High School group in the writing, costuming, and production of an operetta using Steven Foster music.

Wanted: Some strong young ladies to tote the bass horns in next year's marching band. Sally Malone, Joan Engebretson, and Jeannine Davison organizers of the new band unit for next fall quarter, report a shortage of bass

horn and cornet players among the musicians of the fair sex. Any of you girls with lots of vim and vinegar and a taste for adventuresome experience might qualify as a sousaphoneist so if you have the least bit of interest see Sally, Joan, or Jeannine pronto.

RETURN VISUAL AIDS EQUIPMENT

President Kleinpell has requested that all Visual Aids equipment, including that owned by departments, be turned in for inventory, inspection, and repair during the summer months.

If you have equipment that you will not be using for the remainder of the present quarter, you may begin sending it into Room 45, Library, on Monday morning. It will be checked in and tagged with your name and department for return in the Fall.

During the Summer Session, the present projection rooms will remain intact, and a full set of equipment will be available for withdrawal from the Visual Aids room.

DUBBE ACCEPTS SUMMER POSITION

Miss Ann Dubbe, Associate Professor in elementary education here has accepted a Summer Session position at Western Reserve University, Cleveland, Ohio as an Associate Professor in the department of Education. She will teach Reading during the Summer Session beginning June 20 and ending July 29.

HENRY ELZINGA is caught by the camera during a rehearsal for the recent band concert. Henry played a piano solo, accompanied by the band.

Miss Dubbe served as a consultant during the University of Minnesota Reading Clinic-Conference in July 1954. She also taught at Marshall College, Huntington, West Virginia in the 1953 Summer Session and in Kent State University, Kent, Ohio, during the 1952 Summer Session. Miss Dubbe regularly teaches the Reading classes at River Falls College and supervises Student teaching in Lower elementary education.

Commencement Calendar

The Commencement Committee has been meeting and working on the Program since January. It is composed of fifteen students and faculty, including all groups with any type of responsibility involved. Here is the program.

COMMENCEMENT WEEK, 1955

- Monday, May 23rd ----- Traditions Day
All Day ----- Campus Wide
The Sophomore Class, Don Laue, Chairman
- Tuesday, May 24th ----- Senior Socials
4:00 p.m. "Smoker" ----- Student Activity Center
Senior Men are Guests of Faculty Men, John Mosher, Chairman.
4:00 p.m. "Tea" ----- S. H. Social Room
Senior Women are Guests of Faculty Women, Betty Harris, Chairman.
- Wednesday, May 25th ----- A.W.S. Breakfast
8:00 a.m. Senior Women are Guests of A.W.S., Pat Tobin, Chairman.
Breakfast ----- Hathorn Lounge
- Thursday, May 26th ----- Honors Day
2:00 p.m. All Students Assembly for Awards, N. H. Aud.
Wisconsin State College, B. J. Rozehnal, Chairman.
- Friday, May 27th ----- All Seniors-Faculty Evening
7:00 p.m. "The Year in Retrospect"-----Little Theatre, Chalmer Davee Lib. Produced by Freshman Class, Eleanor Malmo, Chairman.
8:00 p.m. Reception ----- Entrance Foyer, Chalmer Davee Lib. Hathorn.
Receiving. President and Mrs. E. H. Kleinpell
Dean and Mrs. B. J. Rozehnal
Dean Emeriti Irma Hathorn
Senior Advisors: Mr. and Mrs. Theo. Setterquist, Mr. and Mrs. B. H. Kettelkamp. (All Faculty are especially invited to attend). Mildred B. Sayre, Chairman.
- Saturday, May 28th ----- Senior-Alumni Banquet
6:30 p.m. ----- S. H. Gymnasium
Guest Speaker: Mr. Bosco Farrell, Supt., Red Wing School for Boys.
Induction of Seniors into Alumni Association, Dave Benson, Chairman.
- Sunday, May 29th ----- COMMENCEMENT
2:15 p.m. Commencement Exercises ----- N. H. Lawn
(In case of inclement weather, N. H. Auditorium)
Speaker: The Reverend Reuben K. Youngdahl
("Pathways to Peace" WCCO-TV)

HOW TO MAKE MONEY

I'm a college graduate and I'd like to know what I should do to make my living in this world. Just marry the first girl you find that has a steady job.

POST-MORTEM—
(Continued from Page 3)

mainly on their previous week's showing.

Once again the Falcons surprised everyone. Huser again won the 100 and 220. Bob Wood came through with a second in the 100, a fourth in the pole vault.

Dick Zamjahn tied for first in the pole vault, took second in the low hurdles, fourth in the highs and fourth in the broad jump. Joe Dahlby copped a third in the mile with Doug Hedlund coming in fifth. Bill Brandt and Bob Koplín placed second and fourth in the shot put with Brandt also getting third in the discus.

In the half-mile it was Phil Kuss in front by 20 yards. Dahlby and Hedlund duplicated their mile feat in the two-mile. The relay team of Kuss, Finstad, Haushalter and Mountain took first on the strength of a driving finish by Kuss to nip St. Cloud at the tape after Kuss had started at least ten yards behind the St. Cloud man. The final point tally showed St. Cloud first with 90 points, River Falls in second with 71 points, Winona third with 15 points and Eau Claire last with 4 points.

Saturday, May 14, the Falcons traveled to Mankato for the Bi-State Conference meet. This was to be Mankato's 18th meet of the year and the 11th one for St. Cloud. It was here that the Falcons stamped themselves as an up and coming track power. Roger Huser wrote his name in the record books by winning the 220 in 22.6, smashing the old Bi-State record completely. He also won the 100 to remain unbeaten in six straight races. Joe Dahlby ran his best mile of the year to win going away. Joe outran both men

who had beaten him the week before. He also finished third in the two-mile behind teammate Phil Kuss.

Kuss lost a close race in the 880 taking second to Mankato's King. Brandt and Koplín finished third and fifth in the shot put and Luhman was third in the discus. Wayne ukow placed fifth in the high hurdles and Zamjahn took fourth in the low. The Falcons relay team finished second. Doug Hedlund also copped a fifth in the mile.

At the end of the meet River Falls was in second place behind a more experienced Mankato. St. Cloud was third, Winona fourth and Eau Claire last.

River Falls has been awarded the Bi-State Conference track meet in 1956. The meet will be held at Ramer Field. At present the date has not been set.

DEMAND FOR TEACHERS— (Continued from page one)

"One might suspect that practices might have become unethical between schools as the supply of teachers becomes shorter, but there has been close adherence to a high code of ethics between administrators. They have gone in for more "salesmanship tactics such as putting out descriptive literature that glamorizes their town and school, and supplementing salaries by paying the teacher's share of the retirement fee and health insurance."

Dr. Stone further stated, "School administrators and hiring officials seem to be increasingly more impressed with the philosophy, professional attitudes and poise of our graduates. We hope that this is due to such things as the improved professional sequences which include a full year of student teaching."

When asked about salaries, he replied, "During the last ten years salaries have been going up on the average of one hundred dollars a year. Last year the median salary River Falls degree graduates in elementary education received was \$3500 and the median for secondary education graduates was \$3400.

"Most students in elementary education don't seem to be in a hurry to sign contracts as it is not unusual for a prospective teacher to interview four or five principals and receive offers from each one. Former graduates are making use of the Placement Bureau in an ever increasing degree. It appears that in many cases teachers can get salary promotion faster by changing positions than by remaining in the same system over a period of years."
